Mr. Bertram Currie of the British delegation objected to the re-assembling of the conference on the ground that as three previous monetary conferences had failed there was little prospect of the present one being a success.

Sir C. Rivers-Wilson of the British delegation concurred in the opinion of Mr. Currie.

Senator Allison said that it was understood that the governments of all the nations concerned should reserve to themselves absolute independence in their respective monetary policies during the recess, that nobody was bound to do anything and all might employ the time as they thought proper.

M. Direnzi's proposal was adopted and the conference adjourned.

STATE OF THE COUNTRY.

THE *Globe* with an enterprise peculiar to itself, has two correspondents in the field, literally—among the the farmers—gathering expressions of popular opinion as to the state of the country. In order to strike the happy middle way and to reduce the effects of prejudice in relating their story, the two correspondents are respectively Liberal and Conservative, so that the result arrived at by a fair fusion of their two letters may be expected to be as honest a record of the public opinion dealt with as it is possible to secure. These correspondents, Mr. J. E. Atkinson, Liberal, and Mr. H. K. Cockin have been sending letters from North Western Ontario. Now they have reached nearer home, and in Saturday's issue they have letters from Millbrook dealing with the sentiment in Manvers and Cavan. The letters show that there is a decided feeling in these Conservative townships that there is a lack of prosperity that is depressing — the strictest economy is necessary to make ends meet. The N. P. has apparently lost its power to charm. A sentence in the letter of Mr. Cockin, the Conservative correspondent, reads :

> The universal opinion indicates pretty clearly that the N. P. as it stands is doomed, so far as the votes of the farmers in the townships of Cavan and Manvers have power to effect the change. Not that absolute free trade is in favour, but rather a solid reduction of the N. P. is what is demanded.

Coming from such a source this is very strong language. The Conservative correspondent concludes his letter thus :

> All things considered, the result of my enquiries here shows pretty plainly that this neighborhood, while not progressing as rapidly as it might do under more favourable trade conditions, is still advancing; and its people, Conservatives and Liberals alike, look forward with expectancy to the Cleveland party, who, they hope, will rapidly clear away the barriers built by McKinley a couple of years ago.

The Liberal writer says that he did not expect to find in the ultra-loyal and strongly Conservative townships of Manvers and Cavan as strong a condemnation of the National Policy as in more Liberal parts of the Province ; yet, he says :

> But I can say that I have found more than I expected of discontent and desire for change. I have interviewed only one Liberal farmer yet, and, without exception, all with whom I have talked speak in the same tenor. The national policy has run long enough; the tariff must be abolished or reduced. They have believed in giving our manufacturers a period of protection, but the time has arrived when the interests of the farmers should be regarded.

To show the feeling of discontent with existing conditions, here is another extract :

> Only the other day one of the extremest Conservatives in the county, who is in a state of nervous excitement at every every election, and who is a substantial farmer, had told him that there must be a change, and that he would vote Grit or anything but farmers could not get on like this. There are a great many more tenant farmers hereabouts, he said, than there used to be. Every man on the fifth concession from here to the quarter line owned his farm, he said, when he was a boy, now there were only two owners.

A careful reading of these two letters, written from opposite political points of view, shows pretty conclusively that there is deep discontent, even amongst the most decided Conservatives, with the N.P.—that tariff reform has become a live issue that politicians cannot ignore. Here is the concluding paragraph of the Liberal correspondent's letter :

> A young farmer who is one of a family of seven voters, is the last witness whose evidence I will give. He lived in Victoria county until recently, and is now in Cavan. "There are seven of us," he said, "and when we go out we give the Conservatives a lift, but I am thinking we will have to vote the other way. And that seems the feeling all over the county."

The *Globe's* idea of its cross-complexion correspondents hunting in couples is a happy one and deserves the national gratitude. By this means a far fairer idea of the state of public opinion can be gathered than in an election contest. The people will tell the correspondents their opinions on the subject dealt with, while the story of the ballot box is subject to the gloss which Government "influence" is certain to give.

Rev. Sylvanus Lane,

Of the Cincinnati M. E. Conference, makes a good point when he says: "We have for years used Hood's Sarsaparilla in our family of five, and find it fully equal to all that is claimed for it. Some people are greatly prejuiced against patent medicines, but how the patent can hurt a medicine and not a machine is a mystery of mysteries to me."

THE BIGGEST DAY IN 7 YEARS!

Saturday, December 3rd was the biggest day MR. J. J. SHEEHY has had in seven years. Why is this? Surely not because there is less competition. Certainly not because inducements are not being held out by others. Most assuredly not because prices of farm products are showing an upward tendency. Then why??

Simply because the purchasing public of the town and surrounding country have read Mr. Sheehy's advertisements, have inwardly digested them and have concluded that cheap sale or no cheap sale Mr. Sheehy is bound not to be undersold.

We want every day in December to be a big day. How are we to accomplish this? Simply by offering to the public better value for the money than can be had elsewhere. Just cast your eye over the following quotations :—

All Wool Flannels, 26 in. wide, - -	17½	Good Linen Towels each - - -	5¼
9 lb. Wool Blankets, - - - - -	$3.75	Grey Wool Blankets, - - -	31c. a lb.
14 yds. Heavy Grey Canton Flannel,	$1.00	25 yards Factory Cotton, - -	$1.00

These few quotations will probably give an idea of what we are doing and a glance at our BARGAIN TABLE in the centre of our store will convince the most skeptical that when it comes to general bargains we certainly are very decidedly "in it."

Best Cure For

All disorders of the Throat and Lungs is *Ayer's Cherry Pectoral*. It has no equal as a cough-cure.

Bronchitis

"When I was a boy, I had a bronchial trouble of such a persistent and stubborn character, that the doctor pronounced it incurable with ordinary remedies, but recommended me to try Ayer's Cherry Pectoral. I did so, and one bottle cured me. For the last fifteen years, I have used this preparation with good effect whenever I take a bad cold, and I know of numbers of people who keep it in the house all the time, not considering it safe to be without it."—J. C. Woodson, P.M., Forest Hill, W. Va.

Cough

"For more than twenty-five years, I was a sufferer from lung trouble, attended with coughing so severe at times as to cause hemorrhage, the paroxysms frequently lasting three or four hours. I was induced to try Ayer's Cherry Pectoral, and after taking four bottles, was thoroughly cured."—Franz Hoffman, Clay Centre, Kans.

La Grippe

"Last spring I was taken down with la grippe. At times I was completely prostrated, and so difficult was my breathing that my breast seemed as if confined in an iron cage. I procured a bottle of Ayer's Cherry Pectoral, and no sooner had I began taking it than relief followed. I could not believe that the effect would be so rapid and the cure so complete."—W. H. Williams, Cook City, S. Dak.

CONTINENTAL UNION.

To the Editor of the Examiner:

SIR,—In the *Weekly Review* I notice an article under the above heading, commenting upon the formation of a Continental Union Association with Prof. Goldwin Smith as honorary president. The *Review* remarks that this is a step in advance; a statement I can heartily endorse when we consider that, the press, which but a few months ago treated the Continental Union movement with silent contempt, is now no longer able to treat with indifference a movement supported by representative conventions of the people and by men of such undoubted ability as Prof. Goldwin Smith. An agitation so deeply rooted demands our consideration and compels the attention of the press.

The condition, to-day, of the Canadian farmer calls for a change. By the Commercial Union agitation of a few years ago he signified his desire for a change; but allowed himself to be deluded by the sophisms of protectionists urged on by combines. Had Commercial Union been secured, Continental Union would not now be talked of. But the present policy of protection and separation from our nearest neighbours, to whom we are all bound by ties of affinity and nature, has brought the country to such a pass that the agricultural classes are unanimous in declaring that some change is necessary. The fair promise that our products would receive preferential treatment in British markets has proved a painful delusion. The scheduling of Canadian cattle plainly indicates Britain's attitude towards Canada. The only way out of our present difficulty is by a union of those two parts of the American continent which Nature never intended should be separated. Continental union offers many advantages. It opens up the natural avenues of trade by securing commercial union. It would form the keystone in the arch of commercial union. For by preventing change in the trade and other relations of the two countries it would strengththen the inducements to American capitalists for investing in Canada. Capital is like a bird; it requires a safe resting place. So that even under Commercial Union, American capitalists hesitate to invest in Canada, lest some possible change of tariff might alter their prospects. But with the removal of the political boundary would follow an influx of capital which would not only open up our vast mineral resources, but would also as a natural consequence, stud our fair Dominion with cities of commerce and manufactures. Notwithstanding the loyalty cry, it is quite evident that the Canadian farmer is tired playing into the hands of combines. Experience has taught him that he cannot subsist on loyalty, unless it is backed up by something more substantial than mere sentiment. His discontent is shown on such occasions as the late Reform Convention of Norfolk, which declared in favour of Continental Union, to be secured by the consent of Great Britain. John Bright, a beloved and trusted adviser of the Queen, entertained the hope that one day there might be a re-union of the English speaking race of North America. Yet, for a Canadian to express such a wish is called treason, Canadians would be more loyal to British connection than the English themselves are. Such loyalty is a fraud when it does not consider the prosperity of our country and the comfort and happiness of our homes and families. Those men were truly loyal to Scotland who advocated a union with England; for that event marked the beginning of Scotland's prosperity. Unreasonable and disloyal as was the loyalty cry of the Scots; still more unreasonable and disloyal is the cry of the Separatist press in Canada today. For while the Scotch and English were two distinct nationalities, the Americans and Canadians are the one people separated by the fortune of war. Geography teaches us that North America is one country. History teaches us that it is inhabited by one race. And we are glad to see that the Canadian farmer has been awakened to the fact that it is about time to be loyal to his own interests. Low prices are a more powerful persuasive than the silver-tongued orator's most elaborate disquisitions on loyalty to our connection with a people on the other side of the world. For this reason an opinion more widespread than is generally supposed in favour of political union is gradually gaining ground among the agricultural classes. And against such an opinion the loyalty cry can no longer have much effect, unless some substantial reasons are given for opposing a movement destined to be the dawn of Canada's national and commercial greatness.

Yours, etc.,
FARMER.

THE CONVENTION CLOSED.

Officers Elected for the Coming Year—Addresses by Inspector Brown.

At the Saturday morning session of the Teachers' Institute the committee on union of associations and nominations to office reported recommending the following officers be elected for the town and county conventions for the following year.

OFFICERS OF COUNTY CONVENTION.

President—Mr. C. N. Callendar.
1st Vice-President—Mr. Dean.
2nd Vice-President—Miss Marty.
Sec.-Treas—Mr. A. Blanchard.
Committee—Misses Scott and Duff, and Messrs Frick, Ward, J. C. Smyth, O'Brien and Davidson.

OFFICERS FOR THE TOWN CONVENTION.

President—W. Smith.
1st Vice-President—Miss D Hall.
2nd Vice-President—Mr. J. McCreary.
Secretary-Treasurer—Mr. W. J. Drope
Executive Committee—Misses Rutherford, Davidson, Perry, M. Lough Casey, Ames and K. Ryan.

Mr. J. C. Brown, Inspector of Schools took up the subject of pronunciation, and prefaced his remarks with the statement that the study of English was becoming more prevalent. The alphabet he regarded as redundant, defective and absurd, and advised every teacher to know the symbols, the names of the sounds and the sounds themselves. He showed by various examples the different sounds of "th" and "s" and other letters and how they should be marked. He then took up the subject of syllabification, accentuation and the use of the diatrical marks, and gave numerous illustrations bearing upon these. He advised the study of shorthand as an excellent means to acquire the correct pronunciation of letters.

At the close of Mr. Brown's address, it was moved by Mr. Jeffries, and seconded by Mr. O'Brien, that the thanks of the association be tendered to Messrs. Callander, Fife and Brown for their valuable addresses.

The discussion on elementary arithmetic was led by Mr. Brown in an enthusiastic manner, he putting clearly before the association his method of teaching arithmetic.

The association then adjourned.

In Confidence.

"I'm surprised, sir, at your audacity! Do you know I am your pastor?" "Are you? I put threepensh—(hic!)—in the platesh on Shunday. Lendah me tappensh of it to have a drinksh."

A Little Girl's Lament.

My brother Will he used to be
The nicest kind of girl;
He wore a little dress like me,
And had his hair in curl.
We played with dolls and tea-set then,
And every kind of toy,
But all those good old times are gone—
Will turned into a boy.

Mamma has made him little suits,
With pockets in the pants,
And cut off all his yellow curls
And sent them to my aunts;
And Will, he was so pleased, I b'lieve
He almost jumped for joy;
But I must own I didn't like
Will turned into a boy.

And he plays with horrid tops
I don't know how to spin,
And marbles that I try to shoot,
But never hit nor win;
And leap frog—I can't give a "back,"
Like Charlie, Frank or Roy;
Oh, no one knows how bad I feel
Since Will has turned a boy!

I have to wear frocks just the same,
And now they're mostly white,
I have to sit and just be good,
While Will can climb and fight.
But I must keep my dresses nice
And wear my hair in curl;
And worst—oh, worstest thing of all!
I have to stay a girl.

LOCAL NEWS.

Miss Densil,

of the Toronto Conservatory of Music, intends teaching singing and voice culture in Peterborough on Wednesdays and Saturdays. Her address is EXAMINER office. eod

150 doz. Silk Handkerchiefs at Armstrong & Co's. Presents for Christmas. Buy some of them.

Jeweller's Profits.

No need paying jeweller's prices for your scarf pins, shirt buttons, collar buttons, cuff buttons, and watch chains when you can buy them at half the price at JAS. MCCOMB'S, the Glove Man on Hunter street.

If You Want Good Bread.

Brown or white, pan or bottom baked, and sweet, just like what your mother baked for you, not puffed up into a soft, sponngy, indigestible mass, you can buy it at MRS. POLLARDS, 456 George street. d

A Window of Ties.

A very attractive window of Ties, made-up and four-in-hand styles, is that of the Montreal Clothing House, 390 George street. These are imported ties — not bankrupt stock — and are in colours, patterns and material to suit every taste. The prices are marked at 10, 15, 20 and 25 cents, and are extraordinary value at that.

He is Well Spoken of.

The Kingston *Whig* says:—Rev. W. R. Young, B.A., of Millbrook, has been invited to the pastorate of the George street Methodist church, Peterborough, the leading Methodist church in that town, Mr. Young is a Pittsburgh boy, and a young man, who has advanced rapidly in the ministry. He is a brother of Mrs. Robert Patterson and Miss Young, teacher in the orphans' home.

Gun Club Pointers.

The members of the Peterborough Gun Club had a pop on Saturday afternoon at Riverside Park, when the following scores were made:

R Tivey	1 0 1 0 1 1 1 0 1 1 0 1 0 1 1	—10
S Hay	1 0 0 0 1 0 0 0 0 1 1 0 1 1 0	— 6
E J Hartley	1 1 0 1 0 1 1 0 0 1 0 0 1 0 0	— 7
A H Webb	1 0 1 0 1 1 1 0 0 0 1 1 0 0 0	— 6
T Rutherford	1 1 0 0 1 1 1 0 0 1 0 0 0 0 0	— 6
Dandy	0 0 0 1 0 1 0 0 0 1 0 0 1 1 0	— 4

A meeting of the club will be held on Tuesday (to-morrow) evening at Muckleston & Co.'s hardware store to arrange for a coming shoot, which will be held on Christmas Day.

Hello!
Is that the C.P.R.?
Yes; who's speaking?
The G.T.R.
Well, what can we do for you?
Have you been up as far as 420 Water street, where Mitchell keeps sewing machines?
No, not yet.
That's the worse for you. You'd better lose no time. Take the first chance and drop in at 420, and see the handsome sewing machines he has just brought in by our line.
Is this Mitchell the man who repairs sewing machines?
Yes, and he's a "corker" at it too.
Well, I'll drop around.
You should; and take a sharp look at his drop cabinet machine — the finest that ever struck the town—and by Jove! his figures are very reasonable too.
All right; *au revoir!*
So long!

A Christmas Day Cantata.

On Sunday (Christmas Day) the Sunday School Vocal Society of George street Methodist church will give the beautiful sacred cantata, "The Star of Bethlehem," in the church commencing at 3 o'clock. The programme will be under direction of Mr. L. Seward, choirmaster of the church. The music has been in preparation for some time and the scholars have attained a high degree of proficiency in their parts in the cantata. All lovers of music, parents and friends of the children are invited to be present. Silver collection. Look for further particulars.

The Animal had Disappeared.

Mr. Wm. Roseborough, a young man from Smithtown, drove into town on Saturday night and tied his horse and buggy under the Stewart House shed. When he returned at nine o'clock to get his conveyance he found it missing and it was not until Sunday morning that he recovered his property. The horse attached to the buggy was found wandering around the road near the locks about midnight by a man who took the animal in charge. The animal was put in the Cavanagh House stable to await its owner. The horse and vehicle had evidently been taken by some scamp to drive a distance and then let loose to roam at will.

Gratifying to All.

The high position attained and the universal acceptance and approval of the pleasant liquid fruit remedy Syrup of Figs, as the most excellent laxative known, illustrate the value of the qualities on which its success is based and are abundantly gratifying to the California Fig Syrup Company.

Study economy by having your suit and overcoat cleaned or dyed and repaired at Parker's Steam Dye Works, Charlotte street.

You'll Need Them before Spring.

This soft, serene weather is deceptive. January is sure to howl, and then you'll wish that you had taken our advice and gone to Gough Bros. and got a warm weather-proof overcoat out of the immense stock they are selling at such marvellously low prices. You may get over Christmas without a new overcoat, but the new year will catch you. Now is the time, and such bargains can't last forever, for the cheap and good overcoats and boys' and men's suits are being snatched up eagerly. Now is the time to make 60 cents do the work of a dollar in capturing the pick of a manufacturer's stock bought at 60 cents on the dollar. Come and buy NOW. d

Fine Jewelry For Xmas Trade.

Mr. F. S. Schneider, the well known George street jeweler, has an immense stock of watches, clocks and jewelry for the holiday trade, and all are of the latest design, best quality and at lowest prices. He has recently received a large consignment of silverware of all descriptions and the latest novelties, including splendid tea sets, cake baskets, card receivers, nut bowls, soup tureens, pickle castors, cruet stands, match safes, of fine quality. In clocks Mr. Schneider shows 24 hour and 8 day clocks made of marble, iron, wood, etc. of very ornate design, tasty finish and at prices that defy competition. All the latest novelties in jewellry are displayed. Ladies and gentlemen's gold, silver, nickle and gold filled timepieces of the very latest makes. Pretty rings diamond, gem, chased and plain—all making a valuable Christmas present or wedding souvenir. In the optical department spectacles of all kind and make. Repairing attended to skillfully and neatly. Give Mr. Schneider a call when purchasing your holiday presents.

A Complete Clothing House.

Where can winter clothing be purchased, that will be reliable in fit, material and workmanship? In order to assist the reader of the EXAMINER to solve this question, a visit was made to one of the leading clothing houses of Peterborough, namely Grafton & Co., 393 George street. Mr. W. E. Conway, the manager, was pleased to give any information as to the style, material, etc., that was worn this season and to show us through their immense stock, which is composed of everything in men's, young men's, youth's, boys' and children's apparel, from a beautiful tailor made dress suit for evening wear, to heaviest tweed and frieze suits for the working hours. Noticetable in the men's wear department, were the handsome business suits, either single or double breasted, and the handsome black morning coat suit which seemed the pink of perfection, and, as Manager Conway remarked, were equal to the very best custom made, and would give as good satisfaction as any tailor-made clothes. After passing pile upon pile of Scotch tweed, worsted, etc, suits, we were shown one of the finest assortments of winter overcoats, pea jackets and ulsters manufactured from the best melton, naps, frieze and Scotch tweeds, some of the fine coats displayed having rich and beautiful trimmings, and like all the rest of their stock, being of the best workmanship, and which was marked to sell at $5 to $8 less than custom made garments. Passing from this department along the aisle on either side of which were piled clothing of every description, and suitable to every size, shape and circumstance of man, we entered the children's department where many a coming man has been made happy by the donning of his first boy's suit, and although this department is for the wee ones, yet it is by no means a small department for it occupies a very large space, the shelves of which are laden with two and three piece suits made from every material that is used for children's wear, and judging from the immense variety which is displayed, Grafton & Co. have not forgotten the claims of the children while catering for the adults. "Our business," remarked Mr. Conway is now very large and continues to grow larger, and we attribute this very satisfactory state to the fact that we keep an extensive assortment, carry only good of a superior class, and that our goods are consistent with the claims made for them in our advertisements and the representations made by our salesmen. Manufacturing our clothing enables us to sell direct, at close wholesale prices, thus saving a good 25 per cent. The visitors is not likely soon to forget the hour spent in the house of Grafton & Co. 1d

NEWS NUGGETS.

—A week from to-day is nomination day.

—A week from yesterday will be Christmas.

—The town water ploughs were out this morning.

—The Ladies' Aid Society of St. Andrew's church will meet in the Sunday School room this evening.

—Mr. John Sullivan is laying ill at the Peterborough House, suffering from a bad attack of rheumatism.

—Mr. A. McIntosh, who has been confined to his room with a severe cold for the past two weeks, is able to be around again.

—The sale of market fees for the city of Brantford took place on Friday. They brought $1,800, or $300 less than the previous year.

—The ice in Little Lake has formed out to a considerable distance from the shore, and the river is frozen over opposite the cemetery.

—The ice has formed on the skating rink but it is not of sufficient strength to permit the skaters or curlers to roam upon its surface.

—A special Sunday school programme of interesting character will take place in the Park street Baptist church next Sunday afternoon.

—The recently organized junior Y.P.S.C.E. of St. Andrew's church will elect officers to-night. Mr. W. Wesley has the superintendency of this society.

—Much interest is being taken in the public meeting called by the mayor on Thursday evening next in the council chamber to discuss the waterworks purchase.

—A musical octette is being formed in the town which will make its first public appearance at the elocutionary recital of Mr. Grenville P. Kliser in the opera house here on Jan. 15th.

—The work of painting the Hunter street iron bridge was completed on Friday. The structure which spans the boiling waters of the Otonabee looks handsome in its new coat of drab with red trimmings.

—The annual distribution to the worthy poor of St. John's church parish will take place to-morrow afternoon. Donations for this purpose may be left at the Sunday School room of the church to-morrow morning.

—Frequent complaints are made of several "smarties" residing in Ashburnham acting in a disorderly manner on the streets after nightfall and also of tantalizing gentlemen when accompanying ladies home in the evening.

—George Merrill, of Belleville, writes that five petitions and forty letters from the old veterans of 1837-8 are now in the hands of Her Majesty's advisers. He adds: "Right Hon. W. E. Gladstone has also communicated with me and is now corresponding with the colonial secretary. I can assure the old veterans that the battle is won."

—The eloquent coloured Bishop Hawkins will deliver a lecture in the George street Methodist church this evening on "My Reception in England," interspersed with references to his slave life, and also with plantation songs sung by him in his inimitable style. Bishop Hawkins will describe the distinguished persons he met with in England. Everyone should hear him.

—The *Scottish American* of New York in its last week's issue contains an admirable account of the St. Andrew's society's supper held in Peterborough on Nov. 30th last. It says the gathering was the most successful ever held here, and that Mr. R. M. Deanistoun is the enthusiastic President of the local Society, as were his father and grandfather before him.

—High Constable Cochrane on Saturday arrested two Douro parties, Wm. Turner and Wm. Harrison, on a charge of larceny from Wm. Swinton, of watch and other articles, and an Ashburnham citizen, Ed. O'Brien, charged with wife beating. These charges will be tried by County Police Magistrate Edmison to-morrow, the parties having on Saturday been remanded.

—The funeral of the late Miss Smith took place yesterday afternoon from the family residence Stewart street, Ashburnham, to Little Lake cemetery. The funeral solemnities were conducted by Rev. J. H. Locke, assisted by Rev. J. Thom. The cortege was a long one, the large number turning out showing the respect in which the deceased young lady was held.

At J. J. Howden's Meat Market.

Choice sugar cured pickled pork, breakfast bacon and ham, tenderloins, spare ribs, pork shanks, pig feet, kidneys, pickled pig cheeks sugar cured, cheap. Three pound pork sausage for 25c.

To the Ladies—On the Quiet.

Ladies! if you want to present your father, husband, lover or son with a nice warm fur cap, cheaper than you can buy it at any fur store, drop into the Montreal clothing store, 390 George street and make your selection before they are gone. It can be packed up and laid away for you on the quiet until Xmas. dw

Three Days' Christmas Tree.

A Christmas Tree entertainment and sale conducted by the ladies of the congregation of St. Peter's Cathedral will be held next week in the opera house beginning Tuesday, the 20th, and lasting till Thursday, the 22nd, evening. There will be a sale of useful and fancy articles. Refreshments will be served at suitable times from Tuesday noon till Thursday evening, and at intervals an excellent musical programme will be presented. Further particulars will be furnished hereafter. Admission to the hall 10 cents.

An Evening Window.

That is—a window profusely dressed with goods strictly for evening wear—is the principal attraction just now in Miss Delaney's handsome show windows. To the ladies, of course, will especial interest centre in the admiration of this very rich and fashionable exhibit of evening toilet wear, so gracefully and profusely displayed for their critical inspection. It is a faithful index, not only of Miss Delaney's choice holiday selections of millinery, dress trimmings and fashionable novelties, but also of the artistic ability and graceful effectiveness which her skillful hands are so well fitted to create. 1d1w

Excellent Prospects Ahead.

The Peterborough Canoe Company expect to occupy their new factory on Water street and begin active operations about the first of January. All the machinery, which is the latest and completest out, has been purchased from Cowan & Co., Galt. The company hav already received many orders for canoes from the Old Country and indications point to a busy spring season's operations. The following officers have been elected:—J. Z. Rogers, manager; W. H. Hill, president; G. A. Schofield, secretary. Directors, E. B. Edwards, J. Z. Rogers, E. B. Loucks, G. A. Schofield and W. H. Hill. A powerful boiler and large dry kilns have been placed in the factory, which, in addition to all models of canoes, will manufacture steam launches.

Hustlers in the Clothing Line.

Dolan & Co., who have carried on a successful and paying business in the clothing and gentlemen's furnishing lines for the past 25 years, are not a whit behind their numerous competitors for the holiday season this year. Their gentlemen's furnishing department is replete with all the latest varities and designs, selling at marvellously low prices. Fine shirts, ties, collars, cuffs and underwear in great variety. See their superabundant stock and be satisfied that you are buying at the correct prices. Piles upon piles of cloths in endles kinds for ordered work. An examination of their ready-made youths' boys' and gentlemen's overcoats, suits, etc., will repay you. They are making a specialty of disposing of their gentlemen's heavy tweed overcoats at the unheard of low price of $5 each — these garments are worth $8 and $9. Give Dolan & Co. a friendly call, and be convinced of the superiority of their goods, their excellent make and their cheap prices.

Of Other Medicines Failed

But 4 Bottles of Hood's Sarsaparilla Cured.

"It is with pleasure that I tell of the great benefit I derived from Hood's Sarsaparilla. For 6 years I have been badly afflicted with

Erysipelas

breaking out with running sores during hot summer months. I have sometimes not been able to use my limbs for two months at a time. Being induced to try Hood's Sarsaparilla, I got one bottle last spring, commenced using it; felt so much better, got two bottles more; took them during the summer, was able to do my housework, and

Walk Two Miles

which I had not done for six years. Think I am cured of erysipelas, and recommend any person so afflicted to use

Hood's Sarsaparilla

Four bottles has done more for me than $200 worth of other medicine. I think it the best blood purifier known." MRS. H. D. WEST, Church street, Cornwallis, N. S.

Y. M. C. A. NOTES.

Saturday was a busy day at the Association rooms. At 10 a.m. twenty boys met in the Gymnasium and were drilled for over an hour by Major Hundle and both the Major and the boys enjoyed it immensely. A large number of visitors attended the rooms, many of whom were non-residents of the town. The meeting in the evening was addressed by Mr. Bruce Anderson.

Yesterday afternoon at 4:15 the young men's meeting was commenced with very encouraging results. Twenty-seven young men present. The Secretary presided, and Mr. A. J. Hamilton gave an excellent address. In the evening at 8.30 the largest audience that has ever occupied the hall assembled to hear Mrs. Barakat. The members' rooms and gallery were opened and extra chairs brought in and every available corner was occupied, quite a number standing, and many others unable to get in About four hundred were present. President Early occupied the chair. A solo entitled "One sweetly solemn thought" was beautifully rendered by Miss Fawcett. Mrs. Barakat gave a most eloquent and inspiring address, the purport of which was to urge and encourage Christians, *especially young men*, to make the most constant efforts to save their fellow men. She described in a most interesting way the sowing of rice in Egypt during the overflow of the Nile, which results in a bountiful harvest after the waters have subsided, the "bread cast upon the waters" being liberally found, though greatly multiplied and increased, "after many days."

A most thrilling story was told of a young man who, in opposition to the entreaties of his mother and friends, risked his life in order to attempt the rescue of a man on a wrecked vessel, when, after the most tremendous exertions, and at the greatest hazard, he reached the vessel, he found that the one for whom he had made the effort was his own brother. The address was most eagerly and attentively listened to, and undoubtedly made a deep impression.

Next Sabbath evening Rev. Mr. Trotter will be the speaker.

POLICE COURT.

MONDAY, Dec. 19th.

At the police court this morning Patrick Carroll, bartender at the Oriental, charged Nazaria Debruedl, a Frenchman, with assault and battery, committed on Friday last. The defendant was fined $2 and costs—$4.60 in all.

Wm. Doheny was brought up for sentence, but the question was raised by his counsel, Mr. Poussette, that the promissory note of $30, of which the prisoner was found guilty of the larceny, of was not negotiable, and the magistrate remanded Doheny until to-morrow.

SILK HANDKERCHIEFS for Christmas at Armstrong & Co's., George-st. Ask to see them at 15c. 25c., 35c., and 50c.

CHURCH CHIMES.

The annual entertainment of St. Luke's church Sunday school will be held on Dec. 28th.

The work of decorating St. John's church for Christmas will be commenced to-morrow.

Last evening in St. Paul's church Mr. W. F. Nelson sang with splendid effect "The Distant City."

The George street church male quartette sang "The Wayside Cross," with excellent taste last evening.

The choir of St. Paul's church will sing special Xmas carols before the beginning of each service on Sunday next.

Wednesday evening at five o'clock a special service will be held in St. Luke's Church, it being St. Thomas's Day.

Special contributions were taken up in the George street Methodist church in the interest of the Superannuated Ministers' Fund.

The Board of Managers of St. Andrew's church will meet on Tuesday evening to consider the appointment of a church organist.

Mrs. Barakat gave a very interesting and profitable address in the Y.W.C.A. gospel meeting Saturday evening. There was a large attendance.

St. Luke's church will be appropriately decorated for the special Christmas services. A meeting of the decoration committee will be held this evening.

The choir in St. Andrew's church sang finely "Incline Thine ear Oh Lord" yesterday. Miss Denzil, the new precentor, taking the solo part in an acceptable manner.

The annual Christmas tea and entertainment of the Charlotte street church Sunday school will be held on Thursday evening, Dec. 29th.

The Salvation Army barracks will be tastefully decorated for the special Christmas services. The work of converting the building into a bower of beauty will begin to-morrow.

A memorial service in memory of the late O. C. Rowse will be held in the Charlotte street church this evening at the regular meeting of the Epworth League of Christian Endeavour.

Rev. Bishop Hawkins, the coloured divine, will lecture this evening in the George street church on "My Reception in England." He will also recount various incidents connected with his life as a slave and his ultimate escape from bondage.

Rev. J. C. Davidson in St. John's Church last evening publicly acknowledged with thanks the gift of $100 to the church by the executors of the late Mrs. Nicholls' estate. He also made a grateful reference to the handsome memorial window of the late Mr. Chamberlain, which had been placed in the church during the past week.

Instead of the usual exercises of the Sunday school in the George street church on Sunday next a Christmas song service under the direction of Mr. L. Seward will be held. The children have been preparing for this service for some time and all the members of the congregation are asked to be present at the Sunday school next Sunday afternoon.

A Sunday school in connection with the Christian Alliance church will be organized and in running order at the beginning of the new year. At a meeting of the congregation held yesterday the movement was put on foot. Mr. J. C. Turnbull was elected superintendent, Mr. Gillespie, assistant superintendent and Miss Grundy organist.

Rev. J. E. Trotter in the Murray street Baptist church, yesterday evening, preached a powerful sermon to young men from Genisos 28th chapter, and 18th and 17th verses. He spoke highly of the Y. M. C. A. organization and advised all young men to cling to the church and her institutions as the *only* safeguard against the many temptations and evils which beset them on every side.

Rev. Bishop Hawkins, a coloured preacher of the Methodist church whose home is in Chatham, preached morning and evening in the George street Methodist church yesterday. In the evening the church was crowded to the doors with a very attentive audience. Bishop Hawkins is an old man some 82 years of age, and an interesting personality. Yesterday his discourses were stirring and very earnest, being full of vim and power. In the morning the coloured minister spoke from 1 Corinthians, 9th chapter and 24th verse, "So run that ye may obtain." In the evening he based his remarks on "I counsel thee to buy of me gold, tried in the fire that thou mayst be rich." He strongly urged upon his hearers to become rich *in heavenly possessions*, to lay up their treasures there, and not to hoard up their gold here on earth where no reward or good could come of it. By building a mansion above we got the interest of our wealth here and the principal in after life.

ALL SAY "IT IS THE BEST."

Scores of valuable letters come in every month bearing testimony in favour of Harvard Bronchial Syrup. No other remedy in Canada has ever been noticed so pleasantly by men and women. Of course its merits and worth have made it popular, and this popularity must ever go on increasing as the good qualities of Harvard Bronchial Syrup, becomes more known and extended. This extraordinary cough preparation has saved thousands of lives in every part of our country; and its usefulness in the house and office is acknowledged by all who use it. One of the latest letters of testimony comes from Mr. W. H. Connor, of the National Business College in Ottawa, Ont.; he says:

"I have used your Harvard Bronchial Syrup during the past two years; and since I commenced its use, I have found my throat stronger and am less liable to irritation in that organ which had previously given me a great deal of trouble. I find it gives immediate and permanent relief."

HAVELOCK.

The Alleged School Assault Case.

In the EXAMINER of Dec. 1st there is given a report of a charge of assault of a pupil named McCracken by his teacher, Mr. Andrew Kniewasser, of the Havelock Public School. The summary of the evidence given for the prosecution bore in a severe manner upon Mr. Kniewasser, who, as the evidence of the defence disclosed, was completely innocent of the charge, both magistrates on hearing the evidence for the defence, promptly dismissing the charge. Mr. Kniewasser was thus completely exonerated from any blame in reference to the punishment his duty required him to inflict, and in the minds of all unprejudiced persons occupies the same respected position as he did before the unwarranted—as the magistrates decided—charge of assault was preferred.

IN LETTERS OF GOLD.

One great advantage (in addition to the splendid stock to select from and the low prices) in purchasing Bibles, Prayer Books, Church Services, Hymn Books, Purses, Card Case, Letter Cases, and all goods of a similar character, is the fact that you can have any desired name stamped thereon in gold letters, free of charge, and while you wait. The Peterborough Bookstore has the finest and largest selection of the above goods, and in fact of all holiday goods, in town.

Pull Them Down!

The piles of Men's and Boys' Suits and Overcoats stacked up at the Montreal Clothing House are so high that a short man cannot see over them. We will continue to pull them downward. Scatter these great values during this week. Its like finding money to buy your clothing at 300 George street. dw

PERSONAL.

Mrs. John Gillard is in Peterborough visiting her daughter, Mrs. W. Salisbury.—*Cobourg Post.*

Mr. A. F. Grant, a student at Queens University, Kingston, was in town on Saturday visiting friends.

Mr. Bruce Brown left on Saturday for Montreal, where he has accepted a good position with a wholesale hardware firm.

Messrs. J. A. Stairs, Halifax, W. J. Greenfield, Ottawa, and A. G. Hammond, Almonte, spent Sunday in Peterborough.

Mr. W. J. Drope, during the offertory in St. John's church last evening sang "Calvary" in an unusually excellent manner.

Mr. W. R. Young, B. A., Millbrook, who has received a call to the George street Methodist church, was in town on Saturday evening.

Miss Millie Sanderson, who has been suffering severly from erysipelas for weeks past is, her many friends will be pleased to learn, somewhat better.

Mr. Hubbs, an accountant from the head office of the Rathbun Company, Deseronto, is in town in connection with the business of the local agency.

Messrs. Thos. Weston, Douro, and Wm. Moffatt, town, will leave early in January for Kingston, to take a three months course in the Royal School of Gunnery.

The condition of Mr. A. P. Morgan, who has been confined to his room for the past eight weeks with a bad attack of inflammatory rheumatism, was a little better to-day.

Messrs. M. Popplow, of the Ontario College of Pharmacy, Toronto, A. Milburn and W. C. Poussette, of McGill University, Montreal, are home to spend the holiday season with their relatives after toiling hard at school.

Mr. Fred Long, of Ashburnham, left this morning for Brainard, Minn., where he has a good position with a large lumbering firm. He will be greatly missed in the junior lacrosse club, where he held the office of secretary, and was a good man in home field.

Mr. R. A. Vick, of Orillia, formerly of Peterborough, is in town for a few days. He leaves on Saturday for Toronto where he will perform the duties of groomsman at the wedding of Mr. Jas. W. Curran, a member of the *Empire* reportorial staff, to Miss Chris McDonald King.

Mr. E. E. Sheppard, of Toronto *Saturday Night*, is a candidate for the mayor's chair of that city. It is generally thought that Mayor Fleming will be given a second term. Toronto as a rule, gives her mayor a second term if during the first he has proved himself equal to the position, and this Mayor Fleming seems to have done.

The many friends in Peterborough of Mrs. Parker, wife of the Rev. P. Clifton Parker, formerly pastor of the Baptist church here, will be pleased to know that she is reported to she improving and is considered to be out of danger. During the past week her case gave her friends deep anxiety but she has now taken a change for the better. she is still in the Toronto General Hospital, convalescing from the effects of typhoid fever.

For your gentleman friends at Christmas give a beautiful Silk Handkerchief. See Armstrongs & Co's stock before buying.

"A WORTHLESS FOOL."

How He Redeemed Himself by Losing Life and Fortune.

Everybody said he was worthless. His father had always told him so. Even his mother—and it was the only time he ever cried—had said it. The fact of his worthlessness and shiftlessness had been talked about so often and so persistently that he believed it himself. At school when he tried to study or to pass an examination with credit the scholars laughed at him and even the teacher's face wore a look of commiserating pity that so disheartened him be invariably made some egregious blunder and went to the foot of the class, his face red with shame. He had settled down into a groove of apathy and chronic melancholia that bid fair if not diverted by some extraneous cause to land him in an insane asylum. He sometimes thought that matters might have been different. But he did not grieve. He was a fatalist without knowing it. It was his kismet that he should be made the butt for everybody's ridicule.

But the change that saved him from the mad house came. It was the one tragedy in his life of comedies. He fell in love with the pretty young school teacher, whose face seemed always to pity him. Doubtless it was this that kindled the sparks of latent affection in him that burst into the fierce fires of a love at once unquenchable and hopeless. About this time a wealthy uncle died, leaving him almost a million dollars. This unexpected stroke of fortune seemed as if it might prove the making of him. He brightened up and shook off the clouds of self-abstraction that befogged his mind.

The sunshine was only transient. Folks jeered at him as before. They reviled the memory of the dead relative crazy enough to leave his money to a fool. Even the teacher said this and expressed a wish that the money had been left to her. He heard of this, but failed to see the cruelty in the words. To him she was the same sweet, pure woman in whose eyes pity always seemed to shine. Her words did not embitter him. Instead, his heart filled with a great joy as he thought of the good he would do and the happiness which he could bestow.

He did not ask her to marry him, fool though he was. He saw a lawyer and had him draw up a will. Then he wrote a touching little letter to the teacher, telling of his love, as hopeless as it was fervent, and in the letter he inclosed the document from the lawyer, writing across its back these words:

"All for you, Maude. Good-by."

No name was signed; nothing excepting those few eloquent words. He was found lying dead in his room and on a table near by lay a note addressed to "Maude."

The suicide's relatives made an effort to break the will, but the lawyer who had written it understood his business well, and Maude got the fortune.

A CUP OF GOOD COFFEE.

How to Make It So that It Will Be an Inspiration.

Of course no well-regulated housewife buys the supply of family coffee in the state which is known as "ground." Ground coffee may sometimes be necessary in the exigencies of chance and change, but it is a solecism, and it is to be tolerated only when it cannot be helped.

For a really good cup of coffee buy the berries whole and see that they are properly browned. It is better to buy them in the roasted state, because the green berries if kept long in stock lose their strength. When the coffee is to be made grind just enough for one pot of coffee. Usually a small tablespoonful is a fair allowance for each coffee cup of the beverage. Put the ground coffee in a bowl and set it upon the back of the stove, where it will get very hot without burning. Pour the necessary amount of hot water in the coffee pot and set it on the stove until it actually bubbles. While the water is actually dancing with the heat and the steam is pouring out of the coffee pot, pour in the coffee, which by this time has become very hot on the back of the stove. Cover closely and let simmer ten minutes.

The whole process is really very simple and requires no more time than making it in any other way. The virtue lies in knowing how.

The old-fashioned way of boiling coffee twenty minutes makes coffee which has been finely ground black and unpleasant alike to sight and taste. There are patent coffee pots which have special ways of preparing the coffee by filtering. Many of these are very good, and all of them are labor-saving. But there is none whose results will be found to be any better than that of the process just described for making a model cup of coffee.

Let no one suppose that he can pass through life without temptation. Let him not ask for it, for temptation lies in the power of choice and the freedom to make it. A choice must be made, but knowing the power of sin, our own weakness and the danger there is at every step, our prayer should continually be: "Our Father, lead us not into temptation."—United Presbyterian.

The loafer—that is, the idler "waiting for something to turn up"—is sure to be a grumbler, sure to have "hard luck," sure the world owes him a living, sure to complain of the thrifty, sure to die a beggar, and be buried in a pauper's coffin. St. Paul has worked with his own hands, and has declared the Christian rule: "If any work not, neither shall he eat."—Christian at Work.

Palatable and Potent.

The great objection to cod liver oil has been its nauseous taste. This has been entirely removed by the process of preparing "Miller's Emulsion of Cod Liver Oil," which is combined with hypophosphites of lime and soda, the greatest creator of new blood in the world. It has cured thousands of consumptives by rebuilding their constitutions. Everybody is talking of the wonderful power of this Emulsion. In big bottles, 50c. and $1.00, at all Drug Stores.

National Pills are a mild purgative acting on the Stomach, Liver and Bowels, removing all obstructions.

News About Town.

It is the current report about town that Kemp's Balsam for the Throat and Lungs is making some remarkable cures with people who are troubled with Coughs, Sore Throat, Asthma, Bronchitis and Consumption. Any druggist will give you a trial bottle *free of cost*. It is guaranteed to relieve and cure. The large bottles are 50c and $1.

His Hopes Dashed.

The Widower (coldly)—So you wish to marry that Van Rentzerelow girl?

His Son (timidly)—Yes, sir; if you have no objection.

The Widower—Well, I have.

His Son—She is beautiful.

The Widower—I know that.

His Son—She is very rich.

The Widower—Are you absolutely sure about that.

His Son (much encouraged)—Absolutely sure, sir.

The Widower—Then I'll marry her myself, by jingo!

A Natural Error.

Horrified Stranger—You say that four men were carried away unconscious, three were badly crushed, and the doctors were busy for an hour setting broken limbs! On what railroad did the accident occur, sir!

Animated Narrator—Railroad? Accident? —It was the biggest foot-ball game of the season!

"A snake in the grass" is all the more dangerous from being unsuspected. So are many of the blood medicines offered the public. To avoid all risk, ask your druggist for Ayer's Sarsaparilla, and also for Ayer's Almanac, which is just out for the new year.

Important Announcement to the Public!

RETIRING FROM BUSINESS SALE.

Hall, Innes & Co.

Having decided to retire from the Dry Goods Business in Peterborough announce that they will on WEDNESDAY, NOV. 23rd, commence a

GENUINE MAMMOTH CLEARING SALE for CASH

Covering Every Department of their Extensive Business.

HALL, INNES & CO.

WISH TO SAY that during the many years of their business career they have never offered Goods on the above basis (except during the time of re-building their Premises), and they now confidently expect that the public will rely on the GENUINE character of this sale, and avail themselves of this opportunity of securing goods of sterling quality, at prices much below those obtained in a regular business way.

The reduction of price will apply in all Departments, as follows:

General Dry Goods.	Hosiery and Gloves.	Carpets and Floor Oilcloths.
Silks and Dress Materials.	Bed and Table Linens.	Mats and Mattings.
Millinery and Mantles.	Scotch & Canadian Tweeds.	Lace Curtains.
Mantle Materials.	Worsted Coatings & Overcoatings.	Sash Curtains.
Ribbons and Laces.	Gents' Furnishings.	Portieres, &c., &c.

The Stock is in first class order, having been bought for our Fall and Winter trade, and many lines have come to us direct from the best manufacturers in Britain, France and Germany. This sale is bona-fide, and in no way similar to many so-called Clearing Sales, and we feel certain that this opportunity of securing good goods at low prices, will be largely taken advantage of by many.

Remember that this sale will begin on Wednesday, 23rd November, and continue until the stock is disposed of.

N. B.—All Outstanding Accounts must be settled at once.

ISSUER OF MARRIAGE LICENSES.

COMMITTED TO PRISON.

GOING THE FULL LENGTH IN THE PANAMA CANAL AFFAIR.

The French Government Is Now Bound to Probe to the Bottom the Charges of Extensive Bribery and Corruption in the Chamber of Deputies.

PARIS, Dec. 17.—Charles de Lesseps, son of Count de Lesseps; Marius Fontaines, director in the Panama Canal Co., and M. Leroy, ex-deputy, have been arrested on a charge of fraud in the management of the Panama Canal Co., and have been committed to prison.

PROBABLE ARRESTS.

Situation of the Panama Canal Affair Grows in Gravity.

NEW YORK, Dec. 17.—The Herald's Paris correspondent says: There is a rumor afloat to the effect that the Government has decided to arrest the managers of the Panama Canal Company, charged with complicity in the alleged frauds. They will be arraigned, it is said, at the Court of Assize. The situation grows in gravity. Either the Ministry or the Investigating Committee will resign. In reality the ministry in the vote in the chamber yesterday was in the minority, since there was only an apparent majority of six votes. The vote of the eight ministers was a vote for themselves, which was contrary to all precedents.

New scandals and more revelations are announced for to-day. Three of those talked about are politicians and one of them is in the Cabinet. It will all end in a presidential crisis and the resignation of the Cabinet.

A New Move.

LONDON, Dec. 17.—A Vienna special says it is expected that the scandalous developments regarding the Panama Canal enterprise will lead to a rapprochement between Russia and Germany, owing to the fact that the fall of M. Rouvier, the French Minister of Finance, will prevent the Russian Government from obtaining loans in France.

A PLOT THAT FAILED

Four Officers Burned and Prisoners Are to Be Shot.

VALPARAISO, Dec. 17.—The prisoners taken in connection with the recently discovered revolutionary plot are in prison under a strong military guard, and are denied communication with each other or with outside parties. The examination of the prisoners revealed little of interest. They generally refused to make statements compromising others, though it was found that the wife of Claudio Vicuna had been supplying funds for the plotters. Vicuna is going to Europe from Buenos Ayres, now that the plot has failed. The Conservatives in Congress intend asking for the full data from the Government in relation to the plot.

A correspondent in Rio Grande telegraphs that there is no doubt that the Castilpasta chiefs have given orders that all federal officers taken prisoners shall be shot. On the Uruguayan frontier the troops are preserving a semblance of neutrality. At Cacimbinhas four Federal officers were burned to death. The Government papers are attacking Uruguay for allowing the Federals facilities and the papers of Montevideo are on the warpath and declare the insults to Urugnay by the Government of Rio Grande can only be wiped out by war with Brazil.

Views in Immigration.

NEW YORK, Dec. 17.—The despatches prints the result of its efforts to ascertain from governors of various states in the Union their views regarding the question of immigration. From the east, west, north and south restriction of immigration is urged, but opinions differ as to the methods to be employed. The governors heard from oppose absolute prohibition except for warding off disease.

Once More in the Fold.

ROME, Dec. 17.—The statement by Archbishop Corrigan, published in a New York paper in September, in regard to a settlement of the differences between the church and Rev. Father McGlynn, has received full confirmation at the Vatican.

The news of the reconciliation has produced the happiest impression at the Vatican, where Father McGlynn had always been a favorite prior to his differences with his religious superiors. It can be stated on the highest authority that the Pope has given special power to Mgr. Satolli, His Holiness' representative in America, to settle the case.

With many clergymen, public speakers, singers, and actors, Ayer's Cherry Pectoral is the favorite remedy for hoarseness and all affections of the vocal organs, throat, and lungs. Its anodyne and expectorant effects are promptly realized.

THE BEST FAMILY PILL IN USE

Keep the Works in good order.

NORMAN, ONT., January 15, 1890.

W. H. COMSTOCK, Brockville, Ont.

DEAR SIR,—Your "Dr. Morse's Indian Root Pills" are the best regulator for the system that humanity can use. Life is as the time-piece: small and delicate are many of its works. A tiny particle of foreign substance adheres to the smallest wheel in the works, and what is the result?—at first only a slight difference is perceptible in its time-keeping, but wait you; as the obstruction grows, the irregularity becomes greater, until at last, what could have been rectified with little trouble, in the beginning, will now require much care in thoroughly cleansing the entire works. So it is in human life—a slight derangement is neglected, it grows and increases, imperceptibly at first, then rapidly, until what could, in the beginning, have been cured with little trouble, becomes almost fatal. To prevent this, I advise all to purify the system frequently, by the use of Morse's Pills, and so preserve vigor and vitality.

Yours faithfully,
H. F. ATWELL.

Troubles in Chitral.

SIMLA, Dec. 17.—Despatches received here show that the NIZAM EL-MULK, who recently drove Sher-Afzul-Khan, the usurping ruler of Chitral, from the capital, has now regained all of Chitral, and has requested Dr. Robertson, the British representative at Chitral, to instal him as Mehtar.

Sher-Afzul-Khan, it is said, has fled the country and taken refuge with the Afghans. It is thought the troubles in Chitral will now end. The Ameer of Afghanistan will probably be called upon to explain the part he took in the affair.

Bradstreet's Report.

NEW YORK, Dec. 17.—General trade throughout the Canadian Dominion is slack, as is customary at this season. At Toronto woolens are firmer. Travelers are sending in orders for spring delivery. Wheat is at the lowest price this year. Stock-taking is quite general.

High prices for hog products at Montreal check sales. There is a fair trade at Halifax and collections are fair. The Nova Scotia fishing season generally has been poor.

Bank clearings at the three cities named with those at Hamilton, aggregate $21,695,000 this week, a trifling increase as compared with the total a year ago, but 13 per cent. less than the aggregate for last week.

There are 30 failures in Canada this week, against 31 last week and 22 in the week a year ago.

Divorce Petition Dismissed.

LONDON, Dec. 16.—Lady Abdy recently petitioned the Divorce Court to grant her a separation from her husband on the ground of his adultery with Madame Benitz. The evidence was heard yesterday, and it was of such a character as proved that Lady Abdy was laboring under delusions regarding Sir William's conduct. Madame Benitz swore that not only had she never maintained immoral relations with Sir William, but that she had never seen him. Other evidence was given, proving beyond a doubt that Lady Abdy was mentally irresponsible. The judge dismissed the petition. Lady Abdy was formerly Marie Theresa Petereska, and prior to her marriage to Sir William in 1883 she resided at Prague.

THAT ALTERS THE CASE.

DEFEATED SOCIALISTS.

The American Federation of Labor Does Not Favor Nationalization.

PHILADELPHIA, Pa., Dec. 19.—At the closing session of the American Federation of Labor Saturday resolutions were adopted condemning the Rock Island Railroad system for requiring its telegraph operators to withdraw from their organization; asking that tailors be included under the provisions of the alien contract law; condemning the system of advance wages to sailors; favoring changes in the patent laws so that inventors will receive a direct reward; condemning the Baron Hirsch fund and its charitably assisted recipients, and demanding restriction of immigration.

A resolution was unanimously adopted asking clemency for the imprisoned Chicago anarchists, Neebe, Fielden and Schwab.

Emboldened by their success one of the Socialists, delegate Morgan of Chicago, introduced a substitute for a resolution favoring Government control of telegraph and telephone lines. The Socialists wanted a resolution passed asking that the Government control all means of communication, transportation and production, but this was defeated.

ATLANTIC AND PACIFIC.

To Run From Sault Ste. Marie to Gaspe Basin.

MONTREAL, Dec. 19.—A Montreal firm of solicitors give notice of their intention to apply for an act at the next session of Parliament to incorporate the Atlantic and Pacific Railway with power to construct and operate a railway from Sault Ste. Marie in the Province of Ontario to Gaspe Basin in the Province of Quebec, passing through the districts of Algoma and Nipissing, and following the valley of the Ottawa as far as circumstances will permit, passing by or near the cities of Ottawa and Montreal and running through the counties of the south shore of the River St. Lawrence, and with power to purchase or lease any or all railways constructed or authorized to be constructed which can be utilized as part of the line, including the Intercolonial Railway. The Great Northwest Central Railway Company will apply for leave to extend the time for the completion of the road and for power to issue preference shares.

A VALEDICTORIAN.

W. E. Deeks of North Williamsburgh Receives the Appointment.

MONTREAL, Dec. 19.—The final year students of the McGill Medical College met Saturday forenoon and elected their valedictorian for the April convocation. The choice of the class was Mr. W. E. Deeks, B.A. of North Williamsburgh, Ont. He is an old McGill man in point of attendance, as he took his arts course thereat and during the last two years has been demonstrator in geology, and during the illness of Sir William Dawson he has taken charge of the classes in Zoology. The class expect that Mr. Deeks will say farewell to alma mater for them next spring in a most acceptable manner. The Christmas examinations are now in progress and the usual vacation will begin on Thursday next and extend to January 4. A rumor that has gained pretty wide circulation is to the effect that the medical faculty is shortly to receive a very valuable addition to its building. The medical students have all heard of the rumor and sincerely hope it may prove true. The building, it is said, will be presented to the faculty by Mr. W. C. McDonald whose gifts have placed the science faculty on so sound a basis. The building would be largely devoted to pathological and other experimental work, and would also contain a reading room for the use of students between lectures. It is not expected that the announcement will be made until the medical convention which will be held on April 4.

SHE WORE TROUSERS.

The Woman Who Traveled in Male Attire Over the C. P. R.

TACOMA, Wash., Dec. 19.—Mrs. Annie M. Murphy is in jail at Huntsville, Ala., charged with forgery. She is the wife of a Tacoma merchant, from whom she parted recently, to begin a systematic draft forging business. Inside of a month she has uttered $2895 in forged National Bank Commerce drafts, this city, on the Chase National Bank, New York. All of them have been cashed, save one for $350, which she wanted to get cashed in Huntsville, Ala. The Chase National Bank of New York offered a reward for her capture. Mrs. Murphy appeared in male attire. Her father is Senator McRae.

This is the woman who traveled from Port Arthur to Ottawa over the C.P.R. in male attire.

SENSATIONAL DEATH.

A Farmer Found Dead on the Track Near Glencoe.

GLENCOE, Dec. 19.—A rather sensational death occurred at the McAlpine House yesterday. A farmer by the name of Alexander McNabb, who lives on the Longwood road east of here, has been drinking of late somewhat heavily. He is supposed to have left the town for his home at about 11 o'clock last night. Shortly after he was found lying on the track, and was taken back to the hotel, supposed to be dazed with drink and left alone. This morning he was found dead in the sitting room with a cut on his head. How he received the wound is not known.

Weak stomach strengthened by BEECHAM'S PILLS.

EUROPE'S FINANCES.

An Almost Unprecedented [illegible] of the English Money Market.

LONDON, Dec. 19.—The condition of the money market manifested during the week past is almost unprecedented at this time of the year. Discount rates for three months' bills were the lowest quoted at any time in December since 1873. The week's final discount quotations were 1⅛ for three months and 1 for short. Bankers find difficulty in employing money, the ease of which here is largely due to the fact that the American gold exports are supplying European demands.

There was no activity in business on the Stock Exchange last week, and a general downward tendency was manifest. Uncertainty with regard to the future of silver had a depressing effect in several directions. The silver market was an entirely cash market. Supplies offered for forward delivery were disposed of only at great reductions.

There was a fair enquiry from Indian banks, but only for immediate delivery. Preference was given to Merchants' bills and other forms of remittance for forward delivery. British fun s were a trifle higher. Indian loans were lower in sympathy with silver. International funds were quiet and the changes were only fractional. Argentine securities rose slightly in sympathy with the change in the gold premium. The new Chilian loan rose to 2⅝ premium.

The feature of the market was a steady demand for Transvaal fives, which closed 1 1-2 higher, making an increase of 10 1-2 since July, when the loan was issued at 90. A steady enquiry by Dutch investors is largely responsible for the rise. English railway securities were irregular, with a declining tendency, due to unfavorable traffic returns. In American railroads there was a nearly all-round decline in sympathy with the movement in New York, the inclination to sell manifested there meeting with a responsive feeling here. The week's variation in the prices of American railroad securities include the following:

Decreases—Denver and Rio Grande preferred and Northern Pacific preferred 1⅛ each; Atchison, Topeka and Santa Fe mortgage 1⅝; Louisville and Nashville 1¼; Atchison, Topeka and Santa Fe shares and Norfolk and Western preferred ⅜ each; Denver and Rio Grande common and Wabash preferred ¼ each.

Increases—Lake Shore ⅜; Union Pacific ¼.

Canadian securities shared in the almost general relapse. G. T. R., after a good inquiry, due to improved traffic prospects, weakened and declined, first preference closing 1¼ lower. Mexican railway was in good favor, owing to satisfactory traffic returns; seconds closed 1½ higher and first 1 higher. Argentine railways were stronger, Buenos Ayres closing 1 higher and Central Argentine ½ higher. Central Uruguay Railway advanced 4. Bank and brewery shares were much firmer. Chartered mercantile Bank of India rose to 7 on the satisfactory allotment of shares of the new company. Guinness' brewery closed one higher.

We have 10,000 Booklets and Christmas Cards that cost in a lot of 100,000 from 5c. to 20c. each. They cover all new designs, and we have divided them into two lots. Your choice for 5c. and your choice for 10c. These have usually been sold for from 10 to 50c. each. A good time to get a fine thing for a little money.

We have 200 Bird Cages, and we have reduced the price, 39c. up to 98c. for painted and 89c. up to $1.99 for brass, usually sold for $2 up to $5. Give your bird a Merry Christmas.

Our supply of Fine Baskets, Work Baskets, Manicure Sets, Comb, Mirror and Brush Sets, in leather and plush, was never as good before, and we offer them at half regular prices.

In Toys, you must come to see. Our windows tell you something in this line and in Doll values. We have sold for many days an average of 100 to 200, but we have a great supply; see them. Certainly they are not half what dealers usually think they must get for them. The coming week will be a bargain week with us to be remembered.

Lamps 14c, usually 25c.

We have made a special purchase of Vases filled with the finest of teas. The vases are of rare beauty and could not be imported for less than $1.50. We shall close out two cases of them at 89c. each.

The coming week, in goods wanted all the year round, we will sell two splendid Brooms of choicest corn for 25c. or 13c each.

Do not forget we sell a $45 to $60 Sewing Machine for $17 each, and if want, buy now. Space is up. Come and see

A QUICK TRIP TO ASHES.

CANOE STOREHOUSE BURNED ON THE ESPLANADE.

Firemen Fight the Fire From Scows Anchored in the Bay—The Loss Will Reach $35,000—Fortunately There Was No Wind.

TORONTO, Dec. 20—At 7.45 last evening P. C. Pogue, on duty at the Esplanade, observed a burst of flame shoot out from the door of the northeast corner of the Toronto Canoe and Boat Company's boat house immediately opposite the main entrance of the Union Station.

The building had a frontage of about 100 feet in the Esplanade, with wings at either side running back into the water. Notwithstanding the promptness with which the alarm was answered the whole interior of the building was in flames before the firemen got to work.

The blaze lighted up the whole water front, and a crowd of many thousands speedily collected anticipating a repetition of the disaster of August 3, 1885, which swept the Esplanade from Princess to Scott-street. Fortunately there was no wind, however, and the firemen after a stubborn fight succeeded in confining the flames to the building in which they originated.

The fire is supposed to have started from the boiler of the Explorer Box Company, which is placed at the north east corner. There is a flue down which all shavings and waste are dropped to the boiler room. It is thought a spark from the fire reached the shavings and the flames at once rushed up to the factory above.

The main building burned like tinder, and speedily the whole breadth of it was one mass of flame enclosed by a shell of zinc. At the northwest corner the fire was balked, and the west wing, which was, like the front, covered with corrugated iron, saved. At the east end, however, the Fire King held carnival. The east wing burned with great rapidity, and the flames fairly rushed far out over the water. At 9.30 only the piles of the wing remained; and the interior of the main building was completely gutted. A party of firemen, who boarded an old scow and floated it out by ropes hand-over-hand, managed to avert serious damage. Anxious boat-owners came hurrying to the scene, and many were relieved to find that the adjacent boathouses of Edward Bassett and Harry Hodson had escaped.

The building was formerly occupied by the Toronto Canoe and Boat Company. They assigned about a year ago, and the building was taken over by the present owners, Messrs. T. G. and R. G. Elgie and Fred J. Stewart. Part of the building was utilized as a box factory by R. G. Elgie.

Mr. Elgie estimates the total loss on the building at $18,000 to $20,000; insured for $14,000. R. G. Elgie estimates his loss on the machinery and plant of the box factory at $7000 to $8000: insured for $3000.

A large number of citizens have been in the habit of storing their boats in the wings. The rentals expired on Oct. 17, and all owners were notified to remove their boats, but many neglected to do so, and no doubt a number were burned. The Sons of England Life Boat corps were out on the bay in their lifeboat and succeeded in picking up many of the boats, which are now at the lifeboat station awaiting the owners.

HIS COURAGE FAILED.

He Could Not Secure Work and Committed Suicide.

TORONTO, Dec. 20.—Samuel Bennett, a carpenter living at 15 Morris-street, committed suicide at his home early on Sunday morning. Bennett was a carpenter by trade and had been out of work for some weeks.

On Saturday evening he returned from a search after work and gave his wife the history of his unsuccessful quest. Bennett owned some small cottages in the city and on Saturday evening one of the tenants called and paid the rent, amounting to $7.50. Bennett took the money and went out. In a few minutes he returned and lay down.

Shortly afterwards his wife noticed that he was in pain, and ran out for a doctor, who did everything to revive Bennett. It soon became evident that his resuscitation was impossible and Coroner Johnson was notified.

Finding that the deceased had purchased 10 cents worth of laudanum at a Spadina-avenue chemist's shop, and that the medical man who had been in attendance reported that death had resulted from taking an overdose of laudanum, the coroner decided that an inquest was unnecessary.

Bennett was aged 52 and leaves a widow and one child.

SISTERS DROWNED.

Broke Through the Ice at North Bay—No Assistance Was at Hand.

NORTH BAY, Ont., Dec. 20.—News has been received here of one of the saddest drowning accidents that has ever occurred in this section of Ontario.

It appears that three young girls, daughters of John and William Clark, were walking on the ice at Restoule Lake when, the ice being weak, they broke through.

No assistance being at hand, all three were drowned. Only the briefest particulars have reached here.

Killed on a Handcar.

WINNIPEG, Dec. 20.—Word was received yesterday of an accident at Crystal City Saturday night by which Robert Fair, late of Ayr, Ont., lost his life.

He, with four others, had gone to Pilot Mound on a handcar to transact some business and when returning, while pumping the rear end of the car, deceased slipped and fell under the car, the iron lever of which struck him over the left temple, inflicting a terrible gash, which resulted in instantaneous death. The body will be sent to Ayr for interment.

Tortured For Witchcraft.

ALBUQUERQUE, N.M., Dec. 20.—Information comes from Gallup, N.M., that Deputy Marshal Green of that town and a troop of cavalry from Fort Wingate have gone to Zona to arrest a number of that tribe for torturing and killing two Indians charged with witchcraft. Information of the outrage was received from an old Zona Indian, who implored help for his tortured son.

Gen. McCook ordered troops to accompany the Marshal. Trader Graham confirms the report.

A BAD RAIL.

It Wrecks a Train in Kentucky—The Conductor and Post Clerk Hurt.

LOUISVILLE, Ky., Dec. 20.—The eastbound passenger train on the Newport News and Mississippi Valley Railroad was wrecked by a broken rail at Eddyville, Ky., yesterday morning. The engine was ditched and the mail and baggage cars and the second-class coach were overturned and badly smashed. Conductor Carter had his shoulder dislocated and Postal Clerk Sanders was severely but not fatally injured.

Held Up For $700.

WINNIPEG, Dec. 20.—Robert S. Mowatt agent of the Ogilvie Milling Co., was held up by masked men at Elkhorn Saturday night and relieved of $700.

EMIN PASHA YET ALIVE.

A PRIVATE LETTER FROM DARKEST AFRICA.

He Is Now Following Stanley's Route Through the Congo State—He Suffers from an Affection of the Eyes—But He Is in Good Health.

LONDON, Dec. 20.—The Berlin correspondent of The Standard learns from a private letter, dated at Dar-Es Salam on Nov. 20, that the rumors of Dr. Emin's death are erroneous.

Dr. Emin, the letters says, is now following Stanley's route through the Congo State, and but for an affection of the eyes is in exceptionally good health.

ALBERT EDWARD.

Is said to Be Making Arrangements to Visit the World's Fair.

LONDON, Dec. 20.—It is again rumored that it is the intention of the Prince of Wales to visit the Chicago Columbian Exhibition. It is said that he will make the trip across the Atlantic early next summer in the royal yacht Osborne and that he will disembark either at Montreal or Quebec, proceeding thence to Chicago. The Osborne will be escorted by a number of British warships.

Immigration Restriction.

ROME, Dec. 20.—The Agenzia Libert is assured that the European powers have no intention of protesting against the hostile action of the United States toward immigrants. The Italian Government feels convinced that it has no privilege to attempt interference in such a purely domestic matter, and the German and Australian governments are believed to share this sentiment.

The emigration societies have been notified that they must cease booking steerage passengers for American ports. Within the last few days hundreds of applicants have been refused at Italian ports.

Three of a Kind.

BERLIN, Dec. 20.—The statement is made on good authority that Germany as well as the United States and Great Britain has become deeply involved in the conflict raging round Chief Justice Ceder Krans of Samoa. The Chief Justice's local government scheme finds as little favor here as in London and Washington.

The Board to Act.

LONDON, Dec. 20.—The Paris correspondent of The Times says: A meeting of the Suez Canal directors was convened yesterday to consider the position in which the company had been placed by arrests of members of the board and what they ought to do to procure alleviation of the needless tortures inflicted upon unconvicted men.

A Row From Germany.

LONDON, Dec. 20.—A Daily News despatch from Berlin says: The National Zeitung declares that the arbitrary maintenance of quarantine by the United States, although there has been no cholera in Germany for months, together with the American rules for immigration, is doing immense harm to general commerce. It is impossible for German exporters or American importers to reckon upon the delivery of goods with any regularity. The effect of the restriction has been both to delay traffic and raise freights.

To Be Made Cardinals.

LONDON, Dec. 20.—The Most Rev. Michael Logue, Archbishop of Armagh and primate of all Ireland, and Most Rev. William Vaughan, Archbishop of Westminster, have received letters notifying them that they will be made cardinals at the coming papal consistory.

Sale of Orchids.

LONDON, Dec. 20.—The sale of the Marlborough orchids began yesterday. The highest price paid was £30.

Cottoning to the United States.

PARIS, Dec. 20.—The Meline Committee report, favoring a minimum tariff on certain American products, was distributed among the deputies to-day.

The preamble of the bills says: "The mutual friendship and good-will of France and the United States will render an understanding easy of accomplishment. The convention undoubtedly would be advantageous to France."

The deputies agreed to a duty of .245 as a hectolitre on alcohol.

Free Trade in Australia.

MELBOURNE, Dec. 20.—A meeting of advocates of free trade was held here yesterday at which a resolution offered by Sir Henry Parkes, congratulating the Democrats of the United States upon their recent electoral victory, was adopted. Congratulations were also cabled to President-elect Cleveland.

The Paris Fund.

LONDON, Dec. 20.—The News learns from its Paris correspondent that an agreement has been signed to release the Paris fund. Messrs. Dillon, Davitt and Harrington will award jointly the old claims out in excess of £14,000, and Messrs. Dillon and Davitt will award the remainder.

Don't Want Bi-Metallism.

LONDON, Dec. 20.—The Daily News says of the Brussels conference:

"We hope that the conference will not be resumed. Each country must do its best for itself. America cannot afford to delay until May, perhaps not till January, steps to prevent the depreciation of her silver notes."

To Check the Kaiser.

LONDON, Dec. 20.—The Chronicle's Berlin correspondent says: Great efforts are being made to found a new political party with a program of opposition to the person and policy of the Kaiser, who attracts a deal of adverse criticism, especially in South Germany.

Penalty For Forgery.

LONDON, Dec. 20.—Dr. Francis Charles Scott-Sanders, formerly manager of the Lyric Club, was yesterday sentenced to six years' penal servitude for having forged the name of the Earl of Londesboro to a check for £3733.

Miss Neely Woman's Go Down.

HAMILTON, Pa., Dec. 20.—William Walker, a contractor at Millville colliery, states that he was held up by seven masked men yesterday on the road leading to the works and robbed of $1000, which he had with him to pay his men. Officers went to the scene and made discoveries that led them to believe that Walker was not robbed, but was trying to defraud his men. When the officers accused Walker he became excited and fled to the mountains. To-night over 100 of his workmen are searching for him.

TO ENTERTAIN EUROPE.

A Novel scheme on a Parallel with the Wild West Show.

LONDON, Dec. 20.—Paul Boyton, sailed by the Umbria. He has been here for three weeks arranging matters so that he may become the worthy successor of Buffalo Bill as a naval showman. He has leased Buffalo Bill's old quarters in Earl's Court and next May will begin an exhibition called the World's Water Show.

He proposes to represent all the big rivers of America, from the Mississippi down, and to exhibit every kind of boat afloat from an Indian canoe up. He will give a pageant on the Thames, with 100 men and women walking on water-shoes, playing ball as they float up and down the river.

He will bring from America Indians in the canoes, and whole families of [illegible] with the flat-bottomed boats of the Louisiana bayous. He will give old-fashioned clambakes on the grounds, something never heard of on this side of the ocean, and will introduce every form of aquatic sport known.

Protestantism in Spain.

MADRID, Dec. 20.—Despite the emphatic protests of the Papal Nuncio, the Bishop of Madrid and thousands of aristocratic Catholics, the Protestant church was consecrated here yesterday with the consent of Premier Sagasta. Archbishop Plunkett of Dublin, Pere Hyacinthe and several English clergymen were present. The consecration ceremony had been deferred repeatedly as the approval of the Conservative Premier could not be obtained.

Silver Depreciation.

LONDON, Dec. 20.—The Daily News says in commenting upon the adjournment of the Brussels Conference: "The American dollar is in jeopardy on account of the natural competition for business on a gold basis. It seems likely enough that the good intentions of the American treasury will not suffice to save the silver dollar from depreciation."

The Rinderpest.

BERLIN, Dec. 20.—The rinderpest has spread to five hitherto unaffected estates in Mecklenburg and to seven in Holstein. Many cattle are dying of it also in Jutland.

PREPARING FOR WAR.

The Town of Pelotas May Be Attacked on Christmas Day.

VALPARAISO, Dec. 20.—A correspondent at Montevideo telegraphs that public attention there is occupied by the situation in Rio Grande do Sul. A meeting of Castilhistas held at Pelotas resolved that if the National Government did not demand of Uruguay that she restrain the Federals they would invade Uruguay.

The work of fortifying Pelotas continues. Col. Portugal, the commandant, has 600 men in the garrison and expects 200 more; 500 volunteers have been called for. The Federals have 2000 men, and expect to attack the town on Christmas day. It is the intention of the Federals, so it is said, to reinstate Silveira Martin, who is alleged to have received large sums from Comte D'Eu to aid in the restoration of the empire. Rumors are afloat that Brazil proposes to divide Paraguay and Argentine.

Admiral Gherardi called yesterday on the Intendante. Naval officials have received the officers of the American fleet most cordially, and have shown them every attention.

A PRAIRIE SENATOR.

Brandon Contributes a Fourth Representative From the Prairie Province.

OTTAWA, Dec. 20.—Mr. John Nesbitt Kirchhoffer of Brandon has been called to the Senate as the fourth senator from Manitoba. Under the Manitoba Act the province was given three senators and provision was made for a fourth when the census showed that the population exceeded 75,000. The last census showed the population to be over 150,000, and Manitoba therefore gets an extra senator.

Formal notice has been received from the Quebec Government of the appointment of Judge Cassault to represent the province in the commission to settle the outstanding debt account between the Dominion and that old Province of Canada as now represented by the Provinces of Ontario and Quebec.

Lieut.-Governor Carvell of Prince Edward Island has applied for three months' leave of absence on account of ill-health.

The writ has been issued for an election in L'Islet to fill the vacancy caused by the appointment of Mr. Desjardine to the clerkship of the Legislative Assembly of Quebec. Nomination on Dec. 29, polling on Jan. 5.

WARRANTS ISSUED.

For the Arrest of Some of the Suspected Leaders in the Homestead Poisoning.

PITTSBURG, Pa., Dec. 20.—Warrants were issued yesterday for the arrest of Hugh Dempsey, the district master workman Knights of Labor, and J. M. Davidson for complicity in the Homestead poison plot.

The charges are made by County Detective Beltzhoover and charge the men with felonious assault and battery and administering poison to the men employed in the Homestead mill during the late trouble.

Warrants are also out for the arrest of Gallagher, the confessor.

This evening Dempsey called at the alderman's office and surrendered. He was released on $2500 bail. He strongly asserts his innocence and says he will have no trouble in proving it. Davidson has not yet been arrested.

Short of Cars.

KANSAS CITY, Mo., Dec. 20.—The railroads centering at Kansas City are again suffering from a car shortage. The trouble, though never done away with, during the past three months has been lessened to some extent at times, but the situation is worse than ever. All of the roads are short of cars. Nearly all of the railway agents here regard the situation as serious, and the promises for relief are anything but reassuring.

The grainmen suffer most, but other shippers are unable to ship any great amount of freight. In the territory contiguous to Kansas City the estimates of agents place the shortage at from 6000 to 8000 cars.

Winked at Fire.

PARIS, Dec. 20.—While Alphonse D. Rothschild was hunting near the Ferriere, in Alier, yesterday his companion's gun went off accidentally and the ball cut a furrow in his right cheek just below the eye. The surgeon who dressed the wound says there is no immediate danger of blindness.

TUESDAY, DECEMBER 20, 1892.

A SIX THOUSAND DOLLAR SHORTAGE.

THE financial statement of the Town of Peterborough, published as required by statute is now, perhaps, pretty largely in the hands of the ratepayers and those of them who have had leisure to peruse this document will observe that, according to the figures of the statement, there is a deficit of $6.000 on the financial operations of the current fiscal year. Taking the figures of the financial statement, it will be observed that there was due the Ontario Bank on January 1st, 1892, the sum of $36,634.75; add to this the amounts drawn from the bank to Dec. 14th, 1892, and we have according to the statement a total bank indebtedness of $127,604.67. From this is to be deducted the amount deposited during the year, $116,842.06, which leaves a balance due the bank on Dec. 14th, of $10,762.64. To this, as appears by the statement, there is to be added the amount due in accounts and salaries, $2,983.13, a total current liability of $13,745.77. Take from this $7,890.06 of uncollected taxes and we have $5,855.71; add to this adverse balance $1,100 which is the amount of uncollectable taxes as estimated by the council and we get $6,955.71. Deduct from this the sum of $800 due by Ashburnham, which we understand has been paid since the statement was printed, and we have the sum of $6,155.71, as the amount of deficit for the current year. In reduction of this sum there may be a few small payments on account of police court fines and licenses. However in any event, according to the statement issued by the council a there is deficit, in round numbers of the not inconsiderable sum of $6,000. At the striking of the rate we had the assurance that the council would be able to live within the estimates, which they should have done in view of the increased revenue, amounting in the matter of the market, to over $900, dog tags, $500, and the revenue of about $2,000 from our increased assessment over the previous year of $100,000, a total of $3,400. This is equal to eight-tenths of a mill on the total assessment, and the deficit of $6,000 represents a mill and a half; or in other words there is to be deduced from the statutory statement the fact that this year's council spent over the council of the preceding year, a sum equivalent to that produced by a levy on the total assessment of a rate of 2 3-10 mills on the dollar. The ratepayers will naturally inquire—"Where did the money go?"

DOURO COUNCIL MEETING.

The council met on the 15th inst. Members all present. After routine the following accounts were ordered to be paid: J. R. Stratton, printing and stationery, to date $30; Reeve and clerk, preparing annual financial statement of Treasurer's accounts, $3 each, $6. Moved and ordered that the time for the collection of the balance of taxes be extended to the 15th Feb., 1893. Moved by Mr. Walsh, seconded by Mr. Bullock, that whereas R. H. Reid was ordered at a former meeting of the council to pay the sum of $20 to G. J. Galvin, pathmaster, on portion of River road, to be expended by Mr. Galvin on his road division in lieu of timber cut by Mr. Reid on said River road, and as Mr. Reid made a statement to the council at its present meeting, which cast a different light on the matter, it was resolved that the amount to be paid by Mr. Reid be reduced to $3, with the understanding that any person found trespassing on the highways of the municipality will be prosecuted to the full extent of the law, and also that said amount be paid into the hands of the Treasurer within thirty days. Moved by Mr. Garbutt, seconded by Mr. Allan, that the report made out of the annual statement and of the Treasurer's accounts be received and adopted as also an appended statement of receipts and expenditures from the 15th day of Dec., 1891, to the 31st day of Dec., 1891, the clerk to get 200 copies printed for posting up and distribution according to law.

Patrons of Industry Meeting.

A mass meeting of the Patrons of Industry in this township was held in the town hall on Thursday evening, December 15, which in point of numbers and enthusiasm was a gratifying success, the hall being well filled with thoughtful and intelligent farmers and farmers' wives, who had evidently come together to attentively hear and carefully weigh and assist in discussing some of the most important questions of the day pertaining to their profession.

The Association in this township is in a prospering condition and its members are now looking forward to the near future when they shall see their profession enjoying a position that will secure for the tillers of the soil a proper share of the wealth they create, and upon whose labour depends the prosperity of the nation.

The primary business of the meeting being the organizing of a township association; after the usual routine the following officers were elected and duly installed:

President—M. D. Sullivan.
Vice-President—Wm. Quinn.
Secretary—Maurice Condon.
Treasurer—George Hamilton.
Sentinel—Dennis O'Brien.
Executive Committee { Robert Allen. John Quinn. John Moloney.

After the election of officers a debate took place, the subject being: "Resolved that a man will do more for money than for love." After a very animated and entertaining discussion, which was very cleverly put forth by both sides and in which each speaker drew forth repeated and prolonged applause from the audience, it was placed before the deciding committee, whose final decision was in favour of the negative, after which the meeting was duly closed, each going to their respective homes, sorry to part, happy to meet again,

THE BIGGEST DAY IN 7 YEARS!

Saturday, December 3rd was the biggest day MR. J. J. SHEEHY has had in seven years. Why is this? Surely not because there is less competition. Certainly not because inducements are not being held out by others. Most assuredly not because prices of farm products are showing an upward tendency. Then why?

Simply because the purchasing public of the town and surrounding country have read Mr. Sheehy's advertisements, have inwardly digested them and have concluded that cheap sale or no cheap sale Mr. Sheehy is bound not to be undersold.

We want every day in December to be a big day. How are we to accomplish this? Simply by offering to the public better value for the money than can be had elsewhere. Just cast your eye over the following quotations:—

All Wool Flannels, 26 in. wide, - -	17½	Good Linen Towels each - - -	5½
9 lb. Wool Blankets, - - - - -	$3.75	Grey Wool Blankets, - - -	31c. a lb.
14 yds. Heavy Grey Canton Flannel,	$1.00	25 yards Factory Cotton, - -	$1.00

These few quotations will probably give an idea of what we are doing and a glance at our BARGAIN TABLE in the centre of our store will convince the most skeptical that when it comes to general bargains we certainly are very decidedly "in it."

Best Cure For

All disorders of the Throat and Lungs is *Ayer's Cherry Pectoral. It has no equal as a cough-cure.*

Bronchitis

"When I was a boy, I had a bronchial trouble of such a persistent and stubborn character, that the doctor pronounced it incurable with ordinary remedies, but recommended me to try *Ayer's Cherry Pectoral.* I did so, and one bottle cured me. For the last fifteen years, I have used this preparation with good effect whenever I take a bad cold, and I know of numbers of people who keep it in the house all the time, not considering it safe to be without it."—J. C. Woodson, P.M., Forest Hill, W. Va.

Cough

"For more than twenty-five years, I was a sufferer from lung trouble, attended with coughing so severe at times as to cause hemorrhage, the paroxysms frequently lasting three or four hours. I was induced to try Ayer's Cherry Pectoral, and after taking four bottles, was thoroughly cured."—Franz Hoffman, *Clay Centre, Kans.*

La Grippe

"Last spring I was taken down with la grippe. At times I was completely prostrated, and so difficult was my breathing that my breast seemed as if confined in an iron cage. I procured a bottle of Ayer's Cherry Pectoral, and no sooner had I began taking it than relief followed. I could not believe that the effect would be so rapid and the cure so complete."—W. H. Williams, Cook City, S. Dak.

Our Christmas Greetings:

To our pastors—"We give thanks to God always for you all, making mention of you in our prayers; remembering without ceasing your work of faith and labour of love."—I Thes. i, 2, 3.

To our Active Members—"Behold what manner of love the Father hath bestowed upon us that we should be called the sons of God."—I John, iii, 1.

To our Associate Members—"God is love, and he that dwelleth in love dwelleth in God, and God in him."—I John iv, 16.

To our Juniors—"Suffer little children to come unto Me, and forbid them not, for of such is the kingdom of God."—Luke x, 16.

To all our Friends—"Grace, mercy and peace."

JUNIOR WORK.

The county of Peterborough is fairly well organized with senior societies; any places lacking in this respect are being looked after by the county union; but in one respect our county is far behind what it should be, that is, in the Junior Society work. There should be a junior society wherever there is a senior—will not some one in your society take this work in hand? The seniors will get trained workers from the juniors after a while. This is almost more important work than among the older members; do try and lead the children to Christ, and thus obey His commands. Think over this matter prayerfully; this message is for you as you read this, do not shirk the promised reward.

Let us make our county the leader in this work. Mr. W. F. Nelson will aid you in forming a junior; write him and obtain all needed information.

Peterborough Local Union will hold a revival prayer-meeting on New Year morning. We hope other societies throughout the country will do likewise.

What is your society doing for Montreal, '93?

What is your society doing to support our column?

SOME TEMPERANCE WORK FOR YOU.

By John G. Woolley in Golden Rule.

So many letters come to me from the temperance committees of Christian Endeavour societies asking for counsel touching practical ways to commence work, that I cannot answer them separately, for I am a very busy man; yet they must be answered, and shall be. For nothing in my work has pleased me more than the manifest interest awakening throughout the Society, in the temperance question. A happy thought comes to me. I will answer them all by one article in *The Golden Rule*, and shall say:

First, let every member of the committee sign a pledge of total abstinence.

Second, hold a temperance meeting for the society, and get every member to sign the pledge.

Seventh, appoint a committee on literature to provide temperance tracts and distribute them from house to house, dividing the territory into small visiting districts for that purpose. Let every tract be carried to every house in the district with a request made, and a promise obtained, if possible, that it shall be read. Exercise judicious care in the selection of tracts to meet the needs of the different households. With every tract present the card of the society.

Eighth, hold a mass temperance meeting once a quarter in the church, on Sunday night, if possible, having at each of these meetings some well-known specialist in temperance reform present his view. The address should be preceded by a report for the quarter from the chairman of the temperance committee.

Third, ask the pastor to preach on Heb. 12:12, 13, with special reference to temperance, and get every member of the church to sign the pledge, upon slips placed in the pew beforehand for that purpose.

Fourth, let the committee canvass the merits of temperance newspapers, and decide upon one, and get every family in the church to subscribe.

Fifth, investigate the "Domerset medal contest," and consider whether it might not serve a useful purpose in your society.

Sixth, appoint a "rescue committee" to look after young people whose work or disposition makes them especially subject to temptation to drink. Let this committee watch out for sickness or trouble in the homes of drunkards, and get into them with the Gospel, not preaching, but with flowers, fruits, books, tracts, in the name of the Christian Endeavour Society.

Ninth, on the approach of any election in which the temperance question figures, even slightly, have a representative Christian man of each political party present his party's view of the temperance question. Have all these speeches in one evening, so that people of all parties will attend, and let the place of each speaker on the programme be decided at the meeting, and the time of each strictly limited.

Tenth, every member who is a voter should attend every caucus or primary of his party, and take part. Caucuses and elections should be duly announced in regular Endeavour meetings.

Eleventh, report progress to the *Golden Rule* from time to time, with additions to these suggestions.

Twelfth, Eph. vi, 10-20.

London, England.

As Christmas and New Years will be observed on Monday this season, St. Paul's Society has decided to change the meetings from Monday to Sunday evening immediately after the church services.

This society has raised over $140 during the last ten months for the North-west Presbyterian Home Missions, and on Christmas night will take up a collection to further aid this work.

"A snake in the grass" is all the more dangerous from being unsuspected. So are many of the blood medicines offered the public. To avoid all risk, ask your druggist for Ayer's Sarsaparilla, and also for Ayer's Almanac, which is just out for the new year.

About Annexation.

When dyspepsia invades your system and bad blood occupies a stronghold in your body the way out of trouble is to annex a bottle of Burdock Blood Bitters, the best remedy for dyspepsia and bad blood, and the only one that cures to stay cured.

We do not know of any preparation that has caught the public favor in so short a time as Dodd's Kidney Pills, but when we consider that three-fourths of the Canadian people are afflicted with kidney troubles in some form or other, and that Dodd's Pills are a quick and permanent cure for all these troubles, the large and increasing demand can scarcely be wondered at. Sold by all dealers or by mail on receipt of price, 50cts. per box. Dr. L. A. Smith & Co., Toronto.

TO BE OR NOT TO BE "IN IT."

A Life Agent called at a friend's place one day,
HE WASN'T IN IT;
He had seen "the bore" coming and fled from his way,
HE WASN'T IN IT;
He had heard so much said he was tired and sick
Of insurance and agents—twas all a blank trick,
When the's coil must be shuffled to win it,
HE WASN'T IN IT.

A bit of a draft blew o'er his bald head,
HE WAS IN IT;
Pneumonia sent him straightway to his bed,
HE STAYED IN IT;
His doctor made of it a "quite special" case,
To save him for running still more of life's race,
But the grave took some chances to win it,
AND HE'S IN IT.

When approached by a gent for insuring your life,
GET RIGHT IN IT;
It's the right thing to do for your children and wife,
THEN STAY IN IT.
Remember that fires take your goods "out of sight,"
And that accidents happen each day and each night.
While insurance protects every minute,
IF YOU'RE IN IT.

A Bank Manager's Opinion.

HE IS "IN IT."

The General Manager of one of the leading banks in Canada, writing to a personal friend, says:—"I have no hesitation in saying that I place the CANADA LIFE upon the highest platform. It is in my opinion carefully, economically and honestly managed; its Reserve Funds are well invested; its rates of Premiums are low, and its future is, I think better assured than a great majority of Companies. I have my own life insured in the Company for a round amount, and would not hesitate to increase the amount of my policies should I decide upon taking out further insurance."

A Government Insurance Actuary's Opinion

On the Relation between Ordinary and Tontine Service.

It is frequently asserted by Companies whose business is nearly all tontined, that although the CANADA LIFE may and does pay large ordinary profits, yet it cannot compare so favourably on a long term distribution or tontine period, and that in the end better results can be obtained on a tontine policy in a large American Co. than on an ordinary or tontine policy in the CANADA LIFE. To prove the absurdity of this statement, the following piece of common sense is quoted from Mervin Tabor, late Actuary of the Illinois Government Insurance Department. In his well known book, "The Three Systems of Life Insurance," he says: **"A company that gives large dividends on the ordinary kind of policies, can give much larger on the same kinds when Tontined, and a company that pays but meagre dividends on the usual forms, adopting perhaps the Tontine system to "cover up" its small surpluses, cannot be relied on for large returns of surplus under the Tontine Forms of Insurance."**

The CANADA LIFE does not "cover up" its Quinquennial profits as some Companies do, but publishes them throughout the country.

It can and does surpass other Companies on Quinquennial profits. It should and will surpass them on Tontine profits.

WHY TO BE "IN IT."

BISHOP HAWKE'S REASON:—"I claim that Life Insurance is not only a humane, but I might say a Christian Institution."

LORD LYNDHURST'S REASON:—"A Policy of Life Insurance is always an evidence of prudent forethought. No man with a dependent family is free from reproach if not insured."

WHEN TO BE "IN IT."

The younger, the cheaper. Therefore insure when young. Besides by insuring in the CANADA LIFE *now*, you will share in three years' profits.

WHERE TO BE "IN IT."

The best place to be "in it" is in the Company that gives the best returns for the least money, consistent with absolute security. Therefore, in order to be "in it," choose the

A Terrible Accident.

A sad accident occurred to E. Searight, a young son of Mr. C. J. Searight, who resides near Norwood, on Sunday. The seven-year-old boy was feeding his father's horse, when it is supposed that he tripped, and falling under the animals feet in the stall, was trampled upon. His face and body were terribly cut and bruised. The wonderful part of the occurrence is that after being thus mangled the plucky youth walked to the house and told his mother not to cry, as he was not badly hurt. Young Searight lay insensible for some time, and it is impossible to tell the extent of his injuries at the time of writing.

Christmas Wedding Bells.

A happy event, in unison with the joyous holiday season, occurred at 2.30 o'clock this afternoon at 61 Weller street when Mr. David Reynolds, town, claimed as his bride Miss Hattie Regan. The ceremony was performed in the presence of a limited number of friends, Rev. J. C. Davidson, M.A., rector of St. John's officiating. The bride who was the receiver of many of valuable tokens of friends was assisted by her sister, Miss Mattie Regan, while the duties of groomman were performed by Mr. Bert Shaw. After the pleasant union the happy pair and their friends sat down to a tasty repast amid the well wishes of their friends. Mr. and Mrs. Reynolds left on the 5.45 C. P. R. express bound on a short wedding trip to Toronto, Detroit and Buffalo. On their return they will take up their residence in Peterborough where their friends will wish them a long and happy wedded life.

Pain-Killer is a purely Vegetable preparation, safe to keep and use in every family. The simplicity attending its use, together with the great variety of diseases that may be entirely eradicated by it, and the great amount of pain and suffering that can be alleviated through its use, make it imperative upon every person to supply themselves with this valuable remedy, and keep it always near at hand Ask for the New Big 25c. Bishop Hawkins' Lecture.

There was a moderate number of auditors assembled in the George street Methodist church last evening to hear Rev. Bishop Hawkins, the coloured preacher, deliver his lecture on "My Reception in England." The chair was occupied by Rev. Mr. Locke. The coloured speaker told his auditors of his royal reception in England when in 1891 he went to attend as a delegate from Canada the World's Temperance Convention. He was received with extreme courtesy and in kindest cordiality by all classes of people. Bishop Hawkins related many thrilling incidents of his 27 years experience as a slave and of his ultimate escape from its cruel bondage. Many amusing and also many heart-rending scenes and pictures were recounted by the coloured lecturer, and narrated with a power, an eloquence and a vim that held the closest attention of his hearers for nearly two hours. Bishop Hawkins popularity as a lecturer needs no recommendation and those who came short of hearing him last night missed a rare treat.

A Picturesque Pony Express.

Mr. Alex. Elliott is enterprising and æsthetic. He must have everything pretty and picturesque, from a pleasure park to a pony express. He has had turned out for him the prettiest little pony express delivery wagon you could fancy. Mr. T. Fitzgerald's carriage works deserve the credit of its construction. A neat airy Sudlon gear with gear and wheels painted a lemon yellow with Aurora red striping, supports a box the rear part of which is built in the shape and colour of a bar of "surprise soap" which name in gold letters with carmine shading adorns the sides of the box. The rear end, painted black, with gold ornamentation, is composed of two doors which admit the parcels of the "Palace Grocery." In front of the vehicle is the driver's seat covered by a close hood, which bears on the sides the legend "Elliott's Pony Express." A "dandy" pony imported for the occasion from the west, in a set of Shortly's nobby, abundantly brass mounted, harness draws this pretty pony express which is to be used for delivering the holiday stock of fine groceries of Mr. A. Elliott's Palace Grocery. This stock so complete, fresh and well assorted, will be in such great demand that a specially adapted system is required to ensure prompt and speedy delivery. Persons in need of any possible kind of choice grocery goods or liquors will find an abundant supply at the Palace Grocery Store, and it will be a pleasure to receive them by the Palace Grocery's pony express, which is a credit to both the capable carriage builder, Mr. T. Fitzgerald, and the enterprising owner, Mr. Alex. Elliott, of the Palace Grocery. 1d

NEWS NUGGETS.

—A meeting of the fire brigade will be held in the fire hall this evening.

—The river and Little Lake were frozen over last night by the cold wave.

—Dean's Presentation party are "holding forth" in Lindsay this week.

—A special meeting of Otonabee lodge, No. 13, I.O.O.F., will be held on Wednesday, Dec. 28th.

—The Salvation Army *War Cry* has issued a very handsome and tasteful Christmas number—a worthy special edition of an excellent Salvation Army journal.

—It is expected by the shareholders if the present cold weather continues that the skating rink will be formally opened to the public on Friday night next.

—A meeting of the special Edison Sewer Committee will be held this evening in the town clerk's office. Mr. MacDougall will be present and meet the committee.

—St. Andrew's church Y.P.S.C.E. will hold its next weekly meeting on Tuesday night, instead of Monday night. The junior Y.P.S.C.E. will also meet on the same evening.

—The usual Bible class of the Young Women's Christian Association will be held this evening, teacher, Miss Code. The subject will be an interesting one, "The voice of God."

—A farmer's horse attached to a waggon took fright at a passing train this morning, and created a livery runaway on McDonnel street. The wheels of the vehicle were demolished.

—Mr. Frank Buckland, porter for the Oriental Hotel, who has been confined in the Nicholls Hospital for some ten weeks with a bad attack of typhoid fever, is able to be around again.

—A great deal of wood is being offered on the market every day. Soft wood is selling at $2.50 to $3.00 per load, sawed wood at $4.25 to $4.50, and long hardwood at $4.00 to $4.25—a good demand.

—The Epworth League of Christian Endeavour of the Charlotte street Methodist church will furnish the programme at an entertainment to be given by the Bethel church Sunday school Otonabee, to-night.

—To-morrow evening in the George street Methodist church, Rev. Mr. Locke requests that all the young converts who have sought regeneration at the recent evangelistic services be present, as he has something of importance to tell them.

—Mr. MacDougall, who is in town, has been requested by the council to prepare estimates and make a report as to the value of the waterworks system which the town is considering the purchase of. Mr. MacDougall will complete the work as soon as possible.

—Railroad ticket agents state travel is very dull at present, but are living in hopes that it pick up a bit in a day or two. A ticket agent stated to-day that the people did not appear to have the money to spend this year in order to take extended holiday jaunts.

—At a regular meeting of Otonabee lodge of Oddfellows held last night a resolution of thanks was unanimously passed gratefully acknowledging the receipt of the sum of fifty dollars for charity purposes from the executors of the estate of the late Mrs. Nicholls.

—Yesterday afternoon as Mr. P. Grady was driving his hack out of the gateway in front of his residence on Charlotte street, he did not notice a young son of Mr. Martin Connors who ran in front of his horses. The youth was knocked down and one of the animals stepped upon him. Happily he was not seriously hurt beyond a bad scare.

—The annual presentation of medals, scholarships and diplomas won at the departmental examinations by students of the Peterborough Collegiate Institute will be held in the assembly hall of the Collegiate Institute on Thursday evening next, Dec. 22nd, at 8 o'clock. An interesting programme has been prepared for the occasion.

—The fuse plug at the electric light on the corner of Hunter and George streets melted last night shortly before six o'clock. It took about fifteen minutes to place another plug in position and during that time the incandescent lights in some of the shops along George street had to remain in total darkness but happily the time was not long.

—Elliott & Son, of Toronto, have finished their contract for the wall and ceiling decorations in the new opera house, Lindsay, for which plans were drawn by Mr. Blackwell, architect, Peterborough, and the effect is magnificent. The painting of the gallery seats and other woodwork is somewhat behind hand, but Mr. Skinner is labouring late and early. Several professional gentlemen who have examined the interior state that it is the equal of any opera house of its seating capacity in Canada.

PERSONAL.

Mr. Alan McDougall, C.E., Toronto, is in town to-day.

Rev. J. H. Boyd, Toronto, was a guest at the Grand Central yesterday.

Thos. Slattery, deputy Inspector of weights and measures, *Picton*, is in town.

The Kingston *Whig* says: The Ethel Armstrong Concert Company have booked forty-six concerts with an average guarantee of $40, through Mr. Otto Telgmann, advance agent. The troup is succeeding well.

Captain K. F. Mason, who while at the Military School, Toronto, some eight weeks ago, met with a fall in a flanking exercise of a field movement, still suffers considerable pain in his left knee. The patella tendon was broken, and healing of the injured cord has been slow, notwithstanding the most skilful surgical attendance.

Y. M. C. A. NOTES.

Word has been received by Secretary Chapman that Mr. Colville, the former secretary, will be in town to-morrow night, on his way to Belleville, where he is to deliver an address on Thursday night. All members of the Association, and any young men who would like to meet Mr. Colville, are invited to come to the Rooms to-morrow evening, immediately after the church prayer meetings.

Gymnastic drill to-night under Major Rundle.

Hello!
Is that the C.P.R.?
Yes; who's speaking?
The G.T.R.
Well, what can we do for you?
Have you been up as far as 420 Water street, where Mitchell keeps sewing machines?
No, not yet.
That's the worse for you. You'd better lose no time. Take the first chance and drop in at 420, and see the handsome sewing machines he has just brought in by our line.
Is this Mitchell the man who repairs sewing machines?
Yes, and he's a "corker" at it too.
Well, I'll drop around.
You should; and take a sharp look at his drop cabinet machine — the finest that ever struck the town — and by Jove! his figures are very reasonable too.
All right; *au revoir!*
So long!

THIS IS FOR THE LADIES!

This will be a trying time upon all ladies who contain sister, daughterly or elderly relations towards their various respective men.

After twenty-five, men are no longer sentimental. Up to that time any plank apparently, as a commodity, finds favour. But the moment life begins earnest, a man understands what you mean by comfort. There is a hint in this for the ladies. Appeal to a man's comfort, and, in the jargon of the streets, "you have him every time." Here is a suggested list of Comfortables:—

Alarm Clocks!

There are a great many small Alarm Clocks which have been running for a few years and are now out of order, which the owners are allowing to remain idle, because they think it will cost too much to repair them. If you bring them to us you will find that we will make them run as well as they ever did, at a very small charge. We have already changed hundreds of them from being merely rubbish into good timepieces. If you want to buy a new one, we will sell you an Alarm Clock at a lower price than any one else in the trade. We sell only the very best make and warrant every one.

A MEMORIAL SERVICE

Held in the Charlotte Street Church Last Night in Commeration of the Church's Late True and Tried Member, O. C. Rowse.

A memorial service in commemoration of the late Oliver C. Rowse, for many years a consistent and faithful member of the Charlotte street Methodist church was held in the lecture room of the church last evening. The pulpit was heavily draped in black with several plants of flowers resting on top and a beautiful white lily in full bloom on either side. The organ and piano were both draped in black, relieved with white. On the wall to the rear of the president's chair was white crape, arranged in graceful and effective folds. The attendance was large, many of the old and faithful members of the church being present as a token of respect to the memory of the deceased brother, or as the pastor appropriately styled him, "their late friend and brother." After prayer and the reading of suitable Scripture passages, Rev. Mr. Edwards, on behalf of the church, then paid a loving and grateful tribute to the late Mr. Rowse. The pastor spoke of his activity in all branches of church work, and his exemplary character. The secret of his sainted and model life was communion with the Saviour, and placing implicit confidence in Him. He was alike equally as successful in business, being esteemed by his fellow-citizens as an honest pushing and energetic merchant. Mr. M. A. Morrison, president, spoke in behalf of the Epworth League of Christian Endeavour. The speaker mentioned the love and interest which their late co-worker took in the society and its success. He was instrumental in first organizing the society and was its first president, holding that position with credit to himself, the society, the church and his Saviour, until feeble health compelled him to retire. Frequently during his illness he would anxiously enquire as to the society's welfare and its weekly inspiring meetings. His life would not lose its influence upon them and would be an inspiration to them to be more useful in the service of the Lord.

A duet entitled "Only Remembered by what we have done" by Misses E. Sherlock and M. Stevens, was well rendered. The meeting, which was a solemn and impressive one throughout, was closed by prayer by Rev. Mr. Edwards.

THE PROPOSED WATER WORKS PURCHASE.

To the Editor of the Examiner:

SIR,—As a great deal of discussion has been going on lately in the town council re the purchase of the Peterborough Water Works and as it is the feeling of some members of the council that the matter should be thoroughly discussed both *pro* and *con*, I take the liberty of stating my views on the matter.

I believe it is in the interest of the town that the town should own its own waterworks, and electric lighting as the two go hand in hand. But the town should not be in too great haste to take them at any price and at any cost. The company have recently purchased a valuable water power and are erecting a suitable dam from which they expect to supply an unlimited quantity of pure water both for domestic and public use from a clear rock bed, not such as they have at present which is a mud and sawdust bottom and condemned as a source of pure water supply.

Now what I would recommend is that the town wait, say, for two years. The company will then have their plant and appliances, pumping station, etc., perfected, and as good a water power as can be got in the country. It is a well known fact that private individuals or private companies can do work more cheaply than corporations. This

HAS BEEN PROVED TIME AND AGAIN,

both in Peterborough and all other corporations, and I do not think that the freeholders of this town will take the construction or the completion of the works out of such hands as Mr. John Burnham and Mr. R. A. Morrow, both keen business men, and place it at the disposal of the town council. It is argued by some members of the council that it should be taken over at once to get rid of the taking of the dam. I think it does not take a lawyer to read over the agreement to see that the dam is part of the company's stock in trade and must of necessity go with the pipes, etc., but in reading between the lines is there not apparent a sinister motive in keeping the pumping station where it is now? Are there not three members of the council owning a controlling interest in the present dam, the power from which is leased by the water company; and I understand the best rate that could be made as a renewal lease would be $1500 per annum, a sum which would pay interest on an outlay of almost $34,000 at 4½ per cent. interest, which I assume would be a fair rate for the town to pay.

The town owning the complete system and control of the water at the new dam, would be then in a position to deal liberally with small manufactures, which almost every person will admit—if you have enough of them—are more desirable and beneficial to a town than a few large ones (I refer to the power which would be supplied by electricity.) We have a number of them now, canoe factories, printing houses, furniture factories, and a host of other concerns that could all be run by power from the dynamo at a price a small advance on cost of running and

THIS WOULD BE THE BEST BONUS

you could give a manufacturer.

I understand two companies are negotiating or want to negotiate with the town for the franchise of an electric street railway. I think it would be folly for the town to grant a franchise to any company until the streets are properly sewered, as the sewer, of necessity, must be in the middle of the street, and immediately under the street railway—the Water Company owning one side and the Gas Company the other.

The Council should at once take active steps and formulate a scheme of sewerage which would be acceptable to the people. When the matter of voting on the sewerage question came up last summer, you could not get an individual to say he was opposed to sewerage, but the scheme did not suit, or he could not understand how the town was going to have a complete system of sewerage for $40,000, or perhaps it was, as pointed out by Mr. J. W. Fitzgerald, C. E., in a series of able and well-written letters, that they could not commence in the middle of a sewerage system and get the sewage to run up hill. Are they going to repeat the error again? True, Mr. Dennistoun said he was willing to explain it to any ratepayer who would go around to his office, but life, no doubt, was too short for the average ratepayer to take this trouble to get explanations of a system which should, properly, explain itself. Put in a good and complete sewerage system; then take over the water works and purchase the electric light plant. Of course the latter are not obliged to sell but, no doubt, they would be glad to arbitrate if they thought the town were going to put in a system of their own which could be done for $30,000, 100 arc lights, 2,000 candle power, (I give the *Electric Age* as my authority). Say to the companies wanting

THE STREET RAILWAY FRANCHISE,

"we will give you power at a price to be agreed upon"—$2,000 per year was looked upon as a reasonable amount to pay for motive power—and you will then have a direct revenue, as the whole system—water works, electric lighting, water power and electric power—would not cost over $250,000, and the cost of running the whole plant would not be much over what it now costs either the Water Company or the Light and Power Company singly.

The council should not act rashly in this matter, but consider it well and not incur too many obligations until they get rid of some of the present. The debentures debt of the town, according to the treasurer's statement, is, in round numbers, $300,000, $80,000 of which must be met before July 1st. Add to that the purchase of the waterworks, say $200,000; a system of sewage would not cost less than $100,000, which makes a total of $600,000 or 15% of our total assessment, $402,000 of which would have to be put on the market within one year. Could you sell that amount of debentures? Is the town of Peterborough sufficiently well known to float such a loan? I ask the gentlemen at the council board not to get into the same wild cat scheme the city of Toronto has got into within a few years, when they had to go from bank to bank and beg money at 7% to tide them temporarily over their difficulty, and when their treasurer went to sell their bonds on the London market, their financial standing was better known there than it was to their own council, and they had, consequently to sell at a much higher rate of interest.

I should like to have the council explain how the revenue is to be derived from the waterworks if the town should purchase them. Is it by the present system of hydrant rental or are they going to charge a frontage tax as is done in every place owning its own waterwork and compel citizens of Peterborough to pay for water whether they use it or not?

In conclusion I submit that the purchase of the waterworks by the town is something that should be approached with the utmost caution, and that *no action committing* the town should be taken without the most exhaustive investigation. Thanking you for space I remain,

Very faithfully,
HASTEN GENTLY.

POLICE COURT.

TUESDAY, Dec. 20th.

At the police court this morning Wm. Doherty remanded for sentence for the larceny of a $50 promissory note from R. H. Read, committed on Dec. 2nd, was sentenced by the magistrate to six months confinement in the County Prison. The magistrate told the prisoner that he had given his case the fullest consideration and could not, after due investigation, believe his story in reference to the affair.

Wm. Taylor, of Monaghan, who was recently brought up before the county assizes charged with keeping a house of ill repute and found by the jury "not guilty" was arrested yesterday afternoon by Chief Enoch and locked up. He faced the P. M. this morning on the charge of being a vagrant. The evidence of the girls Rose Elliott and Georgina Earle who were acquitted by the jury at the county court of being inmates of a house of ill fame also, and who spent last night in the cells, was taken. They deposed that the prisoner was packing up his household effects which had been stowed on George street, preparatory to leaving town last night, when he was arrested. Mr. E. B. Edwards appeared for the prosecution, and Mr. E. B. Stone in Taylor's behalf. The magistrate dismissed the case, he holding that no evidence was adduced to show that the prisoner was a vagrant.

COUNTY POLICE COURT.

TUESDAY, Dec. 20th.

The County Police Magistrate held court this forenoon. The enlarged case of Edward O'Brien, of Ashburnham, charged by his wife, Mary O'Brien, with assaulting and ill-treating her on Saturday last, the 17th, came up for adjudication. The prisoner pleaded guilty to the charge, but was allowed to go on suspended sentence.

The two Douro young men, Wm. Harrison and Wm. Turner, pleaded guilty to the offence of breaking into the house of A. Swinton, at Auburn, on Thursday last, Dec. 15th, when the owner was away from home and stealing therefrom a silver watch, shot bag, a quantity of shot, a powder flask, a quantity of powder, a pocket book and other miscellaneous articles. They also consented to be tried summarily. Mr. Wood was present for the Crown, and Mr. E. B. Stone appeared for the prisoners. The magistrate remanded Harrison and Turner a week for sentence.

MAKE THE LAND RICHER.

How Green Manure Will Do This at Small Cost.

There seems to be no occupation in life wherein men are so generally averse to paying out money (or its equivalent) for benefits to be received a little later on, as in farming, and especially in relation to feeding the land in order that it may produce more abundantly. T[illegible] green manuring, for instance. If a man sows a crop for this purpose, half the time he changes his mind when it is grown and harvests and sells it, and this notwithstanding the fact that unless stock feeding enters largely into his system of operations green manuring must be his main dependence for continued or increasing prosperity.

We do not begin to make use of this means for supplying fertility as we would if we could bring ourselves to pursue a more open-handed policy with our lands. We might often put in a catch crop of oats, rye or clover where land is now left bare for months, and by turning them under put solid capital in our bank that will pay good dividends in future years. The general farmer is always on the safe side in green manuring, though he may be a stock keeper also, for, if he grows and harvests crops with the purpose of feeding them out and returning the manure to the land, the chances are that his appliances for saving the product are so inadequate that not half of it gets where it is needed. In turning under a green crop says a writer in Farmers Guide there is no opportunity for the escape of the valuable elements. The crop decomposes completely in the ground which it is intended to enrich, and enters then and there upon its work.

who was foaled in 1889 and stands 15 hands high. He was bred by Mr. Wm. Wright, Yorkshire, England, and brought here in 1891.

History of the Merino.

We find in the Farmer's Home the following bit of history of the introduction of the Merino sheep into England and Australia: The services of George III.—in improving the quality of English wool—are generally known and recognized; but this story of his measures to get possession of what were admitted to be the best wool sheep in the world is, perhaps, not quite so familiar. King George, by great interest, managed in 1786 to obtain a few Merinos from Spain. The wool of these did not prove quite up to the mark, and he made overtures for some of the choicest Negretti flock; but his offers were repulsed. If the English monArch coveted Spanish sheep, the King of Spain coveted English coach horses, so a team of eight of the finest carriage horses England could supply was sent out as an offering to the King of Spain; and, in return for these, five rams and 35 Negretti ewes were forwarded to Windsor. The care of the new-comers was entrusted to Sir Joseph Banks, who selected the park at Oatlands for their pasture, and no crossing whatever was allowed. As the royal flock increased specimens were distributed among such agriculturists as could be relied upon to attend to the purity of the breed; and in 1804, to attract more attention, part were sold at auction. The following are some of the leading prices: One ram 38 gs., two 30 gs. each, one 27 gs. It was from this sale that Merino sheep were first carried out to Australasia. But the earliest attempt at sheep-breeding in the colony was very unfortunate. The native dogs (dingoes) destroyed five ewes and a lamb—an event thought to be of sufficient importance to warrant a special despatch to the home government.

Palatable and Potent.

The great objection to cod liver oil has been its nauseous taste. This has been entirely removed by the process of preparing "Miller's Emulsion of Cod Liver Oil," which is combined with hypophosphites of lime and soda, the greatest creator of new blood in the world. It has cured thousands of consumptives by rebuilding their constitutions. Everybody is talking of the wonderful power of this Emulsion. In big bottles, 50c. and $1.00, at all Drug Stores.

Prepare for Cholera.

CLEANLINESS, care and courage are the resources of civilization against cholera. Keep the body scrupulously clean. Eat hot food. Take Burdock Blood Bitters to maintain regular digestion and ensure pure blood which is the very best safeguard against cholera or any other epidemic.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam For Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle *Free*, that they may try it before purchasing. The large bottles are 50c. and $1. We certainly would advise a trial. It may save you from consumption.

A Good Lawn.

Joseph Harris says: The charm of a lawn consists largely in its [illegible] green color, luxuriant growth and [illegible] from weeds. Many try to secure this result by covering their lawns with rotten manure in the fall or early winter. A much pleasanter method is to sow a mixture of, say, equal parts, nitrate of soda, superphosphate and muriate of potash on the lawn this fall, and then next spring give another dressing of nitrate of soda. Apply this fall the above mixture at the rate of half a ton per acre, or say a small handful to each square yard. Sow it broadcast, as evenly as possible. In the spring sow 300 pounds of nitrate of soda per acre, broadcast, or say a small handful to each three or four square yards of lawn. The above treatment will not only greatly improve the lawn, but will also give increased luxuriance to the trees, shrubs, roses and flowers that may be on the lawn. For pasture land many will think they cannot afford to be so liberal in the use of fertilizers. Perhaps not. But there is great pleasure in seeing a closely cropped pasture clothed with dark green, luxuriant grass that looks fresh every morning and smiles in the sunshine during our hot August weather. We believe there is profit as well as pleasure in such a field of grass. Put on a good liberal dose of nitrate and superphosphate and potash this fall and an additional dressing of nitrate of soda in the spring.

Booming Goat's Milk.

The English are trying to work up a boom on goat's milk for invalids and children. Here are analyses of milk from a Cashmere goat in Queen Victoria's herd and from a prize Shorthorn cow:

	Water.	Fat.	Other Solids.
Cow's milk	87.56	3.68	8.81
Goat's milk	80.72	6.96	12.86

The goaty odor, it is claimed, can be taken out of the milk by aerating it. The cream globules of goat's milk are small, and it is asserted that it is more digestible than cow's milk. It is also said: For household use, goat's milk is infinitely superior to cow's milk. Custards and puddings are far richer when this milk is employed in their production, and to tea and coffee it imparts a richness that is only obtainable with cow's milk to which cream has been added.

A Pertinent Truth.

A good stock farmer, one who knows what he is doing and understands his stock, will always be able to breed a better animal than he can buy.

Dear Sir:—Your Dr. Morse's Indian Root Pills are the best selling pill in the market. *This is a fact.* I speak with knowledge on the subject, as I have been dealing in various kinds of Pills, and sell more of Morse's than any other.

If any one does not believe this, I ask him to write any of my customers about it, or better still, I ask him to try a box and see if he will then use any other. I hope I may always have them. Yours gratefully,

REMOVAL SALE!

The Whole Stock to be Cleared at Net Cost, as we have no Option but to Remove to Other Premises.

We must vacate our present store on account of the near expiry of lease. The rent-[illegible] renewal was more than we should or could afford to pay, and as we were allowed only a limited time in which to reach a decision, we decided to move. This necessitates a Clearance of the Stock, so we now offer

The Entire Stock at Net Cost for Cash.

Every line in the store is new, bought for this season's trade, and consists of Staple and Fancy Dry Goods, Gent's Furnishings, etc.

We will announce later on the location of the new premises to be occupied by us.

Thanking the public for their generous support in the past, we trust to be able to do as well, if not better, in the future.

Important Announcement to the Public!

RETIRING FROM BUSINESS SALE.

Hall, Innes & Co.

Having decided to retire from the Dry Goods Business in Peterborough announce that they will on WEDNESDAY, NOV. 23rd, commence a

GENUINE MAMMOTH CLEARING SALE for CASH

Covering Every Department of their Extensive Business.

HALL, INNES & CO.

WISH TO SAY that during the many years of their business career they have never offered Goods on the above basis (except during the time of re-building their Premises), and they now confidently expect that the public will rely on the GENUINE character of this sale, and avail themselves of this opportunity of securing goods of sterling quality, at prices much below those obtained in a regular business way.

The reduction of price will apply in all Departments, as follows:

General Dry Goods.	Hosiery and Gloves.	Carpets and Floor Oilcloths.
Silks and Dress Materials.	Bed and Table Linens.	Mats and Mattings.
Millinery and Mantles.	Scotch & Canadian Tweeds.	Lace Curtains.
Mantle Materials.	Worsted Coatings & Overcoatings.	Sash Curtains.
Ribbons and Laces.	Gents' Furnishings.	Portieres, &c., &c.

The Stock is in first class order, having been bought for our Fall and Winter trade, and many lines have come to us direct from the best manufacturers in Britain, France and Germany. This sale is bona-fide, and in no way similar to many so-called Clearing Sales, and we feel certain that this opportunity of securing good goods at low prices, will be largely taken advantage of by many.

Remember that this sale will begin on Wednesday, 23rd November, and continue until the stock is disposed of.

N. B.—All Outstanding Accounts must be settled at once.

BARRED FROM FREEDOM.

The Panama Canal Operators Under Arrest Cannot Have Bail.

PARIS, Dec. 19.—M. Lesser, whose residence was searched by the police is at present in America.

An entry in one of the books of Thierree & Co., the Coulisse firm, shows that Joseph Reinach, son-in-law of Baron Reinach, received 40,000 francs from the firm. Joseph Reinach says that he received the money as a dowry and that he is willing to return the amount to the liquidator of the Panama Canal Co. if it can be shown the money came from the company's fund.

The officers of newspapers which received money from the Panama Canal Co. will be searched at once, and unless it is found the money was entirely expended in advertising, the proprietor or others who accepted the money will be prosecuted.

Baron Cotta, one of the accused directors of the Panama Canal Company, who fled from Paris to Vienna to escape arrest, left Vienna to-night.

The report was circulated last evening that Senator Jules Guychard would be made president of the Sues Canal Company in place of Charles de Lesseps.

Application was made to Magistrate Franqueville to-day to release de Lesseps, Sans-Leroy and Fontaine on bail. Responsible bondsmen were ready to sign the papers, but the magistrate refused even to discuss the possibility of such release. He added that nobody would be allowed to see the prisoners until after the examination of the documents seized in their offices.

A General Strengthening.

PARIS, Dec. 19.—Business on the Bourse was unsettled during the past week. A general strengthening greeted M. Rouvier's return to office, but his subsequent sudden resigning of the finance portfolio caused a heavy decline in rentes until M. Tirard was announced as his successor, when an upward movement set in again. International funds were less affected, but their tendency was downward. Bank of France shares receded 20 points owing to reports that the extension of the bank's privileges would be deferred. Credit Foncier was severely attacked on the resignation of M. Rouvier, but afterwards partly recovered, closing, however, with a decline of 31 francs. Railway securities show a general decline of from 10 to 15 francs. Rio Tintos closed 10 points lower.

Slight Revival.

BERLIN, Dec. 19.—There was a slight revival in business on the Boerse during the past week. International funds were firmer, but home funds still show a slight decline. American bonds have risen, and business therein appears likely to undergo substantial expansion in the course of time. Industrials shares are declining, owing to the stagnant condition of trade throughout the country.

A Bloodless Duel.

PARIS, Dec. 19.—A duel, growing out of Thursday's heated debate in the Chamber of Deputies, was fought Saturday, Deputy Aren, Republican, having challenged Deputy Gabriel, Boulangist. Two shots were exchanged, but nobody was hurt.

Business Quiet.

FRANKFORT, Dec. 19.—On the Boerse during the past week business was quiet and prices were firm, especially in the case of international funds. The final quotations include: Hungarian gold rentes 96, Mexican sixes 77, Austrian credit 28, short exchange on London 20 33, private discount 33 3/8.

An Earl Dead.

LONDON, Dec. 19.—Lionel Seymour William Dawson-Dawer, the fourth Earl of Port Mrlington, died yesterday.

NEW YORK, Dec. 19.—The exports of gold this week were $4,250,000.

A LUMBER DEAL.

One of the Most Important Transactions Ever Recorded in Canada.

OTTAWA, Dec. 19.—One of the most important lumber deals ever transacted in Ottawa was effected there late Saturday. Mr. Richard Nagle, who has been negotiating with capitalists to that end for some time past, concluded the sale of 145 miles of timber limits in the Nipissing District. For the purchasers the deal was conducted by Mr. Henderson of New York, who has been in the city for some days for the purpose. The price paid was $150,000.

News About Town.

It is the current report about town that Kemp's Balsam for the Throat and Lungs is making some remarkable cures with people who are troubled with Coughs, Sore Throat, Asthma, Bronchitis and Consumption. Any druggist will give you a trial bottle *free of cost*. It is guaranteed to relieve and cure. The large bottles are 50c and $1.

Four Doses Cure a Cough.

GENTLEMEN,—My little boy was troubled with a very bad cough, and a lady friend advised me to try Hagyard's Pectoral Balsam. I got it at once and can truly say I did not give more than three or four doses until his cough was gone. I have never been without it since, as I find it the best for troublesome coughs.

Do not be discouraged if other medicines have failed to give you relief. Membray's Kidney and Liver Cure acts on the "Kidneys" direct, combined, with a mild action on the "Liver" and bowels, thereby removing the cause of "Back Ache," sour stomach, dizziness, indigestion and constipation.

A Pleasant Herb Drink.

The best cure we know of for Constipation and Headache is the pleasant herb drink called Lane's Family Medicine. It is said to be Oregon grape root, combined with simple herbs and is made for use by pouring boiling water

ably efficacious in all blood disorders and is now the sovereign remedy with ladies for clearing up the complexion. Druggists sell the packages at 50c. and $1

A HOUSE DRESS.

To-day's Fashion Note Pictures a Princess One.

A house dress is pictured below. The pointed yoke, the cuffs and the front piece that is set in, are of striped woollen goods. The dress is princess in form and is shirred in at the waist. The lining is cut only several inches below the waist, and is not

sewed together with the stuff. The skirt is lined separately and the lining is fastened to the material on the top. After the waist is fitted properly the yoke and front piece are then sewed on. The front piece must be cut so that the stripes match, and there must not be too much fulness under the arms. The goods must be first shirred on to the lining and then sewed firmly. The front must be left fifteen to twenty inches wider than the lining, so that the two front plaits can be made. Between the two plaits is a piece of the striped goods. The dress is fastened in the front with hooks and eyes to about six or eight inches below the waist; the other part is sewed together. The shirring commences at the second plaiting, and there is a gore put in the back so as to give it the proper shape. It would therefore be advisable to cut the pattern of the dress from thin paper and try it on the paper. The sleeves are of plain material and sewed together with the lining.

The French dressmaker does allow pockets. So don't let your tyrant refuse you one. To be sure, the French dressmaker puts the pocket in all sorts of places, and sometimes you simply won't use it. I have been looking at a gown just brought over; the skirt closes in the back with the usual "placket" hole device, and the pocket is the placket hole opening. Don't we have trouble enough with that wretched device as it is, what with its showing glimpses of petticoats and getting all around out of place, and — Oh, every woman knows the things that the placket can do. Well, think of having the annoyance of a pocket added to its own tendency toward mischief, and consider the impossibility of using in public a pocket so placed? After all, it is only a refinement of cruelty and not charity on the part of the French dressmaker.

THE SILVER QUESTION.

END AND FAILURE OF THE CONFERENCE.

The Situation Presented By An American Paper — An Attempt To Appreciate Silver in the U.S. Was Made in Good Faith.

NEW YORK, Dec. 20.—The Tribune editorially says:

With the end and failure of the International Monetary Conference comes the urgent question what the United States shall do. Over 14 years this country has staggered under the burden of attempting to control the silver market for the whole world. Every time it has succeeded in establishing a slightly higher market production has so increased in this and other countries that a sharp decline in price has followed.

When the Bland Silver Act was passed in 1878, compelling coinage of $2,000,000 per month, the price was over 54 pence per ounce, and that year this country produced less than 35,000,000 ounces of fine silver. Last year the country produced nearly 60,000,000 ounces, and the average price in August this year was 38.11 pence per ounce and is now 38.37 pence per ounce, a fall of about 16 pence or 32 cents per ounce since the United States began to provide an artificial market.

Yet the increase in production has gone on in spite of the fall in price. A sure market being furnished, the mines could afford to produce all that the Government has taken, even at the low prices this year, and it is evident that they have produced considerably more, because about $12,000,000 have been exported besides the quantity used in the arts. It is an obvious mistake to rely upon a falling price to regulate production of this article, so long as the Government takes enough of the product to limit the fall.

Much of the silver is produced in connection with other metals, so that its cost of production cannot be separately stated. Much is produced from mines where the cost is so low that the price must fall much farther before they cease to be profitable. The Government has tried all these years to benefit silver producers by securing higher prices, but has failed, because it has succeeded so well in stimulating production.

This the United States has stated to other powers, patiently and courteously, with earnest appeal to them for their own interests to provide some larger use of silver. The present administration has done all that it could. Perhaps it would have accomplished more if it had been sustained by the people, but the transfer of power to the Democratic party was interpreted by foreign Governments as notice that free coinage by this country alone would afford them relief for a time at least, and prospects of great advantage.

They were willing to have the United States take all the risk and pay all the cost, and they kindly consented to take all the advantage they could of the opportunity. It would be simple justice to foreign powers if within a week Congress should pass and the President should sign a bill stopping at once all purchases of silver. That would leave other countries to shoulder their burdens themselves.

Senator Sherman was not the only prominent man who anticipated that the conference would fail to do anything, for no other issue could well have been expected after the defeat of President Harrison. But if Senator Sherman now asks immediate action on the measure he has proposed he will find more supporters than a short time ago seemed possible.

Had silver men themselves treated the act of 1890 in good faith as a compromise, the case might be different. They began agitating for its repeal and for free coinage, even while they were enjoying the higher prices which the act did for a time secure. During the last campaign they generally joined hands with free-coinage Democrats in denouncing the law.

If they do not wish it, and if it proves of no real benefit to the country but only a help to foreign powers, the sooner it is repealed the better. Republicans have no occasion to be ashamed of it. They tried the measure in good faith, hoping other powers would soon be ready to do their part. As other powers are not, the United States may well begin to look out for its own interests. There are other Democrats in the present Congress who are ready with Senator Hill to stop silver purchases at once.

Possibly a majority of them may yet vote to substitute free coinage. But among Republicans they will find fewer allies than before, it may be inferred from the language attributed to Senator Jones of Nevada. Long the foremost champion of silver coinage he will doubtless be supported by others if he declares that it is necessary now to impress upon foreign Powers a correct idea of the American position in this matter.

THE END IS NEAR.

Blaine Is Making a Strong Fight Against the Angel of Death.

WASHINGTON, D.C., Dec. 20.—"Mr. Blaine maintains last evening the hold he secured this morning when his condition showed a slight improvement," was the reply of Dr. W. W. Johnston, Mr. Blaine's physician, when asked how his distinguished patient was by a reporter. Dr. Hyatt, the consulting physician, who was present, concurred in the statement. They had just come from the sick room, where they had held a 15 minutes' consultation.

"Mr. Blaine is still in full possession of his faculties," continued Dr. Johnston, "and while very weak he is more cheerful after the trying ordeal of Sunday as could be expected. He converses as freely as he is permitted to with his family, and partakes regularly of nourishment. It is impossible to state how long Mr. Blaine is likely to survive. Speculation on such a subject would simply be idle nonsense. I don't think Mr. Blaine is in any danger of dying to-night. Further than that I do not care to state."

A friend of the family stated that Blaine is liable to a recurrent attack of heart failure at any moment, and that the family have been warned to prepare for the worst when it comes.

"When," said the gentleman, "the physicians state that Mr. Blaine is better they simply mean that he is alive, and that is about the true statement of his condition."

Chopped Up.

ST. LOUIS, Dec 20.—The ghastly work of a St. Louis murderer or a dissecting student was the terrible revelation yesterday, in the baggage depot at Quincy, Ill. The remains of a white man were found chopped to pieces and jammed into an old soap box. This receptacle had been shipped from the Union depot in St. Louis as baggage. The police were notified and took charge of the remains.

A Theosophist Coming.

MONTREAL, Dec. 20.—Mrs. Besant, the theosophist, will visit Canada next month. She will lecture here.

The Petitions Thrown Out.

WINNIPEG, Dec. 20.—The Manitoba full court has rendered a decision which throws out the petitions brought by the Opposition against the recently elected Greenway Government supporters. The ground of this decision is that the security put up by the Opposition was not legal tender, being simply bank bills, which are held not to be money.

Killed in a Railway Accident.

WINNIPEG, Dec. 20.—Word has just been received here of the death of Andrew Somerville, a well-known Winnipegger, who was killed in the railway accident on the Northern Pacific. The remains are to be sent to Orono, Ont., for burial.

Killed While Racing.

KINGSTON, Dec. 20.—Richard J. Patterson of Pittsburg, while driving home on Saturday night, was thrown from the rig and killed. He was racing with another traveler at the time. He was aged about 50 and leaves a widow and children.

We have 10,000 Booklets and Christmas Cards that cost in a lot of 100,000 from 5c. to 20c. each. They cover all new designs, and we have divided them into two lots. Your choice for 5c. and your choice for 10c. These have usually been sold for from 10 to 50c. each. A good time to get a fine thing for a little money.

We have 200 Bird Cages, and we have reduced the price, 39c. up to 98c. for painted and 89c. up to $1.99 for brass, usually sold for $2 up to $5. Give your bird a Merry Christmas.

Our supply of Fine Baskets, Work Baskets, Manicure Sets, Comb, Mirror and Brush Sets, in leather and plush, was never as good before, and we offer them at half regular prices.

In Toys, you must come to see. Our windows tell you something in this line and in Doll values. We have sold for many days an average of 100 to 200, but we have a great supply; see them. Certainly they are not half what dealers usually think they must get for them. The coming week will be a bargain week with us to be remembered.

Lamps 14c., usually 25c.

We have made a special purchase of Vases filled with the finest of teas. The vases are of rare beauty and could not be imported for less than $1.50. We shall close out two cases of them at 89c. each.

The coming week in goods wanted all the year round, we will sell two splendid Brooms of choicest corn for 25c. or 13c. each.

Do not forget we sell a $45 to $60 Sewing Machine for $17 each, and if want, buy now. Space is up. Come and see

Plush Goods in many attractive and pretty ideas, worth $1.00 for 70c.

Leather Dressing Cases, decidedly fashionable and nobby, worth $15 for $10. Those worth $10 for $5, and less expensive cases, worth $5 and $2.75, for $2.98 and $1.30.

Work Boxes in many cunning and handy patterns, worth $3 for $2.15, others worth $4 for $2.97.

Manicure Sets now so generally in use, decorated and designed in numerous pretty effects, formerly sold for $5, marked down to $3.15.

Comb and brush Sets, so convenient for the toilet table, worth $1 50 for $1.05; others worth $2.50 for $1.97.

All Christmas Cards at cost and under. 5c. Cards for 2c.; lines worth 10c. for 4c.; and all worth 35c. for 15c. In lots of 50 assorted for only 15c. To teachers of Day and Sunday schools we will make still further reductions on our 'Xmas Cards, &c.

In Toys—it's no use telling the people of Peterborough that our assortment is complete—in fact, since our extensive alterations and extension of our store, we have greatly increased our Santa Claus' Headquarters and filled it with the newest ideas in Toys to be found in the wide, wide world. Prices have so little margin on them that a quarter's worth would fill a stocking to overflowing.

Dolls at 25 cents elsewhere we sell for 50c. Dolls varying in size from one inch to three feet, Blocks, games, Puzzles, &c., Novelties, &c., at half regular prices. Come and see, but come early.

THE BARBARIC CUSIOMS

OF THE YANKEE NATION ASTONISH GERMANY.

German Papers say Hard Things About the United States and Restriction Laws—Money Grabbers Without Any Spirit of International Honor.

NEW YORK, Dec. 21.—Emil L. Boas, general passenger agent of the Hamburg-American Packet Company, returned yesterday from Hamburg, where he went to consult with directors about the threatened stoppage of immigration.

"The people in Germany are greatly stirred up," Mr. Boas said to-day, "over the orders of the United States Government stopping steamship passengers and detaining vessels. You cannot appreciate here the strong feeling that prevails in the Fatherland. The press of Germany is only too glad of some opportunity to criticise the American Government for what papers term the medieval customs of the Yankee nation.

"They call us a nation of barbarians and money-grabbers, without any spirit of international honor. The articles, as a rule, strongly advise Germans not to visit the United States during the World's Fair this year, as the Yankees only want rich foreigners to fleece them, closing their doors against the poor.

"I found German merchants greatly perturbed over the recent orders of the Treasury Department threatening to hold teamers 20 days in quarantine. They were afraid to ship merchandise and could not carry out the orders received from America. Commerce between the two countries is suffering greatly and enemies of Republicanism sneer at the American Government as the cause."

SIGNED A NOTE.

He Thinks His Women Folks Could Have Saved Him.

HAMILTON, Dec. 21.—A farmer named Robert Martin, residing near Langford, called at police headquarters to complain of the way in which he had been taken in by a cloth peddler yesterday. During the absence of his "women folks," in whose good judgment he seemed to place great confidence, he turned a willing ear to the blandishments of a slick fakir, who sold him goods which were to be made up into clothing in the course of a few days. The stuff was worth about $20, and Martin gave a note for $48, payable in nine months.

Fight with Horse Thieves.

CHEYENNE, Wyo., Dec. 21.—Meagre particulars of a desperate fight between two deputy United States marshals and a band of five horse thieves at Hyattsville, Johnson County, in which five of the participants were killed, have been received.

James Huff and William H. Nacher, the deputy marshals, attempted to arrest Ira Walker, Ace Acshnica and another horse thief, and during the fight that followed the five named were killed. The other two desperadoes have disappeared, but a posse will start after them at once.

Whitman's Admirers.

PHILADELPHIA, Pa., Dec. 21.—A reunion of friends of the deceased poet, Walt Whitman, will be held in Camden, Jan. 15. Their idea is primarily to discuss the purchase, endowment and preservation of Whitman's famous two-story frame home at 330 Mickle-street, Camden, where the poet-philosopher did the most of his literary work. At present about $500 has been raised toward the endowment, but from $1500 to $2000 more is needed.

Too Fond of Chips.

CINCINNATI, O., Dec. 21.—A shortage of $50,000 in the freight depot of the Louisville and Nashville Railway was discovered yesterday. Agent John C. McCourt and Cashier Shotwell, young men, have been removed. Each blames the other. They played faro and the races to a considerable amount. The Guarantee Company of North America was surety for both men.

Stanford Has Engaged Ben.

SAN FRANCISCO, Dec. 21.—The statement is published that President Harrison, at the expiration of his term of office, will become a member of the faculty of the Stanford University, having accepted a proposition to deliver a series of lectures on law as a non resident professor.

The Cook Arrested.

PITTSBURG, Dec. 21.—Patrick Gallagher, the missing cook who confessed to having been implicated in the Homestead poisoning conspiracy, was arrested yesterday.

Late this afternoon James Davidson, one of the self confessed poisoners, was arrested.

Welton Has a Re prieve.

ST. JOHN, N.B., Dec. 21.—In the graveyard insurance case the jury could not agree on a verdict, and Rev. Mr. Welton has been freed from jail on his own recognizance of $10,000. The case will probably be resumed.

Hanged for Wife Murder.

LONDON, Dec. 21.—Joseph Meller was hanged yesterday for the murder of his wife in September last. The crime was an atrocious one, the woman being literally chopped to pieces with a carving knife and the remains buried in a cellar.

Meller wished to be rid of his wife so that he could marry another woman. He met his fate coolly and the execution was uneventful.

Blaine's Condition.

WASHINGTON, Dec. 21.—At 1 a.m. Mr. Blaine is sleeping and is no worse. The doctor says there is no danger of his dying yesterday.

The Deacon Case.

PARIS, Dec. 21.—Edward Parker Deacon has won in the suit brought against him by the proprietor of the Hotel Splendide at Cannes for damages done on the occasion of the shooting. Each party to the action is to pay his own costs.

Gladys, the daughter whom Mrs. Deacon abducted from the Convent of the Assumption has been placed in the Dominican Convent at Nouuty.

Tennyson's Will.

LONDON, Dec. 21.—The probate of Lord Tennyson's will has been granted. The gross personal estate amounts to £57,200. The entailed estates descend from Hallam Tennyson to the succeeding male heirs. The will was executed in 1884.

A SARNIA SAFE ROBBED.

THE CANADIAN EXPRESS COMPANY OUT A NICE LITTLE SUM.

Seven Thousand Dollars Taken—The Agent Was Ill and at Home—The Clerk Was at Dinner—A Duplicate Key Was Used to Open the Safe.

SARNIA, Ont., Dec. 21.—A bold robbery was perpetrated yesterday during the time the employes were at dinner, whereby a large sum of money, estimated at $7000, was stolen from the office of the Canadian Express Company here.

The agent, T. H. Cook, had been ill for about a week and confined to the house. The clerk in charge of the office locked the safe and office at 12.20 and returned at 12.55 and found the safe and office door open and the contents of the safe gone.

The entrance was effected by the basement door at the back and the safe opened by a duplicate key, which would go to show that the robbery was connected by some person entirely familiar with key and office. Up to the present nothing has transpired to throw any light on the mysterious affair.

ANXIOUS FOR WEALTH.

A Nursery Man Who Is Charged With Unprincipled Acts.

CHATHAM, Dec. 21.—Frank W. Wilson, the owner of an extensive nursery in Harwich township, near Chatham, is being tried in the Kent County Court upon a charge of employing fraudulent and dishonest methods to extort money from his customers. He has been in the nursery business for 17 years, and has lately been making a specialty of importing, cultivating and disposing of spruce trees. His agents have for months been traveling the side lines between Owen Sound and Windsor.

It is alleged that farmers and others were induced to sign an order for one or more boxes at the rate of five cents per tree, believing the box to contain possibly 100 plants. But when delivered, the boxes were found to contain from 600 to 3000 trees, most of which proved to be about the size of knitting needles, and the purchasers were required to pay for that number.

J. B. Rankin is conducting the case for the plaintiffs. Several witnesses were called yesterday, and the accused was put into the box. He explained that when he began packing the trees in boxes he had in the neighborhood of 400 orders. Though the orders were identical he put 600 trees in some boxes and 3000 in others, notwithstanding that the capacity of the boxes was the same. This he explained was due to the differences in the size of the trees and most of the boxes were made one foot square and 25 inches long. His instruction to his men was to cover the trees with moss and then tramp them in because the contract called for a full box.

The witness said that the profit to him was about 3½c a tree. He imported the trees from France, and then grew them at his nursery for a year or perhaps longer. They cost here about $12 a thousand, while he paid in France $3 or $4 a thousand for them, the difference being made by the cost of importation.

The cross-examination of Wilson will be continued to-morrow. He maintains that the farmers bought with their eyes open.

CIVIL ACTIONS.

They Have a Legal But Not a Literary Significance.

HAMILTON, Dec. 21.—A couple of civil actions, which promise sensational developments, have been or will soon be entered for trial at the coming assizes in this city.

A couple of days ago Messrs. Biggar & Lee, representing Mrs. R. J. Woods, wife of "Bob" Woods, who formerly kept hotel in this city and afterwards was proprietor of the Half-way House on the Dundas-road, issued a writ against R. J. for alimony.

Yesterday Messrs. Nesbitt, Bicknell & Gauld, representing Mr. Woods, issued a writ against Rev. J. M. Webb of Palmerston and Mr. M. M. Buckley of Niagara Falls, claiming $5000 damages for enticing his wife away from his home and harboring her.

The defendant Buckley is father of Mrs. Woods. He is a Niagara Falls hotelkeeper. Rev. Mr. Webb has come in for a great deal of notoriety lately. He was in this city for some time in charge of a Baptist mission church, and went from here to Niagara Falls.

The trouble there in connection with the cutting down of Mrs. Goring's clothes-line which was in the way of the workmen who were engaged in the building of a church for Rev. George Webb, J. M.'s brother, is fresh in the minds of the people.

NOVA SCOTIA STRIKERS.

Thirteen Hundred Men and Boys Are Idle and On Strike.

SPRINGHILL MINES, N.S., Dec. 21.—The miners' strike continues. Thirteen hundred men and boys are walking the street idle. There was an enthusiastic meeting of Pioneer Lodge last night and a large number of non-union men were initiated. Pending the arrival of Grand Secretary Drummond for consultation a conference with the manager was postponed.

Representatives of Mechanics' Lodge were present. This lodge comprises pumpmen, firemen, engineers and others employed in the mechanical department. The pumps are still at work, but it is reported that the strike will become general to-morrow and the pits be endangered by flooding if matters are not satisfactorily adjusted to-day. The workmen seem determined.

Should Be Played.

NEW HAVEN, Conn., Dec. 21.—In a quarrel with his wife last night Richard Martin poured kerosene over her and set it afire. When the woman attempted to extinguish the flames Martin assaulted her with a razor. She cannot live.

A Negro Lynched.

HOPKINSVILLE, Ky., Dec. 21.—Jim Bond, a negro, was lynched at Guthrie yesterday afternoon for attempting to outrage Mrs. Clarence Covington. Bond confessed his guilt.

National Quarantine Law.

NEW YORK, Dec. 21.—At a meeting of the Chamber of Commerce a resolution [illegible] quarantine law was unanimously adopted.

Box Factory Burned.

HAMILTON, Dec. 21.—The Ontario Box Company's factory in Main-street was burned last night. Loss about $10,000, covered by insurance.

WORLD'S FREIGHT SHIPS

ARE ENGAGED AT PRESENT IN A LOSING BUSINESS.

The Number of Idle Vessels Afloat Was Never so Large—Freight Rates Below a Paying Basis—Many Steamships in Ballast.

NEW YORK, Dec. 21.—The shipping [illegible] reports from freight vessels for the past year has been much depressed, but according to reports from the offices of different steamship lines the depression lately has been growing worse and worse, until at the present time it is almost unprecedented.

Abroad it is said the number of vessels lying idle was never so large, while in this country the competition of owners or charterers of vessels is so keen as to bring freight rates far below a profitable basis.

In fact, many shippers, it is reported, are doing business at a loss. In the case of tramp ships, if they are not tied up they are flitting to and fro among the Atlantic harbors wherever a chance to obtain freight presents itself, in hope of obtaining a cargo.

Cause of Depression.

The cause reported to be at the bottom of this depression is said to be overproduction throughout the world. As a consequence the foreign demand for products of the United States has been growing less and less, as, adding to the depression in freight business caused by the increasing lack of orders from the overstocked ports abroad, it is pointed out that laboring classes, being in large part unemployed, do not consume as much breadstuffs as usual, which has almost caused a cessation of the demand for grain and flour from abroad, staples which made up a large proportion of the export trade. But the warehouses abroad are well stocked, so foreign manufacturers being well supplied are not now ordering at the high prices. In addition to this there are apparently too many steamships in the trans-Atlantic trade.

THE SCHEDULE WAIVED.

A Cattle Vessel, Delayed for Repairs, Lands the Cargo in England.

OTTAWA, Dec. 21.—The last vessel taking cattle from Canada has arrived, after the exceptionally long voyage of 43 days from Montreal, and her cattle have been allowed to land under the old regulations, although the scheduling of Canadian cattle went into effect on Nov. 21. The circumstances are as follows:

The steamship Ontario left Montreal for Avonmouth on Oct. 28 laden with cattle. At that time there was not the slightest fear of Canadian cattle being scheduled and she would probably have reached port before there was any question of scheduling, had not her machinery broken down, which compelled her to put into St. John's, N.F., for repairs. These were not completed until Nov. 28, when she left St. John's for Avonmouth, where she arrived on Dec. 10, nearly three weeks after the scheduling order carried into force. On the day her arrival was announced by cable the Montreal Board of Health telegraphed the Minister of Agriculture to request Sir Charles Tupper to endeavor to get her cattle exempted from the scheduling order. This was done at once, but nothing was heard from the High Commissioner until to-day, when he cabled to the effect that the Board of Agriculture had allowed the Ontario's cattle to land under the old regulations.

The Railway Committee of the Privy Council has been reorganized since the change of Ministry and now consists of Hon. John Haggart, Minister of Railways and Canals, chairman; Sir John Thompson, Minister of Justice; Hon. Mackenzie Bowell, Hon. G. E. Foster, Sir Adolphe Caron, Hon. J. A. Ouimet and Hon. T. M. Daly. The Minister of Railways and Canals and the Minister of Justice are members of the committee by statute, the other members are named by order in council.

A BEER SYNDICATE.

The Small Breweries to Be Crushed Out of Existence.

NEW HAVEN, Conn., Dec. 21.—The great European financiers, the Rothschilds, are the leaders in an enterprise which, in its line, surpasses anything of the kind ever conceived in this country. It is their purpose to establish an immense beer trust, with headquarters in New York and branch business offices and warehouses in at least a dozen New England cities, as well as in the same number of western towns.

Many millions of capital are to be used in backing the scheme, which has for its ultimate end the extinction of all the smaller similar concerns of the country, or their absorption by the Rothschilds' syndicate.

Sites have been already secured in this city, in Bridgeport, Hartford, Waterbury, Chicago, Columbus, San Francisco and several other cities, and the organization of the gigantic enterprise is being pushed to a successful outcome.

An Uncertain Product.

HARTFORD, Conn., Dec. 21.—The village of Hop Meadow in the County of Simsbury was shaken by four successive explosions at 2.15 yesterday afternoon. The Enaign Bickford fuse factory had been blown up.

A Tariffville girl, Miss Hattie Holcomb, had her head crushed and she will probably die. The cause of the explosion is not known. The others seriously wounded are: William O'Brien, who tended the dryer, badly injured and will lose one leg; Annie Carrer, badly burned, cut and bruised.

Immigration Restriction.

WASHINGTON, Dec. 21.—Walter T. Griffin, who has been doing immigration work for the United States in Europe for the past three years, reports to a committee a general desire to emigrate by any and all means. The result will probably be strict legislation against immigration to prevent cholera being imported next spring.

Something of a Fatality.

NANAIMO, B.C., Dec. 21.—Sing Kee, the Chinaman who shot and killed Lung Chow, has had the sentence of death passed upon him. The prisoner said the Chinese witnesses had sworn falsely and the white men had been bribed to lie against him, but if the "big tyhee" said he must die, "all right."

Time to Reply In.

LONDON, Dec. 21.—A decision was handed down yesterday in the case of the Queen against Pearson's Weekly, which had been running a guessing contest contrary to gaming laws. The contest was stopped by the court, and the money paid in by guessers, £24,000, will probably revert to the Crown.

THE COMING MUNICIPAL ELECTIONS.

The ratepayers have an important duty to perform in connection with the approaching municipal elections. The coming year will, in an especial manner, demand, in the interests of the town the services of an efficient and careful council. There are several very important projects mooted which, if carried out, require a large expenditure of money, and require very careful handling; and as such matters can only be dealt with by the ratepayers through their civic representatives, it follows that these should be the best men whose services it is possible to procure. There is the purchase of the works of the Water Company, which means, if effected, an expenditure in the neighborhood of $200,000, "and," as the marriage service says, "is not to be enterprised nor taken in hand unadvisedly nor lightly, nor to serve any person's private interests, but discreetly, advisedly, soberly," with due consideration of the interests of the people at large. Then we have the question of a sewerage system which is, by no means, because the people condemned what they seemed to consider an inefficient and insufficient system, to be taken as a dead issue. It is something that has to be faced, and men of strong business grasp, wide experience and sound judgment are needed to guide the project aright. It seems that our finances too are becoming so important and complicated that special skill in their management is demanded. Altogether the interests of the town in general are becoming so large that men of corresponding calibre are required to protect and promote them. For the reasons suggested and for other reasons whose cogency will appeal to the thoughtful citizen, it must be admitted that a serious duty devolves upon the people in the selection of representatives at the forthcoming municipal elections. Some members of the council have signified more or less explicitly their intention of not seeking re-election, and, as none have so far declared their intentions of again becoming candidates, it is fair to assume that there will be some new members to be elected; therefore, the care required in their selection, as pointed out above, needs to be shrewdly exercised. While we opposed Mayor Kendry's candidature last year, from an honest belief that Mr. Davidson would make the better man for the position, yet we are not indisposed to give the present mayor credit for a fairly good record—as good as could be expected from a man whose business calls him away from town so frequently; and, with a good council to help him, it might not be unwise and would certainly not be unfair to give him a fuller opportunity to show what he can do by giving him, in compliance with a custom that obtains largely elsewhere, a second term.

PROVINCIAL POLITICS.

We notice, says the Guelph *Mercury*, that Mr. J. R. Stratton, editor of the Peterborough EXAMINER, and M.P.P. for West Peterborough, has lately been holding a series of meetings through out his Riding, in which he has made able and interesting speeches on the general policy of the Mowat administration, particularly as exemplified in the legislative work of the last session. These speeches embrace every important question that was under the attention of the Legislature, and he explains what action was taken on them, and what was the nature of the measures which were under discussion and those placed on the statute book. He gives the Government special credit for the efforts they are making in promoting agriculture and the interests of the farmer. Among the chief of these may be instanced the maintenance of Farmers' Institutes, which have become so popular and which are doing a great work among the farmers throughout the Province in making them acquainted with the more skilled methods of farming than have been in practice hitherto. The importance of the dairying interests are also dwelt upon, and reference is made to the good work that the Government has been doing in sending the travelling dairy throughout the Province, thus giving farmers an opportunity of gaining a practical knowledge of the best methods of butter-making. We need not refer at length to the other subjects so ably discussed by Mr. Stratton; suffice to say, that he handled each of them in a highly interesting and instructive manner, and conveyed an amount of information to his constituents which gave them an intelligent idea of the work engaged in by the Legislature and the measures passed. By thus putting himself in touch with his constituents Mr. Stratton must largely strengthen himself, in showing how anxious he is to inform them on all subjects relating not only to the prosperity and progress of the Province, but also to their own best interests. His record hitherto has been a most creditable one and we have no doubt he will give an equally good account of himself in the future.

GALWAY.

(From Our Own Correspondent.)

Galway council met on the 15th December, Charles Coben, reeve in the chair. Councillors David Curtin, Charles McMahon, John Gilmore, Thomas McNamara, present. After routine it was moved by John Gilmore, seconded by Charles McMahon that the collector's time for collecting taxes be extended until the 16th day of January, 1899. On motion the reeve was empowered to act in the matter re telegram from Dr. Baker, in connection with the Preston family supposed to be destitute. On motion the clerk was requested to help the treasurer to prepare a financial statement. On motion the polling divisions of last year were adopted. Edward Allen, collector was instructed not collect the the taxes from Mrs. Roach. The following accounts were ordered to be paid:—Alexander Barr, road allowance $15; J. R. Stratton, printing $22.50; Edward Switzer, work on road $5; Charles Coben, council fees $3.75; Thomas McNamara, council fees $3.75; David Curtin, council fees $3.75; Charles McMahon, council fees $3.75; John Gilmore, council fees $3.75. Council then adjourned.

Catarrh in the Head

Is undoubtedly a disease of the blood and as such only a reliable blood purifier can effect a perfect cure. Hood's Sarsaparilla is the best blood-purifier, and it has cured many very severe cases of catarrh. It gives an appetite and builds up the whole system.

Hood's Pills act especially upon the liver rousing it from torpidity to its natural duties, cure constipation and assist digestion.

National Pills are a mild purgative acting on the Stomach, Liver and Bowels, removing all obstructions.

For Swelling and Felons.

THE BIGGEST DAY IN 7 YEARS!

Saturday, December 3rd was the biggest day MR. J. J. SHEEHY has had in seven years. Why is this? Surely not because there is less competition. Certainly not because inducements are not being held out by others. Most assuredly not because prices of farm products are showing an upward tendency. Then why??

Simply because the purchasing public of the town and surrounding country have read Mr. Sheehy's advertisements, have inwardly digested them and have concluded that cheap sale or no cheap sale Mr. Sheehy is bound not to be undersold.

We want every day in December to be a big day. How are we to accomplish this? Simply by offering to the public better value for the money than can be had elsewhere. Just cast your eye over the following quotations:—

All Wool Flannels, 26 in. wide, - -	17½	Good Linen Towels each - - -	5½
9 lb. Wool Blankets, - - - - -	$3.75	Grey Wool Blankets, - - -	31c. a lb.
14 yds. Heavy Grey Canton Flannel,	$1.00	25 yards Factory Cotton, - -	$1.00

These few quotations will probably give an idea of what we are doing and a glance at our BARGAIN TABLE in the centre of our store will convince the most skeptical that when it comes to general bargains we certainly are very decidedly "in it."

Best Cure For

All disorders of the Throat and Lungs is Ayer's Cherry Pectoral. It has no equal as a cough-cure.

Bronchitis

"When I was a boy, I had a bronchial trouble of such a persistent and stubborn character, that the doctor pronounced it incurable with ordinary remedies, but recommended me to try Ayer's Cherry Pectoral. I did so, and one bottle cured me. For the last fifteen years, I have used this preparation with good effect whenever I take a bad cold, and I know of numbers of people who keep it in the house all the time, not considering it safe to be without it."—J. C. Woodson, P.M., Forest Hill, W. Va.

Cough

"For more than twenty-five years, I was a sufferer from lung trouble, attended with coughing so severe at times as to cause hemorrhage, the paroxysms frequently lasting three or four hours. I was induced to try Ayer's Cherry Pectoral, and after taking four bottles, was thoroughly cured."—Franz Hoffman, Clay Centre, Kans.

La Grippe

"Last spring I was taken down with la grippe. At times I was completely prostrated, and so difficult was my breathing that my breast seemed as if confined in an iron cage. I procured a bottle of Ayer's Cherry Pectoral, and no sooner had I began taking it than relief followed. I could not believe that the effect would be so rapid and the cure so complete."—W. H. Williams, Cook City, S. Dak.

NORWOOD.

(From Our Own Correspondent.)

The windows of our shops are being decorated for Christmas. Some of them are very artistic.

The Band of Hope gave a very interesting entertainment in the town hall on Thursday evening. Readings, recitations and songs were rendered by the members, but the feature of the evening was the cantata entitled "Tommy Noble's Pledge Card." It was simply fine, and Rev. Mr. and Mrs. Gibson deserve great credit for the way they trained the children. The attendance was fair.

The new High School was opened on Thursday, Dec. 25th. Addresses were delivered by J. Burnham, M.P., and others. The school is said to be one of the best in Ontario. With its excellent staff of teachers it should do excellent work, which we are certain it will.

A frightful accident happened on Wednesday last. While Edwin, son of C. Searight, was attending to his father's horse he tripped and fell under the horses feet. His face is badly disfigured and it will be a number of weeks before the little fellow will be able to get around. He is improving slowly.

Dr. C. E. Cochrane, of Omemee, intends opening an office in our town this week.

Mrs. D. Askey of this place has been placed on the United States pension list, her husband having served in the civil war.

While Miss Maud Baskin, in company with some others, was journeying towards Havelock last week the sleigh upset. Miss Baskin was very badly hurt, but under the care of Dr. Pettigrew she is improving.

Committee—J. Leeper, W. G. Scott, A. McGee, R. Mackey and G. Seney.

On Wednesday last a very pretty wedding took place at 38 Sullivan street, Toronto. The parties concerned were Mr. C. W. Waters, one of Norwood's most promising young merchants, and Miss Minnie, youngest daughter of the late Major Thos. Gray. The ceremony was performed by Rev. W. F. Wilson. On the arrival of Mr. and Mrs. Waters in Norwood, they were tendered a reception at their residence by their intimate friends. We wish them much happiness in their married life.

We have to report another wedding. The parties interested were Mr. T. Elliott, cheesemaker of this place, and Miss Laura Scott, eldest daughter of Mr. Hugh Scott, of Asphodel. Only the intimate friends were presents. The Rev. J. Carmichael performed the ceremony. Mr. and Mrs. Elliott have the best wishes of their many friends.

On Thursday afternoon last County Magistrate Edmison held coort here. Only one case was heard, that being the Cottesloe school trouble. The parties were each fined.

A very interesting lecture was given in the Methodist church on Thursday evening last by Miss Lund, a returned missionary from Japan. There was a very good attendance.

On Thursday while Mr. J. Perkens was falling trees for Mr. Staples, near Round Lake, a tree fell on him, killing him instantly. The unfortunate young man was only 16 years of age.

Another serious accident occured near Deer Lake one day last week, a little daughter of Mr. J. Chase was looking through some boxes and in one she found some gunpower and she set fire to it. It exploded and burnt her face so badly that all hopes for her recovery are given up. The little thing was only three years old.

WORDS OF A DOCTOR.

"You asked me a few months ago for an opinion regarding Harvard Bronchial Syrup. My reason for not replying sooner is that I wished to thoroughly t st the remedy, so as to be in a position to give an opinion that would be of some value to yourselves and the public in general.

"I have had occasion to prescribe it, and have carefully observed its effects, and have no hesitation in pronouncing it to be a most excellent preparation—perhaps the best now on the market. I am much pleased with its grateful and soothing qualities, as well as its very prompt action."

This recommendation and approval coming from one of our best Canadian physicians should carry much weight. Scores of doctors are daily prescribing this valuable cough preparation owing to its many good qualities. Harvard Bronchial Syrup cures every time; there are no failures when it is used to banish coughs, colds, hoarseness and throat irritation. Procure one of the large twenty-five cent bottles at once if you need an unfailing remedy.

"A snake in the grass" is all the more dangerous from being unsuspected. So are many of the blood medicines offered the public. To avoid all risk, ask your druggist for Ayer's Sarsaparilla, and also for Ayer's Almanac, which is just out for the new year.

We do not know of any preparation that has caught the public favor in so short a time as Dodd's Kidney Pills, but when we consider that three-fourths of the Canadian people are afflicted with kidney troubles in some form or other and that Dodd's Pills are a quick and permanent cure for all these troubles, the large and increasing demand can scarcely be wondered at. Sold by all dealers or by mail on receipt of price, 50cts. per box. Dr. L. A. Smith & Co., Toronto.

NORTH MONAGHAN.

From Our Own Correspondent.

The council met Dec., 5th at the town hall, all the members present. The minutes of the previous meeting were read and confirmed.

Communications were received from Geo. H. May, asking refund of dog tax. From E. B. Edwards giving opinion re repeal of a by-law passed, transferring the land of Mr. Gordon McKee from S. S. No. 2 to S. S. No. 1. From T. Bradburn, treasurer (the financial statement of the year,) also several accounts.

The following persons then made affidavits as valuators, and owners of sheep killed by dogs: Jos. T. Walton and Jas. Brown, for Mr. Adamson's account, John Whitfield and Mr. R. King for John Johnston's account, and those of Mr. Swinton and Jas. Davidson for J. K. Moore's account, were handed in, as were also the affidavits of Robert Tully, David Tully and J. McCarthy supporting the claims of Miss Wallis and Gordon McKee. Wm. R. King was also sworn as to W. Whitfield's claim.

The above mentioned claims were on motion received, except Mr. Whitfield's, which is to be received on the other valuator filing affidavit with the reeve.

On motion, the clerk was instructed to notify the trustees of school sections Nos. 1 and 2, and also Mr. Gordon McKee, of the intention of the council of repealing Bylaw No. 379, which had transferred the property of Mr. McKee, the west half of lot 9, concession 13, from school section No. 2 to school section No. 1.

A Bylaw was then passed fixing the places for holding the municipal elections, and appointing deputy returning officers as follows: For sub-division No. 1, the school house of S. S. No. 2, near the R. C. Cemetery, Robt. Eastland, deputy returning officer; for sub-division No. 2, the town hall, J. J. Bennett, deputy returning officer.

The accounts of Messrs. Edwards, J. R. Stratton and refund of dog tax were on motion ordered to be paid.

The clerk was instructed to have the treasurer's financial statement printed for distribution.

The council then adjourned.

The clerk, who is register of births, deaths and marriages, wishes to draw the attention of some of the ratepayers who have neglected to make the registration required by law, that if not made at once they run a risk of incurring the penalty of a fine.

The merit of Hood's Sarsaparilla is proven by the many wonderful cures it is accomplishing. It is just the medicine for you.

TO BE OR NOT TO BE "IN IT."

A Life Agent called at a friend's place one day,
HE WASN'T IN IT;
He had seen "the bore" coming and fled from his way,
HE WASN'T IN IT;
He had heard so much said, he was tired and sick
Of insurance and agents—'twas all a blank trick,
When one's coil must be shuffled to win it,
HE WASN'T IN IT.

A bit of a draft blew o'er his bald head,
HE WAS IN IT;
Pneumonia sent him straightway to his bed,
HE STAYED IN IT;
His doctor made of it a "quite special" case,
To save him for running still more of life's race,
But the grave took some chances to win it,
AND HE'S IN IT.

When approached by a gent for insuring your life,
GET RIGHT IN IT;
It's the right thing to do for your children and wife,
THEN STAY IN IT.
Remember that fires take your goods "out of sight,"
And that accidents happen each day and each night.
While insurance protects every minute,
IF YOU'RE IN IT.

A Bank Manager's Opinion.

HE IS "IN IT."

The General Manager of one of the leading banks in Canada, writing to a personal friend, says:—"I have no hesitation in saying that I place the CANADA LIFE upon the highest platform. It is in my opinion carefully, economically and honestly managed; its Reserve Funds are well invested; its rates of Premiums are low, and its future is, I think better assured than a great majority of Companies. I have my own life insured in the Company for a round amount, and would not hesitate to increase the amount of my policies should I decide upon taking out further insurance."

A Government Insurance Actuary's Opinion

On the Relation between Ordinary and Tontine Service.

It is frequently asserted by Companies whose business is nearly all tontined, that although the CANADA LIFE may and does pay large ordinary profits, yet it cannot compare so favourably on a long term distribution or tontine period, and that in the end better results can be obtained on a tontine policy in a large American Co. than on an ordinary or tontine policy in the CANADA LIFE. To prove the absurdity of this statement, the following piece of common sense is quoted from Mervin Tabor, late Actuary of the Illinois Government Insurance Department. In his well known book, "The Three Systems of Life Insurance," he says: **"A company that gives large dividends on the ordinary kind of policies, can give much larger on the same kinds when Tontined, and a company that pays but meagre dividends on the usual forms, adopting perhaps the Tontine system to "cover up" its small surpluses, cannot be relied on for large returns of surplus under the Tontine Forms of Insurance."**

The CANADA LIFE does not "cover up" its Quinquennial profits as some Companies do, but publishes them throughout the country.

It can and does surpass other Companies on Quinquennial profits. It should and will surpass them on Tontine profits.

WHY TO BE "IN IT."

BISHOP HAWKE'S REASON:—"I claim that Life Insurance is not only a humane, but I might say a Christian Institution."

LORD LYNDHURST'S REASON:—"A Policy of Life Insurance is always an evidence of prudent forethought. No man with a dependent family is free from reproach if not insured."

WHEN TO BE "IN IT."

The younger, the cheaper. Therefore insure when young. Besides by insuring in the CANADA LIFE *now*, you will share in three years' profits.

WHERE TO BE "IN IT."

The best place to be "in it" is in the Company that gives the best returns for the least money, consistent with absolute security. Therefore, in order to be "in it," choose the

A Morning Runaway.

This morning as Mr. John Shaughnessy, of Otonabee, and Mr. J. Wainwright were driving up George street, the horse attached to the buggy in which they were seated took fright at a train at the C. P. R. crossing and started up the street at a terrific clip. Mr. Shaughnessy was thrown out on his face, and after proceeding a few feet further Mr. Wainwright was thrown out. Soon the animal shied to one side and overturned the buggy, freeing itself from the vehicle. It then ran up the street as far as the corner of Simcoe street, where it was captured. The buggy was badly damaged. Mr. Shaughnessy had his arm and face somewhat cut, but otherwise not seriously hurt. Mr. Wainwright received some slight bruises.

Gun Club Matters.

At a special meeting of the Gun Club held last night at the shop of Muckleston & Co., there was a good attendance, Mr. J. D. Collins occupied the chair. It was resolved to have a shoot on Monday, Dec. 26th, to commence at 1.30 o'clock, p.m. The secretary was instructed to procure a quarter of beef or some poultry to be shot for. A motion was carried that the teams shoot for the oysters after the individual match, the teams to be chosen by Captain R. Tivey and Vice-President Collins, the oysters to be had on Tuesday evening. Mr. Tivey was commissioned to look after the beef and poultry to be offered as prizes. The prizes will be shot for in grades and 10 birds will be shot at each match. A cent will be charged for each bird. The meeting then adjourned.

The Edison Sewer.

The special Edison sewer committee met last night at the clerk's office. The mayor and Mr. MacDougall were present. Several accounts in connection with the construction of the sewer were considered and passed. Many of the committee as well as the engineer spoke highly of the completeness and fine construction of the work. The town's inspector, Mr. Hill, of Toronto, stated that the work is the best piece of sewer he has had the supervision of during the past six years.

"Lovelier Than Ever!"

To Dispensers of Charitable Funds.

During the holiday season many of our societies and citizens, individually as well, dispense considerable funds in the way of assistance to those in need. That such funds may, to as full an extent as possible, cover the ground Mason & Sons, offer a discount of 8 per cent. from regular cash prices on all goods bought for strickly charitable purposes. No doubt the offer will be largely taken advantage of as it is in the right direction; from now until 1st of January next the offer remains good.

Hello!
Is that the C.P.R.?
Yes; who's speaking?
The G.T.R.
Well, what can we do for you?
Have you been up as far as 420 Water street, where Mitchell keeps sewing machines?
No, not yet.
That's the worse for you. You'd better lose no time. Take the first chance and drop in at 420, and see the handsome sewing machines he has just brought in by our line.
Is this Mitchell the man who repairs sewing machines?
Yes, and he's a "corker" at it too.
Well, I'll drop around.
You should; and take a sharp look at his drop cabinet machine—the finest that ever struck the town—and by Jove! his figures are very reasonable too.
All right; *au revoir!*
So long!

Three Days' Christmas Tree.

Dec. 27th, 28th, 29th. A Christmas Tree entertainment and sale, conducted by the ladies of the congregation of St. Peter's Cathedral, will be held next week in Opera House beginning at noon on Tuesday, Dec. 27th, and lasting till Thursday evening, 29th. There will be a sale of useful and fancy articles. Refreshments will be served at suitable times from Tuesday noon till Thursday evening, and at intervals an excellent musical programme will be presented. Further particulars will be furnished hereafter. Admission to the hall, 10 cents.

"A Thorn in the Flesh."

Since the 28th of November Mr. T. H. Crowley, of Bald Lake, Harvey township, has been troubled with a very sore right arm. This morning Dr. Yelland cut down upon the muscle and at the depth of an inch discovered a porcupine quill of about two inches, firmly imbedded in the muscular tissue. Its extraction, of course, relieved the trouble. Mr. Crowley does not know how the quill got into his arm, but thinks it happened during his sleep, in a lumber shanty which he superintends for Mr. R. D. Thexton, of Lindsay, at the "Elbow." At any rate he is very much pleased to part with his unwelcome "thorn in the flesh."

The Fire Brigade and the Council.

The members of the fire brigade held a largely attended meeting in their hall last night, and many matters in connection with their resignation and the recent investigation by the council, came up for discussion. Nothing of public importance was transacted, except it was a unanimous understanding among the members that they would not leave the town in an emergency, and the matter between the brigade and the council remains much the same as before. This evening the officers of the brigade will meet the council as a committee of the whole, when an attempt to adjust the existing difficulties between the town and firemen will be made, and also an effort to induce the brigade to reconsider their resignation.

Christmas Without Good Tea is Like a Plum Pudding without Raisins.

Kirk & Co., tea merchants, Market Arcade, have just received a full stock of Christmas goods, including Spices, Extract of Chocolate, (both baking and eating), etc. From now till Christmas will be given away with every dollar's worth of Tea a beautiful fancy cup and saucer, the regular selling price of which is 40c. Of our Teas there is no necessity to speak, being already so well known. We are the only direct importers of teas in Peterborough, all our Teas, with the exception of Japan, being bought for us in London, Eng., and shipped direct to us here. As we sell only Teas, Coffees and Spices and devote our whole time to that business, we give better value than is usual in general grocery stores. Goods delivered free in town and country.

On Tuesday of this week Miss O'Brien, formerly of Douro, made her religious profession at the Monastery of the Good Soepherd in Toronto. Her name in religion is Sister Mary of St. Benedict. Her many friends will wish that she may be spared for many years to do the work of the Master.

Y. M. C. A. NOTES.

The Ladies Auxiliary met yesterday at 4 p.m. and made arrangements for the serving of refreshments on New Year's Day.

A very interesting hour was spent in the gymnasium last evening. Major Rundle is a most competent and enthusiastic instructor. The next will be held on Friday night.

Mr. Colville, the late secretary will arrive at 5.12 this afternoon and leave to-morrow for Belleville at 1.40 p.m. This evening between 7 and 8 Mr. Colville will be glad to meet all the boys of the junior department, and after the church prayer meetings he will be at the rooms for an hour to meet any friends who may wish to see him. He will also give the young men some advice and suggestion concerning the work of the present winter.

The thanks of the Association are due to a town lady for a magnificent engraving entitled "The Lord's Prayer," and to Mr. Wm. H. Murray for three valuable periodicals, viz, the *Review of Reviews*, the *Week* and the *British Weekly*.

A New Organist Appointed.

The board of managers of St. Andrew's church met last evening and considered several applications for the position of organist of the church. It was decided to offer the vacant position to Miss Baker, of Dunham, Quebec, who is highly recommended as a clever musician. Miss Baker is strongly endorsed by Miss Denzil, the new choir leader, and the appointment will no doubt be a popular one.

The Ladies' Rendesvous

$200 Worth

Of Other Medicines Failed

But 4 Bottles of Hood's Sarsaparilla Cured.

"It is with pleasure that I tell of the great benefit I derived from Hood's Sarsaparilla. For 6 years I have been badly afflicted with

Erysipelas

breaking out with running sores during hot summer months. I have sometimes not been able to use my limbs for two months at a time. Being induced to try Hood's Sarsaparilla, I got one bottle last spring, commenced using it; felt so much better, got two bottles more; took them during the summer, was able to do my housework, and

TENDERED A FAREWELL BANQUET.

A Number of Personal Friends Meet and Say "Good-bye" to Mr. C. E. Roach on the Eve of His Departure.

The complimentary banquet tendered Mr. C. E. Roach, late acting agent of the Rathbun Company's branch office in Peterborough, preparatory to his departure for Montana, last evening at the Balmoral Hotel, was a pleasant affair. The spread provided was a dainty one and all present enjoyed themselves. Dr. McGrath occupied the chair. There were present the mayor, the member for the local legislature, and others, who responded to the various toasts proposed in brief happy speeches all making kindly references to Mr. Roach's ability and uprightness—a citizen who had enjoyed the respect and esteem of all with whom he had come in contact. All joined in wishing him abundant success in the future in his home in the Western States.

Mr. Roach the guest of the evening in responding expressed his pleasure at meeting so many friends and thanked them for their kindness. He did not leave Peterborough and his many friends without much regret. After one had become attached to Peterborough and its people as he had it was hard to break away and go among strangers no matter how promising the future might be. He had been here some seven years as representative of the Rathbun Company, with the late esteemed W. B. Ferguson, and during that time had found the citizens full of business and sociability. He hoped the same patronage would still be extended to his successor in the Rathbun Company as in the past and wished all present a joyous holiday season. The gathering which was characterized by good feeling and jollity throughout, broke up at a late hour. Mr. Roach left this afternoon for Anaconda, Montana, where he has accepted a good position as secretary-treasurer and assistant manager of a large lumbering company. A number of friends were at the station to bid him farewell.

THE PROPOSED WATER-WORKS PURCHASE.

To the Editor of the Examiner:

DEAR SIR,—Allow me this use of your columns to make public my humble opinion on some of the reasons why the town should not own the waterworks system.

1. The system is not complete, and the ratepayers do not know what they are to be called upon to purchase.

2. The system, as it is, is not adequate to the requirements of the town, and must, therefore, be extended and its capacity enlarged.

3. The directors and managers of the Water Company have proved themselves competent to give the town an efficient water system for domestic and fire protection under adverse circumstances; while the town council have shown clearly that they can bungle a railway siding and drain respectively but a few yards in length, and how would they manage a waterworks system?

4. No scheme has been attempted to be formulated to operate the works by the town.

5. The gentlemen managing the company are constructing a valuable water power on the river Otonabee. Increased water power, thus minimizing the present monopoly in this respect, is an improvement and power suggested and called for by the local Board of Trade and Councils for years. The council propose to allow the monopoly in water power to be retained and increased.

6. The present state of the finances of the town, and the calls that must be made thereon in the immediate future do not warrant the purchase.

7. The purity of the water should be the paramount consideration with the ratepayers. The water from the present source has, I understand, been condemned.

8. From figures kindly furnished me by the Water Company, and comparing them with those upon which the Brockville arbitrators made their award, I conclude taking into consideration the present actually needed outlay and the annual outlay in extending the system and the revenue, that the town will find there will be loss in operating the system for years. I give some of the figures, that the ratepayers may judge for themselves:

	BROCKVILLE	PETERBOROUGH	Size of pipe.
No. of feet	4,470	7,877	12
" "	923	3,125	10
" "	7,346	16,773	8
" "	10,651	none	6
" "	none	24,942	5
" "	33,013	3,725	4
" "	——	2,226	3
Total	56,451	68,676	
Purchased for extension north about		5,280	16
		73,956	

This is a difference in favour of Peterborough of 17,000 feet. Then compare the respective sizes, the 33,000 of four inch pipe being over 50 per cent of the total number of feet laid, rendered their system comparatively valueless as a fire protective system, and doubtless naturally influenced the arbitrators in making the award. Then the respective sizes of special castings and valve chambers to connect up the pipes, etc, must be taken into account, when comparing the two systems. These two latter items comprise no small portion of the total cost of the construction.

Brockville had 86 street hydrants, Peterborough has 105.

The award in the Brockville arbitration was $130,454.48; add 10 per cent, making a total cost to the the town to the date evidence was concluded, of $153,399; add half the costs of the award, $5,500, making $158,899, and in addition there were extensions going on, work being done, and a certain quantity of plant not taken into consideration by the arbitrators, which would make a grand total of at least $160,000.

Ratepayers may now draw their own conclusions, and remember always, the cost of the new dam and property, which will go safely over $20,000. Where is the money in the purchase for the town? As this letter is already long enough for one newspaper article I will not now go into the reasons for the purchase of the works by the Brockville corporation, reasons that would not, I am sure, weigh as a motive for purchasing by the Peterborough corporation. This I may do again. Thanking you for the space, I am

Yours, etc.,
RATEPAYER.

December 21st, 1892.

NEWS NUGGETS.

—The local chapter of the Brotherhood of St. Andrew held a meeting last night with a fair attendance.

—A false alarm of fire supposed to be sounded from Box No. 4 called out the fire brigade a few minutes before ten o'clock last night.

—At the police court this morning, a liquor dealer was fined $50, and costs $3.65, for selling liquor to a person to whom he had been forbidden to sell.

—Jubilee Lodge, L.O.L., Smith, conferred the Royal Arch degree upon two members last night. One or two Orangemen from town paid the Lodge a fraternal visit.

—The Sunday school entertainment at Cold Springs, Otonabee on Friday night promises to be a success. Talent from Peterborough will take part in the novel programme which will be presented.

—The memorial service on Monday night in memory of the late O. C. Rowse, was held under the auspices of the Epworth League of Christian Endeavour of the Charlotte street Methodist church.

—At a meeting of Court Stanley, No. 7680, A. O.F., held on Monday night last a resolution of thanks was passed to the executors of the late Mrs. Nicholls estate, for their kind donation of the sum of fifty dollars.

—For the information of a citizen who asks where the fire alarm boxes of the town are situated, it may be stated that No. 1 box is at the corner of Dalhousie and Stewart streets; No. 2, corner of Charlotte and Park street; No. 3, corner of Park and Elm streets; No. 4, corner of Antrim and George streets.

—The curlers will meet in the rink this afternoon and evening for the first sport of the season. The wielders of the broom are in consequence, jubilant. The rink will be open to the public to-morrow night, it is expected, and then skaters may skim over its glacial surface on the slippery steel. The coming curling, skating and hockey season gives promises of being a splendid one.

—The public meeting to discuss the purchase of the water works by the town will be held in the town council chamber to-morrow night at 8 o'clock. Mr. MacDougall, who has been asked by the council to prepare estimates and report as to probable cost of the works, will be present and submit the result of his labour. He is busily engaged in examining the works and preparing his report to-day.

—The Lindsay *Post* says:—A meeting of Sturgeon Point property owners was held on Tuesday evening last to consider the advisability of incorporating in order that the taxes contributed by the cottage-owners may be applied to local improvements. It was unanimously decided, after the subject had been fully discussed, to apply for an act of incorporation. In the near future a reeve and council will wield autocratic sway over the Point, and pass by-laws innumerable in the interest of good and economic government.

AT BETHEL CHURCH.

A Most Successful Epworth League Entertainment was Held Last Night.

About fifteen Christian Endeavourers drove out to Bethel Methodist church in Otonabee last night and furnished a first class programme at an entertainment given under the auspices of the Epworth League of that church. There was a large attendance, the edifice being completely filled. Mr. Greer occupied the chair and introduced a fine programme of readings, recitations and music interspersed with appropriate and profitable addresses. The evening was enjoyably spent. Refreshments were also served in fine style. Following is the programme presented:—

Alarm Clocks!

There are a great many small Alarm Clocks which have been running for a few years and are now out of order, which the owners are allowing to remain idle, because they think it will cost too much to repair them. If you bring them to us you will find that we will make them run as well as they ever did, at a very small charge. We have already changed hundreds of them from being merely rubbish into good timepieces. If you want to buy a new one, we will sell you an Alarm Clock at a lower price than any one else in the trade. We sell only the very best make and warrant every one.

FOR RECEPTIONS.

To-day's Fashion Note Shows Elegance in Petticoats.

The reception toilet in the picture is of heliotrope cheviot with pluche-marabout and a velvet bodice. The jacket has a Watteau pleat at the back, which is fastened under the stiff collar and hangs independently from the rest of the waist. Under these folds the back fits tightly. The waist is made separately and fastened to the waistband, the material only extending to where it meets the belt, which is made on stiff lining and is ornamented each side with a herring boning, and is closed at the back under the Watteau pleat with hooks and eyes. Instead of breast darts, the bodice has folds and closes in the center under the full front. A plastron of ecru lace is drawn in at the neck in folds and carried on to the waist. The skirt of the waist is trimmed with marabout edging which is made of fluffed silk threads and looks very much like plush. The Watteau pleat can be removed altogether, and the

dress worn without it. The skirt is cut bias, with a train, and is also trimmed with marabout. It is lined with silk and a large balayeuse sewn inside.

Look about you on the streets or in the stores and you will make up your minds, as I do, that silk petticoats have by no means come to the end of their possibilities in the way of frivolity and fancifulness. They are now made of silk in every respect the same as may be used for dresses. I saw one, for instance, of pale blue striped with narrow stripes set wide apart of alternate cherry and bright green. At the bottom of this skirt, which was only long enough to reach the ankles, were two pinked ruffles, one overlapping the heading of the other. The top ruffle was green silk, the under one cherry, both matching the stripes. Both ruffles were very full and were covered each by a ruffle of fine black lace put on very full. The whole was as fluffy and crisp as you could fancy, and won't those two ruffles make the edge of the skirt worn over them "set out" as nothing else would?

Palatable and Potent.

The great objection to cod liver oil has been its nauseous taste. This has been entirely removed by the process of preparing "Miller's Emulsion of Cod Liver Oil," which is combined with hypophosphites of lime and soda, the greatest creator of new blood in the world. It has cured thousands of consumptives by rebuilding their constitutions. Everybody is talking of the wonderful power of this Emulsion. In big bottles, 50c. and $1.00, at all Drug Stores.

Prepare for Cholera.

CLEANLINESS, care and courage are the resources of civilization against cholera. Keep the body scrupulously clean. Eat hot food. Take Burdock Blood Bitters to maintain regular digestion and ensure pure blood which is the very best safeguard against cholera or any other epidemic.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle *Free*, that they may try it before purchasing. The large bottles are 50c. and $1. We certainly would advise a trial. It may save you from consumption.

TWO METEORS COLLIDE.

The Crew of the Ben Ferris Witnesses an Unusual Event.

SOUTH NORWALK, Conn., Dec. 20.—The captain's log of the schooner Eva L. Ferris says that when in latitude 37 deg. 21 min. and longitude 75 deg. 23 min. on the night of Dec. 7 at 9 o'clock he saw a meteor start from west southwest and pass directly over the vessel to east northeast. After passing the zenith it met another meteor in its transit, and swerving from a direct line the two came together. There was a report as of a heavy gun, and the reverberation lasted for many seconds. The first meteor struck the second on the northerly side and broke it into fragments, some of which fell within sight of the vessel, and showed a bright light until they went under the water. The original meteor went on its course and disappeared behind a dark bank of clouds.

WANTS A DIVORCE.

Because His Wife Undertakes a Mission to Reform Her Sisters.

PROVIDENCE, R.I., Dec. 20.—G. Walt Stetson, an artist of some note, has petitioned in the Divorce Court for absolute divorce from his wife, Charlotte Perkins Stetson. He bases his claims on the ground that his wife will neither wear corsets, a belt or heels on her shoes when she appears in public. She is a follower of Bellamy.

Mrs. Stetson became a crank on all these matters. She was loud in her clamor for dress reform and physical reform. She said she wanted to show the American women how to dress and how to become strong and healthy, so that children might be born to them without costing them their health and in many cases their lives.

When Mrs. Stetson was not occupied in the gymnasium and in advocating before women's meetings the cause of dress reform and physical culture she wrote for various magazines, and her literary efforts gave her no time to attend to her husband or his wants.

A Comfort Sometimes.

When health is far gone in Consumption, then sometime only ease and comfort can be secured from the use of Scott's Emulsion. What is much better is to take this medicine in time to save your health.

Important Announcement to the Public!

RETIRING FROM BUSINESS SALE.

Hall, Innes & Co.

Having decided to retire from the Dry Goods Business in Peterborough announce that they will on WEDNESDAY, NOV. 23rd, commence a

GENUINE MAMMOTH CLEARING SALE for CASH

Covering Every Department of their Extensive Business.

HALL, INNES & CO.

WISH TO SAY that during the many years of their business career they have never offered Goods on the above basis (except during the time of re-building their Premises), and they now confidently expect that the public will rely on the GENUINE character of this sale, and avail themselves of this opportunity of securing goods of sterling quality, at prices much below those obtained in a regular business way.

The reduction of price will apply in all Departments, as follows:

General Dry Goods.	Hosiery and Gloves.	Carpets and Floor Oilcloths.
Silks and Dress Materials.	Bed and Table Linens.	Mats and Mattings.
Millinery and Mantles.	Scotch & Canadian Tweeds.	Lace Curtains.
Mantle Materials.	Worsted Coatings & Overcoatings.	Sash Curtains.
Ribbons and Laces.	Gents' Furnishings.	Portieres, &c., &c.

The Stock is in first class order, having been bought for our Fall and Winter trade, and many lines have come to us direct from the best manufacturers in Britain, France and Germany. This sale is bona-fide, and in no way similar to many so-called Clearing Sales, and we feel certain that this opportunity of securing good goods at low prices, will be largely taken advantage of by many.

Remember that this sale will begin on Wednesday, 23rd November, and continue until the stock is disposed of.

N. B.—All Outstanding Accounts must be settled at once.

DR. BRIGGS' BOLD STAND.

What He Said About Spurgeon—He Stands on Ground for Conviction.

NEW YORK, Dec. 20.—Dr. Briggs continued his argument in defence of himself before the Presbytery of New York.

Referring to the late Dr. Spurgeon of England Dr. Briggs said: "The prosecution use the passage from the inaugural address referring to Spurgeon under both charges They harp upon it in their argument to excite prejudice against me. What I said about Spurgeon may not be pleasing to the prosecution. But is it not strictly true Is it not a fact that Spurgeon is an example of the modern evangelical? Did he not assail the church and the reason in the interest of the authority of the Holy Scripture? These are well-known weaknesses of the great preacher. But he had so many excellent Christian qualities that the world pardons his weakness in the matters referred to and honors him as the noblest evangelical of them all.

"It may seem strange to some of you that the average opinion of the Christian world would not assign him a higher place in the kingdom of God than Martineau or Newman. But a little reflection ought to convince you that it is so. Spurgeon is the hero of the evangelical party in the church. He was generally esteemed to be the greatest preacher of the Gospel in our generation But any one who understands the state of religious opinion in England knows that Spurgeon only represented a party among the Non-conformists, and that a considerable proportion of them would not assign him a higher place than Martineau or Newman. He lived to find himself in a hopeless minority in his own denomination. He was not a master of Christian theology, and therefore, as soon as he went out his sphere to teach men wiser than himself he made a sad failure.

"You are now to determine in the fear of God whether I am guilty or not. I have shown you that I subscribe to all the statements of the Confession and of the Holy Scripture in the passages cited to sustain the charge. I have shown you that there is no inconsistency between the doctrine that there are errors in the Scriptures as I explain them and the statements of confession and Scripture. You can only convict me on the ground of a deliverance of the assembly at Portland or of some dogmatic theory in your minds. If you should do *this you will violate the constitution of the* Presbyterian Church, break faith with me and sear your own consciences before God."

A WOMAN SHOT DOWN.

Her Three Children Penned in a Hut and Burned.

CARIZTO, Mex., Dec. 20.—Further particulars of the fight opposite San Ignacio just received state that during the fight Capt. Seguar of the Mexican troops, to better protect himself in a hand to-hand fight, went into the jackal and fought from there with guns and pistols.

There was in the jackal a woman and three children. The captain called to the revolutionists asking that the woman and children might go out unharmed, but the reply was, "No."

The woman tried to steal out with the children, but as she appeared at the door she was shot down and the children ran back, The revolutionists were unable to dislodge the captain from his quickly chosen fortress and they set fire to the jackal, which drove the captain out.

As he made his appearance he was shot dead and his body thrown back into the burning building. The three children were penned in the hut and burned. The bodies of dead soldiers were thrown into the flames, and when the troops from Guerrero went to bury the dead they found some of the bodies burned to a crisp.

A woman, the wife of a non-commissioned officer, undertook to escape by crossing the Rio Grande to Texas, but she was seen about the middle of the stream and shot. She sank beneath the waters and her body has not been found. There are a number of wounded Mexican troopers at San Ignacio. Only two of the revolutionists were killed and one wounded.

With many clergymen, public speakers, singers, and actors, Ayer's Cherry Pectoral is the favorite remedy for hoarseness and all affections of the vocal organs, throat, and lungs. Its anodyne and expectorant effects are promptly realized.

News About Town.

It is the current report about town that Kemp's Balsam for the Throat and Lungs is making some remarkable cures with people who are troubled with Coughs, Sore Throat, Asthma, Bronchitis and Consumption. Any druggist will give you a trial bottle *free of cost*. It is guaranteed to relieve and cure. The large bottles are 50c and $1.

About Annexation.

When dyspepsia invades your system and bad blood occupies a stronghold in your body the way out of trouble is to annex a bottle of Burdock Blood Bitters, the best remedy for dyspepsia and bad blood, and the only one that cures to stay cured.

Always avoid harsh purgative pills. They first make you sick and then leave you constipated. Carter's Little Liver Pills regulate the bowels and make you well. Dose, one pill.

Four Doses Cure a Cough.

GENTLEMEN,—My little boy was troubled with a very bad cough, and a lady friend advised me to try Hagyard's Pectoral Balsam. I got it at once and can truly say I did not give more than three or four doses until his cough was gone. I have never been without it since, as I find it the best for troublesome coughs.
MRS. J.S.RUDDY, Glen Williams, Ont.

Rough skin, caused by cold weather, is made perfectly smooth by one application of Dyer's Jelly of Cucumber and Roses. Try it. Druggists keep it. W. A. Dyer & Co., Montreal.

Do not be discouraged if other medicines have failed to give you relief. Membray's Kidney and Liver Cure acts on the "Kidneys" direct, combined, with a mild action on the "Liver" and bowels, thereby removing the cause of "Back Ache," sour stomach, dizziness, indigestion and constipation.

A Pleasant Herb Drink.

The best cure we know of for Constipation and Headache is the pleasant herb drink called Lane's Family Medicine. It is said to be Oregon grape root, combined with simple herbs' and is made for use by pouring boiling water on to the dried roots and herbs. It is remarkably efficacious in all blood disorders and is now the sovereign remedy with ladies for clearing up the complexion. Druggists sell the packages at 30c. and $1

That tired, languid feeling and dull headache is very disagreeable. Take two of Carter's Little Liver Pills before retiring, and you will find relief. They never fail to do good.

Keep the Works in good order.

NORMAN, ONT., January 15, 1892.
W. H. COMSTOCK, Brockville, Ont.
DEAR SIR,—Your "Dr. Morse's Indian Root Pills" are the best regulator for the system that humanity can use. Life is as the time-piece: frail and delicate are many of its works. A tiny particle of foreign substance adheres to the smallest wheel in the works, and what is the result?—at first only a slight difference is perceptible in its time-keeping, but wait you; as the obstruction grows, the irregularity becomes greater, until at last, what could have been rectified with little trouble, in the beginning, will now require much care in thoroughly cleansing the entire works. So it is in human life—a slight derangement is neglected, it grows and increases, imperceptibly at first, then rapidly, until what could, in the beginning, have been cured with little trouble, becomes almost fatal. To prevent this, I advise all to purify the system frequently, by the use of Morse's Pills, and so preserve vigor and vitality.
Yours faithfully,
H. F. ATWELL.

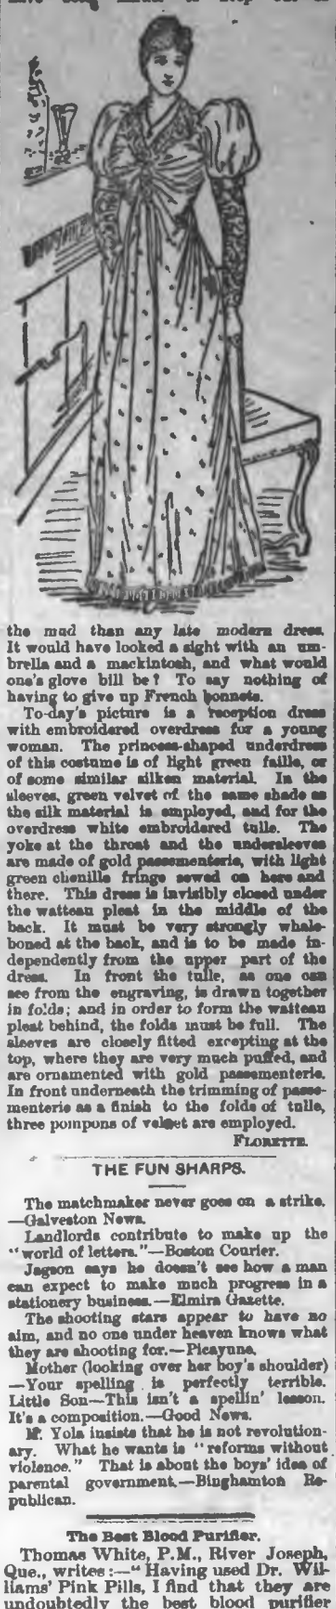
DEVELOPMENTS.

Florette Tells To-day of Some Ungraceful Ones.

The beginning of almost all fashions has been pretty; it is only the exaggeration of effect that brings about lack of grace. This season seems to bid fair to go back to the sweet first principles of many old-time modes, freed from the "developments" that later made them ridiculous, and to profit by the taste of later days. It is only when a century invents a mode that women are presently turned into frights. Witness the late departed bustle, and the late dethroned steels. The woman of '92 and '93 ought to be the best and most comfortably dressed woman since the Greek girl. By the way, the old Grecian dress would not have hit it off very well in these days. It would have been harder to keep out of



the mud than any late modern dress. It would have looked a sight with an umbrella and a mackintosh, and what would one's glove bill be? To say nothing of having to give up French bonnets.

To-day's picture is a reception dress with embroidered overdress for a young woman. The princess-shaped underdress of this costume is of light green faille, or of some similar silken material. In the sleeves, green velvet of the same shade as the silk material is employed, and for the overdress white embroidered tulle. The yoke at the throat and the undersleeves are made of gold passementerie, with light green chenille fringe sewed on here and there. This dress is invisibly closed under the watteau pleat in the middle of the back. It must be very strongly whalebone at the back, and is to be made independently from the upper part of the dress. In front the tulle, as one can see from the engraving, is drawn together in folds; and in order to form the watteau pleat behind, the folds must be full. The sleeves are closely fitted excepting at the top, where they are very much puffed, and are ornamented with gold passementerie. In front underneath the trimming of passementerie as a finish to the folds of tulle, three pompons of velvet are employed.

THE BOY POISONED.

An Heir to $50,000 Removed in a Startling Way.

PITTSBURG, Pa., Dec. 21.—Little 4-year-old Joseph Guthrie was laid to rest in the McKeesport Cemetery Saturday, and the story goes that he was murdered almost before he had passed the age of infancy because he was heir to $50,000 and stood in the way of another's mere chance to obtain the fortune.

His mother is now suffering from nervous prostration at the home of her sister, Mrs. H. D. Darbacker of McKeesport, brought on by the tragic death of her little son. The supposed murderer is a man who was an aspirant for the hand of Mrs. Guthrie and thought the boy not only stood in the way of his getting the fortune, but also thought the little fellow occupied too warm a place in the heart of the mother and prevented her from forming any new attachments.

John Guthrie, sr., the father of the dead boy, was a wealthy civil engineer and lived with his family on a farm about four miles east of Latrobe. Four years ago, shortly after the birth of his son, he was taken ill with typhoid fever and died soon afterward, leaving $50,000 to his infant son, which, however, was to revert to the mother in case the son died before reaching maturity.

After the death of the father everything ran along smoothly until about one year ago, when on the day preceding Thanksgiving, 1891, the boy was suddenly taken ill. He vomited and had griping pains in his stomach, but as he soon recovered nothing was thought of it at the time. Shortly prior to the boy's sickness Mrs. Guthrie, who was still young and said to have been quite pretty, commenced to receive the attentions of a man whose name the friends of the family refuse to mention.

However, the would-be suitor found but little favor in the eyes of the widow, whose heart was wrapped up in the love of her only child.

The boy soon regained his former health and strength, and Mrs. Guthrie, finding farm life too lonely, moved to Latrobe. On March 14 last the boy was again taken suddenly sick with similar symptoms, only the second illness was far more severe than the first.

His mouth became sore and he vomited freely, and on the third day Dr. H. W. Hitzrot of McKeesport, a trusted physician of the family, was sent for. After making a thorough examination, the doctor stated that the child's illness was caused by some powerful drug that had been administered to him. Dr. Donnelly of Latrobe, was also called in, and he expressed himself to be of the same opinion as Dr. Hitzrot. Dr. Birchfield, who attended the case from the first, reluctantly admitted that the symptoms indicated poisoning.

The little fellow, after hovering between life and death for weeks, slowly began to recover, and by June 1 was able to walk again.

After he had so far recovered that he was able to talk he said to his mother: "Mamma, Mr. ——— gave me a drink and said, 'Here, Joe, is something good for your cough,' and it burned my throat when it run down." He repeated this several times to different friends of the family. Until that time there was no clue to indicate who had administered the poison. Suspicion now fell upon the man whom the child had named as the giver of the strange drink, and he was immediately dismissed from the good graces of Mrs. Guthrie.

As a result of the extensive ulceration of the stomach due to poisoning the boy's whole system was deranged and weakened, making him an easy prey to any disease which he might contract. Acting under the advice of physicians his mother took him to Toronto, Canada, but the change made little or no improvement in his health. Remaining there but a short time they returned, going to the home of her sister, Mrs. H. D. Darbacker of McKeesport.

Little Joe seemed to be growing weaker instead of stronger, and thinking that the warm, balmy climate of California might possibly improve his health, on Nov. 14 his mother started for Pasadena, Cal., taking little Joe with her. He was taken seriously ill soon after they arrived there. The California physicians stated that an abcess had formed in his stomach, caused by the ulcerated condition of that organ, which the Eastern doctors claim was due to poisoning. He died Dec. 17, and his remains was brought to McKeesport for interment.

Dr. Hitzrot was interviewed by a Times reporter yesterday. He corroborated the above story and stated that the boy's death was, beyond a possible doubt, indirectly caused by poison administered to him last March. Dr. W. F. Knox, also of McKeesport, who visited the boy during one of his sick spells with Dr. Hitzrot, also stated that poison was the indirect cause of death.

It is said the California physicians held a post-mortem examination over the remains, the result of which is not yet known. The family think that the evidence in the case is far too strong to be called suspicion, and will at once institute legal investigations to enquire into the cause of death.

Skating Races.

MINNEAPOLIS, Dec. 21.—The first of the series of three skating races between Harol Hagen of Norway and Hugh McCormick of New Brunswick for the world's championship and $1000 took place last evening. READY FOR REVOLUTION.

A Revolution Expected Right Between the Royalists and Reds.

LONDON, Dec. 21.—It is expected here that at any moment a revolution will break out in Paris and extend over France.

The exposures of corruption in the Chamber of Deputies have thrown broadcast the belief that the Royalists are determined to carry the next elections by secret operations, and it is believed that it is only necessary for a small crowd in the streets of Paris to start the row, and the city and nation would join in and give France another taste of the power of the people when maddened with desire to wade in the blood of the wealthy classes.

The people of Paris are now in an extremely excited condition over the disclosures and accusations made in the Chamber of Deputies yesterday over the Panama Canal scandal.

ROUVIER CONFESSES.

He Received Loans of Money For the Secret Service Fund.

PARIS, Dec. 21.—There was great excitement in the Chamber of Deputies yesterday when M. Rouvier denied any personal connection with the Panama Canal scandal and stated that he had received loans from private friends to use in the secret service fund in order to retain his government in power.

The effect of this confession was tremendous.

IN A BAD MESS.

Two London Money Lovers May Pay Dear For Their Wealth.

LONDON, Dec. 21.—J. W. Hobbs, the London builder, and J. W. Wright, a solicitor, who were arrested on charges of forgery in connection with the recent failure of the Liberator Permanent Building and Land Investment Trust, have had additional charges preferred against them.

Hobbs will also have to answer for theft of a large sum of money belonging to his own firm, J. W. Hobbs & Co.

The new charge against Wright is that he stole a check for £2500 belonging to the Liberator Society. Wright was formerly financial manager of the society and Hobbs was its managing director. It is said Hobbs & Co. owe the society £2,099,000.

Mrs. Blaine, jr., to marry.

NEW YORK, Dec. 21.—A special to The Herald from Washington says its representative was informed last night that Mrs. James G. Blaine, jr., is again to be married. The gentleman who is said to have won her affection is the surgeon who attended her during her last severe illness.

ON FIRE WITH ECZEMA

Terrible Sufferings of Little Baby. Seven Doctors and Two Hospitals Fail. Cured by Cuticura.

My baby boy, 5 months old, broke out with eczema. The itching and burning was intense; the eczema spread to his limbs, breast, face, and head, until he was nearly covered; his torturing agonies were pitiable to behold; he had no peace and but little rest night or day. He was under treatment at different times at two hospitals and by seven doctors in this city without the least benefit; every prescription of the doctors was faithfully tried, but he grew worse all the time. For months I expended about $3 per week for medicines, and was entirely discouraged. I purchased CUTICURA, CUTICURA SOAP and CUTICURA RESOLVENT and followed the directions to the letter. Relief was immediate, his sufferings were eased, and rest and sleep permitted. He steadily improved and in nine weeks was entirely cured, and has now as clear a skin and as fair a boy as any mother could wish to see. I recommend every mother to use it for every Baby Humor.

To the Electors of Ward No. 2

AT the urgent request of a number of the electors of this Ward, as well as those from other parts of the town, I have consented to allow myself to be placed in nomination for a seat at the Council Board for the ensuing year. If honored with election I will do my utmost to advance the best interest of the whole town. As my time is fully occupied I may not be able to see all the electors personally and take this means of soliciting the votes and support of the ratepayers of the Ward to secure my return.

TELLERS' TROUBLES.

When They Overpay Checks They Are Out Of Pocket.

WINDSOR, Ont., Dec. 22.—When Teller J. W. Waddell of the Windsor branch of the Merchants' Bank counted up his cash the other night he was surprised to find that it was short to the amount of $2500, and all efforts to trace the missing money proved abortive.

Whether the money was stolen or overpaid is at present a mystery, but the officials of the bank are investigating the facts in connection with the disappearance of the cash, which was made up of three $500 bills and ten $100 bills. Although it is claimed that small sums, which the teller has made good, have been disappearing mysteriously from the teller's box for months, it is generally believed that Waddell overpaid the amount, as many similar cases have occurred at various banks throughout the province; and while the banks have in no cases been the losers the tellers have, in most instances, been compelled to make good the shortages, as the recipients of the increased amounts have, in no few cases, made restitution.

A few months ago the teller of a bank in this city found that his checks and cash did not correspond by $1200. He could not account for the discrepancy, cudgel his brains as he might, and as a result he had to make good the sum.

Not many years ago the teller of this very bank in Windsor where the present discrepancy exists overpaid a customer to the extent of $5000, and he also had to make good the loss. A case which attracted attention in the Hamilton law courts some years ago, and in which one of the best known of Hamilton's citizens was the victim, was of a similar nature. The gentleman was teller of a Hamilton bank, and one busy Saturday morning a farmer from over the mountain came in to cash a check for $2500. The sum was paid in $500 bills and accidentally the teller dropped on the counter six bills instead of five. The farmer grabbed the bills and made off like a flash. Unluckily the teller was the only witness of the affair and although proceedings were taken against the dishonest farmer nothing could be recovered. He was not captured with the money on him and he swore he had only received $2500. The teller had to put up the money lost.

Another case occurred in Hamilton a short time since, where the teller of a bank inadvertently paid out $2000 more than the check called for. The farmer to whom the money was paid discovered the mistake and, being an honest man, returned to the bank to restore the money. "You made a mistake," he remarked to the teller. The latter, who differed from most tellers in that he had a lofty idea of his own cleverness, replied, "Oh, no! nothing of the kind; we never make mistakes here," and refused to listen to the farmer. When he counted up his cash he discovered his mistake and at 2 o'clock next morning awoke the farmer from bed, and with tears in his eyes prayed for the restoration of the overpaid amount. Fortunately the farmer was an honest man and the amount was restored.

Still another case occurred at a bank in this city within a month, but as the sum overpaid was only $250 the teller made good the amount, but where the money went was never discovered.

The case in which a teller of the Queen-street west branch of the Dominion Bank claimed to have paid 80 ten dollar bills instead of 80 ones to Ald. Verral and the suit arising therefrom is familiar to Torontonians.

The disappearance of a package containing $7500 from a Queen-street west bank a few years ago and the mysterious departure of a $5000 parcel from the Merchants' Bank at Winnipeg also explains the disadvantages under which tellers labor.

In several of the banks it is the custom to set aside a teller's risk fund of $200 to provide for losses of this nature, for no matter how careful a teller is, it is only a question of time when his turn comes. Handling from $10,000 to $20,000 a day it is the easiest thing in the world for him to hand out a parcel of large bills instead of a package of the smaller denomination which the check calls for, and too frequently the recipient is not honest enough to restore the overpaid amount and the poor teller has no more success than the fabled miserly man of Athens.

THE FORGERY IN HALTON

MONEY WAS WANTED FOR WEDDING PRESENTS.

A Report That Mrs. Dixon Is To Be Proceeded Against—What She Did With the Money That She Raised by Forging Her Husband's Name.

MILTON, Ont., Dec. 22.—D. A. Robson, the young broker, appeared before Mayor Dice at Milton yesterday for examination on two charges. The first was for obtaining money under false pretences on the Campbell forged note for $300, for uttering which he was tried last week before Judge Kingsmill and discharged. The charge was based on his alleged statement to Mr. Campbell, to which the latter swore, that he had seen the note signed in his office. John Dixon and his wife, Matilda Dixon, swore as they did last week that they had not signed the note. The second charge was uttering another Dixon forged note for $300, alleged to have been sold by Robson to William McLellan, farmer, of Trafalgar about Oct. 27 last. McLellan swore to the purchase of the note and said that Robson told him when he bought it that Miss Dixon was about to be married and the money was wanted for wedding purposes. The Dixons both swore that they had not signed the note.

Robson was committed for trial on both charges, and bail was accepted.

The friends of the accused talk of prosecuting Mrs. Dixon for the forgeries which she has admitted, but it is not likely that any action of this kind will be taken, as it is improbable that in view of all the circumstances a jury could be secured in Halton who would convict her.

Mrs. Dixon is well-known to many Toronto merchants, with whom she has been dealing for four or five years past, and from several of whom she monthly ordered large bills of goods for her daughters.

For two or three years she conducted a milk business, and the C.P.R. loaded up scores of cans at the "fourth line" for transhipment to Toronto. Her business in connection with the milk trade brought her to Toronto two or three times a week.

The manner in which she disposed of the $2900 raised by forging her husband's name to notes, which she discounted, is no longer a mystery. The World learned yesterday that as long as three years ago she began speculating in Toronto realty, and like many another investor her equities vanished.

DAVIDSON'S RETURN.

Accountant Bartlett Was Down in Mexico to Identify Him.

TORONTO, Dec. 22.—C. Bartlett, accountant of the Bank of Hamilton at Hamilton, has just returned from Mexico, where he went to give evidence in the extradition proceedings in the case of C. Hilton Davidson, the Burlington forger, and to identify the prisoner. Davidson was held at a small Mexican town across the Rio Grande from El Paso, Texas. The local alcalde took the evidence in the case and forwarded it to the Solicitor-General at the City of Mexico and after much delay the necessary papers were received to have Davidson handed over to the British authorities. On Tuesday of last week Detective Murray started for the coast with the prisoner, but it will likely be January before he gets home, as he will have to wait his chance to get a steamer to Jamaica and come up to Halifax on one of Pickford & Black's line of steamers.

Mrs. Davidson was with her husband in Mexico. She did not accompany him to the coast, but will probably return direct by rail. The probabilities are that Davidson will be taken direct to Milton jail, as the offence occurred in Halton County.

Congress Is Considering a Measure to Prevent Canadians Going Over.

WASHINGTON, Dec. 22.—Dr. Stump, Chairman of the House Committee on Immigration, has amended his immigration bill of Tuesday so as to make it apply to immigrants coming by land or water. The amendment was made in order to allow the suspension of immigration from Canada, Mexico and South American countries.

Actor Townsend's Condition.

HAMILTON, Dec. 22.—The watchers by the bedside of John Townsend, the veteran actor who is making such a brave fight with death, thought he could not live through last night, and they telegraphed to his daughter, Mrs. Captain Allen, Toronto, to come on the midnight train if she wished to see her father alive. She did not receive the despatch in time.

Old Mr. Townsend, who had survived the night, recognized his son-in-law, and Mrs. Allen, who is expected this afternoon, may yet see her father before death claims him.

The old gentleman has not tasted nourishment for four weeks, and is very much wasted in flesh. He suffers a great deal, and his speech is becoming less and less articulate.

Found Lying Dead.

HAMILTON, Dec. 22.—Mr. Bernard McGovern died very suddenly at his home in West Flamboro yesterday. He went out to the barn to do some work, and not returning to the house at dinner time as usual, his brother walked out to see what had become of him. Mr. McGovern was found lying on the floor, breathing his last. Deceased was aged 64. He had occupied the position of treasurer of the township for a long time and was widely known and generally respected.

THE SARNIA ROBBERY.

IN THE HANDS OF A GOVERNMENT DETECTIVE

How the Safe in the Canadian Express Company's Office Was Plundered—$7000 Just Placed Therein To Be Forwarded to Toronto, Missing.

TORONTO, Dec. 22.—The Attorney-General's Department yesterday despatched Government Detective Joe Rogers to Sarnia to investigate the robbery of $7000 from the safe in the office of the Canadian Express Company in that town, the boldest and most daring robbery that ever occurred. The robber, or robbers, if there were more than one, made good their escape apparently without leaving any tangible clue. The robbery has set Sarnia in a fever of excitement, and rumors as to who were concerned in the affair are many and varied.

Thomas Cook, jr., who supersedes Ernie O. Clark about two months ago as the agent of the company, has been sick abed for the past few days, and the office was in charge of James McMahon, who, with the delivery man, comprised the office force.

At 12.25 o'clock McMahon, after having returned from the 12 o'clock train for the east, locked everything valuable into the office safe, which is an old-fashioned key-lock affair, and, after locking the front door, went for his mid-day meal. Upon his return, at five minutes before 1, he found the door of the safe open with a key sticking in the key-hole, and $7000 in currency missing. The money had just been brought into the office at a few minutes to 12, by the local banks, to be forwarded to Toronto.

The perpetrators of the robbery gained entrance through rear a door in the basement, which had been left open for the delivery of some coal. From the basement it was practically an easy matter to get into the office through a trap in the floor, after which all that remained to be done was to unlock the safe and abstract the packages wanted. After getting the booty, the robber made his exit and in the same way as he had entered.

The key was a duplicate, and was evidently made by the robber himself from an impression procured in some way from the original key to the safe. It is a rather crude affair, and is pronounced by a locksmith not to have been made by a mechanic. The robber was evidently well acquainted with the methods and business of the office, as it was an unusual thing to have that amount of money in the office. He seemed also to have been cognizant of the fact that the valuables were sent out on the second express and not on the 12 o'clock train, on which other express matter is sent. If the officers have any suspicion who the guilty parties are, they are keeping it to themselves. Rumors are many, but at the present time it would be an injustice to connect any person's name therewith.

MISSED HER BABE.

Crazed by Grief Mrs. Craig Leaves Her Home and Friends

TORONTO, Dec. 22.—Twenty-five years ago the infant child of Mrs. Sarah Craig fell down a well and was drowned. It was the unfortunate mother's lot to find her dead child, and ever since she beheld her dead baby's face turned up to hers from beneath the water she has been demented, being continually under the impression that she would one day again enfold her baby in her arms.

Lately her friends have noticed that she was becoming unnaturally excited, and fearful of mishap they watched her closely. Yesterday afternoon, however, she eluded their vigilance and wandered forth from the house, presumably, in search of her missing little one.

Although enquiries have been set on foot no word as to the old lady's whereabouts can be learned.

She resides with her brother-in-law, Mr. V. Woods, 190 Oak-street, and any clue which will lead to her restoration to her home will be thankfully received.

When Mrs. Craig left the house she was attired in a gray melton wrapper and wore a small black shawl over her head. She is 68 years of age and of fair complexion.

Mr. Woods and his wife are fearful that the old lady may have gone in the direction of the Don, and searching for her drowned baby as she was it is feared she may have plunged into the water.

THE POISON EPIDEMIC.

Drinking Water for Non-Unionists Dosed With Croton Oil.

EAST LIVERPOOL, O., Dec. 22.—A story of attempted and partially successful wholesale poisoning, similar to that alleged at Homestead, comes from New Cumberland, W. Va.

A large number of Hungarians have been imported to take the places of striking workmen in the John Porter Company's tile and brick works. Recently these men have been complaining of sickness and many of them have left in consequence. The trouble was charged to the water kept for drinking purposes in barrels about the works. An investigation leads to the belief that the drinking water of the workmen had been heavily dosed with croton oil.

The Homestead Poisoning.

PITTSBURG, Pa., Dec. 22.—True bills were returned by the grand jury yesterday against Hugh F. Dempsey, Robert Beaty and J. M. Davidson for felonious assult and battery in administering poison to the nonunion men at Homestead steel works.

THURSDAY, DECEMBER 22, 1892.

THE TOWN DEFICIT.

THE EXAMINER of Tuesday evening unpleasantly astonished the ratepayers by showing, from the financial statement, published by the council of the town of Peterborough, up to the 14th of December, 1892, that there was a deficit of some $6,155.71 on the financial operations of the current year. Our object was to present a fair deduction from official figures, and to request, in the interest of the ratepayers, an explanation of the financial situation. This explanation, it seems, is forthcoming in a wonderful article that appeared in last night's *Review*, wherein by an unique juggle with figures, it is attempted to demonstrate that there was, instead of a deficit, a surplus of some $1,479.04. In presenting the statement we did present, we were actuated, not by any captiously critical spirit, but solely by a desire to present an unvarnished picture of the actual financial standing of the town, as shown by an official document, purporting to be a fair presentation of our financial position. In doing so the EXAMINER simply did its duty to its constituents. The figures we presented were accurate to a cent, as shown from the statement. From the published statement it is seen there was due the Ontario Bank on Jan. 1st, 1892, the sum of $36,634.75, which included nearly all the liabilities of the council of '91. From this deduct the proceeds of debentures ($30,000, less $10,000, turned over to the schools)—$20,000, which latter sum, being deposited in the bank, reduced the town's liability to the bank to $7,634.75. From this deduct the $1,479.04 of surplus claimed by the *Review* in the article referred to, and we get the sum of $6,155.71, the exact amount, to a cent, of the deficit as shown by the EXAMINER'S article of Tuesday to be the deficit for the current year according to the statement given to the ratepayers over the Mayor's and Treasurer's signature. For the purpose of misleading the ratepayers, the *Review* designedly omits, in dealing with the statement in answer to the EXAMINER, any reference to the receipts and expenditure from the 14th of December, 1891, to Jan. 1st, 1892, which is absolutely essential to a just consideration of the financial situation. From the figures, which are placed first in the statement and which would naturally first attract attention, it is to be seen that the sum of $7,604.50 less receipts for the period of fourteen days, appear to have been either wilfully or ignorantly omitted by our contemporary in its treatment of the subject in hand. This amount was provided for in the estimates of '91, as will be seen by consulting the statement from Jan. 1st, '92 to December 14th, '92, as follows: Uncollected taxes, $5,782.45; switching charges (re Edison siding), paid by the council of '91, $550; due the council of '91 from the village of Ashburnham, $650, making a total of $6,982.45, which goes to show that THE EXAMINER rather underestimated than exaggerated the deficit; and, it is safe to say that, if the rate had to be struck now to cover the expenditure of the council of the present year, it would be 18 instead of 16 mills. It is not the desire of THE EXAMINER to either misrepresent the council or mislead the ratepayers; nor are we presenting these figures now to create any unnecessary alarm; but to point out that the rate of taxation and expenditure are creeping up rapidly and that the people should be alive to the importance of selecting representatives capable of and willing to keep the town in the proud position which, we have hitherto successfully claimed for it, of being the most lightly taxed and best governed town in the Dominion.

Curiosity is the most general as well as the most innocent fashion that actuates the human mind. To gratify those who may be curious to know how we can name such extraordinary inducements, we make mention of the fact, that the garments offered in to-day's announcement, are part of the great $40,000.00 Manufacturer's Stock, bought by us at 60c. on the dollar, thus putting us in a position to discount the prices of all others; therefore, no matter what you see nor where you see it, come to us and we will sell you a better article for less money. If we don't we will refund you your money. Take in this big sale.

THE BIGGEST DAY IN 7 YEARS!

Saturday, December 3rd was the biggest day MR. J. J. SHEEHY has had in seven years. Why is this? Surely not because there is less competition. Certainly not because inducements are not being held out by others. Most assuredly not because prices of farm products are showing an upward tendency. Then why??

Simply because the purchasing public of the town and surrounding country have read Mr. Sheehy's advertisements, have inwardly digested them and have concluded that cheap sale or no cheap sale Mr. Sheehy is bound not to be undersold.

We want every day in December to be a big day. How are we to accomplish this? Simply by offering to the public better value for the money than can be had elsewhere. Just cast your eye over the following quotations:—

All Wool Flannels, 26 in. wide, - -	17½	Good Linen Towels each - - -	5½
9 lb. Wool Blankets, - - - - -	$3.75	Grey Wool Blankets, - - -	31c. a lb.
14 yds. Heavy Grey Canton Flannel,	$1.00	25 yards Factory Cotton, - -	$1.00

These few quotations will probably give an idea of what we are doing and a glance at our BARGAIN TABLE in the centre of our store will convince the most skeptical that when it comes to general bargains we certainly are very decidedly "in it."

Best Cure For

All disorders of the Throat and Lungs is Ayer's Cherry Pectoral. It has no equal as a cough-cure.

Bronchitis

"When I was a boy, I had a bronchial trouble of such a persistent and stubborn character, that the doctor pronounced it incurable with ordinary remedies, but recommended me to try Ayer's Cherry Pectoral. I did so, and one bottle cured me. For the last fifteen years, I have used this preparation with good effect whenever I take a bad cold, and I know of numbers of people who keep it in the house all the time, not considering it safe to be without it."—J. C. Woodson, P.M., Forest Hill, W. Va.

Cough

"For more than twenty-five years, I was a sufferer from lung trouble, attended with coughing so severe at times as to cause hemorrhage, the paroxysms frequently lasting three or four hours. I was induced to try Ayer's Cherry Pectoral, and after taking four bottles, was thoroughly cured."—Franz Hoffman, Clay Centre, Kans.

La Grippe

"Last spring I was taken down with la grippe. At times I was completely prostrated, and so difficult was my breathing that my breast seemed as if confined in an iron cage. I procured a bottle of Ayer's Cherry Pectoral, and no sooner had I began taking it than relief followed. I could not believe that the effect would be so rapid and the cure so complete."—W. H. Williams, Cook City, S. Dak.

WATERWORKS PURCHASE.

To the Editor of the Examiner:

DEAR SIR,—I was pleased to find "Hasten Gently's" able letter in your issue of Tuesday. For it does appear as if the property owners of this town upon whom bears directly the burden of the proposed increased taxation had fallen asleep. Ratepayers, it is time to speak and that firmly and decidedly and with no uncertain sound.

The Auburn Woollen Company (free from taxation) who have been trying to run this town for the past year and who started the waterworks-purchase ball rolling, have had a long enough innings. By an unique system of book-keeping, an 18 mill rate appears as a 16 mill rate. On a false and will-o'-the-wisp assertion, that taxation will be reduced and by deluding some of the people that water will be served them free of cost, they have succeeded in getting the waterworks purchase question to this stage. Ratepayers, see that you have something tangible and rational presented before you allow them to advance further in this direction.

And why this agitation at this particular time? I see that the answer, no matter how worded, is not, "because we do not wish the supply from the waterworks system to be withdrawn from our dam, or "because we will lose a permanent revenue."

Would sane men place the system in the hands of and under the control of this or under any town council in the condition it is in now? With an inadequate pumping capacity, a rotten flume, a power that cannot be depended upon and a polluted reservoir, is the waterworks system in its present shape, in this respect, a desirable purchase? And all this must be rectified even though the ratepayers decide to allow the Auburn Woolen Company to landlord it over you and at a great expense. One item, and the chief one, the power, cannot be improved at the present site except at the expense of one or other of the numerous mills there.

Is it supposed by the ratepayers that the gentlemen who for ten years have advanced the interests of the town in giving it the water system it now has; who have made a study of its needs and requirements during that period of time, acting always with the advice and under the supervision of the most competent hydraulic engineers the country produces—are unleading the system northward in a spirit of hilarity—spending the thousands of dollars necessary and incidental to the construction of a six hundred foot dam and the laying of a mile of 16-inch pipe as a pastime?

I would ask you, ratepayers, is it likely that clear headed business men with the experience they have had, unless it were an actual necessity, and because of a certainty that nothing else could be done, no other possible way out of it; and at the same time keep the system to its proper and efficient capacity, extending and enlarging as the demands of the water takers and the increased drain on and requirements of the system called for—is it likely, I ask, that they would go to this outlay of money and devote to it the time and attention it requires, unless it had to be done.

But you or your councillors, wise in your generation, would take over this system now in its chaotic condition, with its contracts and agreements but half carried out, and complete them or throw them over as in your fitful moods or as your self-interest may dictate.

If the council are so anxious to go into speculation, ratepayers, why not take over the Light and Power Company's business—there, now, is something on a remarkably good paying basis.

I suggest that the ratepayers of the town should consider this question in all its bearings before deciding to add $200,000 to the indebtedness of the town to promote the personal interest of a few individuals.

Yours faithfully,
ANOTHER RATEPAYER.

Dec. 22, 1892.

SALEM.

To the Editor of the Examiner:

DEAR SIR,—Will you kindly allow me space in your valuable paper to tender the thanks of the congregation of Salem church, Otonabee, to these brethren, local preachers of Peterborough, who have so ably and so efficiently filled our pulpit for the last two years. Our prayer is that they may be long spared to proclaim to a lost world the unsearchable riches of Christ, which we believe they are most assuredly called on by the Great Head of the Church to do, and who will, bye and bye, if they are faithful, applaud them with, "Well done good and faithful servants enter thou into the joy of your Lord."

And we also desire to tender our sincere thanks to the Rev. Mr. Locke, Chairman of the District, for the very deep interest he has taken in bringing about a plan whereby we are again favoured with a share of the ordained minister's salary.

Signed on behalf of the Salem congregation.
SAMUEL SERGEANT.

Dr. Butler's Golden Pills have earned a great reputation wherever employed. As a nerve tonic and blood builder they are unrivalled. They increase the appetite and promote a healthy performance of all the functions of the body. A thoroughly scientific preparation, they never fail to effect a cure if directions are faithfully carried out. Nothing harmful in their composition. The most delicate system will be benefitted. Ask for Dr. Butler's Golden Pills and take no others.

We do not know of any preparation that has caught the public favor in so short a time as Dodd's Kidney Pills, but when we consider that three-fourths of the Canadian people are afflicted with kidney troubles in some form or other, and that Dodd's Pills are a quick and permanent cure for all these troubles, the large and increasing demand can scarcely be wondered at. The nominations for reeve, councillors and school trustees will be held in the town hall on Monday at noon; as yet there is not a word about either. Mr. T. J. Bird will retire from the council, and Messrs. Gordon, White, Payne and Dr. Fraser from the school board. Mr. Gordon will not again accept office, but the others will no doubt again be returned to their old seats, so that there will be one new councillor and one trustee to elect.

COUNCIL MEETING.

A special meeting of the village council was held in the town hall on Thursday evening, the 15th inst.

Present—W. H. Casement, reeve, in the chair; councillors Hull, Moore and Lillicrap.

After routine, a communication from the Douro clerk was read.

The financial statement for the past year was gone over by the reeve and will be in the hands of the ratepayers on nomination day. It is very satisfactory.

The collectors' roll, as now returned by the collector, W. Doidge, was accepted.

The taxes on lot 27 E. Rabbit street, were remitted as per agreement with the council.

The treasurer was instructed to have 100 detailed statements of the receipts and expenditures for 1892 published in pamphlet form.

The application re Bakers child was referred to the charity committee with power to act.

The matter of cleaning snow from the streets and sidewalks was referred to the road and sidewalk committee with power to act.

The finance committee presented their report recommending payment of the following accounts:—

OPTICAL DEPARTMENT

OUR LATEST SPECIALTY, AND ONE THAT IS GIVING THE GREATEST SATISFACTION.

THE value of Spectacles and Eyeglasses depends on the skill of the Optician. We are skilled. In addition to my long practical experience, I have taken a course of special instruction in optics at the Chicago Opthalmic College, and learned the latest and best methods of ascertaining the different defects of the eyes and their proper correction, so that I can fit you properly with glasses that will strengthen and improve your eyesight, instead of rapidly ruining it, as poorly-fitted glasses always do. Bring your whole family and have their eyes examined. No charge for examination.

The Late E. C. Hill.

By an inadvertance, the following reference to the death of E. C. Hill, which was in type, was omitted from yesterday's edition: Though not unexpected, the death of Mr. E. C. Hill, which took place at his residence on Tuesday night from inflammation of the spinal cord, was heard with deep regret by his many friends in town and by the public generally to whom he was well know during his residence of nearly forty-five years in town. The deceased was born in Somerset, Eng., seventy years ago. In his earlier years in town he conducted a carriage business. Subsequently his love of music led him to the conducting of the old music hall, removed from the market square a couple of years ago. Subsequently he was city bill poster. Industrious and of good business habits, he amassed a comfortable competency, and he spent his last years in comparative retirement, enjoying the honestly earned fruits of his toil. Mr. Hill, while he held peculiar opinions on certain civic subjects, which he had the courage to express fearlessly, was in all respects a good citizen, and in his [illegible] honest man. He took an active interest in public matters, and his voice was heard with no uncertain sound in the interests of straight and economic civil government. He was passionately fond of music and in his earlier years was actively associated with several church choirs. The funeral, which was private, took place this afternoon at 2.30 o'clock.

Annual Presentation To-night.

The second annual presentation of of medals, scholarships and diplomas, won at the departmental examinations, will be held in the Assembly Hall of the Peterborough Collegiate Institute this (Thursday) evening, at 8 o'clock sharp. An interesting programme has been prepared and all parents of students and friends of the Institute are cordially invited to attend.

Men Buy a Lot of Rubbish.

And expect their lady friends to be delighted with it. Ladies know better how to buy, for with only a slender knowledge of a man's peculiar notions, she will select some of those soft Japanese silk mufflers and handkerchiefs or a few of McComb's Christmas neckties, especially acceptable to the masculine mind.

Broke His Ankle.

The late E. C. Hill, in his will, had a clause inserted to the effect that his grave was to be encased in brick, laid in Portland cement, and covered with stone slabs. This morning while Mr. Jas. Bogue, contractor, was handling one of these slabs he had the misfortune to let it slip from his hands, and the heavy weight fell on one of his feet, breaking the ankle, and also badly bruising the member.

CLEARING SALE

of Fall and Winter Clothing now going on at T. Dolan & Co's. Boys' and Men's Overcoats at less than cost price. Boys' and Men's Suits cheaper than you can buy the cloth for. All Ready-Made Clothing has to be sold before the 1st of January. Old Stand.

T. DOLAN & CO.

Selling Out! Selling Out!

That cheap sale of clothing at the Oak Hall Store, No. 342 George street, under the opera house, is still in full blast. People are getting away with overcoats and suits at almost their own prices. The whole stock of Ready Made Clothing, Overcoats, Suits and Furs, and Gents' Furnishings, must be closed out during the next two weeks. Come and see how far a dollar will go. Splendid chance to buy comfortable Christmas presents for a mere triffle.dw

Resolution of Condolence.

At a regular meeting of St Peter's Court, the following resolution was unanimously adopted:

Whereas Almighty God in His infinite wisdom has been pleased to call to Himself the beloved wife of our esteemed brother, Dennis Donovan, be it

Resolved, that we, the members of St. Peter's Court, No. 225, sincerely sympathise with Brother Donovan and his family in their hour of affliction and sorrow, and commend them for consolation to Him whose chastenings are meant in mercy.

Resolved, that a copy of this resolution as a testimonial of sympathy be sent to our worthy brother and family, and spread on the minutes of our Court, and published in the local papers.

JAS. P. BRYSON, R. S.

Hello!
Is that the C.P.R.?
Yes; who's speaking?
The G.T.R.
Well, what can we do for you?
Have you been up as far as 420 Water street, where Mitchell keeps sewing machines?
No, not yet.
That's the worse for you. You'd better lose no time. Take the first chance and drop in at 420, and see the handsome sewing machines he has just brought in by our line.
Is this Mitchell the man who repairs sewing machines?
Yes, and he's a "corker" at it too.
Well, I'll drop around.
You should; and take a sharp look at his drop cabinet machine — the finest that ever struck the town—and by Jove! his figures are very reasonable too.
All right; *au revoir!*
So long!

Hockey at the Collegiate.

Last night after school a large meeting was held to form a Collegiate Institute hockey club. Mr. Harold Burnham presided. The following officers were elected for the season:

Hon. President—Mr. Fessenden.
President—Mr. Fife.
Captain—Mr. Heap.
Secretary—E. Grubbe.
Committee—V. McWilliams, C. Halliday and the captain.

The club has already fifteen members, some of these being veteran experts at the game. The rink has been secured for Mondays, Tuesdays, Wednesdays and Thursdays from 5.30 to 6.30. The first practice comes next Tuesday.

More New Books at the Mechanics Institute.

The following new books have been lately added to the already large and varied library of the Mechanics' Institute. Following is the list: Princes of Peele, Westall; Half Brothers, H. Stretton; History of Christmas (3 vols.), Spillman; Dash for Khartoum, Henty; Condemned as a Nihilist, Henty; Beric, the Briton, Henty; Memoirs of Rev. J. G. Paton (2 vols.); Examination of Water, Leffman; Charing Cross to St. Paul's, McCarthy; Hand Book of Hygiene, Wilson; Leisure Hour, 1892; Young England, 1892.

Cast Your Eye on This.

Everybody in business in Peterborough has been advertising for the past week or more their respective specialties for the Christmas trade. There is nothing like being one of the number, and this article has special reference to the goods shown by our enterprising dry goods merchant, Mr. J. J. Sheehy. His store has been a regular bee-hive for the past week. His windows in the first place are acknowledged by the public to be the most attractive on George street. Inside is offered for sale every conceivable article designed to make young and old happy. There is not a larger or better stock of ladies' or gentlemen's silk handkerchiefs in town. Mr. Sheehy informed us that more than twenty dozen of the above mentioned articles have been disposed of already. To-day there will be opened out and placed on his counters another lot of pure Japanese silk-stitched handkerchiefs which will be sold at the low price of 25c. each. Arranged nicely for the inspection of the public on tables in the centre of the store, it is absolutely not the least trouble to show them. Our reporter called this morning, and in less time than it would take to write it down the greater part of his day's wages had reached Mr. Sheehy's cash desk, so great was the temptation to buy the beautiful goods displayed.

"Lovelier Than Ever!"

The ladies are greatly taken with our stock of Christmas novelties. They are lovelier than ever this year:

Fancy Trimmed Baskets	Fancy Silks
Towel and sponge Racks	Linen Work
Whisk Holders	Pretty Toilet Sets
Handkerchief Cases	Tea Cosies
Smoking Caps	Table Centres
Smoking Sets	Five o'clocks
Silk Suspenders	Celluloid Novelties
Shaving cases	Ivorine Novelties

Tie and Glove Cases, Towel Rings, Wools, Embroidery Silks and Ladies' Work, and many 'Xmas Novelties.—MISS MELVILLE, 424 George street.

A Prominent Peterborough County Boy.

The following from the Toronto *Evening News* relates to Rev. J. C. Speir (a brother of Mrs. R. A. Hamilton, of Peterborough), who has been invited to the pastorate of the Broadway Methodist Tabernacle, Toronto:—

"Mr. Speir has a tall, handsome figure. He is about forty years of age and is now stationed at Richmond Hall, one of the finest country town stations in the Toronto conference. Mr. Speir took a brilliant course in the Wesleyan Theological College, Montreal, under the renowned Dr. Geo. Douglas, who speaks in the highest terms of his old student. Mr. Speir was born near Norwood, in the county of Peterborough, and is married to Miss Robinson, of Southampton."

The Ladies' Rendesvous

For Christmas presents is at Miss Delaney's millinery show rooms. During the holidays I am prepared to sell all my remaining stock of winter millinery, flowers, feathers, ribbons, etc., mantles, jackets, ulsters, etc., at prices which cannot be equalled. Orders for evening costumes, in which we excel, will have prompt and careful attention. Prices low for stylish garments. MISS E. DELANEY.

A New Race Course.

At the police court this morning Henry Moher was charged with furious driving up and down George street on Tuesday last. He was fined $2 and costs ($5.65 in all). The Chief of Police desires to have it understood that all cases of immoderate driving on the public streets of the town will come under the arm of the law. It would be well for all sports who are erroneously labouring under the impression that George, Charlotte and Water street are new race courses on which they can give their trotters a "brush" head the chief's warning.

The House That Jack Built.

The ingenuity of Johnny Watt is irrepresible. Usually on very important holidays his confectionery window is made specially attractive by some ingenious design from sugar, in which his skill as a practical confectioner is effectively displayed. His holiday attraction for this year is a perfect little log cabin, dexterously designed and arranged for roasting peanuts. Mr. Watt, as a boy, must have been a favourite kid of Santa Claus, with a strong yearning for comic cartooning and architecture, to make him such an adept in sugar-ology. It's worth your while to see the house that Jack built, and when you're about it, just leave your order for the three C's—candies, confectionery and cakes. He has a happy knack of putting up Santa Claus orders—knows just what's wanted—and besides he has fresh-made candy every half hour.

PRIME
WESTERN BEEF
AND CHOICE
Shropshire Lambs
FOR CHRISTMAS!

J. J. HOWDEN,
Butcher, 461 George Street,

Has made extensive preparations for the Christmas Holidays. Having secured the pick of the western market in prime cattle, and, in addition, made a lucky purchase of noted Shropshire Lambs, well-fed Veal, Poultry, &c., offers the following Bill of Fare of the most toothsome and attractive character:—

Cattle.—Seven choice young cattle, specially fed for the Christmas market by Western feeders. One fine animal weighing 1,904 pounds.

Lambs.—A number of beautiful Shropshire Lambs from the flock of F. Birdsall & Son, noted for fancy meat.

Veal.—Two fine Calves, specially reared for us by Mr. Birdsall with extra care.

Pork.—A quantity of choicest Porkers.

Hams, etc.—English cured breakfast bacon, sugar-cured hams, spiced rolls, pickled pork, etc.

Poultry.—In abundance, including fine turkeys, geese, ducks and chickens—fine birds.

Suet.—We can supply the town with chopped suet for dainty puddings, etc.

Come and see our fine display.

J. J. HOWDEN,
461 George street.

Alarm Clocks!

There are a great many small Alarm Clocks which have been running for a few years and are now out of order, which the owners are allowing to remain idle, because they think it will cost too much to repair them. If you bring them to us you will find that we will make them run as well as they ever did, at a very [illegible] hundreds of them from being merely rubbish into good timepieces. If you want to buy a new one, we will sell you an Alarm Clock at a lower price than any one else in the trade. We sell only the very best make and warrant every one.

Colorless, Emaciated, Helpless

A Complete Cure by HOOD'S SARSAPARILLA.

This is from Mr. D M. Jordan, a retired farmer, and one of the most respected citizens of Otsego Co., N. Y.

"Fourteen years ago I had an attack of the gravel, and have since been troubled with my

Liver and Kidneys

gradually growing worse. Three years ago I got down so low that I could scarcely walk. I looked more like a corpse than a living being. I had no appetite and for five weeks I ate nothing but gruel. I was badly emaciated and had no more color than a marble statue. Hood's Sarsaparilla was recommended and I thought I would try it. Before I had finished the first bottle I noticed that I felt better, suffered less, the inflammation of the bladder had subsided, the color began to return to my face, and I began to feel hungry. After I had taken three bottles I could eat anything without hurting me. Why, I got so hungry that I had to eat 5 times a day. I have now fully recovered, thanks to

Hood's Sarsaparilla

I feel well and am well. All who know me marvel to see me so well." D. M. JORDAN.

HOOD'S PILLS are the best after-dinner Pills, assist digestion, cure headache and biliousness.

Y. M. C. A. NOTES.

Visit of Mr. R. J. Colville—He Addresses two Large Meetings.

Mr. R. J. Colville, the late secretary, who is so well and gratefully remembered for his three years of earnest effort on behalf of the young men of Peterborough, was in town last night, on his way to Belleville, where he is to give an address this evening. It was not known positively until Tuesday at noon that Mr. Colville would be here, but Secretary Chapman immediately took steps to notify the members of the association and junior department, the result being that Mr. Colville met and addressed a number of the boys in the rooms between 7 and 8, and again met a large number of the young men at the close of the church prayer-meetings. After a few minutes of social conversation and handshaking, President Early called those present to order and the hymn "Blest be the tie that binds" was sung, followed by prayer and the reading of Acts, xx. 18-21, 31-47.

Mr. Colville was then called on for a few remarks, and after expressing his grateful and happy recollections of the cordial co-operation he had in times past received from members of the Peterborough association, and bespeaking a continuance of the same for the new secretary, he briefly described the work in his new field of labour, and gave a most hearty and inspiring exhortation concerning the privileges and responsibilities of a Christian. Brief addresses were then given by Messrs. Croly, Parker, Roger, Secretary Chapman and others, and the meeting closed by singing "God be With You Till We Meet Again."

Afterwards quite a number of those present, including Mr. Colville, proceeded to H. Long's restaurant, where an oyster supper was partaken of.

It is safe to say that few, if any, occupy a warmer place in the hearts of the people of Peterborough than Mr. Colville, and whenever he visits us he will be sure of the most hearty welcome. His present field is the west end of Toronto, where, amid great difficulties and under peculiar circumstances, he is already meeting with the success which he so richly deserves.

It is possible that Mr. Colville may again visit Peterborough on his way to the Provincial Convention, which meets in Montreal during the last week in January.

Mr. D. C. King, who has been attending Upper Canada College, Toronto, is home on a visit to his father, Dr. King.

Messrs. B. Brooks and J. H. Hall, attending Cornell University, Ithaca, N. Y., are spending the holidays with relatives.

Messrs. Archie Reid, Arthur Smith and Robt. Armstrong have closed their schools and are spending a well earned vacation in Peterborough.

Mr. Wm. Logan, formerly with Mr. John Nugent, druggist, who has been attending the Ontario College of Pharmacy is home to spend the holidays.

Mr. Charles E. Brennan, formerly of Peterborough, who is in attendance at the O. C. P., Toronto, has gone to Brooklyn on a holiday jaunt.

Messrs. A. E. Hurley, Bert Dolan and John O'Brien, who have been attending St. Michael's College, Toronto, are spending their vacation in Peterborough.

Mr. Thos. Ferguson, son of Mr. W. G. Ferguson, who has been attending McGill College, Montreal, pursuing a course in electrical engineering, is home to spend Xmas and New Years.

Rev. Mr. Boyd of Toronto, addressed the weekly prayer meeting in the Charlotte street church last night. Mr. Boyd has been fifty-five years in the ministry and gave a helpful practical address.

The North Dakota *Advocate* of Dec. 1st says: Mr. R. C. Strickland, of Lakefield, near Peterborough, who has spent a few weeks visiting with his brother Richard G. Strickland, of this city, made us a pleasant call yesterday. He returns to-day to his home where his extensive business demands his attention. He is engaged in lumbering on the Trent, besides which he has flouring mills and a large farm to attend to: he employs 150 men in his business.

NEWS NUGGETS.

—A new bridge will be built over the Trent at the Narrows.

—Don't forget that the Granites will meet at the rink this evening.

—Peterborough Lodge, No. 111, I.O.O.F., will put on the second and third degrees this evening.

—A banquet will be held at the Salvation Army barracks on Monday, January 2nd, conducted by Staff-Capt. and Mrs. Bolton, Kingston.

—The final practice of St. John's church choir for the special Xmas service music will be held this evening instead of Friday evening as usual.

—A barn belonging to Mr. Eli Dancy, living near Omemee, was destroyed by fire on Sunday morning, together with its contents. Insurance $200.

—Street and Bridge Inspector Pope has a gang of men at work leveling down the various street crossings which have become very slippery, owing to traffic and the recent snow.

—The funeral of the late George Coutts, aged 23 years, took place at Lakefield and was largely attended. Deceased died on Tuesday last. He was a member of Bobcaygeon Temperance Lodge of True Blues.

—A social ball will be held in Bradburn's opera house on the evening of Monday Dec. 26th. A first class orchestra has been engaged and in addition a supper will be served. The committee of management are Messrs. W. Metheral, Martin Connors and Hutchinson. Mr. A. Moore will be master of ceremonies.

—The meeting held at the council chamber this evening to discuss the purchase of the waterworks by the town, promises to be largely attended. Mr. MacDougall will submit his report and estimates re the cost of the works, and all citizens are invited to take part in the discussion whether favourable or antagonistic to the proposed project.

—The town public schools closed to-day for the winter holidays. Very few promotion examinations have been held and most of the students who wrote in what is known as the "supplementary examinations" were from the senior divisions, and will not exceed twenty in number, all having been recommended by their teachers as qualified to go up for examination.

—At the regular prayer meeting service held in the George street Methodist church last evening, forty-four persons gave in their names to Rev. Mr. Locke, declaring their intention of joining the church, and uniting themselves with the various class meetings. This splendid showing is a result of the six weeks' successful revival services just closed.

LEFT OVER FOR THE NEW COUNCIL.

The Matter of Dispute Between the Town and the Fire Brigade are Postponed for a Month by Mutual Consent.

The matter of the relations of the fire brigade to the council came up for discussion at the meeting of the council, in committee of the whole last night. Nearly all the councillors were present, and also Chief Rutherford, Assistant Chief Craig, and Secretary Yelland, representing the brigade. The three latter were heard in explanation of the grievances of the brigade in respect of acts of espionage and the recent arrest of four members. The brigade felt that as far as they were concerned they had been treated improperly by a member of the police force. After an informal and quiet discussion of the situation a motion by Mr. Cahill, seconded by Mr. Dennistoun, was passed to the effect that the matter of the brigade's resignation be left over for a month in order that the new council might deal with the matter.

It is understood that this arrangement is satisfactory to the brigade.

THE CURLER'S COLUMN.

Opening of the Season at the Rink Last Night—The Rink to be Open to Skaters To-Night.

Once more the heart of the curlers leaps for joy. The present weather makes his eye beam with delight. At the Charlotte street rink last night the Thistles held sway, and for a couple of hours enjoyed the exhilarating sport. About twenty lovers of the stane congregated on the ice and soon the roarin' game was in progress, and the cry of "Sweep hard there" fell distinctly from many lips. The ice—the first of the season—was in prime condition, and the polished spheres slipped along splendidly. Four full rinks played. One game was closed with 16 ends and the other with 14. Following is the record:

RINK NO. 1.

Geo. Edmison,	Ed. Clegg,
C. N. Brown,	R. H. Kells,
J. Stanger,	Gus Sawers,
R. S. Davidson, skip. 16	J. B. Pentland, skip..16

RINK NO. 2.

T. P. Attrill,	Dr. Boucher,
W. Snowdon,	E. Rutherford,
Geo. Brown,	D. Helleghem,
S. Ray, skip 11	C. McGill, skip 14

There were the only two full rinks, although four or five other curlers were present.

To-night it is the Granite's turn to hold forth and this they will do in large numbers. Now for the fun!

The rink will be open to skaters at 7.15 o'clock this evening and doubtless a large number will avail themselves of the opportunity of indulging in the favorite pastime of skating. To-morrow night at 7.30 o'clock the rink will be formally opened to the public. The 57th Band will be present in the gallery and discourse sweet music to the skaters on the ice below.

We are Now Ready for Christmas.

Toys, Games, Books, Novelties of every name and nature await buyers. We pride ourselves on our display of Dolls and Doll's Fixings, and best of all our effort to make one dollar buy as much as two elsewhere is more than successful. As witness, here are a few prices. It is difficult to tell you of this class of goods so you can measure prices with others, as we would like to, but we will do the best we can.

First of all, a grand present is a splendid Sewing Machine. The Empress Sewing Machine—the best—usually $45 to $60, we offer this week and next for $17. It has two drawers, extension table and splendidly finished in black walnut. Next a useful present is one of those best Clothes Wringers, purest solid white rubber rollers, double-geared and all modern attachments and improvements, this week and next $2.89, closest regular price $5. These are useful goods and we have a great number of them. See our beautiful Quadruple Silver-plated Knives—tea size $2.34 and dinner $2.44, regular prices $4.50 and $5 per dozen; Beautiful Castors and Butter Dishes 99c. each, usually $2 to $3. Indivudial Dishes and Cups and Saucers, Plates, etc., etc., in choicest makes of French and Japanese China. Some beautiful Jars of finest China filled with specially choice Teas, 75c. each up to $1.24, regular prices $3 to $4. The Vases and Jars could not be imported alone for twice what we are selling these for.

Rocking horses 89c., regular price $2. Horses on Wheels 49c. to 58c., regular prices $1 to $1.25; beautiful Steel Wheeled Wagons $1.19, a close price $1.75; Bird Cages best New York goods, painted cages from 39c. up to $1.24, regular prices 75c. to $2; the finest brass cages 89c. up to $1.98, regular prices $2 to $5; these are some of the toys and useful and ornamental goods. All new games await your coming. We wish you would come at once and not wait till the crowd pushes and surges so we cannot wait on you as we would like. We never showed half as many beautiful Plush and Leather Goods in Albums, Manicure Sets, Work Boxes and Dressing Cases and cases filled with elegant Stationary as this year, and at half or less than half regular prices.

Our Book Department is one of the most attractive. We will sell you this week one of the most beautiful, has been largely sold by subscription for $6.50, they are bound in fine Morocco and gilt, on finest paper for $1.74, a beautiful ornament as well as most useful book, it is entitled "A World of Knowledge," or "Golden Treasure," Pansy and Elsie series in beautiful binding 19c, and all best cloth-bound books 19c.; sets of Dickens, 15 vols., $4.24; of Scott, 12 vols., $4.24; some sets beautifully bound in half Morocco, $12.25, regular prices $25; Macaulay's History of England, 5 vols., $1.38, regular price $4; all works in paper, bound so each publisher's price from 25 to 30c.

We must not forget the Boys and Girls Sleighs, 14c. buys a 25c. Sleigh, 29c. a 50c. Sleigh, 49c. a 75c. Sleigh, and so on up to $1.50 for a $3 Sleigh Rocking Horse.

A POOR MAN

indeed is he whose blood is poor, who has lost his appetite and his flesh and seems to be in a rapid decline; but

SCOTT'S EMULSION

Of Pure Norwegian Cod Liver Oil and Hypophosphites

can make it rich again by restoring appetite, flesh and rich blood, and so giving him energy and perfect physical life, cures Coughs, Colds, Consumption, Scrofula and Bronchitis. IT IS ALMOST AS PALATABLE AS MILK.

Prepared only by Scott & Bowne, Belleville.

USE VELVET.

Two Pretty Figures in To-Day's Fashion Note.

The right hand figure in the picture shows a dress of checked woollen material for a young girl. This costume fastens invisibly under the arm, at both the back and in front it has a double square yoke of ruching. The bottom of the skirt is finished off by a similar ruching, which is also carried around the sleeve at the wrist. The girdle is in the form of a large band, something like a sash, but knotted on the side. The other figure wears a dress of batiste. This is ornamented at the bottom with a flounce and lace. A blouse is worn with a wide lace cape. The girdle is finished with a wide band of velvet.

Velvet, velvet everywhere, and lovely, too, it is, I think. Now is the time for you to bring out that three yards or even that half-yard, or even that scrap. Now is the time when you can put half the price of a new gown into the sleeves, and use an old gown for all the rest, and so get quite a stunning dress for not so very much after all. Beautiful old brocades go into sleeves for a dress dun-colored in every other point; or a bit of almost price-

less old heavy velvet is made up into a curtain to ruffle over the top of the sleeve and all the rest of the dress may be plain as plain can be. Zouave jacket and sleeves to match are made to go over princess dresses, and they are made of scarlet velvet, or of green or blue, or dark color to black. A broad folded sash of cherry velvet is worn with a steel-blue dress. The sash is wide enough to come half way to the arms. The fore sleeve is of velvet to match, and they come up long enough to reach the top line of the belt. Narrow velvet may go about the edge of a skirt, for which use an especially strong velvet comes and is sewed in like the old-time balayeuse. It shows just a little below the skirt, and is a pretty finish, besides keeping the edge of the dress clean. No matter what your gown is, no matter what color, what material, or for what use, you can hardly go wrong by adding velvet to it. FLORETTE.

The Duke of Sutherland is the largest land-owner in the United Kingdom. The duke possesses no less than 1,368,545 acres of land, all of which, save about 15,000 acres, are in Scotland, and his rent roll is more than $700,000 a year.

Sir E. Watkin, the railway magnate, says the most costly piece of railway line in the world is that between the Mansion House and Aldgate stations in London, which required the expenditure of close upon $10,000,000 a mile.

The "racing shell" of the future will be made of aluminum. The University eights of Harvard, Cornell and Stanford have contracts with D. J. Galanaugh, the Philadelphia boat-builder, for aluminum shells for use next spring. The Cornell boat will be 62 feet in length over all, 23 inches beam amidships, 6¼ inches deep forward and 5¼ inches deep aft. The shell will be composed entirely of aluminum, with the exception of the wash box, which will be of wood, and the outriggers, which are to be of steel tubing, cold drawn. This wonderfully light craft, weighing only 175 pounds, is designed to carry a crew of eight, averaging 175 pounds, and a coxswain, say, altogether, 1,500 pounds.

Palatable and Potent.

The great objection to cod liver oil has been its nauseous taste. This has been entirely removed by the process of preparing "Miller's Emulsion of Cod Liver Oil," which is combined with hypophosphites of lime and soda, the greatest creator of new blood in the world. It has cured thousands of consumptives by rebuilding their constitutions. Everybody is talking of the wonderful power of this Emulsion. In big bottles, 50c. and $1.00, at all Drug Stores.

Prepare for Cholera.

CLEANLINESS, care and courage are the resources of civilization against cholera. Keep the body scrupulously clean. Eat hot food. Take Burdock Blood Bitters to maintain regular digestion and ensure pure blood which is the very best safeguard against cholera or any other epidemic.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle *Free*, that they may try it before purchasing. The large bottles are 50c. and $1. We certainly would advise a trial. It may save you from consumption.

Financial Flurry Over.

WASHINGTON, Dec. 21.—Information was received at the Treasury Department to the effect that the financial flurry in New York is practically over for the present, and that there is no longer any prospect of a panic. Money is reported easy and exchange has fallen below shipping point, so that heavy exportations of gold are not likely to continue.

The Jim Crow Law.

NEW ORLEANS, La., Dec. 21.—The Supreme Court yesterday declared constitutional the law passed two years ago and known as the "Jim Crow" law, making it compulsory on railroads to provide separate cars for negroes.

Scared to Death.

MONTREAL, Dec. 21.—An old woman named Dauphin has been scared to death by a street car accident.

Recently a trolley car got off the track and ran into a house at the open window of which Mrs. Dauphin was sitting. The fright was so sudden that she died this morning.

A Farmer Suicides.

PETROLEA, Ont. Dec. 21.—James Nichol, a farmer living about two miles from Oil City, was found dead with a rope around his neck in his stable Monday morning.

Strike of Weavers.

WOONSOCKET, R. I., Dec. 20.—One hundred and fifty weavers at the Blackstone Woolen Company's factory struck Tuesday, alleging excessive fines for poor work.

Preacher and Teacher Burned.

ALBANY, N.Y., Dec. 21.—A special from Warrensburg says: Philippe E. Herrie of Schoon Lake, a teacher of vocal music and a local Methodist preacher, was burned to death here early yesterday morning.

J. S. Woodward, Louis Gourney and Edward Branch were also seriously burned, the latter probably fatally. The men were removing furniture from the burning residence of J. L. Labrum when a chimney and wall fell, burying them in the debris.

"A snake in the grass" is all the more dangerous from being unsuspected. So are many of the blood medicines offered the public. To avoid all risk, ask your druggist for Ayer's Sarsaparilla, and also for Ayer's Almanac, which is just out for the new year.

IT RESTS THE BACK Most women know all about the misery of washday. To many it means Backache, Sore Hands, Hard Rubbing over a steaming tub, and long hours. This falls to the lot of those who use poor, cheap, and injurious soaps.

HOW DIFFERENT IS THE RESULT WHEN **Sunlight SOAP** IS USED

This Soap does away with Hard Rubbing, Tired Backs, Hot Steam, and Sore Hands. It brings comfort to millions of homes, and will do so to yours if you will use it.

FORCED

REMOVAL SALE!

The Whole Stock to be Cleared at Net Cost, as we have no Option but to Remove to Other Premises.

We must vacate our present store on account of the near expiry of lease. The rent asked renewal was more than we should or could afford to pay, and as we were allowed only 8 days in which to reach a decision, we decided to move. This necessitates a Clearance of the Stock, so we now offer

The Entire Stock at Net Cost for Cash.

Every line in the store is new, bought for this season's trade, and consists of Staple and Fancy Dry Goods, Gent's Furnishings, etc.

We will announce later on the location of the new premises to be occupied by us.

Thanking the public for their generous support in the past, we trust to be able to do as well if not better, in the future.

Important Announcement to the Public!

RETIRING FROM BUSINESS SALE.

Hall, Innes & Co.

Having decided to retire from the Dry Goods Business in Peterborough announce that they will on WEDNESDAY, NOV. 23rd, commence a

GENUINE MAMMOTH CLEARING SALE for CASH

Covering Every Department of their Extensive Business.

HALL, INNES & CO.

WISH TO SAY that during the many years of their business career they have never offered Goods on the above basis (except during the time of re-building their Premises), and they now confidently expect that the public will rely on the GENUINE character of this sale, and avail themselves of this opportunity of securing goods of sterling quality, at prices much below those obtained in a regular business way.

The reduction of price will apply in all Departments, as follows:

General Dry Goods.	Hosiery and Gloves.	Carpets and Floor Oilcloths.
Silks and Dress Materials.	Bed and Table Linens.	Mats and Mattings.
Millinery and Mantles.	Scotch & Canadian Tweeds.	Lace Curtains.
Mantle Materials.	Worsted Coatings & Overcoatings.	Sash Curtains.
Ribbons and Laces.	Gents' Furnishings.	Portieres, &c., &c.

The Stock is in first class order, having been bought for our Fall and Winter trade, and many lines have come to us direct from the best manufacturers in Britain, France and Germany. This sale is bona-fide, and in no way similar to many so-called Clearing Sales, and we feel certain that this opportunity of securing good goods at low prices, will be largely taken advantage of by many.

Remember that this sale will begin on Wednesday, 23rd November, and continue until the stock is disposed of.

WEBB'S MISSION.

The People of the United States To Be Taught Islamism.

BOMBAY, Dec. 21.—Alexander Russell Webb, who recently resigned his office as United States consul at Manila to preach Islamism, is now at Hyderabad soliciting contributions to a fund to be spent in sending Islamite missionaries to the United States.

He is having immense success. He will use much of the money secured in India to establish Islamite newspapers and lecture courses in American cities. He will also publish a new translation of the Koran. Mr. Webb says he was converted to Islamism by a careful study of the Koran and the works of the interpreters.

He made this study during his leisure hours in Manilla. He has resolved, he says, to devote the remainder of his life to preaching to the people of the United States the true religion and endeavoring to convert as many as possible from their present false belief. The western world, he says, is waiting to be Islamised.

BOOTH VINDICATED.

The Committee of Investigation on His Affairs Report Favorably.

LONDON, Dec. 21.—The report of the committee of which the Earl of Onslow is chairman, and which was appointed to investigate the affairs of the Salvation Army as concluded by Gen Booth, was made public yesterday.

The report speaks favorably of Gen. Booth's enterprise for the redemption of "Darkest England," but qualifies the general verdict of approval with the criticism to the effect that too much cash has been sunk in building operations at the beginning of the enterprise.

The report is a great victory for General Booth, whose management of the Salvation Army finances is thus found to be correct by a committee of unimpeachable character and standing, and the appointment of which was prompted in the first place by hostile critics of the Salvation Army.

The Work of Fiends.

MADRID, Dec. 21.—Anarchists appear to be resuming their activity in Spain. Three petards were exploded in Seville on Sunday last with disastrous results to the mansions of a merchant named Pous and of the Marquis of Villapanes, two of the most prominent residents of Seville. The residence of the Marquis was considerably damaged, but no person was hurt.

Fire At Thorold.

THOROLD, Ont., Dec. 20.—About 6 o'clock this morning a fire broke out in the residence of Charles Haist, Mill-street, here. The fire brigade was prompt in extinguishing the flames, but not before considerable damage was done to the building. The furniture was badly damaged by water. The loss is covered by insurance.

DRANK VERY HARD.

Miss Henderson Testifies at the Trial of the Man Who Shot Her.

ST. THOMAS, Ont., Dec. 21.—John D. Sullivan, aged 44, is on trial on a charge of shooting Miss Elizabeth Henderson, aged 55, with intent to murder, on September last. Sullivan boarded with Miss Henderson for 12 years. He was jealous of W. Webb and fired three revolver bullets into Miss Henderson.

At the court yesterday Miss Henderson gave evidence. She was very weak, but gave her evidence in a strong voice at first, although she almost broke down before finishing her testimony.

Her evidence would lead to the belief that the prisoner was not in his right mind for several days before the shooting. He had been drinking to excess and acted in an insane manner on several occasions. The case was not finished.

Killed by Dynamite.

LYNN, Mass., Dec. 20.—One man was killed and two others were seriously injured by a premature explosion of dynamite in a sewer trench to day.

With many clergymen, public speakers, singers, and actors, Ayer's Cherry Pectoral is the favorite remedy for hoarseness and all affections of the vocal organs, throat, and lungs. Its anodyne and expectorant effects are promptly realized.

News About Town.

It is the current report about town that Kemp's Balsam for the Throat and Lungs is making some remarkable cures with people who are troubled with Coughs, Sore Throat, Asthma, Bronchitis and Consumption. Any druggist will give you a trial bottle *free of cost*. It is guaranteed to relieve and cure. The large bottles are 50c and $1.

About Annexation.

When dyspepsia invades your system and bad blood occupies a stronghold in your body the way out of trouble is to annex a bottle of Burdock Blood Bitters, the best remedy for dyspepsia and bad blood, and the only one that cures to stay cured.

Always avoid harsh purgative pills. They first make you sick and then leave you constipated. Carter's Little Liver Pills regulate the bowels and make you well. Dose, one pill.

Four Doses Cure a Cough.

GENTLEMEN,—My little boy was troubled with a very bad cough, and a lady friend advised me to try Hagyard's Pectoral Balsam. I got it at once and can truly say I did not give more than three or four doses until his cough was gone. I have never been without it since, as I find it the best for troublesome coughs.

MRS. J.S. RUDDY, Glen Williams, Ont.

Rough skin, caused by cold weather, is made perfectly smooth by one application of Dyer's Jelly of Cucumber and Roses. Try it. Druggists keep it. W. A. Dyer & Co., Montreal.

Do not be discouraged if other medicines have failed to give you relief. Membray's Kidney and Liver Cure acts on the "Kidneys" direct, combined, with a mild action on the "Liver" and bowels, thereby removing the cause of "Back Ache," sour stomach, dizziness, indigestion and constipation.

A Pleasant Herb Drink.

The best cure we know of for Constipation and Headache is the pleasant herb drink called Lane's Family Medicine. It is said to be Oregon grape root, combined with simple herbs and is made for use by pouring boiling water on to the dried roots and herbs. It is remarkably efficacious in all blood disorders and is now the sovereign remedy with ladies for clearing up the complexion. Druggists sell the package at 50c. and $1

That tired, languid feeling and dull headache is very disagreeable. Take two of Carter's Little Liver Pills before retiring, and you will find relief. They never fail to do good.

JAMES STEVENSON

NOT PARROT-LIKE

But a Little Mannish in a Gentle Sort of Way.

Here is an illustration of the point at which some of the modish girls have arrived in the moderation of mannishness. This street toilet, you will observe, has some masculine touches, yet it is distinctly gentle and graceful. It is imitative of the sterner sex, but not in a parrot-like way.

Speaking of parrots, now that green is so much in vogue, why not take a lesson from these birds? Pretty Poll is just the rage. She has shoulder decorations, a tiny

capote, and is all ready to go to the theater. The particular pretty Poll I think of is in a suit of soft grass green, with quite a trail in the back, and it is ornamented with cherry epaulets at the shoulders. The cherry is shot with yellow. On her head she wears a fascinating chapeau that could have come from no where but Paris itself. It is the most delicate yellow. It fits close to the head and is trimmed with a single aigrette of white flecked with cherry. She wears yellow shoes, and her gown fits to perfection, the skirt being sheath-like, with just the drag in the back, and the bodice having long close sleeves just a little high at the shoulders. Now, could anything be in better taste? Another pretty Poll is gotten up in a combination of white and yellow and cherry that would make your heart ache with envy, and she wears a sort of yellow boa about her neck. As for the hat, well, it is one of those creations that simply cannot be described. Go take a lesson from the parrots themselves.

Next to velvet, fur, fur, fur. Fur for the edges of skirts, fur for bands—two, three and four—around the skirt, fur on the bodice, to edge all the berthas and falls and lambrequin effects, fur for hats, fur for mid-winter parasols which are, of course, carried only to sport the fur; fur everywhere, on cloth, on silk, in the street, in the ball room, in the boudoir, and, fashion hints, even in bed. A white silk nightrobe—nay, let us be respectful—slumber robe, dream dress, drouse drapery, all cosy with soft lamb's wool. Think of that! No matter what your dress or what your material, or for what occasion, you cannot go wrong if you put fur on it.

There are more cases of sickness and death from diseased kidney than from all other diseases combined. It is your own fault if you allow your kidneys to remain in an unhealtny condition when the cure is at hand. Dodd's Kidney Pills are guaranteed to cure the worst cases. It costs but little to give them a trial. They are for sale by all druggists and dealers or by mail on receipt of 50cts. or 6 boxes for $2.50. Write for book called Kidney Talk.

Cannot be Denied.

The curative influence of the pine in lung diseases is everywhere admitted, and when combined with other effective pectoral remedies as in Dr. Wood's Norway Pine Syrup the effect is doubly beneficial. No case of cough, cold, asthma, bronchitis or hoarseness can resist the healing powers of Dr. Wood's Norway Pine Syrup. 25 and 50c. at druggists.

GEN. MYLES IS SCARED.

CANADA'S CRUISERS MAY SMASH THE FRONTIER TOWNS.

Amounts to a Declaration of War Owing to Violation of the Treaty of 1817—Canada Could Burn Every United States Town on the Great Lakes.

CHICAGO, Dec. 22.—"If Canada has built and armed three vessels for service on the lakes, as described by the officers of the *Revenue Marine Service at Washington*, it amounts to a declaration of war," said Maj.-Gen. N. A. Myles yesterday, alluding to the report that the Dominion has increased its armed force on the great lakes.

"I do not want to be quoted as saying that Canada or Great Britain means war," said Gen. Myles. "The fact is, though, that these three vessels are in direct violation of the treaty of 1817, which limits the war vessels that either our Government or Great Britain can maintain on the lakes to a certain number and limits their gun power. The action of the Canadian authorities in building the three vessels described by the officers of the Revenue Marine Service violates the treaty in both particulars.

"England can send a large fleet of light draught war vessels up the St. Lawrence River into the great lakes and could burn every town from Duluth to Detroit; and the singular thing is that the United States could do scarcely anything by way of defence so far as doing battle on the water is concerned, for while we have some light draught warships that could get through the canal, we could not get them to the upper lakes for the reason that they would have to pass through British possessions, and that Canada or Great Britain would not allow."

Gen. Myles had a list showing that the British navy had 35 protected cruisers, 18 unprotected cruisers, 20 torpedo vessels, 54 gun vessels, 2 armored vessels, 6 despatch vessels and 5 armed steamers of draught light enough to allow their passage through the Welland Canal.

RECEIVED $15'000.

A Big Purse Presented at a Bishop's Gold and Silver Jubilees.

SCRANTON, Pa., Dec. 22.—The gold and silver jubilees of Rt. Rev. *William O'Hara*, Bishop of Scranton and a priest and bishop of the Roman Catholic Church, was celebrated here yesterday with impressive ceremonies.

Cardinal Gibbons, accompanied by Archbishop Keane, Mgr. Mangin of the University of Washington and other dignitaries of the church were present.

Marching societies and thousands of citizens greeted the cardinal on arrival at Scranton. Five thousand persons attended the church services. After the celebration of mass Archbishop Ryan of Philadelphia preached the sermon. Immediately following the close of the service the priests of the diocese gave a banquet to the visiting dignitaries.

During the feast the clergy delivered an address to the bishop and presented to him a purse containing $15,000.

The Vote for President.

NEW YORK, Dec. 22.—The Post printed yesterday a table of the vote this year for President, having secured the figures from all the states. The result is: Cleveland 5,567,990, Harrison 5,176,611, Weaver 1,025,060, and Bidwell 258,347. Cleveland's plurality 391,379.

In Louisiana the Republicans and People's party, having nominated a fusion ticket, on which there were five Harrison electors and three Weaver electors, the vote for plurality purposes is credited to Harrison.

Threats Against Negroes.

PITTSBURG, Pa., Dec. 22.—Eighteen armed deputies have been sent to the coal mines of Brown & Sons at Elkhorn to protect the colored non-unionists who recently took the places of the strikers.

A delegate convention of miners is in session at Monongahela City to consider the strike, and threats were made that after the convention adjourned the delegates and miners would march to Elkhorn and force the negroes to come out of the mine.

He Made Wealth For Others.

UTICA, N.Y., Dec. 22.—John T. Jones, aged about 60 years, died at his home in this city last evening. He was the inventor of very many attachments for sewing machines, and it was mainly through his efforts that the sewing machine was brought to its present state of perfection.

His patents number more than 50, and while he made others immensely wealthy he received but little through his royalties and died a comparatively poor man.

An Editor Killed.

JACKSON, Tenn., Dec. 22.—Thomas Gaston, captain of the police, shot and killed W. C. Strickland yesterday. A card published in yesterday's Evening Times over the signature of Strickland made serious charges against Gaston's official conduct. Gaston gave bonds in the sum of $20,000.

Suicided With Paris Green.

ST. EUGENE, Ont., Dec. 20.—Last evening at 5 o'clock Honore St. Jean, a married man, a resident of this place, took a dose of Paris green and died at 2 o'clock yesterday. The coroner has been notified and an inquest is ordered for this afternoon.

THE CHINESE QUESTION.

A Plan for Preserving Peace Between China and the

WASHINGTON, Dec. 21.—The Post editorially says:

The plan of campaign agreed upon by the Chinese residents of this country to resist the enforcement of the Geary Exclusion Act is, first, to test the constitutionality of the law itself; and so eminent an attorney as Joseph H. Choate of New York is mentioned as one of the counsel retained in the case.

In the meantime the Oriental Club of *New York will do whatever it may* toward arousing public sympathy in behalf of the proscribed class by a systematic agitation of its grievances and by petitions to Congress for a repeal of the obnoxious statute, a fund sufficient to cover all necessary expenditures to be raised by a per capita assessment of one dollar on the Chinamen now sojourning in the United States.

Failure to secure the intended object by these methods, the law being declared constitutional and Congress refusing to modify or ameliorate existing legislation, will mean in all probability a policy of retaliation on the part of the Chinese Government. No other course would comport with the self respect and dignity of a nation that believes itself to have been treated by the United States with contumely and bad faith.

The Post cannot doubt that there is brave and honest statesmanship enough in the American Congress to meet the exigencies of this question honorably to itself and satisfactorily to China—in such a way as to preserve unbroken the pacific relations that exist between the two countries and obviate the necessity of a resort to extreme measures on either hand.

Setting aside all considerations of the constitutionality or humanity of the exclusion law, we hold the measure to be objectionable, as contrary to sound public policy. In other words, we do not believe that the alleged evils of Chinese immigration are of such a grave and threatening character as to warrant this Government in permanently alienating the friendship of a great power that, so far as it seeks commercial alliances abroad at all, or has any disposition to grant outside concessions, naturally inclines to the United States as the most favored nation.

The advocates of the Geary law profess to have no fears of Chinese retaliation. They look upon the idea as absurd and insignificant. But this is as narrow a view of the situation as the motives are narrow that inspire unfriendly legislation and treachery to treaty obligations. The United States cannot afford, upon grounds so flimsy and untenable, if nothing worse, to incur the hostility of a government that in due course of time and development is destined to become an important factor in the commerce and civilization of the world.

GEN. BOOTH'S DAUGHTER

DYING AMONG HER CONVERTS IN INDIA.

Ill of Fever Where She Led a Revival—Head Men of the Village Tore Down the Idols in the Temple—She Has Written a Number of Army Songs.

NEW YORK, Dec. 23.—Special prayers are being offered in all the Salvation Army meetings throughout the world for the recovery of Col. "Ruhsai" Booth, the youngest daughter of Gen. William Booth, the founder of the order.

She is lying dangerously ill of fever in Moogundy, in the Department of Travancore, India, where she recently led a great revival in which the head man of the village tore down the idols in the temple and turned over the building to the Salvationists.

Her real name is Lucy M. Booth, but she followed the custom of the army folks in India by taking a native name, which means "Spirituality."

She is only 22 years old, and began her career in the army four years ago in London.

She soon became an officer and was put in charge of the Naval Brigade, which consisted of 20 young women who, attired in yachting costumes, cruised up and down the Thames in a steam yacht and held services in the villages and towns and in the fashionable house boats. She was threatened with consumption two years ago and went to Ceylon, where she recovered her health.

She is a very sweet singer and an eloquent speaker and has written a number of army songs, one of which, "Dark India," is sung by the Salvationists everywhere. The cable message received here yesterday intimated that she was dying.

A FIGHT FOR LOVE.

The Girl Acted as Referee and Agreed to Go With the Victor.

MOUNT CARMEL, Pa., Dec. 23.—A fight took place here last night between John Roteski and Michael Lincevitch. Both men are Hungarians. John left Hungary with Mary Dousky, to whom he was married on reaching New York.

Lincevitch was in love with the girl and followed them to this country for the purpose of being revenged.

About 50 railroad workmen witnessed the fray. Mary was selected as referee, and, it is alleged, agreed to take the victor for her husband. The fight lasted 40 minutes, when, completely exhausted and bleeding profusely, Lincevitch was unable to stand up any longer.

A foul was claimed on account of Roteski's chewing his opponent's ear, and a riot began. The girl sided with her husband's friends and she was knocked senseless.

Weapons of all kinds were used, and 10 or 12 were felled with clubs, while several bullets found their way among the crowd.

Nearly all of the 50 were badly cut and bruised and six of them are in a precarious condition. Roteski, with his face all bandaged up, left to-day for Shenadoah, accompanied by Mary.

MOLESTED HIS DIVORCED WIFE.

Oliver Plant Fined $100 and Put Under Peace Bonds.

CHICAGO, Dec. 23.—Oliver Plant, erstwhile of Toronto, Canada, and his former wife, who is known as Clara Fredericks, talked with Justice Lyon in open court at Chicago yesterday morning. They have been divorced for some time, but Oliver does not recognize the legal separation and has fallen into the habit of pestering his former spouse at odd intervals. Clara resents this, and as Oliver was found entering her premises by stealth at an unseemly hour yesterday morning she had him arrested. It was apparent to the most unsophisticated person that Oliver is bad. It was clearly shown that he bore a bad reputation among his countrymen who reside in Chicago, and that two years ago he shot Clara in the region of the right shoulder blade. And when it was shown that he broke out of jail in Canada by means of powder conveyed to him in innocent-looking pies, that settled it. Justice Lyon fined him $100 for his act of stealth, and put him under bonds of $500 to keep him from molesting Clara for the period of one year.

Diamonds in Idaho.

BOISE, Idaho, Dec. 23.—A. Kunnsee, the diamond expert who has been examining the alleged diamond fields here, has gone to Chicago, taking with him several specimens. He said: The geology of the country around the diamond fields is precisely the same as in the South African fields, and not unlike those of Brazil.

The only difference is that these are not as much broken up. In my opinion these diamond fields will be larger than either those of Africa or Brazil, the blow cuts, or shafts, being a great deal larger and more clearly defined.

Shrieked for Help.

NEW YORK, Dec. 23.—Fire broke out at 10 o'clock yesterday in the residence of Lloyd Aspinwall, No. 9 Gramercy-park. The flames started up from the basement, and in a few minutes the whole first floor was enveloped in smoke and fire.

The occupants of the house, Mrs. Aspinwall, two children, three servant girls and a butler, were panic-stricken and their escape by the stairways being cut off, they took refuge on the window sills, where they stood shrieking for help. They were rescued. Not much damage was done.

Hanged for Murder.

LONDON, Dec. 23.—Thomas Edwards was hanged yesterday at Usk for the murder of Mary Connolly at Abergavenny on Sept. 16 last.

Edwards acknowledged having killed the woman, and he said he murdered her because she was of immoral character and because he made up his mind to kill as many of her kind as possible.

SUICIDE IN HAMILTON

WM. M'AULAY FOUND HANGING FROM A BEAM.

Suffered From Rheumatic Fever—Had Sold Out His Business—His Clerk Found Him at the Rear of the Store and Cut Him Down—Death Had Come.

HAMILTON, Dec. 23.—One of the saddest events of the year took place yesterday in the suicide of Mr. William McAulay, wholesale woolen goods merchant, No. 108 King-street east, and the city has lost one of its most highly respected business men.

For a long time Mr. McAulay had been in poor health. A year and a half ago he went to the Old Country, and while there had a very severe attack of rheumatic fever. For months it affected him, and he has never since been the same. After returning he was troubled with constant and intense pain in his left hand, just at the top of the thumb, and this growing worse rendered two or three operations necessary, and the final cutting out of the bone.

The intense and continued suffering wrought seriously upon his mind, and his friends were always anxious on his behalf, he having intimated that death was preferable to such a state, when there was no hope for ultimate recovery. His friends saw that it was necessary that he should go to more suitable climates, and for some time have been busy in making arrangements to wind up the business.

Only yesterday Mr. Seneca Jones completed all arrangements for the sale of the business to Toronto parties, and the sale was considered very satisfactory. In a few days, had he preserved his mental force, he would have been freed of business cares and would probably have gotten relief from his physical infirmities too.

This morning Mr. McAulay gave instructions to have some custom house business attended to and then checked over the goods which had been sold. Between 11.15 and 11.30 o'clock he sent his clerk to Mr. R. B. Spera's store, King-street east.

The young man was only away about 15 minutes, and when he returned Mr. McAulay was not to be seen. Going to his desk he found a sealed envelope addressed to Mrs. McAulay. He thought his employer had likely gone into the cellar and shot himself, and, not caring to go into the cellar alone, he rushed for Mr. Seneca Jones, whose office is less than 200 yards away.

In a couple of minutes the two returned and, going behind a glass partition at the rear of the store, they saw Mr. McAulay hanging to a beam at the side of the stairs. He was suspended by a strap thrown over the beam and looped around his neck.

Young Thompson cut the strap and allowed the body to sink to the cellar floor. Mr. Jones felt for the pulse and thought that death had taken place. Dr. Day Smith was immediately summoned and arrived in a few minutes, only to confirm Mr. Jones' belief.

Mr. N. D. Galbreaith, brother-in-law of deceased, opened the note to Mrs. McAulay, and found that it asked her to forgive him for the act and commended her and their children to God's blessing. Coroner MacKelcan was notified, but an inquest was deemed unnecessary.

Mr. McAulay was 52 years of age. He was formerly a traveler for Messrs Knox, Morgan & Co., and afterwards went into business in the firm of McAulay, Robertson & Munro. A little over two years ago he and Mr. Pratt started the wholesale business, which he has been carrying on alone for over a year.

He leaves a widow and two daughters.

A QUICK ACTION.

Hamilton's Fire Chief Does a Clever Trick at Driving.

HAMILTON, Dec. 23.—Chief Aitchison had another of his miraculous escapes yesterday. Coming down Hughson-street from the wood market the chief heard the fire alarm, and at once set the pace for his mare. On reaching King-street, south of the Gore, a woman and child suddenly emerged on to Hughson-street and stood looking after the Bay-street reel.

The chief, in stentorian tones, shouted, but the poor woman heeded not, and came steadily ahead, right in the way of the chief's course. It being impossible to haul the horse up to prevent running the woman and child down, the chief at once turned his course to the east, determined to pass between the telephone post and the Traders' Bank, a narrow path, full of danger to himself.

His vehicle collided with the pole and he was thrown with great violence against the building. Strange, but true, the chief kept his head, and as he emerged from his vehicle he clutched the cushion of his seat and quick as thought inserted it between his body and the sharp projection of the angle of the bank building, saving to some extent injury to himself.

Nevertheless he is bruised considerably and had one rib fractured.

NARROW ESCAPE.

A Driving Pulley Burst While a Dozen Men Were Around.

OTTAWA, Dec. 23.—At least a dozen men had a miraculous escape from being killed at the Standard Electric Light Company's power house on Tuesday afternoon. A large new driving pulley, which was being tried, suddenly broke into pieces, which were hurled in all directions.

Man things were wrecked in the room, including the armature of a new one hundred light machine, which is an expensive requirement. Two of the pieces of the broken pulley went right through the ceiling.

There was a dozen employes in the room at the time, but fortunately, with one exception, none struck the men. Mr. Peare was struck on the leg by a small scrap of iron, but he was not hurt.

A lineman of the Chaudiere Electric Light Company was standing on the stairs into the next flat at the time of the accident. The step below where he was standing was badly smashed, but he came out unscathed.

Eighteen Months for Bigamy.

HAMILTON, Dec. 23.—Charles Stuart Joyes, the young man who pleaded guilty recently to the charge of bigamy, was brought up for sentence before Judge Muir yesterday. He is a handsome and respectable-looking young fellow. When asked what he had to say the prisoner merely asked the judge to be as lenient with him as he could. Judge Muir said the offence was a serious one, and sentenced him to 18 months in the Central Prison.

The prisoner some years ago married a Miss Dart of Stamford. Early last summer he married a Miss Lawrence, daughter of a widow living at 35 Tom street in this city.

OLD SOLDIER

He Saw Military Service in the Rebellion Times of 1837-38.

HAMILTON, Dec. 23.—Col. John Land died peacefully and painlessly last night at the family homestead, Westover, Ancaster township. By his death Hamilton loses a citizen whose life in this district is parallel with the whole history of the settlement from the time when it was a wilderness and struggling settlement of a few hardy pioneers.

Colonel Land was the eldest son of the late Colonel Robert Land and was born Nov. 11, 1808. He grew up tough and wiry rather than strong, and was noted for his endurance, which was severely tested in the exciting times of 1837-38, when, as lieutenant of cavalry under the late Colonel Jarvis, he took part in the expedition against Dr. Duncombe in Scotland Township, which resulted disastrously for the doctor.

Lieut. Land was sent with despatches from the front to Sir Allan McNab, and delivered them without resting. After two hours' rest here he was sent on to Toronto, returning to sleep in his own bed the same night.

When his troop was sent to Chippewa he was in command, owing to the captain having been disabled, and was kept busy carrying despatches, guarding trains, etc., till the rebels gave up and the troops came home.

In 1839 he married Esther, only child of the late John Morris, by whom he had eight children, six of whom are still living. They are: John H. of this city, well-known as secretary of the Royal Templars; Capt. Peter M. of Nanaimo, B.C.; Mrs. David Lucas of Trafalgar; Mrs. J. G. Y. Burkholder of this city, who has been living with and caring for him since the marriage of the youngest daughter, Mrs. J. F. Webster, of this city, and Mrs. David Reid, jr., of Brooklyn, N.Y. Of his three sisters and two brothers, only his youngest sister, Mrs. George K. Chisholm, of Oakville, survives him.

CROZIER, THE BIGAMIST.

He Has Given Himself Up and Will Be Tried.

BELLEVILLE, Ont., Dec. 23.—Samuel Crozier, a man about 25 years of age, was brought to the city yesterday from St. Ola, in the Township of Limerick, and placed in the county jail on the serious charge of bigamy.

About two years ago the accused went to St. Ola in order to get out some timber for an Ottawa firm. He became acquainted with Miss Mattie Holmes, daughter of Mr. D. Holmes. In August, 1891, they were married.

About two weeks ago a lady appeared in the neighborhood and claimed to be the wife of Samuel Crozier. He at first denied the charge, but it is stated that she produced the marriage certificate. His first wife was a Miss Neill, her home being in the vicinity of Carleton Place.

The accused was brought before the P.M. this morning and remanded until next Tuesday. In answer to a question he said that he had no children by his first wife, or by the woman he has lately been living with.

AMERICAN CAPITAL.

Continues to Find Investment in Canadian Enterprises.

WINDSOR, Ont., Dec. 23.—W. M. Roomer of the Windsor and Walkerville Electric Street Railway has sold his road. The consideration is to be $15,000 and the purchasers are a syndicate of Detroit capitalists.

At present the road will be run as it is, but the syndicate will equip the road with electricity and extend it to the M. C. R. depot, beginning not later than May 1st and will also extend it through Walkerville to a point on the lakes about five miles east.

Windsor capitalists are interested in the deal and it is quite possible that the S. W. & A. Railway will also pass into the same hands.

DR. RYERSON

The Conservative Candidate For Election in West Toronto

TORONTO, Dec. 23.—Dr. George Sterling Ryerson was the unanimous choice of the Conservative convention called for last evening at Temperance Hall to select a candidate for the vacancy caused by the death of N. G. Bigelow, M.L.A. Mr. Barlow Cumberland's name was equally well received with that of the doctor, but, as he declined to stand, the latter was made the unanimous choice.

Badly Broken Up.

HAMILTON, Dec. 23.—An employe of the Bridge and Tool Company named J. O'Connor met with a serious accident there yesterday. He was attending a drill when in some unexplained manner he became caught in it, and before the machinery could be stopped his right arm was crushed, his right leg broken and he sustained other painful injuries. O'Connor was taken to the hospital.

Annie Ferguson's Case.

OWEN SOUND, Dec. 23.—The inquest on the death of Annie Ferguson is over. The jury returned an open verdict to the effect that she died from inflammation of the bowels, the result of a miscarriage. The cause of the latter the jury could not determine.

Candidate for Terrebonne.

MONTREAL, Dec. 23.—At a convention held at St. Jerome yesterday Pierre Leckiere, advocate of Montreal, was chosen as the Conservative candidate for the vacancy in the House of Commons caused by the elevation of Mr. Chapleau to the Lieutenant-Governorship.

Gas at Kingsville.

WINDSOR, Dec. 23.—A fourth gas well has been struck on W. A. Wigle's farm near Kingsville. Capacity 6,000,000 gallons daily.

An Extradition Case.

PORT HURON, Mich., Dec. 23.—The petition for the extradition of George Vickers, wanted at Mitchell, Ont., for forgery to the amount of $1400, will be heard before Judge Vance next Tuesday. Vickers was arraigned last night and pleaded not guilty. Joseph E. Rogers, Ontario Government detective, was here last night to see about the Vickers case and will return next week.

Badly Mangled by a Trolley.

WINDSOR, Ont., Dec. 23.—An old man named Joseph Derison was struck by a Walkerville electric car at the corner of Glengarry-avenue and Wyandotte-street, run over and horribly mangled. Both legs were broken and his skull fractured. The old man was slightly demented and somewhat deaf. He was seen by the motorman and the bell rang to warn him. The doctors think he cannot survive.

THE WATERWORKS PURCHASE

DISCUSSED AT A MEETING OF THE RATEPAYERS.

Would the Assumption of the Works be a Good Asset for the Town?—Many Opinions Expressed and Considerable Information on the Subject Elicited—Should the Town Own the Dam?—The Engineer Estimates the Cost at $98,000—The Town Solicitor's Opinion.

The public meeting called last night in the council chamber by the Mayor and Council to discuss the assumption of the waterworks system by the town, was fairly well attended—about 100 ratepayers being present and comfortably filling the "auditorium." About all the speakers were favourable to the purchase of the works, and no dissenting opinion was expressed. The meeting broke up shortly after ten o'clock, after all who were desirous of speaking had done so, without a vote on the question being taken as all the auditors seemed to think they had learned all the intelligence that could be given them, or perhaps was necessary on the subject, and left the chamber in a body. At 8 o'clock the meeting was called to order by Mayor Kendry. In opening he said the meeting had been called by a resolution of the council who had prepared all the information they could give in reference to the subject in hand. Mr. MacDougall, the engineer, had his report ready and also the legal opinion of Mr. Town Solicitor Edwards was in hand. Mr. MacDougall was present and would give any information necessary.

Town Clerk Cobb then at the request of the Mayor, read the report of the estimate of the value of the waterworks as prepared by Mr. MacDougall at the request of the council:

REPORT AND ESTIMATES BY THE ENGINEER.

PETERBOROUGH, Dec. 22nd, 1892.

To His Worship the Mayor and Council of the Town of Peterborough:

GENTLEMEN,—I have the honour to report an estimate of the value of the waterworks as prepared by me under the conditions set forth in Chapter 164, Sec. 69, R.S.O.

The section referred to states that the value of the waterworks is to be determined by "having regard to what the same would cost if the works should be then constructed or the property then bought, making due allowance for deterioration wear and tear, and making all other proper allowances." On this basis I submit my estimate of what it would cost to reproduce the works today. The mileage of the system including all sizes of pipe is 13 miles, there are 105 hydrants, 700 house services and 100 stop valves of different sizes. At the pumping station there are two Knowles pumping engines, each of which has a capacity of 1,000,000 U. S. gallons per day, each pump is driven by a "Little Giant" turbine wheel. A considerable portion of the pipes have turned and bored joints and were imported from Scotland, being the pipes which were first laid, they include chiefly the largest sizes. In the estimate I have prepared, I have given full current prices for material, and liberal allowance for labour on pipe laying. My estimate for the value of the works is $88,342, which with an allowance for preliminary, legal engineering and contingent accounts, makes a total of $98,000. It is well known the present pumping station, flumes and water supply, are only on lease hold and that the water works company have made other arrangements for their future supply. This will render the present station valueless, the only asset will be the pumping engines, turbine wheels, and connections therewith, for which $3,000 would be a full price, making a deduction for the rest of the plant and building. The amount of this estimate will probably fall short of the construction accounts as shown by the books of the company; in explanation thereof it must be remembered the act distinctly specifies at what date and the manner in which the value is to be determined. When these works were originally constructed, the pipe was imported from Scotland, ocean freight and duly had to be added to the cost of the pipe and the cost was further increased by the turned and bored joints. In the past five or six years the industry of pipe founding has increased in the Dominion, the capabilities and appliances of foundries have improved; we are now able to produce water-pipe in the Dominion at prices which have driven imported pipes out, of the eastern markets, at anyrate.

I have to acknowledge with many thanks the courtesies extended to me by the Waterworks Company and particularly by their manager, Mr. Henderson, who have freely and cheerfully given me all the information, I asked for.

Respectfully submitted by your obedient servant.

ALLAN MACDONGALL.

ALLAN MACDOUGALL.

Peterborough, Dec. 22nd, 1892.

The Clerk also read, at the request of the Mayor, the opinion of Mr. Edwards regarding the town's position in purchasing the waterworks as affected by the construction of the new dam.

TOWN SOLICITOR'S OPINION ON DAM.

PETERBOROUGH, Dec. 19th, 1892.

J. R. Cobb, Esq., Town Clerk:

DEAR SIR,—In compliance with the request of the council, I beg to state the following as my opinion with respect to the position of the town in purchasing the waterworks as affected by the construction of the new dam. This dam is being constructed by a company separate and distinct from the Peterborough Waterworks Company, although the persons interested in the dam are also shareholders in the Waterworks Company. The dam, therefore, is not part of the waterworks system and the town can neither be compelled to take it over, nor can the town compel the Water Company or the owners of the dam to sell it at a valuation as part of the waterworks system. If at any time, before the town gives notice of its intention to arbitrate, the Water Company should acquire the dam, it might be held to go with waterworks system, although as to this I am not free from doubt; because the original bylaw and agreement might be held not to contemplate the dam as part of the waterworks This, however, is not very important, for the reason that it is the evident intention of the company or syndicate building the dam to keep it distinct from the waterworks. But the difficulty so far as the dam is concerned is this: The building of the dam will naturally be followed by the removal to it of the pump house, and the laying of the additional pipes between Hilliard's dam and the new dam. If this be done before the town gives notice to arbitrate the town would, of course, have to pay for the extra work, and having done so would have no control over the dam, but be obliged to submit it to the terms of the syndicate owning it. This difficulty as to the securing power and a supply of water may be said to exist in any case I merely point out that with the extra expenditure that will be caused by having to purchase the system after the removal to the new dam, here would probably be no compensatory advantage to the town, but possibly the reverse.

Yours truly,
E. B. EDWARDS.

INFORMATION BEFORE THE RATEPAYERS.

Mayor Kendry said the council had laid all the information they could before the ratepayers. He would like to see the matter fully discussed by them, and any information the members of the council or the engineer could give, they would be glad to do so. He would be glad to hear from any gentlemen who wished to discuss the matter.

Mr. A. P. Poussette asked if all the information the town clerk read was all they had on the matter.

Mayor—Yes.

Mr. Poussette—Have you no statistics from other towns.

The Mayor explained that they had given a comparison of the rates charged in other towns similar in size to Peterborough where the town owned the works and where they did not. But he thought it was the cost of the waterworks the people wanted to know.

A SHAREHOLDER THINKS THE TOWN SHOULD OWN THE WORKS.

Mr. Cluxton was the first gentleman called upon to speak. He said for the last fifty years as a citizen he had done everything in his power to advance the interests of Peterborough. In regard to the waterworks purchase he would say, if a business man saw a good bargain he seized it. The town of Peterborough had an opportunity of procuring a good bargain in the purchase of the works now. If the town put it off a period of five years longer he thought it would cost the town some $20,000 more. When the works were first started some 10 years ago (he was president for 6 years) they had every difficulty to get things along. Mr. Cahill said then, in 10 years the town would own the waterworks. At that time there was a very pronounced opposition to their purchase, but a great revolution in public opinion had taken place since that time. He was glad to hear the report of Mr. MacDougall. He himself estimated the cost at 100,000, which at 4 per cent. would cost the town $4,000 a year if purchased. We were now paying $3,000 for hydrants alone. This did not include the extra hydrants at the Grand Trunk either. All the time he was president of the company they never paid a dividend, but now the company was established they had paid the interest to the shareholders, not only for the past five years but from the start also and made great extensions besides. The company have paid interest on their money, at one time as high as 8 per cent., and he had got it down to 6 per cent. to-day. The 2 per cent. was what the town would have paid if the rate had not been reduced. He strongly favoured the purchase of the waterworks. A sewerage system was of no use unless sewers were flushed, and it would be better for the corporation to possess the works than to pay a private company for the use of the water. The company had always treated the town liberally and had never

THE BIGGEST DAY IN 7 YEARS!

Saturday, December 3rd was the biggest day MR. J. J. SHEEHY has had in seven years. Why is this? Surely not because there is less competition. Certainly not because inducements are not being held out by others. Most assuredly not because prices of farm products are showing an upward tendency. Then why??

Simply because the purchasing public of the town and surrounding country have read Mr. Sheehy's advertisements, have inwardly digested them and have concluded that cheap sale or no cheap sale Mr. Sheehy is bound not to be undersold.

We want every day in December to be a big day. How are we to accomplish this? Simply by offering to the public better value for the money than can be had elsewhere. Just cast your eye over the following quotations:—

All Wool Flannels, 26 in. wide, - -	17½	Good Linen Towels each - - -	5½
9 lb. Wool Blankets, - - - - -	$3.75	Grey Wool Blankets, - - -	31c. a lb.
14 yds. Heavy Grey Canton Flannel,	$1.00	25 yards Factory Cotton, - -	$1.00

These few quotations will probably give an idea of what we are doing and a glance at our BARGAIN TABLE in the centre of our store will convince the most skeptical that when it comes to general bargains we certainly are very decidedly "in it."

Best Cure For

All disorders of the Throat and Lungs is **Ayer's Cherry Pectoral.** It has no equal as a cough-cure.

Bronchitis

"When I was a boy, I had a bronchial trouble of such a persistent and stubborn character, that the doctor pronounced it incurable with ordinary remedies, but recommended me to try Ayer's Cherry Pectoral. I did so, and one bottle cured me. For the last fifteen years, I have used this preparation with good effect whenever I take a bad cold, and I know of numbers of people who keep it in the house all the time, not considering it safe to be without it."—J. C. Woodson, P.M., Forest Hill, W. Va.

Cough

"For more than twenty-five years, I was a sufferer from lung trouble, attended with coughing so severe at times as to cause hemorrhage, the paroxysms frequently lasting three or four hours. I was induced to try Ayer's Cherry Pectoral, and after taking four bottles, was thoroughly cured."—Franz Hoffman, Clay Centre, Kans.

La Grippe

"Last spring I was taken down with la grippe. At times I was completely prostrated, and so difficult was my breathing that my breast seemed as if confined in an iron cage. I procured a bottle of Ayer's Cherry Pectoral, and no sooner had I began taking it than relief followed. I could not believe that the effect would be so rapid and the cure so complete."—W. H. Williams, Cook City, S. Dak.

THE WATERWORKS PURCHASE

(Continued from Second Page.)

charged by meters. He thought that if the company were offered the exact amount they owned of the stock subscribed—they had only asked for $55,000 of paid-up stock—and payment of existing liabilities—they would accept it. The waterworks was the most desirable plant any person could have, and the expenses of running the business outside of what the works would cost, could easily be learned as well as what they were earning. He asked all the ratepayers to support the council in the purchase. The town could then control all their own sanitary condition, flushing the sewers, etc. If they thought there was danger in arbitration, they could then pay up the debt, take over the stock of the company and thus assume the works.

Mr. T. G. Haslitt said he had nothing to say in reference to the matter, when called upon to speak.

The Mayor said it might be said by some that the council should proceed without calling the ratepayers together, but he was of the opinion that the matter should be generally discussed and not rush in a momentous matter like this without considering it well.

CONDITIONS OF TAKING OVER THE WORKS.

Mr. Poussette asked the Clerk to read the clause in the by-law of the company re the town taking the works over. He said Mr. Cluxton had suggested that the town could take over the works by paying up their stock and assuming the liabilities, but he was not sure of this. After the Clerk had read the clause as requested, Mr. Poussette said he thought Mr. Cluxton's suggestion could only be carried out by valuation of the works. Mr. MacDougal he thought had not made a correct valuation of the first cost of the works, which they could not now be constructed for. This, he thought, an unfair valuation.

Mayor—"I should think the waterworks should be taken over at their present value."

Mr. Poussette said nothing had been shown what revenue had been obtained by other towns owning their works or the expense of running them. Mr. Cluxton estimated the expense at 4 per cent. on $100,000 would be $4,000, but there would be running expenses, etc., added to this. The town should furnish the ratepayers with such data as this. The information should be in such a shape in order to get at the true result.

Mayor Kendry said they had information here and he asked Mr. Meldrum to read it in reference to the cost of the works, etc., in other places.

STRONGLY FAVOURS THEIR PURCHASE.

Mr. Donnistonn said in writing to different towns which own their waterworks, they replied that it was not their intention to make a revenue from their works, but to reduce the water rates. In no cases are their works not paying the corporations in other towns owning the systems. Kingston waterworks paid the interest and sinking fund on their municipality indebtedness and the town kept the figures at this basis. The same was equally true of the Consumer's Gas Company in Toronto. From the schedule before him where the company owned waterworks and the town owned them, the latter always paid the town better. In Peterborough the rate for a year in a six-room house, five persons was $700. In Brantford where city owned the works, $6.25, in Stratford, (company), $7.25, Goderich, (city), $6.00, Brockville, (company), $10.00 to $17.00, Galt, (city) $5.00, Belleville, (company), $6.00, Dundas, (city) $8.00. In Ottawa water was charged according to assessment of the house. By this reference to cities and towns about the same size as Peterborough it would be seen that the rate in nearly every instance where the town owned the works, was less than here. It was fair to study this fact.

Mr. Donniston continuing said it was better to wait five years than have the by-law defeated after an arbitration. He favoured the town owning the new dam.

Mr. Meldrum said the present company had given the town good service. The town's bill for water a year was $5,000, and increasing; Kingston's, $2,500, with a good revenue besides; Guelph's water works, built by the city, cost $150,000; Kingston had 168 hydrants, the same as Poterborough's which cost $50 for the first 80 and $40 per year for the others. Kingston's hydrants cost $20 per year. Hence the town here should own the waterworks, if they could be taken over without taking the new dam. He praised the work done in the construction of the waterworks by Mr. Henderson.

WHO KNEW HIS BUSINESS THOROUGHLY.

Works could be better constructed by private parties than by a municipal corporation. He denied that some members of the council were trying to fix a dam on the town. He said the Mayor at first opposed the purchase till the new dam was completed, and the other members of the council changed thus, were in the same position. Touching on the question of revenue, he said he was told the company's income over expenses last year was $40,000—and it would pay the town, but not including the new dam.

Mr. J. J. Hardley thought the purchase of the waterworks would be a good town investment, which would increase in value every year. In the matter of fire protection, the ownership of the works would enable the town to treat the outskirts as it did the centre of the town. He thought the purchase a good investment.

Mr. Leech thought that if the town owned the waterworks, the water would be more generally used. While, he was somewhat indifferent as to the purchase or not of the works, he would prefer that sewerage receive first attention.

Mr. Poussette said that only recently the waterworks were got on a dividend paying basis. The matter of the purchase of the works should be discussed from a ratepayer's standpoint alone. In the event of purchase the revenue would pay the interest on the debentures, and also on the debentures for an entire sewerage system. He closed by strongly urging the purchase of the works.

In reply to Mr. Cluxton, Mr. MacDougall gave figures as to the expense of flushing sewers.

Mr. J. W. Fitzgerald, C.E., had little to say. He was completely mystified with the council's dealing with the sewerage system. The details of the question of purchase should be put before the people, before whom several contradictory facts had been placed in reference to the sewerage system.

Mr. MacDougall said his valuation of the works was based on what they would cost if built now, which might be less than the construction account of the company.

Mr. Meldrum pointed out that the engineer's valuation of the Brockville waterworks differed from the arbitration award by only $1,833 or $6,000. The company's estimates was $250,000; the engineer's $143,000, and the arbitrator's award $139,000. The corporation could not compel citizens to take water without special legislation. As to the dam matter, the town could not be baulked, for they had the Hall, Dickson, Snyder and Nassau dams to fall back upon. The Hilliard dam had been offered the Water Company for $800 a year for eight years, and the same power they would have at the new dam, which cost twice as much as it should, owing to high water. It would pay the town better to lease a dam than own it.

Mr. Donnistown said the ratepayers in voting on the question of the purchase of the works should vote as if the town were bound to take over the dam.

The meeting dispersed at 10 o'clock.

NIGHT DANGER.

There are often unseen dangers in the home where children are found. At this particular season the little ones frequently take colds which do not create any alarm until the quietness of night reigns. Suddenly that terrible and ominous sound is heard which indicates a case of croup. Then all are alarmed, and the family are fearful of consequences. Various remedies are resorted to in order to banish the danger.

It is well to advise parents how to be properly prepared for such night dangers. The best and most effective agent for battling with croup, is Harvard Bronchial Syrup. The action of this powerful but pleasant remedy is almost instantaneous. The first dose will bring relief and prevent fatal results. Thousands of children have been saved by this wonderful preparation which is now called the "children's friend."

We strongly advise every family in Canada to keep a bottle of this syrup where it may be reached in cases of emergency. Ask your druggist for it, and see that it is the "Harvard;" no other is so reliable and effective.

AUBURN AND THE WATERWORKS.

To the Editor of the Examiner:

SIR,—The ratepayers of Auburn hope the town will succeed in buying the waterworks so that we will have the benefit of them, and have them extended over here so that we can have fire protection and water for our gardens, as well as the favoured portion of the town. We are taxed for everything and have as good a right to have water for our gardens as any one else. We are close enough to the waterworks, but we might as well be miles away for any benefit we get. So we Auburners say, let the town own them for the public benefit, and not a company that won't give us any accommodation.

Yours,
AUBURN.

TO BE OR NOT TO BE "IN IT."

A Life Agent called at a friend's down town,
HE WASN'T IN IT;
He had seen "the boss" coming and fled from his way,
HE WASN'T IN IT;
He had heard so much said, he was tired and sick
Of insurance and agents—'twas all a blank trick,
When one's coil must be shuffled to win it,
HE WASN'T IN IT.

A bit of a draft blew o'er his bald head,
HE WAS IN IT;
Pneumonia sent him straightway to his bed,
HE STAYED IN IT;
His doctor made of it a "quite special" case,
To save him for running still more of life's race,
But the grave took some chances to win it,
AND HE'S IN IT.

When approached by a gent for insuring your life,
GET RIGHT IN IT;
It's the right thing to do for your children and wife,
THEN STAY IN IT.
Remember that fires take your goods "out of sight,"
And that accidents happen each day and each night.
While insurance protects every minute,
IF YOU'RE IN IT.

A Bank Manager's Opinion.
HE IS "IN IT."

The General Manager of one of the leading banks in Canada, writing to a personal friend, says:—"I have no hesitation in saying that I place the CANADA LIFE upon the highest platform. It is in my opinion carefully, economically and honestly managed; its Reserve Funds are well invested; its rates of Premiums are low, and its future is, I think better assured than a great majority of Companies. I have my own life insured in the Company for a round amount, and would not hesitate to increase the amount of my policies should I decide upon taking out further insurance."

A Government Insurance Actuary's Opinion
On the Relation between Ordinary and Tontine Service.

It is frequently asserted by Companies whose business is nearly all tontines, that although the CANADA LIFE may and does pay large ordinary profits, yet it cannot compare so favourably on a long term distribution or tontine period, and that in the end better results can be obtained on a tontine policy in a large American Co. than on an ordinary or tontine policy in the CANADA LIFE. To prove the absurdity of this statement, the following piece of common sense is quoted from Mervin Tabor, late Actuary of the Illinois Goverment Insurance Department. In his well known book, "The Three Systems of Life Insurance," he says: **"A company that gives large dividends on the ordinary kind of policies, can give much larger on the same kinds when Tontined, and a company that pays but meagre dividends on the usual forms, adopting perhaps the Tontine system to "cover up" its small surpluses, cannot be relied on for large returns of surplus under the Tontine Forms of Insurance."**

The CANADA LIFE does not "cover up" its Quinquennial profits as some Companies do, but publishes them throughout the country.

It can and does surpass other Companies on Quinquennial profits. It should and will surpass them on Tontine profits.

WHY TO BE "IN IT."

BISHOP HAWKE'S REASON:—"I claim that Life Insurance is not only a humane, but I might say a Christian Institution."

LORD LYNDHURST'S REASON:—"A Policy of Life Insurance is always an evidence of prudent forethought. No man with a dependent family is free from reproach if not insured."

WHEN TO BE "IN IT."

The younger, the cheaper. Therefore insure when young. Besides by insuring in the CANADA LIFE *now*, you will share in three years' profits.

WHERE TO BE "IN IT."

The best place to be "in it" is in the Company that gives the best returns for the least money, consistent with absolute security. Therefore, in order to be "in it," choose the

Arrested for Non-Payment of a Fine.

High Constable Cochrane went to Millbrook Wednesday afternoon and arrested a man named George Patterson for non-payment of a fine. It will be remembered that the prisoner was charged before the county police magistrate in October last with refusing to pay his fare on a C. P. R. express train between Cavanville and Peterborough. He was fined by the court $5 and costs ($20.70 in all) or fifteen days in gaol. He never paid the fine, and is now rusticating at the gaol.

The Three Days' Christmas Tree Concert.

Wednesday evening of the three days' Christmas Tree entertainment to be held in the opera house next week from Tuesday noon to Thursday evening inclusive, will be devoted to a concert at which a splendid programme of music will be presented by the pupils of the Convent assisted by one or two others and by the orchestra. The pupils are now under training and the rehearsals indicate that the concert will afford a rare musical treat which none who enjoy good music, well performed, should miss.

Arrested For Assault.

High Constable Cochrane, assisted by County Constable Moore, Wednesday afternoon arrested John Irwin, of Springville, on a warrant issued by Robt. Rynd, charging him with assaulting and ill-treatment, on the boundary road between the counties of Durham and Peterborough, on the 19th inst. Irwin was brought up before the County Magistrate yesterday afternoon and admitted to bail, to appear on the 30th inst., when the case will come up for hearing. An information against Irwin has also been laid by Jos. Tully, storekeeper Springville, charging the defendant with aggravated assault. The hearing will come up on Dec. 30th.

AT ROUTLEY'S.

Much to see.
Much to enjoy.
Much to praise.
Much to admire.
Much to wonder at.

A royal gathering of just such things as popular taste most fancies. This store has the holiday business of '92. Do you think we lead the trade eleven months in the year, only to take second place when trade is trade? It remains for you to shop EARLY, and not wait until the crowd pushes and surges, so we cannot wait on you as we would. 4d

Fire in Ashburnham.

Mr. C. R. Macklin, who has been living in Ashburnham for about two years, was leaving to spend Christmas with old friends in Cobourg to-day. Just as they were about to board the 11.35 train for Port Pope, he received a telephone message informing him that his house, which the family had just left carefully locked and, as they thought, safe, was on fire. The neighbours had broken open the door and taken out all the contents possible. Mr. Macklin immediately returned to the scene, while kind friends who happened to be at the station assisted Macklin to board the train safely.

Christmas Without Good Tea is Like a Plum Pudding without Raisins.

Kirk & Co., tea merchants, Market Arcade, have just received a full stock of Christmas goods, including Spices, Extract of Chocolate, (both baking and eating), etc. From now till Christmas will be given away with every dollar's worth of Tea a beautiful fancy cup and saucer, the regular selling price of which is 40c. Of our Teas, there is no necessity to speak, being already so well known. We are the only direct importers of teas in Peterborough, all our Teas, with the exception of Japan, being bought for us in London, Eng., and shipped direct to us here. As we sell only Teas, Coffees and Spices and devote our whole time to that business, we give better value than is usual in general grocery stores. Goods delivered free in town and country.

T. DOLAN & CO.

Selling Out! Selling Out!

That cheap sale of clothing at the Oak Hall Store, No. 342 George street, under the opera house, is still in full blast. People are getting away with overcoats and suits at almost their own prices. The whole stock of Ready Made Clothing, Overcoats, Suits and Furs, and Gents' Furnishings, must be closed out during the next two weeks. Come and see how far a dollar will go. Splendid chance to buy comfortable Christmas presents for a mere trifle. dw

Pupils Remember their Teachers.

Yesterday afternoon Miss Sim, a popular teacher in the South Ward school, who has resigned her position, was presented by her pupils with four handsome volumes of the poets (Scott, Milton, Mrs. Browning and Wordsworth) and two fine illustrated volumes of Germany and England, as well as a costly hymnal. Miss Sim made a feeling reply, thanking the pupils for their kindness, and wishing them all a happy holiday season.

"Lovelier Than Ever!"

The ladies are greatly taken with our stock of Christmas novelties. They are lovelier than ever this year:

Tie and Glove Cases, Towel Rings, Wools, Embroidery Silks and Ladies' Work, and many 'Xmas Novelties.—MISS MELVILLE, 424 George street.

Hello!
Is that the C.P.R.?
Yes; who's speaking?
The G.T.R.
Well, what can we do for you?
Have you been up as far as 420 Water street, where Mitchell keeps sewing machines?
No, not yet.
That's the worse for you. You'd better lose no time. Take the first chance and drop in at 420, and see the handsome sewing machines he has just brought in by our line.
Is this Mitchell the man who repairs sewing machines?
Yes, and he's a "corker" at it too.
Well, I'll drop around.
You should; and take a sharp look at his drop cabinet machine—the finest that ever struck the town—and by Jove! his figures are very reasonable too.
All right; *au revoir!*
So long!

A Very Pleasant Re-union.

At the close of the commencement exercises held in the Collegiate Institute last evening Messrs. J. Smithson and E. Bolton, the winners respectively of the Nicholls and Stratton scholarships, entertained their fellow-students who had passed the junior leaving and matriculation examinations, both pass and honor, last midsummer, to an oyster supper. As several of the successful students have been attending the different universities during the past term there was consequently a very pleasant re-union of old friends and renewal of acquaintances formed while attending the Collegiate. The chair and vice-chair were taken by the two young gentlemen whose hospitality had provided the excellent repast. Each of those present, in response to the invitation of the chairman, replied in a few well-chosen remarks. Speeches, songs and toasts followed in quick succession. After each had expressed his pleasure at being present, it was unanimously carried that the precedent, so happily inaugurated, should be established and henceforward become a regular part of the commencement exercises. After giving three rousing cheers for Messrs. Smithson and Bolton, and singing the national anthem the company dispersed in the early hours of the morning.

Storm Coats.

If you want to feel comfortable, warm and happy on Christmas and New Years, get inside of one of H. LeBrun & Co's. big comfortable Storm Overcoats, with large collar, cape or capot. There is no coat that embodies more comfort and gives greater protection to the wearer—whether he be a man or a boy. It is a great saver of doctors' bills, and a becoming garment withal. We are making a special run on these Storm Overcoats during the holidays. Prices range from $5.00 to $10.00. We have some higher but they are exceptionally fine garments, with extra linings, trimmings, etc. Our $5, $6, $7, $8, $9 and $10 Storm Coats we will warrant to excel any offered by other dealers for a like price. They are big value for the money, and are being bought freely by professional men, business men, merchants and young men, who cheerfully declare they don't want any better.

NEWS NUGGETS.

—Three tramps slept in the cells last night.

—A couple of drunks were "run in" last night and allowed to go with a warning.

—The band will play at the skating rink to-night—the formal opening of the ice to the public.

—A large number of skaters were at the rink last night. The ice was in good condition and all the young people spent a pleasant time.

—The last public meeting of the Board of Health for the present year was called for this afternoon at 3.30 o'clock at the town clerk's office.

—The number of Xmas presents being sent away this year by the express companies from town are not as numerous as in previous years.

—The C.P.R. express going west and due here at 11:44 a.m., was two hours late to-day, caused by waiting connections with western trains at Toronto.

—Mr. Thomas Weston, while driving to town this morning saw a house burning and nearly consumed on the Dummer road in Douro, near the residence of Mr. Fred Edwards.

—Advertisements are out asking for tenders for 100 cords of field stone to be purchased by the Street and Bridge Committee, suitable for macadam purposes. The time will close on Tuesday.

—At a meeting of Peterborough Lodge, No. 111, I.O.O.F., held last night, a vote of thanks was passed to the executors of the late Mrs. Nicholls' estate for the handsome gift of the sum of $30 to the lodge.

—Peterborough Lodge met last night and conferred the second and third degree upon two candidates. The nomination of officers for the ensuing term took place. They will be elected at the next regular meeting.

—A debate between members of the Catholic Literary Society, of Lindsay, and the Catholic Association, Peterborough, will take place at Lindsay on Dec. 30th. Dr. Brennan and Mr. W. Brick represent Peterborough.

—Mr. P. Bain, of the Auburn Woollen Mills, leaves to-morrow for Gananoque to visit his brother Michael whom he has not seen for several years. Mr. Bain also intends visiting other relatives in the eastern district before returning.

—At a meeting of Lansdowne Lodge, No. 26, S. O. E., last night, three candidates received the "White Rose" degree. The first Thursday of each month was fixed for the regular meeting night for next year. At a previous meeting a vote of thanks was passed to the executors of the Nicholls' estate for the gift of $50 to the Lodge.

—Miss O'Connell, has resigned her position as teacher in the Murray street Separate school. The teachers and pupils of the school signalised the occasion by presenting her with a gold broach and a mirror and a complementary address. Mr. Brick, principal, replied in Miss O'Connell's behalf. Rev. Father Scollard and Mr. Leonard were also present and made complementary remarks.

Mr. W. C. Barnes, of Toronto, who has been confined in the Nicholls Hospital, since October last, from the result of injuries sustained by a fall through a trap door in the tower of the George street Methodist church, is now able to be out. He still suffers however from pains in the back due to injury to the spine, and is still under Dr. Bell's care. His friends though pleased at his recovery so far hope, for his complete restoration to strength.

Remember the adjourned auction sale of Mrs. James H. Dixon's lot on Murray street, opposite Central Park, on Saturday afternoon, 24th of December, at two o'clock at the Morgan House. This is the most desirable building lot for sale in Peterborough. 3d146

Men Buy a Lot of Rubbish.

And expect their lady friends to be delighted with it. Ladies know better how to buy, for with only a slender knowledge of a man's peculiar notions, she will select some of those soft Japanese silk mufflers and handkerchiefs or a few of McComb's Christmas neckties, especially acceptable to the masculine mind.

The Ladies' Rendezvous

For Christmas presents is at Miss Delaney's millinery show rooms. During the holidays I am prepared to sell all remaining stock of winter millinery, flowers, feathers, ribbons, etc., mantles, jackets, ulsters, etc., at prices which cannot be equalled. Orders for evening costumes, in which we excel, will have prompt and careful attention. Prices low for stylish garments. MISS E. DELANEY.

The House That Jack Built.

The ingenuity of Johnny Watt is irrepressible. Usually on very important holidays his confectionery window is made specially attractive by some ingenious design from sugar, in which his skill as a practical confectioner is effectively displayed. His holiday attraction for this year is a perfect little log cabin, dexterously designed and arranged for roasting peanuts. Mr. Watt, as a boy, must have been a favourite kid of Santa Claus, with a strong yearning for comic cartooning and architecture, to make him such an adept in sugar-ology. It's worth your while to see the house that Jack built, and when you're about it, just leave your order for the three C's—candies, confectionery and cakes. He has a happy knack of putting up Santa Claus's orders—knows just what's wanted—and besides he has fresh-made candy every half hour.

Alarm Clocks!

There are a great many small Alarm Clocks which have been running for a few years and are now out of order, which the owners are allowing to remain idle, because they think it will cost too much to repair them. If you bring them to us you will find that we will make them run as well as they ever did, at a very small charge. We have already changed hundreds of them from being merely rubbish into good timepieces. If you want to buy a new one, we will sell you an Alarm Clock at a lower price than any one else in the trade. We sell only the very best make and warrant every one.

Raised from the Dead

Long and Terrible Illness from Blood Poisoning

Completely Cured by Hood's Sarsaparilla.

Mrs. Mary E. O'Fallon, a very intelligent lady of Piqua, Ohio, was poisoned while assisting physicians at an autopsy 5 years ago, and soon terrible ulcers broke out on her head, arms, tongue and throat. Her hair all came out. She weighed but 78 lbs., and saw no prospect of help. At last she began to take Hood's Sarsaparilla and at once improved; could soon get out of bed and walk. She says: "I became perfectly cured by

Hood's Sarsaparilla

and am now a well woman. I weigh 128 lbs., eat well and do the work for a large family. My case seems a wonderful recovery and physicians look at me in astonishment, as almost like one raised from the dead."

HOOD'S PILLS should be in every family medicine chest. Once used, always preferred.

CRISP CURLING CHRONIQUES.

Lots of Sport at the Rink Last Night at the Roarin' Game—The Skaters Out in Full Force.

There was another joyful night at the rink last night, when the Granites held sway. The "budding" curlers, that is the inexperienced ones, thought to make things liven up a bit and lend zest to the game by playing for the oysters. The skips were W. J. Montgomery and Dr. Robinson. The former quartette won easily, and as a consequence the losers will have to forfeit the bivalves to them. The ice was in very good condition and 10 ends were played. Following is the tale:

G. M. Roger,	— Cameron,
G. Boucher,	G. A. Schofield,
Howson,	T. Connal,
Montgomery, sk....10	Robinson, sk.....1

Two other rinks also had splendid sport. Judge Weller secured judgment in a case of curling against County Police Magistrate Edmison. Judgment for seven points with county court costs. Following is a summarized report of the case:

L. M. Hayes,	— Toller,
J. Burnham,	E. H. D. Hall,
E. B. Edwards,	E. Rutherford,
Judge Weller, sk....13	Geo. Edmison, sk.....6

Two other rinks playing with three men a side had a good game, which resulted as follows, 14 ends being played:

G. Sawers,	R. H. Kells,
J. Stanger,	D. Belleghem,
T. P. Attrill, sk....11	T. Rutherford, sk....13

The Thistles will hold sway this evening. Several matches are in prospect but as yet nothing definite has been arranged.

CONFERRING THE LAUREL.

Presentation of Medals, Scholarships and Diplomas to Successful Collegiate Institute Pupils—The Honour Harvest of the Departmental Examinations.

The annual presentation of medals, scholarships and diplomas, won at the late departmental examinations took place at the Collegiate Institute hall, last night and was a very gratifying close to a successful year's work at the Institute. The handsome hall was well filled with the parents of pupils, pupils and friends of the school. The chair was occupied by James Stevenson, ex-chairman and veteran member of the School Board, and upon the dias were observed Rev. Prof. Symonds, rector of St. Luke's, Ashburnham; Rev. J. C. Davidson, rector of St. John's, Rev. Jos. Locke, pastor of the George street Methodist church; Dr. Boucher, and Messrs. Peter Hamilton, D. W. Dumble, W. H. Hill, J. J. McIlain and W. G. Ferguson, members of the board; J. R. Stratton, M.P.P., J. Hampden Burnham, Mr. Fessenden, principal and member of the staff; Mr. W. J. Morrow, secretary of the board and the members of the Institute Glee Club.

Mr. Stevenson spoke of the pleasure it gave him to be present to occupy the chair, even though he was not feeling in the best of health. He highly commended the donors of the

MEDALS AND SCHOLARSHIPS

for presenting inducements to pupils to put forth extra exertions. He warmly eulogised the principal and staff and spoke hopefully of the excellent prospects of the school.

Mr. Fessenden explained that the High School curriculum covered, in this case, four years of study, and explained the significance of the matriculation, junior and senior leaving and primary examinations. The highest examination was the matriculation, for which Mr. J. Hampden Burnham gave an annual gold medal, which had worthily been won by Miss Bella M. Morrow, who had taken the highest marks in honour matriculation, though there were two others in their examination who had taken first class honours, Mr. John F. Van Every and Mr. Stanley Matthews.

Miss Morrow was then called forward, and Mr. Burnham in a few well chosen words of congratulation, referred to Miss Morrow's success and presented her the medal. Miss Morrow was immediately recalled to recieve another golden guerdon, at the hands of the chairman in the shape of $50 in gold, presented for the leading standing she took at Matriculation.

Master John Smithson was the winner of the $30 Nicholls scholarship for the highest standing in the junior leaving examination, and Master Clarence Bell, was awarded the $20 Nicholls scholarship for the highest standing in the primary examination.

SUPPLEMENTARY SCHOLARSHIPS.

Mr. Fessenden explained that as the Nicholls fund did not provide for a second scholarship in the two preceeding examinations, Mr. J. R. Stratton, M.P.P., had kindly contributed the sum of $25, divided into scholarships of $15 and $10, which were won by Masters Edward Bolton and Andrew Anderson for the second highest standing in the junior leaving and primary examinations respectively.

Mr. Stratton presented his cheques for the amount of these scholarships in a few timely and graceful congratulatory sentences.

This completed the regulation presentation of scholarships and medals, but Mr. Fessenden, pointing to an elegant silver cup, said it was the prize for the highest record of proficiency in the annual sports and games contest of the Institute, and had been worthily won by Mr. Harry Orde, who however was not present to receive it.

The diplomas or certificates for those who had passed the several examinations, but who had not taken prizes, were then presented.

The following is the principal's report of the results of the several examinations, the names of the pupils passing the several examinations. The list is as follows:

LIST OF SUCCESSFUL CANDIDATES.

Mr. Fessenden, as a conclusion to his report, referred to the handsome busts of distinguished Canadians, and valuable books which had been presented to the Institute during the year by Mr. Stevenson.

A well sung glee was then rendered by the Glee Club.

This was followed by the reading of the valedictory—a very clever, thoughtful and well written essay by Mr. John VanEvery, which earned the applause of the audience, and the special commendation of Prof. Symonds.

Dr. Brennan, chairman of the Separate School Board, Rev. Prof. Symonds, Rector of St. Luke's, Rev. J. C. Davidson, Rector of St. John's, and Mr. D. W. Dumble, followed in brief congratulatory addresses, in which a tribute was paid to the importance of higher education.

The pleasant proceedings were then concluded by the singing of God Save the Queen, led by the Glee Club.

A BULLET IN HIS BREAST.

Norman Muchall, of Lakefield, Shoots Himself.

Special to the Examiner.

LAKEFIELD, Dec. 23rd.—About nine o'clock this morning, a young man named Norman Muchall, a son of Mr. Thomas Muchall, shot himself the left breast about two inches below the heart. The act was done at the residence of his aunt, Mrs. Traill, Drs. J. R. Fraser and Bell were called in but were unable to locate the bullet, which was fired from a 32-calibre bulldog revolver, penetrating the left lung. The result of the shooting cannot at present be decided. It is thought that the young man, being without employment, in a despondent mood, committed the shooting. He was 21 years of age.

FIELD OF HONOR.

Over a Political Squabble They Will Fight to the Death.

PARIS, Dec. 22.—The coming duel between Clemenceau, editor of La Justice, and Deroulede, who assailed Clemenceau in the Chamber of Deputies yesterday, the latter retorting that Deroulede lied, is arousing much interest.

Deroulede has granted Clemenceau the choice of weapons and preparations for the event are being pushed. Both men intend to fight to the death.

England's Trade Loss.

LONDON, Dec. 22.—The result of the operations of 99 joint stock companies in Lancashire in 1892 is an average loss of £958. This fact is commented on as illustrating the depressed condition of the British trade and industry.

The Captain Drowned.

LONDON, Dec. 22.—The British ship Dundonald, which sailed from San Francisco on Aug. 9, reached Queenstown today. Capt. Hawthorne, her master, was washed overboard and drowned.

She Lacked the Nine Points.

LONDON, Dec. 22.—The dowager Duchess of Sutherland was defeated yesterday in the attempt to gain possession of the estate known as Titters, or Chase, near Trentham, from the possession of which she has been debarred by the present Duke.

Killed Thirteen Infants.

SYDNEY, N.S.W., Dec. 22.—Making and his wife, the baby farmers who killed 13 infants by piercing their hearts or spines with needles, were yesterday committed for trial. Both pleaded not guilty.

Two Children Cremated.

SARGENT, Cal., Dec. 22.—Monday night the boarding house and residence of Mrs. S. Sims and Mrs. R. Hickley at White Pine was destroyed by fire, and Mrs. Hickley's two children, a girl aged 5 years and a boy 12 months, were burned to death.

An Impoverished Estate.

LONDON, Dec. 21.—A meeting of the creditors of the Marquis of Ailesbury was held yesterday. It is announced that the estate would not realize more than seven shillings and sixpence in the pound.

Using Canada's Wealth.

MONTREAL, Dec. 21.—The Canadian banks hrve been making money lately by lending their surplus funds in New York, where high rates for money have prevailed during the past two or three months.

Money has been loaned at as high as 20 to 40 per cent. in New York during the past week.

Out of the amount loaned by Canadian banks in the United States to the end of October, which was $22,702,466, the Bank of Montreal loaned $12,574,000; Canadian Bank of Commerce, $3,000,000; Dominion Bank, $1,288,000; Merchants' Bank, $764,000.

Palatable and Potent.

The great objection to cod liver oil has been its nauseous taste. This has been entirely removed by the process of preparing "Miller's Emulsion of Cod Liver Oil," which is combined with hypophosphites of lime and soda, the greatest creator of new blood in the world. It has cured thousands of consumptives by rebuilding their constitutions. Everybody is talking of the wonderful power of this Emulsion. In big bottles, 50c. and $1.00, at all Drug Stores.

For Swelling and Felons.

GENTLEMEN,—My little girl, aged 3, had a large swelling on her neck. I used Hagyard's Yellow Oil on it and it disappeared in a short time. It also cured a felon I was troubled with.

MRS. C. E. WENDOVER, Manda, Man.

We do not know of any preparation that has caught the public favor in so short a time as Dodd's Kidney Pills, but when we consider that three-fourths of the Canadian people are afflicted with kidney troubles in some form or other, and that Dodd's Pills are a quick and permanent cure for all these troubles, the large and increasing demand can scarcely be wondered at. Sold by all dealers or by mail on receipt of price, 50cts. per box. Dr. L. A. Smith & Co., Toronto.

CLEANLINESS, care and courage are the resources of civilization against cholera. Keep the body scrupulously clean. Eat hot food. Take Burdock Blood Bitters to maintain regular digestion and ensure pure blood which is the very best safeguard against cholera or any other epidemic.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle *Free*, that they may try it before purchasing. The large bottles are 50c. and $1. We certainly would advise a trial. It may save you from consumption.

NORWOOD.

From Our Own Correspondent.

On Friday night last the [illegible] Sunday School gave a very [illegible] entertainment and tea. The programme consisting of recitations, readings, dialogues and songs, was very good. Addresses were delivered by the pastor Rev. Wm. Buchanan and others. Proceeds $33.

The Presbyterian Sunday school on the 9th line held a very successful tea-meeting recently. The programme was good, especially the musical selections of Messrs. Squires, Hunter, Woods and Bailey, and Prof. Crowe. Addresses were delivered by Rev. Messrs. J. Carmichael, M.A., W. Buchanan, and others.

Mr. F. W. Wilkins, D.L.S., is busy surveying the town. It will not be long before he will be finished.

The following are spending their Christmas holidays in town:—Messrs J. M. Jory and T. H. Pearse, Trinity Medical College; H. Spence and H. E. Ford, Victoria College; T. H. Scott, Detroit School of Medicine; J. R. Elmhirst, Knox College; and F. Raddon, Toronto University.

Division court was held in the town hall on Dec. 21st. Only a few cases were disposed of.

On Wednesday afternoon a very pretty wedding took place at the residence of Reeve J. Finlay, when Mr. M. H. Callendar, a prominent business man of Granton, Ont., was united in marriage to one of Norwood's fairest daughters, Miss Ella, youngest daughter of Mr. John Finlay. The bride was supported by Miss Ida Breathen, and the groom by Mr. A. Finlay, brother of the bride. The presents were numerous and costly. Mr. and Mrs. Callendar left on the five o'clock train for their future home in Granton, followed by the best wishes of their many friends.

Miss Finlay of Rapid City, Man., is the guest of her uncle, Reeve Finlay.

KEENE.

(From Our Own Correspondent.)

A select party of young people of this vicinity drove to the residence of a resident on the outskirts of our village on Tuesday evening where they enjoyed themselves for several hours at dancing.

The skating and curling rink was flooded on Monday night and will soon be in splendid condition providing the weather continues cold.

The revival services held in the Methodist church of this place closed on Friday evening last. We are happy to learn that a number of young people were converted.

The Sunday school lessons of the past quarter were reviewed in the Methodist church on Sunday morning last by Dr. Harrison, superintendent of the school. It certainly must have been gratifying to him as well as the teachers that such prompt and correct answers were given by the pupils.

As Christmas is now on the approach we take the liberty of wishing all the readers of the EXAMINER a joyous holiday season.

FORCED

REMOVAL SALE!

The Whole Stock to be Cleared at Net Cost, as we have no Option but to Remove to Other Premises.

We must vacate our present store on account of the near expiry of lease. The rent asked renewal was more than we should or could afford to pay, and as we were allowed only 8 hours in which to reach a decision, we decided to move. This necessitates a Clearance of the Stock, as we now offer

The Entire Stock at Net Cost for Cash.

Every line in the store is new, bought for this season's trade, and consists of Staple and Fancy Dry Goods, Gent's Furnishings, etc.

We will announce later on the location of the new premises to be occupied by us.

Thanking the public for their generous support in the past, we trust to be able to do as well if not better, in the future.

Important Announcement to the Public!

RETIRING FROM BUSINESS SALE.

Hall, Innes & Co.

Having decided to retire from the Dry Goods Business in Peterborough announce that they will on WEDNESDAY, NOV. 23rd, commence a

GENUINE MAMMOTH CLEARING SALE for CASH

Covering Every Department of their Extensive Business.

HALL, INNES & CO.

WISH TO SAY that during the many years of their business career they have never offered Goods on the above basis (except during the time of re-building their Premises), and they now confidently expect that the public will rely on the GENUINE character of this sale, and avail themselves of this opportunity of securing goods of sterling quality, at prices much below those obtained in a regular business way.

The reduction of price will apply in all Departments, as follows:

General Dry Goods.	Hosiery and Gloves.	Carpets and Floor Oilcloths.
Silks and Dress Materials.	Bed and Table Linens.	Mats and Mattings.
Millinery and Mantles.	Scotch & Canadian Tweeds.	Lace Curtains.
Mantle Materials.	Worsted Coatings & Overcoatings.	Sash Curtains.
Ribbons and Laces.	Gents' Furnishings.	Portieres, &c., &c.

The Stock is in first class order, having been bought for our Fall and Winter trade, and many lines have come to us direct from the best manufacturers in Britain, France and Germany. This sale is bona-fide, and in no way similar to many so-called Clearing Sales, and we feel certain that this opportunity of securing good goods at low prices, will be largely taken advantage of by many.

Remember that this sale will begin on Wednesday, 23rd November, and continue until the stock is disposed of.

N. B.—All Outstanding Accounts must be settled at once.

THE CANAL SCANDALS.

Secret and Hostile Motives Said to Be Operating.

PARIS, Dec. 22.—In the Senate yesterday the special committee chosen yesterday by the standing committee reported in favor of authorizing the Procureur-General to proceed against Senators Renault, Albert Grevy, Beral, Thevenet and Deves on account of their connection with the Panama Canal frauds.

M. Thevenet, who is Ex-Minister of Justice, solemnly affirmed that he had never received a centime from the Panama Canal Company, either directly or indirectly.

The Parliamentary Commission of Inquiry learned to-day a bond of 300,000 francs payable to bearer, was given to Dr. Cornelius Herz as compensation for his services in "advertising."

The commission decided to examine M. Yves-Guyot, Radical deputy for the Seine, to learn whether or not he had said recently that a list of the compromised members of Parliament had been submitted to President Carnot. This is the first official mention of President Carnot's name in connection with the scandal. Many believe that a secret and hostile motive is responsible for the introduction.

It is stated this evening that 100 checks bearing the names of senators and deputies have been secured by the examining magistrate.

Jules Roche, Ex-Minister of Commerce, who is under prosecution to-day in the Chamber of Deputies, denied that he was implicated in the Panama Canal affair.

As he passed the ministerial bench he exclaimed: "Oh, you hypocrites and scoundrels!"

CODE OF ANARCHISTS.

Social Revolution Is to Be Considered the First of Duties.

MADRID, Dec. 22.—The authorities have found a code of Anarchist laws providing as follows:

The first duty of a companion is absolute disregard of life. He must recognize but that of the social revolution and no enemies but capital and bourgeoisie. Companions recognize no jurisdiction save the tribunal of honor appointed of themselves, the decisions of which are irrevocable.

Every Anarchist is obliged to defend his companions at the peril of his life. The social revolution is to be considered the first of duties and obligations. Every Anarchist must repudiate all revolutionary movements which have not for their direct object the destruction of capital.

No Anarchist can refuse to carry out any mission that can be entrusted to him, except in the case of physical impossibility. No Anarchist can exercise a public function without the authority of the assembly; neither can he take part in any manifestation foreign to the cause.

No Anarchist can belong to any other group unless with the object of discovering secrets in the interest of Anarchism, or unmasking the movements of a false companion—an accomplice of the bourgeoisie.

The latter will be considered the most important service rendered to the cause. All Anarchists accept the revolution with all its consequences, and bring to bear on the propagation of their ideas all their intelligence, courage and energy.

DISASTROUS FIRE.

Fourteen People Either Burned to Death or Killed.

PARIS, Dec. 22.—A disastrous conflagration has occurred at Berson. Fourteen of the villagers were either burned to death in their homes or killed while attempting to escape.

The flames, fanned by a high wind, spread with frightful rapidity, and it was early seen that the efforts of the villagers to fight the flames would be fruitless. Attention was then turned to saving the aged and the little children, and it was in the work of rescue that several of the villagers lost their lives.

The greater part of the village was destroyed and the inhabitants are in great straits, owing to the lack of food and proper clothing.

With many clergymen, public speakers, singers, and actors, Ayer's Cherry Pectoral is the favorite remedy for hoarseness and all affections of the vocal organs, throat, and lungs. Its anodyne and expectorant effects are promptly realized.

News About Town.

It is the current report about town that Kemp's Balsam for the Throat and Lungs is making some remarkable cures with people who are troubled with Coughs, Sore Throat, Asthma, Bronchitis and Consumption. Any druggist will give you a trial bottle *free of cost*. It is guaranteed to relieve and cure. The large bottles are 50c and $1.

About Annexation.

When dyspepsia invades your system and bad blood occupies a stronghold in your body the way out of trouble is to annex a bottle of Burdock Blood Bitters, the best remedy for dyspepsia and bad blood, and the only one that cures to stay cured.

Always avoid harsh purgative pills. They first make you sick and then leave you constipated. Carter's Little Liver Pills regulate the bowels and make you well. Dose, one pill.

Four Doses Cure a Cough.

GENTLEMEN,—My little boy was troubled with a very bad cough, and a lady friend advised me to try Hagyard's Pectoral Balsam. I got it at once and can truly say I did not give more than three or four doses until his cough was gone. I have never been without it since, as I find it the best for troublesome coughs.

Do not be discouraged if other medicines have failed to give you relief. Mumbray's Kidney and Liver Cure acts on the "Kidneys" direct, combined, with a mild action on the "Liver" and bowels, thereby removing the cause of "Back Ache," sour stomach, dizziness, indigestion and constipation.

A Pleasant Herb Drink.

The best cure we know of for Constipation and Headache is the pleasant herb drink called Lane's Family Medicine. It is made up of Oregon grape root, combined with simple herbs and is made for use by pouring boiling water on to the dried roots and herbs. It is remarkably efficacious in all blood disorders and is now the sovereign remedy with ladies for clearing up the complexion. Druggists sell the packages at 50c. and $1

That tired, languid feeling and dull headache is very disagreeable. Take two of Carter's Little Liver Pills before retiring, and you will find relief. They never fail to do good.

EXCELLENCE.

RHEUMATISM.—MR. WM. ROWEN, 46 Red Lion St., High Holborn, W.C., London, Eng., states he had rheumatism 20 years; suffered intensely from swelling of hands, feet and joints. He used St. Jacobs Oil with marvelous results. Before the second bottle was exhausted the pain left him. He is cured.

NEURALGIA.—MRS. JOHN MCLEAN, Barrie Island, Ont., March 4, 1890, says: "I suffered severely with neuralgia for nine years and have been greatly benefited by the use of St. Jacobs Oil."

SCIATICA.—Granada, Kans., U. S. A., Aug. 8, 1888. "I suffered eight years with sciatica; used five bottles of St. Jacobs Oil and was permanently cured." JACOB I. SMITH.

STRAIN.—MR. M. PRICE, 14 Tabernacle Square, E. C., London, Eng., says: "I strained my wrist and the severe pain yielded like magic to St. Jacobs Oil."

LAMEBACK.—MRS. J. RINGLAND, Kincaid St., Brockville, Ont., writes: "I was confined to bed by severe lumbago. A part of a bottle of St. Jacobs Oil enabled me to go about in a day."

THE BEST FAMILY PILL IN USE

Keep the Works in good order.

NORMAN, Ont., January 15, 1890.
W. H. COMSTOCK, Brockville, Ont.
DEAR SIR,—Your "Dr. Morse's Indian Root Pills" are the best regulator for the system that humanity can use. Life is as the time-piece; frail and delicate are many of its works. A tiny particle of foreign substance adheres to the smallest wheel in the works, and what is the result?—at first only a slight difference is perceptible in its time-keeping, but wait you; as the obstruction grows, the irregularity becomes greater, until at last, what could have been rectified with little trouble, in the beginning, will now require much care in thoroughly cleansing the entire works. So it is in human life—a slight derangement is neglected, it grows and increases, imperceptibly at first, then rapidly, until what could, in the beginning, have been cured with little trouble, becomes almost fatal. To prevent this, I advise all to purify the system frequently, by the use of Morse's Pills, and so preserve vigor and vitality.
Yours faithfully,
H. F. ATWELL.

A REVIVED WHIM.

The Latest is the Muff, the Dog and the Lady.

These are the days when the husband begins to wonder if the little wife remembers that the sealskin coat she got in November was to be a Christmas present. And this week is the one when he will find out she doesn't, and when indeed he will realize what a brute he was to even wonder. In the way of fur, it is a revived whim to carry a muff, and lead a dog exactly alike in color. The picture shows more than that, for it illustrates a new and captivating street toilet in a short-waisted style.

Not only are short-waisted gowns to be in vogue, but all the large-waisted gowns that are not exactly under the arms as to belt. With this news even faintly echoed, womankind draws a long breath. We don't like corsets; we wish we had room to breathe and eat and move; we hate having our waists squeezed to several inches further down than they ought to be, and our hips ache from resisting the pressure of our backs. If only Dame Fashion will let us wear nice wide-waisted gowns and make the women feel that the woman with the widest waist is the best set up no matter what goes with it, as for years we have been made to feel that the woman with the smallest waist was the best set up, no matter what she sacrificed in other directions—if only that will come about, what happy women we shall be. And it looks as if it were coming.

Some of the best designs show not only the half short-waisted gown with wide belt, but the princess style with great sleeves and yoke effect, and with the natural lines followed about the waist and hips. Oh, but beside her the wasp-like lady seems to gaze upon her with envy. Come to think of it, the way the poor "figures" in ordinary fashion plates have been dressed, it is a wonder that they have managed to keep their smiles intact, and that they haven't fallen right out of the page for lack of breath. MME. DE LESSEPS SAYS

HER FINGERS ARE NIPPING WITH THE COLD.

Putting Up Stoves In Her Country Home —Pipes Pass Out Through the Windows —Back to Feudal Times—Answering Letters of Sympathy.

LONDON, Dec. 23.—Writing from her country home to a friend in Paris Mme. de Lesseps says:

"Excuse this scrawl, for my fingers are nearly frozen. We are scarcely able to keep up the fires in this modest home, transformed into a magnificent chateau by our enemies.

"We are now engaged in putting up some plain stoves, whose pipes pass out through the windows. It looks as if we had gone back to feudal times, a fortified chateau provided with loop holes to defend us against our foes, whence issues smoke instead of shot, which would be quite good enough to drive off our present assailants. I am busy answering letters of sympathy which are pouring in from all quarters. Such kindness is touching."

TROUBLES IN FRANCE.

The Masses Are Ready to Checkmate Any Royalist Advance.

PARIS, Dec. 23.—It is the Bonapartists that are stepping to the front to take advantage of the difficulties of the Republic. The activity of the Royalists has aroused the jealousy of the Imperialists, who wish the house of Bonaparte recalled to the throne. The Imperialists have been canvassing arnestly for supporters among the deputies, but not with much success.

The course of the Bonapartists awaits the pleasure of Prince Victor, who has yet to be heard from officially. Should the Bonapartists act, it is expected that they will attempt to strike a blow in Paris rather than in the provinces.

The Government is gratified by the action of the Pope in refusing at this critical time to become a tool of Monarchist plots, and the friendly relations of church and state will undoubtedly be strengthened should the crisis result in a triumph for the Government.

In a duel between Clemenceau and Deroulede yesterday neither was hurt.

The Imperialists have prepared a manifesto calling upon the people to recall the Bonapartists to the throne. The Orleanist party is also active.

M. Floquet told the committee that when he was a member of the ministry he had ordered certain advertisements printed in Parisian newspapers. These advertisements, he admitted, had been inserted not from a business but from a political point of view.

This admission is much commented upon as being tantamount to an acknowledgment that the advertisements were but a cover under which the newspapers were bribed to support the ministerial schemes.

Many rumors are current as to the attitude of the provinces toward the Government because of the Panama scandal, some of the reports going so far as to say that the country districts were upon the verge of revolution.

This morning the Government issued a denial of these disquieting rumors, declaring that the prefects in all the provinces report their districts tranquil with not the slightest indication of an outbreak.

M. Floquet, President of the Chamber of Deputies, appeared for examination before the Panama Investigating Committee today. He declared emphatically that he had never received from the Panama Company money for the secret service or for any other object.

La Lanterne says the papers discovered yesterday in the examination belonging to the company that supplied dynamite for the work on the Panama Canal show that Deputies Naquet, Laguerre, St. Martin and Laur had received sums of money from Arton, the go-between in the corruption, for their votes in the Chamber.

The Matin says 15 more warrants have been prepared against senators and deputies and that public prosecutors in the country districts have been instructed to search residences of accused persons and examine witnesses for evidence in relation to the charges.

M. De la Fosse writes to The Figaro that the parliamentary Republic is ruined and ought to be replaced by a consular Republic, with Prince Victor Emanuel Bonaparte as First Consul. The suggestion is looked upon as an attempt to revive the empire through the same processes by which the First Napoleon arrived at the throne.

Marius Fontaine and Charles de Lesseps were taken from Mazas Prison this morning to the office of M. Franqueville, the examining magistrate, by whom they were questioned for two hours.

They rode both ways in a prison van as explicit instructions have been given that no favors shall be shown them.

M. Sans Leroy, accused of selling his vote when he was a member of the lottery bond commission, was examined this afternoon.

M. Bourgeois, Minister of Justice, appeared before the Parliamentary Commission of Inquiry, after M. Floquet had testified, to explain the seizure of the counterfoils and the Thierree checks.

M. Andrieux, Ex-Prefect of Police, was the next witness. He said that he had a photograph of a statement and account written by Baron de Reinach.

M. Andrieux wrote a list of names on a piece of paper and handed it to M. Brisson, saying at the same time that four other names, one of a very high personage, he was prevented from mentioning by considerations of discretion.

Dr. Cornelius Herz, had given him a document bearing the names of 104 deputies who had been bought by the stockjobbist Antoine for a total sum of 1,250,000 francs. M. Andrieux could name most, if not all, of the men mentioned in this document.

Proof of the culpability of many men named in the document had been promised him. He would try to obtain the document from Dr. Herz.

Count Caffarelli, Monarchist deputy for Aisne, told the commission he could confirm the report that President Carnot had a list of deputies corruptly implicated in the Panama Canal lobbying. This list, he said, comprised many deputies whose names had not yet been mentioned in connection with the scandal.

PIECEMEAL REFORM.

In the German Army is Declared to Be Impracticable.

BERLIN, Dec. 23.—The North German Gazette yesterday published an article on the army bill, in the course of which it says that the Federal Government regards as impossible the introduction of the two year's service system without an increase in the military establishments and cadets. If these conditions are rejected, The Gazette adds, it will be necessary to revert to a universal three years' service, as piecemeal reform in the army is impracticable.

The paper further says that the bill was drafted under the conviction that since 1871 Germany's defensive power has not increased to the same extent as that of Russia and France, and that in the event of war, Germany would have, under present conditions, a relatively small force at her disposal.

The bill is now in the hands of a committee of 28 members of the Reichstag and it is generally conceded that in its present shape it will have become a law.

ANOTHER FAIR EMIGRANT.

Miss Wayne Cuyler of Baltimore to Wed Sir Philip Egerton.

LONDON, Dec. 23.—The marriage of Miss Wayne Cuyler of Baltimore, Md., to Sir Philip Henry Brian Grey-Egerton will take place on Jan. 4. Sir Philip is a nephew of the sixth Earl Selkirk. He has residences at 103 Eaton square, London; Oulton Park, Tarporley, Cheshire and Broxton, Old Hall, Cheshire. He is a captain in the 4th Battalion of the Cheshire Regiment.

Miss Cuyler is a daughter of the late Patrick Cuyler of the United States Engineering Corps. It is claimed by her friends that she is one of the most beautiful women in the world. Sir Philip is known in American society, he, in company with his mother, who is a daughter of the first Baron Londesborough, having passed part of last summer at Newport and Lenox, where several entertainments were given in their honor.

FAST STEAMER SERVICE

TO BE GIVEN ON THE ATLANTIC BY THE C.P.R.

A Probable Arrangement With the Dominion Government by Which This Steamship Service Will Be Operated in the Most Modern Style.

OTTAWA, Dec. 24.—It is understood here that the C. P. R. Co. have come to a definite understanding with the Government in the matter of placing a line of fast steamers for Atlantic service, and that the service will be in operation in 1893.

The statement of exports for November is not so favorable as some recent months, the total exports being $11,829,924, as compared with $16,203,075 in November of last year. The falling off in goods the produce of Canada is $2,350,929 and in produce of other countries $2,042,222. The falling off in both cases is principally in agricultural products, the shipments of which in November last year were exceptionally large, and the price of wheat then, it must be remembered, was about 30 cents a bushel more than it is now.

Taking the five months of the fiscal year, however, the outlook is still very encouraging, the total exports of goods, the produce of Canada, showing an increase of $236,942. The produce of other countries, however, shows a considerable decrease, being $3,251,793, which is wholly in agricultural products, which shows that the amount of American grain which found an outlet through Canada this year was very considerably less than last year.

The value of goods entered for consumption in November was $9,797,979, an increase of $1,378,263 over last November. For the five months the total entered for consumption was $52,066,414, an increase of $3,572,277 over same period last year.

As the imports show an increase, the duty collected naturally does so too. The amount collected for November was $1,580,-573, and for the five months $8,926,818, showing an increase of $814,098.

To-day's Canada Gazette will contain the formal notice of the calling to the Senate of Hon. Messrs. Angers and Kirchhoffer, and of the election of Mr. McInerny for Kent and Hon. W. B. Ives for Sherbrooke.

Chief Justice Sullivan has been appointed administrator of the Government of Prince Edward Island during the absence on leave of Lieutenant-Governor Carvell.

Notice will appear to-morrow of the appointment of F. C. Thompson, postmaster of Sherbrooke, as assistant postoffice inspector of the Montreal postal division of Sherbrooke, and of Hon. J. G. Robertson as postmaster of Sherbrooke.

William Noyes of St. Mary's has been appointed Collector of Customs.

VERDICT FOR $130

Against the Nurseryman Charged With Pretty Sharp Dodges.

CHATHAM, Ont., Dec. 24.—The spruce tree case of Gray and Wilson was resumed yesterday before Judge Bell. The jury brought in a verdict for the plaintiff for $130.

The judge took the question of costs into consideration. Mr. Wilson states that he will appeal the case.

Wilson was charged with taking orders for boxes of trees, each box to contain 100, and that he jammed in several hundred in a box and worked a skin game on his customers.

SUING FOR DAMAGES.

Mrs. Grimason Who Had Such a Thrilling Experience on Suspension Bridge.

TORONTO, Dec. 24.—Mrs. Grimason, who had such a thrilling experience at Suspension Bridge last September, through her solicitors, Messrs. Gibson & Snider, yesterday commenced an action against the Clifton Suspension Bridge Co. for $10,000 damages. It will be remembered that Mrs. Grimason slipped through the bridge and would have lost her life had it not been for the bravery of her companion, an Irish clergyman, who was a delegate to the Pan-Presbyterian Council.

LOOKING FOR HIS FATHER.

The Queer Predicament of a Canadian Boy in Buffalo.

TORONTO, Dec. 2.—Little Jimmie Smith of Toronto told Patrolman McGuirk a queer story when he met him in Main-street, Buffalo, last night.

Jimmie is 14 years old. A week ago his father went to Buffalo to get work as a carpenter. He left a wife and seven children in Canada and soon sent back to have Jimmie come on. His wife wrote Monday and the boy arrived yesterday. The letter had stated that Smith was boarding at 81 South Division-street. The boy had been there, but his father was not known at the house.

One of the boarders went with Jimmie to the postoffice and the letter written by Mrs Smith Monday was found there. The boy was given a supper and lodged at the police station.

He shipped the first cargo of wheat from San Francisco to Great Britain, and established the first national bank in this city. Mr. Phelan leaves an estate valued at several millions.

Five Stores Burned.

HAGERSVILLE, Ont., Dec. 24.—A fire at 4 o'clock yesterday laid in ashes the stores of J. J. Smith, tailor; B. Griffith, jeweler; Stuart, butcher; Lindsay, tailor, and his dwelling; Lewis, millinery and dressmaking. Supposedly incendiary.

DULUTH, Minn., Dec. 24.—Yesterday there was an explosion of gas in the Chapin & Wells hardware store. Immediately after flames shot out which destroyed the entire structure and its contents, valued at $200,000.

MYSTERY OF MAN SOLVED

REMARKABLE SURGICAL OPERATION IN NEW YORK.

A Boy Practically Dead Brought Back to Life—His Intestines Were Removed and Cleansed—He is Getting Along Nicely.

NEW YORK, Dec. 24.—The medical profession is stirred, so far as it is familiar with the facts in the case, by the details of a remarkable surgical operation performed within a few days by Dr. Albert Shunk of No. 326 West Twenty third-street. The fact accomplished is no less than the bringing back to life of a person practically dead, as the term is usually understood.

Among the many wonderful cases reported in recent years probably not one has been marked by features as unique as that of which Jimmy McCaughry is the living example. The patient, 10 years old, is the son of a New York merchant, lately deceased, living at No. 440 West 19th-street.

The physician was called to the case late in the evening, and when he reached the house at 11 p.m. the patient had very marked symptoms of appendicitis, or as it is vulgarly called inflammation of the intestine. Though the seat of the trouble was not apparent, the diagnosis made plain the fact that the sufferer was doomed as far could be determined by precedents in similar cases.

On the advice of the physician the members of the family were told of the gravity of the case, and when next morning a very sizable lump was observed near the seat of the inflammation, the diagnosis was justified and the trouble was said to be an abscess around the vermiform appendix.

An operation was recommended at once, but was delayed until the arrival of relatives who had been summoned in anticipation of the near approach of death. It was 3 o'clock the next afternoon when the surgeon was called and directed to proceed. When he arrived it was discovered that the abscess had broken, thus covering the intestines with liberated matter. In this crisis it was clear to the scientific mind that the boy was dying.

The doctor told the family that dissolution would take place within an hour, and that though it was possible an operation might result successfully, the chances were many time against it. Permission to proceed was given, it being understood that in any event of failure to secure relief the end would not be hastened more than 15 minutes.

The patient was placed on a table and while under the influence of a slight anæsthetic, an opening about eight inches long was made in the walls of the abdomen. From the incision there at once was a plenteous flow of pus. No sooner had this taken place than the pulse ceased to beat, the heart stopped, the jaw dropped and every evidence of the most complete collapse betokened the presence of death.

The glassy eyes upturned, the coldness of the extremities and the death-sweat with which the body was covered left no doubt in the minds of those present that the experiment had resulted fatally.

At this point the surgeon's tact was displayed.

With one hand he tore open the wound, while with the other he emptied the contents of a pitcher of hot water into the abdominal cavity. For a brief interval the fluttering renewal of the action of the heart was apparent only to the practised medical eye, but soon the pulsation grew stronger and ere long the patient gave unmistakable signs of returning consciousness.

Then the eyes were opened in a dazed sort of way, as if the subject were awakening from a deep sleep. The action of the hot water having neutralized the effect of the ether that had been given, the patient was aided to retain the ground gained by the administration of hypodermic injections. With a new lease of life there was a chance for the surgeon to look for the seat of the abscess. After several fruitless efforts to do this it was decided to remove a portion of the intestines.

For their better protection they were wrapped in a towel warmed by dipping it in hot water and placed on the table by the patient's side. Thus, with room to work, the walls of the cavity were explored, the the abscess sack being found and successfully removed. Then the seat of the trouble was reached and the foreign substance which had caused all the inflammation of the appendix was removed.

Next the abdominal cavity was thoroughly cleansed antiseptically, and after the pus had been washed from the exposed portions of the intestines they were returned to their place. Before this was done, however, a drainage tube of about eight inches in length was inserted so as to lead to the lower bowels. The wound was then closed and the sufferer left in charge of the surgeon's assistant and a trained nurse.

Remarkable as the operation is, it is still more marvelous that every day since the patient has gained in strength and is now convalescent. Frequent examinations have been made of the progress of affairs in the patient's abdomen, and as fast as expedient the drainage tube is withdrawn, until now only about three inches remain in service.

Operations for the removal of the vermiform appendix by no means are uncommon, but the surgeon's knife rarely is sanctioned by experienced practitioners in the cases with physical conditions as extreme as those in the one here cited. Some idea of the interest manifested in the case may be gained from the statement that for several days efforts have been made to obtain the details without success.

From the points here given it is claimed that medical men believe it to have been determined that no case of appendicitis need necessarily be regarded as fatal.

PLUNGED INTO THE BAY.

A Street Car Accident Fatally Injures a Man and Hurts Three Women.

SEATTLE, Wash., Dec. 24.—A car on the West-street and North End electric line jumped the track yesterday and plunged into the bay. A man named Gardell was fatally injured and three female passengers were severely hurt.

The motor-man and conductor sank with the car, but escaped.

The accident was caused by the snow blockade. The first cars began to run today.

WASHINGTON, Dec. 24.—Secretary of State Foster will resign his portfolio before leaving for Paris, where he goes to act as agent for the United States before the Feb. 23. As only three weeks will elapse between the date of the Secretary's departure and the end of the present administration, the vacancy will not be filled. Assistant Secretary Wharton will act during the interim.

A GOLD FEVER.

An Exciting Exodus to the Placer Mines in Southern Utah.

DENVER, Col., Dec. 24.—The greatest gold fever that has stricken Colorado since the Ruby and California gulch diggings drew thousands of miners into those camps has now complete possession of the west. Here, as well as in every camp in Colorado, New Mexico and Arizona, there is nothing talked of except the new placer fields of the San Juan River in Southern Utah.

At Durango, Rico and Dolorest, this state, many outfits have already started for the new fields, and by Saturday it is estimated that 200 miners will have left these points.

Mining men in almost every town are slabbing together and offering big inducements to professional prospectors to visit the mines.

At Albuquerque, N.M., and other points along the line of the Atlantic and Pacific, the excitement is intense and railway officials and clerks have thrown up their positions and followed the great army of gold-hunters. The fact that of the many who have already gone on to this country none have returned in strong evidence that the land is rich enough to keep them there.

BEHRING SEA PATROL.

The Present System Ineffectual—A Land Guard Advised.

WASHINGTON, Dec. 24.—Capt. Healy of the United States revenue cutter Bear reports his arrival at San Francisco from Alaska. The Bear left the Seal Islands on Nov. 30. Capt. Healy in his report says that the present system of guarding seal rookeries is ineffectual.

The rough weather that prevails about the islands prevents revenue cutters from approaching the shore close enough to be of any service. If they go close enough for service they run imminent risk of being dashed upon the shore and wrecked. The darkness prevails for 16 to 18 hours out of 24, increasing the risks and preventing those afloat from seeking marauders. With all these obstacles one vessel can only guard a small [illegible]

A KANAKA CREW

Murder the Captain and Cook His Corpse For a Feast.

SAN FRANCISCO, Dec. 24.—Advices from the South Seas of some bloody events have been received. The Kanaka crew of the French vessel Constantine murdered the captain and mate, looted the vessel and turned her adrift. She went on a reef and became a total wreck.

M. Pasnin, owner of the Constantine, was shot Oct. 5, as was also Captain Marie, whose corpse was cooked for a feast. Four Kanakas who attempted to rescue the captain were massacred.

While the vessel named Three Cheers was at Fead Island an attempt was made to arrest the chief and his son, who murdered a trader named Core. When Captain Stade of the Three Cheers demanded the chief he was shot dead by the latter's son. Captain Stade's murderer was subsequently captured and shot.

Over 25 shots were fired, and when the smoke cleared away Spears, Smith and George Hargrave, jr., were dead and Hargrave, sr., mortally wounded. The shooting was the result of an old feud.

PEARSE'S PUNGENT PROTEST,

EMBODIED IN HIS COMPREHENSIVE ANNUAL REPORT.

Adopted by the Board of Health—That Body Receives no Assistance From the Council nor its Servants in Carrying out its Injunctions—The Provincial Board's Non-support—A Poignant Arraignment of the Civic Authorities—Vote of Thanks Tendered the Chairman.

At the last regular meeting of the Board of Health for the year held in the town clerks office on Friday afternoon, the following members were present, Messrs. E. Pearse (chairman) and H. Denne, J. Hughes, E. H. D. Hall, Dr. Fife, Dr. Brennan and Benj. Shortly. Dr. Clarke, Medical Health Officer, and Chief Ressel, Sanitary Inspector, were also present. After routine the chairman said he had written Dr. Bryce, owing to the fact of the Edison sewer emptying into Little Lake and asking that the cutting of ice on the lake be prohibited. He received the following reply.

THE ICE SHOULD NOT BE CUT.

TORONTO, Nov. 11th, 1892.

DEAR SIR,—Yours of the 9th inst. received. Remembering that Little Lake has been for years looked upon as polluted and that it certainly will be more so with the Edison sewer emptying into it, unless the pipe is laid directly to the middle of the current, it seems to me that for many good reasons it would be unwise to allow ice cutting to go on in the lake this winter. It can be no hardship for ice cutters to cut on the river above, except that they may have to draw it a little further than from Little Lake. I think your board will do well to have no ice cut on Little Lake. I have the honour to be,

Your obedient servant,
P. H. BRYCE,
Secretary.

Mr. Pearse said the act provided that the board should make a report and he thought it should be more than a perfunctory matter. He had prepared a lengthy report to submit to the board for their approval. Mr. Pearse then

PRESENTED THE ANNUAL REPORT

as follows :—

The unsanitary condition of the town at the present time renders it necessary that the annual report of the Board of Health should be of a more than ordinarily explicit character.

In addition to the local aspect of this condition of affairs the Board is of the opinion that there is a very strong probability that in the near future the town will be threatened with a very great danger from without.

Throughout England and the United States every possible measure is being taken to ward off an attack of cholera, which the highest scientific authorities anticipate will immediately threaten them in the spring. In Canada the authorities have aroused themselves to a very high pitch of activity, and every effort is being used to secure the co-operation of all those who are alive to this danger.

In the United States one single alternative has been recommended. No Congress by the commission appointed for

THE INVESTIGATION OF CHOLERA

abroad and the chances of escape from the United States. This alternative is to pass a law forbidding immigration altogether ; this, as has been pointed out, doubles the danger of the Dominion. If under these circumstances one single case should escape quarantine and find a hatching place in any town in the interior, it is unnecessary to state that only the most perfect cleanliness will prevent the outbreak of a plague. Whatever immunity Peterborough has hitherto had from epidemics of that most deadly type, people may rest assured that the town is in the worst possible condition for even the partial resistance of such an attack. Of the urgency of immediate action in Canada, it is only necessary to be informed of the extraordinary measures that are being adopted in England and the United States. For the information of the public and our successors, the members of this Board, wish to lay before the people all the information which they have respecting the past and

PRESENT CONDITION OF THE TOWN.

This information may be treated of in two divisions, what has been attempted by our predecessors and what has been attempted by ourselves.

In 1887, private drains into the creek and river were ordered to be closed ; in 1889, the council was recommended to employ scavengers; and in 1890, all slaughter houses were ordered to be removed to some place outside the municipality, and a resolution was adopted ordering that clause four of the Health Bylaw be strictly enforced.

In 1891, the Board passed a resolution to the effect that all resolutions of the Board be strictly enforced.

As our predecessors, notwithstanding their urgent and reasonable recommendations and instructions, did not succeed in getting any of them carried out :

The opening of the year 1892 found the town in a more unhealthy condition than ever.

THE CREEK THROUGH THE TOWN.

The instructions of this Board forbidding the further pollution of the creek not having been enforced, the unrestricted use of it for sewerage purposes had made it a common sewer. Of course wells receive part of their supply from pools and creeks in their vicinity, and, therefore, are more or less contaminated by them, in this way: a most subtle source of disease is continually making inroads upon the public health. According to competent authority, house drinking water is one of the most common causes of disease.

We are in a position in Peterborough strikingly similar to that of the city of Hamburg where the waterways intersected the town much the same as here ; these waterways appear to have been used with the same reckless disregard of the public health, and the recent ravages of cholera in western Europe have been traced to Hamburg and to this cause.

It appears to have been the custom in Hamburg, as in the smaller town of Peterborough, in matters pertaining to public health, to treat with contempt the plainest dictates of common sense.

THE GEORGE STREET SEWER.

The drain originally constructed for the purpose of draining the cellars on George street was being used as a general sewer.

The impropriety of using this drain for sewerage is amply testified by the intolerable stench arising from it.

THE LITTLE LAKE.

The condition of the Little Lake is described by Dr. Clarke in his official report made some time since, the difference being that at the beginning of the year 1892 that the sawdust was less fit is still there in large quantities and the matter more.. Referring to the large quantity of sawdust carried into the river Dr. Clarke says: "A large portion of this sawdust is carried into the Little Lake that there it is mixed with the sewerage and other refuse from the town and surrounding shores and there is danger of the lake being converted ultimately in part or wholly from a beautiful sheet of water admirably adapted for purposes of recreation, into

A VAST MALARIOUS MARSH

a comparison with which Spauldings Bay would seem a bed of roses.

Spaulding's Bay continued to be the bed of roses described by Dr. Clarke, being if possible in a worse condition than heretofore. Secretary of the Provincial Board of Health requesting his advice as to the action that this Board should take, especially in relation to the Edison sewer and the creek. Dr. Bryce recommended that if the Board had evidence that the creek and Edison sewer were causes of disease, then it should require those who have drains discharging into the creek to so filter the drainage matter that the clarified water only would be allowed to pass into the creek.

In reference to the Edison drain he recommended the placing of filters at the outlet of each building so that the water only might fall into the drain, and he gave minute directions as to the manner in which these filters could be constructed. At the same time he said that as a sewerage bylaw was about to be voted on that it was for the Board to determine how much of this permanent work was necessary. Acting on this suggestion the Board decided to take no immediate action, hoping that a sewerage bylaw would be passed, but at the same time it distinctly declared its intention to take immediate steps in the line of preventing the further pollution of the creek, river and lake if the bylaw did not carry. The bylaw

WAS SUBMITTED AND DEFEATED

and the council abandoned the arbitration with Monaghan.

In the meanwhile the cholera epidemic, which had been raging in Asia, had made rapid strides westerly and had reached New York and might at any time break out in Canada. Under these circumstances this Board, realizing that it was its imperative duty to do all in its power to improve the sanitary condition of the town, decided to take action at once in the direction of preventing the further pollution of the streams, etc. But finding that it was powerless to carry out its resolutions, having no officer on whom the Board could depend to enforce its instructions, etc., and the Board having heard that the town council was about to meet, decided to meet at the same time, and to memorialize the town council, calling the attention of the council to the unsatisfactory state of the relations existing between this Board and its nominal officers, and requesting the council to provide an officer who would carry out the instructions of the Board. The council being still in session, the memorial was handed to the clerk, and a number of the members of the Board awaited in the council anteroom in order than an opportunity might be given them

TO EXPLAIN THE BOARD'S POSITION,

trusting that some line of action might in this way be mutually agreed upon. The council however decided to deal only with the business for which the meeting had been called, and the memorial of the Board was ignored on the ground that the meeting had been called for a special purpose only.

The application to the town council having thus proved fruitless, the members of this Board, realizing that they had no power to enforce the carrying out of measures which they might deem necessary, all the appointed members of the Board (with the exception of one who was out of town and one who declined) joined in a letter to the Provincial Board of Health stating that they (the members of the Board) being fully convinced that the town was in such an extremely unsanitary condition as to be a menace to the public health and to require the immediate adoption and carrying out of stringent measures and that although anxious to do all in their power they could not enforce their decisions, that it would be advisable for the Provincial Board to send a representative with instructions

TO THOROUGHLY INVESTIGATE

the condition of the town. This letter led to a correspondence between the secretary of the Provincial Board (Dr. Bryce) and the chairman of this Board. In one of his letters to Dr. Bryce the chairman informed him that this Board desired to enforce the measures suggested by him (Dr. Bryce). A meeting of the Board to consider this correspondence was about to be held when the following letter was received by the secretary of this Board from Dr. Bryce:—

TORONTO, Oct. 12th, 1892.

J. E. Cobb, Esq., Secretary Local Board of Health, Peterborough.

DEAR SIR.—Mr. MacDougall, Consulting Engineer for the town of Peterborough, having made representations to me with regard to the probable difficulties arising from the construction of the Rink street sewer in Peterborough, has requested me to write to you with regard to the matter.

I have to say that the following is the situation to be dealt with, and I would make several suggestions.

1. That it will be remembered that the town of Peterborough has submitted a scheme for the complete sewerage of the town to the Provincial Board of Health and that it has been approved of as per report forwarded to you.

2. That while the whole scheme will not be carried out at present, owing to the adverse vote of the people, yet certain parts of the work may very properly be undertaken as local improvements by the council in sections of the town where drainage is most urgently required. From my observation one of the streets which I think requires drainage is Rink street, and I have further understood that the town council has already agreed with the Edison Works to have a sewer on said street completed. As I have learned from Mr. MacDougall that the contract for this piece of work has already been let, and that this sewer is already under construction, the only matter to be discussed in connection with it, is the point of its temporary outfall. From the map of the plan I notice it is to be in a bay in Little Lake. It is to be distinctly understood by the town council that the pouring of the sewage in at this point is in violation of the scheme as approved of by this Board, and that under no circumstances will such disposal be permitted unless as a temporary relief until the trunk sewer proper down Lock street from George street be completed. I presume there is no doubt at all that not only will the trunk sewer portion of the work be completed within a year, but that other parts such as that on George street will likewise be under construction within the same time.

Speaking for the Board, I have no hesitation in saying that should the council give a distinct pledge that this other necessary portion of the scheme be gone on within the year, the Provincial Board of Health will approve of the temporary outlet of the Rink street sewer already referred to.

I have the honour to be,
Your obedient servant,
PETER H. BRYCE,
Secretary.

A PETITION OF RESIDENTS.

Within a few days after the receipt of this letter from Dr. Bryce, a petition was received by this Board signed by thirty-seven residents and property owners in the neighbourhood of Little Lake, stating that the petitioners viewed with alarm the proposal to empty the Edison sewer into the lake, and praying that this Board take steps to prevent the Little Lake being made a cesspool. The petition was submitted to the Board and the decision arrived at was that the Provincial Board in notifying this Board of its approval of the outlet for the Edison sewer even temporarily, had taken the matter out of the hands of this Board and consequently this Board was powerless to take any action on the petition but it gave instructions that the secretary forward the petition to the Provincial Board of Health. On the chairman of this Board writing to the secretary of the Provincial Board of Health, to enquire what action had been taken by that Board, he received in reply a copy of a letter from Dr. Bryce to Mr. Edwards, town solicitor, in which Dr. Bryce informed Mr. Edwards that the Provincial Board of Health approved of his (Dr. Bryce's) action in the matter.

DR. BRYCE'S LETTER IS APPENDED

hereto :—

TORONTO, Nov. 1st, 1892.

DEAR SIR,—Your communication of the 27th inst. has been received, and in reply thereto I beg to state that I brought the communication which I forwarded to your Board regarding the Rink street sewer, and the conditions under which this Board could approve of its outfall, before the Provincial Board of Health at its meeting last week. I am pleased to say that the Board approved of my action in the matter, but continue to be of the opinion expressed in the report approving of the scheme for the sewerage system for the town of Peterborough adopted last spring.

I need hardly say that the report does not assume the sewage poured into the river will always be innocuous, and specially provides that when it manifests its noxious character the town must provide some other method of disposal than by pouring it into the river. The Board similarly cannot be of the opinion that the sewage poured in Little Lake from Rink street sewer would be innocuous, but in view of the agreement existing between the town and the Edison Works, as also the limited time of such disposal, under the condition which the Board consents to the construction of this sewer would make the evils which might results from this outfall of a temporary character. This being the case it is unnecessary for me to make an affidavit as you suggest. I have the honor to be,

Your obedient servant,
PETER H. BRYCE,
Secretary.

[Owing to the pressure on our columns, the remainder of the report is held over till Tuesday ; but the report as a whole will appear in our weekly edition.

THE BIGGEST DAY IN 7 YEARS!

Saturday, December 3rd was the biggest day MR. J. J. SHEEHY has had in seven years. Why is this? Surely not because there is less competition. Certainly not because inducements are not being held out by others. Most assuredly not because prices of farm products are showing an upward tendency. Then why??

Simply because the purchasing public of the town and surrounding country have read Mr. Sheehy's advertisements, have inwardly digested them and have concluded that cheap sale or no cheap sale Mr. Sheehy is bound not to be undersold.

We want every day in December to be a big day. How are we to accomplish this? Simply by offering to the public better value for the money than can be had elsewhere. Just cast your eye over the following quotations :—

All Wool Flannels, 26 in. wide, - -	17½	Good Linen Towels each - - -	5½

14 yds. Heavy Grey Canton Flannel,	$1.00	25 yards Factory Cotton, - -	$1.00

These few quotations will probably give an idea of what we are doing and a glance at our BARGAIN TABLE in the centre of our store will convince the most skeptical that when it comes to general bargains we certainly are very decidedly "in it."

A ST. CATHERINES MIRACLE.

AN OLD AND ESTEEMED CITIZEN RESTORED TO HEALTH AND STRENGTH.

Mr. C. W. Hellems, Sr., Relates the Particulars of His Sufferings and Relief to a *Standard* Reporter—Advice to Other Sufferers.

St. Catherines *Standard*.

Casually, the other day, the *Standard* learned that Mr. C. W. Hellems, sen., one of the oldest and most respected citizens of St. Catherines, had been restored to health after years of suffering, in a manner bordering on the miraculous. The editor of this paper had known Mr. Hellems for years, and he was anxious to hear from him the story of his wonderful recovery. He had not seen Mr. Hellems for some months, but met with a very warm welcome when he told the errand upon which he had come. Mr. Hellems home is on the corner of St. Paul and Court streets, and he is well-known to all our older residents as a citizen of the highest integrity, having lived in this city since 1833.

"I have had rheumatism," said Mr. Hellems, "more or less for the past twenty years, which often got so painful that I could not get about at all. I had been to all the doctors here and to some in Toronto and Buffalo, but I could get no relief worth speaking about. Five years ago I went to Welland and took a vapor bath, and felt so much relieved that I took two more. The relief, however, was only temporary, and four and a half years ago the lameness and pains came on again and so completely used me up that I could hardly do anything. I applied to a number of doctors for treatment and two of them treated me, but without relief. My age they said was against me; that if I were a younger man there might be some hope for me. I was 84 last October. I then discontinued the doctors' treatment and about a year ago got a box of Dr. Williams' Pink Pills for Pale People and used them without feeling any benefit and quit. This spring I used another box without any effect and again stopped. You see I expected too much and seemed to think that a box of Pink Pills ought to do what year's of doctoring did not do. In July I read about the case of Mr. Condor, of Oakville, who had used, I think eighteen boxes. When I read that he was so fully cured that he was able to work again, and even play base ball, I took courage and saw that I had not before given the pills a fair trial. I then got half a dozen boxes and was on the fifth before I felt any beneficial effects. I had run down so low and my appetite had left me. I now began to feel my appetite returning and my knees and ankles began to gain strength. From that out I continued to improve until the time of the county fair, when I went down there in company with others and went the rounds seeing the stock and other exhibits. I tried to keep up with them and walked so much that day that I felt some bad effects afterwards. But I now knew where to look for relief and continued using Dr. Williams' Pink Pills, and ever since have felt a steady improvement. My legs have gained strength wonderfully, and the doctors tell me that if I was a younger man I would be still more benefitted. My general health has also improved very much. About six weeks ago I was in Toronto and walked fully five miles that day, something I could not have done before. In fact I feel so much better that I have taken a two year old mustang colt to break it in." At this point Mrs. Hellems, the life partner of the venerable gentleman, who had come into the room while Mr. Hellem's was relating his story, said that a friend, when he heard that Mr. Hellems had taken a colt to break, said he was going to commence using Pink Pills too. Then the lady noting the *Standard* man writing at the table asked Mr. Hellem's if all this was to be published.

"Yes," said Mr. Hellems, "if there are any other poor creatures who are suffering as I have done I would be glad to have them know the great good Dr. Williams' Pink Pills have done me, and be benefited in the same way. I am glad to have my experience published for the benefit it may do to others, and I cannot too strongly recommend these great Pills." In reply to an enquiry Mr. Hellems said he had taken three half dozen boxes since he began to take them regularly and was now using the fourth half dozen.

The *Standard* reporter called upon Mr. A. J. Greenwood, the east end druggist, whose store is only a few doors from the residence of Mr. Hellems, to enquire how the sale of Dr. Williams' Pink Pills stood in regard to other proprietary medicines, and incidentally to enquire what he thought of their effect in Mr. Hellem's case. "Pink Pills for Pale People have a great sale," said Mr. Greenwood, "and I am continually asked for them. With regard to Mr. Hellem's case I knew that for years he had suffered from rheumatism and other diseases and that he was thoroughly run down. He now speaks very highly of Pink Pills though at first he did not think they were doing him any good, but that may be accounted for by the hold the disease had on his system. He now feels like a young man and is able to attend the various animals, horses, etc. After he had taken about a dozen boxes he came into the store one day and started to dance around like a school boy. "What's the matter," I exclaimed, perfectly astonished, and with happiness ringing in every tone of his voice, he called out, "I'm young again; I'm young again." He ascribed as the reason for this that Dr. Williams' Pink Pills has performed the miracle. He had frequently told me that he had tried doctors without number, besides other patent medicines but without any avail. My sales of Dr. Williams' Pink Pills are constantly increasing, and all agree that these excellent little pills are beyond praise. There are many people in this district who have cause to be thankful they tried Pink Pills."

The reporter called upon Mr. W. W. Greenwood and Mr. Harry Southcott, the well known druggists, and both spoke highly of Pink Pills, saying that they are the most popular remedy in the stores, and that those using them are loud in there praises of the results.

Dr Williams' Pink Pills are a perfect blood builder and nerve restorer, curing such diseases as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus' dance, nervous headache, nervous prostration and the tired feeling therefrom, the after effects of la grippe, diseases depending on humors in the blood such as scrofula, chronic erysipelas, etc. Pink Pills give a healthy glow to pale and sallow complexions, and are a specific for the troubles peculiar to the female system, and in the case of men they effect a radical cure in all cases arising from mental worry, overwork or excesses of any nature.

These Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N. Y., and are sold only in boxes bearing the firm's trade mark and wrapper, at 50c. a box or six boxes for $2.50. Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred, and every dealer who offers substitutes in this form is trying to defraud you and should be avoided. The public are also cautioned against all other so-called blood builders and nerve tonics, no matter what name may be given them. They are all imitations whose makers hope to reap a pecuniary advantage from the wonderful reputation achieved by Dr. William's Pink Pills for Pale People, and refuse all imitations and substitutes.

Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address. The price at which these pills are sold makes a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

The Three Days' Christmas Tree Concert.

Wednesday evening of the three days' Christmas Tree entertainment to be held in the opera house next week from Tuesday noon to Thursday evening inclusive, will be devoted to a concert at which a splendid programme of music will be presented by the pupils of the Convent assisted by one or two others and by the orchestra. The pupils are now under training and the rehearsals indicate that the concert will afford a rare musical treat which none who enjoy good music, well performed, should miss.

AT ROUTLEY'S,

Much to see.
Much to enjoy.
Much to praise.
Much to admire.
Much to wonder at.

A royal gathering of just such things as popular taste most fancies. This store has the holiday business of '92. Do you think we lead the trade eleven months in the year, only to take second place when trade is trade? It remains for you to shop EARLY, and not wait until the crowd pushes and surges, so we cannot wait on you as we would. 4d

Fine Xmas Beef.

Mr. J. J. Howden, the enterprising George street butcher, always alive to the wants of his customers, has laid in stock a magnificent lot of the finest beef, pork, veal and ham it is possible to procure. His large butcher shop is tastefully decorated and some of the meats on exhibition are well worth seeing—let alone the pleasure of eating them. Among his Xmas beef specialities Mr. Howden has several splendid creatures from the Guelph cattle show—one of which, when dressed, weighed 1,120 lbs. A choice supply of pork, veal, suet, poultry and turkeys are in stock and "the finest that can be bought." It would be well for all intending purchasers to give Mr. Howden a friendly call.

Christmas Without Good Tea is Like a Plum Pudding without Raisins.

Kirk & Co., tea merchants, Market Arcade, have just received a full stock of Christmas goods, including Spices, Extract of Chocolate, (both baking and eating), etc. From now till Christmas will be given away with every dollar's worth of Tea a beautiful fancy cup and saucer, the regular selling price of which is 40c. Of our Teas there is no necessity to speak, being already so well known. We are the only direct importers of teas in Peterborough, all our Teas, with the exception of Japan, being bought for us in London, Eng., and shipped direct to us here. As we sell only Teas, Coffees and Spices and devote our whole time to that business, we give better value than is usual in general grocery stores. Goods delivered free in town and country.

"By Wits Outwitted."

CLEVELAND, O., Sept. 5th. — *Special Telegram.*— A new comedy, entitled "By Wits Outwitted," from the pen of Edward Owings Towne, of the Chicago bar, was produced for the first time at the Lyceum Theatre this afternoon before a large and enthusiastic audience. The play was well-received, its lively and clever dialogue reminding one of Boucicault at his best. The denouement of the plot, which brings about the discomfiture of an avaricious uncle and the uniting of the hero and heroine of the comedy, called forth repeated laughter from the big audience. The Chicago audience has been warmly congratulated by local critics.]

Hello!
Is that the C.P.R.?
Yes; who's speaking?
The G.T.R.
Well, what can we do for you?
Have you been up as far as 420 Water street, where Mitchell keeps sewing machines?
No, not yet.
That's the worse for you. You'd better lose no time. Take the first chance and drop in at 420, and see the handsome sewing machines he has just brought in by our line.
Is this Mitchell the man who repairs sewing machines?
Yes, and he's a "corker" at it too.
Well, I'll drop around.
You should; and take a sharp look at his drop cabinet machine—the finest that ever struck the town—and by Jove! his figures are very reasonable too.
All right; *au revoir!*
So long!

Storm Coats.

If you want to feel comfortable, warm and happy on Christmas and New Years, get inside of one of H. LeBrun & Co's. big comfortable Storm Overcoats, with large collar, cape or capot. There is no coat that embodies more comfort and gives greater protection to the wearer—whether he be a man or a boy. It is a great saver of doctors' bills, and a becoming garment withal. We are making a special run on these Storm Overcoats during the holidays. Prices range from $5.00 to $10.00. We have some higher but they are exceptionally fine garments, with extra linings, trimmings, etc. Our $5, $6, $7, $8, $9 and $10 Storm Coats we will warrant to excel any offered by other dealers for a like price. They are big value for the money, and are being bought freely by professional men, business men, merchants and young men, who cheerfully declare they don't want any better.

Christmas—Neat, handsome, serviceable silk handkerchiefs, at Armstrong & Co.

Y. W. C. A. Notes.

Please remember the usual gospel meetings this evening.

It is desired that those that who have not paid their fees would kindly do so before the new year.

A meeting of the board will be held Tuesday next, instead of Monday evening as announced.

Men Buy a Lot of Rubbish.

And expect their lady friends to be delighted with it. Ladies know better how to buy, for with only a slender knowledge of a man's peculiar notions, she will select some of those soft Japanese silk mufflers and handkerchiefs or a few of McComb's Christmas neckties, especially acceptable to the masculine mind.

Norwood Brings Credit to Canada.

The Kingston *Whig* says:—"John Finlay & Son, of Norwood, are in receipt of an order for several sets of Sarven patent buggy wheels, best brand, for Chicago Columbian exposition work. The order distinctly specifies their own make. Well done for Norwood. The order is a credit to Canada.

A XMAS PRAISE SERVICE.

To-morrow, Sunday afternoon, Christmas Day, a Christmas praise service will be rendered by the Choral Society of the Sunday school in George street church, at 3 o'clock, p.m., under direction of Mr. L. Seward. Parents of scholars, friends and the public generally are invited. Collection.

The Ladies' Rendesvous

For Christmas presents is at Miss Delaney's millinery show rooms. During the holidays I am prepared to sell all my remaining stock of winter millinery, flowers, feathers, ribbons, etc., mantles, jackets, ulsters, etc., at prices which cannot be equalled. Orders for evening costumes, in which we excel, will have prompt and careful attention. Prices low for stylish garments. MISS E. DELANEY.

Died at the County Gaol.

Mary Maguire, aged 20 years, and a girl of weak intellect, whose parents live near Lakehurt in Harvey township, died in the county gaol this morning shortly after 8 o'clock. Deceased was committed to gaol about a month ago by Police Magistrate Dumble as a lunatic. She has been attended by Gaol Physician Dr. Yelland, but refused to take any nourishment since her incarceration. The formal inquest was held at two o'clock this afternoon.

Something to Look Forward to.

The concert to be given in the Opera House on Friday, Jan. 13th, promises to eclipse anything given this season. Mr. Kleiser, the noted elocutionist will afford the people of Peterborough a grand treat, having the reputation, as he has, of carrying his audience from laughter to tears in a moment's notice. His renditions of Shakespeare are said to be very fine. Assisting Mr. Kleiser there will be Miss Minnie Gould, the talented soprano, Miss Vair, Peterborough's favorite soprano, and Mr. T. Dunn, the popular baritone; also the Peterborough Octette Club will make their first appearance. Such an array of talent should assure a crowded house. 2d149

Christmas at George Street Church.

On Sunday evening, Christmas Day, in addition to an appropriate sermon by the pastor, some special music will be rendered by the choir and the hymns will also be appropriate. Following is the order of service:—

1. Opening hymn, "All hail the power of Jesus' name."
2. Hymn 714.
3. Prayer.
4. Anthem, "Blessed be the people,"—*Rightai.*
5. Scripture reading.
6. Anthem, "Sing O Heavens,"—*Tours.*
7. Hymn 713.
8. Sermon by the pastor.
9. Quartette, "Hark, the Herald Angels Sing.'
10. Hymn 702.
11. Benediction.

A Picturesque Pony Express.

Mr. Alex. Elliott is enterprising and æsthetic. He must have everything pretty and picturesque, from a pleasure park to a pony express. He has had turned out for him the prettiest little pony express delivery wagon you could fancy. Mr. T. Fitzgerald's carriage works deserve the credit of its construction. A neat airy Sudlon gear with gear and wheels painted a lemon yellow with Aurora red striping, supports a box the rear part of which is built in the shape and colour of a bar of "surprise soap" which name in gold letters with carmine shading adorns the sides of the box. The rear end, painted black, with gold ornamentation, is composed of two doors which admit the parcels of the "Palace Grocery." In front of the vehicle is the driver's seat covered by a close hood, which bears on the sides the legend "Elliott's Pony Express." A "dandy" pony imported for the occasion from the west, in a set of Shortly's nobby, abundantly brass mounted, harness draws this pretty pony expres which is to be used for delivering the holiday stock of fine groceries of Mr. A. Elliott's Palace Grocery. This stock so complete, fresh and well assorted, will be in such great demand that a specially adapted system is required to ensure prompt and speedy delivery. Persons in need of any possible kind of choice grocery goods or liquors will find an abundant supply at the Palace Grocery Store, and it will be a pleasure to receive them by the Palace Grocery's pony express, which is a credit to both the capable carriage builder, Mr. T. Fitzgerald, and the enterprising owner, Mr. Alex. Elliott, of the Palace Grocery. 1d

Alarm Clocks!

There are a great many small Alarm Clocks which have been running for a few years and are now out of order, which the owners are allowing to remain idle, because they think it will cost too much to repair them. If you bring them to us you will find that we will make them run as well as they ever did, at a very small charge. We have already changed hundreds of them from being merely rubbish into good timepieces. If you want to buy a new one, we will sell you an Alarm Clock at a lower price than any one else in the trade. We sell only the very best make and warrant every one.

Simply Awful

Worst Case of Scrofula the Doctors Ever Saw

Completely Cured by HOOD'S SARSAPARILLA.

"When I was 4 or 5 years old I had a scrofulous sore on the middle finger of my left hand, which got so bad that the doctors cut the finger off, and later took off more than half my hand. Then the sore broke out on my arm, came out on my neck and face on both sides, nearly destroying the sight of one eye, also on my right arm. Doctors said it was the

Worst Case of Scrofula

they ever saw. It was simply awful! Five years ago I began to take Hood's Sarsaparilla. Gradually I found that the sores were beginning to heal. I kept on till I had taken ten bottles, ten dollars! Just think of what a return I got for that investment! A thousand per cent? Yes, many thousand. For the past 4 years I have had no sores. I

AN ACCUSATION AND EXPLANATION.

The Montreal *Star* published this dispatch:

HAMILTON, Ont., Dec. 19.—A few weeks ago an agent of the Port Arthur, Duluth and Western Railway contracted with about fifty Hamilton men to go to Port Arthur and guaranteed steady work for two years at $1.75 per day. About twenty eight of the men deserted the agent at Sarnia, but the rest went on to Port Arthur. One of the men arrived back here today, and says the rest of the Hamilton men have started to walk home, having no money to pay railway fare. He says the men are paid $1.75 a day all right but the company charges such exorbitant prices for board and necessaries that that they have little or nothing coming to them on pay day.

Mr. W. J. Kearns, town, is the agent referred to in the above dispatch, and those who know him best do not believe that he would be a party to such a deception as hinted at, and an explanation is furnished by the following from the Montreal *Herald* of Dec. 21st:

"Mr. W. J. Kearns, representing Messrs. Middleton & Conmee, contractors, has a different story to tell regarding the Hamilton railway labourers, who are reported to be walking home from Port Arthur, than that detailed in the telegraphic despatches (that given above). The men it seems were advanced the cost of their passage to Port Arthur, which was to be a first charge on their earnings. If any left without getting their pay it was because they had not earned any. Mr. Kearns and his associates, it seems, have suffered considerable loss in this way, many of those they engaged having taken leg bail for other points as soon as their destination was reached, leaving their employers short of their passage and expense money."

OUR CHRISTMAS GREETING.

As the year rolls around to its close the blithesome and subduing spirit of Christmas fills the wintry air and penetrates every heart. All sensibly or imperceptibly feel in a degree corresponding to their moral condition the benign influence of the Christmas season. The EXAMINER in the spirit of the season begs most cordially to wish its numerous readers and patrons, and all sorts and conditions of men besides—friend and foe alike—a right Merry Christmas and a Happy New Year.

CRISP CURLING CHRONIQUES.

What is Going on at the Rink Where Curlers Most do Congregate.

There was glorious sport at the rink last night, when the Thistles ran upon the ice in large numbers. The curlers are much pleased with the excellent manner in which the caretaker keeps the place. Two rinks played with the following result:

RINK NO. 1.

W Herald,	J B Pentland,
A Sawers,	T Ferguson,
T Rutherford,	D Bellegham,
R S Davidson, sk ...20	C McGill, sk 11

11 ends were played.

RINK NO. 2.

Belcher,	W H Robertson,
T Connal,	Geo Howson,
W Snowden,	Ed Clegg,
D W Dumble, sk....14	J Stanger, sk 7

To-night the Granites will hold forth. The matches between the Thistles and the Granites for President Dumble's and Vice-President Hatton's medals will take place at the rink on Tuesday and Wednesday nights of next week. Some fine sport is expected.

NEWS NUGGETS.

—There was no police court to-day.

Monday Dec. 26th, being the day duly celebrated as Christmas there will be no issue of the EXAMINER.

—The proprietors of the Lakefield Woollen Mill are doing a rushing business. An order for 6,000 lbs. of yarn has been received.

—Numerous old Peterborough boys and former residents of the town, are back again to spend Christmas with relatives and friends.

—Mr. Henry Carveth informs the EXAMINER that he is a candidate for councillor in No. 2 Ward.

—The band was present at the rink last night and played several creditable selections. There was a large number of skaters present, and the ice was in good condition.

—The Peterborough hockey team expect to hold their first practice at the rink on Tuesday night. A match will soon be arranged with the Collegiate Institute club.

—The Kingston *Whig* staff sends a beautiful Christmas and New Year's greeting card to its readers. THE EXAMINER as one of its most appreciative readers, acknowledges with thanks the receipt of one of those handsome souvenirs.

—At the regular meeting of Court Little John, C.O.F., held Wednesday evening, the thanks of the court were expressed for the handsome appropriation of $50 made by the executors of the Nicholls' estate, and placed in the hands of the court for charity purposes.

The Waterworks Purchase.

Mr. John Burnham, Q.C., President of the Waterworks Company, will be present at the meeting of the Board of Trade on Wednesday night, and will reply to the statemen' made by Mr. Cluxton at the recent public meeting, and will explain the Waterwork's Company's position with regard to the purchase of the works by the town. Mr. Cluxton will also be present.

Christmas Market.

To-days market on account of the cold weather was smaller than expected. But the market was lively and prices well up, the quotations however being similar to those last given, excepting poultry which ranged very high, with all offerings taken. Dressed hogs still brought $7.45, live hogs from $5 to $5.50, the supply of both kinds was limited.

SOME MOTHERS JUSTLY COMPLAIN.

Mothers have often complained about the great expense of artificial foods for infant's use. These objections have, in the majority of cases, great weight. Nearly all the foods in Canada are imported, and are of foreign make. These foods, while costing more to the consumer, are not as reliable and pure as the Lactated Food which is made in Canada.

Lactated Food is by far the cheapest food now sold in our country, and possesses valuable elements of nutrition not found in the imported.

As a proof of its being the cheapest and most economical food, it may be mentioned, that a twenty-five cent tin will make ten pints of cooked for an ordinary baby. The fifty cent tins will make twenty-four pints of cooked food; and the dollar size will make fifty-six pints, or sufficient to last four weeks.

These facts regarding Lactated Food are known to every mother who uses it for her baby. Foreign goods cannot give the same good results; and the consequence is, our medical men are prescribed and advising the use of Lactated Food every day.

FOR SUNDAY READING.

No bird knows what it sings.

Truth should be tempered by expediency.

Some hearts are useless until they are broken.

Make every thought a prayer and every word a psalm.—Carlos Martyn.

The horses can't be successfully hitched tandem to the matrimonial cart.

Cupid seldom shoots his arrow plumb through the centers of two hearts.

Do you desire to be almost always amiable and good-tempered? Then be at peace always with God and yourself.—Marshal.

It was a quaint saying of Matthew Henry that while man was dust refined, woman was dust double-refined, being one remove further from the earth.

It was a fine saying of Fenelon, who was a saint, if ever there was one, that "The crosses which we make for ourselves by our restless anxiety for the future, are not crosses that come from God."

God hides some ideal in every human soul. At some time in our life we feel a trembling, fearful longing to do some good thing. Life finds its noblest spring of excellence in this hidden impulse.—Robert Collyer.

'Tis not difficult to face unpopularity—that requires no great courage; but to turn popularity into unpopularity, to reject an ovation and convert "Hosanna" into "crucify him"—this requires the highest degree of courage.—Lyman Abbott.

'Tis reported that Dr. Andrew Clark, an eminent English physician, in a recent lecture in Birmingham on the "Religion of the Body," in which he spoke of the body as a talent which should be put to the best use, and emphasized the necessity of obedience to the laws of physical health, used the phrase "physical righteousness"—a capital phrase, which ought to be written on the minds of Americans. Physical righteousness means obedience to the laws of health; means, among other things, exercise, rest, and the avoidance of overwork. There are many persons who are morally righteous and physically unrighteous.

Jesus of Nazareth, who went about doing good, must ever stand as the model for all who would go and do likewise. He, first and foremost among men, transformed religion into philanthropy and philanthropy into religion. He brought a three-fold healing to humanity. He cured the body—fevers, leprosy, blindness; paralysis vanished at his command as darkness does at daybreak. He medicated the soul, or life. Many and serious disorders root themselves in the soil of the principle of life, and with these the Nazarine dealt at first hand. He brought order out of moral chaos of the spirit, reinforced the Divine in the human, taught us how to keep the angel in us dominant over the animal in us. Thus he incorporated his words of salvation in acts of salvation. Christ himself was the Good Samaritan. He was the most practical of reformers—had the most gracious tact. He never spoke about salvation to a hungry sinner. He fed him first. Nor did he approach a sick person spiritually until he had ministered to such one physically. Indeed, Christ brought a three-fold salvation. He restored body, soul and spirit.

To Prevent the Grip

Or any other similior epidemic, the blood the whole system should be kept in healthy condition. If you feel worn out or have "that tired feeling" in the morning, do not be guilty of neglect. Give immediate attention to yourself. Take Hood's Sarsaparilla to give strength, purify the blood and prevent disease.

Hood's Pills cure liver ills, jaundice, biliousness, sick headache, constipation

Palatable and Potent.

The great objection to cod liver oil has been its nauseous taste. This has been entirely removed by the process of preparing "Miller's Emulsion of Cod Liver Oil," which is combined with hypophosphites of lime and soda, the greatest creator of new blood in the world. It has cured thousands of consumptives by rebuilding their constitutions. Everybody is talking of the wonderful power of this Emulsion. In big bottles, 50c. and $1.00, at all Drug Stores.

For Swelling and Felons.

GENTLEMEN,—My little girl, aged 3, had a large swelling on her neck. I used Hagyard's Yellow Oil on it and it disappeared in a short time. It also cured a felon I was troubled with.
MRS. C. E. WENDOVER, Manda, Man.

We do not know of any preparation that has caught the public favor in so short a time as Dodd's Kidney Pills, but when we consider that three-fourths of the Canadian people are afflicted with kidney troubles in some form or other, and that Dodd's Pills are a quick and permanent cure for all these troubles, the large and increasing demand can scarcely be wondered at. Sold by all dealers or by mail on receipt of price, 50cts. per box. Dr. L. A. Smith & Co., Toronto.

Prepare for Cholera.

CLEANLINESS, care and courage are the resources of civilization against cholera. Keep the body scrupulously clean. Eat hot food. Take Burdock Blood Bitters to maintain regular digestion and ensure pure blood which is the very best safeguard against cholera or any other epidemic.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle *Free*, that they may try it before purchasing. The large bottles are 50c. and $1. We certainly would advise a trial. It may save you from consumption.

The Flywheel Burst.

MUNCIE, Ind., Dec. 23.—At 5 o'clock yesterday the flywheel at the White River iron and steel works burst, wrecking the building to pieces. [illegible] Ed Perkins of Joliet, Ill., was instantly killed. Engineer Dave Calder was fatally injured and Heater Lige Wood was badly cut. The engineer not being at his post caused the accident. Three hundred are out of work pending repairs. The loss is estimated at $10,000.

A Head-End Collision.

NASHVILLE, Tenn., Dec. 23.—A head-end collision between two freight trains occurred on the Louisville and Nashville main line near Edgefield Junction this morning. Ten cars and the two engines were badly wrecked. E. J. Oakes, conductor; T. O'Dell, brakeman; R. O. Johnson, engineer; Frank Foster and Frank Wilkes, firemen, and two tramps were very dangerously hurt.

Wants a Divorce.

FLINT, Mich., Dec. 23.—Hattie Hamilton wants a divorce from her husband, Reuben, for cruelty and desertion. They were married in Hamilton, Ont., in 1870.

Railway Accident in Mexico.

CITY OF MEXICO, Dec. 23.—A train on the Mexican Southern Railway was derailed here to day. Four persons were killed and a number injured.

"A snake in the grass" is all the more dangerous from being unsuspected. So are many of the blood medicines offered the public. To avoid all risk, ask your druggist for Ayer's Sarsaparilla, and also for Ayer's Almanac, which is just out for the new year.

Information to the Public

FORCED
REMOVAL SALE!

The Whole Stock to be Cleared at Net Cost, as we have no Option but to Remove to Other Premises.

We must vacate our present store on account of the near expiry of lease. The rent asked renewal was more than we should or could afford to pay, and as we were allowed only 8 hours in which to reach a decision, we decided to move. This necessitates a Clearance of the Stock, so we now offer

The Entire Stock at Net Cost for Cash.

Every line in the store is new, bought for this season's trade, and consists of Staple and Fancy Dry Goods, Gent's Furnishings, etc.

We will announce later on the location of the new premises to be occupied by us.

Thanking the public for their generous support in the past, we trust to be able to do as well if not better, in the future.

THOMAS KELLY,
Corner George and Simcoe Streets.

Important Announcement to the Public!

RETIRING FROM BUSINESS SALE.

Hall, Innes AND *Co.*

Having decided to retire from the Dry Goods Business in Peterborough announce that they will on WEDNESDAY, NOV. 23rd, commence a

GENUINE MAMMOTH CLEARING SALE for CASH

Covering Every Department of their Extensive Business.

HALL, INNES & CO.

WISH TO SAY that during the many years of their business career they have never offered Goods on the above basis (except during the time of re-building their Premises), and they now confidently expect that the public will rely on the GENUINE character of this sale, and avail themselves of this opportunity of securing goods of sterling quality, at prices much below those obtained in a regular business way.

The reduction of price will apply in all Departments, as follows:

General Dry Goods.	Hosiery and Gloves.	Carpets and Floor Oilcloths.
Silks and Dress Materials.	Bed and Table Linens.	Mats and Mattings.
Millinery and Mantles.	Scotch & Canadian Tweeds.	Lace Curtains.
Mantle Materials.	Worsted Coatings & Overcoatings.	Sash Curtains.
Ribbons and Laces.	Gents' Furnishings.	Portieres, &c., &c.

The Stock is in first class order, having been bought for our Fall and Winter trade, and many lines have come to us direct from the best manufacturers in Britain, France and Germany. This sale is bona-fide, and in no way similar to many so-called Clearing Sales, and we feel certain that this opportunity of securing good goods at low prices, will be largely taken advantage of by many.

Remember that this sale will begin on Wednesday, 23rd November, and continue until the stock is disposed of.

N. B.—All Outstanding Accounts must be settled at once.

NOT A FAILURE.

Secretary Foster is Satisfied With The Monetary Conference.

WASHINGTON, Dec. 23.—"I think there is a popular misapprehension in regard to the results so far of the International Monetary Conference," said secretary Charles Foster yesterday afternoon. "It is a grave mistake," he said, "to assume that the conference will be a failure. The taking of a recess till May was expected by the Administration when the American delegates left this country."

"The fact that Mr. Rothschild made any proposition for the increased use of silver, coupled with his declaration that unless something were done to ensure its better use among the nations serious consequences would follow, is in itself a hopeful indication that the prominent bankers of the world feel the necessity of reaching an agreement of such a nature as will secure approximate uniformity in dealing with the question the world over.

"So far as my personal connection with the conference is concerned, all that I expected of the preliminary meeting has been accomplished. The general drift of the conference is even more favorable than we anticipated."

Mr. Harter of Ohio, one of the chief hard money Democrats, says there can be no hope of inducing any other nation to do anything for silver while the Sherman law is in force and the United States is continuing the monthly purchases of bullion provided for by that law.

"Suppose," said he, "you and I are walking down the street together and we come to a wall that is leaning over the sidewalk. I go up to it and try to hold it up, so that it will not fall and crush the passers-by. I call to you and ask you to come and help me, but you say, 'No, you hold the wall up and I will pass on out of danger.'

KNOWN IN AMERICA.

Dr. Herz Was an Audacious Swindler in San Francisco.

SAN FRANCISCO, Dec. 23.—Dr. Cornelius Herz, who has been prominently mentioned in connection with the Panama scandal in France, figured in San Francisco for a time as an audacious swindler. He burst upon the Pacific coast like a meteor and everybody was dazzled by his presence.

This was in 1874. His success, social and professional, was wonderful and rapid. Incidentally he induced George S. Ladd and M. J. Keating, both now dead, to loan him $90,000. Their widows now hold his note for this amount.

Another of his victims was W. H. Lyon, a brewer of large wealth. Herz treated him for some blood affection, real or supposed, and soon had the old man completely within his power.

Of course Dr. Herz was paid liberally for his services, but it was not known until several weeks after he suddenly left in 1877 to go to Paris how much the doctor had collected.

Note after note, each for $10,000 and each bearing the undoubted signature of Lyon, came pouring in on the brewer. "The total amount," said Lawyer Thomas, who had been Mr. Lyon's attorney, "was over $100,000. As Lyon was known to be responsible Herz had an easy job to discount his notes."

A despatch from Chicago says: Dr. Cornelius Herz, the "American" who is the central figure in the Panama scandal, resided in this city during the years 1871-72. His brother, Joseph Herz, has lived here for 20 years. Joseph Herz is a manufacturers' agent, with an office at 220 La Salle-street.

Dr. Herz is a cousin of Emanuel mandelin and his brother, the millionaire drygoods merchant of this city. Dr. Herz struggled hard with poverty during his Chicago experience and then gave it up. He returned to New York in 1872 and shortly thereafter married a Boston woman and went to San Francisco.

Anarchy in Seville.

MADRID, Dec. 23.—Considerable alarm was occasioned in Seville yesterday by the explosion of a bomb in the entrance of a house occupied by one of the wealthiest citizens of the place. The force of the explosion was very great, but nobody was hurt.

With many clergymen, public speakers, singers, and actors, Ayer's Cherry Pectoral is the favorite remedy for hoarseness and all affections of the vocal organs, throat, and lungs. Its anodyne and expectorant effects are promptly realized.

News About Town.

It is the current report about town that Kemp's Balsam for the Throat and Lungs is making some remarkable cures with people who are troubled with Coughs, Sore Throat, Asthma, Bronchitis and Consumption. Any druggist will give you a trial bottle *free of cost*. It is guaranteed to relieve and cure. The large bottles are 50c and $1.

About Annexation.

When dyspepsia invades your system and bad blood occupies a stronghold in your body the way out of trouble is to annex a bottle of Burdock Blood Bitters, the best remedy for dyspepsia and bad blood, and the only one that cures to stay cured.

Always avoid harsh purgative pills. They first make you sick and then leave you constipated. Carter's Little Liver Pills regulate the bowels and make you well. Dose, one pill.

Four Doses Cure a Cough.

GENTLEMEN,—My little boy was troubled with a very bad cough, and a lady friend advised me to try Haggyard's Pectoral Balsam. I got it at once and can truly say I did not give more than three or four doses until his cough was gone. I have never been without it since, as I find it the best for troublesome coughs.

MRS. J.S. RUDDY, Glen Williams, Ont.

Rough skin, caused by cold weather, is made perfectly smooth by one application of Dyer's Jelly of Cucumber and Roses. Try it. Druggists keep it. W. A. Dyer & Co., Montreal.

Do not be discouraged if other medicines have failed to give you relief. Membray's Kidney and Liver Cure acts on the "Kidneys" direct, combined, with a mild action on the "Liver" and bowels, thereby removing the cause of "Back Ache," sour stomach, dizziness, indigestion and constipation.

A Pleasant Herb Drink.

The best cure we know of for Constipation and Headache is the pleasant herb drink called Lane's Family Medicine. It is said to be Oregon grape root, combined with simple herbs and is made for use by pouring boiling water on to the dried roots and herbs. It is remarkably efficacious in all blood disorders and is now the sovereign remedy with ladies for clearing up the complexion. Druggists sell the packages at 50c. and $1

That tired, languid feeling and dull headache is very disagreeable. Take two of Carter's Little Liver Pills before retiring, and you will find relief. They never fail to do good.

INTENSE SUFFERING!

Mr. William Buchanan, 24 years engineer in the Cunard Steamship Company's service, 8 St. John's Road, Kirkdale, Liverpool, Eng., writes: "I suffered two years of agony from an affection in the head which six physicians pronounced incurable. They were divided in opinion as to whether it was acute neuralgia of the head or rheumatic affection of the brain, but all agreed that I could never recover. In my paroxysms of pain it needed two and sometimes three men to hold me down in bed. When at death's door,

ST. JACOBS OIL

was applied to my head. It acted like magic. It saved my life. I am well and hearty, and have had no return of the trouble."

"ALL RIGHT! ST. JACOBS OIL DID IT."

The late Cardinal Lavigerie, the "Grand Old Missionary of Blakra," used to wear a Florentine cap such as Dante wore, half covering his ears and falling to his neck. The walls of his simple apartments were absolutely bare except for a small statue of the Virgin which faced the crucifix over the mantel piece.

The new Circassian belts for women are quite warlike in appearance. They are mounted with metal and furnished with little curving Turkish cimeters at the sides, inclosing a scabbard of ornamental metal, which is often incrusted with turquois or other gems of the Ural mountains. These cimeters, though for ornament only, are quite sharp of blade, and are put to practical use as convenient paper knives.

A great many letters are sent just before Christmas to nearly every large postoffice addressed to Santa Claus. Such letters, in accordance with the law, are sent to the dead letter office. But a benevolent gentleman of Philadelphia has written to the postmaster of that city, asking that all such letters be delivered to him, as he wishes to make an appropriate present to the writers. And it is now under consideration whether the letters can be legally given to him.

"How many people know," asks the religious editor of the Buffalo News, "that the monument that Laban and Jacob set up near the borders of Canaan and called 'Mizpah,' or a lookout, was erected in suspicion rather than love? The literal meaning was this: 'The Lord watch between thee and me when we are absent one from the other, and see that you are not up to some new trick as soon as my back is turned.' So when it in inscribed in an engagement ring it might mean: 'The Lord watch and see that you do not flirt when we are absent one from the other.' Those who use the text are sometimes wiser than they know."

Do not show partiality for one child over another. Treat all alike as the New York father treated his six daughters, according to Harper's Bazar. A young man asked this just parent for permission to marry his youngest daughter. "I have no objection to you," said the father, "but you must take them as they come." So he married the eldest.

An unknown girl saved a train with 250 passengers from destruction in Oregon. She was on her way home from a party, when she discovered that a rail had been removed on a high trestle, and then she procured a lantern and signalled an approaching train. Charles Lamb said once, in a letter to Manning, that he was a woman hater. Who would have suspected such gall in his gentle liver? But this is the Lamb-like way he said it: "Mrs. —— grows every day in disfavor with me. I will be buried with this inscription over me: Here lies C. L., the woman hater. I mean that I hated one woman; for the rest, God bless them!"

SCANDAL ON SCANDAL

A DEPUTY'S ASSERTION ABOUT THE CANAL AFFAIR.

The French Government is Prepared to Defend the Republic—A Vote of Confidence Carried By a Large Majority—A Journalist Denies Being Bribed.

PARIS, Dec. 24.—The Chamber of Deputies this afternoon voted confidence in the Government by a large majority.

There was another lively scene in the Chamber of Deputies to-day when Premier Ribot presented himself to answer the interpellation of M. Millivoy relative to the charge that money advanced by the Panama Company had been used in the service of the Government. M. Ribot spoke firmly and decidedly and was evidently fortified by the manifest sympathy of a majority of the Chamber.

M. Ribot said that the object of the questioner was to pile scandal upon scandal. [Cries of "No!" "No!" from the Boulangists.] The Government, pursued M. Ribot, has always been opposed to such shameful tactics, and he added, "The Government is prepared to defend the republic."

Of the names of the men compromised in the scandal, the witnesses declared that M. Constans had given to the President a list of 100 deputies who were implicated.

M. Marot, editor of The Radical, denied that his paper had been bribed. He spoke scornfully of the attacks that had been made upon his paper and declared that those attacks were not merited.

Irene Blanc, a journalist who had been examined by Magistrate Franqueville, was then called to the witness stand, but declined to testify, referring the committee to testimony given before the magistrate.

A sub-committee from the Parliamentary Investigating Commission seized, this afternoon at the offices of the Panama Canal Co., 17,000 counterfoils of bonds "payable to bearer." The Commission will meet daily during the Christmas holidays.

DR. HERZ NERVOUS.

He is to Have a Visitor Who Wants Important Documents From Him.

LONDON, Dec. 24.—Dr. Cornelius Herz, who is so greatly implicated in the Panama Canal scandal, and who is said to be suffering from nervous prostration, is still confined to his bedroom at the Burlington Hotel. He receives only intimate friends.

M. Andrieux, it is said, is coming to London from Paris to obtain from Dr. Herz a certain document showing that 104 members of the French Chamber of Deputies had received bribes from the lobbyist Arton amounting altogether to 1,350,000 francs.

M. Andrieux testified before the Panama Committee yesterday that he had seen such a document in the possession of Dr. Herz.

The Paris correspondent of The Daily News says: When Count Jules de Bernes charged the cabinet with complicity in the Panama Canal corruption the Chamber became like an army whose general had given the order: "Every man for himself." Every man interrupted the speaker, shouting, declaiming and shaking his fists, and the tribune seemed to be in danger of being sealed and the occupants expelled.

The Paris correspondent of The Daily Chronicle says: The Chamber gave a merciful majority for the simple reason that a government defeat would have sent it to the Christmas holiday in a state of anarchy and chaos. M. Wilson, who is believed to have a share in the present campaign, was seen to-day in the lobbies of the Senate.

M. Floquet upon leaving the Chamber seemed to be ill and broken, yet he was saluted by every one present. Should the Chamber be dissolved forthwith, M. Floquet would be enabled to escape the abuse of his unscrupulous adversaries, who are too ready to forget his long and faithful service, because of one act of inadvertence at a trying moment. No greater example of the uncertainties of French politics was ever given. The accumulation of evidence threatens to delay De Lesseps' trial until April. M. Franqueville works incessantly eleven hours daily.

His office is guarded by sentries, who allow nobody to approach. So far he appears to credit the explanations of the accused senators and deputies. M. Proust is looking very ill; the proceedings threatening against him worry him greatly. The question is much discussed whether President Carnot is to blame for his failure, when he learned the facts, to bring the delinquents to justice. It is supposed that he was too much amazed and bewildered to take decisive steps.

The Paris correspondent of The Times says: M. Ribot won a more signal victory than ever, but not without first having seen havoc spread all about him. Boulangism has overshot the mark.

Actor Townsend Dead.

HAMILTON, Dec. 24.—John Townsend, the veteran actor, died last night. Three of his children survive him. They are Florence, Mrs. Allen of Toronto; George of Toronto, and Mary, who is an actor. The remains will be interred on Sunday afternoon with Masonic honors.

The career of the genial man has been a checkered one. Less than 40 years ago he was in the heyday of prosperity in the British metropolis, and was a noted entertainer of the nobility at his country home in Greenwich, as well as a prince among the benevolent. His popularity got him the nomination for the representation of that city in the Imperial Parliament, and he was elected, defeating his titled opponent by a large majority. His victory, however, was dearly won. It cost him a fortune; it left him bankrupt, and he had to seek on the stage, at home and abroad, that livelihood which might easily have been earned by him if he had remained out of public life. For some years the aged actor lived in a humble way in Hamilton, eking out an existence by the teaching of elocution. When that failed him he received assistance from kind friends, who took compassion on him in the straits. The ending of honest John Townsend's life is a sad illustration of the ups and downs of the human race.

POUND A CLAIM IN THE SAFE.

Peculiar Circumstances in Connection With a Case of Alleged Perjury.

Toronto, Dec. 24.—John Bethel, for many years a carriage builder was arrested last night by Detective Harrison on at the corner of Elizabeth and Albert-streets, a warrant charging him with perjury. He was released on two sureties of $500 each. To the officer he said he owed a firm in Brantford which had lately become insolvent. The party making the charge of perjury against him had bought the assets of the insolvent firm and claimed the debt owed by Bethel. Bethel made an affidavit that his note was not in the safe the complainant bought, and it was because of this statement that he is charged with perjury.

ON FIRE WITH ECZEMA

Terrible Sufferings of Little Baby. Seven Doctors and Two Hospitals Fail. Cured by Cuticura.

My baby boy, 5 months old, broke out with eczema. The itching and burning was intense; the eczema spread to his limbs, breast, face, and head, until he was nearly covered; his torturing agonies were pitiable to behold; he had no peace and but little rest night or day. He was under treatment at different times at two hospitals and by seven doctors in this city without the least benefit; every prescription of the doctors was faithfully tried, but he grew worse all the time. For months I expended about $3 per week for medicines, and was entirely discouraged. I purchased CUTICURA, CUTICURA SOAP and CUTICURA RESOLVENT and followed the directions to the letter. Relief was immediate, his sufferings were eased, and rest and sleep permitted. He steadily improved and in nine weeks was entirely cured, and has now as clear a skin and is as fair a boy as any mother could wish to see. I recommend every mother to use it for every Baby Humor.

A YACHTING DISASTER.

TEN LIVES LOST IN A SUDDEN SQUALL.

Twenty-Three Invited Guests Accompany the Owner of a Yacht on a Pleasure Jaunt in Sydney Harbor—All Were Thrown Into the Water.

SYDNEY, N.S.W., Dec. 27.—A sad accident occurred here yesterday to a party of merrymakers, resulting in the death of 10 of them. The owner of a yacht made up a party of his friends to take a sail, and 23 persons accepted the invitation. All went well until the mouth of the harbor was reached.

Here a severe squall struck the yacht, and before any preparation could be made to meet it the vessel capsized. The squall passed away as quickly as it had come, and vessels in the vicinity bore down to the upturned craft. They succeeded in picking 13 persons who were struggling in the water, but 10 of the party were not seen after the yacht turned over.

SEVERAL PROBLEMS.

A Congress of Catholics Called to Propose Practical Reforms.

CHICAGO, Dec. 27.—The call for a congress of the Catholics of the United States to be held in Chicago during the World's Fair was issued yesterday. It is signed by Archbishop Feehan, chairman of the committee on organization, and William J. Onahan, secretary.

The congress will be convened Sept. 4, 1893, and will be presided over by Cardinal Gibbons. Among the subjects that will receive the attention of the congress are the "Social Questions" as outlined by the Pope in his encyclical, "Catholic Education," the "Independence of the Holy See," the "Rights of Labor," the "Duties of Capital," "Pauperism and the Remedy," "Trade Combinations and Strikes," "Immigration and Colonization," "Intemperance," "The Condition and Future of the Indians in the United States," "The Condition and Future of the Negro Race in the United States," and "The Work of Women in Religion and in the World."

The call says the congress must be prepared to propose practical reforms. It will not suffice that it shall have been the medium and opportunity for the delivery of clever essays and eloquent addresses on the various themes. Much more will be expected from it.

A BAD WRECK.

A Passenger Express Train Hurled Down an Embankment.

DENVER, Dec. 27.—The Chicago express on the Santa Fe road, which left here at 11.30 last night, was derailed about two miles east of Halstead while running at a high rate of speed. The passenger coaches and Pullman sleepers were hurled down an embankment 50 feet high and landed in a heap at the bottom.

The overturned cars immediately caught fire, and it was with the greatest difficulty the imprisoned passengers were rescued from a frightful death. It is stated that two unknown boys, said to reside in Denver, were fatally injured. A number of passengers and several of the train crew are reported injured, but none were killed. A relief train with physicians and surgeons was sent from here, and rendered assistance and relief to the injured. The accident is attributed to spreading rails.

THAWING DYNAMITE.

A Man's Leg Blown Off and His Scalp Removed.

ALBUQUERQUE, N. M., Dec. 27.—A frightful explosion of several sticks of dynamite occurred in the Mogallian mining district yesterday. Fred Bailey and W. Black, miners, had placed dynamite in the stove to be thawed out. The sticks exploded and the shanty was blown down. Black escaped with only serious cuts and bruises over his body, but the injuries that Bailey received were frightful.

His legs were blown off and his scalp was torn off. He also received terrible cuts on the head from a flying piece of stone. He will die. Other houses in the vicinity were also destroyed.

MAKING PROGRESS.

Cholera is Finding More Victims From Day to Day.

HAMBURG, Dec. 27.—Two children, living in the Borgesch Strasse, fell ill of cholera on Thursday and yesterday two more in the same house with them were stricken.

The Eppendorf Hospital is treating 39 cases of cholera, of which eight are of an exceedingly virulent type.

There was one death from cholera at the hospital to-day. Without doubt the disease is making steady although slow progress. General uneasiness prevails, especially in mercantile circles, which are still under the burdens of last fall's losses.

A Brass Trust.

WATERBURY, Ct., Dec. 27.—The preliminary work in the formation of a gigantic brass trust is nearly finished. It has taken much time to interest all the brass concerns in the movement, but most of them have now agreed to join the trust.

A Broken Conduit.

TORONTO, Dec. 27.—The new steel conduit which supplies the city waterworks has broken, and the pipe has risen to the surface of the bay. Toronto people are now using one-third bay water mixed with sewerage.

BADLY SCALDED.

Horrible Work Done by the Explosion of a Colliery Boiler.

HALIFAX, N.S., Dec. 27.—One of the largest boilers in the Victoria Colleries, Cape Breton, exploded yesterday, killing George Long and injuring five others, some fatally. All are frightfully scalded, the flesh hanging in strips from their bodies.

Massive stone blocks and bricks were [illegible] other boilers were displaced and completely disabled and their foundations levelled. Not a portion of the building in which the boilers stood remains. The end of the exploded boiler was found 150 yards distant.

Hundreds of workmen were working right on the spot, and how they escaped is miraculous. The entire mines will have to close for a month.

IT WAS $6715

That Was Stolen from the Express Co.'s Safe in Sarnia.

SARNIA, Dec. 27.—The Sarnia authorities secured search warrants yesterday and went through the premises of Ernest Clarke, the former agent, and James McCann, the present assistant of the Canadian Express Co. They were looking for evidence against these persons for the robbery committed Tuesday, but no trace of money or implements could be found. The theory that seems likely to prove correct is that the theft was committed by one or more professional crooks. Last night it was discovered that a stranger purchased a piece of sheet brass similar to the key found at the time of the robbery from Barrie's pumping shop. The manner in which the robbery was committed, the familarity manifested with the details of the express office and the smooth escape of the guilty ones, all sustain the theory that professionals did the work. Young McMann, the assistant agent, is cool and straightforward in his answers, and Clarke, the ex-agent, offered his assistance within an hour after the crime. The robbers evidently went to Agent Cook's house at night and effected an entrance, obtained an impression in wax of the safe's key and have been living in Sarnia a month or two perfecting the job.

The exact amount of money stolen was $6715, in four packages. The largest package belonged to the Bank of Montreal and contained $4000, in $20 bills. The Traders' had one package, containing $1000, and the Bank of Commerce two packages, one containing $1300 and the other $415.

ST. JOHN'S CATHEDRAL.

The Greatest Church Structure Projected in America.

NEW YORK, Dec. 27.—The corner stone of the Cathedral of St. John, a Protestant Episcopal Church, was laid yesterday. It is to be the greatest church structure ever projected in America. The site is in one of the most conspicuous places on Manhattan Island.

The design is of the round arch Gothic order, planned in many details after the early Christian churches, and following notably the Santa Sophia Church at Constantinople and St. Mark's at Venice.

The grounds cover 2225 feet.

The building, when ready for use, will have the following dimensions:

	Feet.
Total length	320
Total width through transept	208
Width of front	192
Height of front gable	144
Height of front tower	248
Height of flanking towers	168
Height of central towers	445
Height of dome (interior)	250
Width of knave	92
Span of central tower	98
Length of choir and ambulatory	154

Wealthy, Odd and Dead.

PITTSBURG, Pa., Dec. 27.—Jacob Henrici, sr., trustee of the Economic Society of Economy, Pa., died yesterday aged 88. The society of which Father Henrici was leader is composed of about 500 people, who are worth between $5,000,000 and $10,000,000. They make up the town of Economy, about 36 miles west of Pittsburg.

Father Henrici was president of the Economy Bank of Beaver Falls, a director in the Pittsburg and Lake Erie Railway, and other large corporations.

The Economite Society made all their money by farming.

A Nasty Accident.

CHICAGO, Dec. 27.—Last night Mrs. S. B. Mitchell entered a cable car without noticing that her foot had become entangled in a coil of telegraph wire. When the car started and the wire was made taut Mrs. Mitchell was dragged from her seat through the door and against the rear platform of the car. Before she could be liberated her leg was so cut by the wire that amputation may be necessary.

Wants $100,000 Bonus.

OTTAWA, Dec. 24.—President Van Horne has written Mayor Durocher that the C.P.R. will make a new entrance into Ottawa by bridging the Ottawa west of Gatineau Point and tunneling Parliament Hill, making the depot near the mouth of the Rideau Canal, if the city will grant a bonus of $100,000. He threatens to sidetrack the city if the bonus is not granted.

Still Harder Luck.

KINGSTON, Ont., Dec. 27.—Dr. T. M. Fenwick will perform a critical amputation on a convict at the penitentiary. The man fell from one of the buildings a distance of 65 feet and had both arms broken. The arms will be taken off.

The convict, named Bruce, comes from Simcoe, and is an M.A., a graduate of Trinity University, Dublin. He was sentenced a couple of weeks ago for larceny, having only been released a few weeks previously. He is now on his fifth term and has been sentenced under the names of Johnston, Macdougall, Wallace and Bruce.

[illegible]

WASHINGTON, Dec. 27.—"Mr. Blaine is getting along nicely," was Dr. Johnson's reply as to the condition of Blaine's health last night. Mr. Blaine's house was brilliantly lighted this evening. There was everywhere manifested a cheerfulness not observable in members of the family for many days.

A WAIL OF PESSIMISM.

WHAT THE TIMES HAS TO SAY OF CANADIAN AFFAIRS.

Will Hardly Find in Public Life the Very Sweet-Smelling Flower of Christian Virtue and Principle—Startling Comments on Other Countries.

LONDON, Dec. 27.—At this glad time of the year, when the air is full of rejoicing, it is curious to note the wail of pessimism which the great Times sends up. It ranges over the entire world and finds only misery and threatened destruction. As a picture, quite in Christmas literature, it is worth preservation. Here is the view that a visitor from another planet would take of our little world:

"Our stranger will hardly find in Canadian public life the very sweet-smelling flower of Christian virtue and principle, while if he looks across the frontier he will observe that the one event which more than any other has impressed the imagination of the two hemispheres has been the death of a man whose life can hardly be regarded as an ideal illustration of the Christian doctrine of the deceitfulness of riches and the vanity of their pursuit.

"If he crosses the Atlantic he will find in London, West and East, two societies—the one almost wholly given over to idleness and ignoble frivolity and the other overwhelmed in the degrading and demoralizing squalor of almost hopeless poverty.

"Crossing the Channel, he will find in Paris the society, morals and literature of the decadence illustrated in sufficiently ghastly fashion by a popular and almost universal belief in the wholesale turpitude of public men.

"Throughout Europe he will find nations armed to the teeth, devoting their main energies to the perfection of their fighting material and to the victualing of their fighting men and the keenest of their intellectual forces to the problem of scientific destruction.

"Beneath the surface of society, wherever the pressure becomes so great as to open an occasional rift, he will catch ominous glimpses of toiling and groaning thousands, seething in sullen discontent and yearning after a new heaven and a new earth, to be realized in the wild frenzy of anarchy by the overthrow of all existing institutions and the letting loose of the fiercest passions of the human animal."

NEILL'S VICTIM.

A Doctor's Disregard of Law in Certifying to Her Death.

LONDON, Dec. 27.—The authorities have instituted a prosecution against Dr. Robert Graham, whose disregard of law in giving a certificate of death in the case of Matilda Clover, for whose murder Thomas Neill Cream was recently hanged, was largely responsible for the real cause of death being unsuspected until suspicion was aroused by the personal admissions of Cream.

At the trial of Cream Dr. Graham testified that he gave the death certificate without having seen the woman during her last illness, although on prior occasions he had prescribed for her to counteract the effects of excessive drinking.

The extreme penalty for such acts as that of which the doctor is accused is seven years' penal servitude.

DETESTS PRISON LIFE.

She Stabbed Herself With a Tin Knife, But Did Not Die.

LONDON, Dec. 27.—The medical officer at the Woking Prison has reported to the Home Office that Mrs. Maybrick is not suffering from any serious constitutional disease. The late severe hemorrhage, about which so much was said, was the result of self-inflicted injuries, the convict having used a tin knife, to wound herself in a horrible manner. It was many days before the bleeding could be stopped, and her weakness at that period was extreme. Since then, however, she has gained strength, and, though she still remains in the infirmary, the physician sees no medical reason why the sentence should be interfered with.

Whether Mrs. Maybrick really intended suicide, or merely wished to create a compassionate feeling calculated to lead to her release, is unknown, but the medical officer inclines to the belief that it was an attempt at self-destruction.

CAN'T SLANDER WOMEN.

A Law in England Which Punishes Gossipy People.

LONDON, Dec. 27.—Last year Parliament passed what is known as the Slander of Women Act, and the first case thereunder has been tried. Heretofore it has been impossible for a woman accused of immorality to secure legal redress against her traducer unless she was able to prove what lawyers call express damage. Clergymen were the only class in the community against whom such language was actionable. The new law gives women the same protection as clergymen.

A butcher of Wolverhampton made free with the reputation of a married woman of his town and she sued him. A sympathizing jury this week awarded her $250 damages.

A VARIED LIFE.

Schoolmaster, Soldier, Journalist, Actor, Barrister and Magistrate.

LONDON, Dec. 27.—Mr. Montagu Williams, the well-known barrister of this city, who died last Friday, was at different times in his life a schoolmaster, soldier, journalist, actor, dramatist, barrister and magistrate, and in the latter capacity he was one of the most interesting figures on the London Bench. Twenty years ago, at the age of thirty-seven, he was accounted one of the most brilliant of English barristers. He was remarkable both as a cross-examiner and pleader, and was possessed of a fund of energy, versatility and unconventionality that seemed inexhaustible.

Some years ago, while at the zenith of his popularity, he was seized with a throat trouble that threatened his life. An operation saved him, but nearly cost him his voice. He received an appointment as stipendiary magistrate several years later. Recently Mr. Williams published a book of reminiscences that was widely read.

Death was due to a return of his throat trouble.

Brought Four Prisoners.

SANTA FE, N.M., Dec. 27.—The troops sent from Fort Wingate to Zuni Pueblo returned with four prisoners who some [illegible] Indians for witchcraft. All is quiet at Pueblo.

A YACHTING DISASTER.

TEN LIVES LOST IN A SUDDEN SQUALL.

Twenty-Three Invited Guests Accompany the Owner of a Yacht on a Pleasure Jaunt in Sydney Harbor—All Were Thrown Into the Water.

SYDNEY, N.S.W., Dec. 27.—A sad accident occurred here yesterday to a party of merrymakers, resulting in the death of 10 of them. The owner of a yacht made up a party of his friends to take a sail, and 23 persons accepted the invitation. All went well until the mouth of the harbor was reached.

Here a severe squall struck the yacht, and before any preparation could be made to meet it the vessel capsized. The squall passed away as quickly as it had come, and vessels in the vicinity bore down to the upturned craft. They succeeded in picking up 13 persons who were struggling in the water, but 10 of the party were not seen after the yacht turned over.

SEVERAL PROBLEMS.

A Congress of Catholics Called to Propose Practical Reforms.

CHICAGO, Dec. 27.—The call for a congress of the Catholics of the United States to be held in Chicago during the World's Fair was issued yesterday. It is signed by Archbishop Feehan, chairman of the committee on organization, and William J. Onahan, secretary.

The congress will be convened Sept. 4, 1893, and will be presided over by Cardinal Gibbons. Among the subjects that will receive the attention of the congress are the "Social Questions" as outlined by the Pope in his encyclical, "Catholic Education," the "Independence of the Holy See," the "Rights of Labor," the "Duties of Capital," "Pauperism and the Remedy," "Trade Combinations and Strikes," "Immigration and Colonization," "Intemperance," "The Condition and Future of the Indians in the United States," "The Condition and Future of the Negro Race in the United States," and "The Work of Women in Religion and in the World."

The call says the congress must be prepared to propose practical reforms. It will not suffice that it shall have been the medium and opportunity for the delivery of clever essays and eloquent addresses on the various themes. Much more will be expected from it.

A BAD WRECK.

A Passenger Express Train Hurled Down an Embankment.

DENVER, Dec. 27.—The Chicago express on the Santa Fe road, which left here at 11:30 last night, was derailed about two miles east of Halstead while running at a high rate of speed. The passenger coaches and Pullman sleepers were hurled down an embankment 50 feet high and landed in a heap at the bottom.

The overturned cars immediately caught fire, and it was with the greatest difficulty the imprisoned passengers were rescued from a frightful death. It is stated that two unknown boys, said to reside in Denver, were fatally injured. A number of passengers and several of the train crew are reported injured, but none were killed. A relief train with physicians and surgeons was sent from here, and rendered assistance and relief to the injured. The accident is attributed to spreading rails.

THAWING DYNAMITE.

A Man's Leg Blown Off and His Scalp Removed.

ALBUQUERQUE, N. M., Dec. 27.—A frightful explosion of several sticks of dynamite occurred in the Mogallian mining districts yesterday. Fred Bailey and W. Black, miners, had placed dynamite in the stove to be thawed out. The sticks exploded and the shanty was blown down. Black escaped with only serious cuts and bruises over his body, but the injuries that Bailey received were frightful.

His legs were blown off and his scalp was torn off. He also received terrible cuts on the head from a flying piece of stone. He will die. Other houses in the vicinity were also destroyed.

MAKING PROGRESS.

Cholera is Finding More Victims From Day to Day.

HAMBURG, Dec. 27.—Two children, living in the Borgesch Strasse, fell ill of cholera on Thursday and yesterday two more in the same house with them were stricken.

The Eppendorf Hospital is treating 38 cases of cholera, of which eight are of an exceedingly virulent type.

There was one death from cholera at the hospital to-day. Without doubt the disease is making steady although slow progress. General uneasiness prevails, especially in mercantile circles, which are still under the burdens of last fall's losses.

A Brass Trust.

WATERBURY, Ct., Dec. 27.—The preliminary work in the formation of a gigantic brass trust is nearly finished. It has taken much time to interest all the brass concerns in the movement, but most of them have now agreed to join the trust.

A Broken Conduit.

TORONTO, Dec. 27.—The new steel conduit which supplies the city waterworks has broken, and the pipe has risen to the surface of the bay. Toronto people are now using one-third bay water mixed with sewerage.

BADLY SCALDED.

Horrible Work Done by the Explosion of a Colliery Boiler.

HALIFAX, N.S., Dec. 27.—One of the largest boilers in the Victoria Collieries, Cape Breton, exploded yesterday, killing George Long and injuring five others, some fatally. All are frightfully scalded, the flesh hanging in strips from their bodies.

buried within a radius of 100 yards. Seven other boilers were displaced and completely disabled and their foundations levelled. Not a portion of the building in which the boilers stood remains. The end of the exploded boiler was found 150 yards distant.

Hundreds of workmen were working right on the spot, and how they escaped is miraculous. The entire mines will have to close for a month.

IT WAS $6715

That Was Stolen From the Express Co.'s Safe in Sarnia.

SARNIA, Dec. 27.—The Sarnia authorities secured search warrants yesterday and went through the premises of Ernest Clarke, the former agent, and James McLean, the present assistant of the Canadian Express Co. They were looking for evidence against these persons for the robbery committed Tuesday, but no trace of money or implements could be found. The theory that seems likely to prove correct is that the theft was committed by one or more professional crooks. Last night it was discovered that a stranger purchased a piece of sheet brass similar to the key found at the time of the robbery from Barrie's pumping shop. The manner in which the robbery was committed, the familarity manifested with the details of the express office and the smooth escape of the guilty ones, all sustain the theory that professionals did the work. Young McMann, the assistant agent, is cool and straightforward in his answers, and Clarke, the ex-agent, offered his assistance within an hour after the crime. The robbers evidently went to Agent Cook's house at night and effected an entrance, obtained an impression in wax of the safe's key and have been living in Sarnia a month or two perfecting the job.

The exact amount of money stolen was $6715, in four packages. The largest package belonged to the Bank of Montreal and contained $4000, in $20 bills. The Traders' had one package, containing $1000, and the Bank of Commerce two packages, one containing $1300 and the other $415.

ST. JOHN'S CATHEDRAL

The Greatest Church Structure Projected in America.

NEW YORK, Dec. 27.—The corner stone of the Cathedral of St. John, a Protestant Episcopal Church, was laid yesterday. It is to be the greatest church structure ever projected in America. The site is in one of the most conspicuous places on Manhattan Island.

The design is of the round arch Gothic order, planned in many details after the early Christian churches, and following notably the Santa Sophia Church at Constantinople and St. Mark's at Venice.

The grounds cover 2825 feet.

The building, when ready for use, will have the following dimensions:

	Feet.
Total length	520
Total width through transept	296
Width of front	192
Height of front gable	144
Height of front tower	248
Height of flanking towers	158
Height of central towers	465
Height of dome (interior)	253
Width of nave	92
Span of central tower	136
Length of choir and ambulatory	154

Wealthy, Odd and Dead.

PITTSBURG, Pa., Dec. 27.—Jacob Henrici, sr., trustee of the Economic Society of Economy, Pa., died yesterday aged 88. The society of which Father Henrici was leader is composed of about 500 people, who are worth between $5,000,000 and $10,000,000. They make up the town of Economy, about 36 miles west of Pittsburg.

Father Henrici was president of the Economy Bank of Beaver Falls, a director in the Pittsburg and Lake Erie Railway, and other large corporations.

The Economite Society made all their money by farming.

A Nasty Accident.

CHICAGO, Dec. 27.—Last night Mrs. S. B. Mitchell entered a cable car without noticing that her foot had become entangled in a coil of telegraph wire. When the car started and the wire was made taut Mrs. Mitchell was dragged from her seat through the door and against the rear platform of the car. Before she could be liberated her leg was so cut by the wire that amputation may be necessary.

Wants $100,000 Bonus.

OTTAWA, Dec. 24.—President Van Horne has written Mayor Durocher that the C.P.R. will make a new entrance into Ottawa by bridging the Ottawa west of Gatineau Point and tunneling Parliament Hill, making the depot near the mouth of the Rideau Canal, if the city will grant a bonus of $100,000. He threatens to sidetrack the city if the bonus is not granted.

Still Harder Luck.

KINGSTON, Ont., Dec. 27.—Dr. T. M. Fenwick will perform a critical amputation on a convict at the penitentiary. The man fell from one of the buildings a distance of 65 feet and had both arms broken. The arms will be taken off.

The convict, named Bruce, comes from Simcoe, and is an M.A., a graduate of Trinity University, Dublin. He was sentenced a couple of weeks ago for larceny, having only been released a few weeks previously. He is now on his fifth term and has been sentenced under the names of Johnston, Macdougall, Wallace and Bruce.

Blaine is Improving.

WASHINGTON, Dec. 27.—"Mr. Blaine is getting along nicely," was Dr. Johnson's reply as to the condition of Blaine's health last night. Mr. Blaine's house was brilliantly lighted this evening. There was everywhere manifested a cheerfulness not observable in members of the family for many days.

A WAIL OF PESSIMISM.

WHAT THE TIMES HAS TO SAY OF CANADIAN AFFAIRS.

Will Hardly Find in Public Life the Very Sweet-Smelling Flower of Christian Virtue and Principle—Similar Comments on Other Countries.

LONDON, Dec. 27.—At this glad time of the year, when the air is full of rejoicing, it is curious to note the wail of pessimism which the great Times sends up. It ranges over the entire world and finds only misery and threatened destruction. As a picture, unique in Christmas literature, it is worth preservation. Here is the view that a visitor from another planet would take of our little world:

"Our stranger will hardly find in American public life the very sweet-smelling flower of Christian virtue and principle, while if he looks across the frontier he will observe that the one event which more than any other has impressed the imaginations of the two hemispheres has been the death of a man whose life can hardly be regarded as an ideal illustration of the christian doctrine of the deceitfulness of riches and the vanity of their pursuit.

"If he crosses the Atlantic he will find in London, West and East, two societies—the one almost wholly given over to idleness and ignoble frivolity and the other overwhelmed in the degrading and demoralizing squalor of almost hopeless poverty.

"Crossing the channel, he will find in Paris the society, morals and literature of the decadence illustrated in sufficiently ghastly fashion by a popular and almost universal belief in the wholesale turpitude of public men.

"Throughout Europe he will find nations armed to the teeth, devoting their main energies to the perfection of their fighting material and to the victualing of their fighting men and the keenest of their intellectual forces to the problem of scientific destruction.

"Beneath the surface of society, wherever the pressure becomes so great as to open an occasional rift, he will catch ominous glimpses of toiling and groaning thousands, seething in sullen discontent and yearning after a new heaven and a new earth, to be realized in the wild frenzy of anarchy by the overthrow of all existing institutions and the letting loose of the fiercest passions of the human animal."

NEILL'S VICTIM.

A Doctor's Disregard of Law in Certifying to Her Death.

LONDON, Dec. 27.—The authorities have instituted a prosecution against Dr. Robert Graham, whose disregard of law in giving a certificate of death in the case of Matilda Clover, for whose murder Thomas Neill Cream was recently hanged, was largely responsible for the real cause of death being unsuspected until suspicion was aroused by the personal admissions of Cream.

At the trial of Cream Dr. Graham testified that he gave the death certificate without having seen the woman during her last illness, although on prior occasions he had prescribed for her to counteract the effects of excessive drinking.

The extreme penalty for such acts as that of which the doctor is accused is seven years' penal servitude.

DETESTS PRISON LIFE.

She Stabbed Herself With a Tin Knife, But Did Not Die.

LONDON, Dec. 27.—The medical officer at the Woking Prison has reported to the Home Office that Mrs. Maybrick is not suffering from any serious constitutional disease. The late severe hemorrhage, about which so much was said, was the result of self-inflicted injuries, the convict having used a tin knife, to wound herself in a horrible manner. It was many days before the bleeding could be stopped, and her weakness at that period was extreme. Since then, however, she has gained strength, and, though she still remains in the infirmary, the physician sees no medical reason why the sentence should be interfered with.

Whether Mrs. Maybrick really intended suicide, or merely wished to create a compassionate feeling calculated to lead to her release, is unknown, but the medical officer inclines to the belief that it was an attempt at self-destruction.

CAN'T SLANDER WOMEN.

A Law in England Which Punishes Gossipy People.

LONDON, Dec. 27.—Last year Parliament passed what is known as the Slander of Women Act, and the first case thereunder has been tried. Heretofore it has been impossible for a woman accused of immorality to secure legal redress against her traducer unless she was able to prove what lawyers call express damage. Clergymen were the only class in the community against whom such language was actionable. The new law gives women the same protection as clergymen.

A butcher of Wolverhampton made free with the reputation of a married woman of his town and she sued him. A sympathizing jury this week awarded her $250 damages.

A VARIED LIFE.

Schoolmaster, Soldier, Journalist, Actor, Barrister and Magistrate.

LONDON, Dec. 27.—Mr. Montagu Williams, the well-known barrister of this city, who died last Friday, was at different times in his life a schoolmaster, soldier, journalist, actor, dramatist, barrister and magistrate, and in the latter capacity he was one of the most interesting figures on the London Bench. Twenty years ago, at the age of thirty-seven, he was accounted one of the most brilliant of English barristers. He was remarkable both as a cross-examiner and pleader, and was possessed of a fund of energy, versatility and unconventionality that seemed inexhaustible.

Some years ago, while at the zenith of his popularity, he was seized with a throat trouble that threatened his life. An operation saved him, but nearly cost him his voice. He received an appointment as stipendiary magistrate several years later. Recently Mr. Williams published a book of reminiscences that was widely read.

Death was due to a return of his throat trouble.

Brought Four Prisoners.

SANTA FE, N.M., Dec. 27.—The troops sent from Fort Wingate to Zuni Pueblo returned with four prisoners who some time ago tortured and murdered two other Indians for witchcraft. All is quiet at Pueblo.

PEARSE'S PUNGENT PROTEST,

EMBODIED IN HIS COMPREHENSIVE ANNUAL REPORT.

(Continued from Saturday.)

NOT SUFFICIENTLY EXPLICIT.

Not deeming the reply, sufficiently explicit, the chairman of the Board again wrote to Dr. Bryce to the effect that he assumed that there had been some action of a formal nature by the Provincial Board of Health in regard to the Edison sewer and requested to be furnished with a copy of the resolution and and added that as the letter by which Dr. Bryce had given permission to dispose of sewerage matter into Little Lake, was conditional upon a guarantee being given by the town that a general system of sewerage should be commenced and partially constructed in a year, and assuming that such guarantee was still required, requested to be informed whether it was to be given to the Provincial Board of Health or to the local Board of Health. To this letter Dr. Bryce replied as follows:

TORONTO, Nov. 7, 1892.

DEAR SIR,—*Re* the matter of the resolution of the Provincial Board of Health and Peterborough sewers:

The Peterborough communications were read along with a number of others, and no special resolution was passed, but the Board approved of the action of the Secretary in the various cases.

The petition of the ratepayers was considered with the other Peterborough correspondence relating to this matter.

Trusting this may be satisfactory, I have the honour to be,

Your obedient servant,
PETER H. BRYCE,
Secretary.

F. Pearse, Esq.,
Secretary Local B'd of Health, Peterborough.

P.S. — This Board has given its conditional approval, which will be withdrawn, unless the matter is arranged by the Council to its satisfaction." It is a matter much to be deplored that at the time that this Board had determined to prevent the further pollution of the waters within the town, and was seeking the assistance of the Provincial Board of Health, that the Provincial Board of Health should have (at the instance of the town council's employees) interfered to prevent instead of to assist this Board in carrying out its decisions. It does seem strange that a petition such as the one forwarded by this Board should have been treated with so little consideration.

This Board thinks it had a right to expect to be consulted before even temporary permission was given to empty a sewer into the Little Lake.

AMBULANCE.

In the month of January and again in the mouth of May this Board directed the attention of the Council to the danger to public health by patients suffering from infectious and contagious diseases being conveyed in public cabs to the hospitals, and requested the council to provide an ambulance for the purpose of conveying such patients.

WHAT THE BOARD HAS ACCOMPLISHED.

Excepting that it has perhaps aroused public attention, this Board regrets to be compelled to admit that it fears it has accomplished nothing. Additional private drains into the creek and river and the George street drain are constantly being made. The George street sewer continues to emit the most offensive odour. A wooden sewer on Hunter street is still emptying its filth into an open shaft, at the corner of Hunter and George streets, and not even a sewer trap has been placed there to lessen the evil, although the Board understands that fully a year since a sewer trap was purchased for this purpose. Spaulding's Bay still is, and the Little Lake is rapidly becoming a malarious marsh.

No provision having been made for the conveyance of patients suffering from infectious and contagious diseases to the hospitals, the danger from the usage of public cabs for this purpose has not been provided against. The Board although compelled to admit the utter failure of all its efforts can emphatically assert that the responsibility for this failure does not rest with the Board. The Board tried conscientiously to do its duty and finding it had no officers on whom it could depend for the carrying our of measures it deemed necessary applied by deputation and memorial to the town council. The deputation was not even granted a hearing and the memorial has not, as yet, received any official recognition. The appeal to the town council failing, application was made to the Provincial Board of Health with comparatively little success, but an application to the Provincial Board from the town's sanitary engineer was more successful, and permission was given to make the temporary outfall of the Edison sewer into the Little Lake in spite of the ratepayers' protest forwarded by this Board.

It is a matter extremely to be regretted that this consent was given, as sewage matter passing into the lake remains, and will continue to remain there.

This Board deems it necessary to emphasize the fact that until the appointment of the officers of the local Board is taken out of the hands of the town council, and power given to the local Board to appoint its own officers, its efforts to make any improvement in the sanitary condition of the town will in all probability continue to be futile.

This Board is also of opinion that the right of the Provincial Board of Health to interfere with the action of local boards should be confined to the enforcing the prevention of nuisances and that the Provincial Board should not have power to interfere, to sanction even temporarily, a nuisance, without consulting the local Board. There is one matter, however, which cannot be too strongly insisted upon and that is this—the whole tenor of the correspondence and action of the Provincial Board of Health shows that the allowing the Edison sewer to emtpy into the lake is only a very temporary expedient and the condition on which the approval was at first given, was that the outlet sewer below the locks would be constructed within a year. In case the construction of the main sewer below the locks is not commenced in the spring it will be the duty of our successors to insist on measures for the precipitation of the Edison sewerage matter at the outlet from the works, and the precipitation of the sewerage matter entering the creek at the point of entrance into the sewers leading into the creek.

WHB the prospect of a cholera epidemic before us this duty cannot be too strongly urged on our successors.

If our successors find themselves in the helpless condition in which we have been placed, the Provincial Board of Health cannot well after having committed itself, and after what has this year taken place, refuse to assist in demanding that the conditions on which the temporary outfall of the Edison sewer into the Little Lake in spite of the ratepayers' protest forwarded by this Board, consented to, be carried out.

SOME DISCUSSION ON THE REPORT.

Dr. Clarke said there was a Medical Health Officer's report to come in at the end of the year when the death rate could be compared.

Mr. Denne said judging from the tone of the report, the members were a lot of nonentities and the sooner the Board resigned and got out the better.

Mr. Hughes thought the report, if published, would have a bad effect upon outsiders and give the town a bad name.

Mr. Shortly stated the report was rather strong, but nevertheless true. The Board should resign.

Dr. Fife said the Board was only a suggestive body apparently. By the employment of its officers the Board's hands were tied.

Dr. Brennan thought the language was no stronger than it should be.

Mr. Pearse said the report should be entirely approved. He was prepared to modify it if necessary.

Mr. Denne—It is not a bit too strong.

Dr. Brennan said that if they had to make the report as strong as that it was not their fault. He believed the report would awaken the people to the true state of affairs. There had been trouble in the Board in the past, and also, probably would be in the future. He moved the report be adopted as read. The remedy lay in the councils hands—they could bounce the members of the Board, as their term was nearly up now.

Mr. Denne seconded the adoption of the report.

Mr. Pearse referred to the business stagnation that occurred in Peterborough during the small pox scare a few year's ago, and said that a like repetition would follow if one case of cholera occurred here.

Mr. Hall thought it would be better if it was the chairman's report, approved by the Board.

Mr. Hughes would like to have the report modified in that portion which referred to the emptying of the Edison sewerage in the Little Lake. It was a matter that could not be controlled.

Finally Dr. Brennan moved that the board approve of the report as read by the chairman and adopt it as the report of the Board. Mr. Denne seconded the resolution which was carried.

THE SUPPLY OF ICE.

Mr. Shortly thought re the matter of cutting ice on Little Lake, that dealers could get ice on the fine clear pond in the river above the new waterworks dam.

After some discussion it was moved by Mr. Hall, seconded by Dr. Fife, that this Board prohibit the cutting of ice for domestic purposes on Little Lake.—Carried.

THE BOARD EXPENDED NO MONEY AT ALL.

Moved by Dr. Fife, seconded by Mr. Shortly, that the financial statement of the town of Peterborough shows an expenditure of $250 on account of Board of Health, this Board not having received any moneys from the town, or made any expenditures, would request that in future this heading be altered so as not to be misleading.—Carried.

VOTE OF THANKS TO THE CHAIRMAN.

Moved by Mr. Shortly, seconded by Dr. Brennan, that the thanks of this Board be tendered to our efficient chairman, Mr. Pearse, for the able manner in which he has discharged his duties as chairman during the year, and the interest he has exhibited in promoting the healthfulness of the town.—Carried.

Mr. Pearse acknowledged their kindness thankfully and the meeting adjourned.

Curiosity is the most general as well as the most innocent fashion that actuates the human mind. To gratify those who may be curious to know how we can name such extraordinary inducements, we make mention of the fact, that the garments offered in to-day's announcement, are part of the great $40,000.00 Manufacturer's Stock, bought by us at 60c. on the dollar, thus putting us in a position to discount the prices of all others; therefore, no matter what you see nor where you see it, come to us and we will sell you a better article for less money. If we don't we will refund you your money. Take in this big sale.

THE BIGGEST DAY IN 7 YEARS!

Saturday, December 3rd was the biggest day MR. J. J. SHEEHY has had in seven years. Why is this? Surely not because there is less competition. Certainly not because inducements are not being held out by others. Most assuredly not because prices of farm products are showing an upward tendency. Then why??

Simply because the purchasing public of the town and surrounding country have read Mr. Sheehy's advertisements, have inwardly digested them and have concluded that cheap sale or no cheap sale Mr. Sheehy is bound not to be undersold.

We want every day in December to be a big day. How are we to accomplish this? Simply by offering to the public better value for the money than can be had elsewhere. Just cast your eye over the following quotations:—

All Wool Flannels, 26 in. wide, - - 17½
9 lb. Wool Blankets, - - - - - $3.75
14 yds. Heavy Grey Canton Flannel, $1.00
Good Linen Towels each - - - 5½
Grey Wool Blankets, - - - 31c. a lb.
25 yards Factory Cotton, - - $1.00

These few quotations will probably give an idea of what we are doing and a glance at our BARGAIN TABLE in the centre of our store will convince the most skeptical that when it comes to general bargains we certainly are very decidedly "in it."

To Preserve

The richness, color, and beauty of the hair, the greatest care is necessary, much harm being done by the use of worthless dressings. To be sure of having a first-class article, ask your druggist or perfumer for *Ayer's Hair Vigor*. It is absolutely superior to any other preparation of the kind. It restores the original color and fullness to hair which has become thin, faded, or gray. It keeps the scalp cool, moist, and free from dandruff. It heals itching humors, prevents baldness, and imparts to

THE HAIR

a silken texture and lasting fragrance. No toilet can be considered complete without this most popular and elegant of all hair-dressings.

"My hair began turning gray and falling out when I was about 25 years of age. I have lately been using Ayer's Hair Vigor, and it is causing a new growth of hair of the natural color."—E. J. Lowry, Jones Prairie, Texas.

"Over a year ago I had a severe fever, and when I recovered, my hair began to fall out, and what little remained turned gray. I tried various remedies, but without success, till at last I began to

USE

Ayer's Hair Vigor, and now my hair is growing rapidly and is restored to its original color."—Mrs. Annie Collins, Dighton, Mass.

"I have used Ayer's Hair Vigor for nearly five years, and my hair is moist, glossy, and in an excellent state of preservation. I am forty years old, and have ridden the plains for twenty-five years."—Wm. Henry Ott, *alias* "Mustang Bill," Newcastle, Wyo.

THE DEED WAS HORRIBLE

A MAN COMMITS TRIPLE MURDER AND SUICIDE.

A Minister First Gazed On the Horrible Sight—Father and Daughter Lay Dead—The Mother Was Dying—The Grandmother Was Speechless.

WORCESTER, Mass., Dec. 27.—Henry C. Varnum and his little adopted daughter Florence were found dead in their home yesterday. His wife died on the way to the hospital. Her mother is not expected to live.

Rev. E. W. Phillips, in whose church Mrs. Varnum was a singer in the choir, called on the Varnums and found the door open. He entered and found Varnum and his wife lying on a bed and covered with blood. Florence lay dead in a cot. Mrs. Varnum's mother, Mrs. Wright, lay speechless in another room.

An iron door hanger and iron strap showed how the deed had been done, and Varnum was stabbed by his own knife.

The deed was done on Sunday morning. It means murder and suicide by Varnum.

THE GUION LINE

Out of Existence—Here is a Bargain For Van Horne.

NEW YORK, Dec. 27.—A. M. Underhill, the New York agent of the Guion Line, has received a cable dispatch from the home office at Liverpool to the effect that at a meeting of the Board of Directors the Guion Line pier at this port had been leased to the White Star Steamship Company for a term of years beginning next May. This was considered by everyone as indicating that the Guion Line would suspend business, and it was confirmed at the office of the company.

Mr. P. W. Gibson said that the Guion pier had been leased to the White Star Company for five years beginning May 1 next, and that the White Star would take possession of it for the use of freight ships on January 1. He said that the step was the outcome of the immigration question, and that it probably meant that the Line would go out of business.

The Guion Line has not been running any ships since November 21. On that day the announcement was made that they had decided to withdraw their two largest ships altogether and hold back all steamships not then on the way for at least three weeks. As a result of this decision, all of their ships have been tied up at Liverpool.

The two biggest ships of the Guion Line are the Alaska and Arizona. They were crack ships in their days, and still rank among the ocean flyers. Mr. Gibson thought that these two vessels would be chartered by some other company. The remainder of the Guion fleet, consisting of the Wyoming, Wisconsin and Nevada, will, Mr. Gibson said, probably be sold to some other line. The Guion Line steamships plied between Liverpool and New York, and for some time they have not been carrying as many passengers as the ships of other lines. The line is one of the oldest of the ocean traffic companies. It started in business before the era of steamships, and was then the Williams & Guion Line of packets. The line made fortunes for those controlling it until recent years. About 8 years ago Stephen Guion, who had controlled the company, died, and the line passed into the hands of a small number of stockholders.

SOMETHING FORENINST THE BOAT.

It Had a Red and a Green Light and Was Taken for a Drug Store.

There was a curious mixture of the deep-water sailor and the 'longshoreman in the rigging of the coastwise Captain as he meditatively leaned up against a protecting spile on the dock where his schooner lay unloading. A similar figure was bearing down the dock toward the schooner when he was hailed by the Captain, and, coming about, made alongside the spile, and the two seafaring men exchanged a hearty greeting.

"Well, Cap'en," said the newcomer, "prosperous trip?"

"Fair to middlin', fair winds mostly and easy water," answered the skipper. "Nothin' unusual in the way of excitement unless it was the goings on of a grampus that I shipped in Philadelphia on the home trip. While he was tied up at the Reading wharves loading with coal an Irishman walked aboard looking for a job. He was very anxious for work and I was short handed, so I took him on. It wasn't the first time I ever shipped a green lubber, nor yet an Irishman, but if that fellow didn't know less about the ways of a vessel than a wooden Indian, then this river don't smell. He worked all right in the hold, but when we was under way I had a mind to try him on the lookout, after we struck clear water, as he couldn't tell a hilliard from a sheet line. There ain't much for the man forrard to do when he was outside, but I instructed him plain enough what to do, and he was tickled with the job. Long about dark I stayed on deck, the mate at the wheel, so as I could tell just about what the new man was doing and what he was good for.

"Pretty soon the lookout comes aft and says: 'There's something foreninst the boat, sorr.'

"'What is it?' I says, at the same time motioning to the mate at the wheel.

"'I don't know, sorr,' says the man.

"'Well, go back and find out and report,' I says then, and back he goes. A few minutes and back he comes aft.

"'I don't know what it is yet,' he says, 'but it's coming this way, and we can find out for sure in a little while.'

"'You go for'ard, and don't come back till you know what it is,' says I, gettin' mad. He goes up again, but is back again in a minute and all smiling.

"'Well?' says I.

"'If you please, sorr, I don't know for sure what it is,' says he, 'but whatever it is, it has a red light and a green light, and I think it must be a drug othere.'"—Providence Journal.

People are wishing each other the compliments of the season and exchanging gifts. Did it ever occur to you to send an ailing friend a package of Ayer's Sarsaparilla? If not, do so now; and try this medicine yourself, if you need a first-class blood-purifier.

To invigorate both the body and the brain use the reliable tonic, Milburn's Aromatic Quinine Wine.

TO BE OR NOT TO BE "IN IT."

A Life Agent called at a friend's place of business,
HE WASN'T IN IT;
He had seen "the bore" coming a long way off,
HE WASN'T IN IT;
He had heard so much said, he was tired and sick
Of insurance and agents—'twas all a blank trick,
When one's coil must be shuffled to win it,
HE WASN'T IN IT.

A bit of a draft blew o'er his bald head,
HE WAS IN IT;
Pneumonia sent him straightway to his bed,
HE STAYED IN IT;
His doctor made of it a "quite special" case,
To save him for running still more of life's race,
But the grave took some chances to win it,
AND HE'S IN IT.

When approached by a gent for insuring your life,
GET RIGHT IN IT;
It's the right thing to do for your children and wife,
THEN STAY IN IT.
Remember that fires take your goods "out of sight,"
And that accidents happen each day and each night.
While insurance protects every minute,
IF YOU'RE IN IT.

A Bank anager's Opinion.

HE IS "IN IT."

The General Manager of one of the leading banks in Canada, writing to a personal friend, says:—"I have no hesitation in saying that I place the CANADA LIFE upon the highest platform. It is in my opinion carefully, economically and honestly managed; its Reserve Funds are well invested; its rates of Premiums are low, and its future is, I think better assured than a great majority of Companies. I have my own life insured in the Company for a round amount, and would not hesitate to increase the amount of my policies should I decide upon taking out further insurance."

A Government Insurance Actuary's Opinion

On the Relation between Ordinary and Tontine Service.

It is frequently asserted by Companies whose business is nearly all tontines, that although the CANADA LIFE may and does pay large ordinary profits, yet it cannot compare so favourably on a long term distribution or tontine period, and that in the end better results can be obtained on a tontine policy in a large American Co. than on an ordinary or tontine policy in the CANADA LIFE. To prove the absurdity of this statement, the following piece of common sense is quoted from Mervin Tabor, late Actuary of the Illinois Government Insurance Department. In his well known book, "The Three Systems of Life Insurance," he says: **"A company that gives large dividends on the ordinary kind of policies, can give much larger on the same kinds when Tontined, and a company that pays but meagre dividends on the usual forms, adopting perhaps the Tontine system to "cover up" its small surpluses, cannot be relied on for large returns of surplus under the Tontine Forms of Insurance."**

The CANADA LIFE does not "cover up" its Quinquennial profits as some Companies do, but publishes them throughout the country.

It can and does surpass other Companies on Quinquennial profits. It should and will surpass them on Tontine profits.

WHY TO BE "IN IT."

BISHOP HAWKE'S REASON:—"I claim that Life Insurance is not only a humane, but I might say a Christian Institution."

LORD LYNDHURST'S REASON:—"A Policy of Life Insurance is always an evidence of prudent forethought. No man with a dependent family is free from reproach if not insured."

WHEN TO BE "IN IT."

The younger, the cheaper. Therefore insure when young. Besides by insuring in the CANADA LIFE *now*, you will share in three years' profits.

WHERE TO BE "IN IT."

The best place to be "in it" is in the Company that gives the best returns for the least money, consistent with absolute security. Therefore, in order to be "in it," choose the

LOCAL NEWS.

Look all Over Town.

and find the best place to buy furniture cheap and you'll have no trouble in deciding that H. Newton's, 432 George street, is the spot. All kinds of second hand furniture kept on hand.

If You Want Good Bread.

Brown or white, pan or bottom baked, and sweet, just like what your mother baked for you, not puffed up into a soft, spongy, indigestible mass, you can buy it at MRS. POLLARDS, 450 George street. d

Remember the Three Day's Christmas Tree in Opera House, from Tuesday noon till Thursday evening, Wednesday evening, Grand Concert. Admission 25 cts.

Moving Across the Street.

Kingan & Co. are to-day removing their stock of hardware, etc., across the street adjoining Mr. Brisbin's flour and feed store. These premises will be their temporary headquarters until their permanent removal to the corner of George and Simcoe streets about the 1st of April next. Read their advertisement in to-morrow's issue.

Selling Out! Selling Out!

That cheap sale of clothing at the Oak Hall Store, No. 342 George street, under the opera house, is still in full blast. People are getting away with overcoats and suits at almost their own prices. The whole stock of Ready Made Clothing, Overcoats, Suits and Furs, and Gents' Furnishings, must be closed out during the next two weeks. Come and see how far a dollar will go. Splendid chance to buy comfortable Christmas presents for a mere trifle.dw

"Lovelier Than Ever!"

The ladies are greatly taken with our stock of Christmas novelties. They are lovelier than ever this year:

Fancy Trimmed Baskets	Fancy Silks

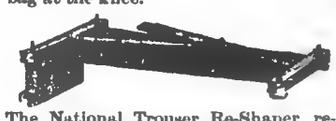
Tie and Glove Cases, Towel Rings, Wools, Embroidery Silks and Ladies' Work, and many 'Xmas Novelties.—Miss MELVILLE, 424 George street.

The Bagging at the Knee.

No need to throw away any more good pants because they happen to bag at the knee.



The National Trouser Re-Shaper removes the unsightly fullness very simply, very effectively and very cheaply. For sale only by A. MERCER & Co., Tailors and Outfitters. See advertisement. 3d-tu-th-s

Hello!
Is that the C.P.R.?
Yes; who's speaking?
The G.T.R.
Well, what can we do for you?
Have you been up as far as 430 Water street, where Mitchell keeps sewing machines?
No, not yet.
That's the worse for you. You'd better lose no time. Take the first chance and drop in at 430, and see the handsome sewing machines he has just brought in by our line.
Is this Mitchell the man who repairs sewing machines?
Yes, and he's a "corker" at it too.
Well, I'll drop around.
You should; and take a sharp look at his drop cabinet machine—the finest that ever struck the town—and by Jove! his figures are very reasonable too.
All right; *au revoir!*
So long!

CLEARING SALE

of Fall and Winter Clothing now going on at T. Dolan & Co's. Boys' and Men's Overcoats at less than cost price. Boys' and Men's Suits cheaper than you can buy the cloth for. All Ready-Made Clothing has to be sold before the 1st of January. Old Stand.

T. DOLAN & CO.

Something to Look Forward to.

The concert to be given in the Opera House on Friday, Jan. 13th, promises to eclipse anything given this season. Mr. Kleiser, the noted elocutionist will afford the people of Peterborough a grand treat, having the reputation, as he has, of carrying his audience from laughter to tears in a moment's notice. His renditions of Shakespeare are said to be very fine. Assisting Mr. Kleiser there will be Miss Minnie Gould, the talented soprano, Miss Vair, Peterborough's favorite soprano, and Mr. T. Dunn, the popular baritone; also the Peterborough Octette Club will make their first appearance. Such an array of talent should assure a crowded house. 3d149

MAYOR, COUNCILLORS, AND SCHOOL TRUSTEES.

Nominations for the Several Positions—Mayor Kendry given a Second Term—The Financial Statement Criticised—Nomination of Councillors and School Trustees.

The sharp weather evidently indicated the sharp struggle that is to take place in every department of the current civic struggle for office except that of Mayor, Mr. Kendry being returned unapposed for a second term.

At the nomination for Mayor, at the council chamber, Mr. Town Clerk Cobb took the chair in the presence of a few ratepayers.

Mr. H. S. McDonald nominated Mr. Kendry for Mayor, and Mr. Stevenson in a few eulogistic remarks, seconded the nomination.

The statutory hour having elapsed without any other nomination, the returning-officer declared Mr. Kendry elected Mayor by acclamation for a second term.

Mr. Cobb was voted to the chair and Mr. Kendry returned his thanks for the honour implied in his return for a second term to the mayoralty of a town of the importance of Peterborough. He would make make no extended remarks but would hand a statement and review of the operations of the past year to the reporters and it could be published. It will be found elsewhere in this issue.

Mr. Stevenson made a few remarks on the question of sewerage. He was in favour of a system that would take off surface water as well as sewage, and the council should look into the matter with reference to including both. In reference to the waterworks purchase he thought it should include the new dam; a street railway should also engage the attention of the councillors.

MR. M'NAUGHTON'S FINANCIAL POSER.

Mr. McNaughton asked Mayor Kendry if there was $31,000 of a deficit carried over from '91 to 92, and if there is a deficit, as he had heard, of some $6,000 on the financial operations of 1892?

Mr. Kendry replied that there was not a deficit of $6,000. If the statement of the treasurer was not correct the council was not responsible. He went on to say that everything had been done straight by the council of last year. The deficit of 1891 was a good deal more than $1,000. In striking the estimate there was no provision for the Edison sewer whose construction had been forced upon the council. At the end of the year an exact statement of the expenditure could be arrived at, and he believed it would be found that the council had kept within the estimates. He was prepared to defend every act of the council, which had given as good value for the ratepayers' money as any preceding council. He denied that there was a deficit; if there was, it was a small one. He was prepared to go with anyone before the treasurer, and show that the statement was correct. In this statement the very worst aspect of the financial situation had been presented—there was nothing kept back. The council had kept the promises of economy made at the beginning of the year. There was not $6,000 of a shortage, and the audit would show the correctness of his assertion.

Mr. J. R. Stratton said it was not fair on the mayor's part to state that the financial statement was prepared by the treasurer. The council was responsible for it. He would like to know, as a ratepayer and others ought to know, if the statement published by the council was a correct presentation of our financial position. He challanged the Mayor's assertion, and contended that the $6000 mentioned in Mr. McNaughton's question was near the figure of the deficit as shown by the statement of the council. He would not go outside the council's statement to prove what he had said. He said, that the statement which he held in his hand, and which was issued by the Town Clerk, showed a deficit of $10,762.64, to which, according to the statement, were to be added the salaries and accounts due Dec. 31st, $2,983.13, making a total deficit of $13,745.77. From this deficit take the taxes unpaid December 14th, $7890.06, less $11,000 uncollectable taxes, and we had $6790.06, to be deducted from the total indebtedness $13,745.77, which left $6,955.71 of a deficit. Take from this the amount of $800 since paid in by Ashburnham and we had $6,155.71 the net deficit on the year's operations as shown by statement. Any person who knew anything about town matters, Mr. Stratton added, knew that the light account about $1,350, and the water account of $1,200 also, were liabilities of this year payable on Dec. 31st. making the total indebtness $8,705.71. It was a well known fact that there is an unpaid balance on the Edison sewer of about $2,000, which added to the last figures mentioned made a total indebtedness of $10,705.71. Admitting the liability carried forward from 1891, to be $3,262.82, which however was not the case, we had a net indebtedness of $7,442.89, less the revenue from non-resident taxes, market, police court fines, etc., as the total current indebtedness for for the year 1892. This result, however, did not show in the statement itself, which was to this extent defective, but the statement did show that there was a shortage of $6,155,71, and as the Mayor had denied this, he (Mr. Stratton) was prepared to accept an independent audit of the accounts of the year's financial operations by Mr. Manson, manager of the Bank of Commerce, or the manager of any other bank in Peterborough, and if the report of such an audit did not prove that these figures ($6,155.71) were nearer the actual truth than Mr. Kendry's assertion that there was no deficit, he (Mr. Stratton) would donate the sum of $100 to charity, provided the mayor, on his part do the same, and provided that the investigation begin with the assumption that the deficit carried over from 1891 was, as claimed, $3,262.82. Mr. Stratton said that the deficit he had showed by the statement to exist, had been created in the face of an increased revenue, at the disposal of the council of 1892 of three thousand dollars, and—

Mr. Kendry—Let us understand Mr. Stratton's offer so that that there will be no misunderstanding, and so that the town's charity fund will get the $100, which I am certain it will get.

Mr. Stratton—I repeat that taking the deficit of '91 to be $3,262.82, my estimate of the deficit is about $6,000. To satisfy Mayor Kendry, and that there may be no misunderstanding, I will publish in Wednesday's EXAMINER, the exact nature of my proposition in reference to the deficit I claim.

Mayor Kendry—All right, let us have it.

Mr. Stratton—You shall have it on Wednesday.

Mr. Stratton added that he did not expect an off hand answer on the Mayor's part.

Mr. Kendry, in reply, said that both town papers had been trying to, for several days, to explain the financial situation, he could not offer an explanation at once, but he added that we (presumably the council) were prepared to show that there was not $6,000 of a deficit. The council would show at the end of the year what had been done.

Mr. Stratton replied that if the figures of the statement were correct, there was at least a deficit of $6,000.

The meeting then adjourned and broke up, into groups discussing the financial situation in an animated manner.

NEWS NUGGETS.

A very successful Sunday school Christmas tree entertainment was held in the Mark street Methodist church last night.

—The Christmas cantata entitled "Star of Bethlehem," and vocal songs by the children, will be produced to-night at 8 o'clock in the Collegiate Institute.

—G. Learmouth and J. L. Hughes in No. 1 Ward; J. Edgecombe and H. C. Stabler in No. 4 Ward have resigned. Mr. Edgecombe will, however, stand for school trustee.

—The Sisters of St. Joseph's Hospital acknowledge with grateful thanks the receipt of the following generous donation from Mr. Jas. Stevenson: One quarter of beef, three turkeys, three geese and one case of oranges.

—The Three Days' Christmas Tree and Bazaar, under the auspices of St. Peter's Cathedral, began in the opera house to-day at noon, and promises to be a great success. A fuller reference is held over. Grand concert to-morrow night. Admission, 25 cents.

—At St. Peter's on Sunday pontifical high mass was celebrated by his lordship Bishop O'Connor, assisted by the cathedral clergy. The choir, assisted by the orchestra, under the direction of Mr. R. J. Hilier, Miss K. Hurley, organist, rendered Farmer's Mass in B in an excellent manner. Rev. Father Collins preached the sermon and the bishop pronounced the Papal benediction and thanked the choir and orchestra and the congregation for their liberal offering and wished them the compliments of the season. At vespers special music was given and the bishop preached the sermon. Large congregations at all services.

A RECORD OF THE CIVIC YEAR.

Mayor Kendry's Annual Address to the Electors.

The following is a copy of Mayor Kendry's annual address which he handed to our reporter at yesterday's nomination, for publication:—

To the Electors and Citizens of the Town of Peterborough:

LADIES AND GENTLEMEN,—This is within a few days of the anniversary of an event which I recall to-day with peculiar gratification. The recollection of that occasion has awakened within me a lively sense of gratitude and appreciation which has ever been present with me from that day to this, and this new evidence of your continued kindness and consideration as evidenced by my re-election by acclamation to so important an office within your gift is extremely gratifying to me, and for which I desire to extend to you my best thanks.

When seeking support at your hands a year ago, I promised that in case of election I would do all in my power to promote the prosperity and best interests of the town, to see that the town was honestly governed at a moderate cost, and that the laws were strictly enforced. I have given a large amount of my time to this end in order that civic affairs might be conducted during my term of office in a more satisfactory and business like manner than heretofore and I am contented to leave the public to say if these pledges with the co-operation of the council have not in a large measure been faithfully carried out.

Having made these pledges I desire to review the work of the council during the year, and to pointed out some very important matter that will require to be dealt with by the incoming council and which must be intelligently met by those who are charged the management of civic affairs.

The council of 1892 on assuming office were

CONFRONTED WITH A LARGE DEFICIT

carried over from 1891, and which had to be taken into consideration in our estimates for the present year; had the estimates for that year been sufficient to meet the actual expenditure the rate for 1891 would have been higher. The statute makes its imperative that the amount of the estimates, and for which a levy is made, be not exceeded, and the only guarantee the public have is in the carrying out of the statutory requirement in order that the expenses of each year be met within that year. In the past balances have been carried over from year to year, and while this year the council in their estimates made provision for wiping out $2,000 of the former deficit, notwithstanding this, and in view of the large expenditure made by this year's council in addition to the ordinary expenditure by way of permanent improvements, such as the market clerk's office, weigh scales, fire hall improvements, clock tower and clerk's office, and which are practically assets of the corporation, but have been met out of this year's expenditure, this will cause a small deficit (inclusive of the cost of the Edison sewer) for the present year. There can be no good reason why the estimates for the year 1893 should not be sufficient to fully meet the expenditure and wipe out the small balance that may be carried over without materially increasing the rate of taxation. I will do all in my power to bring this about, as the ratepayers, I am satisfied, have not been sufficiently acquainted with the mode of carrying over deficits, and will demand that it be abolished as far as possible.

From the year 1885 to the present no auditor's report has been published from which the ratepapers could obtain the desired information respecting the

DETAILS OF THE VARIOUS EXPENDITURES

of the town, and believing that it was in the best interests of the town that the same should be published every year I recommended it in my inaugural address; the same was published this year, and from which the ratepayers I believe have gleaned information that has satisfied them that the town's affairs were being conducted in a loose and unbusinesslike manner, the records, vouchers and books in the clerk's office being kept in a manner requiring improvement. I am pleased to inform you that an improvement has been made in this respect, and it is such that the public will appreciate, and is more in keeping with what should be in a place like Peterborough.

The council of 1892 believing that the town was not receiving sufficient revenue from the market tolls, authorized the sale of tolls by public auction, the result, as you are aware, being an increased revenue to the town of upwards of $200. A settlement of the indebtedness due by the village of Ashburnham, amounting to $800, and which has been outstanding for years, has been effected, besides the collection from the Grand Trunk Railway of $250, due for switching and other charges, together with $400, due by the late Market Clerk and a very large increase in revenue derived from the sale of dog tags.

During the year various license monies and outstanding indebtedness which had been allowed to accumulate, were by reason of the action taken by the council, promptly collected, while the current licenses have been paid promptly, leaving no indebtedness that could be collected outstanding, thus dealing with all persons alike, which course, I believe will commend itself to all.

One of the most important changes that have been made during the year, and one which I am sure the Council is deserving of great credit in bringing about, is the

IMPROVEMENTS MADE IN THE FIRE DEPARTMENT

and the increased efficiency of the brigade to cope with fires, thus giving the inhabitants the best possible security to their property while allowing the town to receive and deserve a favourable classification for insurance purposes. This has called for an increased expenditure in this department for the year, but I am sure the ratepayers will not object owing to the better protection given them.

Seeing the loss of revenue resulting to the market clerk in not being supplied with the proper means of weighing animals, the need of office room, etc., and believing that the same was urgently required and would add to the value of the market tolls for succeeding years, the Council caused to be erected at an expense of about $900 a suitable weigh scales and clerk's office, the expense of which was placed in the estimates for 1892.

Another matter of finance, and one which the Council of 1892 deserves credit in bringing about, is the reduction effected in the rate of interest to be charged the town by the Ontario Bank. For some time past the town had been paying 6 per cent. while places like Port Hope had been getting money at 5½ per cent. The town's financial position and the duty of the Council to the ratepayers required that they should get the best possible rate, and after negotiations the same was was reduced to 5 per cent., which means a considerable saving to the town.

Although the question of sewerage had been taken up by previous Councils, yet it fell to the lot of the Council for 1892 to launch out a scheme for submission to the approval of the ratepayers, and which at their hands was rejected. While it may be contended that the system or scheme proposed in all respects

WAS NOT A DESIRABLE ONE,

yet the council gave the ratepayers every opportunity by public meetings and otherwise to discuss the question and make recommendations. The council of 1892 cannot, I consider, be fairly charged with neglect of duty in this matter or being desirous of burking the question. Personally I am and have been in favour of the construction of a proper system of sewerage for the town, taking into consideration its needs for the present and future, such system to be paid for in a manner that will be equitable and just in the matter of the expense to be borne by all classes of our ratepayers. This question will have to be promptly dealt with by the incoming council, otherwise the town will find itself in conflict with the Provincial Board of Health which, in the consequences that might ensue, would not be a desirable state of affairs. An outfall sewer must built and that without delay.

Believing as I do, that it is greatly in the interest of the town that its healthfulness should not be questioned, and while of the opinion that Peterborough in this respect will compare favourably with any other place of like importance, and that there is no serious cause for alarm, yet in view of the possible approach of cholera, I would recommend that, as proposed by the council of 1892, two scavengers be employed to commence to clean all premises first thing next spring at the town's expense.

The construction of the Edison sewer, which was necessitated by reason of a contract entered into before the council of 1892 took office, and which by reason of a threatened action on behalf of the Edison Syndicate for damages for non-fulfilment caused the council of 1892

TO APPOINT A SPECIAL COMMITTEE

to take charge of its construction. The work has been completed in a thoroughly first class manner and at a cost below the estimate. This sewer, it is proposed, will be a part of the main system when completed, and the cost thereof charged against and paid for out of the monies to be raised for sewerage purposes.

There is a matter that I wish to call the attention of the ratepayers to, and that is, the expenditure for any year. It is true that a large amount is expended, but it must be borne in mind that a great portion of this money is expended in ways over which the council has no governing power, and which is paid under demands from the Public School Board, Collegiate Institute, Separate School Board, Commissioner's Town Trust and Nicholls Hospital. Outside of these the council has little or no means of curtailing the expenses of the town except in connection with the Street and Bridge, Charity, and Fire, Water and Light accounts. With regard to streets and bridges, I am satisfied that more sidewalks could be built, a better class of sidewalks, and at a saving in cost to the town, if a great portion of the work was let out by tender, and in this and other ways which it is unnecessary to outline here, the expenditure on this account would not necessarily be reduced, but more work, I believe, could be done and the town receive better value for the expenditure. I will support and recommend such a course to the incoming council.

With regard to the charity account I am strongly of opinion that there is no account more capable of being differently managed

WITH ADVANTAGE TO ALL CONCERNED.

I have no desire to find fault with charity moneys rightly disbursed as the poor are always with us and their bodily wants must needs be looked after. The deserving poor I am afraid do not always receive the relief they require by reason of not making application, while impostors very often receive large sums from the corporation who are not in reduced circumstances. I believe it would be advisable as adopted in other places to appoint a relief officer whose duty it would be to visit the houses of the persons receiving or applying for charity and in this and other ways ascertain as to their circumstances and supply the committee with information respecting the same and that the committee decide on all applications after receiving the relief officer's report. The matter of salary for such a person would I am convinced be very small as there are many charitably disposed Christian gentlemen who would be pleased to accept such a position for a very small salary, the books in connection with this account could be kept separated in the town office thus giving the council and ratepayers at all times an opportunity of investigating this account and knowing exactly how the moneys are disbursed and to whom.

There is another matter to which I wish to direct your attention and that is with reference to the assessment. There are many ratepayers who are of the opinion that the assessment as made is not equal proportionately, and the Board of Trade believing that it would be advisable in the ratepayers interests recommended that the assessment be published. I do not consider that the council would be justified in incurring the expense entailed in publishing it when all ratepayers have the right to inspect it in the clerk's office.

AND MAKE ANY COMPLAINTS

that they may deem necessary; however, as the assessors for some years past have been using the blotters of the previous year while going their rounds—thus having a guide to the previous assessments—I think it would be advisable, and I will recommend for the coming year, that the assessors should be required to make the assessments without this aid, so that the assessment for the different portion of the town may be made on a fixed basis, proportionate to the value of the different classes of properties in order that all classes of our ratepayers may be proportionately assessed alike. After the assessment is made for the coming year the Board of Trade, or others, could readily have a committee examine the assessment, and if any unfairness is apparent to them in the various assessments, make a report pointing it out, or have it brought to the attention of the council or court of revision. By this and other means if there is any ground for complaint, it will assist in having it remedied. I will recommend to the incoming council that the assessment for the year 1893 should be completed at the earliest possible period in order that the council may take the required steps to have the time for the payment of taxes changed to an earlier period, and the same paid in instalments. I believe this would be in the ratepayers' and the town's best interest.

Another matter in which for the past an unnecessary delay has occurred in, and which for the future should be remedied by decisive action on the council's part, is the compelling of the return of the collector's roll within a reasonable period. In the past the roll for the previous year has been unreturned by the Collector long after the new roll had been placed in his hands. I see no good reason why the amount that is collectable cannot be made in a much shorter time. There are other questions that will be brought before the incoming council, such as

THE PURCHASE OF THE WATER WORKS

and the Street Railway franchise, and on which questions no doubt the council's action will be largely determined by the wish and decision of the ratepayers.

During the year 1892 the town has had an increase in the number of its industries and the enlargement of many existing ones. The population and assessment have increased and the town in all respects has made advancement. Next year with the possibility of sewerage, street railway and other works (entailing the expenditure of a large amount of money), the prospect is encouraging, while from a financial standpoint the town occupies an enviable position. 1893 is the year in which the municipal loan fund debentures expire; the borrowing power of the town will then be extended, while there is every reason to believe that the town will be able to renew its debentures at a more favourable rate.

The people of the town have good reason to be proud of their citizenship in the finest and most prosperous town in Canada, possessing in her merchants, manufacturers, professional men and artizans, enterprise, industry and skill. The town is rapidly increasing in size and importance, and I believe ere long will be numbered among the cities of Canada.

This review of the work of the council for 1892 and recommendations for the ensuing year, is made by me purely from a sense of duty to the ratepayers who have honoured me with their confidence, and not with a desire to press my views on the public or promote discussion or argument upon them. I trust that they will be received in the spirit in which they are given, which is solely for promoting the town's best interests.

I cannot let this opportunity pass without expressing my appreciation of the way in which the town clerk, Mr. J. R. Cobb, has performed his work during the year. I have found him always painstaking and reliable, thorough in his work, and obliging. He has been of the greatest assistance to me during the year.

Wishing you the compliments of the season,
I have the honour to be,
Ladies and Gentlemen,
Your obedient servant,
JAS. KENDRY.

To the Electors of No. 8 Ward.

HAVING accepted the nomination as councillor for No. 8 ward I hereby respectfully request your votes. Not having time for a personal canvas, I have decided to ask no one directly for a vote, but will duly appreciate any efforts made by my friends to elect me. During the coming year there will probably come before the council several important questions for consideration requiring a good deal of thought and attention. Should your choice fall on me as one of your representatives for No. 8 ward, I shall do my best to further the interests of my ward and the town generally.

Yours Respectfully
MACFARLANE WILSON.

To the Electors of No 1 Ward.

Gentlemen:

YOUR vote and influence are respectfully solicited to secure my election as one of the councillors for this ward for the ensuing year. If elected I will do my utmost to see that the expenditure is kept within income and that the interests of the Town are protected, as far as it is in my power to assist in securing that end. 150-tf.

CONCERNING THE HONEY-BEE.

History—Different Races—Functions of Queens, Drones, and Workers.

As bees are now enjoying their season of rest, it may be well to turn our attention to the study of the history of the honey-bee, (Apis mellifica). It seems strange that the genus Apis should not have been native to the American continent. The bees that are called natives are a variety of

WORKER. QUEEN. DRONE.

ITALIAN BEES.

the German or black, and without doubt were introduced by the early settlers. A bee-keeper recently wrote: "The first were brought here and landed at Boston in 1670." I do not know where he gets his information, but it is evident that the German and our black or brown bee are one and the same variety. The bees that are domesticated, are all of one species; Apis mellifica, and they have been introduced wherever civilized man has taken his abode.

I shall confine myself to the two races which have been domesticated, the Italian and the German. Although the German race has become the most widely disseminated, they are no older than the Italian, if we credit the writings of Aristotle and Virgil. The reason they are more numerous, is no doubt owing to the people of Northern Europe, being more energetic, pushing and migratory than those of Southern. The name "German" refers to locality, and "black," is a misnomer, as the bee is a gray black. The queen and drones are darker than the workers. Prof. Cook says: "The tongue of the black worker I have found, by repeated dissections, and comparisons made both by myself and my pupils, is shorter than that of the Italian worker, and generally less hairy." These points of inferiority of the common bees, show why the Italian is a superior honey gatherer. He has better tools with which to work, can reach farther down into the tubes of flowers, and has more hairs, to carry the honey out upon. The Italian bees were first introduced into Germany in 1843 and from there to this country in 1859. The first colonies imported direct from Italy to this country came in 1860, and now they are to be found in every State in the Union, principally disseminated through the agency of queens.

The Italians are distinguished by the bright golden rings at the base of the abdomen. If the colony be pure, every bee will show three of these golden girdles. The first two except at their posterior border, also the base of the third, will be of this orange hue. Underneath, the abdomen, except for a greater or less degree at the top, will also be yellow, while the same color appears on the legs. The queen has the entire base of her abdomen, and sometimes nearly the whole of it yellow. Sometimes very dark leather colored queens are imported from Italy, yet the workers will wear the badge of purity, the three golden bands. The drones vary in color. Sometimes the yellow rings will be very prominent, and then again quite indistinct. But the under side of the body is usually yellow. Visitors to our apiary sometimes exclaim in surprise, while looking at the bees, "Why, those are Yellow Jackets!"

We have described the three kinds of bees in a hive, known by the name of queen, drones and workers. Now let us see what are the duties of each of these little creatures.

FUNCTIONS OF THE QUEEN.

She should have been called "Mother" instead of Queen, as she does not appear to reign, and her duties are onerous. Upon her rests the prosperity of the colony. She is a fully developed female and is able to lay three thousand eggs daily—double her own weight. I have read of persons who were compelled to do a large amount of work, and were not allowed even time to eat up their own food, others doing it for them. The bee queen is not allowed time to stop and eat, but is fed by the workers a highly nutritious food, which has been previously digested for her. This explains why she is able to accomplish so much in the way of egg-production.

Drones are the lazy fathers of the industrious hives, and are usually found from May until November. Their presence indicates prosperity. They are poor, helpless fellows, not even feeding themselves, but are given a prepared ration. They should not be despised on this account, for they do all their creator intended they should do.

The neuters or worker bees are by far the most numerous, there often being as many as forty or fifty thousand in one colony. They are undeveloped females, and perform all the work of the colony, rule, govern and defend it against enemies. They secrete the wax, build the comb, gather honey and pollen, bring water, feed larvæ, queen and drones, clean house and attend to all other duties.—Mrs. L. Harrison, in Orange Judd Farmer.

Wonderful Benefit.

Rev. Robert C. Parson, Springfield, Ont., writes:—"I have been using your Pink Pills, and have found a wonderful benefit from them." This is the verdict of all who use Pink Pills. Take no substitute and beware of imitations. From dealers, or post paid, at 50 cents a box or six boxes for $2.50. Dr. Williams' Med. Co., Brockville, Ont.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle Free, that they may try it before purchasing. The large bottles are 25c. and $1. We certainly would advise a trial. It may save you from consumption.

Why Suffer with Chapped Hands

One tube of Dyer's Jelly of Cucumber and Roses will make them soft and white. Druggists keep it., W.A. Dyer & Co., Montreal.

Information to the Public

It is with great pleasure that I inform the public that Membray's kidney and liver cure has given me great help after using only one bottle and can recommend it highly.

T. COLLINS Otonabee.

National Pills are a mild purgative acting on the Stomach, Liver and Bowels, removing all obstructions.

If you are nervous or dyspeptic try Carter's Little Nerve Pills. Dyspepsia makes you nervous, and nervousness makes you dyspeptic; either one renders you miserable, and these little pills cure both.

Among the Poultry.

Feeding too much grain is not conducive to health or egg produce.

Too often there is an over-feeding of grain and underfeeding of more bulky materials.

Now is a good time to burn a few ears of corn in the oven, shell and give to the poultry warm.

Unless bulky food is supplied the hens will pick up much, that is, to say the least, not beneficial.

One decided advantage with ducks over chickens is that they thrive best when left in large numbers.

When turkeys or ducks are to be fattened rapidly, it is important to confine them in tolerably close quarters.

Although with good care the ducks will begin laying early in the winter, it is not best to have them hatch until early in the spring.

Unless the wheat screenings are above the average, or they can be secured at a very low price, they can be hardly as cheap a feed as many seem to think.

When the comb of a fowl is large and full of blood it is a good indication that it is in good health. When the comb is of a purplish red it is an indication of disease.

When the weather is damp, especially, keeping the floors of the poultry quarters liberally sprinkled with air-slaked lime will aid in preventing roup from making a start.

Geese do not attain their full growth and breeding qualities under three years. Hence, it is nearly always best to sell the young geese and keep the older ones for breeders.

Pure bred live stock is a leading educator. The man who once begins breeding becomes a student of animal life. The result is a humane and intelligent man with a prosperous and progressive family.

One reason why women usually succeed so well with poultry is because they are more considerate of the wants and necessities of fowls than men. But they do not usually brag so much about what they do.

The question is frequently asked, "Why is Ayer's Cherry Pectoral so much more effective than other cough remedies?" The answer is, simply because it is the most skilful combination of anodynes and expectorants known to medical science.

FORCED REMOVAL SALE!

The Whole Stock to be Cleared at Net Cost, as we have no Option but to Remove to Other Premises.

We must vacate our present store on account of the near expiry of lease. The rent asked renewal was more than we should or could afford to pay, and as we were allowed only 3 hours in which to reach a decision, we decided to move. This necessitates a Clearance of the Stock, as we now offer

The Entire Stock at Net Cost for Cash.

Every line in the store is new, bought for this season's trade, and consists of Staple and Fancy Dry Goods, Gent's Furnishings, etc.

We will announce later on the location of the new premises to be occupied by us.

Thanking the public for their generous support in the past, we trust to be able to do as well if not better, in the future.

Important Announcement to the Public!

RETIRING FROM BUSINESS SALE.

Hall, Innes and Co.

Having decided to retire from the Dry Goods Business in Peterborough announce that they will on WEDNESDAY, NOV. 23rd, commence a

GENUINE MAMMOTH CLEARING SALE for CASH

Covering Every Department of their Extensive Business.

HALL, INNES & CO.

WISH TO SAY that during the many years of their business career they have never offered Goods on the above basis (except during the time of re-building their Premises), and they now confidently expect that the public will rely on the GENUINE character of this sale, and avail themselves of this opportunity of securing goods of sterling quality, at prices much below those obtained in a regular business way.

The reduction of price will apply in all Departments, as follows:

General Dry Goods.	Hosiery and Gloves.	Carpets and Floor Oilcloths.
Silks and Dress Materials.	Bed and Table Linens.	Mats and Mattings.
Millinery and Mantles.	Scotch & Canadian Tweeds.	Lace Curtains.
Mantle Materials.	Worsted Coatings & Overcoatings.	Sash Curtains.
Ribbons and Laces.	Gents' Furnishings.	Portieres, &c., &c.

The Stock is in first class order, having been bought for our Fall and Winter trade, and many lines have come to us direct from the best manufacturers in Britain, France and Germany. This sale is bona-fide, and in no way similar to many so-called Clearing Sales, and we feel certain that this opportunity of securing good goods at low prices, will be largely taken advantage of by many.

Remember that this sale will begin on Wednesday, 23rd November, and continue until the stock is disposed of.

EXPLOSION IN DUBLIN.

The London Police Were Warned About Dynamite Outrages.

DUBLIN, Dec. 27.—At the inquest in the case of Detective Synnott, who lost his life by the explosion at Dublin detective office, a number of witnesses testified. The expert on explosives, Mr. Tichborne, expressed an opinion that the explosion was one of either dynamite or nitro-glycerine.

That the explosion was of incendiary origin in this case, and not from any gas accumulation, was considered evident from the fact that small pieces of metal casing, which had evidently been part of the infernal machine, were found nearabouts.

The coroner's jury rendered a verdict that the explosion was due to explosion of a high class explosive substance placed in court by a person whose identity was unknown to the jury. It was recommended that the authorities provide for the family of Detective Synnott.

The London police recently received a vague intimation of a possible renewal of dynamite outrages, and extra precautions were at once taken to guard against injury being done to public buildings. It is supposed that the dynamiters thus thwarted decided to make Dublin the scene of their outrage.

Secretary Asquith was busy at the Home Office yesterday and unusual activity was displayed at Scotland Yard.

BISMARCK'S CHRISTMAS.

He Mixed the Spirits and Spices for His Grenzis.

HAMBURG, Dec. 27.—Prince Bismarck celebrated Christmas Eve with his family at Friedrichsruhe. The Christmas tree on which all the presents were hung was a gift from a farmer whose land adjoins the Prince's estate.

The Prince's presents from abroad were opened by the Princess and hung by her on the tree without his having seen them. The cards and letters of congratulation, which came from every capital in Europe, filled an immense basket at the foot of the tree. All of the family servants were called in and each received two presents, one from the Prince and another from the Princess. Several guests passed the evening with the family.

Prince Bismarck was in exceptionally good spirits and made the bowl for the company with his own hands.

FOREIGN FINANCES.

The State of the New York Money Market Watched With Interest.

LONDON, Dec. 27.—As regards discount, if any change for the past week is to be noted the situation became worse. Bills were exceedingly scarce and competition was as keen as ever. The state of the New York money market, which it is thought here threatens a continuance of gold exports to Europe, is watched with the greatest interest.

The American supplies of gold, by meeting the Continent's demands, continue to figure as the leading factor, inducing the stagnation of the money market here. Some gold is still bought here on Austrian Government account, but not in sufficient amounts to cause exporters to apply to the Bank of England.

With the approach of Christmas holidays business of the Stock Exchange became inactive. As the week went by the condition of affairs in America caused uneasiness, to which feeling the Panama scandals also contributed.

Nevertheless in many quarters moderate improvement was shown. British funds and corporation securities benefited by the ease of money. If New York banks do as it is reported they probably will, pay gold for a mass of Government bonds, a rally in American railroads is certain. As apart from the currency question the outlook is distinctly in favor of a recovery.

VIOLENT STORMS.

A Captain Killed and Ten Seamen Drowned Off the Spanish Coast.

MADRID, Dec. 27.—Violent gales are raging off the west coast of Spain. Reports indicate that there have been many fatalities and that shipping has suffered seriously.

The ship, Marie Joaquina, managed to make haven at Vigo in a disabled condition, her rudder having been unshipped and her mast broken. During the gale her captain and two seamen were drowned.

The ship Maria Theresa foundered off San Lucar and eight of the crew were drowned.

Blizzard In Missouri.

KANSAS CITY, Dec. 27.—A typical blizzard began forming in this locality last night and at 3 o'clock this morning had fully materialized, the mercury at that time having fallen to 6 degrees below zero. The blizzard was preceded by considerable snow and accompanied by the usual biting north wind.

The storm is far-reaching, extending over the entire southwest, and is particularly severe in Kansas. In this city the thermometer was 34 degrees below zero at 1 this morning.

They do not Despair.

An utter loss of hope is not characteristic of Consumptives, though no other form of disease is so fatal, unless its progress is arrested by use of Scott's Emulsion, which is Cod Liver Oil made as palatable as cream.

More cases of sick headache, biliousness, constipation, can be cured in less time, with less medicine, and for less money, by using Carter's Little Liver Pills, than by any other means.

Handicap.

LONDON, Dec. 27.—The second and final rounds of the Manchester H[illegible] were run on this afternoon respectively. In the second round, Slater of Derby, with 13 yards handicap, beat D. Scully, American, with 10 yards handicap.

For final, Bannister of Sheffield, who had 13 yards handicap, came in first; Broad of Stalybridge, who had 12½ yards handicap, second; Radcliffe of Sunderland, who had 11½ yards handicap, third and Slader fourth. Time two yards inside 12 seconds.

Unusual Fluctuations.

PARIS, Dec. 27.—The Bourse during the week was unsettled. Every day saw unusual fluctuations. The energetic action of the Government, however, somewhat checked the depressing influence of the Panama Canal disclosures and especially the gloom due to M. Rouvier's weak defence. Considering the exciting events in the Chamber of Deputies rentes showed surprising firmness. The large amount of investment purchases made when rentes declined showed conspicuously that the country's confidence in the sound state of the public finances is unshaken.

But for the number and importance of these orders the fall would have been much heavier. The large speculative sales of foreign bears were largely responsible for the decline. Local banks were sharply attacked, but with the exception of Credit Foncier regained nearly the whole of the lost ground.

Seven Passengers Hurt.

MINNEAPOLIS, Dec. 27. — Yesterday while a Second-street surface car loaded with men and women going to their work was crossing the Great Northern tracks, a switch engine came along and struck it amidships. Seven of the passengers, six men and one woman, were hurt, one at least, Charles H. Armstrong, a carpenter, being dangerously wounded. For some reason the conductor did not warn them of the approaching switch engine.

His Eye Burned Out.

SPRINGFIELD, O., Dec. 27.—John Hanseberger was horribly burned at Hopewell schoolhouse last evening while acting as Santa Claus. In a Christmas entertainment his dress of cotton caught fire and also his celluloid false face. The fire cooked his face and burned out one eye, and in the panic several persons were injured.

In Favor of Reprisals.

PARIS, Dec. 27.—The rejection of the French Swiss commercial treaty by the French Chamber of Deputies is bitterly resented here. There is a unanimous feeling in favor of reprisals.

NICKEL NAVAL ARMOR.

CANADIAN MINES FURNISH THE GREATEST SUPPLY.

Trade With the United States Has Awakened British Experts to Make an Investigation—An Interesting Account of the Mines.

SUDBURY, Ont., Dec. 28.—This is the place where the United States Navy Department obtains its nickel for the manufacture of nickel-steel armor plates. The town is merely a clearing in the woods, but it stands on the Canadian Pacific main line, is the junction from which a branch runs to the Sault, connecting with the Minneapolis and Duluth lines, and is the centre of the richest mining district in Canada.

Copper was discovered here during the construction of the Canadian Pacific. A number of Cleveland and Akron capitalists became interested, and on sending samples of the ore for analysis to the Orford Company of New York it was found that nickel existed in large quantities. This "find" was confirmed by the analysis of the Vivian Refining Works at Swansea, in Wales, and before long Secretary Tracy and Commodore Folger were put in possession of specimens of nickel steel. Up to this the world's supply of nickel, used principally in making nickel silver spoons, forks, coins and plated ware, had come from the Lancaster Gap mine in Pennsylvania, owned by Joseph Wharton, and from the mines in the French penal colony of New Caledonia. The New Caledonia nickel is found in beds of serpentine, but the veins are shallow, and in miner's parlance not persistent. The ore is mined by primitive methods, convict labor being employed as well as native and Chinese labor, and carried many miles to the blast furnaces, which are fed with Australian coke and coal. The cost of transportation alone is a heavy item and the fuel is dear. The object in smelting the ore is to produce a matte. Nickel matte bears the same relation to refined nickel that pig iron bears to refined iron and steel. In 1882 the average price of nickel in the United States was about $1 a pound. The American production was under 300,000 pounds. The price in England was somewhat less, the English supply coming from New Caledonia, the mines of which were opened in 1876. The development of the Sudbury deposits has reduced the price to 50 cents, and when appliances for treating the matte have been established on a large scale, refined nickel can probably be bought for 25 cents or less.

Specimens of wrought and forged nickel were exhibited by Mr. Wharton at the Philadelphia Exhibition in 1870. The metal was discovered in 1751, but had seldom been seen in its pure state until Mr. Wharton took hold of it. The use of nickel as an alloy of steel gave it great economic importance. The compound is tougher and much more ductile and elastic than steel itself, and does not rust under water. English metallurgists employed it in the manufacture of gun barrels, but the real credit of "bringing out" nickel steel belongs to the Navy Department at Washington. The experiments with armor plates instituted by Mr. Tracy soon attracted attention in England. At first the English ordnance experts were disposed to poohpooh the extraordinary results obtained at the Indian Head proving grounds, but last year the Admiralty virtually admitted that Mr. Tracy had taught it something—a confession not often made by that body. In a memorandum prepared by Lord George Hamilton for the guidance of Parliament in voting the appropriations for the Navy it was stated that the armor plates of nickel-steel "combined resistance to perforation with freedom from serious cracking," and that extensive orders had been given for nickel armor as the secondary defence of new battleships. Lord George added that, while nickel steel was superior to ordinary steel when used in thicknesses of three or four inches, "the experiments with greater thicknesses do not at present place it in so good a relative position," but it is understood that his successor has found a 10½ inch plate, such as that used by Mr. Tracy, superior to a 12-inch plate of ordinary armor steel. Admiralty agents have recently visited Sudbury to consult with the Vivian people, who have a mine and smelting works.

The McKinley tariff admits nickel ore and matte free, repealing the old duty of 15 cents per pound. Nearly the whole product of the Sudbury mines has thus far gone to the United States for armor plate purposes. Seven mines have been opened, and others worked to a limited extent. Nickel-bearing ore has also been found near Ottawa. The experts say that the supply in the Sudbury country is practically inexhaustible; they speak of six or seven hundred million tons being in sight, and predict that in a few years 20,000 tons of nickel will be produced annually. Much depends on the Dominion Government.

The ore is both roasted and smelted. In building a roasting heap a layer of fine ore is placed on a bed of clay and gravel, and covered with 18 inches of dry pine. Another layer of ore is put on, and then more pine. There are openings for draughts at the sides and ends, and sticks set upright throughout the heap serve as flues. Each heap is kept burning for a month, sometimes for two, those containing the largest proportion of sulphur and iron requiring the longest and fiercest combustion. The furnaces are of the Hertenhoff patent. They are made of rolled steel, with a water space of two inches between the outer and inner plates, and cast iron bottoms protected by fire brick. They are elliptical in form, with a diameter ranging from three feet or so to six feet and a half, and are nine feet in height to the charging door. A square opening on one side is fitted with fire-clay to a corresponding opening in the furnace, through which the molten mass flows into a water-jacketed settling pot that rests on wheels. A charge consists of 2000 pounds of ore and coke—eight parts of ore to one of coke. The matte bubbles out, causing a series of sharp reports, and is cooled in the pots and shipped to the refining works. From five to eight tons of ore go to the making of a ton of matte. The matte contains from 10 to 20 per cent. of nickel, the other components being copper, iron, sulphur, cobalt and slag. Experiments are being made with new furnaces in the hope of increasing the richness of the matte, so as to save expense in transportation. The contract between the United States Government and the Carnegie and Bethlehem works, where the armor-plates are made, calls for 3½ per cent. of nickel in the steel. Then an ingot of 60 tons of nickel steel, sufficient to make two plates of the regulation size, contains about two tons of nickel. The plates are forged under steam hammers, bent to shape with hydraulic presses, and cut with saws and planes to fit the place designed for them on the warship. There are no refining works in Canada.

All the untaken mineral lands in this region belong to the Crown, and the Crown means the Government of the Province of Ontario. Until lately the land, including everything on the surface and everything below, was sold out-and-out at $2 per acre, without any conditions as to working being imposed on the purchaser. This led to the wholesale grabbing of land by speculators. In 1891 an act was passed attaching working conditions to all conveyances from the Crown from that date and exacting a royalty of 3 per cent. on nickel. The royalty does not take effect until seven years after the issue of the patent. Leases can be had at a low figure, and a good deal of land is being taken up by lease. Prospectors have found gold, silver and platinum, but nickel and copper are and will continue to be the chief sources of mineral wealth. The average assay value of the ore is about 3 per cent. of nickel, but a certain amount is lost in smelting. Labor is cheap and there is an abundance of water and of wood for roasting. Connellsville coke is used in the furnaces. It is brought in by the Canadian Pacific and the cost is heavy. There is no coal in any part of Ontario.

The nickel ore—nickeliferous pyrrhotite is the technical name—is found in the midst of rocks of different characters belonging to different horizons, but greenstone seems to be the parent rock. The nickel tract is 70 miles from southwest to northeast by 30 from southeast to northwest. All through nickel and copper are mixed together, and it is supposed that the deposits are equal in point of depth to their horizontal extension. But this is only guess-work. There appears to be no reason why nickel steel should not be used in the making of cannon, small arms, cutlery, boilers and other articles in which strength, malleability, capacity to take a polish and freedom from rusting are valuable properties. For the present, however, armor plates occupy the field.

A BAD TUMBLE.

An Amateur Fireman Put His Trust in an Icy Roof.

PORT HOPE, Dec. 28.—As the congregations were going churchward on Sunday night, an alarm fire was sounded, and Street Surveyor William Ray's house in King-street was found to be on fire.

Prompt application of water by the old reliable hand bucket line was effectual in preventing any great damage. The fire started through a defective chimney flue.

As the last bucket was thrown on the person who was holding the bottom of the ladder, concluding that his usefulness was gone, left his post.

The natural consequence was that Capt. Henning was "called down" from the icy roof as soon as the stability of the ladder was questioned.

Capt Henning had a severe fall, a distance of some 14 feet, upon the frozen earth. He was insensible, but soon rallied. No bones were broken, but he got severely bruised and will have to remain under the doctor's care for a few days.

OIL CAN AND CAP.

Marked the Spot Where a Boy Went Through the Ice.

RENFREW, Ont., Dec. 28.—On Monday Eugene McCarthy, Griffith, left his son, a lad of 14, at the store of George Smith, Griffith, telling the boy to wait at the store till he returned. But he was a much longer time than expected; and the boy started to walk home, up the river, carrying a coal oil can and some other small articles.

When the father arrived home, the boy was not there; but no alarm was felt, as it was supposed he had stopped at his uncle Comingsford's, whose house was nearer the river. Next day Mr. McCarthy started early for Renfrew.

As the boy did not turn up, the mother grew anxious and sent a neighbor in search. He found the boy's cap and the coal-oil can beside a hole in the ice; and it is supposed that the little fellow had broken through the ice and been drowned.

A TOUGH CHRISTMAS EVE.

A Brakesman Fell Off a Train and Lay in the Bitter Cold.

PORT HOPE, Dec. 28.—David Thompson, brakesman on Conductor Riley's train on the Midland, met with a very serious accident on Saturday last. While in the act of putting on brakes between Garden Hill and Millbrook he fell from the train, and was not missed owing to the crowds at the station. When the train arrived at Peterboro a special train was at once sent back over the line to look for him.

He was found insensible near Garden Hill by the side of the track, where he had been in the bitter cold from two to three hours. Examination proved that no bones were broken, but the unfortunate man was seriously shaken up and severely frost-bitten.

He was taken to his home in Toronto and his injuries received the best attention.

A TREE ON FIRE.

Falls on a Cabin and Kills a Rancher on Christmas Night.

LANGLEY, B.C., Dec. 28.—John Jackson, a bush rancher living on the Bigger trail, about a mile from the Yale road, was found dead and partly burned near his cabin on Christmas night. A burning tree had fallen on the cabin, and he was killed while running away. He came originally from Paisley, Ont., and was five years on his ranch.

Fooling With a Pistol.

MONTREAL, Dec. 28.—Mr. Olivier Lacourciere, a farmer of Beticoan, found a loaded revolver in one of the drawers of a bureau. As he thought, he extracted all the cartridges safely before giving the weapon to his son to play with. Evidently he missed one, for the next moment the pistol exploded and Mr. Lacourciere received a bullet in the thigh. A doctor was summoned, who pronounced the wound a painful but not a dangerous one.

A Skating Fatality.

INSHEMORE, Dec. 27.—A party of skaters went through the ice on Loch Anelics, near Inverness, yesterday afternoon. Several young women and three officers of the Cameron Highlanders, who were in the party, were plunged into the water.

The women were rescued by their escorts. General Rice, who had been skating just behind the party, jumped in to help a young man who was trying to swim for solid ice with a young woman held at arm's length, and was drowned.

VERY DARING ROBBERY

ON A LEADING STREET IN TORONTO AND IN DAYLIGHT.

Extraordinary Story Told, Up at Queen Street Jewelers—His Shop Entered By Three Men Armed With Revolvers, Who Gag and Tie the Jeweler.

TORONTO, Dec. 28.—One of the most remarkable cases ever reported to the police authorities came to light yesterday. A. H. Dowling & Bro., manufacturing jewelers at 61 [illegible], own a retail shop at 164 Queen-street [illegible], which is under the management of Armour Davis. William Mitchell, a lad, employed him in the store. They both reside in the West End and they came down to business together, reaching the store at 8.10 a.m. yesterday. What followed is told by them as follows: They proceeded to make ready for the business of the day, and while thus engaged three young men came in. As they entered Davis was behind the counter taking the more valuable portion of the stock out of the safe and placing it in the showcases. The boy was in the window cleaning it. Each of the three men produced a revolver, and covering Davis and the boy, ordered them into a room at the back of the shop. The two shop assistants were then securely bound with ropes and gagged with handkerchiefs, which the robbers stuff d into their mouths and tied in place with strong cords. One of the men then stood guard with a revolver over the captives while the other two went through the safe. They found about $500 in cash and a few small sums in packages belonging to the St. Clarens-avenue Methodist Church, of which Mr. Davis is treasurer, and $1.00, the property of the Sunday school of that church. Having secured the money they filled their pockets with all the jewelry they could lay their hands on. The small satchel in which Davis carried his lunch was taken possession of by the robbers, who transferred their plunder to it. The two men who had made the collection took the well-filled satchel and went out by the back way, leaving their confederate behind to prevent his prisoners freeing themselves and giving the alarm. He continued to keep guard for about three minutes after the departure of the two. Then he disappeared through the back door and left the man and the boy struggling to free themselves from their bonds. Finally, by a prodigious effort young Mitchell succeeded in getting his hands free, and after that it did not take long to loosen the ropes which held him fast. He rushed to the front door, opened it and then returned with a knife, with which in a couple of seconds he slashed asunder the ropes that held Davis. The manager ran into the street, gave the alarm and then proceeded to police headquarters.

SEVERE REVENGE.

A Railroad Man Killed While Seated Beside His Bride.

BRINKLEY, Ark., Dec. 28.—Yesterday afternoon George E. Moody entered a passenger coach of a Valley Route train where James Koorus, another railroad man, was sitting beside his bride of two weeks. Raising a double-barreled shotgun, Moody said: "You won't take back what you have said, will you?" and emptied both barrels into Koorus' face and body, killing him instantly.

Moody then boarded an engine and attempted to run it off, but there was not enough steam up, and he was captured.

Preferred to Die Intestate.

HORNELLSVILLE, N.Y., Dec. 28.—When the supposed will of Joseph Church of Allegheny, who died a few days ago leaving an estate of $250,000, was opened, the following in his own handwriting was found: "I have destroyed my will. If a man like A. W. Miner cannot make a will that will stand law, I don't propose to try it and have my heirs quarreling over its provisions."

The will of A. W. Miner, one of the wealthiest and most careful business men of western New York, was the subject of a week's contest recently in the Allegheny County Court. Church left a wife but no children.

After South American Trade.

NEW YORK, Dec. 28.—The new steamship Coya, which is now on its way to this port from Swansea, Wales, is the first of a fleet of six vessels which will soon begin to make regular trips between New York and the coast of South America by way of the Straits of Magellan. This line is solely for freight. Steamers will take the place of the sailing craft in the service by way of Cape Horn between New York and Chili and Peru.

Two Tanneries Burned.

MILWAUKEE, Dec. 28.—The William Brecken Leather Co.'s tannery and that of Conrad Bros., located at the foot of Sherman-street, were burned yesterday.

One fireman was killed, another is missing and two men are lying badly injured at the hospital.

The plant of the Brecken company was valued at $300,000 and that of Conrad Bros. at $400,000. Both were partly insured. It is supposed the fire was incendiary.

Three Matadors Gored.

QUERETARI, Mex., Dec. 28.—The holiday fetes in this city are in progress. At the bull fight yesterday afternoon several serious accidents occurred. Three matadors were terribly gored by the enraged bulls, and several fine horses were killed during the performance. The sport was pronounced a great success by the large audience. Many thousands of dollars were wagered on the fights.

Must Not Return to the U.S.

BUFFALO, Dec. 28.—William Ward, who was jailed for a year for bringing two women here from Toronto for immoral purposes, has been discharged and ordered to remain out of the country forever. Ward is an Englishman and was a resident of Toronto.

Fight With Bandits.

CITY OF MEXICO, Dec. 28.—A fierce fight between soldiers and bandits has occurred near Tanguistedge, in the State of Mexico. After a severe struggle six of the bandits were killed and the two others, who had been wounded, were captured.

Tarred and Feathered.

SPRINGFIELD, Ohio, Dec. 28.—John Jackson, a negro who eloped with Tessie Hankle, a pretty white waitress, was taken from the jail and tarred and feathered at West Liberty last night.

The girl claims she has been held against her will.

THE TOWN DEFICIT, $6,000.

AT the nomination for mayor held in the council chamber, on Monday, Mr. Stratton in substantiation of the statements made by the EXAMINER in reference to the deficit in the town finances for the year '92 as shown by the annual statement, proved that the shortage for the year was in the neighborhood of $6,000. The correctness of his figures being denied by Mayor Kendry, who insisted that there was no deficit or, if any, a very "small" one, he (Mr. Stratton) issued a challenge, which he promised to put in a definite form in the EXAMINER to-day. We now repeat the substance of this challenge. Admitting that the deficit carried over from the year '91 was $3,262.82 and allowing for it, it is claimed that there is, in round numbers, a deficit of $6,000 on this year's operations. Now, the EXAMINER is prepared to deposit the sum of $100 with Mr. Manson, manager of the Bank of Commerce, or any other gentleman mutually agreed upon, subject to forfeit to the charity fund of the town, in case an independent audit, conducted by Mr. Manson, or any other bank manager in town, does not show that the deficit of $6,000 on the current year's financial operations is nearer the correct figures than the statement of Mayor Kendry, made at the meeting on Monday, that there was no deficit, or as he says in his published address, "a small deficit;" Mayor Kendry to deposit a like sum of $100, to be forfeited and applied in the same manner, if the report of the independent audit does not bear out our contention that $6,000 is nearer the truth than no deficit or a "small one."

We have taken the liberty of using Mr. Manson's name without his knowledge or consent, believing the ratepayers would have the utmost confidence in any investigation made by him in the matter in question. But, in case he declines to act, and, in order that there may be no shirking of the investigation, we propose that the EXAMINER name one man and the Mayor another, and that these two shall select a third to assist and act with them in making the proposed audit—their finding to be final. The EXAMINER in criticising the financial statement as it has done, has only performed its duty to the ratepayers. It has been no pleasant matter to show that there exists a deficit of $6,000 in the financial operations of the current year. The *Review* has seen fit to challenge the correctness of our figures, without at all destroying our confidence in the accuracy of our deductions, and in case Mayor Kendry does not accept our proposition as submitted above, the opportunity is hereby left open to our contemporary, the *Review*, to accept it on the same terms. The ratepayers have a right to know the exact position of the town's finances, and an independent audit will give an opportunity of arriving as exactly at the truth as it is possible to do.

THE BIGGEST DAY IN 7 YEARS!

Saturday, December 3rd was the biggest day MR. J. J. SHEEHY has had in seven years. Why is this? Surely not because there is less competition. Certainly not because inducements are not being held out by others. Most assuredly not because prices of farm products are showing an upward tendency. Then why??

Simply because the purchasing public of the town and surrounding country have read Mr. Sheehy's advertisements, have inwardly digested them and have concluded that cheap sale or no cheap sale Mr. Sheehy is bound not to be undersold.

We want every day in December to be a big day. How are we to accomplish this? Simply by offering to the public better value for the money than can be had elsewhere. Just cast your eye over the following quotations:—

All Wool Flannels, 26 in. wide, - -	17½	Good Linen Towels each - - -	5½
9 lb. Wool Blankets, - - - - -	$3.75	Grey Wool Blankets, - - -	31c. a lb.
14 yds. Heavy Grey Canton Flannel,	$1.00	25 yards Factory Cotton, - -	$1.00

These few quotations will probably give an idea of what we are doing and a glance at our BARGAIN TABLE in the centre of our store will convince the most skeptical that when it comes to general bargains we certainly are very decidedly "in it."

BRIDGENORTH.

(From Our Own Correspondent.)

Court Bridgenorth, No. 315, C.O.F., held their second annual oyster supper on Friday evening, 23rd Dec., in their court room, when about one hundred members and their wives and families, sat down to demolish the bivalves—not oysters alone, for the tables actually groaned beneath the well-filled baskets of the members' wives. After ample justice had been done to the good things provided, baskets emptied and appetites satisfied, Brother J. Little was called to the chair, when the following interesting programme was gone through: Address by the chairman; Archer brothers, music on violin and organ; reading, by J. N. Telford; Archer brothers, violin and organ; Rev. Raley, humourous address; J. N. and Mrs. Telford, song; Brother Gregg, Learning how to Skate; Miss Thompson, song; Wm. and Ernest Telford, mouth organ duet; Geo. Broomwell, ventriloquism and mesmerism; Archer brothers on violin and organ. Votes of thanks were heartily rendered to the chairman, and the ladies for the toothsome luxuries they provided for the occasion. The proceedings of a delightful evening were brought to a close by singing in loyal style "God Save the Queen."

SALEM.

Rev. Mr. Roberts, president of the Bay of Quinte conference, will deliver a lecture in the Salem Methodist church, Otonabee, on Friday, Dec. 31st. Subject, "The Overthrow of Babylon." Admission 15 cents.

In Mr. Sergeant's letter of thanks in last week's weekly, in acknowledging the kindness of the Rev. Mr. Locke, chairman of the district, in bringing about a plan to favour Salem "with a share of ordained ministers' labours," the word "salaries" was incorrectly printed instead of "labours."

COLD SPRINGS, OTONABEE.

A very pleasant entertainment under the auspices of the Union Sunday school took place in the school house last night. The house was packed, and the town was well represented. A fine programme of vocal and instrumental music was given as well as recitations and the sunflower tableau. Mr. G. Mathews, Miss A. Brundrett and Mr. Gray, town, gave vocal selections, and an efficient orchestra, composed of the Hodgson family, town, gave instrumental selections. The sisters, Annie and Clara Hellegbem gave splendid exhibition of club swinging.

To-Day

Hood's Sarsaparilla stands at the head in the medicine world, admired in prosperity and envied in merit by thousands of would-be competitors. It has a larger sale than any other medicine. Such success could not be won without positive merit.

Hood's Pills cure constipation by restoring the peristaltic action of the alimentary canal. They are the best family cathartic.

LAKEFIELD.

(From Our Own Correspondent.)

S Young Muchall, who shot himself on Friday morning, died about 4 p.m. on Saturday, his medical attendants being powerless to do more than relieve his sufferings. As he had acknowledged to them that he had committed the act the coroner did not think an inquest was required. He was only 20 years of age.

The closing exercises in Mr. S. Sheldrake's well known school for boys was held a few days since. Rev. G. Warren, M.A., examined in Latin, Arithmetic and Geography, Mr. H. J. LaFevre, in French and Mr. Sheldrake in all other branches. Following is a list of prize winners. Latin, 1st class, L. Douglas, Lakefield. 2nd class, W. Whitney, Toronto, 3rd class, E. Miall, Ottawa. Arithmetic, 1st class, L. Ray, Ottawa, 2nd class G. Ferris, Portsmouth, and W. R. Tyrrell, Toronto. Geography, 1st class, E. Miall, Ottawa, 2nd class, K. Greenwood, Toronto. French, 1st class, W. S. Robertson, Ottawa, 2nd class, H. Stayner, Toronto. English, 1st class, L. Douglas, Lakefield, 2nd class, W. R. Tyrrell, Toronto. The boys dispersed for their Christmas holidays on the 20th inst. and school will re-open on Jan. 10th 1893.

Milk was lively for a time last Thursday, and then took a decided fall, all owing to the fact that F. Waldron's horse decidedly objected to remaining out in the cold, so run for home, first leaving the milk tins opposite Casement's where it would be convenient to repair them. The sleigh and harness was distributed all along Queen street.

On Thursday afternoon at the close of the examinations in the senior department of the Brick School, Mr. W. J. Campbell, the head teacher, who has resigned to take up his future residence in Uncle Sam's domains, was presented by the pupils of the school with a handsome ebony gold-headed cane as a token of remembrance, and which was accompanied by an appropriate address. Mr. Campbell made a suitable reply and expressed his sorrow at parting with his pupils, wishing them all every prosperity in their future callings.

Geo. Coutts, a young man who has resided in the village for the past two years, died last week of consumption. His funeral took place last Thursday afternoon, and was conducted by the True Blues, he being a member of the lodge in Bobcaygeon, a number of whom came down and joined the Peterborough and Lakefield brethren in paying respect to their deceased brother. He was married three short months ago to Miss A. Hunter, who has the sympathy of all.

The nominations for reeve, councillors and school trustees took place on Monday, W. H. Casement being declared reeve by acclamation for the sixth time in succession. For councillors—Messrs. John Hull, Jas. Moore, F. Lilliorap, Dr. J. A. Burgiss, Chas. D. Crawford, Jno. H. Davis and Arthur G. Strickland. For trustees—Messrs. Dr. J. R. Fraser, Wm. White, L. Payne, G. J. Galvin, James C. Brown and J. H. McWilliams.

Dr. Bell was voted to the chair and called on the Reeve, who was received with cheers. He thanked the electors for the honour done him, and gave a review of the work of the council for the past year, explaining all the items of expenditure as he went along, all the debts being wiped out, and over $200 remained in the Treasurer's hands, while they had lowered the rate one mill. His remarks were received by the ratepayers with evident satisfaction.

Councillor Hull followed and congratulated the ratepayers on the state of the finances and condition of the village generally.

Councillors Moore and Lilliorap made brief speeches.

Dr. J. R. Fraser spoke for the school board and gave a review of the year's operations.

A rather mixed up horse stealing case occurred on Saturday. Two well known and respectable young men residing in Smith, near Young's Point, were returning home from town on Saturday evening. When passing Auburn Mills they noticed a horse and rig standing on the road, no one near, and the animal not blanketed. They thought that they recognized it as one from Cooper's livery here and concluded it had got away from the driver. As an act of kindness they decided to bring it home. So one got out and into the empty rig and came on to Lakefield. They drove the horse to Cooper's stables and were surprised to learn it was not his. They then took it to Lehay's hotel and had [illegible] to find Constable Doidge to tell him about the matter. They found him just in time to be placed under arrest by instructions of Chief Rossel, Peterborough, who had telephoned up. It seems the horse was owned by a George street merchant, whose boy had it out delivering goods and who was in a neighbouring house when the horse was picked up by the young men. Chief Rossel arrived in the village about 10 p. m. and when he heard the facts of the case, and Police Magistrate Dumble had been communicated with, it was decided to accept bail for their appearance in town to-day (Tuesday). A J. P. was soon hunted up, bail found, and the young men left for home, rejoicing they were free for Xmas and determined to let stray horses freeze to death in future before they would move a finger to save them.

Last Wednesday evening the home of Mr. John Todd was the scene of a pretty wedding. Mr. Todd's eldest daughter, Melissa, being united to Mr. James Vincent, The bride was supported by her sister and the groom by Dr. Blanchard, the Rev. John McEwen performing the ceremony. About the same hour the Rev. Geo. Warren was reading the impressive marriage service of the Church of England at the home of Mr. John English, to unite his eldest daughter Victoria, to Mr. Alfred Snelgrove. It is almost needless to add that in both cases the bride looked lovely, while the grooms were radiant with happiness.

People are wishing each other the compliments of the season and exchanging gifts. Did it ever occur to you to send an ailing friend a package of Ayer's Sarsaparilla? If not, do so now; and try this medicine yourself, if you need a first-class blood-purifier.

To invigorate both the body and the brain use the reliable tonic, Milburn's Aromatic Quinine Wine.

Hello!
Is that the C.P.R.?
Yes; who's speaking?
The G.T.R.
Well, what can we do for you?
Have you been up as far as 420 Water street, where Mitchell keeps sewing machines?
No, not yet.
That's the worse for you. You'd better lose no time. Take the first chance and drop in at 420, and see the handsome sewing machines he has just brought in by our line.
Is this Mitchell the man who repairs sewing machines?
Yes, and he's a "corker" at it too.
Well, I'll drop around.
You should; and take a sharp look at his drop cabinet machine—the finest that ever struck the town—and by Jove! his figures are very reasonable too.
All right; *au revoir!*
So long!

A Sad Case of Insanity.

The coroner's jury to inquire into the death of the late Miss Mary Maguire, who died at the gaol on Saturday morning, returned a verdict of death from prostration caused by acute mania. The case is a particularly sad one, as the first symptom of her insanity was shown at the marriage of her brother some three weeks ago, and gradually became worse. Arrangements had been completed for the young woman's admission to an insane asylum, when she became too weak to be removed. A brother has been confined in an asylum for some two or three years. The mother and brothers, who reside in Harvey, have the sympathy of the community in their sad affliction.

A Correction.

In the printing of the mayor's address an error was made in the following sentence, which in fairness should be corrected. The word "inclusive" in the second last line was printed instead of "exclusive." The sentence is given correctly below:

In the past balances have been carried over from year to year, and while this year the council in their estimates made provision for wiping out $2,000 of the former deficit, notwithstanding this, and in view of the large expenditure made by this year's council in addition to the ordinary expenditure by way of permanent improvements, such as the market clerk's office, weigh scales, fire hall improvements, clock tower and clerk's office, and which are practically assets of the corporation, but have been met out of this year's expenditure, this will cause a small deficit (exclusive of the cost of the Edison sewer) for the present year.

Ashburnham Rifle Association.

The Ashburnham Rifle Association held their first shooting match Monday morning, Dec. 28th. Shooting commenced 9 a.m. and lasted until 2 p.m. Four inch bulls eye, range 100 yards. Fowl carried away were as follows:—Mr. Wm. Rombough, of Cobourg, "crack shots," 2 turkeys; Mr. A. Rutherford, Toronto, 2 turkeys; Mr. T. Bysh, "E" Company, 2 turkeys; Mr. Wm. Tinkler, 1 turkey: Mr. R. J. Marshall, 2 geese; Mr. T. B. Maniece, 2 geese; Wm. Campbell, 1 goose. A meeting was held Monday night by the Ashburnham Rifle Association for election of officers for the ensuing year, 1893, which resulted as follows:—President, Mr. S. McIlroy; vice-president, Mr. Wm. Campbell; chairman, Mr. Wm. Noyes; recording-secretary, Mr. T. B. Maniece; treasurer, Mr. T. Bysh; captain, Mr. J. McWilliams; committee, R. J. Marshall, A. McMartin, Geo. McWilliams, Wm. At Osgoode Hall, on Dec. 24th, decision was given in an appeal against the decision of Judge Rose, in the case of Thompson vs. McIntyre, to determine the true boundary between lots 6 and 7, in the 9th concession of Otonabee. The Divisional Court found the lien in favour of the defendant, McIntyre. The appeal was allowed, judgment to be entered for defendant. Watson, Q. C. and Mr. Dumble, for defendants; Mr. Burnham, Q.C., for plaintiff.

The Late Mary Emmerson.

The EXAMINER regrets to record the death of Mary, eldest daughter of Mr. John Emmerson, Ashburnham, who passed away on Thursday, 22nd of Dec. She was very highly respected and beloved in her wide circle of friends, and especially in the congregation and Suuday school of the Mark street Methodist church. The respect in which she was held by her associates, was shown by the latter contributing a beautiful floral wreath, which was placed on her casket, at the funeral on Saturday. The deceased young lady was a consistent Christian and died in full hope of a blessed immortality.

Councillors Resign Nomination.

Town Clerk Cobb has received the following additional resignations of gentlemen who were nominated as councillors on Monday: Messrs. W. H. Moore and W. H. Meldrum, Ward No. 3. In Ward No. 4, owing to the withdrawal of Mr. Wm. Langford, the three remaining candidates and old councillors, Messrs. Dennistoun, Mulhern, and McIlwaine, were duly declared elected by the returning officer last evening. Dr. Caldwell desires THE EXAMINER to state that although his name was placed in nomination for councillor for No. 3 Ward, he has resigned and will not be in the field. Messrs. Barton Earle and V. Eastwood have resigned nominations as school trustees in No. 4 Ward, leaving the contest between Dr. Fife and James Edgecombe.

THE MEETING TO-NIGHT.

To the Editor of the Examiner:

SIR.—By all means let the town buy the waterworks. If it pays the company it will pay the town. Mr. Clinton deserves the help of every citizen in his exposure of the company's affairs. Mr. MacDougall's estimate is no great bug-bear. We can float special debentures any time the same as the company.

FOURTH WARD.

THREE DAYS XMAS TREE.

A Delightful and, so far, Successful Entertainment in the Opera House, Under the Auspices of the Ladies of St. Peter's Cathedral.

The three days Xmas tree and sale under the auspices of the ladies of St. Peter's Cathedral opened with promising omens of success in the opera house Tuesday noon, and will continue until Thursday evening. Everything is bright and tasty and the ladies have exhibited delicate skill in the adorning and decorations of the tables and booths. The scene of beauty and attractiveness should be visited largely while in progress. The ladies in charge are:—Refreshment Booth—Mesdames O'Sullivan, Henry, McGrath, LeBrun, Dunn, and N. LePlante. Xmas Tree—Miss Vinette, Miss C. LePlante, Miss A. Vinette, Miss Carey, Miss T. Kenneally, Miss T. Delaire, Mrs. LeBrun, Mrs. W. J. Morrow and Miss Cassidy. Fish Pond—Miss Cahill, Miss Croft and Misses Mahoney, assisted by Mr. B. Gough, Lindsay. Fancy Table—Miss McCarthy, Mrs. Morrow, Mrs. Donoghue, Mrs. Ball, Mrs. Rutherford, Mrs. Pope, Mrs. LeHane, Mrs. Cahill. Orange Tree—Miss Reilly, Mrs. McMahon, Miss M. Kelly. Grocery—Miss Morrow, Miss O'Sullivan, Miss LePlante.

Father Rudkins' gift table is an especially attractive one, and contains a pyramid of valuable and unique articles, which will be drawn for to-morrow night. Last evening a large number of citizens were present and viewed the superb articles on exhibition with much pleasure. The band was also in attendance and played numerous selections. Many of the unique and fancy articles were sold and good prices realized, and doubtless the funds of St. Joseph's Hospital, in the interest of which the entertainment is being conducted, were materially increased. A large number partook of an excellent dinner served in elegant style in the refreshment room. The physical as well as the æsthetic tastes were gratified.

This evening a grand concert by the pupils of the convent and others takes place, and a fine entertainment may be confidently expected.

To-morrow evening the Bazaar will be closed, and the drawing of all the special prizes will also occur.

MASONIC.

The Officers of Peterborough and Corinthian Lodges A. F. and A. M are Duly Installed.

Last evening was a red letter day in Masonic circles and one which will not soon be obliterated from the memories of the brethren of the local lodges. It was the celebration of the day of St. John, the Evangelist, and the officers of both Peterborough lodges were duly and jointly installed for the coming year by R. W. Bro. E. H. D. Hall, P.D.D.G.M., assisted by W. Bro. Wm. Thompson, R. W. Bro. W. Millar, R. W. Bro. Benj. Shortly, W. Bro. R. R. Wood, W. Bro. R. A. Morrow, and W. Bro. H. C. Winch.

$200 Worth

Of Other Medicines Failed

But 4 Bottles of Hood's Sarsaparilla Cured.

"It is with pleasure that I tell of the great benefit I derived from Hood's Sarsaparilla. For 6 years I have been badly afflicted with

Erysipelas

breaking out with running sores during hot summer months. I have sometimes not been able to use my limbs for two months at a time. Being induced to try Hood's Sarsaparilla, I got one bottle last spring, commenced using it; felt so much better, got two bottles more; took them during the summer, was able to do my housework, and

Walk Two Miles

which I had not done for six years. Think I am cured of erysipelas, and recommend any person so afflicted to use

THAT BAGGING AT THE KNEE!

Men have been made to suffer in many ways, but seldom more bitterly than over the loss of a favourite pair of pants, because of the bagging at the knee.

All remedies have failed to obviate this unsightly, baggy twist, until the introduction of

The National Trouser Re-Shaper

which will prove a boon to gentlemen and save them many pairs of good pants. It is very simple, very effective and very cheap. It is so handy and portable that it folds up small enough to fit in a corset box. For sale only by

FRAZER MISSION BAND.

The Second Annual Report.

As we take a review of our work of the past year, the promise of "better things," which we hoped for last year, have in a measure been fulfilled. Perhaps our work has not been so faithfully done as it might have been, but we feel sure that most of us who have tried to do this work for our Master, have been blessed. Our meetings have been held regularly, excepting July and August, the first Saturday in the month, and have been well attended, also the members have taken more intelligent interest this year. The membership is fifty-eight, the average attendance twenty-six, which shows an increase on last year, but our funds show a slight decrease, not having any balance to commence with as we had the previous year. At each monthly meeting three members are appointed to read items on mission work, also letters are read from the *Leaflet*; then several ladies kindly addressed us. We wish to thank Miss Code, Mrs. Fairbairn and Mrs. McPherson for very interesting and instructive addresses. Our November meeting took the form of a thanksgiving service, the texts repeated bearing on thanksgiving, the collection amounting to $7.06. Total amount collected this year is $30.65.

Our president, Miss Tucker, represented our band at the annual meeting of the Presbyterial Society and brought back a very interesting report. One hundred years ago there was no open field for the gospel to enter the heathen world, but this is the year of golden opportunities, as to-day the whole world is open to the gospel. Let more of us obey Christ's last command to send the gospel to every creature and we will feel happier in consequence. All can do something in winning the world for Christ. Some can give and some can pray the Lord of the harvest that he send forth more labourers into his harvest.

STAR OF BETHLEHEM.

An Excellent Musical Cantata Produced Last Evening Under the Direction of Mr. L. Seward.

There was only a small attendance assembled in the Collegiate Institute hall last evening to hear the sacred cantata "The Star of Bethlehem" rendered by several school children under the careful directorship and training of Mr. L. Seward. Those who were there, though, had the pleasure of hearing one of the finest musical entertainments which has ever been furnished in Peterborough by small children. The popular songs, duets, double duets, solos, etc., reflected much praise upon Mr. Seward, the trainer and instructor of the children, as all were correctly and tastefully rendered. Several popular songs were sung by the children at the opening to the effective accompaniment of Mr. Seward. The following boy pupils, about 12 to 14 years of age, sang with excellent effect "Vacation Days" and "Our School Room" with answering chorus. Both selections were particularly well received. The boys were Masters Robert Frame, Bert Turner, Frank Turner, Regie Thompson, Clayton Chown and Gordon Douglas.

Ten charming little girls, varying in age from five to seven summers, sang very prettily, with creditable pantomimic action, that ever-welcome juvenile song, "Jack Frost," with answering chorus. Fourteen little girls, each about 10 years of age, rendered a beautiful song entitled "Music in the Air," showing to perfection their skilful training. Misses Dollie Irwin, Jennie Kennedy, F. Taylor, Maud Taylor and Louie Scott then favoured the audience with a charming song, "Come, Haste Away to the Woodland Shade." They sang this very nicely. Then eleven small girls from Ashburnham sang "Come to the Summer Land," with fine taste, Miss Maggie Pritchard also sang remarkably well "Love's Golden Dream," and "Oh, Dear, What Can the Matter be?" both songs with answering chorus.

The sacred cantata was then pleasantly rendered and was even more impressive than when given in the George street Methodist church on Sunday afternoon. It is regrettable that more parents and citizens did not have the profit of witnessing its success. Miss Annie Belleghem and Mabel Maguire in their solos excelled, while the duet by Miss Vina Belleghem and Mabel Pritchard exhibited expression and ability. The double duets by Misses Laura Belleghem, Emma Carr, Annie Wilkinson, Mabel Pritchard, Clara Belleghem, Olive Maguire, Annie Belleghem, Ida Shearer in groups, was all that could be desired.

POLICE COURT.

WEDNESDAY, Dec. 28th.

At the police court this morning Wm. Crook, charged with being drunk, was discharged.

Wm. Hoesday and Benj. Hurd, who were let out on bail at the instance of Chief Rousel at Lakefield on Monday, before W. H. Casement, appeared this morning charged with taking the horse of Mr. A. Allison, grocer, about six o'clock on Saturday afternoon, while a boy who was delivering parcels had the conveyance standing in front of a house near Hilliard's mill. The young men explained their action to the court this morning and were allowed to go. They mistook the horse and cutter as the property of Mr. liveryman Cooper, of Lakefield, and thinking there had been a runaway accident, they took, as they thought, the missing property and drove directly to the livery at Lakefield, where they delivered it.

THE RUSSIAN THISTLE.

ITS INTRODUCTION INTO SEVERAL WESTERN STATES.

It May Not Immediately Menace This Country, but It is as Well to Know as Much About It as Possible—What It Looks Like.

Prof. L. H. Pammel, Ames, Ia., writes to the Orange Judd Farmer: Not long ago there was some discussion concerning the introduction of the Russian thistle in the northwestern part of this state. It has appeared in several places in Iowa and is causing some alarm. It was stated that it is the common saltwort found along the Atlantic coast, but it now appears that this weed is not the native Salsola kali, but a variety, and is known as Salsola kali var. tragus, which is shown in the accompanying illustration reproduced from the report of the department of agriculture issued for the year 1891. It is not a native of the United States but of Russia. In some way it was brought to this country. How will never be learned. It has become a formidable pest in the wheat fields of the Dakotas. Mr. S. W. Narregang, president of the Dakota Irrigation Company, writes in the department of agriculture report for

RUSSIAN THISTLE.

1891, in response to an inquiry from Dr. J. N. Rose: "They grow much longer than the specimen, often three times as large, forming plants which are six feet in diameter—as large as a large wagon wheel. In reply to your question as to the time of first appearance I would say that we first saw it three years ago. Since that time it has steadily increased, until the greater portion of South Dakota east of the Missouri river is infested with the thistle, particularly the strip of country extending from Eureka, Campbell country, southeasterly to Sioux Fall, which is covered thickly with this weed." The same writer states that some farmers have left their land because of it. A competent authority, Prof. T. A. Williams, in the Dakota Farmer November 1, 1892, says: "There is a story often heard throughout Dakota that it was introduced here by Russian immigrants sowing it for sheep feed. We have not been able to get at the truth of this statement nor to find just where the weed was first introduced." He pronounces it the worst weed in South Dakota. In this connection it should be noted that when young the plant is used as forage for sheep. This weed is an annual, grows vigorously and produces an enormous number of seeds which are scattered over the prairies, because of its tumbling habit.

Another important feature of the weed is that it comes up after the wheat is cut. Dr. Rose, in the report referred to, suggests that farmers in the western states take timely action to eradicate it. In Nebraska a bill for its extermination was introduced, but it failed to pass. It is impossible to say just how far this weed may spread. There are numerous cases on record where some plants promised to be very troublesome, but for some unknown reason they failed to spread. But this weed seems to be thoroughly adapted to the soil and conditions in southwest Iowa, northeast Nebraska and the two Dakotas. We may well regard it with suspicion. The remedy to be applied is to cut off all of the young plants and do not allow any seed to mature. But this requires concerted action. Waste places as well as the fields must be guarded.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle Free, that they may try it before purchasing. The large bottles are 50c. and $1. We certainly would advise a trial. In no respect does the improved lot of the workingman, artisan or mechanic in these days of labor-saving invention show more conspicuously than in the opportunities opened to him of not only reading but owning the best literature of the world. In these days of cheap books the poorest wage-earner, if he choose, may enjoy the society of the best intellects of the time.

A medical expert says that the fact must not be lost sight of that cold air is not necessarily pure air. Consequently the practice of opening up a warm room to let the coldest air of the winter rush through it like a blast from the north pole is by no means as healthy as it may seem to the "pure air" enthusiasts. If an open fireplace is used very little other ventilation is necessary. If a closed stove is the heater then the room should be ventilated some hour during the 24 when it is not occupied, and by ventilation is not meant refrigeration. On the other hand there are doctors who say that if you sleep well covered-up and with the cold air blowing across your face it will not hurt you.

The question is frequently asked, "Why is Ayer's Cherry Pectoral so much more effective than other cough remedies?" The answer is, simply because it is the most skilful combination of anodynes and expectorants known to medical science.

FORCED

REMOVAL SALE

The Whole Stock to be Cleared at Net Cost, as we have no Option but to Remove to Other Premises.

We must vacate our present store on account of the near expiry of lease. The new rental renewal was more than we should or could afford to pay, and as we were allowed only [illegible] which to reach a decision, we decided to move. This necessitates a Clearance of the Stock, as we now offer

The Entire Stock at Net Cost for Cash.

Every line in the store is new, bought for this season's trade, and consists of Staple and Fancy Dry Goods, Gent's Furnishings, etc.

We will announce later on the location of the new premises to be occupied by us.

Thanking the public for their generous support in the past, we trust to be able to do as well, if not better, in the future.

Important Announcement to the Public!

RETIRING FROM BUSINESS SALE.

Hall, Innes and Co.

Having decided to retire from the Dry Goods Business in Peterborough announce that they will on WEDNESDAY, NOV. 23rd, commence a

GENUINE MAMMOTH CLEARING SALE for CASH

Covering Every Department of their Extensive Business.

HALL, INNES & CO.

WISH TO SAY that during the many years of their business career they have never offered Goods on the above basis (except during the time of re-building their Premises), and they now confidently expect that the public will rely on the GENUINE character of this sale, and avail themselves of this opportunity of securing goods of sterling quality, at prices much below those obtained in a regular business way.

The reduction of price will apply in all Departments, as follows:

General Dry Goods.	Hosiery and Gloves.	Carpets and Floor Oilcloths.
Silks and Dress Materials.	Bed and Table Linens.	Mats and Mattings.
Millinery and Mantles.	Scotch & Canadian Tweeds.	Lace Curtains.
Mantle Materials.	Worsted Coatings & Overcoatings.	Sash Curtains.
Ribbons and Laces.	Gents' Furnishings.	Portieres, &c., &c.

The Stock is in first class order, having been bought for our Fall and Winter trade, and many lines have come to us direct from the best manufacturers in Britain, France and Germany. This sale is bona-fide, and in no way similar to many so-called Clearing Sales, and we feel certain that this opportunity of securing good goods at low prices, will be largely taken advantage of by many.

Remember that this sale will begin on Wednesday, 23rd November, and continue until the stock is disposed of.

N. B.—All Outstanding Accounts must be settled at once.

FASHION FADS.

When the Experts Disagree who Shall Decide.

The friendly contest that is being carried on between three or four of the leading dressmakers abroad, each of whom declares that the style she, or more often he, is inaugurating is the one and only fashion that is to triumph over all others, is rather entertaining, and would be more so if it did not make the task of describing the fashions of the future in a short article rather difficult, besides leaving the reader in a state of indecision as to what they really ought to wear. It is, of course, impossible for every one to adopt three or four different styles at once, so the wisest plan will be to adopt whichever style promises to be most becoming, and to abide, to a considerable extent by that. Thus you may choose between the short-waisted Empire style, the modes of 1830, with the waist in its natural place and very wide shoulders, and the fashions of the present year, chief amongst which are the clinging skirt and Russian blouse. Neither of the styles taken from the first half of this century is an absolute copy of the original, every characteristic is modified, and while the best

points of both are retained their exaggerations are passed over. But how easily the Empire effect is accomplished. All you have to do is to tie sashes high up, and have ruffles from shoulder to shoulder and it is done. The dress I saw was a new one, but why make a new dress up in a way that might be so easily applied to the rejuvenation of an old one? This gown, however was plid silk, of soft blue, rose, and yellow with slashing bars of purple to prove itself "the latest." The deep ruffle from shoulder to shoulder was gray mull. The sashes, crossed so as to pass under the breast line to the back and then brought around again and tied in an Empire knot at one side, were of changeable yellow and rose. The silk skirt was gray. The coat-tails of the bodice were lined with rose, and the girl carried a purple fan. She looked all right, though. Perhaps, it was her air of confidence that was so convincing. All you have to do is to cut down the neck of a bodice, put a ruffle around it, and arrange the sashes, and you will look quite as well as she did. FLORETTE.

TEA TABLE TALK.

In China the year 1892 is the year 7,910-341.

It costs the Americans about $1,000,000 a year to plug their teeth.

Palatable and Potent.

The great objection to cod liver oil has been its nauseous taste. This has been entirely removed by the process of preparing "Miller's Emulsion of Cod Liver Oil," which is combined with hypophosphites of lime and soda, the greatest creator of new blood in the world. It has cured thousands of consumptives by rebuilding their constitutions. Everybody is talking of the wonderful power of this Emulsion. In big bottles, 50c. and $1.00, at all Drug Stores.

More cases of sick headache, biliousness, constipation, can be cured in less time, with less medicine, and for less money, by using Carter's Little Liver Pills, than by any other means.

Four Doses Cure a Cough.

GENTLEMEN,—My little boy was troubled with a very bad cough, and a lady friend advised me to try Hagyard's Pectoral Balsam. I got it at once and can truly say I did not give more than three or four doses until his cough was gone. I have never been without it since, as I find it the best for troublesome coughs.
MRS. J.S.RUDDY, Glen Williams, Ont.

Do not be discouraged if other medicines have failed to give you relief. Membray's Kidney and Liver Cure acts on the "Kidneys" direct, combined, with a mild action on the "Liver" and bowels, thereby removing the cause of "Back Ache," sour stomach, dizziness, indigestion and constipation.

IT PAYS TO ADVERTISE IN THE EXAMINER

CORRECT SHAPES.

The Forms Most Popular for Walking Skirts.

To-day's illustration shows a walking dress made in striped material, and trimmed with white, over which is a network of chenille. It has a demi-train which is open on the right side over the panel of trimming, and trimmed around the bottom with a deep band of the same, the skirt is slightly draped at the hips. The tight-fitting bodice is pointed in front and edged with a band. It fastens on the shoulder and under the arm, and is open to show a small yoke and V trimming.

It would be difficult to say what particular cut of skirt is in fashion at the present moment, as there are several different styles which dispute for favor, the greatest success of the hour is, perhaps, that of a skirt which is a sort of reminiscence of the fashions of 1808. It is quite collant in form, and is then set on

in five pleats, widening down to the very bottom of the skirt. Then we have the ordinary bias skirt, and the jupe cornet, which are usually preferred for the varieties of plaid and checked materials. The jupe cloche, which moulds the shape and falls in large undulations round the bottom, requires wide width stuffs, as it should be cut in one piece. The watteau skirt should be mounted on a high Empire sash, and requires to be worn with a round waist, to which the watteau pleat is fastened by hooks and eyes. The Jupe Anglaise, so called, is only suitable to slight figures as it is quite tight, and has no fulness behind. As for the jupe Empire, it can be made with materials of any width The skirts gathered all around the waist are, in my opinion, only tolerable in thin, soft materials, especially in grenadine, net, mousseline de soi, etc., made over a well-cut silk skirt.

Alvinza Hayward, an American almost unknown to the present generation, still lives in California and is worth $20,000,000.

Near a bright fire in a cosey home on Clinton street, last evening, sat an aged couple reading the story of the life of Jay Gould. The story was of unusual interest, for the reason that the life of the great millionaire was to them a familiar study. The couple referred to are Mr. and Mrs. A. H. Burhans, at whose house Mr. Gould, in school days, lived. "I was just reading something about the rat trap which Jay Gould patented," said Mr. Burhans. "I well remember the home-made affair that it was, a square tin box with a cover. In the cover a square section of the tin was cut out and placed on pivots, balancing it on each side. Above the middle of the square was suspended a piece of cheese. When the rat stepped out for his luncheon, the square would revolve and the rat would find himself in a box full of water."—Cleveland Leader.

They do not Despair.

An utter loss of hope is not characteristic of Consumptives, though no other form of disease is so fatal, unless its progress is arrested by use of Scott's Emulsion, which is Cod Liver Oil made as palatable as cream.

From the Jaws of Death.

Some surprising effects have been recorded from the use of Miller's Emulsion of Cod Liver Oil in the most desperate cases of consumption. When all other remedies have failed Miller's Emulsion nearly always succeeds. It is the best kind of a flesh and blood maker, and has been used with marked success by physicians in the Insane Asylum, Penitentiary, Hotel Dieu, and General Hospital in Kingston, Ont. In big bottles, 50c. and $1, at all Drug Stores.

We do not know of any preparation that has caught the public favor in so short a time as Dodd's Kidney Pills, but when we consider that three-fourths of the Canadian people are afflicted with kidney troubles in some form or other, and that Dodd's Pills are a quick and permanent cure for all these troubles, the large and increasing demand can scarcely be wondered at. Sold by all dealers or by mail on receipt of price, 50cts. per box. Dr. L. A. Smith & Co., Toronto.

BROKE A SHAFT AT SEA

THE STEAMER NOORDLAND HAS A NARROW ESCAPE.

Terrible Storm Raging—Bitter Cold Weather—People Tossed About Like Nine-pins—All the Crew Manned the Pumps—A Steamer Sighted—Towed Into Port.

LONDON, Dec. 28.—The Nordland's shaft is broken. The Ohio took her to Queenstown.

The voyage of the Nordland was tempestuous almost from the hour of leaving Sandy Hook. The wind blew almost a hurricane, and the ship had much difficulty in making headway through the waves.

Some of the passengers were so apprehensive of danger that they could not be induced to retire at night and sat about the saloon dozing at intervals and ready with their clothes on to take to the boats in the event of an accident, although boats could have lived only by a miracle in the terrible seas.

The Nordland labored along successfully until Thursday evening. It was a bitter cold night and the passengers were congratulating themselves on gradually nearing the end of their stormy voyage. At 9.20 p.m. a tremendous crash was heard and the vessel quivered from end to end.

The passengers who were sitting up were tossed about like nine-pins, several of them being thrown to the floor. Three terrific blows resounded, one after the other, as if the vessel was being struck by a gigantic hammer, which indeed was the fact. The fright of some of the people was pitiful to behold.

They rushed hither and thither and delayed the officers in their efforts to get at the cause and extent of the disaster. Capt. Nickels knew well enough what the sound meant, and with a reassuring word to the passengers he hastened to investigate personally. The engines raced furiously, while the broken shaft—for that proved to be the danger—seemed about to crush the ship at every concussion.

Water rushed in the tube, menacing the stokehold and the engine rooms, and panic-stricken passengers thought for a while that the vessel was about to sink. Several minutes elapsed before the word was given for the engines to stop.

The Norland lay helpless, tossed by the gale, and as the water rushed in there seemed imminent danger of sinking. The pumps were manned and put to work, every man of the crew being summoned to duty. For 24 hours continuously the pumps were kept at work and the water prevented from gaining on the vessel.

The excited passengers, finding that they were not in instant peril of being swallowed up by the waves, regained courage and patiently waited for a steamer to tow them into port.

At that time the Noordland was 400 miles west of Queenstown. The crippled steamer was sighted by the steamship Ohio, which left Philadelphia on the same day that the Noordland left New York and needed assistance was at once extended.

The voyage to Queenstown in tow was attended by much difficulty, and the continuous stormy weather made it necessary to navigate with caution, but the Noordland arrived without further accident. An examination showed that the fracture of the shaft was six feet inside the stern.

The steamer Noordland was towed into Queenstown harbor by the steamer Ohio at 7 o'clock this evening. All the passengers were on deck waving hats and handkerchiefs and cheering. Anchor was dropped and the passengers were removed to shore by a tender. All showed signs of the anxiety which they had suffered.

Some of the elderly steerage passengers were hardly able to walk. Several women fell on their knees and cried the moment they were landed.

Fred Kotz, a first cabin passenger, now stopping at the Queenstown Hotel, told his experience last night as follows:

The first two days out of New York were fairish, although part of the time a heavy sea was running. The weather then grew rapidly worse. On the night of the accident we were making about 12 knots an hour. The ship was rolling heavily, and most of the cabin passengers were below sick. Five or six of us were in the smoking room talking about how we should pass Christmas in Antwerp, when there was a terrific crash and we were thrown from our seats into a heap on the floor. The vibration of the ship almost shook us from our feet as we started for the door. It seemed as if a gigantic hammer was pounding the ship's bottom.

When we got outside we saw the captain coming from the engine room. The passengers came running on deck, half-dressed and white from fear.

We surrounded the captain and he told us that the main shaft was broken, but there was no immediate reason for alarm. The other officers who were not busy below walked about among the passengers incessantly, and tried to encourage all to believe that there was no danger. In a few minutes we learned that the engineers, at great risk to their lives, had found two stay plates and plumber blocks had smashed the gland of the engine. The bulkhead, however, had been kept tight. The vessel pitched and rolled terribly, so that we saw we could not trust to the boats in case the worst came.

We were just becoming calmer when we saw the crew rushing through the steerage, carrying bedding, mats and carpets to be stuffed into the tunnel box. We all knew then that water was coming in.

Nobody slept that night. The women sat crying in the cabins and the men crowded the smoking room to play cards and talk over the situation. We all were nearly frightened. The vessel rolled terribly and with every roll came a tremendous thump as if a piece of shaft were hitting and smashing things in the hold. The sails had been spread, but they did not steady the ship noticeably. We knew that we were far from the track of trans-Atlantic steamships, and most of us on that night would not have guessed that our chances of life were more than two in five.

The crew worked heroically, at the pumps for the 24 hours after the accident, and at the same time the engineers were busy at the shaft, fixing plugs and trying to prevent further influx of water.

Eventually word was sent out that the flow of water had been checked. We had plenty of food and water, and therefore with fairly favorable weather would have been able to hold our own for some time. As the sea was still too rough, however, for any lifeboat, we were a gloomy lot.

Friday was uneventful. The tables were laid as usual, but few cared to eat. At 2 o'clock on Saturday morning the lookout yelled, "Light ahead." Everybody turned out and listened eagerly for the next word.

"She's a steamer," was the next call. We all shook hands and cheered and many ran about shouting for joy. We all remained on deck the rest of the night watching the Ohio's lights. At daylight she stood by and passed a hawser. At that time, as I learned subsequently, our after-peak was full of water, and despite their expressions of confidence the officers of the ship were intensely anxious.

The Ohio began towing us very slowly. The strain caused by heavy seas was too great, however, and after five minutes the hawser broke. Before another hawser could be passed nine hours elapsed. The second broke, as also did the third. On Sunday morning another hawser was fixed, and as the weather had improved meantime they held until we reached harbor. We proceeded about seven knots an hour. At Daunt's Rock the hawsers were shortened off.

The steamship Ohio proceeded to Liverpool this evening. Most of the steerage passengers who went ashore were taken back later and will live aboard the Noordland until final orders are received from London as regards their transport to Antwerp.

Probably the Noordland will be repaired temporarily here and then will proceed to Antwerp, where she will be completely overhauled.

THOUGH the soil of Virginia grows the best tobacco leaf in the world, it does not all grow equal qualities. The production even of adjoining countries is often quite different, the one producing leaf which at once deteriorates if grown in the other. The leaf of the "Myrtle Navy" is the product of the choice sections of the State, which, through some combination of local influences, produce a better quality than any others. This is shown by its always commanding a higher price than any other smoking leaf.

BABY FOUR WEEKS OLD

Distressing Skin Disease from Birth. Cured in 5 Weeks. Made Healthy and Beautiful by Cuticura Remedies.

My baby boy had been suffering from birth with some sort of an eruption. The doctors called it eczema. His little neck was one raw and exposed mass of red, inflamed flesh. His arms and across and under his thighs, wherever the fat flesh made a fold, were just the same. For four weeks after his birth he suffered with this eruption, and until I got CUTICURA REMEDIES, there was little sleep for any one. In five weeks he was completely cured. He was nine weeks old February 1st, and you ought to see his skin now, smooth, even, and a beautiful pink and white color. He is as healthy as he can be. The CUTICURA RESOLVENT has given him hope, vigor and strength. I enclose his portrait. Thanks to the famous CUTICURA REMEDIES. They cannot be spoken of too highly, they have done all that has been claimed for them.

WM. A. GARDNER, 134 E. 123d St., New York.

From the age of two months my baby suffered with the eczema on her face and body. Doctored without avail. Used CUTICURA REMEDIES. Found them in every respect satisfactory. The child has now a beautiful skin and is cured. We cheerfully recommend the same to all mothers.

To the Electors of No 1 Ward.

Gentlemen:

YOUR vote and influence are respectfully solicited to secure my election as one of the councillors for this ward for the ensuing year. If elected I will do my utmost to see that the expenditure is kept within income and that the interests of the Town are protected, as far as it is in my power to assist in securing that end. 150-6t

WM. WHITE.

To the Electors of Ward No. 2

AT the urgent request of a number of the electors of this Ward, as well as those from other parts of the town, I have consented to allow myself to be placed in nomination for a seat at the Council Board for the ensuing year. If honored with election I will do my utmost to advance the best interest of the whole town. As my time is fully occupied I may not be able to see all the electors personally and take this means of soliciting the votes and support of the ratepayers of the Ward to secure my return.

GEO. STEVENSON.

To the Electors of No. 3 Ward.

IN response to repeated requests to do so, I place myself at your disposal as a candidate for the councillorship.

I have no personal aspirations to the office, and shall be better pleased if some other selection is made. If however you choose to select me, I shall endeavour to serve you to the best of my ability.

G. M. ROGER.

Peterborough 27th Dec. 1892

To the Electors of No. 3 Ward.

HAVING accepted the nomination as councillor for No. 3 ward I hereby respectfully request your votes. Not having time for a personal canvas, I have decided to ask no one directly for a vote, but will duly appreciate any efforts made by my friends to elect me. During the coming year there will probably come before the council several important questions for consideration requiring a good deal of thought and attention. Should your choice fall on me as one of your representatives for No. 3 ward, I shall do my best to further the interests of my ward and the town generally.

Yours Respectfully

MACFARLANE WILSON.

To the Electors of No. 2 Ward.

Ladie's and Gentlemen,

HAVING been nominated a candidate for council for No. 2 Ward, I hereby respectfull solicit your vote and influence. If honoured with a seat at the Council Board, I shall give my best endeavours to assist in the economical management of the town's affairs, which from the close observation I have given, admit of considerable improvement, especially in the public works department, in which my twenty years of practical and successful experience would be, I think of some benefit to the town. Again soliciting your support,

I remain yours truly,

H. CARVETH.

A SONG THAT WAS FATAL

THREE CHILDREN SHOT BY A MUSICAL FARMER.

He Loaded His Gun to Shoot a Dog—Dropped Into a Neighbor's—Finished His Rifle While Singing—A Bullet Sped From the Gun.

PICKERING, Ont., Dec. 29.—An accidental shooting affair took place at Highland Creek on Monday last. A young man, whose name is Pat Forsyth, loaded a rifle with the intention of shooting a dog.

About an hour after that he entered the house of Mr. Davis, a neighbor farmer. While there he was singing a military song, to which he was flourishing his rifle in a careless manner.

It was then that the rifle went off and three of Mr. Davis' children were shot. The ball first struck a young girl who was sitting by the stove.

Entering her back it passed through her breast, then through her leg above the knee; it then passed to the other side of the room and struck two younger children of Mr. Davis', passing through the leg of each of them below the knee.

The girl, who was about eighteen years old, died from the effects of the wound yesterday. Before dying she expressed a desire that Forsyth be not punished, as he did not intend to shoot her. The two younger children will recover.

It is thought that Forsyth had forgotten that his rifle was loaded.

BORDER TROUBLES.

May Lead to a War Between Mexico and the United States.

NEW YORK, Dec. 29.—The World editorially says:

The visit of Capt. Bourke to Washington is one of remonstrance, and it has come none too soon. Capt. Bourke is charged with the task of keeping order on the Rio Grande and fulfilling our neighborly obligations towards Mexico. He is not allowed the means of discharging his duties. As a consequence we are drifting into trouble with Mexico, in which, when it comes, we shall not have the consolation of knowing that we are in the right.

There is along the Rio Grande a turbulent population of Mexicans, half-breeds and lawless Americans who have left their country to avoid its jails. These people have for a year or two made frequent incursions into Mexican territory, partly to stir up revolution there and partly to replenish their purses by robbery. When baffled by Mexican forces they find it easy to retreat across the river, whither the Mexican officers are not allowed to follow them.

As we are at peace with Mexico, it is our duty to put a stop to these raids. As we do not put a stop to them, the Mexican Government has complained to our State Department, and the complaint is just. But our military force on the Rio Grande is not large enough to check this lawlessness. It consists of a mere handful of men, hastily drawn at times of emergency from widely scattered garrisons.

It is usually assembled about the time that the raid is over, which it is intended to stop. It is baffled in its operations by the fact that long immunity from interferences has given to the raiders a standing which the border population regard as entitling them to sympathy and aid.

Capt. Bourke has gone to Washington to lay the facts before the Administration and to show clearly the necessity of assembling upon the Rio Grande a force sufficient to stop raiding into Mexico and to arrest raiders upon their return when they manage to cross the border.

This much we owe to Mexico as a friendly neighbor. Still more clearly do we owe it to ourselves as a law-respecting and law-enforcing nation, and now that the military authorities have set forth the facts it will be the fault of an incapable and supine administration if further cause of complaint is permitted to arise.

THE DEACON CASE.

The Husband Has Applied for an Absolute Divorce.

NEW YORK, Dec. 29.—Edward Parker Deacon, who shot Emile Abeille in Cannes, France, because of alleged intimacy with his wife, has brought action in the Supreme Court for an absolute divorce from his wife, Florence Deacon, on the ground that Mrs. Deacon is now residing in France.

Judge Lawrence has given permission that the summons be served by publication.

In his complaint Deacon gives a number of occasions on which he declares he is informed his wife committed adultery with Abeille. He also makes general allegations that she has committed adultery with other men during the past two years, but no names are given. The complaint was sworn to before the Commissioner of the State of New York at Paris.

A COMICAL SPILL.

A Runaway Horse Makes an Elderly Lady Turn a Somersault.

MONTREAL, Dec. 29.—At midday yesterday a sleigh belonging to Mr. Hanson, insurance agent, while turning into St. James-street from St. Lambert-hill, struck the sidewalk and capsized, throwing its two occupants out upon their heads. The horse promptly ran away, and dashed into a sleigh in which Madame Dumaine, an elderly lady, was sitting.

Madame Dumaine was flung a complete somersault on to the sidewalk, but fortunately she was not seriously hurt, and later on was able to return to her home.

A Consul's Keen Scent.

MONTREAL, Dec. 29.—American Consul Smith reported to his Government that the sanitary condition of Three Rivers offered a foothold for cholera next spring. The council of that town have denied the truth of the report. It was stated that the consul would sue the council for damages, but he denies it.

Would Cross the Border.

LONDON, Dec. 29.—The Liverpool correspondent of The Daily News thinks there are no grounds for believing that the steamship companies will give up their steerage trade. They expect, he says, that the United States Government will relax shortly the stringent quarantine regulations when it has been shown how much easier it is to watch a few seaports instead of the whole Canadian frontier.

A BATTERED SATCHEL

CONTAINED MATERIAL FOR A ROMANCE ON THE PLAINS.

Came Out From England to Make a Home for Himself—He Starts for the Pacific Coast and His Father Fears That He Perished En Route.

TORONTO, Dec. 28.—At the sale of unclaimed parcels of the Dominion Express Company in Agnew's last Mr. C. N. Bastedo of 120 McCaul-street purchased several parcels, among them a small and battered grip. In the grip he found a leather writing desk, which contained a number of photos and letters addressed to Ed. Brice, section man, Crowfoot, Alberta, and other places in the Northwest Territory. Many of the letters were from his father and relatives in England, and Mr. Bastedo ascertained that the owner of the grip was undoubtedly the son of Edward Brice of 5 Balford-street, Leicester, England. The letters contained numerous enquiries as to why the son had not written, and among the papers was found an indenture of apprenticeship to a harness maker in Leicester, England.

Enquiry at the offices of the Dominion Express Company showed that the grip had been sent from Donald, N.W.T., to Sicamousie, B. C., on March 16, 1891, with instructions to hold it until called for by sender.

Mr. Bastedo communicated with the father, who seems to be a man of some education, and yesterday received a reply in which the father says of his son:

"He, with our full consent and best wishes, sailed from England in April, 1890, to endeavor by perseverance and industry to make a home in the Northwest. We received letters at frequent intervals from him, in which he told us of his doings and the places he had been working in; he mentioned Belmevain, Medicine Hat, Gretchen and also Calgary, from which place we received his last letter in January, 1891. From thence we heard from another source that he had gone on to Sicamousie, B. C. We can gather no further information of him, which makes us fear something serious has befallen him, as he was not of strong constitution, so that the exposure in farming and other outdoor pursuits would probably be too much for him."

Any information as to his whereabouts would be gladly received by Mr. C. N. Bastedo, or the lad's father, whose addresses are above given.

ONTARIO LEGISLATURE.

Will Not Probably Assemble for Several Weeks.

TORONTO, Dec. 28.—It is not likely that the Ontario Legislative Assembly will be called together until towards the end of February, as it will take several weeks longer to get the chamber in the new Parliament Buildings in the Park in readiness for occupancy.

Meantime the buildings present a lively scene.

Carpenters, plasterers, tile-layers mingle with Cabinet Ministers, officials and citizens having business in the departments in their new quarters. The Ontario Cabinet now holds its meetings there, and the whole building has an atmosphere of newness and brightness. The battered furniture which has been brought from the old Parliament Buildings, however, detracts slightly from the general "spick and span" effect.

The chamber will undoubtedly be completed before the next sitting of the Legislature. The dimensions of the chamber will be 65 feet by 80 feet, and the height of the ceiling is 51 feet.

The chamber will be in the centre of the building and south of the main corridor on the mezzanine or second floor, and thus immediately above the main entrance and lighted from three sides. The speaker's dais will be at the southern end, immediately in front of the reporters' gallery. The dais is 11 feet long and of carved mahogany. Immediately behind the speaker's chair the lion and unicorn of England are carved in bas relief, while above the coat of arms three dates are cut. 1792 in commemoration of the opening of the first Parliament; 1867, the year of Confederation; 1892, for the year in which the new Parliament buildings are supposed to be completed. Two Gothic lions carved at the top of mahogany pilasters surmount the whole.

The press gallery at the head of the chamber covers its entire width and will be large and roomy. The seating of the gallery has not yet been arranged.

On either side of the chamber facing east and west will be the ladies' and visitors' galleries, which will together seat about 500 people. Each gallery is the entire length of the chamber and will contain five tiers of seats, which will be elegantly fitted up in mahogany and sycamore with plush cushions.

The Government members will occupy the east side of the chamber and the Opposition the west side. No definite announcement has been made on the subject, but it is generally understood that the old seats will be brought up from Wellington-street for the use of members. The decorations will be elegant and artistic. A members' hat and coat room on the same floor will be panelled and fitted with 116 compartments in walnut. Each compartment will contain hat and coat hooks and locked drawers for the members' use.

The grand staircase which leads up to the ante-room of the legislative chamber is of great breadth and beauty of design, giving an effect that is rich but not cumbrous. In the new building the third floor will be known as the first floor, and the second floor as the mezzanine floor.

At the extreme west end of the main corridor the Library will be situated, which is being fitted in quarter-cut white oak. The Library will be completed in 10 days, and it will be quite possible to get the books in by the end of the second week of January.

A gallery runs around three sides of the room, and an iron railing will keep the vandal public from meddling with the books. The members' reading room is close at hand, and is finished in white ash. The building contains four elevators, two in the centre and one in each wing.

The various departments will all have their quarters in the east wing. On the ground floor on the south side of the corridor Hon. A. S. Hardy and his Department of Crown Lands will be placed; opposite on the north side the Minister of Agriculture will be pleasantly quartered.

On the mezzanine floor the Attorney-General's Department and the Cabinet Council Chamber are to be found to the south of the corridor; the Provincial Secretary will be placed opposite. On the third floor the Minister of Public Works and his staff are now established on the south side, on the north side the Provincial Treasurer, the Audit office and Registrar-General's Department are located.

THE STEAMER UMBRIA.

She Is Now Five Days Overdue and Yet Not Reported.

NEW YORK, Dec. 29.—Conjecture as to what has happened the long over-due Cunarder Umbria is all that can be indulged in. That she has met with an accident is agreed in shipping circles, but just the nature, extent and seriousness of that mishap will not be known until she is spoken by some ship or until she arrives.

At midnight the Umbria was five days overdue, not a word having been heard from her since she was sighted off Fastnet light, eastward bound, 11 days ago.

AN EXTRADITION CASE.

GEORGE VICKERS RETURNED TO CANADA UNDER PRESSURE.

Detective Rogers Brings Back from Michigan a Mitchell Home Banker Who Discounted $5000 Worth of Forged Paper in Five Years.

TORONTO, Dec. 29.—Government Detective Jos Rogers returned to the city yesterday after lodging in the Stratford jail George Vickers, a former music dealer at Mitchell, who fled after forging notes aggregating $5000 which he discounted with J. W. Call, a private banker in that town.

Vickers, who is 55 years of age, had been carrying on his forgeries for a period of five years. His plan was to forge the names of farmers to notes for small sums and discount the notes with Banker Call, Pianodealer Watson and others. He escaped detection for years owing to the fact that he would pay or renew the notes as they fell due in the early part of his forgery career. Finally, when exposure could no longer be postponed, he fled to Hillsdale, Mich., where he was arrested. He refused to return voluntarily and boasted that he would die before crossing the border.

Vickers was arraigned before Judge Vance at Port Huron, and his attorney made a stubborn fight against extradition, even having a charge of bringing stolen money into the United States lodged against his client in order that he could be held on this charge and the extradition proceedings dismissed. Detective Rogers blocked this game, however, by explaining that the crime of forgery was not larceny under the laws of Canada—that the money was not stolen and that Vickers could not, therefore, be charged with bringing the proceeds into the United States. At this stage the prisoner and his counsel had a consultation, and the latter threw up his brief.

Rogers then had a talk with Vickers, and as a result the accused agreed to return voluntarily without awaiting the result of the extradition proceedings, and he was safely lodged in Stratford jail yesterday, where, if he does not follow the example of the last man who was extradited and temporarily lodged there and take leg bail, he will remain until the assizes.

SHOT HIMSELF.

Carelessly Sends a Ball Through His Brain.

MONTREAL, Dec. 29.—The loud report of a revolver, followed by the screams of a woman in the house No. 181 Barre-street, about 12.30 o'clock yesterday noon, attracted a crowd, and several bystanders rushing into the dwelling found a young man lying behind the door between the kitchen and bedroom, face downwards on the floor, while beside him lay a 38-calibre self-acting revolver. The cries heard were those of an aged woman who was alone in the house with the unfortunate boy.

She threw herself on the body of her prostrate son until strong but kindly hands gently removed her and then raised the young man carefully. A bullet had crashed through his brain and he was dying. Someone telephoned for the Notre Dame hospital ambulance, but before its arrival the victim had breathed his last. Dr. Ethier examined the body and then had it placed in the ambulance and taken to the hospital. The name of the unfortunate is John Thomas Kenny, aged 19 years.

Yesterday after dinner he dressed, preparatory to going to the Theatre Royal. A young man who resides close by visited him and Kenny took out a splendid looking revolver to show him. After the visitor departed, Kenny began to clean the loaded weapon and was standing in the door talking to his mother and unconsciously looking into the muzzle of the weapon.

He had his hand on the trigger and handling it carelessly. Suddenly he pulled it accidentally and the bullet entered his head at the base of his nose, causing death in about ten minutes.

Young Kenny was a sober and industrious boy.

DYNAMITE ACCIDENT.

Two Barrels Explode and Cause Considerable Destruction.

LONG ISLAND CITY, Dec. 29.—By an explosion of dynamite in Fourth-st. yesterday morning several lives were lost, many people injured and much property destroyed. Two barrels of dynamite had been taken to a lot in Fourth-street, where a tunnel shaft is being excavated, and while they were being thawed out they exploded.

The explosion was so terrific that nearly every building in Jackson-avenue, from Fifth-street to Borden-avenue, was either destroyed or badly damaged. The structures include the postoffice and Sylvester & Co.'s factory. A fire immediately started in the debris and is now burning.

By 10 o'clock the dead bodies of the following were recovered from the ruins: Mary Graden, aged 19, of 27 Jackson-avenue; Mrs. Rocceri, wife of Peter Rocceri, a barber, 27 Jackson-avenue, and Henry O'Brien, clerk, 25 Jackson-avenue.

Among the injured are: William Krepp, of Greenpoint and John Palmer of Williamsburgh, both of whom were at work in Gray's refrigerator factory opposite where the explosion took place; Minnie Davren, aged 19; John W. Davren, reporter; John Davren, Mrs. Maher and John Maher, all of Jackson-avenue. Patrick McEntee, a fireman, employed on the tunnel, was terribly injured and will probably die.

A block of four story tenements is now on fire from the upsetting of stoves. The postoffice was almost entirely demolished. The windows of every building within half a mile of the explosion were blown out.

King Frost at Niagara.

NIAGARA FALLS, Dec. 29.—Should the cold weather continue there will be an ice bridge in a day or two. The spectacle is one of the grandest seen for years, the monstrous ice formations being beautiful beyond conception, and the glitter from the myriad facets dimming the beauty of the rainbows.

The atmosphere effect is very peculiar, vapor like steam arising continuously, and giving a remarkably weird effect in the twilight.

Something of a Fight.

LAREDO, TEX., Dec. 29.—News was received here last night that the Mexican soldiers, 250 strong, and revolutionists 200 strong fought on Monday at Los Animas, Texas. Thirteen soldiers and [illegible] revolutionists were killed. Many were wounded on both sides.

Strike of Glass Workers.

NEW YORK, Dec. 29.—A strike among the stained, mosaic and opalescent glass-workers is in progress in this city. In consequence the work rooms of every ecclesiastical and decorative glass establishment in New York are deserted.

STONE FOR THE MACADAM ROADMAKING.

Mr. Cahill, chairman of the Street and Bridge Committee reported as follows :—

To the Mayor and Council :

GENTLEMEN,—Your Street and Bridge Committee beg leave to report that they have received tenders for stone, and recommend that the following be accepted :

Wm. Yelland, 25 cords at $1.75 per cord,
Wm. Renwick, 25 cords at $1.75 per cord.
John O'Brien, 10 cords at $1.75 per cord.
Thos. Rehill, 25 cords at $1.75 per cord,
John Parnell, 25 cords at $1.75 per cord.
All of which is respectfully submitted.
THOS. CAHILL,
Chairman.

The report was adopted.

DISCUSSING THE WATERWORKS PURCHASE.

Mr. Mulhern—Does submitting the waterworks question bind the council in any way?

Mayor—No; and it does not cost any extra expense.

Mr. Mulhern—Is it the intention to give the engineer's report?

Mayor—It was published in all the papers, and the ratepayers should have it digested by this time. The information was as clear as we could get it.

Mr. Bradburn—Do you think that we can purchase the waterworks for such a sum as $90,000, as estimated by the engineer in his report?

Mayor—No ; I think it would cost more as it stands now. The company do not own the land or water power, which is to be taken into consideration along with the engineer's report.

Mr. Meldrum—The land and plant at Brockville cost some $20,000 or $27,000 in addition to the pipe. This is a point to be considered.

Mr. Bradburn asked if the engineer's information was correct what the buildings and lands would cost in addition. This should be added. The waterworks should be taken as they stand. To ask an engineer to come and educate the people was not right. The value of water power and plant should also be ascertained before asking the people to vote.

Mayor Kendry said the engineer was instructed to make an estimate as far as the pump house only, and the town solicitor said they would have to take over the dam—say at a cost of $40,000. The total works would cost $140,000 to $150,000.

Mr. Bradburn—Was any estimation made of the stock on hand.

Mayor—No ; just the pipe laid and excavations. 700 house services were also estimated.

Mr. Young thought something more definite should be given the ratepayers and the outside estimates presented.

Mayor—I think all is understood by the ratepayers. All is estimated in report at $90,000, but the old plant, which he estimates at $6,000, leaves the remainder at $90,000, and the cost of the dam involved makes the purchase about $130,000. The ratepayers knew that in all probability they would have to assume the dam.

Mr. Wilson—This vote on Monday is to find out the sentiment of the people?

Mayor—Yes.

Mr. Wilson—Then we can go with the arbitration and prepare a bylaw.

Mayor—Yes ; if there is a large majority in favour of purchase.

Mr. Meldrum said he had communicated all he knew in the matter at the public meeting. A competent engineer had been employed. The cost of arbitration would of course have to be added. The speaker did not believe the council was responsible for the dam. If the matter was left over until next year, when connection was made with the new dam, we would be no better off. The town would then be in the position of lessees. If the dam was owned by a private company it would have to be leased whether completed or not. If the dam had to be taken over the sooner we knew it the better, but he did not believe the town would have to assume it.

Mayor Kendry stated in answer to Mr. Young, that the Water Co. had a lease of present dam from Hilliard estate for fifty years, which ran consecutively eight years at a time. The company were to say what power should be worth for next eight years at the expiration of each term. The company came to an arrangement to terminate the lease at the end of four years and two years of that time will be next April.

Mr. Young asked what position the town hold in reference to the purchase of the new dam.

Mayor—The town solicitor will have to answer that question.

Mr. Meldrum stated the Waterworks Co. could not build and own that dam without a charter.

Councillor Cahill thought $150,000 would cover the whole works and dam. The engineer's estimate was sure to be exceeded.

Mr. Mulhern thought it would cost at least $75,000 in all. He favoured putting off the purchase of the works for two years. The town would have to put in outfall and main sewers next year, and this was far more important to the citizens.

After a little further general discussion, it was

Moved by Mr. Meldrum, seconded by Mr. Wilson, that the following questions be submitted at the next municipal elections for the assent or otherwise of the voters qualified to vote on money bylaws :

"Are you in favour of the taking over by the town of Peterborough of the works of the Peterborough Water Company under the terms of the contract and bylaw entered into between the town and the company?

YES.....

NO.....

A motion was adopted authorizing the purchase of a pair of sleighs for the use of the town—cost not to exceed $25.

Mr. Young in announcing his retirement from the council, thanked the council for their courteous treatment of him the past year.

Mr. Cahill in reply said he voiced the feeling of the whole council when he said Mr. Young had done his duty to the best of his ability, and all were sorry to lose his presence.

THE BIGGEST DAY IN 7 YEARS!

Saturday, December 3rd was the biggest day MR. J. J. SHEEHY has had in seven years. Why is this? Surely not because there is less competition. Certainly not because inducements are not being held out by others. Most assuredly not because prices of farm products are showing an upward tendency. Then why??

Simply because the purchasing public of the town and surrounding country have read Mr. Sheehy's advertisements, have inwardly digested them and have concluded that cheap sale or no cheap sale Mr. Sheehy is bound not to be undersold.

We want every day in December to be a big day. How are we to accomplish this? Simply by offering to the public better value for the money than can be had elsewhere. Just cast your eye over the following quotations :—

All Wool Flannels, 26 in. wide, - -	17½	Good Linen Towels each - - -	5½
9 lb. Wool Blankets, - - - - -	$3.75	Grey Wool Blankets, - - -	31c. a lb.
14 yds. Heavy Grey Canton Flannel,	$1.00	25 yards Factory Cotton, - -	$1.00

These few quotations will probably give an idea of what we are doing and a glance at our BARGAIN TABLE in the centre of our store will convince the most skeptical that when it comes to general bargains we certainly are very decidedly "in it."

To Preserve

The richness, color, and beauty of the hair, the greatest care is necessary, much harm being done by the use of worthless dressings. To be sure of having a first-class article, ask your druggist or perfumer for *Ayer's* Hair Vigor. It is absolutely superior to any other preparation of the kind. It restores the original color and fullness to hair which has become thin, faded, or gray. It keeps the scalp cool, moist, and free from dandruff. It heals itching humors, prevents baldness, and imparts to

VALEDICTORY

Read at the Collegiate Institute Commencement.

The following is a copy of the closing valedictory address read by Mr. John VanEvery at the commencement exercises of the Peterborough Collegiate Institute:

MR. CHAIRMEN, LADIES, GENTLEMEN AND FELLOW-STUDENTS:

It is with feelings of regret that I stand before you to-night to speak a few words of friendship and farewell on behalf of the departing students. We have met here to exchange greetings after a period of separation, and perhaps this gathering shall be our last. Some of the students have been pursuing their studies in the universities and colleges, and others have been engaged in our own Institute, but the one prevailing motive is to obtain a good education. Therefore my words shall be to-night of that noticeable characteristic of the present time—the diffusion of education.

The increasing attendance at our schools indicates that the people at large have come to the conclusion that education is necessary. The progress of our country is becoming so rapid, and the means of instruction so free, that the necessity of being able to read and write is very great, and the few who may remain without such knowledge will be made to feel the marked inferiority of their position. Education should be diffused among the masses for still another reason. On account of the increasing political privileges which they are enjoying, it is of immense advantage and of great importance that they should be educated, that they should know their rights and understand their obligations, and that they should possess that power, which education so freely gives, of protecting themselves against political imposters. The late Rev. Dr. McCall, speaking of the necessity for the extension of education, said:—"What mind can justly estimate—what tongue can adequately express—the benefits which must flow from such a diffusion? What influence will it have in strengthening the intellect, elevating the taste, and curbing the passions? And, oh! how many are there who, if they had but had the avenues of enjoyment thrown open to them which education presents, would never have fallen into the grovelling habits, which have ruined both themselves and their families."

To meet the demand for this instruction, there are, in this Canada of ours, special advantages. The system of free education brings to the door of the poor that valuable treasure which is so essential to proper development of mind, soul and body. Good common and high schools nourish the colleges, and colleges foster the schools; and both united furnish the best means for the real education of any people. It is the common schools which give the keys of knowledge to the mass of the people. They are the fountain of that wide-spread intelligence, which, like a moral life, pervades the country. Man is endowed with a double nature—the moral and the intellectual, and true Christian education consists in the proper cultivation of these two natures, not discarding, however, the necessary quality of a "proper" man—physical development. When the faculties lie dormant, when the human mind becomes stunted, the nations, like individuals, sink, by the inevitable law of natures, to the level of the beasts that perish. Therefore if we wish to see the national mind elevated, the love of truth and beauty implanted in the hearts of the people, and society strengthened and purified, let us cultivate our moral and intellectual faculties. Now the people of Canada are exceptionally favoured in possessing educational institutions, from which radiate intellectual light and moral warmth to the youthful population, and it is the duty of everyone to take advantage of these blessed rays, which will make him intelligent, prosperous and happy. The invention of the art of printing, the manufacture of paper, and the facilities of transportation bring before us now a large number of magazines of a high standard, which also tend to instruct the mind.

If we look back sixty or seventy years, we are able to note the marked improvement of the masses. There is found at present a more refined and systematic manner of living, a more extensive knowledge of the political affairs of their country, a better acquaintance with the laws of Nature, and a wider view of their duties to themselves, to their fellow-men and to God, than they formerly possessed. The people have appreciated the endeavours made for their enlightment, and are still striving to improve themselves. The poor as well as the rich are being properly educated. Single manufactories are growing into towns, and towns swelling into cities. Science is making vast progress in all its varied branches, and the standard of literature is rising higher and higher. What an influence the diffusion of literature will have on the future welfare of the world! But we must hope that the great Maker of all things may not not be forgotten in the advancing marches of progress and reform. As in the words of Isaiah: "Wisdom and knowledge shall be the stability of thy times—the possession of continued salvation, the fear of Jehovah, this shall be thy treasure."—[Bishop Lowther's translation.]

To you, friends, we say good-bye, thanking you for your attendance here to-night. You have seen the result of last year's work, and we hope you shall depart pleased with the progress of the Collegiate Institute and its students.

Teachers, we are aware of the patience and carefulness you have shown in endeavoring to lead us into that state wherein we shall be most happy and successful, and we have tried to please you by attentive and diligent study. Forget our faults and failings, and remember that we strove to perform our duties towards the school. Accept our grateful thanks for your efforts in repelling the tide of ignorance, and we trust that you have not laboured in vain.

Schoolmates, the time has come for the severing of our connection with this school, but the bond of friendship shall always remain intact. We have been united in our sympathies, in our studies, and in our duties for many years, and now we feel a heartfelt sorrow when the thought of parting, perhaps forever, arises before us. We scatter to enter each one upon the life work he or she has chosen, some to enter the higher schools, thirsting for that knowledge which is so beneficial, some to explore the realms of science and medicine, and others to fit themselves for that responsible profession—teaching. But we trust that all our by-paths in this world will eventually lead us to that Heavenly Kingdom, where there is neither toil, care, nor separation.

Though we part,
Affection's wreath is twined around each heart,
And until memory's brightest sun has set,
These happy hours we will ne'er forget.
And now, though bound as if by magic spell,
Teachers and schoolmates, friends and all, we
must say farewell.

No flowery rhetoric can tell the merit of Hood's Sarsaparilla as well as the *cures* accomplished by this excellent medicine.

NORWOOD.

(From Our Own Correspondent.)

We congratulate Mr. C. N. Callender on his appointment as president of the county teachers association.

Instead of the usual tea meeting in connection with the anniversary of the Methodist church they will only have a thank offering on the Sunday. The anniversary takes place on Jan. 1st, and the sermons will be preached by Rev. John Burwash, of Victoria College, Toronto.

The village council met on Dec. 15th. All the members were present. Nothing of importance was done.

One day last week a little son of C. Macdonald while playing, fell and cut his forehead. The little fellow died from the injuries received on Friday.

The following are the officers of the Star cheese factory: Pres. J. B. Peoples; Sec., J. H. Peoples; Directors, Jas. Stewart, Chas. Wilde, Robt. Russell and E. Nixon. The amount divided among the patrons was $2,303.52.

One day last week while Mr. Jno. Wildman, of Asphodel, was drawing logs, the sleigh upset and the logs fell on him. His injuries were serious at first, but he is now improving slowly.

Strangers need not be troubled in finding the post office and E. H. Scott's store now, for both have been furnished with new signs.

On Wednesday evening last the members of Miss L. Scott's Sunday school class of the Methodist church waited upon her at her residence and presented her with a beautiful teacher's Bible and a complimentary address.

On Friday night last a number of young people journeyed to the residence of Mr. T. Blezard, M.P.P.; another load went to Mrs. Andrews, of Dummer. Both parties were enjoyed by all.

Mr. C. W. Waters has purchased a very fine team of ponies from S. S. Young, of Trenton.

While Mr. W. Campbell was working for Mr. W. Buck, he fell from a beam in the barn and hurt himself very badly. He is improving slowly.

On Friday evening last the Sunday school of the Baptist church gave a very successful Xmas entertainment and distribution of prizes.

The anniversary services of the Methodist church at South Dummer will be held (D.V.) on Jan. 8th and 9th. The sermons will be preached by Rev. Jas. Thom, B.A., of Ashburnham.

People are wishing each other the compliments of the season and exchanging gifts. Did it ever occur to you to send an ailing friend a package of Ayer's Sarsaparilla? If not, do so now; and try this medicine yourself, if you need a first-class blood-purifier.

To invigorate both the body and the brain use the reliable tonic, Milburn's Aromatic Quinine Wine.

The light is exceedingly convenient, cool and clean, and at the price above charged should be within the reach of many who are now using coal oil.3d152

Harry Lindley Comedy Company.

The Harry Lindley Comedy and Specialty Company, consisting of sixteen people, will open a season's engagement at Bradburn's opera house, commencing on Tuesday next, in new and elegant plays. This company has been augmented by the addition of several new artists, a special feature being the songs and dances and character impersonations by Miss May Bell, of New York, also the eminent character comedian, Mr. Herbert O'Neill. The Lindley troupe has been playing to crowded houses at Kingston for the past four weeks. 1d

"By Wits Outwitted."

A special telegram says of the "By Wits Outwitted" Co., which appears at the Opera House here on Saturday night:—"A new comedy, entitled "By Wits Outwitted," from the pen of Edward Owings Towne, of the Chicago bar, was produced for the first time at the Lyceum Theatre this afternoon before a large and enthusiastic audience. The play was well-received, its lively and clever dialogue reminding one of Boucicault at his best. The denounement of the plot, which brings about the discomfiture of an avaricious uncle and the uniting of the hero and heroine of the comedy, called forth repeated laughter from the big audience. The Chicago lawyer has been warmly congratulated by local critics."

A Happy December Wedding.

A pleasing matrimonial event was celebrated at the residence of Mr. John Sim, 243 McDonel street, on Tuesday afternoon, when his youngest daughter, Mary Gordon, was united in marto Mr. Wm. J. Hamilton, the popular Principal of the Campbellford Public School. Rev. T. Goldsmith, of St. Paul's church, officiated. The principals were assisted by Miss Jolly and Dr. Wade, of Brighton. After the ceremony the happy couple together with their friends partook of a nice repast amid many congratulations. The bride, who was a popular and successful teacher in the South Ward School, has many friends who will wish her success. Mr. and Mrs. Hamilton will take up their abode in Campbellford, followed by the heartyg ood wishes of their numerous Peterberough friends.

THE MUSICAL AND DRAMATIC ENTERTAINMENT

Of Last Night a Pige Success—A Good Programme Well Given—A Good House Also.

The Opera House was well filled last night to enjoy the excellent musical and dramatic entertainment presented by the pupils of the Convent, assisted by two or three others. Butcher's orchestra gave the entree overture in good style, with Miss Maud Morrow and Miss Maud Kelly at the pianos. The second number was the beautiful flag drill, in which a little army of bright clad children sang a welcome song with a graceful accompaniment of waving flags. Following are the names of the little girls:

Misses. D. Stephens, C. Cahill, M. L. Quinlan, P. Hobbin, G. Somers, M. Kelly, F. Bailey, J. Primeau, A. Galvin, G. Ball, S. Morrow, K. Arsenault, L. Devlin, J. Doris, C. Connen, J. Gordon, M. Clancy, F. Hollighan, L. McAuliffe, M. Carveth, N. Simons, V. Clancy, M. Halpin, E. Drake, G. McFadden, S. Kelly, A. Mercier, C. Halpin, M. Sullivan, M. Buttler, F. Corkery, V. Donavan.

The "Imps of the Trunk Room" a cunning little comedy, was presented with great spirit by little Misses J. Riley and N. Brown. Miss Louise Yokoume gave a violin solo in an artistic and spirited manner with fine shading and expression. Miss Lefrante furnished an excellent accompaniment and for vocal numbers. The drama "The Power of a Mother's Love" was well performed and reflected great credit upon the performers, Miss L. Simons, Ethel Primeau, N. McCabe, Maggie Welsh and Johanna Fraser. The duet from "Faust" was finely performed by five young ladies, Misses M. McCabe E. Hall, Kate Henderson and M. Begley, pianos; Miss Kate Calcutt, organ. The The pretty operatta "The Rose of Savoy" was well rendered. The leading parts were well taken by Miss Lily Jackson, Prima Donna; Baby Dolan, Chimney Sweep; M. McCabe, Head Milliner, who all took solos, the violin obligatos being effectively played by Miss Yokome and Miss Hurley. The chorus was composed of Misses M. Begley, L. McAuliffe, M. Riley, M. Overend, M. Dianeen, L. Sullivan, I. Lynch, A. Frazer, J. Callanane, I. Morrow and K. Overend. A fine piano duet, a *Ault maises* Backmann's Mazurk, was finely rendered by Misses M. Morrow, M. Kelly, M. Butler, Miss Kate Calcutt, organ, and Misses Yokome and Hurley giving excellent effect and embellishment with the violins. "An Revoir," song and chorus, the solos well taken by M. Dianeen and M. Overend, followed by "God Save the Queen" by the company, brought a very pleasing programme to a close. The Convent sisters, especially Sister St. Aubert, who had charge of the musical part, deserve special credit for the training which afforded such delight to the auditors.

NOMINATIONS OF SEPARATE SCHOOL TRUSTEES.

The nominations for Separate school trustees took place yesterday at noon in the Murray street Separate school. Mr. John Corkery, secretary of the Board acting as Returning officer.

FIRST WARD.

Mr. R. Sheehy, jr., was nominated by Mr. Wm. Hogan, seconded by Mr. J. P. Hurley.

SECOND WARD.

Mr. Thos. Kelly, was nominated by Mr. C. J. Leonard, seconded by Mr. R. W. Muncaster.

THIRD WARD.

Mr. M. H. Lehane, was nominated by Mr. J. J. Lynch, seconded by Mr. C. J. Leonard.

FOURTH WARD.

M. Quinlan, nominated by Mr. M. Sullivan, and seconded by Mr. John McCormick.

Consequently all the nominees were elected without opposition. The retiring trustees were: First ward, R. Sheehy, jr., second, T. Kelly; third, C. J. Leonard; fourth, M. Quinlan. Mr. Leonard, in the third ward, declined a nomination which was tendered him. The other retiring members of the board were returned without opposition, which speaks well for the satisfactory manner the trustees have performed their duties.

THE WATERWORKS PURCHASE

Discussed at a Meeting of the Board of Trade.

There was a good attendance of ratepayers at the public meeting called by the Board of Trade to discuss the waterworks purchase, which was held in the old council chamber last evening, Robt. Fair, president, occupied the chair. He stated the object of the Board of Trade in holding the meeting, which would be quite open to any ratepayer to speak, whether a member of the Board or not.

The secretary before reading the letter of Mr. John Burnham, said he had on behalf of the Board invited that gentleman to be present and say what he wished in reply to Mr. Cluxton's statement at a previous meeting. The newspaper notice referred to was of the ordinary character.

DEAR SIR:

I see in the local papers of the last few days a notice that I am to appear at the meeting of the Board of Trade to controvert statements of Mr. Cluxton's and generally enter into a discussion with him. I certainly mentioned to you that I would attend the Board of Trade meeting in regard to the Water Works, in which I am interested, as I understood that the meeting was open to the public generally.

Why I should be billed to appear in the manner stated in the papers I do not know, but at all events I think it was rather out of place. I certainly intended to go, but under the circumstances I will not. The domestic affairs of the Water Company are of no public concern as the amount to be paid by the town to the company is regulated by the agreement, and the internal economy of the company has nothing to do with it.

What I had intended to do if I had attended the meeting was to state my views as a ratepayer and incidentally as a stock holder in the company in regard to the purchase by the town. In the capacity of stock holder I am willing to sell and get rid of an investment that heretofore has not produced me much over 5 per cent., besides entailing upon me and the other directors a large amount of labour without remuneration. As a ratepayer I cannot say that I would approve of the purchase, but I do not suppose my views or reasons for thinking so would have much weight.

Yours, etc.,
JOHN BURNHAM.

J. Hampden Burnham, Esq.,
Secretary Board of Trade,
Peterborough, Dec. 28th, 1892.

Mr. Cluxton said he had been very much occupied with business and preparations for a trip south for the benefit of he health, and he had sent the secretary a corrected press report of his remarks at a previous meeting which together with a letter he had written for the papers would cover his position in the matter.

The Secretary read Mr. Cluxton's revised remarks which were in the main the same as appeared in the EXAMINER.

Mr. Cluxton, continuing, would add a few more words. He commended the speech of Mr. Meldrum at the previous meeting and felt it should leave no thinking ratepayer in doubt as to what position he should take on the question. His reasons for advocating the purchase were the same as would influence himself as a business man. He had tried to purchase stock in the water company, and he had to pay 105 for it. It was a good property, with the growing income of the company and its prospects for the future. Another strong point in favour of the town owning the works was their necessity to a sewerage system—an increased water demand for both flushing and domestic purposes. He thought a fair bargain would be for the town to pay the company the full amount of paid-up stock—65c. on the dollar—and the indebtedness of the company. There was nothing unfair in the town using the option to purchase the by-law gave them. It was not advisable for the town to have anything to do with the new dam. There was no reason why the town could not operate the waterworks as cheaply as the company, and the town could borrow money at better rates, and as the present management was largely under the personal management of Mr. Henderson, the superintendent, to whom the company owed much of their success—where was the difficulty? (Hear, Hear.)

Mr. Hanney was in favor of the town taking over the waterworks.

Mr. Dumble favoured the principle of towns owning their waterworks. When the town had a proper system of drainage the income of the waterworks would be large. He could put in a pump every year for the price he now paid for water. He hoped the time would soon come when the town would own the waterworks. The new dam would be the best property the town could have. There should, however, be no haste in acquiring the works. He would rather see sewerage first. (Cheers.)

Mr. Poussette condemned the town's remissness in giving ratepayers information. The citizens should have some data—the probable cost, cost of running, the additional rate the purchase meant. The town should own the waterworks. The revenue would, he believed, pay the whole debenture indebtedness, including sewers, the 10 per cent. statutory allowance for arbitration and the cost of the new dam.—$150,000.

Mayor Kendry said the council had given all the information it could. There was little to take over except the pipes. If the people voted largely in favour of the purchase on Monday, the council would doubtless submit a by-law and if that were carried then go on with the arbitration.

Mr. Carveth pointed out that he had heard only one side of the case—he would like to hear from the Waterworks Company. The purchase of the waterworks was not going to be such an easy matter.

Mr. Stapleton said the ratepayers on Monday should know what the cost of the works would be—$95,000, $150,000 or $200,000?

Mr. Poussette said it was absurd to ask ratepayers to form an opinion on the information given, (hear).

Mr. Dumble said the council should have had back bone enough to give some expression of opinion on the subject—no one knew how the mayor or any member of the council was going to vote. Let the mayor and council come out and declare themselves for or against the purchase. It was absurd to throw the question before the ratepayers, like a bone to a dog, to be pawed over and gnawed at. (Cheers and laughter).

The meeting dispersed.

The question is frequently asked, "Why is Ayer's Cherry Pectoral so much more effective than other cough remedies?" The answer is, simply because it is the most skilful combination of anodynes and expectorants known to medical science.

Colorless, Emaciated, Helpless

A Complete Cure by HOOD'S SARSAPARILLA.

This is from Mr. D M. Jordan, a retired farmer, and one of the most respected citizens of Otsego Co., N. Y.

"Fourteen years ago I had an attack of the grave, and have since been troubled with my

Liver and Kidneys

gradually growing worse. Three years ago I got down so low that I could scarcely walk. I looked more like a corpse than a living being. I had no appetite and for five weeks I ate nothing but gruel. I was badly emaciated and had no more color than a marble statue. Hood's Sarsaparilla was recommended and I thought I would try it. Before I had finished the first bottle I noticed that I felt better, suffered less, the inflammation of the bladder had subsided, the kidney began to return to my face, and I began to feel hungry. After I had taken three bottles I could eat anything without hurting me. Why, I got so hungry that I had to eat 5 times a day. I have now fully recovered, thanks to

Hood's Sarsaparilla

I feel well and am well. All who know me marvel to see me so well." D. M. JORDAN.

A very interesting entertainment was held in the Redmond school house on Thursday evening last—tendered as a farewell to Miss McCarthy, who has held the position of teacher for the past three years. The position of chairman was ably filled in the person of Mr. James Wilson. A complimentary address was presented with a handsome dressing case to Miss McCarthy, who made a suitable reply. The following programme was rendered in good style:—

DUEL AT MONTE CARLO.

The Second Bullet from the Pistol Struck Count Romanoff.

LONDON, Dec. 29.—The name of the American who killed Count Peter Romanoff in the duel at Monte-Carlo was Jay Brockton, and he was not from Brooklyn. The two men fought in the grounds of a private villa and evidently meant a duel to the death.

The conditions were 25 paces, with liberty to advance to within two paces of each other, and to keep on firing until one or the other should fall.

Both American and Russian came calmly to the mark, and on the word being given they fired with deadly intent, at the same time starting to advance.

The second bullet from Brockton's pistol struck Romanoff just above the heart. The Count reeled and fell, and in a few moments expired.

Considerable mystery exists as to the identity of Count Peter Romanoff. His name, real or assumed, suggested some connection with the royal family of Russia.

A New York newspaper suggests that Count Peter Romanoff may or may not be the traveling incognito of the Grand Duke Peter Nicoalevitch, who is the second son of the late Grand Duke Nicolai Nicoalevitch, who was the Czar's uncle.

THE PANAMA SCANDAL.

Two Other Sudden Deaths May Form the Subject of Special Enquiry.

LONDON, Dec. 29.—The Chronicle's Paris correspondent says: Two other sudden deaths besides that of Baron De Reinach's may form the subject of a special enquiry, but he hesitates to mention the persons' names, which are given on mere conjecture.

The startling disclosures made by ex-Detective Amiel have been revived. The correspondent declares that in answer to an advertisement in Figaro Amiel was offered money to murder Dr. Herz.

He continues: "Amiel asked me to publish the story, but when I sent for him I found he was dead."

The Gaulois compares the Panama Canal scandal to the scandals of the period of Rohan, and says that the diamond necklace allegation against Madame Carnot will probably lead to the disgrace of a high official.

A cartridge similar to that used in the Boulevard Magenta outrage of last spring was found yesterday close to the Reinach residence in the Rue de Lisbonne.

One of the experts who assisted Brouardel at the Reinach inquest says the result may be a surprise to everybody. It he had to make an oath on the subject he could not say, he added, that Baron de Reinach was poisoned.

Rather Beneficial.

PANAMA, Dec. 29.—The Panama scandals in Paris have apparently not affected the matter here. They seem to be regarded here as rather beneficial to the interests of the canal enterprise than otherwise.

The Royalists Protest.

PARIS, Dec. 29.—The municipal council of Paris, by a vote of 54 to 12, yesterday resolved to erect a monument to commemorate the execution of Louis XVI., to demolish the expiatory chapel erected in 1820-26 to the memory of Louis XVI and Marie Antoinette, and to place on the site of the chapel a bust of Lepelletier St. Fargeau, with a suitable inscription referring to his action in voting for the death of Louis.

The Royalist members loudly protested against the Council's course. The Prefect of the Department of the Seine reserves his decision in the matter.

Prince and Pauper.

NICE, Dec. 29.—Prince Victor Nakachidze, son of Gen. Bargratia, Prince of Georgia, has surrendered himself to the police of this city as he is ill and starving and wishes to be cared for. He told the police he was a Nihilist.

He was sentenced to three years' imprisonment for his connection with the Paris bomb makers, arrested and convicted in 1889. After serving out his time he was expelled from France.

KEENE.

(From Our Own Correspondent.)

On Thursday afternoon, Dec. 22nd, the children of our school held their closing exercises. A large number of parents and friends availed themselves of the opportunity to pay the school a visit, and expressed themselves as much pleased with the exercises and the welcome accorded them by their young hosts and hostesses. A most pleasing and acceptable feature of the afternoon's entertainment was a "Museum and Art Gallery," consisting of collections of Indian relics, botanical specimens geological specimens, old-time fire arms, books, etc., together with an exhibition of several famous paintings, such as "The Village Friar," a common frying pan; "Views in the Interior of China," china cups containing tea leaves; "Before and after Lent," two umbrellas, one new and the other worn out, etc. An interesting programme followed.

WARSAW.

(From Our Own Correspondent.)

On Thursday evening the W. A. A. gave a concert in the town hall which rivalled anything of the kind ever given in the village. More power to your elbow boys!

On Friday evening the Patrons of Industry treated themselves and a friend each to an oyster supper in their hall. After supper an excellent programme was gone through in true patron style.

Mr. C. H. Edwards, of Queen's College, Kingston, is home for his holidays. He looks well.

The Best Christmas Gift.

If you want to give a Christmas present which will be appreciated more than any other, and is suitable for boys or girls, men or women, you cannot do better than call on the "Canadian Canoe Co." corner of Water and Brock streets, and buy one of their nice durable canoes.

Hello!
Is that the C.P.R.?
Yes; who's speaking?
The G.T.R.
Well, what can we do for you?
Have you been up as far as 420 Water street, where Mitchell keeps sewing machines?
No, not yet.
That's the worse for you. You'd better lose no time. Take the first chance and drop in at 420, and see the handsome sewing machines he has just brought in by our line.
Is this Mitchell the man who repairs sewing machines?
Yes, and he's a "corker" at it too.
Well, I'll drop around.
You should; and take a sharp look at his drop cabinet machine—the finest that ever struck the town—and by Jove! his figures are very reasonable too.
All right; *au revoir!*
So long!

METALIC FLOWERS.

Fashion Finds in Them a Winter Substitute to the Real.

Some sensitive-minded women object to wearing flowers on their hats in the winter time. Poor things! One would not wear a real flower just for vanity, and let it freeze, and artificial flowers are so like real ones these days that one's heart aches to see them in the cold. But who can object to metalic flowers such as those pictured—flowers of delicate tinsel, gold, azure, ruby, emerald, etc., with shaded effects? The hat itself is gold satin or black velvet. The flowers are put on thickly, and a bunch of them stands up in front. The strings are either black velvet or gold satin, and on the side where they are tied—you see the picture is turned that side from you—a bunch of the dainty glittering flowers is tied in with them. Of course a woman must have very pretty hair to stand so glinty a bonnet. Black hair, dusky and crinkled, is just the thing, but brown hair is all right, too. The blonde should not try it, and there should be a law against any girl with red hair even buying such a hat.

Among the usual styles of ornament must be reckoned large dragon flies, with jet and tinsel bodies, four small cock's feathers doing duty for wings. I have seen these used in pairs for trimming capotes and toques. A dainty cap was made of a piece of astrachan padded into the required form. In front, about an inch apart, were set two rosettes of aubergine velvet, and in the centre of each was a dragon-fly, jet with green feather wings. Similar insects are used to deck a capote made of shaded rose-pink velvet, so arranged that the dark shade composes the fluted brim in front, and the lightest a little ruching that juts out at the back of the crown—a new feature in some of the bonnets, and called somewhat erroneously a curtain. In this case however, each dragon-fly is set in the centre of a black satin rose. Further back on one side is a paste buckle framed in jet.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle *Free*, that they may try it before purchasing. The large bottles are 50c. and $1. We certainly would advise a trial. It may save you from consumption.

FORCED

REMOVAL SALE

The Whole Stock to be Cleared at Net Cost, as we have no Option but to Remove to Other Premises.

We must vacate our present store on account of the near expiry of lease. The rent asked renewal was more than we should or could afford to pay, and as we were allowed only 8 hours in which to reach a decision, we decided to move. This necessitates a Clearance of the Stock, so we now offer

The Entire Stock at Net Cost for Cash.

Every line in the store is new, bought for this season's trade, and consists of Staple and Fancy Dry Goods, Gent's Furnishings, etc.

We will announce later on the location of the new premises to be occupied by us.

Thanking the public for their generous support in the past, we trust to be able to do as well, if not better, in the future.

STEAMER UMBRIA.

She Is Two Days Over Her Time—And the Storms Are Terrible.

LONDON, Dec. 28.—There is anxiety at Lloyds over the non-arrival at New York of the Cunard steamship Umbria, which sailed from Liverpool, December 17 for Queenstown sailing from Queenstown for New York December 18. The Umbria has been out, therefore, for about nine days, which is two days more than was expected.

The officials of the Cunard Line say they have no doubt that the Umbria's delay is due to the breaking down of her engines.

The rate of re-insurance paid on the Umbria's cargo is 10 guineas premium.

A SLAB OF GRANITE.

A Hole Blown Through It By the Infernal Machine at the Dublin Explosion.

DUBLIN, Dec. 28.—A man named Kevans has been arrested at Nenaugh, County Tipperary, on the charge of being connected with the Dublin explosion. Kevans is a stranger to the townspeople and is unable to give a satisfactory account of his recent movements.

Kevans is 26 years of age. He admits that he was in Dublin last week up to Sunday morning. The arrest of Kevans caused great excitement in Nenaugh.

A police sergeant had been informed of the arrival of a suspicious-looking stranger, and had followed Kevans from place to place. Kevans saw that he was watched and tried to escape, whereupon he was taken into custody. In his possession were found discharge papers bearing the name of a steamer plying between Montreal and Glasgow, and dated in July last.

Colonels Majendeand Cundell, Government experts, to-day made a minute examination of the scene of Saturday night's explosion. They secured, as specimens for further study in the Government laboratory, some of the debris resulting from the explosion. Among their finds is a massive granite slab five inches thick, upon which the explosive rested and through which a hole was blown.

A Cork Resolution.

CORK, Dec. 2.—A meeting of the citizens of Cork was held last evening for the purpose of denouncing the Dublin outrage. The Mayor of Cork presided.

Maurice Healy, M.P., moved a strong resolution expressing "detestation and condemnation of the atrocious outrage and the hope that in the true interest of our common country the authors of so terrible an offence against the Irish cause may be speedily detected and brought to condign punishment."

The resolution was carried almost unanimously. Some persons showed their dissent by shouting "Dublin Castle ought to be destroyed!" "Down with Castle Government," etc.

COLD IN BRITAIN.

Fatal Accidents by Bursting Boilers—Twelve Skaters Drowned.

LONDON, Dec. 28.—Intensely cold weather prevails throughout England and much suffering is reported. London is buried under a dense fog and it is difficult to see anyone a few feet away.

Many accidents have occurred in Glasgow, Manchester and Newcastle owing to frozen boilers bursting, and two persons were killed by an accident of this character at Airdrie to-day. Twelve skaters lost their lives by drowning in Great Britain yesterday.

Thousands of the locked-out cotton operatives in Lancashire are on the verge of starvation.

Dying Like Flies.

LONDON, Dec. 28.—The St. Petersburg correspondent of The Standard says: A British consul who has visited the famine districts of Kiel, Bessarabia, Khartoff, Kourak, Kazan, Orel, Iula and Voronesh, reports that the peasants are dying like flies of hunger and disease. There are no signs of relief from the horrors of a hard winter. It Sebastopol he learned from a trusty source that cholera is raging severely on the Circassian shore. Hundreds of deaths have been reported in the last fortnight.

Not a Meaningless Guest.

LONDON, Dec. 28.—The Berlin correspondent of The Daily News says that the Czarewitch will attend the wedding of the Emperor's sister, Princess Margaret of Prussia, for the purpose of improving the relations between Germany and Russia.

Pasteur's Prophecy.

PARIS, Dec. 28.—In reply to the congratulations extended to him, M. Pasteur expressed his conviction that science and peace would triumph over ignorance and war. The people of the whole world, he declared, were agreed to build up, not to destroy.

Palatable and Potent.

The great objection to cod liver oil has been its nauseous taste. This has been entirely removed by the process of preparing "Miller's Emulsion of Cod Liver Oil," which is combined with hypophosphites of lime and soda, the greatest creator of new blood in the world. It has cured thousands of consumptives by rebuilding their constitutions. Everybody is talking of the wonderful power of this Emulsion. In big bottles, 50c. and $1.00, at all Drug Stores.

More cases of sick headache, biliousness, constipation, can be cured in less time, with less medicine, and for less money, by using Carter's Little Liver Pills, than by any other means.

Four Doses Cure a Cough.

GENTLEMEN,—My little boy was troubled with a very bad cough, and a lady friend advised me to try Hagyard's Pectoral Balsam. I got it at once and can truly say I did not give more than three or four doses until his cough was gone. I have never been without it since, as I find it the best for troublesome coughs.

MRS. J. S. RUDDY, Glen Williams, Ont.

Do not be discouraged if other medicines have failed to give you relief. Membray's Kidney and Liver Cure acts on the "Kidneys" direct, combined, with a mild action on the "Liver" and bowels, thereby removing the cause of "Back Ache," sour stomach, dizziness, indigestion and constipation.

National Pills are a mild purgative acting on the Stomach, Liver and Bowels, removing all obstructions.

Always avoid harsh purgative pills. They first make you sick and then leave you constipated. Carter's Little Liver Pills regulate the bowels and make you well. Dose, one pill.

A Pleasant Herb Drink.

The best cure we knew of for Constipation and Headache is the pleasant herb drink called Lane's Family Medicine. It is said to be Oregon grape root, combined with simple herbs and is made for use by pouring boiling water on to the dried roots and herbs. It is remarkably efficacious in all blood disorders and is now the sovereign remedy with ladies for clearing up the complexion. Druggists sell the package at 50c. and $1

"PROMPT AND PERMANENT."

RHEUMATISM.—Jan. 17, 1883, GEO. C. OSGOOD & CO., Druggists, Lowell, Mass., U. S. A., wrote: "MR. LEWIS DENNIS, 136 Moody St, desires to say: "ORRIN ROBINSON, a boy of Graniteville, Mass., came to my house in 1881, walking on crutches; his leg was bent at the knee for two months. I gave him

ST. JACOBS OIL

to rub it. In six days he had no use for his crutches and went home cured without them."

Lowell, Mass., U. S. A., July 9, '87: "The crippled boy ORRIN ROBINSON, cured by St. Jacobs Oil in 1881, has remained cured. The young man has been and is now at work every day at manual labor." GEORGE C. OSGOOD, M. D.

When the Salzburg-Brussels express halted at Aschaffenburg to change locomotives a crowd of interested spectators gathered about the last car, which was gloomily decorated with funeral emblems. This car contained the body of the pet dog of the Princess Arenberg, which was being transported to the family castle in Ghent, there to receive a princely burial.

There is an art in dusting that does not receive the attention it demands. According to the various analyses of different observers, the components of ordinary dust exhibit special characters in almost endless variety. Mineral matters, animal and vegetable debris, morbid germs and whatever is small and light enough to remain for any time suspended in the air fall into the category, and among these things are many substances that in the air do mischief. The spread of cholera and ex-anthematous diseases has, doubtless with truth, been attributed to its influence. Methods of dusting, therefore, which merely remove the dust to another place or fill the air with it, are not sufficient and are not harmless. It should be wiped rather than brushed away, and carried away off or destroyed. Then let the sunlight in to kill what infection may remain. —Popular Science Monthly.

Live Stock and Land Fertility.

Our lands must have continually nitrogen, phosphoric acid and potash. These can usually be bought more cheaply in the form of feed—clover, hay, bran, oil meal, etc.—than in the form of commercial fertilizer. Live stock will convert these materials into available plant food more economically than you can procure it otherwise.

They do not Despair.

An utter loss of hope is not characteristic of Consumptives, though no other form of disease is so fatal, unless its progress is arrested by use of Scott's Emulsion, which is Cod Liver Oil made as palatable as cream.

From the Jaws of Death.

Some surprising effects have been recorded from the use of Miller's Emulsion of Cod Liver Oil in the most desperate cases of consumption. When all other remedies have failed Miller's Emulsion nearly always succeeds. It is the best kind of a flesh and blood maker, and has been used with marked success by physicians in the Insane Asylum, Penitentiary, Hotel Dieu, and General Hospital in Kingston, Ont. In big bottles, 50c. and $1, at all Drug Stores.

We do not know of any preparation that has caught the public favor in so short a time as Dodd's Kidney Pills, but when we consider that three-fourths of the Canadian people are afflicted with kidney troubles in some form or other, and that Dodd's Pills are a quick and permanent cure for all these troubles, the large and increasing demand can scarcely be wondered at. Sold by all dealers or by mail on receipt of price, 50cts. per box. Dr. L. A. Smith & Co., Toronto.

THE CZAR'S ENEMIES.

Discovery of Another Plot to Assassinate the Ruler of Russia.

ST. PETERSBURG, Dec. 29.—Numerous arrests continue to be made at Kieff of persons suspected of Nihilism. Nine more officers are among those imprisoned either under suspicion or direct charges of connection with a conspiracy against the Czar The Russian authorities believe that they have unearthed a widespread plot, in which a number not only of the lower officials, but also of those of higher rank are involved and several officers having positions of trust and confidence near the person of the Czar have been put under surveillance, although not under arrest, being given leave of absence from duty until the suspicions resting upon them are verified or disproved.

The extent of the plot is not yet known, and there seems no doubt this time of its genuine character, although it is not certain that the motives of the plotters are Nihilistic.

There is much discontent in the army with the prolonged period of peace and many of the officers think that the Czar is too pacific in his disposition. These is no longer an outlet for these warlike spirits in subduing the tribes of Central Asia.

All these have been brought thoroughly under Russian subjection. The Russian empire was never more peaceful, so far as external enemies are concerned; the murmuring among the army officers ambitious for glory and disappointed in their hopes of promotion is correspondingly great.

It is no secret that there was bitter disappointment in military circles seven years ago, when the Czar had to bring his autocratic authority to bear to prevent his generals from plunging into a war with Great Britain and Afghanistan, and the spirit of impatience among the Russian officers has been increasing since.

For these and other reasons the authorities at St. Petersburg are greatly apprehensive as to the extent of the conspiracy developed at Kieff, and much excitement prevails both in official circles and among the public.

Meantime the persecution of the Jews goes on more earnestly than ever, the leading prosecutor being the Grand Duke Sergius, brother of the Czar and husband of Queen Victoria's grandaughter, Elizabeth. As Governor of Moscow he seems determined to turn every Jew out of the city.

The Jewish population of Moscow has already been reduced from about 80,000, when Sergius became Governor, to about 30,000, and the number continues to decrease under the added rigor of penal laws and the intolerable severity of that enforcement.

By a new law which has recently been put in force, only 10 out of 100 Jewish lawyers in Moscow and St. Petersburg are allowed to practice, while in Warsaw and Russian Poland this liberty is wholly denied.

The Moscow University shuts its doors against Jews, and it will not be long before the Conservatoire does the same. The severe treatment of the Jews is having a ruinous effect upon real estate and other interests, at least 30,000 lodgings being empty in Moscow.

The most pitiful scenes are witnessed among the crowds of Jews at the railway stations. Men and women over 80 years of age, half-clad little children crying and praying in the cold.

Their sufferings are viewed with utter indifference by the Russian authorities, and any non-Jewish residents who display kindness towards them risk being put under suspicion.

The soldiers detailed to assist the police in guarding Jews treat them with the greatest brutality and frequently prick the unfortunates with their bayonets if they attempt to leave the stations in which they are penned.

The officers do not like the work of guarding Jews, which they look upon as beneath their dignity, and this also is a cause of some discontent among the military.

IS HE MAD?

A Hamilton Man Has Wandered Away Without Saying Good-Bye.

HAMILTON, Dec. 29.—Walter H. Hamson, for some years connected with the mantle department of the drygoods house of A. Murray & Co. and one of the leading shots in the 13th Battalion, cannot be found. About a month or so ago he resigned his position and said he was going west.

He mentioned Detroit and Chicago, and said he had secured a situation, but when asked the name of the firm he always evaded the question.

He went away from the city and has not since been heard of. His wife has made all the enquiries possible, but has not been able even to discover which way he went, and it is not believed that he went west.

Hamson came here a good many years ago, and it was well known that he was well-connected in England. It was also said that his people had plenty of money. He always maintained a good appearance, and was well thought of.

There seem to be no financial difficulties connected with or at the bottom of his departure. Failing to discover anything of his whereabouts, Mrs. Hamson, in her extremity, has laid the matter before Chief McKinnon.

Court House Burned.

MUNCIE, Ind., Dec. 29.—Yesterday fire broke out in Delaware County. The elegant new court house and building valued at $300,000 were ruined.

TIRED OF LIFE.

A Canadian Girl Lay on a Streetcar's Floor on Christmas Eve.

BUFFALO, Dec. 29.—Blanche Sherman, alias Minnie St. Clair, who went to Rochester from Toronto and then came to this city two years ago, attempted suicide Christmas Eve by taking poison.

The attempt was but partially successful, as the girl lingered until late last night, when she died.

She is said to have been the daughter of very respectable parents in Canada and was about 21 years old.

Anarchy in Milwaukee.

MILWAUKEE, Wis., Dec. 29.—At 2 a.m. yesterday a bomb was thrown into the main building of the south side plant of the Milwaukee Street Railroad Company. There was a tremendous explosion, and in a moment the interior of the building was in a blaze.

In a few minutes the fire was beyond control, and in less than an hour the entire plant was consumed, entailing a loss of $510,000. Who the man is who threw the bomb is not known. He is supposed to be the fire bug who has started fully a dozen other disastrous fires within a month.

Chicago's Waterworks.

CHICAGO, Dec. 29.—The new waterworks tunnel has just been completed. It is a wonderful piece of engineering skill. Being constructed four miles into the lake, it is thought that the water will be entirely free from the city's drainage.

Its capacity is 130,000,000 gallons per day, though so far the pumps which fill the mains from it have a capacity of only 55,000,000 gallons. The work has been in progress for four years, and the total cost is $1,625,000.

Charged With Killing His Wife.

HAMILTON, Dec. 29.—John Arnold is in jail in Cleveland on a charge of murdering his wife in Wellington, O., 10 days ago. It is believed he was at one time a street preacher in this city.

A Negro Lynched.

BOWLING GREEN, N. Y., Dec. 29.—A mob of 1000 men armed with shotguns and Winchesters took the negro assailant of Miss Anderson from officers at the court house, where he was having his examination for the assault of Dec. 14, and lynched him.

To the Electors of No 1 Ward.

Gentlemen:

YOUR vote and influence are respectfully solicited to secure my election as one of the councillors for this ward for the ensuing year. If elected I will do my utmost to see that the expenditure is kept within income and that the interests of the Town are protected, as far as it is in my power to assist in securing that end. 150-6t

WM. WHITE.

To the Electors of Ward No. 2

AT the urgent request of a number of the electors of this Ward, as well as those from other parts of the town, I have consented to allow myself to be placed in nomination for a seat at the Council Board for the ensuing year. If honored with election I will do my utmost to advance the best interest of the whole town. As my time is fully occupied I may not be able to see all the electors personally and take this means of soliciting the votes and support of the ratepayers of the Ward to secure my return.

GEO. STEVENSON.

To the Electors of No. 3 Ward.

IN response to repeated requests to do so, I place myself at your disposal as a candidate for the councillorship.
I have no personal aspirations to the office, and shall be better pleased if some other selection is made. If however you choose to select me, I shall endeavour to serve you to the best of my ability.

G. M. ROGER.

Peterborough 27th Dec. 1892

To the Electors of No. 3 Ward.

HAVING accepted the nomination as councillor for No. 3 ward I hereby respectfully request your votes. Not having time for a personal canvas, I have decided to ask no one directly for a vote, but will duly appreciate any efforts made by my friends to elect me. During the coming year there will probably come before the council several important questions for consideration requiring a good deal of thought and attention. Should your choice fall on me as one of your representatives for No. 3 ward, I shall do my best to further the interests of my ward and the town generally,
Yours Respectfully

MACFARLANE WILSON.

To the Electors of No. 2 Ward.

Ladie's and Gentlemen.

HAVING been nominated a candidate for council for No. 2 Ward, I hereby respectfull solicit your vote and influence. If honoured with a seat at the Council Board, I shall give my best endeavours to assist in the economical management of the town's affairs, which from the close observation I have given, admit of considerable improvement, especially in the public works department, in which my twenty years of practical and successful experience would be, I think of some benefit to the town. Again soliciting your support,
I remain yours truly,

H. CARVETH.

A DOWN-TRODDEN RACE

CRUELTY OF THE OFFICIALS OF THE CZAR TOWARDS THE JEWS.

Six Edicts Which Aimed To Clear Russia of Jews—Enforced With the Utmost Rigor—Driven Out of Towns—Trade Suffering in Consequence.

LONDON, Dec. 30.—The latest advices from St. Petersburg and other parts of Russia show that the persecution of the Jews and the inhumanity of the Czar's officials towards this unhappy race are greater than ever before. Six edicts have been issued aiming to disperse the Jewish subjects of Russia, weaken their position and trading interests, and crush out their religion. These edicts are enforced with the utmost rigor in many parts of the Empire and with severity everywhere.

The Moscow papers boast that since the beginning of 1891 20,000 Jews who have been driven to a pretended denial of their religious faith in order to escape intolerable persecution have been deported to the district of Tscherkessova, about five miles from Moscow. There they are rigorously governed by priests of the Russian Orthodox Church, who require them to attend the services of that church and to comply with its various rules, watching narrowly for any sign of evasion or repentance.

The police have been making a careful scrutiny of the birth papers of the Jews with a view to drive more of them out of the towns, none being allowed to reside in towns except those who are natives. Moscow has lost, in consequence of the persecution, a multitude of the most valuable residents. Many of the Jewish tradesmen and artizans who have been driven from Moscow have gone to Lodz, a place a few hours by rail from Warsaw, and which has rapidly risen to a population of 125,000, most of them Jews. Under the impulse of Jewish skill and industry Lodz is fast becoming an important manufacturing centre, the factories there being busy night and day and the manufacturers having orders for three months ahead.

Trade in Moscow is on the other hand collapsing through the loss of Jewish capital and labor, which had no small share in building up and maintaning the industry and prosperity of that place. While in Moscow under the barbaric administration of the Grand Duke Seigus the persecution of the Jews is for the time being somewhat relaxed, and throughout Russia generally the ill-treatment of Jews is not on as large a scale as in Moscow, although severe and most intolerable everywhere.

The regulations especially and universally enforced throughout Russia are those limiting the residence of Jews within certain fixed localities, the prohibition of Jewish artizans from working in places beyond the control of official boards of trade, and the restriction as to unauthorized synagogs, it being forbidden to Jews to worship in any but an authorized synagog.

The condition of Jews, except in Lods and a few other places, is becoming steadily worse, particularly in the case of those who have no means to bribe Russian officials.

WHAT OF THE FUTURE?

A Priest Who Becomes a Benedict And Talks Church Reform.

NEW YORK, Dec. 30.—According to The Sun's Washington correspondent there is quite an excitement over the marriage and consequent disaffection from the Catholic church of Dr. Snell, private secretary to Bishop Keane, rector of the Catholic University and lecturer on comparative theology.

The Doctor has always been a loyal supporter of the church, but after mature deliberation, and some assistance from Don Cupid, he has finally cut loose. The Doctor's bride is Minnie Gilbert Sprague, daughter of a Presbyterian clergyman, and the ceremony was performed by the President of Harvard University.

Dr. Snell has a leaning toward theosophy, but refuses at present to talk. He declares that the study of Eastern religions will have an undoubted effect on Christianity.

THE UMBRIA SPOKEN.

She Was About Seven Hundred Miles East of New York.

NEW YORK, Dec. 30.—The steamer Umbria exchanged signals with the steamer Galileo, which arrived from Hull this yesterday. The captain says the Umbria did not ask assistance and may arrive in port today.

The Street Car Fire.

MILWAUKEE, Dec. 30.—Henry C. Payne, vice-president and manager of the Milwaukee Street Railway Company, has made a written statement, based on the testimony of employes, in which he admits the fire in the company's barns yesterday was not incendiary.

Since the cold weather set in the employes at night have been running the cars into the barn without withdrawing the fire from the heater. The origin of the fire is now accounted for in this way.

Milwaukee Terrorized

MILWAUKEE, Dec. 30.—The Mayor of Milwaukee offers a $2500 reward for the arrest of the persons who started any of the recent fires or who will start any in the next 30 days.

The city is terrorized, and 100 special policemen are to be added to the force.

It seems certain that there is a gang of incendiaries, probably Socialists, here determined to operate.

The Greed For Gold.

DENVER, Dec. 30.—A terrible battle, in which over 100 shots were exchanged, took place at the San Juan mining camp on Tuesday.

The direct cause of the trouble was the discovery of large nuggets in the bottom of a small stream. Each man claimed that he had first located the ground, and to settle the dispute guns were brought to bear.

There were over 40 men engaged, and few if any escaped unhurt. Eleven were killed.

Fled From the Officers.

LONG ISLAND CITY, Dec. 30.—No more deaths have resulted from yesterday's dynamite explosion in the tunnel works in this city. McIntee, foreman of the tunnel works, whose carelessness is supposed to have caused the disaster, and who was placed under arrest has escaped.

DYNAMITE IN BRITAIN.

DETECTIVES SHADOWING MR. GLADSTONE TO PROTECT HIM.

Secretary Asquith Also Guarded—Major Le Caron, the Fenian Spy, Given a Job on the Dublin Explosion Affair—Belief That There Is a Band of Conspirators.

DUBLIN, Dec. 30.—The Imperial authorities have directed Scotland Yard to take the spy, Major LeCaron, into the employ of the Government for the purpose of tracing out the guilty parties connected with the Dublin explosion.

The authorities appear to be so strongly convinced that the Dublin explosion, by which Detective Synnott lost his life, was part of the work of a band of conspirators that they have sent a detective to Biarritz to keep guard over Mr. Gladstone and to protect him from outrage. Mr. Gladstone has not been made aware of the precaution taken, as it is known that he would resent any protection of the kind should he be aware of it.

Home Secretary Asquith is also protected when he goes out in public by a detective in civilian attire, who keeps near enough to interfere in the event of an attack upon Mr. Asquith.

In view of all the precautions taken the opinion prevails that the authorities are in possession of definite and important information as to the existence of a formidable dynamite conspiracy.

RECEIVED A CHECK.

He Intended to Start a Paper to Support the Canal Scheme.

PARIS, Dec. 30.—M. Castelbon, who was on the list of the 28 Libre Parole checks as having received a check for 20,000 francs from Baron Reinach, was a witness before the Panama Commission of the Chamber of Deputies yesterday. The previous explanation in regard to this check had been that M. Castelbon was about to start a paper called The Nouvelle Presse, and that he after Paul Deves had given Castelbon a letter of introduction to Baron Reinach with the view of having Castelbon assisted by Reinach in his enterprise, and that Castelbon had received the check from Reinach for that purpose, Deves meaning the check.

The Libre Parole had alleged that Deves was the real beneficiary of the check, which Deves strenuously denied. Yesterday, however, Castelbon admitted that when Deves cashed the check he (Castelbon) handed back to Deves 15 of the 20,000 francs. This statement caused a sensation.

M. Chantin, late manager of the Soir, refused to appear before the commission as a witness in regard to the relations of the Soir to the Panama Canal Company. The commission then adjourned until Thursday.

DECISIVE ACTION

May Be Taken to Enforce Obedience to the Pope in the U. S.

ROME Dec. 30.—The Monitore, the organ of the Vatican, says that recent reports in regard to the mission of Mgr. Satolli to the United States are overdrawn, and promises to give public light shortly on the subject.

Cabled reports from the United States in regard to the difference of opinion existing there are attracting more attention among Roman ecclesiastics than almost any other foreign topic.

Some of the advices received are construed as indicating insubordination toward the Papal authority in high quarters in America. Should this be shown to the satisfaction of the Vatican decisive action, it is rumored, will be taken to enforce complete and unequivocal obedience to the will of the Supreme Pontiff nominator, which may be effected by pontifical action.

The Queen Congratulates Gladstone.

LONDON, Dec. 30.—Queen Victoria was among the earliest to congratulate William E. Gladstone on the arrival of his 84th birthday. Her telegram was unusually gracious in tone. Hundreds of other telegrams and letters have been received, many at Hawarden and others at Biarritz, where Mr. and Mrs. Gladstone are staying. Mr. Gladstone is said to be enjoying excellent health.

Too Stormy To Transfer.

LONDON, Dec. 30.—The White Star line steamship Germanic, Capt. Nichol, which left New York Dec. 21 for Liverpool, which was sighted off Browhead this afternoon, was unable on account of a heavy gale to land passengers or mails at Queenstown and proceeded direct for Liverpool.

Concession to Female Convicts.

LONDON, Dec. 30.—A despatch to The Standard from Moscow says: It is reported that the Minister of Justice has decided to exempt female convicts in Siberia from flogging and from wearing manacles and to substitute punishment by restricted diet and isolation. The decision of the Ministry awaits the sanction of the Imperial Council.

French Alliance Disparaged.

ST. PETERSBURG, Dec. 30.—The Novoe Vremya has caused a sensation by publishing an article, apparently inspired by high authority, in which the French alliance is disparaged.

Two More Suicides.

LONDON, Dec. 30.—Two more players at Monte Carlo gaming tables have committed suicide. One was a young American, who lost $17,000 belonging to his mother and which she had entrusted to his care.

Deaths from Cholera.

HAMBURG, Dec. 30.—Two deaths from cholera have occurred in Altona, a suburb of this city.

Five cases of a disease suspected to be cholera have been discovered among the troops stationed here. Soldiers belonging to neighboring garrisons have been forbidden to visit Hamburg.

Ice Blockade in Europe.

BERLIN, Dec. 30.—Navigation on the Rhine, Moselle, Becker and Main Rivers has been stopped by floating ice.

An Idaho Snow Slide.

BOISE, Idaho, Dec. 28.—A Hailey special says a snow slide Saturday swept away the engine-house of the Narrow Gauge Mine at Deer Creek and wrecked a concentrator mill at Windable. Henry Glass, who was in the engine-house, was instantly killed.

Floods in California.

SAN FRANCISCO, Cal., Dec. 30.—Reports from the Sacramento and San Joaquin valleys show that the damage by floods will be above $1,000,000. The Capitol City is safe, but all along the river fine wheat land is covered with water.

L'Islet Nominations.

ST. JEAN PORT JOLI, Que., Dec. 30.—At the nominations for the vacant seat for [illegible] Dominion House of Commons J. Israel Tarte and J. A. D'Auteuil were nominated by the Liberals and Conservatives respectively.

ANARCHISTS IN FRANCE.

AN EXPLOSION SIMILAR TO THAT IN DUBLIN.

Windows Smashed and Woodwork Demolished—Fragments of Cast-iron Pound Scattered About—The Bomb Had Two Pounds of Explosive Material.

PARIS, Dec. 30.—An explosion at half-past 1 o'clock yesterday in the hall leading to the suite of offices between the ground floor and the first story of the Prefecture of police has caused a sensation. The authorities are not decided as to whether the explosion was the work of Anarchists or merely an accident caused by a leakage of gas. Investigation is being held. The explosion caused no fatalities but windows were smashed and woodwork damaged.

An investigation of the premises by experts has led to the discovery that the explosion was undoubtedly the work of Anarchists, who had placed in the basement a bomb heavily charged with chlorate powder.

Fragments of cast-iron, which had formed the shell of the bomb, were found scattered about the place. These were fitted together as well as could be done and showed that the bomb had been of sufficient size to contain two pounds of explosive material. The explosion was badly planned. Had it occurred at an earlier hour there is no doubt that many persons would have been killed.

The Paris correspondent of The London News, referring to the explosion at the Prefecture of Police, says:

Suspicion points to a dismissed official known to have access to the box containing the office cleaning requisites, made to imitate an upholstered seat, upon which, it is clear, the infernal machine was placed.

The concierge says that he is certain that no infernal machine was there the evening previous. It appears that the intention was to injure the sub-director of the town police.

The fragments of the infernal machine show that it was made of hammered iron, nine inches long and was charged with chloratic powder, gunpowder and small nails.

The wall for an area of 12 yards was completely peppered by the nails.

Four applicants for employment called at the office on the previous evening appointment and sat on the box while waiting. Anyone frequenting the building might have learned from the gossip of the servants engaged in Girard's laboratory, located in the basement, sufficient to enable him to make such a machine as that which exploded.

RAILWAY ACCIDENTS.

The Number Has Steadily Increased in Spite of All Efforts.

WASHINGTON, Dec. 30.—One of the most interesting portions of the statistical report just issued in connection with the work of the Interstate Commerce Commission is that relating to the number and character of accidents upon the varied railroads of the country.

Attention has frequently been directed to this very important matter, and all sorts of recommendations have been made with the view of diminishing the frequency of these casualties. But in spite of all efforts in this direction the number of accidents has steadily increased. For the year ending on June 30, 1891, the casualties were greater than for any previous year.

Of course the greater part of these accidents befall the employes of the railroads. Of 7029 killed during the year, 2080 were employes and only 293 passengers. The same ratio is kept up in the list of the injured. Of a total of 33,881 persons injured on the railways, 26,140 were employes and 2972 were passengers.

It must be remembered that the increase in the number of employes killed and injured is due, in a measure, to the fact that more men are employed. In the year 1891, for example, 784,295 men were employed, an increase of 34,984 over the preceding year. This large increase necessarily exposes more men to the risks and perils of railroad life, while at the same time efforts for the protection of the men do not keep pace with the growth of this large army.

A classification of the accidents for the year shows that the greatest danger lies in the coupling and uncoupling of cars. In 1891 413 employes were killed, and 9,541 injured in this work. It is apparent, therefore, that one of the means for lessening the number of accidents to railroad men must be some device which will remove the element of danger in coupling and uncoupling cars.

This has been partly met by the automatic coupler. Some states have passed laws requiring the use of this device, but many railroads refuse to employ the automatic coupler, and it is difficult to compel the use of it by legislation. Many deaths and accidents on the railroads are caused by employes falling from the trains.

This is another of the perils to which brakemen especially are exposed. The slightest carelessness on the part of the brakeman as he runs along the top of the train may be fatal. No doubt these accidents will continue to be frequent until the air-brake is generally adopted.

When freight trains are provided with this form of brake, the necessity of running from one car to another will be done away with. Here is a fine field for the inventiveness of the American. If he can do anything to diminish the extent of this annual sacrifice, he will indeed be conferring a great benefit upon the public.

Fire at Palmer's Theatre.

NEW YORK, Dec. 30.—The watchman at Palmer's Theatre discovered fire under the stage at a quarter past 5 o'clock yesterday morning. Just as the watchman rushed from the theatre to give the alarm a man was seen to leave the office of Thomas & Ketcherson, real estate agents, who have offices under the theatre in 30th-street, and threw a blazing book into the street.

He then returned to the office and locked himself in. A cabman who noticed the man's actions informed the police, who arrested the man. In the floor was found a heap of burned papers, which seemed to show that a fire had been kindled by someone in the office.

An Unseemly Fight.

NEW YORK, Dec. 30.—The Herald's correspondence from Kingston, Jamaica, says that as the result of a conflict on the 16th inst. between officers and soldiers of the West India Regiment at the conclusion of the annual race meeting, 14 men were seriously wounded and one woman is reported to have died from the effects of the injuries received. The row began through a quarrel between a soldier and a civilian on the race track.

WATERWORKS PURCHASE.

A Letter from Mr. Cluxton on the Subject.

To the Editor of the Examiner:

PETERBOROUGH, Dec. 28th, 1892.

SIR,—For privileges granted to the Peterborough Water Company, the town bargained for, and obtained, an option to take over the water works at the expiration of ten years. This term expired on the 31st October last.

At present the ratepayers are discussing and considering whether, or not, it is desirable to purchase the works from the company.

If taken over the price or value is to be fixed by arbitration, the town appointing one arbiter, the company another, both of whom may appoint a third arbiter. When the award is made the town is not bound to accept it, but the company is bound by the decision. If the town should refuse acceptance the company, in that case, can retain the works for five years more without the interference of the town.

The arbiters have to decide what is the value, of the property at the time of the arbitration, without regard to the cost, the dividends paid, or the earning powers of the works, the iron pipes in the ground at the present price of such pipes in the markets, and cost of laying them; the pumps, machinery, hydrants, at their present values and in their present condition.

I may be permitted to state, that the company runs the works to MAKE MONEY, the town would run them TO SAVE MONEY, and give the ratepayers CHEAPER WATER. It is not unnatural that the company having a good thing, should hate to part with it; and the town, also knowing it to be a good thing, would try to secure it.

It is natural to suppose that the company would use strenuous efforts to defeat any by-law submitted to the ratepayers in connection with taking over the works, and this will be the weak point in the contest which the town will have to endeavour to overcome.

Some persons are inclined to think that the town could not manage the works as well as, private individuals. It is the present superintendent, Mr. Henderson, who has made the Peterborough Waterworks a success. Mr. Henderson is a thorough practical man, I know of none better in the country. He is honest and independent, and could not be bought up to do a wrong action. He could go over with the works to the town, and the business would run along *smoothly and satisfactorily.*

With regard to the new dam, that is a white elephant with which the town should have nothing to do, except to pay a fair price for the water if required by the town. The water is free and plenty at our doors, and that is the principal thing which makes the works a money making business.

It would be most unfortunate, in this very important matter, if any mistake should be made by the town in being too precipitate or otherwise. Better give sufficient time to allow the ratepayers every opportunity to collect reliable information, so as to enable them to arrive at a wise decision.

Yours truly,
W. CLUXTON.

CHRISTMAS AT ST. LUKE'S

A Pleasing Children's Entertainment Held on Wednesday Night.

Eight o'clock was the hour fixed for the commencement of the entertainment of the Sunday School children of St. Luke's church, Ashburnham, but with a regard for punctuality, which might well be copied by their elders, the crowd began to assemble about 5:30 p.m. Our relentless but doubtless prudent sexton, Mr. Ball, declined to open the doors until 7:30, and the audience held a preliminary entertainment outside of an *ad freedy* go-as-you-please type, which need not be described, but can be readily imagined. At 8 o'clock sharp, with a full school house of children and parents, the first part of the entertainment, consisting of music, vocal and instrumental, was commenced. Two pieces were loudly encored, viz., a solo, "Down by the Willow Tree," by little Maude Long, and a duet by Miss Long and Miss Tivey. Mr. Fleming concluded with a character sketch in which he showed how music can be produced from a pair of bellows, but whether human or material bellows, we leave it to the audience to decide. At all events he had an excellent pair of the former, and raised a hearty laugh. Then came the distribution of prizes and presents. The rector, Rev. Mr. Symonds, made a few introductory remarks, urging the parents to take an interest in the work of the Sunday school, as the place where the foundation of future character was laid. The marks for attendance and lessons were very high, quite a number of children having attended every Sunday in the year. Several teachers had presents from the children, and a highly popular presentation was that of a handsome prayer book and hymn book, by the Ladies Aid Society to the sexton, Mr. Ball. The meeting closed with the National Anthem and promiscuous cheering.

Many of the farmers and citizens in this vicinity have been badly taken in by a "tea" peddler of more than ordinary tact. He effected sales of tea of a very inferior brand in consideration of promising to send an organ or piano as a present. Every crestfallen purchaser received a cut of an organ or piano through the mail.

The Xmas tree in connection with the Methodist church was largely attended, and the village was thronged with pleasure seekers.

Strother's stereoptiocn Views of Toronto have been shown 92 times appreciatively. The second appearance of the Professor here will be on January 2nd, and promises to be largely attended. Refreshments will be served at 10c. The entertainment is under the auspices of the Presbyterians.

HAVELOCK.

From Our Own Correspondent.

The annual school meeting of section 15 was held in the school room on Wednesday, the 28th inst. After the usual business of passing reports and miscellaneous business, the election of a school board of trustees was taken up, and from the way the names were handed in to the chairman it seemed that the aspirants for the office were not limited, as the number rose as high as thirty-two candidates. The chairman explained that the meeting was drifting away from business. There were 14 names withdrawn from the list and still 18 remained for 6 to be appointed, for which a poll was demanded.

It is very interesting in the village now between two reeveship candidates, eight councillors and eighteen candidates for trustees. It is to be hoped that the right men will be selected.

NORWOOD.

(From Our Own Correspondent.)

The retirement of several candidates makes the village council elected by acclamation as follows:—Reeve, J. Finlay; councillors, W. Rutherford, R. J. Stewart, H. Reynolds, D. Mahoney. These candidates will contest the school trusteeship election:—H. Spence, G. A. Pettigrew, M.D., W. H. Breathen, P. W. Reynolds.

Christmas Donation.

The following Christmas donations to the Nicholls' Hospital are thankfully acknowledged:—Jas. Stevenson, M.P., one quarter of beef, three turkeys, three geese, one box of oranges; Mrs. R. THE BIGGEST DAY IN 7 YEARS!

Saturday, December 3rd was the biggest day MR. J. J. SHEEHY has had in seven years. Why is this? Surely not because there is less competition. Certainly not because inducements are not being held out by others. Most assuredly not because prices of farm products are showing an upward tendency. Then why??

Simply because the purchasing public of the town and surrounding country have read Mr. Sheehy's advertisements, have inwardly digested them and have concluded that cheap sale or no cheap sale Mr. Sheehy is bound not to be undersold.

We want every day in December to be a big day. How are we to accomplish this? Simply by offering to the public better value for the money than can be had elsewhere. Just cast your eye over the following quotations:—

All Wool Flannels, 26 in. wide, - -	17½	Good Linen Towels each - - -	5½
9 lb. Wool Blankets, - - - - -	$3.75	Grey Wool Blankets, - - -	31c. a lb.
14 yds. Heavy Grey Canton Flannel,	$1.00	25 yards Factory Cotton, - -	$1.00

These few quotations will probably give an idea of what we are doing and a glance at our BARGAIN TABLE in the centre of our store will convince the most skeptical that when it comes to general bargains we certainly are very decidedly "in it."

AN EVERYDAY STORY.

Brockville Daily Recorder.

Edith Barr, a bright little girl of ten years, living with her father, James W. Barr, on California street, in the town of Brockville, attended public school since she was eight years old. Of late, however, her ill health prevented regular attendance. She would be absent for two or more weeks at a time, then resume and again become unable to attend. As a consequence she fell behind in her studies and was outstripped by her companions. Her condition alarmed her parents. She complained of headache, loss of appetite, pain across her eyes, which often were dimmed as by a film, her hands and feet were cold, and she suffered from dizziness, ringing in the ears and general lassitude. Her complexion changed almost imperceptibly from a rosy healthful appearance to a pale waxy color. The usual household remedies were ineffectual for any benefit and a doctor was called in who prescribed and visited her for months. She improved so very little that her parents despaired of any permanent cure. Despite all remedies her appetite failed her and she took food irregularly and only by great coaxing. She suffered continually from headache and her cheeks were robbed of any vestige of blood. She became weaker from day to day. One of her neighbours called one day and expressed some alarm at the change in Edith. This lady had tried Dr. Butler's Golden Pills for her little girl with marvellous results and suggested that Edith might be benefitted also. Acting upon this advice a couple of boxes of Golden Pills were procured and Edith began their use, one pill three times a day. Their effect was magical. Bnt one box was taken when new life and vigour seemed to be infused into her weakened system. Her appetite first improved and the potent assimilative properties of Golden Pills here did the good work required. Her strength returned, her face assumed a natural, rosy, healthful color, and she again resumed her school studies, which she now found a source of pleasure, where before they were a torture. All her classmates can testify to her improved physical condition, and ply her with the question, what cured you? and the answer is always Dr. Butler's Golden Pills. The above related facts should serve as a warning to parents whose children may be affected with any of the symptoms referred to, and instead of adopting other remedies should at once try that truly wonderful nerve tonic and blood purifier, Dr. Butler's Golden Pills.

The magical curative properties of Butler's Golden Pills are not confined to the above condition only: they are equally efficacious in all diseases dependent on a vitiated condition of the blood and nerves, as Nervous Prostration, Rheumatism, Palpitation of the Heart, Shortness of Breath, Asthma, Nervous Headache, Neuralgia, Paralysis, Locomotor Ataxia, St. Vitus dance and all forms of Female Weakness, Suppressions, Irregularities, and the many ills that attend women at change of life, all Blood and Skin Diseases, Scrofula, Salt Rheum, Catarrh of the Throat or Stomach, Incipient Consumption and Chronic Erysipelas.

These Pills were formulated by a most distinguished practitioner after years of trial and study. They are recommended as one of the most potent and effectual preparations for the cure of nerve and blood diseases. They are offered to the public at a price that makes a course of treatment inexpensive. Never sold in bulk; always in packages wrapped in trade mark. No other remedy possesses such magical properties. Price 50c. per box, or six boxes for $2.50. They can be had of all druggists, or by mail from Dr. Butler Medicine Co., Brockville, Ont.

People are wishing each other the compliments of the season and exchanging gifts. Did it ever occur to you to send an ailing friend a package of Ayer's Sarsaparilla? If not, do so now; and try this medicine yourself, if you need a first-class blood-purifier.

They make one feel as though life was worth living. Take one of Carter's Little Liver Pills after eating; it will relieve dyspepsia, aid digestion, give tone and vigor to the system.

Our Bargain Mill.

We will grind out more genuine bargains this week than we did in any week in the history of our store.

This week we cast aside profits, cost—everything but to sell goods. We want to sell Five Thousand Dollars worth before New Years, and in order to do this, our staff has been increased—and everyone hustlers. Our prices have been again still further lowered, and we've got our best pair of skates on for the occasion.

Let everyone attend this great Bankrupt Stock Sale during the holidays and get 'Xmas and New Year's Presents at HALF PRICE. The most pretentious gift stock is inside their doors—representing a little world of amusement and a fairyland for children.

Mining Notes.

We learn, says the *Intelligencer*, that the Belleville Syndicate, who already own a large tract of silver-lead lands in Barrie, have taken over the Peterborough Company's land. This consists of 465 acres adjoining the Belleville Syndicate's property, and there is a good strong vein on the newly acquired land, 24 inches wide and assaying $87 to the ton.

Newsboys' Prizes.

The prizes in the EXAMINER newsboys' contest—ten in number—from a solid silver watch down—to the ten boys selling the largest number of papers between Nov. 8th and Jan. 1st, will be awarded at the EXAMINER office on Saturday night at 8 o'clock. The competition closes at 7 o'clock Saturday, and the sale tickets will be counted and the prizes awarded at 8 o'clock.

House Lighting.

Owing to the increasing demand for house lighting, the local lighting company are enabled to make a reduction in their metre rates of about 25 per cent. From January 1st next the rate will be 15 cents per thousand watts, equivalent to ¾ of a cent for each 16-candle lamp burning one hour. The light is exceedingly convenient, cool and clean, and at the price above charged should be within the reach of many who are now using coal oil. 3d152

Resolution of Thanks.

At the last regular meeting of Court Peterborough, No. 29, C.O.F., the following resolution was unanimously passed:—

That Court Peterborough, No. 29, C.O.F., desires to acknowledge with gratitude, the gift to this court of the sum of $50 by the executors of of the will of the late Mrs. Nichols, for charitable purposes, to be distributed among needy members of this court. That a copy of this resolution be sent by the recording secretary to the executors, Messrs. Richard Hall and C. McGill. Signed on behalf of this court.

A Happy December Event.

Rev. George Edwards performed a pleasing ceremony at the residence of Mr. Morley Lyle, 634 George street, Tuesday night, when his sister, Miss Millie Lyle, was married to Mr. Wm. L. Sharpe. The parties were supported by Miss Bella Sharpe, sister of the groom, and Mr. T. Emerson. After the usual wedding breakfast, Mr. and Mrs. Sharpe left on a short wedding trip. Returning they will take up residence on Simcoe street. Both parties have many friends who will wish them a happy married life.

The winner of Queen's v. R.M.C. and winner of Cobourg v. Peterborough will play on or before February 15.

Rare Chances.

The attraction this week at the Montreal Clothing House is in men's and boys' overcoats and winter suits. To finish up what has proved a very good business season, sweeping reductions will continue to be made until the stock is well cleared out. "Come and see," is the old way, and the only way, to form any idea of the sacrifices we are making.

MONTREAL CLOTHING HOUSE.

"Lovelier Than Ever!"

The ladies are greatly taken with our stock of Christmas novelties. They are lovelier than ever this year:

Fancy Trimmed Baskets	Fancy Silks
Towel and sponge Racks	Linen Work
Whisk Holders	Pretty Toilet Sets
Handkerchief Cases	Tea Cosies
Smoking Caps	Table Centres
Smoking Sets	Five o'clocks
Silk Suspenders	Celluloid Novelties
Shaving cases	Ivorine Novelties

Tie and Glove Cases, Towel Rings, Wools, Embroidery Silks and Ladies' Work, and many 'Xmas Novelties.—MISS MELVILLE, 424 George street.

The Edison Drain.

The Edison drain has been completed from George street to the point of discharge in the current near the Point. The work was supervised by Inspector Pope and took about five days. At the mouth of the sewer is a double wooden box drain, diamond-shaped, extending out a distance of 200 feet. The outer box is 14 inches square, while the inside box is 10 inches. By this means all the joints are broken. The steel pipe which runs out a distance of about fifty feet from its junction at the mouth of the wooden box, is 10 inches in diameter, and was supplied by the Central Bridge Works at a cost of $53. At the outfall, it is claimed, the strongest current of the river is struck at a depth of 10 or 12 feet.

A Fine Entertainment.

A happy children's Christmas entertainment was held in the Sunday school rooms of the Charlotte street Methodist church last evening. There was a large attendance of children, together with a fair sprinkling of parents and teachers. A choice tea was served by the ladies of the church from six to eight o'clock, and was entirely free to all. Afterwards Mr. A. Tebb, superintendant of the school, took the chair and under him a pleasing programme of readings, songs, solos, club swinging, recitations, etc., was successfully carried out. All the children who took part acted their roles well and won credit for themselves, special mention being due to little Lola Ostrom, for her cleverly given recitation, "Poor Little Joe." The entertainment closed shortly before 10 o'clock.

After the Battle.

The above words neatly describe just the position of a great many stores this week. Last week was a memorable one in business circles. Mr. J. J. Sheehy informs us that it was with him exceptionally good. Now that the hurry of Christmas trade has subsided a little, he intends that the balance of broken lots will be cleared out at once. Silk handkerchiefs, beautiful white ones in all sizes, will be placed on his bargain tables and sold at wholesale. Those goods are, in a sense, not holiday goods, but something useful in fact cheaper than linen. All lines of hosiery for boys' wear have been reduced and a glance at them will convince the most skeptical that it will not pay to knit them. Our shoulder wraps, etc., are also on the list of bargains, now the order of the day at J. J. Sheehy's. 153-dw

Peterborough Won the Debate.

An interesting and well contested debate took place in Bradburn's Opera House, Lindsay, last evening, where a fine entertainment was given under the auspices of the Catholic Literary Society. Mr. MacDonald, brother-in-law of Mr. L. M. Hayes, town, occupied the chair and a meritorious programme was successfully carried out which delighted the four hundred people present. The feature of the evening was the debate, "Resolved that independence is more preferable for Canada than annexation," took place between representatives of the Peterborough and Lindsay Catholic Associations. Dr. Brennan and Mr. Wm. Brick represented the former association and ably presented the negative side of the question, while Messrs. Smith and Kenny, Lindsay, argued forcibly in favour of independence. The debate was unanimously awarded to the negative side amid much cheering. The same debate will be argued again at the Catholic Association rooms here on Wednesday night next.

"By Wits Outwitted."

The latest comedy success, opera house, Saturday, Dec. 31st. No one should ever miss a good comedy. It is the most pleasing and frequently the most instructive form of entertainment. The management of the new comedy "By Wits Outwitted" by Edward Owings Towne, which is the attraction booked at the opera house for an engagement of one night only on Saturday, December 31st., promise that in it the theatre-goer will witness one of the best comedies that any age or literature has ever produced. It is claimed that it is modern, bright, sparkling and witty. Its plot is one of the most ingenious and original that has ever been thought out. Its fun bubbles spontaneously out of its situations. There are never strained, but grow naturally out of the story, and are always vivid and life-like. Its tone is absolutely clean and wholesome. The production of such e play at this time is a public benefit. It deserves the support of all those who enjoy a bright, fresh and entertaining comedy.

POLICE COURT.

FRIDAY, Dec. 30th.

A man from the country was charged with obtaining, or attempting to obtain, liquor from Mr. Wm. Clancy on Dec. 24th, after prohibited hours. The prisoner pleaded guilty, but the magistrate reserved judgment.

Jas. Moore was charged with being found drunk in a public place. Fined $3 or 10 days in gaol.

Geo. Peck was charged with immoderate driving on George street on Dec. 24th. He said the horse he was driving started to gallop, and ran a short distance before he could pull the animal down. The prosecution not being ready to go on with the evidence, the case was enlarged until Jan. 3rd.

PERSONAL.

Miss M. Lane, of Lindsay, is in town on a visit to friends.

Mr. C. J. Logan, of Galt, is visiting friends in town this week.

Mr. Wm. Cunningham, of Ingersoll, is visiting relatives in town.

Mr. Wm. Cunningham, of Ingersoll is spending a few weeks in town.

Miss. M. Richardson has returned to Toronto after a brief visit to her parents.

Miss Bessa Fair and Miss Annie Hall are the guests of the Misses Fair, Centreville.

Miss Essie I. Innes is spending her Christmas vacation with her parents in Campbellford.

Mr. Wm. Tebb, Peterborough, was visiting his sister, Mrs. B. Raper, od Monday.—[Millbrook *Reporter*.

Miss A. Miles, of Mr. R. Fair's dry goods establishment, is spending her holidays with relatives in Hastings.

Mr. Fred Heap, classical master of the Collegiate Institute has returned to town after spending his holiday in Lindsay.

Mr. and Mrs. John Kincaid, Peterborough, were the guests of Miss Thornton on Monday last.—Omemee *Recorder*.

Miss Eliza Blackwell, Peterborough, is spending her holidays with her sister, Mrs. Wm. Bradburn.—Omemee *Herald*.

Mrs. J. R. Bickell and children, Peterborough, are guests of her parents, Mr. and Mrs. John McCormack.—*Port Hope Times*.

Mr. Burton H. Brooks, has received information from Cornell University, where he is taking a course in electrical engineering, that he has passed the terminal examinations very successfully, taking high marks in all subjects. His many friends will rejoice at his success. He returns to resume his studies on Monday.

Mr. T. B. Wright, of Deloraine, Man., and formerly of South Monaghan, gave us a call yesterday. Mr. Wright left for Manitoba about eleven years ago "in the booming days" and settled in Brandon. Afterwards he accepted the position of representative of the Massey, Harris Co., at Deloraine, where he still resides. He reports that about four hundred thousand bushels of wheat will be marketed at Deloraine this year, or about 100,000 bushels less than last year. The elevators are being filled and emptied as speedily as cars can be provided. The price runs for No. one, from 45 to 55 cents. The settlers about this locality are all doing well. Mr. Wright will remain in the province for about a month attending to business matters and visiting friends.

Mr. J. L. Wells and family, of Winnipeg, are in town on a visit to friends. Mr. Wells has many friends in Peterborough who are greatly pleased with the great business success he has achieved in the brisk and busy west. He left for the Prarie City about 14 years ago and has now in successful operation three hardware and plumbing establishments—in Port Arthur, Brandon and Winnipeg. The first mentioned is managed by Mr. J. J. Emmerson, the Winnipeg one by himself, and the Brandon branch by Mr. W. J. McFarlane, son of Mr. A. McFarlane, town. Mr. Wells will remain in Peterborough and Ontario for about a month. Peterborough boys as a rule win success wherever they go, but Mr. Wells is an instance of exceptional success, and his many friends hope that he is only at the begining of it.

NEWS NUGGETS.

—Nothing in police circles to-day.

—There is good skating on the Little Lake, which is being largely patronized.

—A hunting party of five left town at an early hour this morning on a fox hunt to Smithtown.

—A Cavan farmer has presented Mr. H. C. Winch with a tine owl, much admired by bird fanciers.

—The Peterborough Hockey Club will go to Lindsay on Wednesday next to play the hockey team of that town.

—Mr. Cotton, of Toronto, is in town at the Cavanagh house, buying first-class horses for the English markets.

—The Collegiate Institute Hockey Club held a practice yesterday afternoon. They will play the town club a match in a few days.

—Mr. David Thompson, the brakeman who fell off Conductor Riley's express near Garden Hill on Christmas Day is recovering as rapidly as can be expected.

—There are no less than three candidates aspiring for the mayoralty in Belleville, in the persons of Aldermen Walbridge and Fowell, and ex-Ald. Petrie.

—Geo. Edwards, for many years G.T.R. agent at Omemee, died this morning from an attack of diabetes. He was a faithful servant of the company and highly respected.

—The band was out on their serenading expedition again last evening, and discoursed sweet music in front of the residences of many citizens. They were given a liberal reception.

—Peterborough Lodge, No. 111, I.O.O.F., held a regular meeting last night. Officers were elected for the ensuing term. Installation will take place at the next regular meeting night.

—Staff-Captain and Mrs. Bolton, Kingston, will conduct services at the Salvation Army barracks here on Saturday night and Sunday. On Monday a great banquet will be given. The hall is nicely decorated for the hallelujah occasion.

—Mr. R. M. Roy last evening gave a superb stereopticon entertainment at the St. Andrew's church Sunday school entertainment. He provided rare fun for the children. The coloured series of views illustrative of "The Rock of Ages," and "Coliseum of Martyrs," were especially attractive and are among the brighest gems of the stereopticon art.

THE THREE DAYS' CHRISTMAS TREE

A Gratifying Success Throughout.

Last night the Three Days' Christmas Tree held in the opera house under the excellent management of the ladies of St. Peter's Cathedral, was brought to a gratifyingly successful close. The sales continued during the evening, the Fire Brigade band furnishing two selections at intervals, and at 10 o'clock the business departments were closed. A social was then held, Butcher's orchestra furnished several selections. Last night the drawings took place, but as the lists are not yet complete a publication of the result is held over till to-morrow. The ladies in cargo of the several departments are to be congratulated upon their success. It should be mentioned that in the list of names supplied of the ladies in charge of the refreshment tables the name of Mrs. McGrath should be Mrs. M. O'Brien, who was an efficient member of the committee.

Go to the Montreal Clothing House for Bargains. Having bought the Oak Hall clothing store stock at 47½ cents on the dollar, we will sell it at 60 cents on the dollar. Great Bargains in Winter Goods—great chance to get overcoats or winter suits at bottom prices.

Alarm Clocks!

There are a great many small Alarm Clocks which have been running for a few years and are now out of order, which the owners are allowing to remain idle, because they think it will cost too much to repair them. If you bring them to us you will find that we will make them run as well as they ever did, at a very small charge. We have already changed numerous of these from being worth only rubbish into good timepieces. If you want to buy a new one, we will sell you an Alarm Clock at a lower price than any one else in the trade. We sell only the very best make and warrant every one.

Raised from the Dead

Long and Terrible Illness from Blood Poisoning

Completely Cured by Hood's Sarsaparilla.

Mrs. Mary E. O'Fallon, a very intelligent lady of Piqua, Ohio, was poisoned while assisting physicians at an autopsy 5 years ago, and soon terrible sheeve broke out on her head, arms, tongue and throat. Her hair all came out. She weighed but 78 lbs., and saw no prospect of help. At last she began to take Hood's Sarsaparilla and at once improved; could soon get out of bed and walk. She says: "I became perfectly cured by

Hood's Sarsaparilla

and am now a well woman. I weigh 128 lbs., eat well and do the work for a large family. My case seems a wonderful recovery and physicians look at me in astonishment, as almost like one raised from the dead."

HOOD'S PILLS should be in every family medicine chest. Once used always preferred.

The knowing shopper does not wait until Christmas eve to choose her present. It is too crowded then; (and will be worse this year than ever as it will be Saturday) come in now and choose, and you will get a Special Discount. New Goods, Good Goods, Cheap Goods, at Lowest Prices.

THAT BAGGING AT THE KNEE!

Men have been made to suffer in many ways, but nothing more bitterly than over the loss of a fashionable pair of pants, because of the bagging at the knee.

All remedies have failed to obviate this unsightly, baggy twist, until the introduction of

The National Trouser Re-Shaper

which will prove a boon to gentlemen and save them many pairs of good pants. It is very simple, very effective and very cheap. It is so handy and portable that it folds up small enough to fit in a cereet box For sale only by

ENTERTAINMENT AT ST. ANDREW'S.

A Pleasant and Profitable Evening.

Last evening a very successful entertainment was given in St. Andrew's Sunday School room. A large audience of the Sunday School scholars, their parents and friends assembled, completely occupying all the seats. The pastor, Rev. A. McWilliams, occupied the chair and opened the meeting by asking the audience to sing the familiar hymn "All Hail the Power of Jesus' Name," after which he engaged in prayer. In a few pointed words the pastor then referred to the great increase of the school during the past year and the excellent work accomplished by devoted teachers. He then expressed his satisfaction at seeing such a large number of parents and citizens present; it was an index of their interest in this noble branch of church work. The following programme was then proceeded with:

Solo, vocal, Miss Alice Dawson, singing in sweet tone.

Hymn, the Infant class, "Hear the Pennies Dropping."

Reading, Miss A. Patterson, who although a mere child, possesses marked elocutionary ability.

Song by Miss Aggie VanEvery and Miss Stenton, the solo being sung by Aggie VanEvery.

Club swinging by Bella King and Ethel Tully neatly done, with Miss Gladman at the organ.

Another hymn by the infant class sweetly sung, brought the first part of the programme to a close. Miss Edmison presided at the organ. Great credit is due Mrs. VanEvery, who had chiefly to do with the training of the little ones. Then came the second part of the entertainment, which was furnished by Mr. Roy, who entertained and instructed the audience with his superb views for an hour and a half. Many of the views teach a moral which Mr. Roy takes occasion to impress. The audience was delighted and he will be very welcome again. In conclusion he flashed upon the screen the National Anthem. The pastor then rose and asked the audience to sing this anthem, which was done so heartily as to indicate that they were not annexationists. Prizes were then distributed to the infant class, nuts and candies to the school, when all dismissed, feeling that they had spent a very pleasant and profitable evening.

THE TOWN DEFICIT STILL $6,000.

In last night's *Review* Mayor Kendry in a long and laboured letter endeavours to explain away the deficit achieved by the council of '92, and refuses to accept THE EXAMINER'S challenge for an independent audit to prove that the deficit is, as is claimed by us, $6,000. If Mayor Kendry had himself believed the bluster his letter contains, he would have found it much the easier thing to sign a cheque for $100 and manfully accept our challenge. Mayor Kendry would like to "exclude the cost of the Edison drain," and some $7,000 or $8,000 of other expenditures, and then issue a childish challenge, on grounds that he selects himself, which no sane man would entertain for a moment. Now, Mr. Kendry, we want no quibbling, as we find in your letter, about "legacies from '91"; we pin you down to our challenge, made on the basis of our assertion that the deficit on the financial operations for the year '92 is nearer $6,000 than "the no deficit" or the "very small deficit" you admitted at the nomination.

In the mayor's letter, referred to, he makes this charmingly candid admission, in the following words:

"In order to show that there is a deficit of $6,000, which I *have never denied*, etc."

Here Mr. Kendry in denying, really admits, all that the EXAMINER has claimed in reference to the deficit and the subsequent twaddle that constitutes his letter, will deceive no sensible ratepayer. For instance, when he wants "an investigation in respect of moneys received by it (the council) and disbursed during the year 1892," he flies from the subject and attempts to distract attention from the real point at issue—that there is (admitting as a starting point, a shortage of some $3,000 from last year) a deficit of $6,000 and this deficit, too, in face of the fact that the revenue at the disposal of the council was over $3,000 greater than that of the council of '91. Mr. Kendry in explanation of the expenditure that contributed to the deficit, refers to the clerk's office improvements, market scales roof, band stand, clock tower repairs, $700 to Nicholls Hospital, etc. Doesn't Mr. Kendry, after being in the council nine years, know that previous councils kept within the estimate, and met the cost of extra expenditures, out of current revenue, such as:

For the Hunter street iron bridge	$4,500
For the Townsend street bridge	600
For making Townsend street	1,000
For cribbing and filling Crescent street	2,000
For making Hunk street across Spaulding's Bay	1,000
For cribbing the "Goose pond"	3,000
For making and filling Water street	1,000
For powder magazine, say	900
For lot bought in Third Ward	500
For grading Reid street back of Cathedral	1,000,

Besides buying annually and paying for from 300 to 500 feet of hose to keep the fire brigade equipment in an effective condition, of which expenditure the present council has had the benefit; and besides previous councils paid from $2,000 to $2,500 per year to the Nicholls hospital, while the council of '92 only paid $700.

Councils for past years have made these large extra expenditures, and paid for them out of current revenue, and left no monuments like the Edison drain to be paid for by debentures. Yet the very first year Mr. Kendry gets into the mayor's chair and has full fling at running the town, he piles up a deficit of $6,000, with $3,000 of extra revenue at his disposal. A few more years of such brilliant financing and the town will be deprived of the benefit of the *prestige* she has gained from the hitherto deserved reputation of being the best governed and most lightly taxed town in the Dominion.

Mayor Kendry lays particular emphasis on the deficit from 1891. He was in the council and consented to the expenditure, and had his share in making it; and he forgets that there is something to show for that expenditure. The large building operations in new parts of the town in '90 and '91, made extensive sidewalk extensions and improvements imperative, and thus the liability was incurred. It would be fortunate for the town if there was a solid and progressive excuse for the $6,000 deficit of this year.

If Mayor Kendry does not see fit to accept the plain and unequivocal challenge of the EXAMINER, to prove by an independent audit that there is a deficit of $6,000 on the current year's financial operations, he will be robbing the ratepayers of the privilege of knowing where their money has gone, which information an independent audit would afford, and will force them to await the explanation which the tax collector will speedily furnish them if the present system of running the town goes on; or a rate of 17 or 18 mills next year will practically prove that there is a deficit this year.

Mr. Kendry's statement—"I decline to accept Mr. Stratton's challenge as he now puts it, for the reason that I never agreed to accept it"—is but a subterfuge and another way of saying that he dare not accept it, for he admits that there is a deficit of $6,000 and he knows that an independent audit would emphasize this fact. Mayor Kendry's proposal to employ "expert accountants from Toronto" shows that he has little confidence in the ability of his fellow-citizens. One would think that the costly experience of the council, in the fire investigation, with Toronto "experts," would be enough to satisfy them.

Hello!
Is that the C.P.R.?
Yes; who's speaking?
The G.T.R.
Well, what can we do for you?
Have you been up as far as 420 Water street, where Mitchell keeps sewing machines?
No, not yet.
That's the worse for you. You'd better lose no time. Take the first chance and drop in at 420, and see the handsome sewing machines he has just brought in by our line.
Is this Mitchell the man who repairs sewing machines?
Yes, and he's a "corker" at it too.
Well, I'll drop around.
You should; and take a sharp look at his drop cabinet machine—the finest that ever struck the town—and by Jove! his figures are very reasonable too.
All right; *au revoir!*
So long!

CRISP CURLING CHRONIQUES.

What is Going on at the Rink Where Curlers Most do Congregate.

Yesterday was a red letter day for the curlers at the rink. In the afternoon a large number of spectators witnessed a game "for anything from a turkey to a race horse," between skips Wm. Snowden and Wm. Craft. 25 ends were played and the rinks were enthusiastic and enjoyed a heap of fun. Following is the result:—

A Blade,	A McNeil,
J Stanger,	C McGill,
T Rutherford,	S Ray,
W Snowden, skip...29	Wm Craft, skip.....23

The first of the inter-rink matches among the Granites began last night. Much interest centred around the struggle between Skips Attrill and Judge Weller. At the last head in the sixteenth end Judge Weller was four points ahead, then Attril made four, causing a tie. Another end was played which resulted in a victory for Attrill's quartette by four points. The ice was in splendid condition. Following are the rinks:

G. M. Roger,	Rev. H. Symonds,
G. Sawers,	John Burnham,
D. W. Dumble,	E. B. Edwards,
T. P. Attrill, skip...20	Judge Weller, skip...16

Skips Connal and Dr. Boucher were also drawn against each other last night in the inter-rink competition. Fourteen ends were played with the following result:—

T. Connal,	C. J. Leonard,
E. Rutherford,	E. H. D. Hall,
G. Matthews,	G. W. Hatton,
J. H. Connal, skip..16	Dr. Boucher, skip.....9

The following curlers will compose the rink which leaves for St. Paul, Minn., the latter part of January to take part in the great International Curling Competition. From thence they will journey to Winnipeg to to take part in the Manitoba tankard competition. Returning they will reach Toronto just in time to take part in the Ontario tankard competition in February. They are: D. Belleghem, G. W. Hatton, R. S. Davidson, C. McGill.

THE THISTLES ORGANIZE.

Last evening the Thistles subdivision held a rousing meeting at the rink. Mr. W. G. Ferguson was elected chairman, Mr. C. McGill secretary, and Messrs. S. Ray, T. Rutherford and J. B. Pentland as committee. The members were placed in the following rinks for the inter-rink matches, which will start to-night. The first named in each rink are the skips:

Rutherford,	Ferguson,
S. Clegg,	Geo. Cochrane,
A. Blade,	R. B. McKee,
W. Snowden,	A. E. Thompson,
H. Snowden and another	Robt. Martin.
Ray.	Pentland,
Geo. Brown,	J. Stanger,
R. Stevenson,	C. Rutherford,
W. H. Robertson,	A. Sawers,
W. Clancy,	E. B. Clegg,

A. E. Mosley,	W. E. Conway.
McGill,	McNeil,
H. H. Kells,	W. H. Robertson,
G. H. Howson,	W. Croft,
R. Hall,	T. E. Boddy,
D. Ullyott,	C. Wynn.

Following is the way the members were drawn to play the 13-point game, which it was decided to do, the match to be finished not later than Jan. 15th:

G Cochrane	vs	A E Mosley
D Ulyott	vs	C N Brown
T Rutherford	vs	R Stevenson
W T Hall	vs	G H Howson
A E Thompson	vs	W Snowden
W Clancy	vs	R Neill
A Hall	vs	T E Boddy
Geo Brown	vs	J McKee

T E Bradburn	vs	R B McKee
C McGill	vs	R Martin
A Blade	vs	C Rutherford
J B Pentland	vs	D Belleghem
E B Clegg	vs	A McNeil
J Stanger	vs	S Clegg
R H Kells	vs	S Ray
A W Strickland	vs	W E Conway
A Sawers,	vs	W G Ferguson,
D Lackie	vs	C Wynn
W H Robertson	vs	W Croft

Following is the draw of the rink matches:—Play in this draw to be finished not later than the 3rd day of January.

Ray	vs	Rutherford
Bradburn	vs	Pentland
McNeil	vs	Davidson
Ferguson	vs	McGill

The total membership of the Granite and Thistle divisions is no less than 80 this year.

NEW YORK, (SPECIAL.)

WOMEN are wrapping themselves for cool or cold weather, according to the weather from day to day. The garments are diverse in shapes and fabrics. Five styles are sketched herewith. I have given rear views in order to display the wraps to the best advantage. From only a glimpse at the back of a woman, one woman is as pretty as another. I mean women with this season's cloak on. The backs of outer garments are stylish or graceful without the least help from their wearer. The woman who wears the chic cloak is so herself, you can be sure, from just that look at the back; and the women with the stylish cloak is stylish, that is, she may be, and then again she may not. Anyhow, you had better not run after her to see. Life is full of disappointments without chasing them. There, for instance, is the cape cloak that reaches half way below the knee and has a box pleat down the back. This sort of cloak is no longer belted in at the back. It gives you no clue to the wearer's figure or outlines. A still shorter one reaches only to the hips. The first three pictures illustrate good examples. The one in the initial is made of cloth, wood-color, entirely embroidered with black beads and edged with fur. The front falls straight; the back with a short waist, is fixed to the front with a gathered basque, under a band of fur. The valois collar is plum-shaded velvet. The puffed sleeves are of the same velvet, falling over a gathered cuff edged with fur. The second woman, with a corkscrew twist in her pose (she is looking back to see what the other woman has on) has a short mantle with long lines of passementerie that come half-way down the cloak, and end in loose tassels. Down the box-pleat a line goes all the way. There is an impression of grace

SHORT MANTLE WITH FUR COLLAR.

invariably made by a garment that follows only profile outlines and that is trimmed in straight lines. A woman couldn't be awkward if she tried in this cloak, nor "loud" nor anything but gentle, discreet and graceful. If you see the back of her only, or a mere side glimpse of her face, you will picture a face to go with the girl the cloak has conjured up in your mind. But don't run. Remember about life being full of disappointments.

Then there is the ulster. It has held its own for many years, and I fancy it will forever. Of course, each year sees modifications, but any heavy outer garment, coming to the heels and fitted to the figure is an ulster. Of late it has had a cape. This year it has several, and is all the more stylish. Take the rear view of a girl with a triple-caped ulster. The correct triple cape, of course, has the longest well to the waist, the next just to the shoulders, and the third a mere collar. Each cape is edged with fur, and there is a high standing collar edged with fur, too. And the sleeves—you can't see them, but you know there is fur about the trim little wrists that are so nicely gloved with dogskin. The little square toed shoes peep to and fro from un

der the long edge of the ulster, and the nancy chin is almost buried in the sign collar. After all, a girl never looks better than she does in a real stylish cloak. Now, it just suits this girl's style of coiffure and face, her crisp bang under that hat, and that shade of mixed blue and brown that is just the thing for hazel eyes. What on earth women want to wear any other kind of wrap for you never could tell, though, of course, all girls are not as pretty as this one. Such a trim little figure, too. Of course the back view does not really show it, or her pretty face, to advantage, but—there you go! Haven't I told you about life being full of disappointments. The woman who does the chic act is even more deluding than the others. The more chic a cloak is this year, the more baggy and loose and eccentric. Its outlines convey no idea of the woman's outlines. I mean they do not in any way follow them, yet somehow its own shape, arbitrary though it may be, gives one an idea of being just right and of course the woman who would select a cloak that has about it that air must herself be the same.

The Preferences of Children.

There was once a little girl, dark-eyed and intense, who, now that she is a white-haired woman, remembers how unhappy she was made during a whole winter by being compelled to wear a certain odd-looking cloak to school. The cloak was warm and comfortable; it was also quaintly pretty; but it was not in the fashion. A thrifty mother, in anticipation of a mode that actually came into vogue twenty years later, manufactured the little maid's cloak out of a gay tartan shawl, matching the brilliant plaids with precision, and trimming sleeves and collar and the garment's hem with long knotted fringe. It was really a very striking garment.

The cloak was wadded and lined and quilted. It was a marvel of comfort.

But the child who wore it was wretched, feeling herself a target for every eye, knowing that whole squares of people would say: "There comes Gertrude. She has that odd plaid woollen cloak on, made out of a shawl. Fancy!" She fretted and fumed and cried over her cloak; rubbed it against nails to tear it, and against paint to spot it, with only one burning wish, like fire in her veins, that some fortunate fate would separate her and her torment. The cloak gave the child a miserable winter.

All this was forty years ago, when parents felt that "discipline must be maintained." Secretly, the mother lamented the hour when she had invested her little one in the clothing which had proved so great a trial, but she felt that it would be weak and silly to indulge Gertrude by the purchase of another cloak. She feared, too, to encourage vanity. The cloak was not laid aside till the snows melted and the spring came. Over the gulf of two-score years the child, herself the mother of girls, keenly recalls the experiences of that winter, and in her own practice always consults her children's preferences in choosing their clothing.

Should not childish preferences have the same respect shown them which we courteously accord to the wishes and sentiments, even to the random caprices, of those who are mature in years and judgment? A child's vanity is far more sedulously cultivated, his self-consciousness and consequent awkwardness far more certainly insured, by exalting clothing into a concern of great importance and by ignoring a child's expressed fancies, than by treating the whole thing as of comparatively small account.

"My daughter Mary set her heart on an electric-blue gown trimmed with narrow bands of fur this winter. I would not let her have it, because I did not want her mind to dwell on her clothing. So I bought her a crimson cloth, with velvet garniture, just as handsome and as costly. I acted on principle."

Yes, dear Roman matron! But Mary hates the crimson, and she would have been contented with the blue, and was it worth while to stir up her dislike over a thing so petty? To indulge the preferences of children, whenever we can easily do so, is a safe rule. Childhood should never have a needless brier on its pathway.—Harper's Bazar.

A Use for Celery Tops.

All careful housekeepers experience more or less annoyance in the dressing of celery, as they realize that only about half of it is available for the table. The green portions with many of the leaves are so fresh and delicate-looking that it seems a pity to throw them away, and except in soups or salads there is but little use for them.

An excellent way of utilizing this heretofore waste material is to wash it thoroughly, to cut it in pieces about three-fourths of an inch long and put it in a saucepan with a little water to boil, letting it simmer for an hour and a half or two hours, adding a pinch of salt. Let the water boil nearly out, then add a little cream, a small piece of butter and a little flour or corn-starch wet with water. The corn-starch is much more delicate, though some people seem to prefer flour. When done, this should be like a thick batter. Slices of toast may be prepared and the hot celery put upon them, a large spoonful to a slice. A tiny bit of butter and the least possible dash of pepper may be added; then send to the table and serve immediately.

DOWN TO A FINE POINT.

The cross-country rider is one who gets cross because he is thrown at a ditch and gets no fox.—Picayune.

Some men are so conscientious that they never put off anything till to-morrow but the bill-collector.—Elmira Gazette.

There was a yachting accident the other day. An inexperienced passenger sat on one of the tacks.—Binghampton Leader.

It is proposed to construct rowing-shells of aluminum. A good idea; that will put oarsmen on their metal.—Lowell Courier.

Palatable and Potent.

The great objection to cod liver oil has been its nauseous taste. This has been entirely removed by the process of preparing "Miller's Emulsion of Cod Liver Oil," which is combined with hypophosphites of lime and soda, the greatest creator of new blood in the world. It has cured thousands of consumptives by rebuilding their constitutions. Everybody is talking of the wonderful power of this Emulsion. In big bottles, 50c. and $1.00, at all Drug Stores.

More cases of sick headache, biliousness, constipation, can be cured in less time, with less medicine, and for less money, by using Carter's Little Liver Pills, than by any other means.

Four Doses Cure a Cough.

GENTLEMEN,—My little boy was troubled with a very bad cough, and a lady friend advised me to try Hagyard's Pectoral Balsam. I got it at once and can truly say I did not give more than three or four doses until his cough was gone. I have never been without it since, as I find it the best for troublesome coughs.

MRS. J.S. RUDDY, Glen Williams, Ont.

Do not be discouraged if other medicines have failed to give you relief. Membray's Kidney and Liver Cure acts on the "4 Kidneys" direct, combined, with a mild action on the "Liver" and bowels, thereby removing the cause of "Back Ache," sour stomach, dizziness, indigestion and constipation.

National Pills are a mild purgative acting on the Stomach, Liver and Bowels, removing all obstructions.

Always avoid harsh purgative pills. They first make you sick and then leave you constipated. Carter's Little Liver Pills regulate the bowels and make you well. Dose, one pill.

A Pleasant Herb Drink.

The best cure we know of for Constipation and Headache is the pleasant herb drink called Lane's Family Medicine. It is said to be Oregon grape root, combined with simple herbs and is made for use by pouring boiling water on to the dried roots and herbs. It is remarkably efficacious in all blood disorders and is now the sovereign remedy with ladies for clearing up the complexion. Druggists sell the package at 50c. and $1

"PROMPT AND PERMANENT."

RHEUMATISM.—Jan. 17, 1883, GEO. C. OSGOOD & CO., Druggists, Lowell, Mass., U. S. A., wrote: "MR. LEWIS DENNIS, 136 Moody St, desires to say: "ORRIN ROBINSON, a boy of Graniteville, Mass., came to my house in 1881, walking on crutches; his leg was bent at the knee for two months. I gave him

to rub it. In six days he had no use for his crutches and went home cured without them."

Lowell, Mass., U. S. A., July 9, '87: "The crippled boy ORRIN ROBINSON, cured by St. Jacobs Oil in 1881, has remained cured. The young man has been and is now at work every day at manual labor." GEORGE C. OSGOOD, M. D.

IT PAYS TO ADVERTISE IN THE EXAMINER

PETTICOATS.

Florette Gives Hints of Styles and Materials.

I have sketched an elegant visiting toilet which had a skirt of ribbed heliotrope silk, bordered with black feather trimming and butterfly bows of black velvet. There was a sleeveless bodice of plaid silk to match, and a loose half-length paletot of ribbed silk, with a Watteau pleat at the back and the fronts open. At the top was a small yoke of silk, with turned-down collar and revers of black velvet. It has puffed elbow sleeves, and a black feather collarette. A black velvet toque trimmed with black feathers completed the toilet.

Just now, when the great designers of styles are disagreeing as to shape and cut of skirts and bodices, it is a relief to turn to a topic which will permit of positive statements. It can be said with entire safety that the fashion of undergarments is becoming more elaborate every month, but the number can hardly be lessened, since few fashionable women wear more than one petticoat and this of the most elaborate description. Most of the white petticoats have two or three skirts suspended by one band, or what is

practically the same thing, flounces reaching quite two-thirds of the length, and these flounced and trimmed like separate skirts. Some of the black or dark silk skirts are made in the same manner, with the skirt proper of the full length from the band, and edged with a gathered frill of the same silk, and over this a full gathered flounce, reaching well above the knees and the edge trimmed with a light-colored flounce covered with black lace. All these frills and flounces one above the other give the effect of many skirts, and, of course add to the warmth, while the hips are covered only with the one deep band, which permits the gown to fit like a glove. Satins, merv, or soft silks of any kind, are now preferred to the rustling glace silk for petticoats, and these certainly hang better and are more durable than the stiffer kind.

FLORETTE.

How Long to Keep a Cow.

In the Practical Farmer, Prof. Henry Stewart says: "I doubt if it pays to keep a cow after eight years unless it be for her calves, for the milking qualities certainly depreciate at that age, when she has passed her best. But as the calves are an important part of the income of a cow, it may pay to keep the best of the old cows on this account, although my experience has been that old cows do not retain their yield of milk so long as the young ones." It is the custom in Holland to dispose of all cows at the end of eight years. This is because they are yet good for beef, which seems to be the destiny of all bovine animals in that country. So far as milk and butter are concerned, most well kept cows are good until they are twelve years old, and often do well until fourteen. But this of course greatly detracts from their value for beef. In Chicago, and probably elsewhere, there is a demand for this poor old cow beef to can. It is less trouble to separate it from the fat, which is not desirable for canning purposes, and it can be bought cheaper than young beef. Extra cooking makes it tender. It may be just as nutritious and clean as young beef, but it would not sell well from the butcher's block.

They do not Despair.

An utter loss of hope is not characteristic of Consumptives, though no other form of disease is so fatal, unless its progress is arrested by use of Scott's Emulsion, which is Cod Liver Oil made as palatable as cream.

From the Jaws of Death.

Some surprising effects have been recorded from the use of Miller's Emulsion of Cod Liver Oil in the most desperate cases of consumption. When all other remedies have failed Miller's Emulsion nearly always succeeds. It is the best kind of a flesh and blood maker, and has been used with marked success by physicians in the Insane Asylum, Penitentiary, Hotel Dieu, and General Hospital in Kingston, Ont. In big bottles, 50c. and $1, at all Drug Stores.

We do not know of any preparation that has caught the public favor in so short a time as Dodd's Kidney Pills, but when we consider that three-fourths of the Canadian people are afflicted with kidney troubles in some form or other, and that Dodd's Pills are a quick and permanent cure for all these troubles, the large and increasing demand can scarcely be wondered at. Sold by all dealers or by mail on receipt of price, 50cts. per box. Dr. L. A. Smith & Co., Toronto.

Proved Beyond Dispute.

No one now doubts that Burdock Blood Bitters will cure dyspepsia, biliousness, constipation, headache or bad blood. The proof is so thorough and overwhelming that the doubters have been silenced and B.B.B. is secured in its place as the best purifying tonic and regulator extant.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle free, that they may try it before purchasing. The large bottles are 50c. and $1. We certainly would advise a trial. It may save you from consumption.

A REVOLUTION COMING.

Ecuador Has a President Who Is as Despotic as Balmaceda Was.

PANAMA, via Galveston, Dec. 30.—Ecuador is in a condition of unrest and there is strong reason to apprehend an approaching revolution. The situation is very like that of Chili before the uprising against the dictatorship of Balmaceda.

The President has assumed almost despotic power, overriding alike the constitution and the laws. He has used the veto power in the most drastic manner, annuling the financial and customs laws passed by Congress and leaving the executive work without a semblance of legality.

The President is now practically a dictator, and there is reason to believe that a revolution will shortly break out with a view to establishing a constitutional government.

THE CARTAGE QUESTION.

Drygoods Merchants Wait Upon the Railroad Authorities.

MONTREAL, Dec. 30.—A deputation of the drygoods section of the Board of Trade, consisting of the president, Mr. R. L. Gault, and Messrs James Slessor and P. P. Martin, waited upon Mr. George Olds, general traffic manager of the C.P.R., and Mr. John Barton, general freight agent of the G.T.R., in reference to present cartage grievance.

The drygoods-men complain that owing to the recent separation of the cartage from the freight in the railroad accounts they are compelled to pay cartage to their warehouses upon goods bought, freight prepaid, in the West, and they ask the railroads to return to the old system, under which the freight and cartage were included on the one charge and the goods delivered free at their own doors.

To this the railroad representatives replied that freight rates had been steadily declining for some time past, while the cartage rates were the same as ever. Hence they were unable to include the cartage in the freight without advancing freight rates. This latter course was impossible, because the tariff sheets and schedules are already printed and could not at present be altered.

Under these circumstances only one course is open to merchants purchasing goods from Western factories on the old terms—that is to pay the freight and cartage themselves and charge back the amount against the invoice. In this way the goods will practically be delivered free at their warehouse doors as heretofore, although it will involve a little extra trouble on their part.

A BAD SON.

Chokes His Father to Get Money on Which to Sport Around.

MONTREAL, Dec. 30.—A young man named Joseph Lefebvre, son of one of the wealthiest manufacturers of this city, was placed under arrest at the instance of his father and subsequently brought before Judge Dugas, who sent him to jail for six months.

The charge was for stealing money and clothes belonging to his father and brothers. Joseph is the "black sheep" of the Lefebvre family. On Tuesday he met a friend who wanted a good time, and the accused, in order to be accommodating, determined to get money.

Going to his father's office, he demanded money, but was refused, whereupon he seized the old gentleman by the throat and threatened to choke him if he did not produce the cash. Help came from the factory and the young man was sent away. Later, however, he again visited his residence and there stole a watch and several coats.

The police were notified and Deputy High Constable Lambert soon found the ungrateful lad, who was lodged in the cells at the Court House. Judge Dugas gave the prisoner a severe lecture and concluded by sending him to pass the winter in Valleo's.

A Bride-Elect's Long Journey.

WINNIPEG, Dec. 30.—News has arrived of the marriage at Bombay, India, on Nov. 21, of Rev. Norman Russell, formerly of this city, now of the Canadian Presbyterian Mission at Mhow, Central India, to Miss Minnie Hodgins of Toronto. Miss Hodgins traveled all the way from Toronto to meet her future husband at Bombay. The groom is a son of Mr. James Russell of this city.

Premier Taillon's Opponent.

MONTREAL, Dec. 30.—At a convention of the Liberals of Chambly County, held at Longueuil yesterday, Antoine Rocheleau was chosen as Liberal candidate to oppose Premier Taillon in Chambly.

Mr. Rocheleau accepted.

Fire in Quebec.

QUEBEC, Dec. 29.—Reid, Craig & Co., paper manufacturers, St. Paul-street, were burned out at 4 a.m. yesterday. The fire crossed the street and laid two houses in ashes, the inmates escaping in their night clothes. Then A. B. Dupuis' biscuit factory went. The loss is $100,000.

Suicide at Thedford.

MARKHAM, Ont., Dec. 30.—News has reached here of the suicide by hanging of Herbert Clarke, eldest son of John Clarke, a farmer living at Thedford. The young man, who was aged 22, had been low spirited for some time past.

Fire in Orillia.

ORILLIA, Ont., Dec. 30.—A fire yesterday destroyed the Coldwater-street Skating Rink, Thomas Phillips' residence and a few adjoining buildings. Losses partly covered by insurance. Incendiarism is suspected.

A Bunch of Accidents.

RUMFORD FALLS, Me., Dec. 29.—Yesterday was remarkable in this [illegible] its list of fatalities. Frank Richmond was terribly mangled by the explosion of a dynamite cartridge. William Falvey and Lewis Berry of Quebec drank wood alcohol and died. Thomas Burgess, farmer of Peru, went into the woods with his ax; later he was found dead under a tree he had cut down and which had fallen upon him. A row occurred between an American laborer and some Italians, in which one of the latter was badly cut with an ax in the hands of the American.

A Fatal Collision.

CHICAGO, Dec. 03.—Four persons were killed and twice that number injured yesterday by the collision of a Pittsburg and Fort Wayne passenger train with a heavily-loaded street car at the junction of 47th-street and Stuart avenue. The engineer of the train and the two watchmen at the crossing are under arrest pending an investigation of the accident.

A Comedian Dead.

TOLEDO, O., Dec. 30.—Bob Slavin, the comedian, died suddenly yesterday. He was one of the most popular minstrels in the country.

Lieut.-Gov. Royal

OTTAWA, Dec. 30.—Mr. C. H. Royal has been appointed Lieut.-Governor of the Northwest Territories.

Iron Foundry For Mexico.

To the Electors of No 1 Ward.

Gentlemen:

YOUR vote and influence are respectfully solicited to secure my election as one of the councillors for this ward for the ensuing year. If elected I will do my utmost to see that the expenditure is kept within income and that the interests of the Town are protected, as far as it is in my power to assist in securing that end. 150-6t

WM. WHITE.

To the Electors of Ward No. 2

AT the urgent request of a number of the electors of this Ward, as well as those from other parts of the town, I have consented to allow myself to be placed in nomination for a seat at the Council Board for the ensuing year. If honored with election I will do my utmost to advance the best interest of the whole town. As my time is fully occupied I may not be able to see all the electors personally and take this means of soliciting the votes and support of the ratepayers of the Ward to secure my return.

GEO. STEVENSON.

To the Electors of No. 3 Ward.

IN response to repeated requests to do so, I place myself at your disposal as a candidate for the councillorship.

I have no personal aspirations to the office, and shall be better pleased if some other selection is made. If however you choose to select me, I shall endeavour to serve you to the best of my ability.

G. M. ROGER.

Peterborough 27th Dec. 1892

To the Electors of No. 3 Ward.

HAVING accepted the nomination as councillor for No. 3 ward I hereby respectfully request your votes. Not having time for a personal canvas, I have decided to ask no one directly for a vote, but will duly appreciate any efforts made by my friends to elect me. During the coming year there will probably come before the council several important questions for consideration requiring a good deal of thought and attention. Should your choice fall on me as one of your representatives for No. 3 ward, I shall do my best to further the interests of my ward and the town generally.

Yours Respectfully

MACFARLANE WILSON.

To the Electors of No. 2 Ward.

Ladie's and Gentlemen.

HAVING been nominated a candidate for council for No. 2 Ward, I hereby respectfull solicit your vote and influence. If honoured with a seat at the Council Board, I shall give my best endeavours to assist in the economical management of the town's affairs, which from the close observation I have given, admit of considerable improvement, especially in the public works department, in which my twenty years of practical and successful experience would be, I think of some benefit to the town. Again soliciting your support,

I remain yours truly,

H. CARVETH.

STEAMER UMBRIA SAFE.

SIGHTED OFF FIRE ISLAND AT MIDNIGHT.

From Reports of Steamers That Have Signalled the Umbria From Time to Time Her Passengers May Be Expected to Arrive Without Mishap.

NEW YORK, Dec. 31.—The Umbria was sighted off Fire Island at 12 midnight.

Capt. Duck of the steamer Manhasset, who reported sighting the Umbria a short time ago, said to a reporter: We were three miles from the Umbria; it was blowing very hard and I thought possibly we had not understood the Cunarder's signals, so I asked three times whether assistance was desired, and each time the answer "No" came back.

We remained near the Umbria for two hours, and while in sight of her saw a Cunarder from Boston pass. The latter signaled the Umbria, but did not stop. While we were about the passengers on the Umbria were up on deck watching us. The vessel was going at the rate of about a mile an hour, and at that rate of sailing should get in here to-night or to-morrow morning.

A FATAL DUEL.

Krupp's Resident Agent Shot and Killed by An Officer.

BRUSSELS, Dec. 31.—Major Gillain of the Guards and Eugene Vanderbergen, Krupp's resident agent, fought a duel in a private garden on the Bois de la Cambre last night.

Vanderbergen was shot through the heart and died instantly.

The two men had been on bad terms for several months in consequence of their rivalry for the favors of a notorious woman. On the first exchange of shots Gillain's cheek was grazed. On the second exchange Vanderbergen fell dead without a word or sigh.

Vanderbergen was exceptionally popular among officers and business men in this city, and the announcement to-day of the manner of his death has made a painful impression in military circles.

Gillain is considered to have been blameworthy throughout the affair and he probably will receive more than the nominal sentence passed usually upon military duellists. The woman in the case has disappeared.

THE PARIS EXPLOSION.

A Former Boulangist Agent Arrested On Suspicion.

PARIS, Dec. 31.—M. Hutin, formerly a Boulangist agent, has been arrested on suspicion of having caused the explosion at the Prefecture of Police yesterday. He is believed to have been the instrument of the remnant of the Boulangist party and the Royalists in the matter, and to have proposed the inauguration of a reign of terror like that of last spring in order that in the accompanying confusion the republic might be wrecked.

Although no information can be obtained directly or indirectly from the police, it is plain that they have been working to-day more industriously upon clues pointing to the ultimate responsibility of some parliamentary party than upon any presumptive evidence implicating Anarchists.

INDIA'S DESIRE.

The National Congress Favor Home Rule —Silver Question.

CALCUTTA, Dec. 31.—Seven hundred delegates were present at the meeting of the Indian National Congress at Allahabad. A resolution was presented expressing regret that the people of India were not allowed to elect representatives to the council of the Viceroy

The resolution was referred to a committee, but the manner of its reception showed the increasing popularity of the movement for a national Indian legislature.

Another resolution was introduced asking the Indian Government not to deal with the currency question before the public had been enabled to discuss the report of the Herschell committee on the subject, and a resolution was also presented demanding the separation of judicial from executive functions in Indian officials.

EXPECTED ACQUITTAL.

The Imprisoned Panama Canal Directors Are Not Worrying.

LONDON, Dec. 31.—The Paris correspondent of The Daily News says: The reports of M. De Freycinet being involved in the Panama Canal scandals are melting away from lack of evidence. All that can be said against him is that he wrote amiable letters seeking assistance from Dr. Herz in his candidature for the presidency to succeed M. Grevy. The investigating committee has demanded the letters.

The imprisoned Panama Canal directors are still confident of acquittal.

Cornelius Herz, the German Hebrew connected with the Panama scandal, is still in London and has made preparations to stay all winter.

Labor Troubles In Germany.

BERLIN, Dec. 31.—In obedience to a Socialist clerical proclamation 8000 Saarlouis colliers have struck work, and it is expected the strike will spread.

The great brewers of Berlin, Brunswick, Magdeburg, Hamburg, Hanover and other places have formed insurance associations to protect themselves against losses due to boycotts and strikes and to enable them to take concerted action in combating the boycotting tactics of Socialists.

The German textile manufacturers have adopted a resolution never to re-employ strikers.

ST. PETERSBURG, Dec. 31.—Pending the result of the commercial negotiations between Germany and Russia, the two powers will maintain the status quo until May next.

Big Strike of Miners.

LONDON, Dec. 31.—The Standard's Berlin correspondent says: "Private telegrams from the Saar district state that 11,000 miners have struck. The National Zeitung says that the strikers have not a penny of resources."

Widowed and a Maniac.

CELINA, O., Dec. 31.—William Mountain, an oil well driller employed by the Standard Oil Co. at Camden, Ind., was instantly killed yesterday afternoon by the explosion of a shot gun. His wife upon being notified became a raving maniac.

THE EXPRESS ROBBERY.

Private Detective Hodgins of Toronto Discovered the Money.

SARNIA, Ont., Dec. 31.—Detective Hodgins of Toronto, who has been here for the past four or five days, was instrumental in recovering the money stolen on Dec. 20 from the Canadian Express office here.

As a result of his enquiries, and from slight clues obtained, he formed the opinion that the stolen money was concealed in the Express company's stables, at the rear of the office.

Search was made, but nothing discovered. The failure did not discourage the detective, and last night, in company with the express agent, Mr. Thomas Cook, and the stablemen, Mr. Stewart, another search was made. After an exhaustive search of the interior of the stable, and nothing resulting therefrom, Mr. Cook and the stable man crawled under the barn and were rewarded by finding the plunder secreted in a length of rusty stovepipe.

The original wrappers had been removed from the packages and a number of Traders' Bank "fives" taken.

The larger packages of the Bank of Montreal and Bank of Commerce were intact. The money loss is, however, comparatively small.

Mr. Cook has been warmly congratulated to-day on the recovery of the money.

The discovery of the booty so close to the scene of the theft has disposed of the theories so generally adopted as to the robbery having been the work of experts and outsiders, but it deepens the mystery as to who the guilty party really is.

Detective Hodgins is said to have seen on more than one occasion a man hovering suspiciously around the barn, but failed to get a good look at his face

The opening under the barn faces the railway track and the docks and would be in plain view of persons passing and repassing, so that it would be no easy matter for anyone to secrete the money there and pay visits to it, as seems to have been the case, without being observed.

Rumors of arrests have been flying around, but so far are without foundation.

SKATING ACCIDENT.

Children Playing Crack the Whip and Go Through the Ice.

OWEN SOUND, Dec. 31.—A thrilling accident occurred on the bay, opposite Brooke, which, incredible as it may appear, was not attended with any serious result. A dozen or more of the young residents of the village, among whom were the sons and daughters of Messrs. Graham, Squire, Hill, Rev. Hartley, Bishop, Ross, etc., were enjoying themselves skating, about 100 feet east of where lies the hull of the old Spray.

They had joined hands to play crack the whip, when the leader fell, and the followers tumbled together in a heap. The ice gave way under the combined weight, and in a moment all were precipitated into 10 feet of very cold water.

By dint of much scrambling, the boys bravely helping the girls, all were got safely out, fortunately getting off with nothing else than a cold bath. The escape from drowning was certainly most wonderful.

DENIES HE IS A SPY.

He Is Simply An Employe of the Dominion Government.

OTTAWA, Dec. 31.—Capt. Howard, who was known as Gatling Gun Howard during the Canadian Northwest rebellion, gives emphatic denial to the report that he has been visiting the armories and ammunition works of the United States Government as a spy for the Dominion Government or that he has been visiting the American works in any capacity.

A report to this effect has been started, and not only is Capt. Howard deeply incensed, but the Canadian Government will now endeavor to trace the story to its origin with a view to punishing the guilty parties, as the statement is a serious reflection upon the authorities here.

Capt. Howard was appointed a commissioner by the Canadian Government some months ago to enquire into the works of Dominion cartridge factories, and in that capacity has reported.

Malignant Diphtheria.

STEUBENVILLE, Ohio, Dec. 31.—A report has reached here that Kilgour, a small town in Carroll County, has been almost depopulated, so terrible has been the ravages of malignant diphtheria. The disease started about two weeks ago and increased as the weather grew colder, and fully 50 persons have died.

The victims were not confined to the young, many in middle life having died. The disease is beginning to abate.

U. S. Revenue Increased.

WASHINGTON, Dec. 31.—The receipts from internal revenue for the first five months of the current present year aggregated $70,045,070.68, an increase over the corresponding period of last year of $5,712,876.98. In every source of revenue there was an increase.

The President has proclaimed a definitive arrangement of commercial reciprocity with Salvador, concluded on the 29th ultimo. The arrangement is to take effect to-morrow.

Heavy Loss by Fire.

CHARLOTTETOWN, P.E.I., Dec 31.—Fire here yesterday destroyed J. B. McDonald's drygoods store and stock and a portion of R. B. Norton's hardware stock. Loss, $100,000; insurance, $49,000.

Blaine's Condition.

WASHINGTON, Dec. 31.—Yesterday morning Mr. Blaine was pronounced as being about the same

At midnight the lights in Mr. Blaine's apartments were extinguished for the first time since his more recent illness.

Lord Mayors to Meet.

LONDON, Dec. 31.—Lord Mayor Knill is about to pay a visit in full state to Lord Mayor Meade of Dublin. On Sunday both the officials will go in procession to the Roman Catholic cathedral, where they will attend mass.

The Cholera Commission.

ST. PETERSBURG, Dec. 31.—The younger members of the cholera commission are indignant at the farcical procedure of the commission. They declare their time was wasted, the old medical officers reading reports praising the beneficence of the Government and indulging in fulsome flattery of the nobility.

Deaths from Cholera.

HAMBURG, Dec. 31.—Two fresh cases of cholera and six deaths have been reported yesterday. There have been five deaths from cholera in Altona and two in Wandsbeck.

DID HE MEAN SUICIDE?

SUDDEN DEATH OF [illegible] ELGIN COUNTY RESIDENT.

Wilson W. Disher, a Prominent Citizen, Politician and Worker for Many Years, Takes Quinine Powders At a Druggist's, Dutton—Found Unconscious Next Day.

ST. THOMAS, Dec. 31.—Wilson W. Disher of this city, one of the best known men in Elgin County, died suddenly at Dutton village yesterday under circumstances which suggest suicide. Disher, who was 55 years of years, was a prominent Liberal politician, and has been one of the leading workers in every contest which has taken place in the county for many years. His name was also prominently mentioned in connection with the registrarship, the shrievalty and other positions in the gift of the Ontario Government.

The facts in connection with Disher's death are briefly these: Wednesday night he went to Dutton and put up at Rennie's Hotel. During the evening at Disher's request the landlord sent a boy to Kirkland's drug store for some quinine powders. On his return the powders were given to Disher and he retired. He failed to come down to breakfast next morning, and when the noon hour arrived and Disher had still failed to put in an appearance the door of his room was forced. He was found in an unconscious condition. Physicians were summoned, but despite every effort at resuscitation the man died at 6 o'clock.

At first the impression got abroad that the druggist had made a mistake and supplied morphine instead of quinine. This Druggist Kirkland denies; he is positive that no mistake was made. The doctors practically agree that the druggist made no mistake and attribute death to apoplexy.

The only ground for the rumors of suicide which are rife is the fact that deceased carried $37,500 life insurance—$10,000 of which was accident insurance. Nearly the whole amount of the policies had been taken out within the past year. An inquest will be held which may have the effect of setting at rest these reports.

Disher was formerly a miller in Malahide and subsequently entered into partnership with his brother-in-law, J. T. Walker, now collector of customs in that town. Subsequently he removed to St. Thomas, where he conducted a crockery store for years.

THE FIRST CASE.

Prosecuted Under the Modus Vivendi For Entering Behring Sea.

VICTORIA, B.C., Dec. 31.—The first case prosecuted under the modus vivendi for entering Behring Sea last summer was heard yesterday in the Admiralty Court. The case was against the schooner Oscar and Hattie, seized by the United States cruiser Mohican at Atu.

The defence was that the schooner only put in for supplies. Commander H. L. Johnson and Ensign Harrison of the Mohican seemed to favor this idea, and at the conclusion of the evidence the judge promised a written decision, but intimated that the case would be dismissed, the sealing schooner's owner to pay all the expenses of the prosecution.

In the case of the Mountain Chief, an Indian schooner, the parties were called and entered the plea that the Indians did not understand the law and had not been notified. They were warned and the case was dismissed.

PROBABLY TRUE.

Rumor That W. F. Walker, Q.C., Is To Be a Senior Judge.

HAMILTON, Dec. 31.—The Spectator says: There is a rumor in legal circles that W. F. Walker, Q.C., has received the appointment of senior judge and that the firm of Walker, Scott & Lees will shortly be dissolved. When spoken to about the rumor Mr. Walker said:

"I have not heard anything about the appointment. All I know is that I was asked if I would accept the appointment. It is true that our firm is to be dissolved, but I do not know yet what arrangements are to be made."

UNCLE SAM'S REPS.

Not Ready to Report the Result of the Monetary Conference.

NEW YORK, Dec. 31.—Senator Allison, Secretary Hale and Mr. Morgan, the representatives of the United States at the monetary conference at Brussels, arrived on the steamship Lahn Friday morning. Senator Allison, in reply to an enquiry as to what had been accomplished by the conference, said:

"We have adjourned until May 20 and therefore it is too early to say anything about the results as yet. In fact very little if anything has been accomplished, and I do not care to say anything until I can sit down and think it over."

Bradstreet's Report.

NEW YORK, Dec. 31.—There have been no striking changes in Dominion trade circles. Travelers have not gone out yet and business is quiet. The Nova Scotia coal miners' strike is off. Trade of late at St. John, N.B., has been good.

Bank clearings this week at Halifax, Montreal, Toronto and Hamilton aggregate $16,145,000, or 24 per cent. less than last week, and 2½ per cent. more than in the concluding week of 1891.

In the Dominion of Canada, including Newfoundland, the total number of failures reported for 1892 is 1682, a decrease of 9 per cent. compared with the preceding year. The decline in volume of liabilities, however, is much heavier—from $14,834,000 to $11,603,000, or 22 per cent.

Increases in number of failures are reported from Nova Scotia, Manitoba and British Columbia, where gross liabilities of those failing are likewise large as compared with 1891. Ontario and Quebec each shows a gratifying reduction in the number of business failures, together with gross liabilities.

The report of failures in the Dominion to Bradstreet's this year and last in detail, is as follows:

	No. of Failures.		*Liabilities.*

A FRONTENAC MIRACLE.

RELIEF COMES WHEN HOPE HAS ALMOST FLED.

An Ex-Councillor of Oso Township Tells of His Release From Suffering—His Neighbors Verify His Statements—A Marvellous Cure That is Now a Household Word.

Kingston Whig.

The readers of the *Whig* will remember that our reporter at Sharbot Lake, on two or three occasions last winter, wrote of the serious illness of Edward Botting, a well-known and respected resident of the township of Oso. Mr. Botting was so low that his friends had no hope of his recovery, and although of an energetic disposition and not the kind of a man to give up easily, he even felt himself that life was slipping from him. Later we learned that Mr. Botting's recovery was due entirely to the use of the remedy which has achieved so many marvellous cures that its name is now a household word throughout the land—Dr. Williams' Pink Pills for Pale People.

Our reporter visited Mr. Botting at his home on the picturesque shore of Succor Lake. Mr. Botting is a very intelligent and agreeable gentleman, some seventy-five years of age, but looking and acting as smartly as a man twenty years younger. He is probably one of the best known men in this section. He was postmaster at Fermoy for fourteen years, and a councillor of the united townships of Bedford, Oso, Olden and Palmerston for ten years. He gave the *Whig* representative a cordial greeting, remarking that it was his favourite paper and that he had been a constant subscriber for forty-nine years. Mr. Botting readily consented to give his experience in the use of Dr. Williams' Pink Pills, saying that he believed it was a duty he owed to humanity to let the public know what they done for him. "It was about two years ago," said Mr. Botting, "that I first began to feel that I was not my old self. Up to that time I had been exceptionally strong and rugged. My illness first came in the form of kidney troubles, which seemed to carry with it general debility of the whole system, and none of the medicines that I took seemed to do me any good. I am not of a disposition to give up easily, and I tried to fight off the trouble and continued to go about when many another would have been in bed. Things went on in this way until about a year ago, when I had a bad attack of la grippe, and the after effects of that malignant trouble brought me so low that my friends despaired of my recovery. I did not give up myself, for that is not my disposition, but when I found that the remedies I tried did me no good, I must admit I was discouraged. I was troubled with severe and constant pains in the back, sensations of extreme dizziness, weakness, and was, in fact, in a generally used up condition. I had read frequently in the *Whig* of Dr. Williams' Pink Pills, and at last the conviction forced itself upon me that they must have some special virtue, else they could not obtain such strong endorsations in all parts of the country. The upshot was that I determined to try them, and I bless the day that I came to that conclusion. Before the first box was finished I felt benefited, and I continued their use until I was as strong as ever. I have lately worked hard and find no ill effects therefrom. I consider Dr. Williams' Pink Pills the best medicine sold, and you may say I would not be without them in the house if they cost $5 a box. All my neighbors know what Pink Pills have done for me," said Mr. Botting, "and I would just like you to ask some of them."

Your reporter acted upon the hint, and first saw Mrs. L. Kish, a daughter of Mr. Botting. Mrs. Kish said "What my father has told you is quite true. It was Pink Pills that cured him and we are very, very thankful. Father is now as smart as he was twenty years ago."

Chas. Knapp, a prominent farmer, said: "I consider Mr. Botting's cure a most wonderful one and I believe he owes his life to Dr. William's Pink Pills." Your reporter called at John W. Knapp's but found that gentleman away from home. His wife, an estimable and intelligent lady, said "we are aware that Mr. Botting was very sick for a long time and considering his age thought it unlikely that he would recover, but he is now as smart as he was ten years ago and he ascribes it all to Dr. Williams' Pink Pills."

Mr. Avery, Reeve of the township of Oso, and Warden of the county of Frontenac, merchant, told your reporter that he has a large and constantly increasing sale for Pink Pills, and from all quarters has good reports of their curative qualities.

H. W. Hunt, a commissioner and school teacher, said he had known Mr. Botting for a number of years and considered him a well read and intelligent gentleman, who, if said Pink Pills had cured him, could be depended upon, as he is a very conscientious man who would not make a statement that was not accurate.

Dr. Williams' Pink Pills are a perfect blood builder and nerve restorer, curing such diseases as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus' dance, nervous headache, nervous prostration and the tired feeling therefrom, the after effects of la grippe, diseases depending on humors in the blood, such as scrofula, chronic erysipelas, etc. Pink Pills give a healthy glow to pale and sallow complexions, and are a specific for the troubles peculiar to the female system, and in the case of men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of any nature.

These Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N. Y., and are sold only in boxes bearing the firm's trade mark and wrapper, at 50c. a box or six boxes for $2.50. Bear in mind that Dr. Williams Pink Pills are never sold in bulk, or by the dozen or hundred, and every dealer who offers substitutes in this form is trying to defraud you and should be avoided. all other so-called blood builders and nerve tonics, no matter what name may be given them. They are all imitations whose makers hope to reap a pecuniary advantage from the wonderful reputation achieved by Dr. William's Pink Pills for Pale People, and refuse all imitations and substitutes.

Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address. The price at which these pills are sold makes a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

The question is frequently asked, "Why is Ayer's Cherry Pectoral so much more effective than other cough remedies?" The answer is, simply because it is the most skilful combination of anodynes and expectorants known to medical science.

More cases of sick headache, biliousness, constipation, can be cured in less time, with less medicine, and for less money, by using Carter's Little Liver Pills, than by any other means.

A Pleasant Herb Drink.

The best cure we know of for Constipation and Headache is the pleasant herb drink called Lane's Family Medicine. It is said to be Oregon grape root, combined with simple herbs and is made for use by pouring boiling water on to the dried roots and herbs. It is remarkably efficacious in all blood disorders and is now the sovereign remedy with ladies for clearing up the complexion. Druggists sell the pack, ages at 30c. and $1

Results of the Various Promotion Examinations December, 1892, in the Different Schools of the Town.

The following are the names of those pupils who wrote at the promotion examinations held on Dec. 21st and 22nd, 1892, and were successful in passing. The results in all the examinations are favourable, showing a good percentage of the number who wrote passed. The names of those passing from one book to another, and those one room to another, appear in the order of merit. The percentage necessary to pass was 33½ per cent. in each subject, and 50 per cent. on the whole. The percentage to obtain honours was 66. The EXAMINER congratulates the successful pupils, and wishes them a Happy New Year.

Differences Settled.

BALTIMORE, Md., Dec. 30.—The differences between the Baltimore & Ohio Railroad officials and the Grievance Committee of the Brotherhood of Trainmen have been settled by the signing of a wage scale which makes an average increase of from 8 to 18 cents per day.

Murdered and Cremated.

SACRAMENTO, Dec. 30.—The station house at Brighton, five miles east of here, was destroyed by fire yesterday. The remains of Miss E. A. Ayers, the telegraph operator and railroad agent, were found burned almost to a crisp in the ruins. It is evidently a case of murder and arson. Miss Ayers was reported to have had considerable money.

Two Negroes Lynched.

NEW ORLEANS, Dec. 30.—Lewis Fox and Adam Grimpson, two negro murderers, were lynched in St. Charles parish yesterday.

People are wishing each other the compliments of the season and exchanging gifts. Did it ever occur to you to send an ailing friend a package of Ayer's Sarsaparilla? If not, do so now; and try this medicine yourself, if you need a first-class blood-purifier.

They make one feel as though life was worth living. Take one of Carter's Little Liver Pills after eating; it will relieve dyspepsia, aid digestion, give tone and vigor to the system.

Do not be discouraged if other medicines have failed to give you relief. Membray's Kidney and Liver Cure acts on the "Kidneys" direct, combined, with a mild action on the "Liver" and bowels, thereby removing the cause of "Back Ache," sour stomach, dizziness, indigestion and constipation.

National Pills are a mild purgative acting on the Stomach, Liver and Bowels, removing all obstructions.

Always avoid harsh purgative pills. They first make you sick and then leave you constipated. Carter's Little Liver Pills regulate the bowels and make you well. Dose, one pill.

OLD DR. GORDON'S NEVER FAIL IN CURING all Suppressions and Irregularities, and make women regular. Perfectly safe. Used monthly.
"They have relieved me of a world of trouble and anxiety."—Mrs. James Howard.
"I would not be without them. They never disappoint."—Mrs. C. A. Montpelier.

The Bond of Affection.

Last evening the twelve boy Sunday scholars in Miss Hettie Lumsden's class in the George street Methodist church presented her at her home on George street with a kindly-worded address and a valuable teacher's Bible. H. Wynn read the address, and Frank English made the presentation. Miss Lumsden made an appreciative reply.

House Lighting.

Owing to the increasing demand for house lighting, the local lighting company are enabled to make a reduction in their metre rates of about 25 per cent. From January 1st next the rate will be 15 cents per thousand watts, equivalent to ⅔ of a cent for each 16-candle lamp burning one hour. The light is exceedingly convenient, cool and clean, and at the price above charged should be within the reach of many who are now using coal oil.3d152

New Show Rooms.

The Canadian Canoe Co. have rented the premises formerly occupied by Messrs. Breeze & Jones, situate on the corner of Water and Brock streets, and they are now having it put in shape to be used by them as a show room for their canoes, skiffs and steam launches. Being so centrally situated, (just north of the post office, on Water street) and on the ground floor, it gives them an exceptionally fine place to show their goods.

Week of Prayer.

At a meeting of all the pastors held yesterday in the Y.M.C.A. rooms, regarding the week of prayer, it was decided to hold union meetings as heretofore.

Monday evening — In St. Paul's Church. Topic, "Humiliation and Thanksgiving," by Rev. Mr. Locke.

Tuesday evening — In Charlotte Street Church. Topic, "The Universal Church," by Rev. Mr. Goldsmith.

Wednesday evening — In George Street Church. Topic, "Nations and Rulers," by Rev. A. MacWilliams.

Thursday evening—In the Baptist Church. Topic, "Foreign Missions," by Rev. Mr. Edwards.

Friday evening—In St. Andrew's Church. Topic, "Home Missions and Jews," by Rev. Messers. Trotter and Thom.

The meetings will commence each evening at eight sharp. The pastors will preside each in his own church. It is to be hoped that these meetings will be largely attended by all, that all other meetings, as far as possible, may be set aside.

Rare Chances.

The attraction this week at the Montreal Clothing House is in men's and boys' overcoats and winter suits. To finish up what has proved a very good business season, sweeping reductions will continue to be made until the stock is well cleared out. "Come and see," is the old way, and the only way, to form any idea of the sacrifices we are making.

Death of an Old Resident.

Robt. Lang, an old resident of South Monaghan, died at his home on Water street this morning, in the seventy-second year of his age. Deceased has been suffering for the past few weeks from bronchial trouble and affection of the heart. The late Mr. Lang was born in South Monaghan, and was a highly successful and prosperous farmer during all his life. About five years ago he retired and moved to Peterborough to reside. He was highly esteemed by all who knew him for his generous disposition and upright qualities. He leaves a wife and family of five children to mourn the loss of a kind and loving father. The funeral will take place on Monday afternoon to the Little Lake cemetery.

The Winter Session.

At this season of the year many young ladies and gentlemen will be making up their minds to attend some educational institution. In taking this step it is of great importance that they should attend one in which they will obtain an education and training that will give the best results in the shortest time and at a minimum cost. The winter is a desirable season for many to pursue a short course of study, and we know of no better institution than the Peterborough Business College, Peterborough, where a young man or woman may prosecute a course to advantage. There are no terms or vacations at the college, so that students can enter any week day in the year with equal advantage. The instruction is individual, and examinations are held weekly, so that no student is kept back for another. The course of study embraces instruction in book-keeping, shorthand, arithmetic, penmanship, spelling and typewriting. The entire business or the shorthand course can, with reasonable diligence, be completed in four months. And, as the scholarships are issued for the life of the holder, if a student cannot finish the course taken in one winter, he or she can return and take up the work again in the following fall or winter, or whenever it may suit his or her convenience, without further charge. The winter session will begin on January 2, 1893, and those who cannot make it convenient to register on that day can do so on any day following. 1d

OUR FINANCIAL CONDITION.

A Letter from "Low Taxes" on the Subject.

To the Editor of the Examiner:

SIR,—Mayor Kendry in his manifesto of yesterday has at last admitted there is a deficit, but desires to lay the blame of it upon the past council of 1891, and the burden of it upon the future council of 1893. If he could exclude certain items out of the accounts I have no doubt he could figure a surplus on hand, but such sophistry would be of no value to the heavily-burdened ratepayer, who has to pay the piper no matter who spent the money. In regard to the Edison sewer Mr. Kendry says it would be a mistake to put it in the estimates of 1892, but rather it is intended to be part of the general system of sewerage, to be paid out of the money raised for sewerage purposes for 1892." What right has he to say that it shall be paid out of the monies raised in 1892? In 1891 the people voted against the sewerage scheme and on the face of this vote the council of 1892 expend these monies on account of a prospective vote in 1893! If the people do not vote the money in 1893 it will have to be paid out of the taxes of 1893 by direct taxation. Is Mr. Kendry, in addition to being an able financier, also a prophet? Can he foretell in what manner the people will vote for sewerage in 1893? or is he going to expend the money for general sewerage in that year if the people do not vote it, and, at the end of the year (after they have expended, say, $15,000, say) there is a deficiency on that account as it will be paid out of the moneys to be voted in 1894? Does not Mr. Kendry know that this Edison expenditure is illegal according to his own showing? A more dangerous man to have at the head of our municipal affairs it is impossible to conceive.

Mr. Kendry admits a deficit from 1891 of $3282.82, which, added to the Edison expenditure, makes a total of $6741.15. Add to this two accounts not in the financial statement published, viz., the Water and Light accounts due 31st Dec. $2500, we have a total shortage of $9240.15.

In connection with the expenditure on the Edison sewer I should like to draw attention to the costs of superintending and engineering shown in the statement of expenses published yesterday. The total costs was $3478 and the engineering and superintending costs $457.92 or 13¼ on the total outlay. Mr. MacDougall, C.E. must find this is a pretty soft place for engineers and I hope his bill for other services will not be in the same proportion.

This town is now the highest assessed and heaviest taxed place I believe in Canada, and 18 mills on the $ is all I want to pay, but I do not see how juggling the accounts so as to throw part of one year's expenditure into another is going to help me, as I will have to pay it the following year. The council would have done better to have levied the proper rate, 18 mills, instead of shoving it into 1893, when 18 mills will have to be paid. I hope the ratepayers will insist on calling a halt in the mad race the council are running with the constable and not pile any more burdens upon us till they get affairs in a proper condition. I would suggest that the government be applied to, to appoint a commission to ascertain exactly what our financial position is. There are rumours of concealed transactions which have never seen the light. How much have we paid on account of the Edison sewer? How much for town buildings? How much has been paid since the statement was published on 15th Dec? Last year the council paid out over $7,694.59 after the 15th. It is ominous that though the council and finance committee have met several times this year since the 15th, yet no accounts appear to have been passed. Is there no concealment here?

Your course, Mr. Editor, in this discussion, has the approval of every thinking ratepayer.

Your, etc.,
LOW TAXES.

THE WATERWORKS PURCHASE.

To the Editor of the Examiner:

DEAR SIR.—As the ratepayers may be misled by some of the statements lately made by one or two of the gentlemen who have been discussing the purchase of the waterworks by the town and published through your paper,

I wish simply to correct them before the voting on Monday.

One is that the Water Company will actively and strenuously oppose the carrying out of the purchase by the town and do all they can to negative the vote on Monday.

For myself and the other directors who are the largest shareholders, I have to say bearing on this: That the Water Company are only too anxious to have the question of the purchase and the amount to be awarded, decided and settled upon.

That, independent of how the vote goes on Monday, we will do all we can at the request of the council for 1893 to further an arbitration, and purchase by the town.

The other statement, or mistatement, is that if the town governed by the indication of popular expression of the property holders on Monday do not take steps at once to take possession of the Water Company's works, that the town cannot then purchase for five years.

This is altogether wrong. The town have the option at any time from year to year, from month to month, to signify their intention of buying and taking over the works, and this end, as I said before, I will further to the best of my ability. I quite agree with Mr. Cluxton, that the shareholders of the company desire to get their money out of it as soon as possible. Ten years is sufficiently long enough for most of us to devote our time and money and services without hopes of any recompense or return or even appreciation, and Mr. Cluxton's shrewdness shows him that the longer the shareholders operate the company, the less likely are they to get their money out at 100 cents on the $, and I agree with him, therefore, in wishing the town to be the owner and worker of the system.

I remain, yours truly,
R. A. MORROW,
Vice-President Peterborough Water Co.

COUNTY POLICE COURT.

FRIDAY, Dec. 30th.

The enlarged case of Joseph Irwin, of Springville, who was arrested some few days ago by High Constable Cochrane on a warrant issued by Robert Rynd, came up for hearing yesterday. The charge laid was that of common assault, and to this he pleaded guilty and was fined $3 and costs.

On the information laid by Joseph Tully charging Irwin with assault and with intention to commit and committing grevious bodily harm, he elected to be tried by a jury. The case will come up therefore before the next court of competent jurisdiction. Mr. J. A. Barron, Lindsay, appeared for Irwin.

Information was laid by T. J. Wills, Deputy Game Warden, Bobcaygeon, charging several hunters with shooting deer on Sunday, Nov. 13th. They all admitted the charge and were fined $5 and costs. Another hunter was fined $20 and costs for killing a fawn.

CHURCH CHIMES.

Hello!
Is that the C.P.R.?
Yes; who's speaking?
The G.T.R.
Well, what can we do for you?
Have you been up as far as 420 Water street, where Mitchell keeps sewing machines?
No, not yet.
That's the worse for you. You'd better lose no time. Take the first chance and drop in at 420, and see the handsome sewing machines he has just brought in by our line.
Is this Mitchell the man who repairs sewing machines?
Yes, and he's a "corker" at it too.
Well, I'll drop around.
You should; and take a sharp look at his drop cabinet machine — the finest that ever struck the town—and by Jove! his figures are very reasonable too.
All right; *au revoir!*
So long!

Simply Awful

Worst Case of Scrofula the Doctors Ever Saw

Completely Cured by HOOD'S SARSAPARILLA.

"When I was 4 or 5 years old I had a scrofulous sore on the middle finger of my left hand, which got so bad that the doctors cut the finger off, and later took off more than half my hand. Then the sore broke out on my arm, came out on my neck and face on both sides, nearly destroying the sight of one eye, also on my right arm. Doctors said it was the **Worst Case of Scrofula** they ever saw. It was simply awful! Five years ago I began to take Hood's Sarsaparilla. Gradually I found that the sores were beginning to heal. I kept on till I had taken ten bottles, ten dollars! Just think of what a return I got for that investment! A thousand per cent? Yes, many thousand. For the past 4 years I have had no sores. I **Work all the Time.** Before, I could do no work. I know not what to say strong enough to express gratitude to Hood's Sarsaparilla for my perfect cure." GEORGE W. A GLANCE AT OUR FINANCIAL CONDITION.

WITH the present issue of the EXAMINER, we close our relations with our readers for the past year—1892, and it is fitting that we should close it with a brief review of the past, a consideration of the present and a suggestion of the future—upon a topic that most naturally concerns the material interests of the people.

For the past few days the EXAMINER has, in the public interest, given considerable attention to our financial position, and a review and elaboration of the points presented in this regard, will not be amiss at the close of one year and the beginning of another. To rightly consider the situation it may be looked at from three points of view.

A consideration of our past financial record is an agreeable retrospect. The town has won the reputation, and deservedly too, of being wisely and economically governed.

During the ten years previous to the last ten years the average rate of taxation, which covered everything, was twelve and four-tenth mills, and every civic service received ample justice during this period. Then we had no floating debt, but the town had a happy knack of carrying over a surplus instead of a deficit. For instance, in 1887 the surplus carried over was more than $3,000; the next it was over $2,000. But it seems we have got bravely over this thrifty habit, for we have this year a deficit of $6,000, and the rate has crept up in the last ten years from 12 and 13 mills to 16 mills, and forty finance ministers cannot tell what the rate will be next year. In the past the town has been governed economically and prudently, and has gained a well deserved reputation of being a cheap town to live in, of being well governed and by low taxation. But this happy state of things is passing away; and if the reckless style of town government of the past year continues; if deficits, continually increasing, are carried over from year to year, we shall, before another decade comes around, have to apply to Parliament for a consolidation of our debt. So much for the past.

Our present financial condition, considered both in relation to the past and the future is a serious one. We have, as before pointed out in these columns, a shortage on the financial operations of the year '92 of over $6,000, nearer $9,000 as will be seen hereafter—a decidely serious matter in a case where the controllable expenditure is about $20,000. True, we had a deficit last year, estimated at the highest, of $3,000; but then we had something to show for it; the material progress of the town in the way of new buildings and the extension of our street area, demanded an extra expenditure; and it is a fortunate town that is compelled to incur expenditure on account of solid material growth, but this year with no excuse of this kind, there is a shortage of over $6,000, and that too in the face of an increased income of over $3,000. This year the rate of taxation has reached the highest notch in the history of the town, and if the rate had to be struck now to cover the financial operations of the present year, the rate of taxation would be 18 mills instead of 16 mills. With the extra $3,000 of revenue the present council had at their disposal, and with the deficit they created, the council is practically $9,000 short on the operations of the year. This is bad enough in all conscience, supposing that we had something to show for it, but we have not that consolation. The ratepayers have to regard a financial situation that is $6,000 short, with a blank wonder where the money has gone. There is comparatively nothing to show for it. Mayor Kendry admits, or rather does not deny, a deficit of $6,000, but that is scant comfort, especially in view of the fact that bad as the present is there is little prospect of anything better in the immediate future.

On the other hand the future shows but a gloomy financial outlook. The new council will enter upon the new year with an ugly liability of nearly $9,000 upon its back, that will have to be met. And how? By raising the assessment? That is now up to the highest point; so there can be little or nothing hoped for from this source. By increasing the rate of taxation? That seems to be the only way. And will the new council, with the same Mayor and moving spirit at its head, and, possibly largely composed of the same men, be able to do any better? They entered upon the year of 1892, with $100,000 of extra assessment to their advantage, and with a small shortage. The coming year they enter upon office with a deficit of over $6,000, with nothing to hope from increased assessment, and with increased expenditure staring them in the face. How will they meet the situation? There is only one remedy; clap on the rate. This year it is 16 mills, what will it be next year? If the council of 1892, with a controllable expenditure of $20,000, fell short $6,000 on an increased assessment, and with incidentally increased revenue, how will they manage the increased financial responsibilities of the year 1893?

Let us for a moment consider our immediate and immediately prospective obligations: Aside from our floating indebtedness, our debenture indebtedness is about $300,000, reduceable by presently available assets to $175,000; add to this the cost of a system of sewerage, $100,000 at least, and $150,000 for waterworks purchase, which latter is dependent upon the decision of the ratepayers on Monday next, and we have a total of debenture indebtedness of $425,000. We may surely count upon an addition of $100,000 for sewers, for the town council is committed to the scheme. Mayor Kendry cavalierly wipes the cost of the Edison drain off the civic slate by declaring that it "is intended to be a part of the general system of sewerage," and to "be paid for out of the money raised for sewerage in 1893." We evidently must face the sewerage system at a cost of $100,000, for, if the council does not go on with its construction, there is no doubt that the Provincial Board of Health, with the powers it possesses, will compel the town to construct a sewerage system; more especially, in view of the cholera epidemic, which must be guarded against when spring opens, for cholera is still present in Hamburg, and we shall have to incur heavy expenses, doubtless next summer, in order to put the town in a good sanitary condition. Then, if the people decide to encourage the town to purchase the waterworks system, we shall have to float $150,000 for this purpose in addition to $100,000 for sewers next year. And next year will be a terribly bad year to borrow money. This year there will mature throughout the country between five and six millions of municipal loan fund debentures. To meet these there will be a rush for the money market and capitalists will be in a position to get fancy rates for loans. Under the circumstances could we hope to sell our debentures at a good rate?—could we borrow $250,000 on easy terms? Now if we "go to the Jews" we must pay roundly for it. If we, as ratepayers, decide to add the interest on sewerage and waterworks debentures to the increased taxes, we have to pay to meet a heavy deficit which must be carried over from 1892 to 1893, what will the rate be? If we fell short in one short year over $6,000 on a controllable expenditure of $20,000, what shall we do with an interest charge of $10,000 or $12,000 added to our taxation? If a rate of 16 mills fell short over $6,000, what rate shall we require if we add $100,000 for sewerage and $150,000 for waterworks and prepare to fight the cholera and cover this year's deficit of $6,000?

These are questions the ratepayers must ask of themselves or of those they select to manage their affairs. The close of the year is the time to make good resolutions, and the people on Monday in the selection of representatives and in their intercourse with the affable candidates, should impress upon them the necessity for retrenchment and economy in the management of our affairs. We do not want to go on adding to our expenditure till we shall have to apply to the Legislature for additional borrowing powers. We do not want to rival our sister towns of Cobourg and Port Hope, and bring ourselves to the pass of becoming pauper applicants to Parliament for relief. Then we must cry a halt. With the deficit doubled every year — $3,000 last year, $6,000 this year, possibly $12,000 next year, and so on; where shall we land? Let us pause and think.

But, *nil desperandum*. Pluck and decision are characteristics of Peterborough people; there is a limit to the administrative nonsense they will stand, and there is every reason to believe that they will call our rulers to a halt and insist on civic reform. There is plenty of life in Peterborough yet, the people have only to assert themselves, and everything will come right. There is reason to hope for a continued prosperous future for Peterborough, but only on condition of the prevalence of the economical, honest, pay-as-you-go principles that have made her past prosperity, and in a spirit of hopefulness we can wish our readers and the people at large a prosperous future and a Happy New Year!

MR. KENDRY'S LETTER.

To the Editor of the Examiner:

In view of the manner in which you have garbled and misstated extracts from my letter and challenge, published in the *Review*, re town deficit, will you be fair enough to publish my letter in to-night's issue of your paper, in order that your readers may judge for themselves as to whether or not my proposition, which I would be pleased to have Mr. Stratton accept, does not fairly meet and is a complete refutation of the erroneous statements made in your articles dealing with this question.

Respectfully yours,
JAS. KENDRY.

Peterborough, Dec. 31st, 1892.

[We would most willingly comply with Mr. Kendry's request to publish his letter in these columns, for it only strengthens our contentions in reference to the town's finances; but the letter was handed in at so late an hour that it was an utter impossibility for our compositors to handle it for to-day's paper. We shall, however, publish the letter in the next issue of the EXAMINER. We have no wish to represent the town's financial position, and very willingly promote any discussion that may lead to an answer to the question which every ratepayer is asking — Where is the money gone?—ED. EXAMINER.

THE COUNCIL AND CIVIC AFFAIRS.

To the Editor of the Examiner:

DEAR SIR,—I was very glad to read in yesterday's DAILY EXAMINER its able and lucid article and the manner in which it has therein sustained its challenge to Mayor Kendry in respect to the town's deficit of $6,000 for the year just closing.

I must confess that on first reading, I considered the challenge a wild one, but, on reading Mayor Kendry's mixed and muddled medley, my impression changed, and the EXAMINER'S reply has entirely confirmed the impression.

Mr. Stratton's challenge seems a fair and manly one, and he has shown his confidence in our citizens by offering to leave the settlement of the matter in the hands of one of them. It would be a good thing for the town if the EXAMINER more frequently posted the ratepayers in town affairs, on such jobs as town sewerage, and waterworks purchase, etc. Regarding the latter I think it would be wise to "hasten slowly."

It is a bad time to swap horses when in the middle of the stream, and I consider it equally hazardous to bargain about waterworks in the middle of the Otonabee.

The mayor and council have been and are too fond of importing Toronto talent.

They have brought an engineer and contractor from Toronto to build the Edison drain.

They have imported detectives to shadow and hunt down our brave Fire Brigade, and now they have employed upon the waterworks purchase question the same Toronto talent that has botched our sewerage question. Enough of Toronto. More of Peterborough.

SIR JOHN THOMPSON AND THE JESUIT ESTATE'S ACT.

To the Editor of the Examiner:

SIR,—When in Toronto last week I was informed of something with reference to the recent Jesuit Estate's controversy which, if true, should be circulated to such an extent as to bring it before every Canadian, and if not should be denied by the persons interested.

What I heard was that when the deputation of Protestants from Quebec waited upon Sir John Thompson with respect to the Act passed by the Quebec Government on the Jesuit Estate's matter, he did not decline to give them an audience or to hear what their leaders had to say in respect to it, but requested them to make out a case, and a day was agreed upon for the Ministry to hear them and to discuss the matter just as in the Manitoba school difficulty. That this was quite agreeable to the deputation who were the representatives of the people really interested. That they promised to make out a case and return on the day set. That shortly after that interview Sir John got a letter asking him to postpone the hearing to a future day; that he consented to do so, but instead of returning these representatives made a "deal" with Count Mercier, getting better terms and a larger share of the $400,000. That in fact they were apparently satisfied and that they did not seek to further discuss the question at Ottawa and dropped the whole matter Now, Mr. Editor, if the foregoing statement be true, and I have every reason to believe it is, people should not find fault with Sir John Thompson with respect to those questions any more than with the 100-odd Protestant members who voted for the Jesuit Estates Bill, and we should not prejudge him with respect to the Manitoba case.

I remain,
Yours truly,
C. W. SAWERS.

NEW YORK (SPECIAL).

NOW let us consider how it is that the women of the stage are apt to outdo us in style. What is the secret of their arts of the toilet? How is it that actresses are so generally esteemed beautiful women? And how is it that so many fashions are set by actresses? The one question almost answers the other. The pictures given are made from recent photographs of actresses recognized as possessing beauty. In every case the secret of their attaining their reputation lies in their skill, shared by almost all women on the stage, of adapting fashions to their personality. The mere woman slaps on whatever happens to be "the rage," and she does so whether the particular rage makes a fright of her or not. The actress will not touch a fashion if it is distinctly and irrevocably unbecoming to her; nor will she touch any fashion without modifying it to suit her own needs. The other woman confines herself to the fashion of the hour; the actress searches the modes of all time and adapts to herself what she decides suits her. Or she makes a brand new departure for herself. Thus it is that she sets fashions. The more woman rushes into Directoire and Empire and Louis XVI. because Mlle. C'est Sa or Miss So and So did in the last play, and probably she looks more a fright than ever thereby. The actress adopts, adapts or brings back

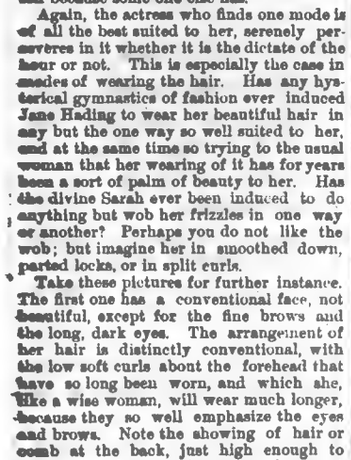
STUDIEDLY CONVENTIONAL.

a fashion because she herself looks well in it, but another woman plunges into a fashion because some one else has.

Again, the actress who finds one mode is of all the best suited to her, serenely perseveres in it whether it is the dictate of the hour or not. This is especially the case in modes of wearing the hair. Has any hysterical gymnastics of fashion ever induced Jane Hading to wear her beautiful hair in any but the one way so well suited to her, and at the same time so trying to the usual woman that her wearing of it has for years been a sort of palm of beauty to her. Has the divine Sarah ever been induced to do anything but wob her frizzles in one way or another? Perhaps you do not like the wob; but imagine her in smoothed down, parted locks, or in split curls.

Take these pictures for further instance. The first one has a conventional face, not beautiful, except for the fine brows and the long, dark eyes. The arrangement of her hair is distinctly conventional, with the low soft curls about the forehead that have so long been worn, and which she, like a wise woman, will wear much longer, because they so well emphasize the eyes and brows. Note the showing of hair or comb at the back, just high enough to suggest length to a rather square face; not high enough to emphasize the squareness by a taper effect from the forehead. She has not a very full figure. The bodice is only slightly low, and the filmy quality of the tulle used gives softness of outlines. Notice, too, that the catching up of the sleeve puff is done toward the front, so covering the possibly less rounded part of the shoulder. The whole thing, dress and coiffure, is apparently conventional, yet, as you see, carefully thought out and adapted.

The second picture shows the same cleverness used in adapting hair and gown to a good deal the same style of face. There is the same emphasizing of the brows and eyes, a central dividing of the front hair to give needed length of face, and the same use of fluffy stuff. The arms are covered and the neck of the dress is well up over the place where "collar bones grow," and cut down at the lower corners where it can be done becomingly. I have taken these two first because their gowns and mode of



CAREFULLY ADAPTED.

hair are apparently unstudied, yet are carefully adapted to emphasize all good points and to suppress all those are not so good, and are in their very conventionality so well suited to the style of the wearers.

The next edition has cleverly caught and fixed, by the artist, her hair and gown, the evasive, child-like and pathetic charm of her face. Less fittingly surrounded by details of wear she would be no more lovely than are dozens of other women. Put her in a very low-cut gown, cover her with jewels and furbelows, do up her hair in some special and unconventional way, and where would be the sweet wistfulness of the personality the photograph reveals? The mistily loose hair, the veiled neck, the dark color setting off her fairness, the thin moon-form of pearls at her throat,—in each modest detail, the whole is suited and planned to best suit her moon-like, misty charm of wistful lips and drooping eyes.

A face that permits a striking style of hair and gown is given in the fourth picture. Indeed, put this girl into conventional dress and, though she might not miss being pretty, she would miss being the lovely personality this fashion from the Greeks makes of her. She is the only one of the lot who has a low, pretty forehead. Of that you may be sure, because

MODEST IN FACT DETAIL.

hers is the only forehead shown. The delicate outline of her profile is by no means imperatively classic. She has adopted this style, not because she had to, but because she knew that a woman who can wear an exacting fashion gets the more credit for beauty because so few women can do it. But she has adopted it all. The hair about her face is cut short, the soft locks are combed loosely back. Thus she avoids the hard and trying effect of closely drawn hair. The knot at the back is carefully adjusted with reference to her chin, which is the least bit prominent. Even her "pose" is made with this fault of her face in mind. From the full, round throat one would expect the shoulders bared, but this is an actress. The maidenly charm and the suggestion of Grecian days would be hurt by a modern display of shoulders. Oh, if the mere woman would only make up her mind what she dresses for! In other words, if she would only learn of actresses.

Now I see the newspapers have stopped bullying women about the big hats they wear at the theatre, and have taken to paragraphs quoting the fellow who said that any woman looks a lot prettier without a hat or bonnet on. In spite of yourself, if you are a woman, you feel resentful. Then, they are saying how gracefully some ladies do it. An article or so appeared about how you can tell a real Paris hat at once by its lining. Paragraphers have discovered that that the really lovely woman has the inside of her bonnet even more dainty and sweet than the outside. Then a theater begins to put little mirrors into the backs of chairs, so that ladies can, by the glass in front, see to readjust their headgear. That is something practical. The different styles of parting the hair are quoted, and Mrs. Astor is mentioned to have worn her hair parted so and so on such an opening night. Altogether the papers are taking the matter up in a sensible way now. I should not wonder if they prevailed and the desired fashions were brought about. Not that the evident sense and righteousness of it are any clearer than before—they have always been clear—but because we won't be

A STRIKING STYLE.

bullied, and likewise, because if we are taken the right way we will do anything anyone wants us to.

For evening wear, black silk skirts are general for what in Gotham are called theatre and demi-toilets; and the fancy bodices are charming, and combine both blouse and zouave. Such toilets are invaluable for home wear when entertaining small parties or, during the winter, are cosy and dressy for concerts and theatres, and do not necessitate leaving off high woollen or silk underwear. Very pretty are some of these bodices—for instance, a daffodil surah, full, like a blouse and short to the waist, and finished with a high band of velvet and a long jet slide. Full puffed sleeves to elbow, divided by a band and bow of ribbon velvet, and the long, tight part below the elbow trimmed with two bands and bows of narrow velvet, are used. Over the top is a little Figaro jacket formed of black piece lace of the point de Venise stamp, down which are run stripes of narrow black velvet. Sometimes the zouave or Figaro top is composed of alternate lines of beaded net or grenadine and lines of velvet, or simply consists of the lace with stripes of narrow jet. When there is no Figaro top, a yoke is formed by covering the top with piece lace and finishing the edge with trimming of some kind, and deep cuffs or sleeves to the elbow are formed in the same way. Less expensive and yet almost as pretty are short bodice or blouse tops of crepon, with trimming of narrow moire ribbon, and a folded Empire belt of moire.

Winter Hats and Bonnets.

The sweeping changes in the shape of winter hats and bonnets have brought about a new style of wearing the hair, termed "the bun"—a very descriptive name for the big round knot or hair waist is said to be the fashion. It is worn low, though not so low as the Langtry knot, and demands a larger amount of hair than the majority of women possess. Nets are very generally worn, both over the fringe and back hair, but as they are woven of hair and are very light, they are not unbecoming. The new fringes and toupees here are mounted on a sort of collapsible frame, so that they do not get crushed or flattened by the weight of a hat or bonnet.

A Friend

Wishes to speak through the *Register* of the beneficial results he has received from a regular use of Ayer's Pills. He says: "I was feeling sick and tired and my stomach seemed all out of order. I tried a number of remedies, but none seemed to give me relief until I was induced to try the old reliable Ayer's Pills. I have taken only one box, but I feel like a new man. I think they are the most pleasant and easy to take of anything I ever used, being so finely sugar-coated that even a child will take them. I urge upon all who are

of a laxative to try Ayer's Pills."—Boothbay (Me.) *Register*.

"Between the ages of five and fifteen, I was troubled with a kind of salt-rheum, or eruption, chiefly confined to the legs, and especially to the bend of the knee above the calf. Here, running sores formed which would scab over, but would break immediately on moving the leg. My mother tried everything she could think of, but all was without avail. Although a child, I read in the papers about the beneficial effects of Ayer's Pills, and persuaded my mother to let me try them. With no great faith in the result, she procured

Ayer's Pills

and I began to use them, and soon noticed an improvement. Encouraged by this, I kept on till I took two boxes, when the sores disappeared and have never troubled me since."—H. Chipman, Real Estate Agent, Roanoke, Va.

"I suffered for years from stomach and kidney troubles, causing very severe pains in various parts of the body. None of the remedies I tried afforded me any relief until I began taking Ayer's Pills, and was cured."—Wm. Goddard, Notary Public, Five Lakes, Mich.

GREAT EVENTS

Which Have Happened on Christmas Day in Europe and Britain.

It was on Christmas Day that the national Christianity of France was first secretly established by the baptism of the great Frankish King Clovis, or Chlodovech. His wife, Clotilda, was a Christian, and was anxious for the conversion of her husband, who behaved with great kindness, and even favor, to the Christians in Gaul, although he refused to forsake the gods of his fathers. In a battle with the Alamanns, when the Franks were on the point of being defeated, King Clovis is said to have lifted up his face to heaven and cried aloud, "Jesus Christ, Clotilda saith Thou art the Son of the only living God; Humbly I beg Thy help; if Thou givest me deliverance this day I will believe in Thee, and be baptized in Thy name. I have called on my gods, but I find that they leave me destitute of help. I now turn to Thee." It is said that while he was thus praying the Alamanns turned their backs and began to flee. This happened in the 15th year of his reign, 49; and on Christmas Day in that year the powerful King and all his Pagan kinsfolk and 3000 of his soldiers were baptised at Rheims.

It was on Christmas Day, A.D. 800, that the great Charlemagne was crowned Emperor of Rome. "The coronation of Charles," says Professor Bruce, "is not only the central event of the middle ages; it is also one of those very few events of which, taking them singly, it may be said that if they had not happened the history of the world would have been different." "The whole Roman people," says Eginhard, the secretary of Charles, "shouted with loud approval, 'To Charles Augustus, crowned by God, the great and peace-bringing Emperor of the Romans, be life and victory!'" Charles the Great called his wide monarchy "the Holy Roman Empire"—in contrast to anti-Christian Islam and to the empire of the legitimate Cæsar at Constantinople.

Christmas Day, 1705, was a fateful day in the life of the most powerful of the Popes, Hildebrand or Gregory VII. On Christmas eve, with a few of his clergy, he was celebrating the first Mass of the Nativity in the Church of Santa Maria Maggiore, on Mount Esquiline, when in an instant the building was filled with armed soldiers led by the Roman noble, Cenci. The Pope was seized, struck, wounded on his forehead, and covered with insults, his pallium and chasuble were torn off, and he was carried away by Cenci as his prisoner. "One fatal blow," as Dean Milman says, "might have ended the life of Hildebrand, and changed the course of human events; it glanced aside and only wounded his forehead." Early on Christmas morning all Rome was astir and full of excitement. The tower in which Cenci had shut up the Pope was attacked. The terrified Cenci freed his prisoner. It is characteristic of the powerful will of Hildebrand that he went straight to the Church of St. Mary Major, still fasting, and concluded the mass which had been interrupted.

The coronation of the first foreign king who reigned over England, William of Normandy, took place on Christmas Day. The ancient English account (Anglo-Saxon Chronicle) is very short. "Then on Midwinter's Day," it says, "Ealdred, Archbishop, consecrated him as King at Westminster, and he pledged him with Christ's Book, and moreover swore, before he would place the crown on his head, that he would rule this nation as well as any King before him had done at the best, provided they (the English folk) would be faithful to him." The victorious Norman Duke walked to the Abbey through a guard of armed soldiers.

The shouts of the English people at Westminster on Christmas Day, 1066, declaring their assent and consent to the election of their conqueror as their King were supposed by the Norman soldiers to be cries of rebellion and tumult. The troops set fire to the buildings around the abbey; the people rushed out of the church to save their homes from conflagration. The new King was left almost alone with the Archbishop and clergy. His stout heart quailed and the ceremony in the abbey was hurried through with anxiety and fear, while turmoil, slaughter, plunder and confusion were raging in Westminster.

Probably the very strangest of all Christmas Days in the public and political life of the English people was that of the year 1688. On that day England was without a sovereign. On Dec. 23, two days before the great Christian festival, King James II., between 1 and 2 in the morning, hurried off secretly from Rochester to Dover, and there embarked in a vessel which had been waiting for him, and sailed for France. The Queen and Prince of Wales, "the child," as Evelyn calls him, the future Pretender, had preceded him a few days earlier. On Christmas Day the royal fugitive arrived at Ambleteuse, in Brittany. On Christmas Day the Archbishop of York, the Bishops of Ely and St. Asaph, and the great Whig peers assembled in the House of Lords, and drew up an address to William, Prince of Orange, desiring him to take upon himself the administration of public affairs, both civil and military, and the disposal of public revenue.

On that Christmas Day in the parish churches of England James II. was still prayed for as the Sovereign and "the child" also, under the title of "Prince of Wales." On the following Sunday, however, as Evelyn writes in his diary, "prayers for the Prince of Wales were first left off in our church." Early in the new year Englishmen began to familiarize themselves with the view that James II., as the House of Commons voted, had broken "the original compact between king and people."

On Christmas Day, 1715, his son, the Pretender, was sailing for Scotland and landed on the day following.

On Christmas Day, 1642, Sir Isaac Newton was born.

Christmas Day, 1720, was the birthday of the poet William Collins.

The glory of English scholarship, Richard Porson, was born on Christmas Day, 1759.

The learned and pious judge, Sir Matthew Hale, and the most popular writer amongst fathers of the Evangelical revival of the eighteenth century, James Hervey, the rector of Weston Favell, in Northamptonshire, both died on Christmas Day, the former in 1676, and the latter in 1758.

Palatable and Potent.

The great objection to cod liver oil has been its nauseous taste. This has been entirely removed by the process of preparing "Miller's Emulsion of Cod Liver Oil," which is combined with hypophosphites of lime and soda, the greatest creator of new blood in the world. It has cured thousands of consumptives by rebuilding their constitutions. Everybody is talking of the wonderful power of this Emulsion. In big bottles, 50c. and $1.00, at all Drug Stores.

Four Doses Cure a Cough.

GENTLEMEN,—My little boy was troubled with a very bad cough, and a lady friend advised me to try Hagyard's Pectoral Balsam. I got it at once and can truly say I did not give more than three or four doses until his cough was gone. I have never been without it since, as I find it the best for troublesome coughs.

GREEN FOR BLONDS.

Sounds Fancy at First but it is Correct.

All shades of green are adorable for blonds. A blond who has no glint in her hair and with a clear, pale skin, is lovely in that amazing trying color, myrtle green. Yesterday I saw a girl in a myrtle green crepon gown. I have all seen a girl in just the color that she can wear and that few others can. The skirt waist that in summer was belted in under a bodice built has undergone changes for the winter when comfort does not demand looseness. The sides are made to fit now, the front only a little loose, and the folds of even that adjusted on a tight lining. A more severely plain bodice might be trying to the figure of a young lady, while none could more sweetly outline the modest beauty of slenderness. The belt and cuffs worn of myrtle green velvet; then, to drive all the other girls who had yellow hair mad with envy, a biscuit colored chiffon collarette was set about the neck. Of course a dress all biscuit color would have left her lacking in

contrasts, but this touch of it flung defiance at every one, and was so offset by the rich myrtle green that it had no ill effect upon her pale and lusterless, blond beauty. Nothing brings out blue eyes as does green, also, if you have gray eyes, green will give you the much-prized moss-colored eyes. Hazel eyes take a depth of green when you wear green, and black eyes are never so black. This girl was lovely, for all her gown was so plain. Study yourself, study your coloring, girls, and make your effects that way. Any girl with more money than you have can outshine you in the elegance of a gown, but with simplicity to back you and with taste to manipulate it, you can vie with anyone who has not still better taste. Try it, it costs no more and not as much as does thoughtlessness.

Persons of vigorous imaginative powers and altruistic tendencies, but limited means, may get a good deal of exhilarating holiday cheer out of a visit to the express offices this week, or a casual inspection of the high-piled express wagons. Oh! the packages, the bundles, the trim neatly tied and very clearly directed. There is no end to them. Somebody is going to have a pleasant surprise out of all this vastly increased volume of business, that's certain.

They do not Despair.

An utter loss of hope is not characteristic of Consumptives, though no other form of disease is so fatal, unless its progress is arrested by use of Scott's Emulsion, which is Cod Liver Oil made as palatable as cream.

From the Jaws of Death.

Some surprising effects have been recorded from the use of Miller's Emulsion of Cod Liver Oil in the most desperate cases of consumption. When all other remedies have failed Miller's Emulsion nearly always succeeds. It is the best kind of a flesh and blood maker, and has been used with marked success by physicians in the Insane Asylum, Penitentiary, Hotel Dieu, and General Hospital in Kingston, Ont. In big bottles, 50c. and $1, at all Drug Stores.

We do not know of any preparation that has caught the public favor in so short a time as Dodd's Kidney Pills, but when we consider that three-fourths of the Canadian people are afflicted with kidney troubles in some form or other, and that Dodd's Pills are a quick and permanent cure for all these troubles, the large and increasing demand can scarcely be wondered at. DOUBLE DOSE OF SWEETS

SUGAR REVENUES IN CANADA TO BE REDUCED.

Discrimination Against Indirect Importations Removed—This is a Move in Favor of More Friendly Terms With the United States.

OTTAWA, Dec. 31. — To-day's Canada Gazette contains three important proclamations suspending certain sections of acts passed in 1891 and 1892, which imposed different rates of duties on sugars and molasses when imported indirectly from the country of production to the rates charged where the importation is direct.

The clauses of the Acts covered by the proclamations are sections 4, 5 and 6 of the Act 55 and 56 Victoria, Chapter 21; sec. 6 of the Act 54 and 55 Victoria, Chapter 45, and section 29, same act.

The result will be that during the continuance of these proclamations molasses and sugar coming into the country by indirect importation will be placed on an equal footing with direct importations.

The duty on sugar coming in by indirect importation was 5 per cent. ad valorem, and on molasses 2½c per gallon, and these duties are abolished by the proclamations.

The result will be to take off the discriminating duties against indirect importations.

DR. BRIGG'S CASE.

Majority of the Presbytery Vote That He Is Not Guilty of Heresy.

NEW YORK, Dec. 31.—The session of the New York Presbytery, sitting as a court on the trial of Prof. Briggs for heresy, was began promptly at 2 o'clock yesterday afternoon.

The voting on the first charge was begun at 4 o'clock, and the vote in the sixth charge was completed and the Presbytery adjourned shortly before 6 o'clock.

The result of the several ballots was then announced to the reporters.

The result was a great surprise, for on all of the six counts the vote was adverse to sustaining the charges.

The case will be appealed to the General Assembly, which will meet in Washington early in the spring. The assembly will appoint a commission consisting of 14 unprejudiced members to act on the appeal.

The friends of Dr. Briggs were greatly pleased with the result.

ELECTION IN PEEL.

John Smith Has the Majority—Brampton Was a Surprise.

BRAMPTON, Dec. 31.—John Smith, the nominee of the Liberal party, was elected yesterday by the overwhelming majority of 806 over W. W. Cook, the Independent-Liberal.

The election of Mr. Smith was conceded from the start, but his grand triumph was not expected.

Brampton was the biggest surprise of the election. The majorities in the other municipalities are as follows:

	Cook.	Smith
Chinguacousy	..	560
Toronto Township	..	60
Toronto Gore	..	87
Caledon	..	349
Brampton	..	116
Streetsville	63	..
	63	971

Total for Smith, 908.

In the Chisholm-Hughes election of 1886 Chisholm's majority was 123.

Carscallen Elected in North Hastings.

MADOC, Dec. 31.—A. W. Carscallen (Conservative) was elected Friday to represent North Hastings in the Dominion Parliament, defeating Peter Vankleek (Reformer) by about 240 majority.

The election was rendered necessary by Hon. M. Bowell, the former member, being raised to the Senate.

SLAVERY AGAIN.

An Italian Arrested for Selling a Woman to a Fellow-Countryman.

NIAGARA FALLS, Dec. 31.—James O'Neill, an Italian padrone here, has been arrested for trafficking in women. An Italian named Jack Parma paid $37.50 for Annie Mogga. She returned to O'Neill and complained of the treatment she had received from Parma.

Parma complained to the police and had O'Neill arrested. Parma asked where his woman was, and O'Neill, before the court, told him if he would pay $5 he would tell him where he could find her. O'Neill is supposed to have a partner in New York, who sends him ignorant immigrant girls, who are told that good husbands will be provided them.

Sold His Wife for $25.

JAMESTOWN, N.Y., Dec. 31.—Charles Madden and Dora Curray of Titusville were married in this city two months ago. On Thanksgiving Day Mrs. Madden received a dispatch calling her to Titusville, where she met Fred Gilson, for whom she formerly kept house. They were married and the woman shortly afterward returned to husband number one in this city. Negotiations have since been pending, and to-day Mrs. Madden went to husband number two at Titusville, Madden having relinquished all claims upon her on receiving $25 from Gilson.

RUSSIAN CRUELTY

A General Poisoned Because He Was Too Investigating.

ODESSA, Dec. 31.—Letters from Tashkend report that General Baranek, who recently died at that town and is generally believed to have been poisoned by persons having come to apprehend the results of the administrative reforms which he was about to introduce in Turkestan, had been deputed to investigate and report upon the conduct of the Grand Duke Nicholas Constantinovitch, the Czar's cousin, who has lived in exile in Central Asia since the painful drama which 20 years ago brought about the disgrace of His Imperial Highness.

The Grand Duke's manner of living is described as strange beyond measure; an extraordinary, indeed, that many people suppose him to be either demented or addicted to habits of intemperance. His tyranny to those about him is excessive and all the people tremble at his approach. Lately the Grand Duke has had a magnificent palace built at Tashkend, but he lives in an old and dilapidated building with his wife, a person whom he married in a fit of eccentricity and whom he constantly beats. Another of the peculiarities of His Imperial Highness is to wear at home and abroad a native robe or khalat, which resembles a robe de chambre, and is neither rich in appearance nor free from rents. At his orders are 20 Ural Cossacks who carry out his every command with blind obedience.

The Prince has caused people who have offended him to be buried up to their necks in the sand while their heads were left exposed to the burning sun. A doctor who was subjected to this treatment became insane.

THE COTTON LOCKOUT.

Starving Workmen in England Soliciting Charity For Their Families.

LONDON, Dec. 31.—Owing to the improved outlook for cotton goods, on account of the stiffer market, and the great distress among the cotton operatives attendant upon the lock-out, negotiations have been resumed between the masters and operatives with the view of bringing the struggle to a termination.

The suffering of non-unionists has increased greatly within the week now coming to a close. It is calculated that there are about 40,000 workpeople outside the union, and for the most part they have absolutely exhausted all their available belongings for food.

In some districts groups of men are now promenading the streets, accompanied by bands of music, soliciting charity for their wives and families, while others are making house-to-house visitation with subscription cards for the same object.

The severe weather has naturally intensified the suffering. The boards of guardians in the several districts are doing what they can to alleviate the distress, but many of the operatives have so strong a repugnance to taking parish relief that they would prefer to suffer the last extremities rather than do so.

BABY FOUR WEEKS OLD

Distressing Skin Disease from Birth. Cured in 5 Weeks. Made Healthy and Beautiful by Cuticura Remedies.

My baby boy had been suffering from birth with some sort of an eruption. The doctors called it eczema. His little neck was one raw and exposed mass of red, inflamed flesh. His arms and across and under his thighs, wherever the fat flesh made a fold, were just the same. For four weeks after his birth he suffered with this eruption, and until I got CUTICURA REMEDIES, there was little sleep for any one. In five weeks he was completely cured. He was nine weeks old February 1st, and you ought to see his skin now, smooth, even, and a beautiful pink and white color. He is as healthy as he can be. The CUTICURA RESOLVENT has given him tone, vigor and strength. I enclose his portrait. Thanks to the famous CUTICURA REMEDIES. They cannot be spoken of too highly, they have done all that has been claimed for them.

WM. A. GARDNER, 184 E. 123d St., New York.

From the age of two months my baby suffered with the eczema on her face and body. Doctored without avail. Used CUTICURA REMEDIES. Found them in every respect satisfactory. The child has now a beautiful skin and is cured. We cheerfully recommend the same to all mothers.

Snap No. 1

The present actual circulation of THE TORONTO TIMES is slightly in excess of 18,000 copies each week, and its publishers intend to *double this* during the *next* month. How can we do this in a single month? The plan is to give the reading public SNAPS.

What is the Snap?

We have purchased from one of the leading and most reliable wholesale jewelry firms in Canada, one hundred gold, silver and nickel watches, all first-class timekeepers, and suitable for ladies, gentlemen, boys and girls.

One of these watches will be given to *each* of the first one hundred persons (should there be that many) who are able to supply the missing word in the following verse.

Should there be more than 100 sending in correct answers we will give an additional reward of value (in China or Silver) to *each* of the *second* hundred. All of the above will be given away for correct answers in our Leisure Hour Club contest.

Missing Word Verse.

I said to earth, so cold and gray,
"An emblem of myself thou art:"
"Not so," the earth did seem to say,
"For Spring shall warm my frozen .....

If you care for SNAPS send your answer as to what you think the *missing* word is, with your name and address *to-day*, accompanied by 25 cents silver (or ten three-cent stamps) for THE TIMES on trial for five weeks, which will contain full particulars of The Leisure Hour Club contests, a most interesting feature conducted for the entertainment of the bright ones among our subscribers.

The names and address of the 100 persons entitled to the one hundred watches will be published in THE TIMES of January 14th, 1893.

THE TIMES is a large, 16-page family newspaper, issued every Saturday morning, and is sold throughout Canada by newsboys and newsdealers at only five cents a copy. After you have received it regularly for five weeks, you will say as everyone does, "Can't keep house without it." Address

AIMING AT GREATNESS.

BUMPTIOUSNESS OF LATIN-AMERICANS TO BE SQUASHED.

Chile Wants to Lead the South—President Monti Says the Republic Will Never Act in an Aggressive Manner Towards Her Neighbors.

VALPARAISO, Jan. 3.—The Valparaiso Herald prints an authoritative statement of the general internal and foreign policy of the Government of President Monti.

Congress and the Cabinet are engaged, it says, in framing laws which will tranquilize Chile and will re-establish the country on a firm basis.

It is the intention of the Government to do everything in its power to prove to the world that Chile is the foremost South-American republic.

Chile, it is announced, will never act in an aggressive manner toward her neighbors, but will always be ready to aid them in preserving their autonomy and to place themselves in such a position as to be free from the wild outbursts of revolution, to which many of them are now liable.

The idea of war between Argentina and Chile is said to be absurd. The latter country will make no bellicose threats. In the judgment of President Monti, war between the South American republics means ruin to all parties concerned.

A correspondent at Buenos Ayres telegraphs that the people of that city were alarmed Monday by rumors of an impending revolutionary attempt to unseat the President. Troops were under arms, but matters quieted down. It is freely believed that a revolution throughout Argentina is imminent.

AN EDITOR'S SUICIDE.

Called in "39" While Sitting at His Desk.

GRAND RAPIDS, Mich., Jan. 3.—Will R. Maze, telegraph editor of The Eagle, was found dead at his desk Saturday morning, having committed suicide by taking morphine. Two printers found him sitting at his desk, but he was dead. A bottle of morphine and the following note explains all:

To Mr. Theodore Carpenter: I have read the notice which you left in my room. I don't know whether a man ever really died from heart-break or not, but my heart broke when I read it.

A few years ago the unfortunate man went to Bismarck, Dakota, as editor of The Tribune. He prospered there and was elected judge of probate. His habits, however, forced him to resign and he returned to Grand Rapids. Last week after Maze had been on a protracted spree the managing editor of The Eagle notified him that his services were no longer needed. Maze told some friends shortly after that he no longer desired to live. He was 35 years old.

MURDER MUST OUT.

The Supposed Perpetrator in Custody at Chicago.

JACKSON, Mich., Jan. 3.—In June, 1889, W. H. Lyman, formerly of this city, was brutally murdered in Windsor, Ont., by a colored man named James Williams, who immediately made his escape. The Dominion Government offered a reward of $250, but no trace of the murderer could be found. Several days ago W. C. Lyman of this city, a brother of the murdered man, noticed in the telegraphic news that a colored man named James Williams had confessed in a negro church in Chicago he had committed murder in New Orleans. Thinking and hoping this was the guilty man Mr. Lyman wrote to the Chief Inspector of Police detailing circumstances of the murder. Last evening he received a letter saying Williams was in the House of Correction in default of $25 fine. Mr. Lyman at once telephoned Chief Bains of Windsor for description of Williams, and it is hoped it will be correct and that the guilty man will stretch hemp in Her Majesty's realm.

A BOLD STROKE.

Secured Control of 300 Miles of Magnificent River Business.

CINCINNATI, Jan. 3.—The Chesapeake & Ohio Railroad has made a bold and winning stroke. Quietly for months it has been securing all the important ferries on the Ohio and Kanawha Rivers from Charleston to Cincinnati. In addition it is given out on excellent authority that it has secured control of every steamboat line navigating the two rivers, except the White Collar Line, and it is negotiating for that.

The result is to give the Chesapeake & Ohio control of 300 miles of magnificent river business, and affords it the means of harassing any rival road on the opposite side of the river, should one appear, without cutting railroad rates.

A Local Force Law.

SPRINGFIELD, O., Jan. 3.—There was great excitement at West Liberty Monday over the discovery that white-cap notices, ordering all negroes to leave the town, had been posted in prominent places during the night. A mob attempted to lynch Grant Jackson, the mulatto, who eloped with Bessie Hinkle, a pretty white waitress at the Grand Hotel here, but he escaped to the woods. An outbreak is feared. Jackson was tarred and feathered last week by the citizens of West Liberty, but he returned in spite of warnings with the above result.

Fire in Port Hope.

PORT HOPE, Jan. 3.—An alarm of fire was rung here last night, when it was ascertained that the Union School was on fire. The caretaker had started a fire preparatory to the school opening, and by some means the ceiling and partition of the basement became ignited.

Hand grenades were tried without success, and not until the brigade arrived were the flames subdued. Damage about $100; fully insured.

Fire at Goderich.

GODERICH, Jan. 3.—The Western Hotel, Edward Swarts, proprietor, was completely destroyed by fire yesterday at an early hour; the building was a large frame structure and burned like tinder. Nothing was saved, the inmates losing all their effects. The large stables adjoining the hotel were also consumed with entire contents, two valuable horses were burned. The hotel was covered by insurance; $1000 in the Royal, $500 in the Western, and also in the North British. Cause of fire unknown.

MAYORS ELECTED.

List of Those Who Will Preside Over Cities and Towns.

TORONTO, Jan. 3.—E. J. Fleming was re-elected Chief Magistrate of Toronto for 1893 by a swamping majority. The vote polled was a couple of thousand less than last year, although the fact that Monday was a holiday and an ideal voting day led to the belief that more voters would exercise their franchise than in any previous Mayoralty election in this city.

Very little excitement was manifested and no considerable amount changed hands on wagers. Early in the contest, and in fact up to the last day Fleming was a pronounced favorite in the betting, but yesterday Sheppard stock began to rise, and the general opinion when the polls opened was that it was anybody's race. But the general opinion was wrong. In every ward of the city Mr. Fleming secured a majority, and in 125 polling places.

The vote stood: Fleming, 11,708; Sheppard, 8538; majority for Fleming, 3170.

TIM O'BRIAN'S END.

An Old Man Frozen to Death and Roughly Buried.

PRESCOTT, Jan. 3.—On Saturday morning last the body of Tim O'Brian was found dead, frozen stiff and stark in a miserable hovel in Henry-street, where he had lived for years.

The poor old chap had "chored" round as long as he was able, and finally died of want. His remains were dumped into a rough coffin and placed in the Sandy Hill vault, where he now lies.

It was a sad end, and some of the churches might have looked after him, or at least said a prayer for his departed soul. His shrift was short, and his shroud was composed of the clothes he wore when found.

PROGRESS IN MANITOBA.

More Than 20,000 Actual New Settlers During the Past Year.

WINNIPEG, Jan. 3.—The Manitoba immigration agent reports officially that more than 20,000 settlers took up land in Manitoba during the year just closed. This is entirely exclusive of the Northwest Territories, which received a very large number more. The Provincial Government give the Canadian Pacific Railway great credit for this most satisfactory increase in Manitoba's population.

The C.P.R. Co. has just issued a statement of its land sales to actual settlers during the past year. At this point 390,000 acres was the total, the amount realized being $1,300,000. Sales for 1891 were but 90,000 acres. The company reports having made considerable sales to settlers from Dakota, Michigan, Idaho, Minnesota, Nebraska, Washington, Wisconsin, Oregon, Indiana, New York, Kansas and Montana.

Fire in Virginia.

WHEELING, W. Va., Jan. 3.—The most destructive fire that has visited this city for 20 years broke out Monday morning in the sheds of the Caldwell & Peterson's corrugating works, and the big plant was entirely destroyed. A number of adjoining houses were destroyed, and at one time it looked as if the Baltimore and Ohio Railway depot would be burned. Loss, $100,000.

Wrecked by an Avalanche.

SPOKANE, Wash., Jan. 3.—A snow plow was wrecked yesterday on the Great Northern Railroad. Four lives were lost. The disaster occurred near Java station, 69 miles east of Kalispel, Mont. The plow was standing on the track, and was struck by an avalanche which came down the mountain.

ANARCHISTS IN SPAIN.

THEY MAKE A DEMONSTRATION ON NEW YEAR'S EVE.

They Threaten to Inaugurate a Reign of Terror by the Assassination of Queen Regent and Premier Sagasta.

MADRID, Jan. 3.—Fifteen hundred Anarchists held a meeting yesterday in the Plaza de Barcelona to celebrate the new year. The meeting was much disturbed by the police, and several of the speakers predicted a reign of bloodshed and terror in Spain during the year just opened.

The leading Anarchist, one Mateo, declared that he meant to inaugurate 1893 with a baptism of blood.

Great shouts of approval and torrents of denunciations of the grandees and middle classes followed this declaration. A female Anarchist, Theresa Claremunt, sprang to the platform.

She is as fierce an enemy of the established order of things as Louise Michel, and a good deal more handsome.

"Go home," she cried, with flashing eyes and tossing hair. "Go home for the present and save the centimes your oppressors allow you to earn while they revel in wealth. Save the wretched pittance to buy rifles, and prepare to execute on the blood-sucking capitalists and their miserable tools the destruction provided for them in the Anarchist program."

Howls and shouts of applause broke in upon the words of the speaker. "Give them no quarter," she cried. "No quarter! I will lead to the points of the bayonets!" The whole audience seemed frenzied by the woman's wild utterances and there might have been a dangerous demonstration but for the interference of some cooler heads, who succeeded in calming the excited gathering.

The authorities have not attempted to interfere with the movement, which they believe to be fomented by French, combined with Spanish, Anarchists, but they have made extraordinary preparations for the possibility of an uprising, and the garrison of Barcelona has been considerably strengthened and the number of sentinels at public buildings increased.

The Minister of the Interior has received information that several hundred pounds of dynamite have disappeared from depots in mines of Luinareo in the south of Spain.

The local police have not yet discovered the thieves or the direction they took with the explosives. The authorities continue to receive threatening anonymous letters both here and in the provinces. The police are closely watching the Anarchists in every part of Spain and particularly at Valencia, which is regarded as an active centre of the Anarchist movement.

A circular has been sent the provincial authorities containing instructions for their guidance.

BENIGHTED BEINGS.

Moonlighters Amuse Themselves Frightening Helpless Women.

DUBLIN, Jan. 3.—Another outrage by moonlighters is reported from Tullah, a small town in County Clare. On Saturday night a gang of Moonlighters, who had a grudge against a man employed as a servant by the family of the late Judge Browne, visited the residence of the Brownes, which is situated a short distance from the town.

One of the band, who was in disguise, entered the house and demanded to know the whereabouts of the man servant. The man was absent and the only occupants of the house were the daughters of the deceased magistrate. They informed the moonlighters that the man was not in the house. This information seemed to enrage the moonlighter, who drew a revolver and fired upon one of the girls. Fortunately his aim was bad and the bullet went wide of its mark. He then amused himself by firing at random about the room until his weapon was empty, when the moonlighters withdrew without making any further trouble.

The Misses Browne notified the authorities of the affair, but as yet no arrests have been made.

PANAMA CANAL AFFAIRS

It is Expected that Carnot Will Be Forced to Resign.

LONDON, Jan. 3.—The Paris correspondent of The Daily Chronicle says:

There are rumors of Cabinet dissensions due to the dictatorial attitude of M. Bourgeois, who is bent upon continuing M. Ricard's probing policy in the Panama Canal scandal, regardless of results.

The quarrels are indications that President Carnot will be compelled to proceed to a dissolution.

It is stated that Ferdinand de Lesseps, missing his son at the New Year gathering of the family, insisted upon knowing the truth. When he learned it he was overcome with emotion and lapsed to silence after remarking that the enterprise was ruined by the rapacity of Republican politicians.

The Paris correspondent of The Daily News telegraphs that Charles DeLesseps, M. Fontaine and M. Sanso Leroy, who are confined in the Mazas prison, have been transferred to warmer cells on the first floor. They may not receive visitors, although relatives are allowed to bring small luxuries. They are not permitted to talk with prisoners.

CLAIMS DEMANDED.

In Granting An Extension of Time to the Panama Canal Co.

PANAMA, Jan. 3.—The Government will impose the following conditions in granting an extension of time to the Panama Canal Co.:

The debt to the Government, amounting to 6,500,000 francs, is made 8,000,000 francs, and is to be paid in four equal instalments, the first payment to be made in May, 1893.

An inventory is to be made of all the property now possessed by the company on the Isthmus, and the latter is to bind itself not to transfer or dispose of it without the consent of the Government.

Any disputes which may arise to be settled by the Supreme Court of the Republic.

Emperor William's Speech.

BERLIN, Jan. 3.—All the reports of the speech delivered by Emperor William at the New Year's reception yesterday concur in stating that His Majesty, in referring to the Army Bill, said that the Reichstag would be dissolved if the bill was not passed.

Children Kidnapped.

VIENNA, Jan. 3.—Many parents have reported to the police in the last four days the loss of their daughters, between eight and twelve years of age.

FINANCES OF THE TOWN.

MAYOR KENDRY ASSUMED REPLY TO MR. STRATTON'S CHALLENGE.

To the Editor of the Examiner:

DEAR SIR,—Believing as I did when Mr. Stratton at the nomination meeting saw fit to attack the finances of the town with the evident intention of placing the Council of 1892 in a false position respecting its financial operations of the year, and by reason of the articles that have of late appeared in his paper, that he was not actuated by a desire to improve the finances of the town, but rather to injure some of the members of the present council who assumed office in the face of a large admitted deficit handed over to them, which they never incurred, and a contract to build a sewer which should have been built properly at the time the drain was constructed, instead of squandering the people's money by building a drain not suitable for all purposes required in order to fulfil the contract with the Edison Company, thus forcing the Council of 1892 to assume and carry out the contract under threats of legal proceedings for default. Mr. Stratton by mystifying and ingeniously worded articles and statements has endeavoured to make it appear that the present year's Council has incurred (independent of any deficit which had been handed over to them by the Council of 1891 and independent of the cost of the Edison sewer) on the financial operations of the present year a deficit of $6,000. At the nomination meeting I stated that his statement was false and asked him to published his challenge in order that his statement might be put in black and white, and what is the result? In his paper last night he makes a complete back down from his challenge made at the nomination and though from his statement it was not clear what he did mean or intended to mean, I am sure the majority of those present understood it to be that the Council for 1892 had incured on its own financial operations for the year a deficit of $6,000, independent of any deficit carried over from 1891 and independent of the amount expended by this year's Council for the construction of the Edison sewer, which it was understood would not, and it must be admitted by all it would be unwise to place in the estimates for the present year, but rather as it intended to be part of the general system of sewerage that it be paid for out of the money raised for sewerage purposes in 1893, otherwise that the electors be asked to pass a by-law authorizing the issuing of debentures for the cost of the sewer and thus spread the expense over a term of years. This sewer should have been built by a former council and paid for out of the money raised in December, 1891, by debentures. In holding this amount over this year the Council has done nothing different from the councils of 1890 and 1891, and Mr. Stratton, when his personal friend Mr. Davidson was chairman of finance, never objected to over $30,000 being borrowed from the Ontario Bank on an overdrawn account before it was repaid by the issue of debentures in the same way we now propose providing for the monies spent on Edison sewer account. Had Mr. Stratton at that time seen fit, in the financial interest of the town, which he just at present seems to have so much at heart, to have made a similar statement he would have shown that the town's deficit was upwards of $30,000, but such a statement, though showing the town's true liability at the time, yet in face of the Council's expressed intention after the work was completed to provide for the same by the issue of debentures and not place the amount altogether in one year's rate, would make it unfair to attempt to show a deficit in the way Mr. Stratton has attempted from this year's financial statement with this amount included, without fairly explaining the matter. Mr. Stratton, in the EXAMINER'S editorial last night, does me an injustice when he states that I say in my address that there will be a small deficit. What I said, and it is in my address published in his paper, was that there would be a small deficit this year exclusive of the cost of the Edison sewer. This makes quite a difference, and Mr. Stratton read my address before making his challenge at the nomination, and knew what I was prepared then, and am now, to admit respecting the present Council's share of the alleged deficit. Let us analyze Mr. Stratton's proposition as contained in last night's EXAMINER, and by doing so I think the intelligent readers will be convinced that Mr. Stratton has made a mistake in blaming the present Council for the whole of the alleged deficit.

In the first place, in order to show that there is a deficit of $6,000, which I have never denied, except that I say that the Council of 1892 is only responsible for a small proportion of it exclusive of the cost of the Edison sewer, he wants it admitted that there was a deficit of $3,262.82 carried over from the year 1891. Well, admitting this, it is easy to see that it was a legacy handed down by a previous Council and which is not fairly chargeable against this year's Council, although assumed by it. The Council of 1891 should have estimated to provide for this, and if done, as I stated in my address, the rate for 1891 would have been higher.

In the second place, deducting the $3,262.82 which he wants admitted from the total deficit of $6,000 we have $2,737.18. From this deduct the $1,761.42 for amount spent to December 14th, 1892, for the Edison sewer and which he well knew was intended to be provided for by way of debentures, and which my addresses also stated was not included in the estimates for the year for that reason, this would leave $975.76, the amount that the Council for 1892 on its own operations of the year would be chargeable with as a deficit exclusive of the cost of the Edison sewer. This is in my opinion a true and correct statement of the true facts pertaining to the town's deficit. This year's Council has added to the permanent assets of the town, paid for out of the revenue of this year, upwards of $2,200, consisting of Market Clerk's office, etc., improvements in fire hall, fire hall horses, clerk's office improvements, clock tower, hand stand and land bought in the south end of the town for a street. It may be said that our revenue was increased. True, we we received upwards of $2,000 from extra assessment, $400 from dogs and say $600 from market tolls. Against this there is a $2,025 extra demand this year from the Commissioners of Town Trust and $700 extra demand from the Nicholls Hospital. This year's council has in addition to the deficit of 1891, as shown by the auditor's report, had to pay about $460 to the Town Solicitor for disbursements, etc., re Leonard vs. Peterborough, which was incurred by this year's council, besides nearly $200 of other small sums. This, will, I believe satisfactorily account for the extra revenue.

I am glad to see my friend Mr. Stratton taking such an interest in the financial affairs of the town. I trust he will continue to do so. I am sorry that he did not during 1890 and 1891 see fit to give the ratepayers the benefit of his lucid statements. It would be interesting to see how he would figure out the deficits of those years. The results would, I believe, alarm the ratepayers were they stated as unfairly against the councils of those years as it has been against this year's.

I decline to accept Mr. Stratton's challenge as he now puts it, for the reason that I never agreed to accept it. I am not prepared to admit anything as he wishes respecting the balance of $3,262.82 he claims to have been carried over from 1891. What I am now prepared to do is this. I will deposit $100 in the hands of the town treasurer for the purposes mentioned in support of the following proposition, provided that Mr. Stratton will deposit a like amount as against it, namely: That the council of the town of Peterborough in respect of moneys received by it and disbursed during the year 1892 and the financial operations of that year only (exclusive of the deficit carried over from 1891 and which the council of 1892 did not incur, exclusive of all moneys paid during 1892 on 1891 account, and further exclusive of the cost of the Edison sewer, which amount was expended in 1892, but the cost of which was intended to be provided for by the issue of debentures) it being agreed that the treasurer's statement of the collector's roll for 1892 as published in the financial statement is correct as of December 14th, 1892, has not incurred a deficit of $6,000. In order that this matter may be settled without further delay, and that the person who may be selected may be one whom the ratepayers will have the utmost confidence in his decision by reason of his acknowledged ability and fitness for the position, I propose that one or more expert accountants from Toronto or elsewhere be employed to settle this matter, and I hereby agree to pay one-half of the expenses thereof, provided Mr. Stratton will agree to pay the other half. It will not be necessary then to take the Treasurer's financial statement as the true basis, as the experts can take the books of the Treasurer and prove them. I am extremely desirous, now that Mr. Stratton has thrown down the gauntlet, that not only should he have an opportunity of proving my present proposition wrong; but that the experts employed should not only examine into the financial operations of 1892, but for some years previous, and make a report as to the state of the finances for those years, and the manner of keeping accounts, and otherwise report on matters that to them may seem meet in order that the ratepayers may be thoroughly conversant with the finances of the town and the various accounts. I ask the public to withhold criticism as against the present Council until this matter is reported on by experts.

Respectfully yours,
JAS. KENDRY.

THE BIGGEST DAY IN 7 YEARS!

Saturday, December 3rd was the biggest day MR. J. J. SHEEHY has had in seven years. Why is this? Surely not because there is less competition. Certainly not because inducements are not being held out by others. Most assuredly not because prices of farm products are showing an upward tendency. Then why??.

Simply because the purchasing public of the town and surrounding country have read Mr. Sheehy's advertisements, have inwardly digested them and have concluded that cheap sale or no cheap sale Mr. Sheehy is bound not to be undersold.

We want every day in December to be a big day. How are we to accomplish this? Simply by offering to the public better value for the money than can be had elsewhere. Just cast your eye over the following quotations:—

All Wool Flannels, 26 in. wide, - -	17½	Good Linen Towels each - - -	5½
9 lb. Wool Blankets, - - - - -	$3.75	Grey Wool Blankets, - - -	31c. a lb.
14 yds. Heavy Grey Canton Flannel,	$1.00	25 yards Factory Cotton, - -	$1.00

These few quotations will probably give an idea of what we are doing and a glance at our BARGAIN TABLE in the centre of our store will convince the most skeptical that when it comes to general bargains we certainly are very decidedly "in it."

China Inland Mission.

Although the China Inland Mission is only twenty-six years old, we must go back farther than that to find its origin. About sixty years ago a pious father and mother in old England dedicated their first-born son to God, and especially to mission work in China. They would gladly have gone themselves as missionaries to the people in that distant and benighted land, but circumstances forbade their going. The boy grew up surrounded by the best of home influences till the time came when he must leave home to pursue the study of his chosen profession—medicine. He fell in with wild and unbelieving companions and would have become an infidel but for the fact that he could not explain the lives of his father and mother on sceptical principles, and, though not at heart a Christian, and though even his personal belief sometimes wavered, he mentioned none of this when writing to his mother lest it would cause her sorrow and trouble. She, however, missed the trustful, Christ-like spirit which she longed to see breathed forth in these letters home. She ceased not to pray for his conversion, and at last one day she retired to her room determined to plead with God until she should receive the assurance of her son's salvation. The answer of peace came to her troubled soul, and a short time later she received from her son a letter telling of his conversion on a certain day—the very day on which his mother prayed so earnestly. Truly God does answer every earnest petition to the throne of grace!

On the day referred to, the young man, Hudson Taylor by name, had a holiday, and while alone in his room his attention was drawn to a tract—who will say it was left there accidentally?—and by its perusal he was led too seek forgiveness of his sins through the blood of Christ with the results already stated. After his conversion he continued his study of medicine, and many a sad, lonely and poverty-stricken home was made happier and brighter by his presence, by his words of counsel and encouragement, and often by his medical help, given freely and gratuitously, because of his love for humanity for "if we love not our brethren whom we have seen, how can we love God whom we have not seen?

He soon after decided to give himself to missionary work in China, and began to prepare himself for it. It was not until after he had laboured many years there that his parents told him of his early dedication to that work. They trusted that God would bring it all to pass in His own good time and way, and that their duty was to train the boy properly, and ask God's blessing upon him.

Hudson Taylor realized that he must first learn to trust God implicitly before he would be of any service in China, where he would be, to a great extent, shut out from help from his native land. One Sabbath night, after a laborious day's toil in the work of the Master in the place where he was studying, he was just retiring to rest when a poor man came to seek his aid. He went with him to his home, where his wife lay ill. Taylor saw at once that the main cause of their sufferings and her illness was poverty and having given the necessary medical aid, he spoke words of consolation to the unfortunate couple, and tried to pray, but for the first time in his life the heavens seemed as brass. He had in his pocket a half crown—the only money he had—and though he felt impelled to give it to the man to buy food, yet he knew not where he himself would get some more. Finally, however, his better nature triumphed, and he gave the man the money. Then he could speak words of comfort, and pray, too, in a manner that meant something, and he went away, leaving behind a truly grateful man and wife, and bringing with him a light heart, an empty pocket and a clear conscience. He told God all about it before he went to rest, and next morning was surprised—shall I say?—to receive an anonymous letter containing four times as much money as he had given away, or "lent to the Lord" to use his own words.

This circumstance greatly strengthened his faith in God, and later on he went to China, where he met with and overcame very many difficulties. In that vast country, with its teeming millions of heathens, only 7 of the 18 provinces had missionaries, and they were few and far between. The remaining 11 provinces had none, and a call was sent to the old lands for 22 missionaries, 2 for each province, to work in these inland districts, and 22 missionaries was a large number in those days, when on an average only two or three went out each year. But God sent the 22 missionaries to the China Inland Mission, and has since sent reinforcements whenever needed, or rather, when the people got faith enough to ask for them. In 1888, when they felt the need of 100 more, the call was answered by 108, and to-day more than 800 of these ambassadors of Christ are teaching the people in these inland provinces the way from darkness into light, and leading them to "turn from idols to God." Though it is only a journey of a few weeks to reach China, yet to reach some of these workers requires a laborious journey of more than six months. One of these missionaries, in less than a year, made a journey of 3,000 miles, 1,000 by water, and 2,000 on foot, mapping out the work, establishing new stations, and visiting and encouraging those already established. Their success has indeed been marked, but much remains to be done. "The harvest is plenteous, but the labourers are few" when we consider how many of these heathens there are.

Though we cannot all go as Hudson Taylor, or as many of his self-sacrificing fellow-laborers, yet we can aid by giving what we can to carry on the good work, we can get others interested in the missionary cause, and can pray faithfully and believingly to God, who has promised that "they who sow in tears shall reap in joy," and as a reward for the laborers has promised that "they who turn many to righteousness shall shine as the stars for ever and ever."

May it be said of us at last that "inasmuch as we have done it one of the least of these we have done it unto Him."

Cures Others

Will cure You, is a true statement of the action of AYER'S Sarsaparilla, when taken for diseases originating in impure blood; but, while this assertion is true of AYER'S Sarsaparilla, as thousands can attest, it cannot be truthfully applied to other preparations, which unprincipled dealers will recommend, and try to impose upon you, as "just as good as Ayer's." Take **Ayer's** Sarsaparilla and **Ayer's** only, if you need a blood-purifier and would be benefited permanently. This medicine, for nearly fifty years, has enjoyed a reputation, and made a record for cures, that has never been equalled by other preparations. AYER'S Sarsaparilla eradicates the taint of hereditary scrofula and other blood diseases from the system, and it has, deservedly, the confidence of the people.

AYER'S Sarsaparilla

"I cannot forbear to express my joy at the relief I have obtained from the use of AYER'S Sarsaparilla. I was afflicted with kidney troubles for about six months, suffering greatly with pains in the small of my back. In addition to this, my body was covered with pimply eruptions. The remedies prescribed failed to help me. I then began to take AYER'S Sarsaparilla, and, in a short time, the pains ceased and the pimples disappeared. I advise every young man or woman, in case of sickness resulting from impure blood, no matter how long standing the case may be, to take AYER'S Sarsaparilla."—H. L. TO BE OR NOT TO BE "IN IT."

A Life Agent called at a friend's place one day,
HE WASN'T IN IT;
He had seen "the bore" coming and fled from his way,
HE WASN'T IN IT;
He had heard so much said, he was tired and sick
Of insurance and agents—'twas all a blank trick,
When one's coil must be shuffled to win it,
HE WASN'T IN IT.

A bit of a draft blew o'er his bald head,
HE WAS IN IT;
Pneumonia sent him straightway to his bed,
HE STAYED IN IT;
His doctor made of it a "quite special" case,
To save him for running still more of life's race,
But the grave took some chances to win it,
AND HE'S IN IT.

When approached by a gent for insuring your life,
GET RIGHT IN IT;
It's the right thing to do for your children and wife,
THEN STAY IN IT.
Remember that fires take your goods "out of sight,"
And that accidents happen each day and each night.
While insurance protects every minute,
IF YOU'RE IN IT.

A Bank Manager's Opinion.

HE IS "IN IT."

The General Manager of one of the leading banks in Canada, writing to a personal friend, says:—"I have no hesitation in saying that I place the CANADA LIFE upon the highest platform. It is in my opinion carefully, economically and honestly managed; its Reserve Funds are well invested; its rates of Premiums are low, and its future is, I think better assured than a great majority of Companies. I have my own life insured in the Company for a round amount, and would not hesitate to increase the amount of my policies should I decide upon taking out further insurance."

A Government Insurance Actuary's Opinion

On the Relation between Ordinary and Tontine Service.

It is frequently asserted by Companies whose business is nearly all tontined, that although the CANADA LIFE may and does pay large ordinary profits, yet it cannot compare so favourably on a long term distribution or tontine period, and that in the end better results can be obtained on a tontine policy in a large American Co. than on an ordinary or tontine policy in the CANADA LIFE. To prove the absurdity of this statement, the following piece of common sense is quoted from Mervin Tabor, late Actuary of the Illinois Goverment Insurance Department. In his well known book, "The Three Systems of Life Insurance," he says: **"A company that gives large dividends on the ordinary kind of policies, can give much larger on the same kinds when Tontined, and a company that pays but meagre dividends on the usual forms, adopting perhaps the Tontine system to "cover up" its small surpluses, cannot be relied on for large returns of surplus under the Tontine Forms of Insurance."**

The CANADA LIFE does not "cover up" its Quinquennial profits as some Companies do, but publishes them throughout the country.

It can and does surpass other Companies on Quinquennial profits. It should and will surpass them on Tontine profits.

WHY TO BE "IN IT."

BISHOP HAWKE'S REASON:—"I claim that Life Insurance is not only a humane, but I might say a Christian Institution."

LORD LYNDHURST'S REASON:—"A Policy of Life Insurance is always an evidence of prudent forethought. No man with a dependent family is free from reproach if not insured."

WHEN TO BE "IN IT."

The younger, the cheaper. Therefore insure when young. Besides by insuring in the CANADA LIFE *now*, you will share in three years' profits.

WHERE TO BE "IN IT."

The best place to be "in it" is in the Company that gives the best returns for the least money, consistent with absolute security. Therefore, in order to be "in it," choose the

MONTREAL CLOTHING HOUSE.

A Fine Comedy Presented.

The was only a meagre house to welcome the production of "By Wits Outwitted" at the Opera House on Saturday evening and the merit and success of the play deserved a much better patronage from the theatre going public. The production is a refreshing three act comedy, brimful of wit and sparkles with humourous situations which took the audience splendidly. To particularize the caste would be unfair but all acted their parts well and merited the liberal applause frequently given.

A Superb Portrait.

There is on exhibition in the window of Mr. Clegg's furniture store a most artistically painted portrait of Mrs. Joseph Buller; it is fully the equal of any of the excellent work Mr. Workman has executed. The portrait, which is an excellent likeness, represents Mrs. Buller in a rich brown velvet costume, seated in an elegant easy chair at home engaged on some fancy work, which seems to catch the glow from the fire in the open grate. The carpet, background and accessories are carefully executed in detail and finish, and are yet kept sufficiently subordinated to the figure. The position is easy, graceful and dignified, and altogether is a work of art as well as a portrait.

NEWS NUGGETS.

—Three tramps were sheltered from the storm in the cells last night.

—The last meeting of the Board of Education for the year will be held to-night.

—The Presbytery of Peterborough meets in St. Paul's Church on Tuesday next.

—The hockey club will go to Lindsay to-morrow night to play a game with the hockey club there.

—A meeting of the Peterborough Hockey Club will be held this evening at nine o'clock at the rink.

—The "By Wits Outwitted" Company left here for Hamilton on a western tour through Brantford, Guelph and others cities.

—The liveries had a tremendous rush of business yesterday. An equipage could be secured for neither love nor money.

—The band played several selections in front of Gough Bros. store on Saturday night to an immense crowd of delighted auditors.

—A small blaze originated in the lane in rear of China Hall last night, but was speedily extinguished without an alarm being sounded.

—The immense "cat" owl which Mr. Wm. King, of Monaghan, presented to Councillor H. C. Winch, was viewed by scores on Saturday.

—Everything was unusally quiet about town yesterday. Many spent the day paying the customary New Year's call, driving, skating and in many other ways.

—Mr. R. Croft, of Cobourg, sent his brother, Mr. Wm. Croft, of the Croft House, an immense turkey for a New Years present. It weighed no less than 30 lbs. 8 ozs. dressed and drawn.

—There was a great rush of business at the rink all day long yesterday. In the afternoon and evening the icy field was crowded with skaters—as many as there could possibly be accommodated.

—A team of spirited belonging to a farmer ran away twice in Emily township yesterday. The infuriated animals came near colliding with a cutter in which was seated Mr. Thos. Bradburn, who was forced to jump from his rig in order to escape injury.

—A number of local loyal Scots spent an enjoyable few hours at the residence of Mr. Thos. Speedin on McDonnel street Saturday evening. Mr. Speedin is an enthusiastic "Son of the Heather," and songs, instrumental music and speeches passed a pleasant evening.

—A strong western wind blowing shortly after dinner yesterday caused the smoke from the stove in Mr. Benj. Shortly's harness shop to blow out the door and for a while the premises were filled with dense clouds of smoke. Several circulated the report that the place caught fire, but this was untrue.

—A social assembly was held in the new town hall, Ashburnham, on Monday evening by a number of young gentlemen of the town, and was attended by about thirty couples. The music for the occasion was furnished by Mr. W. H. Boyle's orchestra of four pieces, which did itself credit in the selections rendered. The supper, which was an excellent one, was supplied by Mr. L. Potvin, who, on this occasion did himself credit. The assembly—a most successful affair in every respect, broke up at an early hour.

THE "EXAMINER" NEWS-BOYS' COMPETITION.

Distribution of the Prizes—The List of Hustling News Boys.

About the first of November the EXAMINER originated a competition amongst newsboys, offering valuable prizes—ten in number—to the boys who should sell the largest number of papers up to Jan. 1st, 1893. On Saturday evening the prizes were distributed and Chambers street was thronged with an excited crowd of newspaper merchants, and being provided with tin horns, they raised such a hilarious pandemonium that the chief of police appeared on the scene. The unsuccessful as well as the lucky news boys seemed to enter into the spirit of jubilation, incident to the occasion. The following is a list of the prize winners:—

1st prize—a solid silver watch, W. Hall, 12 Harvey street.

2nd prize—a suit of clothes, H. Lane, 474 Sherbrooke street.

3rd prize—a reefer overcoat, J. Houlihan, Smith street.

4th prize—a pair of winter boots, H. Lynn, 206 Harvey street.

5th prize—a fur cap, F. Cookson, 541 Gilchrist street.

6th prize—a pair of club skates—P. Might, 13 Bethune street.

7th prize—a ticket for the skating rink, F. D'Russia, 495 Bethune street.

8th prize—a pair of winter gloves, A. Trickey, Stewart street.

9th prize—a suit of warm underwear, H. Waram, 253 Bethune street.

10th prize—a dandy hand sleigh, H. Hillier, Park street.

CARD OF THANKS.

To the Editor of the Examiner:

DEAR SIR,—I wish, through the columns of your valuable paper, to tender my sincere thanks to my numerous customers for their generous support, which enabled me to win the handsome silver watch awarded by the EXAMINER, as 1st prize in the newsboys' competition. Wishing them all the joys of the holiday season, I remain

Respectfully yours,

CARD OF THANKS.

To Mr. J. R. Stratton.

DEAR SIR,—I wish to tender my hearty thanks for the very handsome silver watch awarded by you, as 1st prize in the newsboys' competition. I am,

Sincerely yours,
G. W. HALL,

The selling of EVENING EXAMINERS gives profitable employment to young lads, many of whom are better employed in earning $1.50 to $3.00 per week which can be done after school hours. The business habits and habits of thrift thus acquired give boys an experience that will be useful in after life.

CHURCH CHIMES.

Rev. Geo. Edwards preached in the Campbellford Methodist church on Sunday last.

Miss S. Cameron sang a solo very beautifully at St. Paul's Church on Sunday night.

Rev. T. N. Campbell, Lindsay, will preach missionary sermons in the Charlotte street church next Sunday.

Special services will be begun in the Murray street Baptist church next week, to be conducted by the Rev. Mr. Trotter.

Friday next being the festival of Epiphany, special services will be held in St. John's church at 8 o'clock in the evening.

The local branch of the Brotherhood of St. Andrews hold its regular fortnightly meeting in their rooms on Hunter street this evening.

Mr. W. H. Chapman addressed the Sunday evening service at the Park street Baptist mission. Mr. A. Hamilton spoke at the Auburn mission.

Rev. C. Parker, of Campbellford, preached two missionary sermons in the Charlotte street Methodist church on Sunday and created a good impression.

The annual Sunday school entertainment and presentation of prizes of St. John's Church will take place in the school room on Thursday evening next.

The Sunday school class of boys taught by Mr. Albert Hamilton in St. Andrew's Church on Sunday made him the happy recipient of a very pretty and unique ink stand.

Rev. J. H. Locke, pastor of George Street Methodist Church, and Rev. J. Thom, B.A., pastor of Mark Street Methodist Church, exchanged pulpits on Sunday evening. Both gentlemen preached forcible sermons to large congregations.

The new organized Sunday School of Bethany church, Mr. J. C. Turnbull, Superintendent, met for the first time in their hall, opera house block, Sunday afternoon at 3 o'clock. The new school has five teachers and already a registration of 34 scholars.

Rev. Mr. Wilson, pastor of Euclid Avenue, Methodist church, Toronto, will preach Sunday School anniversary sermons in George street church next Sunday. He will also address a Sunday School anniversary meeting on the Monday following.

Rev. Dr. Cavan, Principal of Knox College, Toronto, will preach at special communion services in St. Paul's Presbyterian church on Sunday, Jan. 15th. Principal Cavan is Moderator of the General Assembly and one of the foremost Presbyterians of the age.

THE CIVIC ELECTION CONTEST

RESULTS OF THE VOTING YESTERDAY.

The New Councillors Elected—The Former Trustees Returned Except in No. 4 Ward—A Small Vote on the Waterworks Purchase.

There was comparatively little excitement in yesterday's elections. The new candidates did not very actively canvass, and consequently the contest was rather quietly conducted. In No. 1 ward it was expected that Mr. White would be elected, if not at the head of the poll as proved to be the case, yet with a good majority. He has been a candidate on other occasions and seemed to be gaining ground, while his virtual opponent, the chairman of the special sewerage committee, had to bear the responsibility of the large and, legally, unauthorized expenditure upon the Edison drain. In No. Two the result was expected by many, and in No. Three it was natural that Mr. Wilson, who was placed at the head of the poll, should, after his short term, be given an opportunity to show his ability as councillor by a full term.

In the vote on the waterworks purchase proposal the electors showed their good judgment in pronouncing so undecidedly in its favour,—undecidedly—for the vote polled was over 300 less than the total available vote—651 out of a total of 1,500. The small vote polled was doubtless due to the absence of sufficient information on the subject to enable the electors to pronounce an intelligent opinion upon the desirability of a purchase involving so large an expenditure of money—especially in view of the present unsatisfactory condition of our finances and their management. Under the circumstances it would seem to be unwise to enter upon proceedings to take over the waterworks, and incur the risk of the very large expense involved, on the hope of carrying a bylaw on the strength of the popular declaration of Monday on the subject.

Following is the result of the municipal elections for councillors in the various wards yesterday:—

MARKET MEMS.

Saturday's Market Was a Representative and Active One.

The proverbially large Saturday market was fully up to the average on Saturday last, although the sleighing was little better than "bare scratching." The grain market continues dull, oats and peas moving the most freely. Spring wheat is selling at 60, fall 63, barley 30 to 40, oats 25 to 28, peas 50, large variety 55 to 56, rye 40 to 43, and buckwheat 35 to 38

Dressed pork was away up—$7.55 per cwt. Hay is selling speedily at $7 and $8 per ton, while straw finds a ready disposal at $3 and $3.50 per load. No change in prices in the wood market, but there is a rapid sale. There was a rarity of pork, lamb and mutton. The two former sold at 8c and 9c per pound, while the latter brought 8c. Beef galore and with a swift sale—4½, 5, 5½ for front quarter, and 5, 5½ and 6 for hind quarter.

Apples sold at 50, 55, 60, 65 and 75 per bag, just according to the variety, while potatoes or "Irish apples" sold from 60 to 70 per bag, cabbage 30 to 40 per dozen heads, parsnips 30 per bag, carrots 50 per bag or 10 per peck. Butter sold readily and was of excellent quality, 19 and 20 per pound was the ruling price, eggs sold at 19 and 20 per dozen, turkeys 75 to $1.75, chickens 40 to 50, geese 70 apiece, ducks 80 per pair, and all other things in like proportion.

Blouse sale at Armstrong's begins January 9th. See advt.

POLICE COURT.

The Braley-Grange Matter Up Again.

SATURDAY, Dec. 31st.

Another case from the well-known Monaghan Grange Hall was on the docket this morning. Friday evening about 8 o'clock Chief Bennett went out to the Hathen Grange Hall, and on a warrant issued by Police Magistrate Denne, and laid by Taylor McIlrine, arrested J. J. Braely, who was attending a concert given by the Templars. Braely spent the night in the cells. The charge laid against him is that on Friday, Dec. 30th, the defendant did wilfully and maliciously commit damage to Hathen Grange Hall by breaking a lock and fastening on a door, the said property being owned by Hathen Grange contrary to the statute in that behalf. Mr. E. B. Stone appeared for the prosecution, and Mr. J. Hampden Burnham for the defence. Braely claims the Grange Hall Co. owe him rent for the building, and he was not going to allow the use of the hall for a concert until this was paid. He went in the hall, it is alleged, to take possession, fastened it on the inside, and built a fire. When the people came to the concert they had to break in the door. The prosecution not being ready to proceed with the case this morning owing to the absence of witnesses to testify to the damage done to the property, the hearing was adjourned until Thursday next. Taylor McBrine, the prosecutor, and J. J. Braely, the defendant, were each bound over to appear on their own recognizance of $100 each.

Rev. Mr. Williams Heartily Endorses Hood's Sarsaparilla.

We are pleased to present this from Rev. A. A. Williams, of the Sillsbee street Christian Church, Lynn, Mass.:

"I see no reason why a clergyman, more than a layman, who knows whereof he speaks, should hesitate to approve an

Article of Merit

and worth, from which he or his family have been signally benefited, and whose commendation may serve to extend those benefits to others by increasing their confidence. My wife has for many years been a sufferer from severe

Nervous Headache

for which she found little help. She has tried many things that promised well but performed little. Last fall a friend gave her a bottle of Hood's Sarsaparilla. It seems surprising what simply one bottle could and did do for her. The attacks of headache decreased in number and were less violent in their intensity, while her general health has been improved. Her appetite has also been better. From our experience with

Hood's Sarsaparilla

I have no hesitation in endorsing its merits."

MR. KENDRY AND THE TOWN FINANCES.

In to-day's issue we print Mr. Kendry's letter which was sent in too late for Saturday's issue. This letter is chiefly remarkable for two singular positions Mr. Kendry assumes. He admits there is a deficit of $6,000, and still pointedly refuses to accept the challenge of the EXAMINER, and he seeks to lay the blame of the deficit he is compelled to admit, upon the council of 1891. We have already shown that Mr. Kendry's alleged shortage of $3,000, '91, which is in excess of the real figures, represented street extensions and improvements, and we also showed that previous councils, had kept within the estimates, and met the cost of extra expenditure out of current revenue, such as, to quote from our article of Friday:

For the Hunter street iron bridge	$4,500
For the Townsend street bridge	000
For making Townsend street	1,000
For cribbing and filling Crescent street	2,000
For making Rink street across Spaulding's Bay	1,000
For cribbing the "Goose Pond"	3,000
For making and filling Water street	1,000
For powder magazine, say	900
For lot bought in Third Ward	500
For grading Reid street back of Cathedral	1,000.

Besides buying annually and paying for from 300 to 500 feet of hose to keep the fire brigade equipment in an effective condition, of which expenditure the present council has had the benefit; and besides previous councils paid from $2,000 to $2,500 per year to the Nicholls' Hospital while the council of '92 only paid $700.

To this might be added: Fire hose waggon, hook and ladder waggon and harness, three watering carts, four snow ploughs, two waggons, etc., and all paid, like the foregoing, out of current revenue, without the extra revenue of $3,000, which, to do justice to Mr. Kendry, should be added to the $6,000 deficit. Besides these are still unpaid accounts to wrestle with. These the statement puts at $2,983.13. Of this $2,000 goes in salaries, leaving $983.13 to pay the Light and Power account of $1,850 and the Water Company's account of $1,250, the Newhall detective agency account, etc. What is to pay in the suit of Mason vs. Peterborough of which the town has to pay the costs? Are the charity accounts all paid?

We are prepared in spite of Mr. Kendry's letter to maintain our challenge. He says he will not accept it because he never said he would do so. We don't ask him to accept it for that reason. We wish him to accept it because the people wish to know where the money represented by the $6,000 deficit has gone to and the investigation our challenge involves, will be a means of unravelling the mysterious disappearance of over $6,000 of the people's good money.

PERSONAL.

Mr. and Miss Cluxton left town yesterday to spend the winter in Florida, which they will not reach at once as they stop *en route* at Washington and Savannah. Mr. Cluxton is in fairly good health, but is run down with hard work and strain in connection with the work of re-organization of the Brook's Manufacturing Company, into the Peterborough Carbon and Porcelain Company, and in establishing the Central Bridge and Engineering Company, and the Peterborough Milling Company. These companies are now in full swing, having ample means to carry on the business successfully and profitably under excellent directorate and management. At the request of the late President, and some of the stock-holders, Mr. Cluxton, accepted the presidency of the Brooks Manufacturing Company, and to acquire a thorough knowledge of his new duties he applied his ripe experience to a thorough investigation of all the details of the business; and as a result submitted a scheme to the board of directors and subsequently to the shareholders, which was unanimously adopted by both. The company has doubled its capacity for manufacturing carbons and has still more orders than can be filled. The porcelain department is also in a prosperous condition. The Carbon and Porcelain Company employs seventy-three persons and pays for wages over $2,000 per month.

The Central Bridge and Engineering Company employs seventy hands and pays for wages monthly about $2,000—these two concerns distributing in wages in the town nearly fifty thousand dollars per year. The Peterborough Milling Company is building the best mill in the Dominion with a capacity of over 500 barrels per day. This mill will be completed early next spring and is rented to Mr. Mulhern. The woollen mill which will be enlarged is rented to Mr. Kendry, and the saw mills will probably be leased to the Rathbun Company, Deseronto. The Bridge Works are doing a large business and are behind hand with their orders. The Hilliard property is owned by six persons, with no shares to be had.

Snap No. 1

The present actual circulation of THE TORONTO TIMES is slightly in excess of 12,000 copies each week, and its publishers intend to *double this* during the *next* month. How can we do this in a single month? The plan is to give the reading public a SNAP.

What is the Snap?

We have purchased from one of the leading and most reliable wholesale jewelry firms in Canada, one hundred gold, silver and nickel watches, all first-class timekeepers, and suitable for ladies, gentlemen, boys and girls.

One of these watches will be given to *each* of the first one hundred persons (should there be that many) who are able to supply the missing word in the following verse.

Should there be more than 100 sending in correct answers we will give an additional reward of value (in China or Silver) to *each* of the *second* hundred. All of the above will be given away for correct answers in our Leisure Hour Club contest.

Missing Word Verse.

I said to earth, so cold and gray,
"An emblem of myself thou art:"
"Not so," the earth did seem to say,
"For Spring shall warm my frozen .....

If you care for SNAPS send your answer as to what you think the *missing* word is, with your name and address *to-day*, accompanied by 25 cents silver (or ten three-cent stamps) for THE TIMES on trial for five weeks, which will contain full particulars of The Leisure Hour Club contests, a most interesting feature conducted for the entertainment of the bright ones among our subscribers.

The names and address of the 100 persons entitled to the one hundred watches will be published in THE TIMES of January 14th, 1893.

THE TIMES is a large, 16-page family newspaper, issued every Saturday morning, and is sold throughout Canada by newsboys and newsdealers at only five cents a copy. After you have received it regularly for five weeks, you will say as everyone does, "Can't keep house without it." Address

THE TIMES Leisure Hour Club,
TORONTO, ONT.

THE PURPLE FAD.

The Royal Color is Now Used for Almost Everything.

In the evening costume and opera mantle worn by the lady in the picture, purple was the prominent color. Indeed, this latest rage for purple is seen, not alone in cheap materials and garments, but in the swellest gowns both of silk and cloth from Paris. You will find it in bonnets and cloaks and in velvet and brocade. And how soon it begins to look the thing in almost everything but veils. Gowns for white-haired matrons and for their daughters, too, are gotten up in this color. What do you think of a gown of purple brocade, having a wonderful petticoat front in plain purple satin covered with fine black lace? A jabot of the plain satin with the black lace over it, but not sewed down, runs down the middle of the long train. Purple velvet finishes the edge of the skirt. The sleeves are to the elbow of the covered silk, above which the regulation double puffs of enormous size are of purple velvet. When the mother puts on the gown she will look a queen and her lovely white hair, a crown. Her daughter's dress can be purple, too,

just the same royal purple. I saw such a dress designed for a younger woman than that just described. The skirt was of heavy satin quite plain, and it came up almost to the breast line. The bodice was low neck. A sort of Zouave fitted in at the side seams and gave almost a long waisted effect at the sides. The Zouave was purple velvet, embroidered heavily with gold and silver threads. In the back the Zouave scrimped up to a mere sash effect that fastened at the middle almost between the shoulders with a big rosette. If the wearers hair is golden she will look a dream when she puts on this gown. Yet either of these costumes would have been preposterous a year or so ago. By the way, the fashion in this color may be a mere freak. Better have your light silks, if they are of good quality, or your old cloth dresses dyed the color, rather than invent in new goods. As for your bits of purple, trot them out while the rage lasts, else they will have to wait over till another generation for a hearing.

These exciting causes are easily removed by the regulating, purifying tonic and digestive [illegible] Burdock Blood Bitters, hence the success of B. B. B. in curing dyspepsia in any form, no matter of how long standing or how severe it may be.

Do not be discouraged if other medicines have failed to give you relief. Mcmbray's Kidney and Liver Cure acts on the "Kidneys" direct, combined, with a mild action on the "Liver" and bowels, thereby removing the cause of "Back Ache," sour stomach, dizziness, indigestion and constipation.

HAMILTON, April 20, 1892.

I was doctoring for years with physicians for a scaly and scurvy affliction of the scalp, they told me it was eczema, but gave me no permanent relief. I was also troubled with excessive dandruff, which would drop from my head like snow flakes. Hearing of Anti-Dandruff I used it, and from the third application felt more relieved than for years; when half the bottle was used the eczema and scaly eruptions disappeared and have not returned since; dandruff was thoroughly removed, the itching of the scalp stopped, and for an elegant, clean and useful hair-dressing Anti-Dandruff has no equal.

Jackson & Co's,

ESTABLSIHED

PIANO AND ORGAN WORKS,

360 Aylmer St., Peterborough.

Being extensive dealers in only Reliable and Standard makes of

GRAND, SQUARE AND UPRIGHT

PIANOFORTES

we are able to offer advantages to the public, which are impossible to the ordinary dealer.

Our instruments have an established reputation for excellence of TONE, TOUCH, WORKMANSHIP, and DURABILITY, and

Every Instrument is Fully Warranted for Seven Years.

Chief among our instruments which have received preferences from the best musical artists, stand

THE HEINTZMAN

—AND—

EVANS PIANOS.

These instruments have been before the Canadian public for a number of years, and the great praise bestowed upon them by musical experts, along with the continued increase of sales year by year, testify to their high excellence.

The aim of the manufacturers of these two favorite Pianos has been to produce the best instruments at a moderate price. They are of solid build, warranted for durability, of handsome appearance and finish; pleasant touch and quick repetition.

TONE: rich, full, bright and resonant. Beautifully signing and sympathetic in quality. The prices are moderate, and within the reach of the majority of purchasers.

We are exclusive agents in Peterborough for the celebrated

KARN ORGANS

which stand ahead of all competitors. We have also at all times in stock, the well-known and popular

THOMAS ORGANS,

AND OTHER MAKES.

Our large and well-lighted show room enables us to carry the Largest Stock ever shown in Peterborough, and as regards Prices, we have only to say that **we positively will not be undersold.**

Those not having the inclination or the means to purchase an instrument outright, can, by a small monthly investment, secure a Piano or Organ on rental until paid for.

JACKSON & CO. wish it to be distinctly understood that in cases of emergency, they are desirous of dealing justly and fairly with their customers. They do not want both the money and the instrument.

NOTICE.

To insure confidence and satisfaction, Jackson & Co. are willing to exchange any instrument purchased from them within twelve months, if not approved of, themselves bearing all expenses of carriage, and allowing all that has been paid, towards any other instrument selected.

All kinds of Instruments Tuned or Repaired on short notice.

PERMANENT CALENDARS.

A Pretty and Useful Souvenir for Pretty Fingers to Make.

The new year, 1899, will soon be here, and everybody must of course have a calendar; and here, as elsewhere, where an article can be useful and at the same time ornamental it is all the better. The accompanying illustrations represent two calendars pretty enough to adorn any home. The one seen in Fig. 1 represents a calendar of white celluloid, of oblong shape, being ten inches long and seven inches in width. A vine is painted all around the edge. The one shown in the illustration is of wild roses and leaves, but other flowers can be used if preferred. After the paint is dry, cut out the celluloid from the outer edge of the vine. The ribbon used is pink satin of the same widths as that in Fig. 2, but the wide ribbon may be used for hanging if it is preferred. Care should be taken to have the ribbon harmonize with the design. For example, if forget-me nots are chosen, use light blue ribbon, and if holly, red ribbon. Fig. 2 is a large pansy, cut from a piece of white celluloid. The upper petals are painted around the edge with oil paint, in purple, shaded dark and light to give them the desired effect. The three lower petals are tipped with shades of yellow, the centers being painted dark purple, with just a few dashes of yellow. In all the petals but one, two slits are cut, just large enough to allow ribbon to run through easily. The upper ribbon used for the year, is a short piece, and does not show below the pansy; several years can be marked on it, if desired, and moved as necessary. The other ribbons have the names of the months,

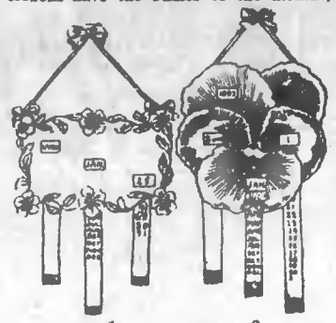

FIG. 1. FIG. 2.
ORNAMENTAL CALENDARS.

dates of the month, and days of the week marked on each respectively. The ribbon used for the dates is lavender satin one inch and a half in width. The calender is hung with ribbon of the same shade but only one-half inch wide. Make a bunch of loops, where it is sewed to the pansy, and also a few above.—American Agriculturist.

TEA TABLE TALK.

Tea will kill the bacilli of cholera in an hour. But the bacilli do not tackle tea.

Not a bad definition of courage: That quality of mind which makes us forget how afraid we are.

The forests of Germany pay an annual Government revenue of nearly $25,000,000 and a net revenue of $16,000,000.

A French writer on games in England says that "slogging," "rowingmen," "yachting women" and "footing" are technical words current among English sportsmen.

It is stated that a new departure is about to be taken by the Bank of France with regard to the material of its paper issues. The notes have hitherto been made from the best rags, but ramie fibre is now to be used, and it is not only stronger but lighter.

The United States contains 70,000 lawyers, 11,000 of whom are in New York city, making the proportion there about one to every 160 of the population. France, with a population of 40,000,000, has but 6,000 lawyers, and Germany has only 7,000 out of a population of 50,000,000.

PERSONAL PARAGRAPHS.

One hundred and sixty-five confederate army generals yet survive. Twenty-nine have died this year.

According to a paper published in Bristol, England, Lady Henry Somerset, the temperance advocate, is the owner of fourteen buildings which are now being used as saloons.

Dr. De Witt Clinton Green, formerly dentist to Emperor Dom Pedro, of Brazil, and for fourteen years past a resident of Rio de Janeiro, died of malarial fever Oct. 20. He was about 36 years old and went to South America from Baltimore.

Hamilton Gunn, of London, is in Columbia, S.C., where he proposes to establish a bank with $20,000,000 capital, to be known as the Union Bank of South Carolina and England. An act of incorporation has just been passed by the legislature.

Mrs. Sarah Balch Braman, of the seventh generation from John Balch, who came to America with Captain Robert Georges in 1623 and settled what is now Salem, Mass., has just celebrated her 102nd birthday at her home in Georgetown Mass.

John Burns, the English labor leader, declares that General Booth, of the Salvation Army, is a "maker of quack remedies for poverty, a neurotic Christian and fanatical faddist, who combines universal brotherhood with incompetence and high salary.

At this season of the year cold in the head resulting in Catarrh is alarmingly prevalent. As a precautionary measure a bottle of Nasal Balm should be kept in every household. It speedily relieves and permanently cures the worst cases of cold in the head and catarrh. All dealers or by mail on receipt of 50c. for small, or $1 for large bottle. G. T. Outrivals all Others.
In curing coughs, colds, hoarseness, asthma, bronchitis, sore throat, and all diseases of the throat and lungs, there is one remedy which is unequalled by any other. We refer to Dr. Wood's Norway Pine Syrup which has effected many remarkable cures this season.

A Great Surprise

NEGLIGE.

A Becoming Robe of Dark Blue Cashmere.

The bell-shaped skirt shown in the illustration is made of dark blue cashmere, and has a small train and no lining. A pleated frill is placed round the edge of the skirt which is made of the material cut on the straight. The gown is made of

three widths of material, the two back breadths being very much gored. The jacket has a loose Watteau pleat, underneath which a girdle of Turkish embroidery passes. In order that the Watteau pleat may be properly laid on, the back is cut without a seam in the middle and much wider than usual. The fold is fastened under the collar and the material underneath is cut in two and fastened under the belt by a gore. This makes the Watteau pleat stand away from the figure. The front part of the jacket is formed of a plastron of red surah silk, which is drawn in in the middle to form a sort of hollow pleat, which gives the appearance of having been laid on over the dress. This plastron is fastened by gold buttons and reaches down to the waist, where the buttons end at the girdle. At the throat are two strips of the same embroidery which reach halfway down the plastron. The stiff collar is of red surah. The wide upper sleeve is of the cashmere, edged with the embroidery. Underneath are puffed sleeves of the surah, which end in a tightly fitting cuff, fastened with gold buttons. The material needed is nine to ten yards of cashmere, nine to ten yards of embroidery, and a yard and a half of surah.

FLORETTE.

TWINKLES OF HUMOR.

Don't give the devil his due if you can prevent it.—Detroit Free Press.

The summer fly is completely superseded by the winter fine as the reigning necessary evil.—Washington Star.

It is in cold and stormy weather that the poor and old man is reminded that he has seen better days.—Picayune.

Eleanor—Don't you think Miss Noyes plays with great feeling? Tom (dryly)—Yes; she does seem to feel about for the notes a good deal.—Lampoon.

With the thermometer making love to zero mark she'd be an odd wife who got jealous because her husband hugged the fire.—Philadelphia Times.

"Without form and void." This is what we should answer if asked for a description of a yacht prize cup or a fashionable woman's bonnet.—Boston Transcript.

Men believe that they have their own way, but every man objects to having his little girl's hair "banged" and every little girl's hair is "banged."—Atchison Globe.

Gladys—I suppose your brother Henry hasn't done much walking since he bought a bicycle? Bernice—No; he broke his leg the first time he tried to ride.—Free Lance.

The Boys.—Boys should always have some quick and sure remedy for sudden attacks of Cramps, Diarrhœa, or Dysentery, for a physician is not always near, and an hour's delay in cases of this kind often leads to serious results. Therefore parents should have on hand a supply of PERRY DAVIS' PAIN KILLER, which is as efficacious as it is simple and harmless. Directions are with each bottle, and one dose rarely fails to bring relief to a sufferer from any bowel complaint. New Size 25c. Bottle, full 2 oz.

He Wears a Cod Fish.
A gentleman who was given up to die with consumption happened to receive a visit from a friend, who recommended "Miller's Emulsion of Cod Liver Oil." Although having little faith he bought a bottle, and before he was through taking it, found he was gaining flesh. He continued taking the Emulsion until he regained nearly fifty pounds. He is the heartiest man in town to-day. To commemorate his restoration to health he has had a beautiful cod fish manufactured, which he wears as a charm upon his watch chain. That is pretty good testimony for "Miller's Emulsion of Cod Liver Oil." Everybody is sounding its praises. In big bottles, 50c. and $1.00, at all Drug Stores.

Three Practical Points.
Three practical points: 1st. Burdock Blood Bitters cures dyspepsia by acting promptly on the stomach, liver and bowels. 2nd. Burdock Blood Bitters cures bad blood by the same specific action combined with its alterative and purifying powers. 3rd, Burdock Blood Bitters cures all diseases arising from the two first named, such as constipation, headache, biliousness, dizziness, scrofula, etc., by removing their cause as shown and proved in thousands of indisputably recorded cases.

Very Much Pleased.
SIRS,—I am very much pleased with the effects of Hagyard's Pectoral Balsam. Our family has been greatly troubled with severe colds, pains in the chest, etc., and have been promptly relieved by this valuable medicine which we willingly recommend.

CARTER'S LITTLE LIVER PILLS.

CURE
Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing
SICK
Headache, yet Carter's LITTLE LIVER PILLS are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured
HEAD
Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not stop here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head
ACHE
is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.
CARTER'S LITTLE LIVER PILLS are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold everywhere, or sent by mail.

THE CHANNEL TUNNEL.

IT WOULD CONNECT FRANCE WITH ENGLAND BY RAIL.

It is Again Being Talked of—Capitalists Are Ready—If the Government Would But Say the Word and the Generals Pluck Up Courage.

LONDON, Jan. 3.—A good deal of interest once more is being shown in the famous project to construct a tunnel between England and France, so as to establish a connection between the two countries which shall be independent of wind and waves. Sir Edward Watkin, the father of the idea, believes in "pegging away," like Abraham Lincoln, but his "pegging" has thus far brought no profit to him or the shareholders whom he has persuaded to join him. They have buried their money in a big hole and that seems to be the end of it.

It must be understood that the tunnel has been carried for some 2200 yards, and all appeared to be going on well when the Government interfered and stopped the works. The portion made is kept in good order and is always open to inspection to those who take an interest in it, above all to members of Parliament, who have it in their power to remove the block and allow the sanguine Sir Edward Watkin to go on his way rejoicing.

Among the distinguished converts to the tunnel scheme is Mr. Gladstone, to whom Sir Edward has paid assiduous court for years together. The last time the question was brought before the House of Commons Mr. Gladstone spoke in favor of it, but he had not much influence then. Now he is Prime Minister, and that makes all the difference.

At the annual meeting of the company just held Sir Edward Watkin boldly declared that so far as they knew the Government was favorably inclined to the company's enterprise. What authority has he for that making that statement? Probably none, but if the rise of a turn or two in the market can be secured almost any assertion is lawful—such are the ethics of the stock exchange, and the great Sir Edward Watkin has thoroughly mastered them.

I believe the public generally dislike the entire scheme and they are greatly influenced by the fact that all the great military authorities are dead against it. Lord Wolseley has warned us that England would never be safe from invasion for 24 hours after the tunnel was made and that it would involve the addition of 100,000 men to the army and it would deprive England of all advantages it gains by its insular position and practically make it a part of the Continent. This has always had a great deal of weight with the House of Commons.

Sir Edward Watkin tells us that the French are very eager to have the tunnel proceeded with, and that they have finished their 2200 yards in admirable style. That is the very point. The reasons which render the French so desirous for the tunnel are precisely those which make Englishmen fight shy of it. The "silver streak" is their great protection, and they have built an enormous fleet chiefly to enable them to hold command over it. Now it is to be placed at the disposal of an enemy who may want to strike a blow at England from the Continent, and the English are not willing to incur that risk.

But if it is going to be made and seems likely to pay there are plenty of people who would be ready to find the money. Patriotism will not deter them from going into a "good spec." Hence, Sir Edward Watkin has lost no time in trying to fix the position of the new government.

Of course, Mr. Gladstone has not been consulted about it lately. He has quite enough to think about. The Dublin explosion will oblige him to come back to London much sooner than he intended. There must be a Cabinet meeting to consider what shall be done.

If the decision could be taken by ballot on Home Rule, Parliament would not be troubled with the bill next session, but the Old Man would not give up his darling project even though the dynamiters were at work in every street in London.

The only question is whether some provisions of the Coercion Act which are still unrepealed shall be put in force. That is a knotty point. Public opinion seems to demand it, but Mr. Gladstone's Irish allies will leave him at the first turn of the screw.

Those who hope to succeed Mr. Gladstone in command of the Liberal party would rather not be called upon to show their hands on this most unpleasant subject.

Typhus in New York.

NEW YORK, Jan. 3.—Five new cases of typhus fever were reported Monday, making 48 cases since Dec. 1. All were from 34 Bayard-street except one at Ward's Island. There are still 52 persons quarantined in the house. They will be kept there for three weeks.

Toronto Brakeman Maimed.

MERRITTON, Ont., Jan. 3.—Monday afternoon a brakeman on the G.T.R. slipped off a car and fell beneath the train. One of his legs was crushed. He was conveyed to the hospital, where the member was amputated at the knee. His name is Cecil Muerch of Toronto, and is a married man with a wife and two children.

For St. Vitus dance, and all nerve diseases, Dr. Butler's Golden Pills are a specific. If a speedy cure is not effected money refunded.

A MOB OF WRECKERS

They Smash the Windows of Two Buildings With Stones.

DUBLIN, Jan. 3.—A party of Parnellites at Kilrush, who were celebrating the New Year last night, became imbued with bitter political animosity after they had filled themselves with Irish whisky, and determined to wreak vengeance on their political enemies, the anti-Parnellites. They marched in a body to the rooms occupied by the Workmen's Club and made an attack with stones upon the building, smashing all the windows and doing other damage.

The mob gained fresh accessions while this attack was going on, and when a proposal was made to attack Temperance Hall it was received with shouts of approval. In a short time the latter building was in as bad a state of wreck as the Workmen's Club.

The police were absent and the mob attacked the residences of the town commissioners, who are supporters of Timothy Healy, and the houses of other men who have been active opponents of the Parnellites. Considerable damage was done. Towards morning the mob dispersed. Today a number of the rioters were arrested.

To Prevent Riots.

VIENNA, Jan. 3.—The municipal government has been so alarmed by the prospect of a demonstration by the 25,000 unemployed in the city that it has appointed many special policemen and ordered that extraordinary precautions be observed to prevent riots.

A Bright New Year.

LONDON, Jan. 3.—The Paris correspondent of The Daily News says: President Carnot received many enthusiastic greetings on his New Year journey and that no sign has appeared that his popularity is waning.
